DePaul University, founded on Judeo-Christian principles, continues to assert the relevance of these principles through higher education to our students. The University expresses these principles especially by passing on the heritage of St. Vincent DePaul: individual perfection manifested through purposeful involvement with other persons, communities and institutions. The School of Education manifests these principles in its purpose, and through its programs.

As an urban institution, the School of Education is committed to improving primary and secondary education in the metropolitan area and, in particular, in the city of Chicago. Framed within a commitment to promote and support diversity, the School of Education prepares all of its students to be "Urban Professional Multicultural Educators" who:

- Promote positive transformation
- Consider multiple perspectives
- Integrate inquiry, theory, and practice
- Exhibit Vincentian personalism
- Function as life long learners.

DEPARTMENTS OF TEACHER EDUCATION

DEPARTMENT OF TEACHER EDUCATION - Lincoln Park

The Teacher Education prepares Urban Professional Multicultural Educators through an integrated program of courses and field experiences. Programs offered are designed for the preparation of future educators. The programs of study center around our commitment to excellence in teaching in today’s diverse society through the investigation of significant educational issues, inquiry into student learning and effective teaching practices, and the use of technology in teaching and learning. We engage teacher candidates in critical reflection upon their practice throughout the program. We foster engagement in schools through our Professional Development Schools and other school and agency affiliations. Upon completion of the program, teacher candidates measure themselves against the values of our guiding conceptual framework through the completion of professional portfolios. Values that are part of this framework include: commitment to social justice, critical pedagogy, and positive educational transformation within the context of a Vincentian personalism that honors the dignity of each person.

The Department of Teacher Education at the Lincoln Park Campus offers the following undergraduate programs:
- Bachelor of Science in Early Childhood Education
- Bachelor of Science in Elementary Education
- Bachelor of Science in Physical Education
- Bachelor of Arts in Secondary Education: English, Geography, History, Mathematics, Modern Languages, Social Science, and Visual Arts.
- Bachelor of Science in Secondary Education: Biology, Chemistry, Computer Science, Mathematics, and Physics.

DEPARTMENT OF TEACHER EDUCATION - Barat (Lake Forest) Campus

The Teacher Education Department on the Barat Campus prepares Urban Professional Multicultural Educators through integrated theory and practice programs of courses and field experiences. Programs offered are designed for the preparation of future educators as well to provide for the professional development needs of today’s educators. The programs of study center around our commitment to excellence in teaching in today’s diverse society through the investigation of significant educational issues, inquiry into student learning and effective teaching practices, and the use of technology in teaching and learning. The practitioners and teacher candidates are engaged in critical reflection upon their practice throughout the program. We foster engagement in schools through our experience-based collaboration with public and private schools and agency affiliations. Upon completion of the program, teacher candidates measure themselves against the values of our guiding conceptual framework through the completion of professional portfolios. Values that are part of this framework include: commitment to social justice, critical pedagogy, and positive educational transformation within the context of a Vincentian personalism that honors the dignity of each person.

The Department of Teacher Education at the Barat (Lake Forest) Campus offers the following undergraduate programs:
- Bachelor of Science in Elementary Education
- Bachelor of Arts in Secondary Education: English, History, Mathematics, Social Science
- Bachelor of Science in Secondary Education: Biology and Mathematics
- Bachelor of Science: Special Education (Learning and Behavior Specialist I).

SCHOOL OF MUSIC

The School of Music, in collaboration with the School of Education, offers the following programs:
- Bachelor of Music
GENERAL INFORMATION
ACCREDITATION
Teacher preparation programs at DePaul University are fully approved by the Illinois State Board of Education. Furthermore, the School of Education is accredited by the National Council for Accreditation of Teacher Education (NCATE).

ADMISSION
ADMISSION TO THE UNIVERSITY
Candidates interested in admission to the School should direct all inquiries to the Office of Admission, DePaul University, 1 East Jackson Boulevard, Chicago, Illinois 60604. Telephone (312) 362-8300; e-mail admitdpu@depaul.edu. The Office of Admission will provide each candidate with the required forms and instructions for filing the application. A nonrefundable application fee of $25.00 is required of each applicant. For further information on the regulations and procedures governing admission, consult the Handbook for Undergraduate Studies at the end of this Bulletin.

ADMISSION TO THE SCHOOL OF EDUCATION/PROFESSIONAL EDUCATION UNIT
Students who have been admitted to the University may declare an education major and are admitted as pre-education students. Those who meet additional requirements are eligible to apply for full admission to one of the Teacher Education programs. A separate application process is required. Additional requirements include:

- Have a 2.75 grade point average in 28-32 credit hours of college work
- Pass the Illinois Basic Skills Test
- Pass the SOE basic computer competency assessment
- Pass ISP 120 (Quantitative Reasoning) or document the math/science exemption
- Submit three satisfactory evaluations of the student’s content area knowledge
- Submit one satisfactory evaluation of the student’s skills and attitudes in working with children and youth.

There is no time limit to meet the criteria for full admission to one of the teacher preparation programs; however, students may take only a limited number of pre-education classes until they have done so. Student may continue to take Liberal Studies courses. These criteria apply to all new School of Education undergraduate students whether they begin as first year, transfer, re-admitted or inter-college transfer students. Music Education majors should consult the School of Music for requirements.

Students who already hold a Bachelor’s Degree from an accredited institution and wish to meet teacher certification requirements should contact the School of Education at (773) 325-7740 to inquire about options at the graduate level.

ACADEMIC ADVISORS
The School of Education provides academic advisors who are responsible for the initial interviewing and counseling of all undergraduate students. New students should meet with an advisor to plan their academic program, since requirements for certification are complex. It is the responsibility of the academic advisor to assist new students with the planning and selection of courses in order to ensure academic progress toward graduation and certification in a timely fashion. It is the responsibility of new students to familiarize themselves with all program requirements, keep track of their progress, and meet application deadlines.

SCHOOL OF EDUCATION GENERAL PROGRAM REQUIREMENTS
COMPETENCE IN MODERN LANGUAGE REQUIREMENT
Students who intend to graduate with the Bachelor of Arts degree will be required to demonstrate competence in a modern language. Such competence may be demonstrated in one of several ways: by successful completion of two years of high school course work in a modern language, by achieving a score of 3 or higher on the Advanced Placement test, by a
satisfactory score as determined by the Modern Language Department on the CLEP examination, or by taking appropriate course work. Note that CLEP scores may be used only to meet the language requirement. Credit is not awarded in modern languages on the basis of CLEP scores. Students who are required to do course work must demonstrate modern language competence equivalent to a complete introductory sequence (101-102-103). Students with some modern language training should consult with the Modern Language Department about the course with which they should begin. Students with little or no previous work in the language will be required to complete the entire three-course introductory sequence. B.A. students who meet this requirement and wish to pursue further work in the language may elect the Modern Language Option of the Liberal Studies Program. While B.S. students are not required to demonstrate competency in a modern language, the Modern Language Option is available to them for language study at any level.

LIBERAL STUDIES PROGRAM

The student’s course of study in the Liberal Studies Program is part of the undergraduate program devoted exclusively to liberal education. Students must take a set of Liberal Studies Core courses as well as courses in six Liberal Studies Domains. The program seeks to balance and, when necessary, augment the student’s course of study in the major field. All students in the School of Education are required to complete 76-80 quarter hours of liberal studies course work. Except for LSE 380, education students may not take education courses to fulfill liberal studies requirements. For more information concerning the purpose and curriculum of the Liberal Studies Program consult the Liberal Studies section of the Bulletin. Only designated course may be taken for Liberal Studies credit. Log on to Campus Connection and use the Liberal Studies drop-down box when selecting courses for the Learning Domains. Academic advisement is an integral part of the Liberal Studies Program and necessary to the integration of the program with the requirements of the student’s major field. The number and distribution of the required Liberal Studies course work is incorporated below under Professional Education Program Requirements.

Modern Language Option Within the Liberal Studies Program

Students who wish to study a modern language, either for their own interest or for the requirements of their major field, may be able to substitute a three-course sequence in a modern language for two courses in two different domains except Scientific Inquiry. Interested students should contact an advisor for information concerning the regulations and procedures governing the exercise of the option. Courses will be applied in consultation with a School of Education advisor.

PROFESSIONAL EDUCATION
Educational Foundations Courses: 4 quarter hours required
• SCU 336 or Human Growth & Development or SCU 337 Adolescent & Adult Growth & Development
**Physical Education Foundation:** 32 quarter hours required
- PE 341 Historical & Philosophical Foundations in PE
- PE 346 Management of Sports & PE
- PE 351 Kinesiology
- PE 352 Physiology of Exercise
- PE 360 Education, Psychology & Measurement of Learning
- PE 362 Fitness Testing, Assessment, & Prescription
- PE 374 Adapted Physical Education
- PE 390 Psycho-Social Aspects of Sport & Physical Activity

**Physical Education Internship:** 12 quarter hours required
- PE 380 (12qh) Internship in Fitness

**OPEN ELECTIVES**

**Open Electives:** 12 quarter hours are required
- Any course not used for another degree requirement can fulfill open electives.

**Minor Sequences in Physical Education, Coaching, & Health Endorsement**
In addition to these major concentrations of study, there are sequences of courses, which could lead to minors and/or endorsements in Physical Education, Training, Coaching, and Health. The programs outlined below are intended for the student who desires to develop a second teaching area in physical education.

**Physical Education minor sequence**
Activity: PE 111, 121, 151; and two courses from 181, 182, 183, 185, 186 or 187.

**Coaching minor sequence**

**Health minor (leading to a teacher endorsement)**
Theory: PE 206, 273, 302, 304, plus five additional courses to meet state requirements (see advisor).

**PROGRAMS IN SECONDARY EDUCATION (SE)**
Programs in Secondary Education leading to the Bachelor of Arts degree and certification in grades 9-12 include English, French, Geography, German, History, Japanese, Mathematics, Social Science, Spanish, and Visual Arts. Programs in Secondary Education leading to a Bachelor of Science degree and certification in grades 9-12 include Biology, Chemistry, Computer Science, Mathematics, and Physics. Programs require 192-208 quarter hours for BA or BS degree depending on content area.

Note: Certification can be extended to Middle School grade levels (5-8) by taking SCU 339.

**SECONDARY EDUCATION BIOLOGY ~ 208 quarter hours required for BS degree**

**FIELD AND CLINICAL EXPERIENCE REQUIREMENTS**

Each teacher preparation program requires field experiences and clinical practice (student teaching.)

**Field Experiences**
Each student seeking certification from the School of Education/Professional Education Unit must complete supervised field experiences in appropriate settings in conjunction with education courses. The field experiences comprise a minimum of 100 clock hours, and must include and a variety of grade levels, multicultural experiences, and a minimum of 10 hours in special education settings. All field experiences must be completed prior to final approval for student teaching or internship. Students register for the appropriate field experience course(s) (SCU 095, or ECE 091, 092, 093, 094) only once.

**Student Teaching (Clinical Practice)**
Student Teaching is the culminating clinical experience in the student’s program. All students in teacher preparation programs must meet the following requirements before applying for student teaching:

**Academic Requirements:**
• Completion of all Liberal Studies requirements.
• Completion of all education courses with a grade of C or better.
• Cumulative G.P.A. of 2.75 or better.
• Meet all other program requirements (e.g., modern language and residency requirements)
• Meet designated program standards
• Pass the relevant Illinois Content Area Test

**Clinical Requirements:**
• Completion of all required field experiences
• Three satisfactory evaluations in field experiences
• Three satisfactory faculty recommendations
• Review and approval by Student Teaching Committee of the School of Education.

CERTIFICATION REQUIREMENTS
In addition to the requirements described above, the state of Illinois places additional requirements on students seeking certification.

State Tests
The Illinois State Board of Education requires that a candidate for certification pass three tests:
• Test of Basic Skills
• Test of Content Area Knowledge
  • Assessment of Professional Teaching
Passage of the basic skills test is also a requirement for admission into the School of Education. Passage of the content area knowledge test is also a requirement for admission into student teaching. After October, 2003, the Assessment of Professional Teaching is required for state certification.

Application for Certification
School of Education programs lead to state teacher certification. However, certification is not automatic upon completion of a program. In addition to meeting all program requirements, and passing all required state tests, the student must apply for certification. Forms and procedural information are available in the School of Education Office.

MIDDLE SCHOOL ENDORSEMENT REQUIREMENTS
According to State of Illinois certification guidelines, both Elementary and Secondary education students who wish to teach in a departmentalized middle school setting (grades 5-8) must meet three criteria:
• Complete at least 18 semester hours in a content area that is taught in middle grades. All secondary education majors have at least one content area based on their secondary education requirements. Most elementary education majors will have at least one content area based on their concentration requirements. We strongly recommend that you speak with your advisor about possible endorsement areas at your initial advising appointment.
• Complete at least 3 semester hours in middle school methodology. All students have met this requirement through the DePaul education courses. No additional course work is needed to meet this requirement.
• Complete a course in middle school philosophy and/or psychology. This course, SCG 439, Philosophy & Psychology of Middle Level Education, is an additional course in the program. If SCG 439 is added, it is strongly recommended that it be completed prior to student teaching.

Middle school endorsements are only applicable to Elementary and Secondary Education students. Early Childhood majors are not eligible to teach in the middle grades. Students who do not choose to earn a middle school endorsement will generally be restricted in the grade levels they can teach. Elementary education majors will normally be eligible to teach in K to 4 only; Secondary education majors will be eligible to teach in grades 9 to 12 only.

SPECIAL COURSES AND COURSE SEQUENCES
The School of Education offers the following planned sequences of courses for undergraduates: Coaching, Physical Education, and Health Education.

For students interested in pursuing general studies in education, courses are offered in Liberal Studies in Education exploring such relationships as social justice and education, education in
literature, and the politics of education. All students are invited to enroll in these Liberal Studies in Education courses.

Undergraduate students who have completed all the necessary course requirements for the bachelor's degree may enroll for courses at the graduate level. To enroll in graduate courses, undergraduate students must have the written permission of the Department Chair.

TEACHER CERTIFICATION FOR COLLEGE GRADUATES

The School of Education offers an opportunity for graduates of accredited colleges and universities to prepare for a career in teaching in early childhood, elementary, and secondary education. Students may pursue certification through one of two options; one option combines certification with a Master's degree in Education, and the other concentrates solely on certification. Successful completion leads to a teaching certificate for the State of Illinois in the area of the student's specialization.

All candidates in these graduate level programs must have completed an academic program that parallels the liberal studies program at DePaul University. Candidates for the secondary education program must also have completed an academic program that parallels the DePaul teacher education program requirements in their selected area of content for teaching (English, History, Mathematics, etc.). No student will be permitted to student teach until all general education, content area, and professional education courses are completed. In addition, the Illinois State Board of Education requires certification candidates pass a test of basic skills, a test of content area knowledge, and (after October 2003) an assessment of professional teaching.

ADVANCED GRADUATE PROGRAMS

The School of Education offers the following advanced programs for professional educators who wish to earn a master's degree. For further detail, please consult the DePaul University Graduate Bulletin.
