

Lincoln Land Community College and DePaul University

Early Childhood Agreement

From Associate of Arts in Teaching: Early Childhood Education To Bachelor of Science in Early Childhood Education

Effective for four years for Lincoln Land students who begin the program in the following academic years:
2007-2008 or 2008-2009: all Lincoln Land courses must be completed and the student must transfer to DePaul within
four years of beginning at Lincoln Land.

Concentration course	4			
	16			16

Total: 99 Quarter Hours

From Associate of Arts in Teaching: Early Childhood Education To Bachelor of Science in Early Childhood Education

Page 2

Notes:

1. This agreement is subject to change if the State of Illinois teaching certification requirements change. Otherwise, the agreement will be honored for four years starting from and including the student's start year at Lincoln Land in 2007-2008 or 2008-2009.
2. The AAT degree at Lincoln Land completes the General Education Core Curriculum of the Illinois Articulation Initiative, also called the IAI. Per DePaul's IAI agreement, students need to complete any two Religious Dimension courses and two specified Philosophical Inquiry courses, the experiential learning requirement, and the capstone requirement. All course requirements are listed on the other side of this flyer.
3. Students are required to take 7 concentration courses in their DePaul program. 5 of these are listed in the DePaul schedule on the other side of this flyer. Two remain to be taken at either LLCC or DePaul. To choose a transferable concentration course, check the course equivalency guide between DePaul and Lincoln Land at: www.depaul.edu/transfercourses. Concentrations include but are not limited to following areas: Anthropology, Arabic, Art, Biology, Catholic Studies, Chemistry, Chinese, Communications, Economics, English, Environmental Science, French, German, History, Italian, Math, Philosophy, Physics, Political Science, Psychology, Religious Studies, Sociology or Spanish.
4. The Bridge Semester consists of the two additional concentration courses that must be taken to fulfill the requirements of the DePaul degree. A student may take these at DePaul, but that would result in the completion time for the degree taking longer than two years. Alternatively, a student may fulfill the concentration requirements before entering DePaul. Any courses in excess of the maximum 66 semester credits will still fulfill their respective requirements..
5. Student must pass competence test in Basic Technology Literacy, EDU 025 during first quarter at DePaul.
6. ECE 121, Introduction to Early Childhood at Lincoln Land, does not have an equivalent at DePaul, but as part of this agreement, it will be used to award one hour of transfer credit for ECE 093, the clinical experience portion of ECE 310 at DePaul. Students will be awarded one hour of transfer credit for ECE 121 taken at Lincoln Land.
7. Students must get a grade of C or better in all major and concentration courses. Additionally, to graduate from DePaul, the School of Education requires that students graduate with a cumulative GPA of 2.75 on a 4.0 scale. This GPA will be calculated on DePaul course work only.
8. Students must pass the Basic Skills test while enrolled at Lincoln Land. Basic Skills test information can be found on the Illinois Certification Testing System Web Site: http://www.icts.nesinc.com/IL_studyguide_opener.asp#basicSkills
9. To graduate, you must pass the Basic Skills test, the Content Area test, and applicable APT tests.
10. This 2-bridge-2 agreement was designed for entry into DePaul at the Fall quarter. Many of the Education courses are listed in the quarters that they are offered at DePaul, however, the courses may be taken in different quarters than indicated on the agreement.

The Bachelor of Science in Early Childhood Education at DePaul University
qualifies graduates for
Type 4 Certification in the State of Illinois (Birth-Grade 3.)
