The Theatre School - Undergraduate Studies General Information About

About

The Theatre School is the Midwest's oldest theatre conservatory. Founded as the Goodman School of Drama in 1925, the school carries on a 78-year history as a leading drama school in the United States. The conservatory format provides for an intensive, highly disciplined training program. The central core of the program is an extensive production-oriented approach. The School produces more than 150 public performances each season for an audience of more than 50,000 people, featuring students in every aspect of the production. Programs of study are offered in acting, scene design, costume design, lighting design, theatre technology, costume technology, production management, playwriting, dramaturgy/criticism, theatre management, and general theatre studies. Graduate programs are offered in acting and directing. The objectives of the professional curricula are to prepare the student for creative participation in any form of theatre requiring a high level of technical competence, to provide the student with the aesthetic and cultural background requisite to an understanding of his/her art and of the world in which he/she works, and to develop the specific skills and disciplines necessary for competence in the students area of specialization.

Each Theatre School course builds and expands upon its predecessor. When the program is complete, the student will have been exposed to the necessary artistic tools and shown their proper usage in order to realize his or her goals. In addition, liberal education requirements are incorporated into all of the school's programs so that the student may practice his/her craft with an awareness of history, literature, philosophy, and current and past cultural and social events.

Advanced students in the Theatre Studies and Design and Technical programs enhance their training experience by completing internships at local and national organizations. Internships have been conducted at the Brooklyn Academy of Music, Metropolitan Opera, Seattle Opera, Goodman Theatre, Guthrie Theatre, Arena Stage, Playwrights Horizons, the David Letterman Show, Chicago Shakespeare Theater, Disney Theatricals, Alabama Shakespeare Festival, Fox Theatricals, Oregon Shakespeare Festival, Berkshire Theatre Festival, The Second City, and Steppenwolf Theatre Company, among numerous others.

Further information about The Theatre School is available via the Internet at the school's web site, located at http://theatreschool.depaul.edu.
Facilities

The Theatre School buildings are located at 2130 and 2135 North Kenmore Avenue on DePaul’s Lincoln Park Campus. In addition to housing most Theatre School classes, the buildings provide rehearsal rooms, design studios, shop facilities, script library, sound design studio, CAD lab, computer lab, and faculty and staff offices. The buildings are minutes from downtown Chicago by elevated train, bus or car. DePaul’s historic Merle Reskin Theatre, built in 1910 and formerly called the Blackstone Theatre, was purchased from the Shubert Organization in 1988 and renamed for a major donor in 1992. It provides The Theatre School with a professional-standard, state-of-the-art theatre facility to match the professional standards of the schools training and productions. The public productions of The Theatre School Showcase and Chicago Plays are fully realized at the Merle Reskin Theatre. Students begin their training as part of the backstage and house crew, allowing them hands-on experience in all components of the theatre profession. The theatre is also shared with several not-for-profit arts organizations in Chicago and an occasional feature film company, exposing Theatre School students to a broader view of the entertainment industry. The DePaul Merle Reskin Theatre is located in the South Loop in the heart of the city. For the past several seasons the school has been producing the new director's series and several workshop productions in off-Loop theatres such as the Victory Gardens Studio Theatre and the Athenaeum Studio Four so as to connect the work and the students more directly to the theatres themselves and their audience base. The Theatre School is situated in the center of Chicago’s world renowned theatre community. Neighboring theatre and performing arts companies include the Steppenwolf Theatre, Victory Gardens Theater, Royal George Theatre, Apollo Theatre Center, and the Theatre Building. The Merle Reskin Theatre is located within the city’s exploding Loop theatre scene, which includes the historic and fully restored Chicago, Oriental (Ford Center for the Performing Arts), Shubert, Cadillac Palace, and Auditorium Theatres as well as some of the city’s leading regional theatres such as the new Goodman Theatre and Chicago Shakespeare Theater. The schools location and tradition make possible contact with innovative professional theatres, a resource unparalleled between the two coasts. The vastly increasing film and television industries in Chicago offer further training possibilities.
Faculty and Staff

In keeping with the school's concept of the dual importance of theory and practice and of producing a superior quality of instruction, The Theatre School's faculty and staff are highly qualified, both professionally and academically. The faculty is regularly supplemented by accomplished working professionals. In addition, visiting artists and professionals appear in our guest speaker series, CHICAGO LIVE: THE ARTS. Among them have been playwright David Mamet; actresses Celeste Holm, Florence Henderson, and Julie Harris; actors Rip Torn, Charles Durning, Ray Liotta, Jonathan Pryce, Brian Dennehy, and Laurence Fishburne; Chicago's nationally known Steppenwolf Ensemble including John Malkovich, Jeff Perry, and Gary Sinise; the late comedian Avery Schrieber; director JoAnne Akalaitis, Anne Bogart, Frank Galati, and Paul Sills; and alumni Gillian Anderson, Joe Mantegna, John C. Reilly, and Kevin Anderson, among scores of others. In addition, master classes have recently been conducted by Oscar-winners Faye Dunaway and F. Murray Abraham.

Admission

Candidates interested in admission to any of the undergraduate or graduate programs of The Theatre School should contact The Theatre School Admissions Office at (773) 325-7999 or (800) 4DEPAUL (Extension 7999), or via email at theatreadmissions@depaul.edu. The office will provide each candidate with detailed instructions for the application and audition/interview process.

Theatre applicants are responsible for scheduling their own audition (for acting) or interview (for all other majors), which can be done on The Theatre School's website: http://theatreschool.depaul.edu. If, for any reason, an applicant is unable to reserve a slot online, he or she should contact The Theatre School Admissions Office directly.

The Theatre School only admits students for entry into Autumn quarter each year. Enrollment in each area of concentration is limited by strict capacities. In all of The Theatre School's programs, students are evaluated annually by the faculty and formally invited to continue into the subsequent year. The evaluation, a professional and confidential process, is based on four key elements: discipline, collaboration, professional potential, and progress in the program. For more information about the School's policies about admission, retention, evaluations of students, invitations to return, and related matters, please see The Theatre School website at http://theatreschool.depaul.edu/.
Throughout the more than seventy years of its existence, the basic concept of The Theatre School has been intensive classroom instruction integrated with extensive production experience. All students enrolled in The Theatre School have continuing opportunities for practical theatre experience through the school's intensive production program. Students also participate in the Workshop and Introduction to Performance presentations mounted for student and faculty viewing. Advanced technical and design students fulfill technical and design assignments in all aspects of the production season. Incoming students rotate through crew work on productions. Theatre Studies and Design/Tech students further their practical experience through internships and independent projects. These assignments are designed to expose them to the many components of a stage production.
Theatre Studies Minor

A minor in Theatre Studies requires the completion of 24 Theatre School credits of the student's choosing, based on the list below. Students from outside The Theatre School may take the following classes at their home college tuition rate:

- Performance Workshop PRF 290 (Fulfills LS Arts & Lit domain)
- Advanced Performance Workshop PRF 380 (Arts & Lit)
- World of Theatre THE 100 (Arts & Lit)
- Drama On Stage THE 200 (Arts & Lit)
- Dramatic Theory: Tragedy PHL 381
- Dramatic Theory: Comedy PHL 382
- Stage Direction for Non-Majors THE 242 (Arts & Lit)
- Dramatic Writing THE 244 (Arts & Lit)
- Stage Design for Non-Majors THE 246 (Arts & Lit)
- Seminar: Topics in Dramatic Literature THE 434, 435, 436 (Arts & Lit)

On occasion, Theatre Studies minors may take Theatre Studies (THE) classes not listed above.* Availability of those courses is dependent on space available in the class, completion of appropriate prerequisites and permission of the instructor, which the student must obtain in order to enroll. Classes in the acting program (PRF) are not open to students pursuing a minor.

Students pursuing a minor who are approved to take Theatre School courses not on this list will be charged the part-time, per-credit Theatre School tuition rate for those classes.

Students interested in pursuing a Theatre Studies minor may contact the Theatre School college office by emailing TTSAcademics@depaul.edu, or calling 773.325.4786.

Additional information about the Theatre Studies minor can be found here.

*If approved by instructor, any Theatre Studies (THE) course may be applied towards completion of the minor.

### Quantitative Reasoning and Technological Literacy:

Readiness for LSP 120 is determined by the math placement test taken online after admission. Students may need to take developmental coursework prior to LSP 120. The LSP 120 requirement may be waived by credit already earned for advanced math coursework or by passing a dedicated proficiency exam. Students who complete both LSP 120 and LSP 121 take one less Learning Domain course. Students may not apply the course reduction to any Domain where only one course is required, and if taken within the SI Domain, the reduction cannot be applied to the SI Lab requirement.

### Note:

Courses offered in the student's primary major cannot be taken to fulfill LSP Domain requirements. If students double major, LSP Domain courses may double count for both LSP credit and the second major.

In meeting learning domain requirements, no more than one course that is outside the student's major and is cross-listed with a course within the student's major, can be applied to count for LSP domain credit. This policy does not apply to those who are pursuing a double major or earning BFA or BM degrees.

XI. Theatre Arts Major

In addition to the major requirements listed below, students are responsible for completing the Liberal Studies requirements outlined here.
Newly admitted Theatre Arts majors are automatically placed in the standard Theatre Arts curriculum, which includes all core and elective requirements for the B.F.A. degree in Theatre Arts. After completing a minimum of two quarters of study at The Theatre School, students have the option of choosing a concentration in either Theatre for Young Audiences (TYA) or Directing.

With respect to the core and elective requirements, students who do not declare a concentration remain in the standard Theatre Arts curriculum, which includes successful completion of all core requirements plus six elective courses in theatre (24 credit hours), chosen in consultation with the students advisor. The requirements for those students who declare a concentration in either TYA or Directing include successful completion of all core requirements plus eight courses (or 32 credit hours) to fulfill the requirements of the concentration.

TYA and Directing Concentration information can be found here.
