Information regarding religious exemptions

A student may be exempted from the immunization requirements upon acceptance by the designated recordkeeping office of a written and signed statement by the student detailing the student's objection to immunization on religious grounds. The objection must set forth the specific religious belief that conflicts with the immunization. The religious objection may be personal and need not be directed by the tenets of an established religious organization. General philosophical or moral reluctance to allow immunizations will not provide a sufficient basis for an exception to statutory requirements. Please describe your objection below (attach another piece of paper if necessary):
