

One of DePaul University's 10 colleges, the School for New Learning (SNL) is internationally acclaimed as a leader in educating adults. SNL offers innovative competence- and course-based undergraduate and graduate degrees designed to meet the needs of working adults. SNL lets students combine the practical and the theoretical to satisfy their academic, professional and personal goals in an education that is self-directed.

## **Bachelor of Arts with an Individualized Focus Area**

**Personalized**—This competence-based degree program allows you to create a curriculum suited to your professional goals and personal interests. You can earn credit for what you have learned from prior course work, training, certifications and workplace learning. You can also design a unique focus of study with the help of your own committee of experts who help develop a plan to meet your goals and assess prior learning.

**Online and On-Campus**—You can complete your degree online, on-campus or through a combination of both. Campus-based courses meet evenings or weekends at DePaul's Loop, Naperville and O'Hare campuses. To learn more, email: [snl@depaul.edu](mailto:snl@depaul.edu).

## **Joint Degree Programs—Bachelor of Arts in Computing,**

### **Bachelor of Arts in General Business, Bachelor of Arts in Early Childhood Education**

SNL has partnered with three of DePaul's colleges to offer adult students competence-based degree program that combines the best of the SNL Liberal Arts education with a foundational framework in the areas of Computing, General Business or Early Childhood Education.

## **Bachelor of Arts in Decision Analytics**

Designed for working adults, the Bachelor of Arts in Decision Analytics has a strong industry orientation and provides students with the knowledge and skills they need for the jobs they hold today as well as those they might seek out tomorrow. Decision analytics is an interdisciplinary field dedicated to the collection, analysis and communication of complex and dynamic data sets. Students can fulfill program requirements by demonstrating what they already know from work and other life experiences so that they can focus on new learning.

## **Accelerated Degree Completion Majors (DCM)—**

### **Bachelor of Arts in Leadership Studies or Bachelor of Arts in Applied Behavioral Studies**

A student who has already earned an AA or AS degree can complete the BA in Leadership Studies or the BA in Applied Behavioral Sciences in 2 years. These degrees offer a schedule of courses that covers 93 of the required 192 quarter hours. Classes meet both on campus Tuesday evenings and online. Students will know their entire 2-year schedule from the start of their program. A DCM scholarship is also offered which lowers the tuition rate about 25%.
