

College of DuPage – DePaul University, Driehaus College of Business Accounting

APPENDIX B

Associate in Arts to a Bachelor of Science in Business with a Major in Accounting

This program plan agreement is entered into by College of DuPage (COD) faculty and DePaul's Driehaus College of Business faculty for the purpose of providing guaranteed admission for select COD students. Specifically, COD students who successfully complete the Associate in Arts are guaranteed admission into DePaul University, College of Business Accounting degree program, provided that all current admissions standards, policies, and procedures of DePaul are met at the time of admission.

COD and DePaul University business faculty agree to the following:

COD and DePaul University faculty will collaborate and coordinate on course and program content to facilitate transfer and eliminate course duplication, in accordance with program and degree requirements of their respective schools.

COD program faculty agree to assist and advise all COD students enrolled in the Associate in Arts who desire to continue their studies toward the achievement of the Bachelor of Science in Business with a Major in Accounting, at DePaul University's Driehaus College of Business.

DePaul University faculty agree to accept all course credit completed at COD in accordance with the mutually agreed upon program plan recommendations below. Up to 66 semester/99 quarter hours of COD credit will be applied to the DePaul degree.

COD and DePaul faculty agree to periodically, minimally one time per year, review the course recommendations and to update and maintain them in keeping with current curricular requirements.

The faculty will inform the other college's program when changes to course, program, and/or degree requirements are made.

COD students must join DePaul's Admission Partnership Program (DAPP) to participate in this program to receive the benefits of this agreement. Through DAPP, students will be counseled and advised by both schools as to the courses to complete which will fulfill both associate degree and bachelor degree requirements. The program plan must be followed for students to receive maximum transfer credit towards the bachelor degree. The recommended courses provide the academic preparation and prerequisite requirements for the DePaul's Bachelor of Science of Business degree with a major in Accounting.

In order to retain current and dynamic curriculum course content, required courses and degree requirements are subject to frequent changes. DAPP provides the means to keep the students with the most up to date information about program requirements at both COD and DePaul University. Students who do not join DAPP will still be able to transfer to DePaul's B.S.B. in Accounting as regular DePaul transfer students. Students not participating in DAPP will be subject to changes in program requirements that take place at any point in their enrollment at COD.

DePaul Years

- DePaul College of Business recommends a new transfer student comes to the earliest DePaul orientation and initial advising appointment possible the term before transferring.
- For all majors: There can be movement of courses to different terms *as long as prerequisites are met*.
- DePaul College of Business recommends a new student make an academic advising appointments early in their first quarter at DePaul and at least 2 times per year.
- If a COD student performs well in ACCOU 2140 and ACCOU 2150 they might be eligible to take ACC 303 for *FREE* at DePaul in the summer before transfer. Students must be admitted to the Accountancy Transfer Honors Program at DePaul.
- For ACC majors starting in autumn, DePaul recommends attending the Accountancy major’s workshop in late August.
- DePaul Accountancy majors might take up to 18 credits per term to help earn extra credits required for CPA
- Internships are integral to an Accounting student’s plan. The School of Accountancy and MIS encourage and support students in their efforts to secure internship opportunities.
- Students often do accounting internships in summer or winter. Winter internships can alter the degree timeline. The School of Accountancy and Management information Systems (SOAMIS) recommends meeting with SOAMIS staff early in the first quarter at DePaul.
