

# DePaul University And Moraine Valley College Transfer Guide

Disclaimer: It is the student's responsibility to keep abreast of changes to the curriculum guides or equivalency dates. This guide does not show all transferable courses from this college. To see all transferable courses please visit the transfer course list on the DePaul website at: <http://www.depaul.edu/transfercourses> or contact Transfer Admissions at 312-362-5551.

## Introduction

### Two important points about these guides:

1. **This guide does not show all transferable courses from this college. To see all transferable courses please visit the transfer course list on the DePaul website at: <http://www.depaul.edu/transfercourses> or contact Transfer Admissions at 312-362-5551.**

2. **Information in this guide is subject to change. Please notice the effective dates and check the [www.depaul.edu/transfercenter](http://www.depaul.edu/transfercenter) web site to see if there have been changes made since the guide was printed.**

This Transfer Guide shows community college students how to choose classes at the community college so that when they transfer to DePaul, the classes will count toward their graduation requirements.

Each guide shows the DePaul Liberal Studies requirements (called General Education requirements at other colleges) for the majors in a college or school at DePaul, and then lists what courses at the community college have been approved to fulfill those requirements. The guides also show introductory or core course requirements in majors that can be taken at the community college. It is not required that student take core or introductory courses before transferring, they are listed to help in providing appropriate options when needed.

### For Undeclared Majors:

For students who still have not chosen their major, please notice that often the major at DePaul makes a difference in what is required in the Liberal Studies Program. Our best recommendation for undeclared students is that they follow the requirements of the IAI General Education Core Curriculum (IAI/GECC), a curriculum offered at all Illinois Community Colleges and one that DePaul accepts in a standard way, no matter what major you choose at DePaul. The IAI/GECC acceptance policy is included in this guide along with the Transfer Policies from the DePaul catalog.

### The Schools of Music and Theater at DePaul

The Theatre School and School of Music at DePaul welcome transfer applications, but few transfer students are admitted to either school. All music applicants and acting students must pass a stringent audition process, in which they need to demonstrate a high level of artistic proficiency and skill. Because much of the course work is sequential, applicants would begin in the fall of each academic year; mid-year applicants are not accepted. All courses in the major must be completed at DePaul, and most courses are offered throughout a four-year span; therefore, many transfer students will be at DePaul for an extended period of time. For more information, please contact the admissions offices of The Theatre School at (773)325-7917 and the School of Music at (312)325-7444.

### The School for New Learning at DePaul

The School for New Learning, or SNL, provides a unique approach to learning for adults. This competence-based curriculum asks students to show proof of competence in 50 cognitive areas. Those competence areas have been equated with community college courses to show how they transfer and that can be found on the DePaul web site at [www.depaul.edu/transfercourses](http://www.depaul.edu/transfercourses). SNL does accept the IAI/GECC as a package that meets many of those competence requirements. Read the IAI/GECC policy and the SNL web site to learn exactly how this would work. For more information, please contact the admissions offices of The School for New Learning at (312)362-8001.

### Glossary/Notes:

1. "Course" and "class" are used interchangeably throughout the guide so are "credit" and "hours". At DePaul, a course (class) can be offered at various levels of credit (hours) but is most typically 4 quarter credits. See **Transfer Policies** to learn how to convert semester credits to quarter credits.

2. When you see a course like this: ~~SPE 101~~ it means that the course does transfer but it cannot count in the category in the major or cluster of majors where the course is listed.

3. Liberal Studies Requirements = General Education Requirements.

- 1) DePaul divides its liberal studies (general education) into the First Year Requirements and the Learning Domains.
- 2) First year requirements are listed first in the guide, and typically have one course from the community college that matches the course required at DePaul.
- 3) The Learning Domains = categories of the Liberal Studies program. Usually, there are many choices at the community college to choose from to fulfill these categories. Some advice:

A. Notice how many courses are required in a Learning Domain (category)? This is different depending on the major at DePaul.

B. Also pay attention as to whether there are special requirements in a Learning Domain because of your major? Example, many majors require a special ethics course in the Religious Dimensions Learning Domain, like “The Computer and Social Responsibility.” Some majors insist on a lab science, whereas others will accept either a quantitative course or a lab science course.

The Learning Domains are:

- a) A&L Arts and Literature
- b) PI Philosophical Inquiry
- c) RD Religious Dimensions; Ethical Questions and Religious Traditions subcategories
- d) SI Scientific Inquiry; Quantitative, Lab, and Elective subcategories
- e) SSMW Self, Society and the Modern World
- f) UP Understanding the Past; several geographical subcategories

4. Major Clusters: a collection of majors in a college at DePaul that have the same distribution of courses required in the Learning Domains.

5. Please note the following **graduation requirement, which affects transfer of coursework in the senior year**: The (DePaul) student must have completed the residency requirement, i.e., he or she must have completed the following work at DePaul University: the final 60 quarter hours of credit; one-half of the credit earned in the major area of concentration; one-half of the credit earned in the minor if applicable; all courses in the senior year. (Source: the 2008 Student Handbook.)

6. There are limits to the amount of transfer coursework that can be applied to your degree. You may transfer a maximum of 66 semester hours/99 quarter hours from two-year institutions and a maximum of 88 semester hours/132 quarter hours from four-year institutions.

### DePaul University Transfer Policies

The following statements describe DePaul's transfer credit policies:

1. DePaul will accept for transfer credit baccalaureate-level courses completed at baccalaureate granting, US institutions fully accredited by one of the regional accrediting bodies of the Association of Schools and Colleges. DePaul will also accept transfer credit from tertiary level international institutions that are formally recognized by their country's ministry of education or its equivalent.
2. DePaul will accept for transfer credit college-level courses that are earned in Associate of Arts and Associate of Science degree programs at 2-year institutions fully accredited by one of the regional accrediting bodies of the Association of Schools and Colleges.
3. Course credit earned at 2-year accredited institutions in other degree programs, such as the Associate of Applied Sciences or Associate of Fine Arts degrees, will be reviewed for transfer credit on a course-by-course basis. When necessary, students will be expected to provide bulletin descriptions and course syllabi to facilitate the review process.
4. In general, courses presented for transfer from 2-year, regionally accredited institutions that are earned in a certificate or professional training capacity are not eligible for transfer credit. Examples of these programs include, but are not limited to: air conditioning, automotive technology, culinary arts, travel management, paralegal studies, fashion design, child care, electronics, and medical office assistant.
5. Developmental courses (for example, pre-college level courses in math or writing), whether from 2-year institutions or baccalaureate granting institutions, are not accepted for transfer credit.
6. Only courses with a grade of C- or higher will apply to the student's major.
7. Students transferring the equivalent of WRD 103 and/or WRD 104 must have received grades of C- or better in these courses in order to fulfill the Liberal Studies requirement.
8. If a student has attempted a course more than once, only the most recent grade will be used for credit review. All other attempts will be considered "repeats" and will transfer no credit. Transfer courses will be identified as repeats if they meet the following criteria:
  1. The same course (as identified by course title and number) is taken more than once at the same institution;
  2. Two or more courses taken at different institutions are evaluated as meeting the same objectives.
9. Credit by examination is acceptable, in some areas. See the Credit By Examination policy for details.
10. All credit taken at foreign institutions will be subject to review by the Office of International Admission for admission purposes to determine what courses are transferable to DePaul University. Students may be required to submit detailed course descriptions and syllabi (translated into English) to determine if credit taken at a foreign institution is transferable to DePaul University. *Failure to indicate attendance at a foreign institution prior to enrolling at DePaul University may result in denial of admission, dismissal from the University or ineligibility for graduation or the conferral of a degree.*
11. Any credit earned as part of one's military service through a regionally accredited institution will be reviewed on a course by course basis.
12. Transferrable courses taken more than ten years prior to DePaul admission will earn open-elective credit. However, due to rapid changes in some areas of study, such courses may not be applicable to the major or minor, subject to a review of course content by a faculty academic advisor or by a staff academic advisor in consult with faculty when deemed appropriate. All transfer credit taken at another institution while concurrently enrolled as a DePaul student are subject to approval by the student's college/school before transfer credit will be accepted. (See Supplemental Transfer Credit Form.)

Students may appeal to a "Transfer Credit Review Board" for one additional review of particular courses not accepted for transfer credit. Students who make such a request must be prepared to supply official course descriptions and course syllabi. The review of all transfer credit is subject to limitations in accordance with the educational policies of DePaul University.

**Transfer Credit Conversion:** DePaul University's academic calendar is based on the quarter system. College credit is accumulated on the basis of quarter hours. To convert credit hours from the semester system to the quarter system, multiply 1.5 (example: 3 semester hours x 1.5 = 4.5 quarter hours). The minimum number of hours required for graduation with a bachelor's degree is 192 quarter hours.

## **DePaul and the Illinois Articulation Initiative/ General Education Core Curriculum**

DePaul University participates in a state-wide agreement with over 100 colleges in Illinois that is aimed at making transfer predictable and smooth. The agreement is called the Illinois Articulation Initiative, or the "IAI".

DePaul participates in the General Education Core Curriculum of the Illinois Articulation Initiative *only* (DePaul does not participate in Phase Two, the Major Phase). Completion of the IAI General Education Core Curriculum, also called the IAI/GECC, at any participating college or university in Illinois ensures transferring students that most of the lower-division general education requirements at DePaul have been satisfied. For students transferring into DePaul's School for New Learning, see below. Students who have completed the IAI General Education Core Curriculum will still have to meet the following mission-specific requirements at DePaul: the Experiential Learning and Senior Year Capstone courses, two Philosophical Inquiry and two Religious Dimension courses that fulfill the Liberal Studies Program requirements.

If students have completed all or a portion of the philosophy and religion requirements, students should talk with their academic advisor at DePaul about what liberal studies program courses to take instead. Students not successfully completing the IAI/GECC will have their transfer courses reviewed on a course-by-course basis. This agreement is in effect for students entering an associate or baccalaureate degree-granting institution as first time freshmen in the summer of 1998 and thereafter.

The School for New Learning (SNL) is a unique college at DePaul with [degree programs](#) designed for adult learners. Beginning in Fall 2008-2009, policies were developed that help adult transfer students from Illinois community colleges who have completed the IAI/GECC package make a smooth transition into any of the SNL degree programs. The SNL curriculum can be individualized or students can pursue joint degrees that include courses from SNL and other colleges at DePaul. Learn about the SNL competence-based approach to learning that is particularly suited to adult learners seeking to complete their bachelor's degrees." Follow this link: [SNL EVENTS](#) to attend an SNL Undergraduate Information Session that will help you see how transferring into SNL with the IAI/GECC package can work for you, or contact the SNL Admissions office at (312) 362-8001.

Any other college-level courses that the adult transfer student has completed above and beyond the IAI GECC will be considered for transfer under normal SNL transfer course policies.

In the College of Liberal Arts and Sciences there are over 30 majors to choose from. This Transfer Guide shows the Liberal Studies Requirements per major by grouping majors together in clusters if they have the same number of courses required in the Learning Domain Categories. This is followed by a list of transferable courses from Moraine Valley that will fulfill these domains. Finally, a list of Introductory courses in the majors that have Moraine Valley equivalents are listed in the third part of the guide.

<b>A DePaul</b>	<b>B Moraine Valley</b>
