</table>
The Master of Accountancy Program provides students with advanced skills in accounting in areas of high
demand such as fraud/forensic accounting, systems, and auditing. The program also provides students the
opportunity to pursue a graduate degree while fulfilling the additional hours needed to sit for the C.P.A. exam.

The program consists of 11 courses. The core provides students with advanced courses that provide
competencies that are highly valued by the profession. The set of electives allow students to pursue individual
paths based on each student's prior coursework and career aspirations. Students can choose to pursue a
concentration in Forensic Accounting and/or Internal Auditing. In addition, students can take courses that
prepare them to succeed on the C.P.A. examination.

Only students with an undergraduate degree in business with a major in accounting, or business with at least 24
semester hours in accounting coursework and director approval, are eligible for admission to this program.

Admission Information

Applicants must possess the equivalent of a bachelor's degree from a regionally accredited institution. A
prospective graduate student is expected to present a superior overall previous academic record and an above
average total GMAT score (or GRE score where appropriate) including high achievement on the verbal,
quantitative, and on the analytical writing assessment. The examination must have been taken no earlier than
five years prior to the date of admission to the program.

Other factors, such as work experience and career progression, are also important and will be considered by the
Admissions Committee. All applicants are required to submit two professional letters of recommendation as well
as a current resume.

All prospective students are welcome to arrange a meeting with an admissions counselor. Please phone the
graduate school office for an informal appointment. Interviews are not required as part of the admissions
process for the part-time M.B.A. program, but may be requested by the Admissions Committee. Interviews for
the full-time M.B.A. and weekend M.B.A. programs are on an invitation-only basis. Once a completed application
has been received, a preliminary review is completed and selected candidates are invited to interview.

Each applicant is considered on an individual basis. The full-time and weekend M.B.A. programs do have limited
enrollments, but for the other graduate business programs there currently is no predetermined limit to the
number of students who can be admitted. Thus, for these programs, all students who are judged eligible by the
Admissions Committee will be invited to matriculate.

Graduate Management Admission Test (GMAT)

To be considered for admission as a degree seeking student, an applicant will be required to submit a score from
the Graduate Management Admission Test (GMAT). GMAT information including dates, a list of test centers, and
applications for the exam may be obtained at www.mba.com or by contacting Pearsonvue at 1-800-717-4628.
The GMAT score report must come directly from Pearsonvue. A test taken more than five years prior to the date
of application is not considered valid for admission purposes and would have to be retaken. An exception may
be made for individuals who hold a doctoral or other terminal degree awarded by an appropriately accredited
institution. An exception may also be made for fully certified CPA's applying to the Master of Science in Taxation
program. Applicants to the Master of Science in Human Resources Management and the Master of Science in
Economics and Policy Analysis may submit either a GMAT or GRE (Graduate Records Examinations) score. As
with the GMAT, GRE scores are valid for five years.

Application Deadlines

For the day MBA program (Full-time):
Admission to the Day M.B.A. program is competitive and is limited to the Autumn Quarter. There are three application rounds, with deadlines of February 1, April 1 and July 1. Application review begins in January, and you are encouraged to apply as early as possible. Decisions are mailed on an ongoing basis beginning in January, and applicants should expect to receive an admission decision approximately 4 weeks after their application becomes complete.

Applicants who wish to be considered for scholarships and graduate assistantships should apply during the first two application rounds. These awards are generally not available to applicants who apply after April 1.

Late applications submitted after the final July 1 deadline may be considered if space remains available in the incoming class.

**For the weekend MBA and MS in Economic Policy Analysis programs:**

Applications must be submitted by July 1st. Applications received after July 1st will be considered on a space available basis.

**For all other graduate business programs:**

Applications must be submitted by:

- July 1st for the Autumn Quarter
- October 1st for the Winter Quarter
- February 1st for the Spring Quarter
- April 1st for the Summer Quarter

Applicants educated outside the United States must submit their applications one month prior to the above deadlines.

**Transcripts**

Degree seeking applicants must present official transcripts from each junior college, college, and university attended (even if only for one course) including DePaul University, if applicable. Credits transferred and posted on the record of a second school do not constitute an official transcript of the original school. Transcripts that are already on file as part of a student record in another College Office at DePaul may be required to remain there and in that case cannot be transferred to the Graduate School of Business Office.

Applicants should write to the Registrar of each school attended, requesting that an official transcript be sent to the student. Once all of the transcripts have been received applicants should submit them to the graduate school office in their original envelopes with the applicant's name, date of birth and program of interest noted on the envelope. We will then add the transcripts to the applicant's admission file.

An applicant who is still taking courses or completing a program at the time he/she submits an application to the Graduate School of Business will not receive full admission until a final and official transcript listing the degree awarded has been submitted to the Admissions Committee. Please see Conditional Admission and Non-degree Status for more information regarding admission prior to posting of an undergraduate degree.

**Readmission**

A student previously admitted who has been absent from DePaul for one year or longer must complete the application form and submit a transcript of any courses taken elsewhere during his/her absence. A student must submit a written explanation of his/her absence from the program and an updated resume. A $30 application fee is required.

If the original application has been destroyed (after an absence of two years), the student may be required to complete a new application in full.

**Special Instructions for International Applicants**

**Educational Credentials For International Students or Programs**

Applicants must submit transcripts from all colleges and universities attended, including those attended but from which no credit was earned. Exceptions may be permitted for study-abroad credit when that credit is clearly defined and displayed on the home institution transcript. Applicants with non-U.S. educational credentials for Winter term 2012 and beyond are required to submit their official educational credentials (e.g., transcripts, mark sheets, degree certificates, graduation diplomas) and evaluation fee directly to one of the three evaluation companies below:
Educational Credential Evaluators, Inc.  
Educational Perspectives  
One Earth International Credential Evaluation

These evaluators will then provide DePaul with a general evaluation of their studies and certified copies of their international educational credentials which will be used during admission review. Please direct any questions about required credentials to the evaluation company you have selected and not to the Kellstadt Graduate School of Business. DePaul will not accept evaluations from any other evaluation companies and will not accept any educational credentials without an evaluation from ECE, EP or One Earth.

English Proficiency

Non-native English speakers who have not completed a bachelor's or master's degree in the United States should submit scores from a recognized English proficiency test. The Kellstadt Graduate School of Business accepts results from TOEFL, IELTS and the Pearson Test of English (PTE).

Degree Requirements

Course Requirements

To complete the Master of Accountancy degree, 11 courses are required. Students may not take graduate courses in subjects already completed as part of their undergraduate degree. Please consult with an academic advisor for clarification.

Students must complete the following five required courses:

- ACC 535 ACCOUNTING SYSTEMS (CROSS-LISTED AS ACC 610)
- ACC 536 INTERNAL AUDITING & CORPORATE GOVERNANCE
- ACC 798 SPECIAL TOPICS: Detecting and Investigating Financial Fraud
- MGT 798 SPECIAL TOPICS: Project Management and Leadership
- ACC 640 ACCOUNTING THEORY AND POLICY FORMULATION (5 Qtr. Hours)

Students must complete six electives from among the following:

- ACC 645 FORENSIC AND INVESTIGATIVE ACCOUNTING
- ACC 798 SPECIAL TOPICS: Advanced Topics in Forensic Accounting
- ACC 798 SPECIAL TOPICS: IT Auditing
- ACC 503 ACCOUNTING INFORMATION SYSTEMS AND AUDITING
- ACC 502 ADVANCED MANAGEMENT ACCOUNTING
- ACC 599 GRADUATE SEMINAR IN MANAGEMENT ACCOUNTING
- ACC 552 LEGAL AND ETHICAL ENVIRONMENT OF ACCOUNTING PRACTICE
- ACC 558 TAX RESEARCH
- ACC 580 ACCOUNTING FOR INCOME TAXES
- ACC 545 ADVANCED TOPICS IN ACCOUNTING THEORY
- ACC 548 TAX TREATMENT OF INDIVIDUALS AND PROPERTY TRANSACTIONS
- ACC 550 ADVANCED TOPICS IN AUDITING (CROSS-LISTED AS ACC 620)
- ACC 551 TAX TREATMENT OF CORPORATIONS AND PARTNERSHIPS
- ACC 798 SPECIAL TOPICS (with approval)

Concentrations

Two optional concentrations are available to students in this program by taking these combinations of electives from the above list.

Forensic Accounting

- ACC 798 SPECIAL TOPICS: Detecting and Investigating Financial Fraud
- ACC 645 FORENSIC AND INVESTIGATIVE ACCOUNTING
- ACC 798 SPECIAL TOPICS: Advanced Topics in Forensic Accounting
Internal Auditing

- ACC 536 INTERNAL AUDITING & CORPORATE GOVERNANCE
- ACC 798 SPECIAL TOPICS: IT AUDITING
- ACC 503 ACCOUNTING INFORMATION SYSTEMS AND AUDITING

A minimum of 45 graduate quarter hours are required for the M.Acc. degree. The minimum course requirements for the M.Acc. degree include the satisfactory completion of 11 classes, including the six required courses, or approved substitutes, plus five courses from an area of emphasis as approved by the program administrator.

Time Requirement

All courses for credit toward the degree must be completed with satisfactory grades within six calendar years after the candidate’s first term of enrollment in the Kellstadt Graduate School of Business. After a lapse of six years a course is expired. An expired course is not acceptable for the purpose of satisfaction of degree requirements and is not applicable to the degree without the written permission of the program director or the Kellstadt Graduate School of Business.

Accountancy (MS)

The Master of Science in Accountancy offers students without an undergraduate Accounting degree the chance to obtain the competencies, skills, and abilities necessary for an accounting career. It is offered through the School of Accountancy and Management Information Systems, whose alumni form one of the largest accounting networks in Chicago. The school’s full-time faculty includes nationally and internationally known authors, scholars and researchers; it considers teaching and scholarship to be equally important to its mission.

Individuals with an M.B.A. degree or students currently enrolled in the M.B.A. program may have up to seven of their M.B.A. courses count toward the requirements of the M.S. in Accountancy degree. The exact number of courses that can be double-counted, or waived as a result of previous course work, depends upon the specific content of the coursework and how recently it was completed.

The Master of Science in Accountancy will prepare you for a career in accounting by giving you

- A formal integrated sequence of courses which emphasize topics that are relevant to the work of a professional accountant, including the competencies required for successful preparation for the CPA Examination, and
- A core of business classes that allow you to understand other business disciplines and their relationship to accounting issues.

Admission Information

Applicants must possess the equivalent of a bachelor's degree from a regionally accredited institution. A prospective graduate student is expected to present a superior overall previous academic record and an above average total GMAT score (or GRE score where appropriate) including high achievement on the verbal, quantitative, and on the analytical writing assessment. The examination must have been taken no earlier than five years prior to the date of admission to the program.

Other factors, such as work experience and career progression, are also important and will be considered by the Admissions Committee. All applicants are required to submit two professional letters of recommendation as well as a current resume.

All prospective students are welcome to arrange a meeting with an admissions counselor. Please phone the graduate school office for an informal appointment. Interviews are not required as part of the admissions process.
process for the part-time M.B.A. program, but may be requested by the Admissions Committee. Interviews for the full-time M.B.A. and weekend M.B.A. programs are on an invitation-only basis. Once a completed application has been received, a preliminary review is completed and selected candidates are invited to interview.

Each applicant is considered on an individual basis. The full-time and weekend M.B.A. programs do have limited enrollments, but for the other graduate business programs there currently is no predetermined limit to the number of students who can be admitted. Thus, for these programs, all students who are judged eligible by the Admissions Committee will be invited to matriculate.

**Graduate Management Admission Test (GMAT)**

To be considered for admission as a degree seeking student, an applicant will be required to submit a score from the Graduate Management Admission Test (GMAT). GMAT information including dates, a list of test centers, and applications for the exam may be obtained at www.mba.com or by contacting Pearsonvue at 1-800-717-4628. The GMAT score report must come directly from Pearsonvue. A test taken more than five years prior to the date of application is not considered valid for admission purposes and would have to be retaken. An exception may be made for individuals who hold a doctoral or other terminal degree awarded by an appropriately accredited institution. An exception may also be made for fully certified CPA’s applying to the Master of Science in Taxation program. Applicants to the Master of Science in Human Resources Management and the Master of Science in Economics and Policy Analysis may submit either a GMAT or GRE (Graduate Records Examinations) score. As with the GMAT, GRE scores are valid for five years.

**Application Deadlines**

**For the day MBA program (Full-time):**

Admission to the Day M.B.A. program is competitive and is limited to the Autumn Quarter. There are three application rounds, with deadlines of February 1, April 1 and July 1. Application review begins in January, and you are encouraged to apply as early as possible. Special Instructions for International Applicants

Educational Credentials For International Students or Programs

Applicants must submit transcripts from all colleges and universities attended, including those attended but from which no credit was earned. Exceptions may be permitted for study-abroad credit when that credit is clearly defined and displayed on the home institution transcript.

Applicants with non-U.S. educational credentials for Winter term 2012 and beyond are required to submit their official educational credentials (e.g., transcripts, mark sheets, degree certificates, graduation diplomas) and evaluation fee directly to one of the three evaluation companies below:

- Educational Credential Evaluators, Inc.
- Educational Perspectives
- One Earth International Credential Evaluation

These evaluators will then provide DePaul with a general evaluation of their studies and certified copies of their international educational credentials which will be used during admission review. Please direct any questions about required credentials to the evaluation company you have selected and not to the Kellstadt Graduate School of Business. DePaul will not accept evaluations from any other evaluation companies and will not accept any educational credentials without an evaluation from ECE, EP or One Earth.

English Proficiency

Non-native English speakers who have not completed a bachelor's or master's degree in the United States should submit scores from a recognized English proficiency test. The Kellstadt Graduate School of Business accepts results from TOEFL, IELTS and the Pearson Test of English (PTE).

Degree Requirements

Course Requirements

Students are expected to have taken Principles of Accounting I and II at the undergraduate level prior to starting the Master of Science in Accountancy. Those who have not done so will be required to take Financial Accounting ACC 500. Once this prerequisite is met, students complete the program by taking 15 courses as described below:

Students must complete the following 11 Accountancy courses:

- ACC 541 FINANCIAL ACCOUNTING THEORY & PRACTICE I
- ACC 542 COST AND MANAGERIAL ACCOUNTING I
- ACC 543 FINANCIAL ACCOUNTING THEORY & PRACTICE II
- ACC 545 ADVANCED TOPICS IN ACCOUNTING THEORY
- ACC 547 AUDIT AND REGULATION OF CORPORATE FINANCIAL REPORTING
Students must also complete the following Management Core courses:

- ECO 501 CONCEPTS OF MICRO AND MACRO ECONOMICS
- FIN 555 FINANCIAL MANAGEMENT
- GSB 420 APPLIED QUANTITATIVE ANALYSIS
- ACC 535 ACCOUNTING SYSTEMS (CROSS-LISTED AS ACC 610)

**Additional Requirements**

1. Satisfactory completion of the management core, the ten required accountancy courses as outlined above and at least one accountancy elective approved by the program director.
2. Satisfactory completion of at least 45 quarter hours applicable to the degree.
3. Satisfactory completion of the college residency requirement.
4. All courses for credit toward the degree must be completed with satisfactory grades within six calendar years after the candidate’s first term of enrollment in the Kellstadt Graduate School of Business. After a lapse of six years a course is expired. An expired course is not acceptable for the purpose of satisfaction of degree requirements and is not applicable to the degree without the written permission of the program director or the Kellstadt Graduate School of Business.

---

**Acting (MFA)**

The Theatre School’s Master of Fine Arts (MFA) degree in Acting is a highly truthful, yet expressive, physical acting program informed by our Chicago roots that prepares actors to work on stage and screen all over the world. The first year experience is about expanding the size and specificity of the actor’s skill, imagination, and drive. The next year intensifies scenic study of a diverse spectrum of dramatic literature, with a strong path of ensemble creation and student-generated work. The final year puts the work in the context of the profession, connects the student to artistic and industry leaders while refining the actor’s entrepreneurial spirit through company created works and independent cinema experience.

**Admission Information**

The first charter of DePaul University included a statement on nondiscrimination and the policy has been enforced vigorously for 100 years. Students, faculty and the public are entitled to equal treatment regardless of race, creed or color. It is the policy of The Theatre School to make admission decisions without regard to the race, color, religion, age, gender, sexual orientation, national origin or handicap of the candidate. Admission to the Master of Fine Arts degree programs is based on evidence of ability to be successful in graduate study. Specific requirements include:

- Completion of an undergraduate degree from a regionally accredited college or university (as evidenced by official transcripts).
- Completion of graduate application materials.
- Three letters of recommendation.
- Demonstration of special competence in the major area through an audition.
Audition

Our auditions place special emphasis on the applicant’s potential for future growth. We believe that imagination, personal initiative, self-discipline, stamina, seriousness of commitment to the acting profession and trainability are fundamental.

By trainability, we mean that we attempt to judge the applicant’s potential for growth. We believe that this potential can be assessed by evaluating how the student reveals inner resources through the work. We look for the student’s ability to focus personal energies in a relaxed manner which will enhance communication of the conflict the character faces in the context of the play. Students who get trapped in “characterization” or “style” tend to demonstrate their level of virtuosity rather than tapping their deeper, inner resources.

MFA Acting applicants should prepare two (2) monologues – one contemporary and one classical, a maximum of four minutes total. The classical monologue must be Shakespearean, or from the Restoration, Jacobean or Elizabethan periods. You are urged to select material for which you are temperamentally suited; preferably something in which you might conceivably be cast now or in the near future. Avoid material which causes you to disguise yourself or “put on” a character. The pieces selected should be from plays. Recital of poetry or cuttings from short stories are not acceptable. Concentration and a sincere interest in your pieces are important. During your audition, keep your attention on what you are doing rather than on the effect you are having on the audition committee.

The audition begins with group physical and vocal work. Wear comfortable clothes appropriate for physical activity (examples: sweats, tee-shirts, shorts, leotards). You may be asked to remove your shoes and socks. If you wish, you may bring a change of clothing to change into after the warm up, though this is not required. After the group session, each person presents his or her monologues privately with our committee. After the monologues, you are assigned a scene partner from among the other auditionees and you and your partner will be given a six-line open scene to work on with our faculty. Once you have completed your scene, you have completed the audition and are done for the day. There are no callbacks.

Application Deadline and Entry Terms

Applications are only accepted for entry into the fall quarter of each academic year and are generally accepted from September through January for entry the following fall.

Degree Requirements

Course Requirements

First Year

- Acting I Sequence
  - PRF 511 GRADUATE ACTING I
  - PRF 512 GRADUATE ACTING I
  - PRF 513 GRADUATE ACTING I
- Voice Sequence I
  - PRF 531 GRADUATE VOICE AND SPEECH I
  - PRF 532 GRADUATE VOICE AND SPEECH I
  - PRF 533 GRADUATE VOICE AND SPEECH I
- Speech Sequence
  - PRF 530 MFA I SPEECH
  - PRF 540 GRAD SPEECH I: ADVANCED NOTATION
- Movement Sequence I
  - PRF 521 GRADUATE MOVEMENT I
  - PRF 522 GRADUATE MOVEMENT I
  - PRF 523 GRADUATE MOVEMENT I
  - PRF 524 GRADUATE MOVEMENT I: FELDENKRAIS
  - PRF 525 GRAD MOVEMENT I: FELDENKRAIS
- PRF 551 MFA I IMPROVISATION
- Acting, Meisner Technique Sequence
Second Year

- PRF 580 STAGE COMBAT
- Acting II, Classical Sequence
  - PRF 611 GRADUATE ACTING II: CLASSICAL
  - PRF 612 GRADUATE ACTING II: CLASSICAL
  - PRF 613 GRADUATE ACTING II: CLASSICAL
- Movement II Sequence
  - PRF 621 GRADUATE MOVEMENT II
  - PRF 622 GRADUATE MOVEMENT II
  - PRF 623 GRADUATE MOVEMENT II
- Voice and Speech II Sequence
  - PRF 631 GRADUATE VOICE AND SPEECH II
  - PRF 632 GRADUATE VOICE AND SPEECH II
  - PRF 633 GRADUATE VOICE AND SPEECH II
- Acting II, Contemporary Sequence
  - PRF 641 GRADUATE ACTING II: MYTH, FABLE, & FOLKLORE IN DRAMA
  - PRF 642 GRADUATE ACTING II: TRAGIC FOCUS FROM 1700 TO 1950
  - PRF 643 GRADUATE ACTING II: COMIC FOCUS FROM 1700 TO 1950
- Rehearsal and Performance Sequence
  - PRF 661 REHEARSAL AND PERFORMANCE II
  - PRF 662 REHEARSAL AND PERFORMANCE II
  - PRF 663 REHEARSAL AND PERFORMANCE II
- MFA Workshop II, Actor as Entrepreneur Sequence
  - PRF 671 MFA WORKSHOP II: ACTOR AS ENTREPRENEUR
  - PRF 672 MFA WORKSHOP II: ACTOR AS ENTREPRENEUR
  - PRF 673 MFA WORKSHOP II: ACTOR AS ENTREPRENEUR

Third Year

- PRF 711 GRADUATE ACTING III: COMPANY CREATION
- PRF 712 GRADUATE ACTING III: PROFESSIONAL PREPARATION
- PRF 713 GRADUATE ACTING III: ADVANCED IMPROVISATION
- PRF 714 AUDITION
- PRF 716 GRADUATE SHOWCASE
- Movement III Sequence
  - PRF 721 GRADUATE MOVEMENT III
  - PRF 722 GRADUATE MOVEMENT III
  - PRF 723 GRADUATE MOVEMENT III: PILATES
- PRF 731 GRADUATE VOICE AND SPEECH III
- PRF 720 ACTING FOR THE CAMERA
- DC 450 DIRECTING ACTORS FOR THE CAMERA
- One course from the following
  - PRF 599 INDEPENDENT STUDY
  - PRF 317 TOPICS IN SCENE STUDY
  - PRF 381 ADVANCED STAGE COMBAT
  - PRF 431 VOICE AND SPEECH IV
  - PRF 432 VOICE AND SPEECH IV
  - Some other performance class with approval from department head
- Rehearsal and Performance Sequence
  - PRF 761 REHEARSAL AND PERFORMANCE III
  - PRF 763 REHEARSAL AND PERFORMANCE III

Terminal Requirements for the Master of Fine Arts Degree

In addition to completing the graduate requirements of the major program, each student must complete two or three terminal requirements:
All graduate students must complete the three-quarter Graduate Seminar sequence with a grade of B- or better in each quarter. Three analytical/reflective papers, each a minimum of 10 pages in length, that in total comprise the graduate thesis.

**Advanced Practice Nursing (MS)**

The Advanced Practice Nursing MS degree includes tracts with specialization in Family Nursing Practice, Adult Nursing Practice, or Nurse Anesthesia. The program offers a rigorous curriculum for the experienced Registered Nurse holding a bachelor’s or higher degree in nursing. Graduates are eligible to take the relevant certification exams in their area of specialization (Family Nurse Practitioner, Adult Nurse Practitioner, or Certified Registered Nurse Anesthetist). Graduates achieving certification may then apply to state licensing boards for an expanded scope of practice in the specialty area. As of Winter Quarter 2013, current students in these tracts are advanced students previously admitted. New admissions into these MS tracts have ceased.

**Admission Information**

**Advanced Practice Nursing: Nurse Anesthetist Admission Requirements**
- Minimum of BS in Nursing degree from a regionally accredited institution
- GPA of 3.25/4.0 (baccalaureate OR graduate cumulative)
- Official GRE scores, minimum compiled score of 300, and a 4.0 on the analytical writing section (Institution Code: 1165) if undergraduate GPA is below 3.2 (cumulative) on a 4.0 scale
- RN licensure in State of Illinois
- TOEFL of 590 (PBT) or 96 (iBT) if non-native English speaker
- Organic Chemistry completed within last five years
- One year (minimum) full-time work experience as a critical care RN
- Personal Statement (1-2 pages)
- Online application and $40 application fee

**Advanced Practice Nursing: Nurse Practitioner Admission Requirements**
- Minimum of BS in Nursing degree from a regionally accredited institution
- RN licensure in State of Illinois
- GPA of 3.0/4.0 (baccalaureate OR graduate cumulative)
- Official GRE scores, minimum 153 on the verbal section, 144 on the quantitative section, and a 4.0 on the analytical section (Institution Code: 1165) if undergraduate GPA is below 3.2 (cumulative) on a 4.0 scale
- TOEFL of 590 (PBT) or 96 (iBT) if non-native English speaker
- Two courses of chemistry (organic and inorganic) with lab*
- Personal statement (1-2 pages)
- Online application and $40 application fee
- Two letters of reference from former faculty or employer
- Curriculum vitae or resume

*Please note that all prerequisite courses must include labs and have been completed within the last ten years with a grade of ‘C’ or better.

International students (those who were educated outside of the U.S. and/or require an F1 visa) must take
Degree Requirements

Nurse Anesthetist Course Requirements

Core Courses (18 credit hours)

- NSG 400 THEORETICAL COMPONENTS OF NURSING (4)
- NSG 401 NURSING RESEARCH I (4)
- NSG 430 POLITICAL AND LEGAL ISSUES IN HEALTH CARE (2)
- NSG 433 NURSING AND BIOMEDICAL ETHICS IN HEALTH CARE (2)
- NSG 480 STATISTICAL METHODS FOR THE HEALTH SCIENCES (4)
- NSG 482 INTRODUCTION TO EPIDEMIOLOGY (2)

Health Systems Electives (2 credit hours)

- NSG 450 SELECTED TOPICS IN NURSING (2)

Final Project (4 credit hours)

- NSG 598 GRADUATE SYNTHESIS (4)
  or NSG 599 THESIS RESEARCH (4)

Nurse Practitioner Course Requirements

General Core Courses (20 credit hours)

- NSG 400 THEORETICAL COMPONENTS OF NURSING (4)
- NSG 401 NURSING RESEARCH I (4)
- NSG 431 HEALTH PROMOTION FOR FAMILIES AND COMMUNITIES (4)
- NSG 481 BIOSTATISTICS AND EPIDEMIOLOGY (4)
- NSG 540 CULTURE, ETHICS, AND POLICY ANALYSIS (4)

Health Systems Electives (8 credit hours)

- NSG 450 SELECTED TOPICS IN NURSING (4)
- NSG 554 INFORMATICS AND TECHNOLOGY APPLICATIONS (4)
  Other courses may be considered pending faculty advisor approval.

Final Project (4 credit hours)

- NSG 598 GRADUATE SYNTHESIS (4)
  or NSG 599 THESIS RESEARCH (4)
Concentration Requirements

Nurse Anesthetist

In addition to the Core Courses, students must complete the following:

**Nurse Anesthetist Concentration Courses (48 credits)**

- NSG 500 CHEMISTRY AND PHYSICS (6)
- NSG 501 ANATOMY AND PHYSIOLOGY I (6)
- NSG 502 ANATOMY AND PHYSIOLOGY II (6)
- NSG 503 PATHOPHYSIOLOGY (6)
- NSG 504 PRINCIPLES OF ANESTHESIA PRACTICE I (4)
- NSG 505 PRINCIPLES OF ANESTHESIA PRACTICE II (4)
- NSG 506 PRINCIPLES OF ANESTHESIA PRACTICE III (4)
- NSG 507 ANESTHETIC PHARMACOLOGY (6)
- NSG 508 ADJUNCTIVE ANESTHETIC (4)
- NSG 509 ADVANCED PHYSICAL ASSESSMENT FOR NURSE ANESTHETISTS (2)
- NSG 510 ANESTHESIA PRACTICUM I (0)
- NSG 511 ANESTHESIA PRACTICUM II (0)
- NSG 512 ANESTHESIA PRACTICUM III (0)
- NSG 513 ANESTHESIA PRACTICUM IV (0)
- NSG 514 ANESTHESIA PRACTICUM V (0)
- NSG 515 ANESTHESIA PRACTICUM VI (0)
- NSG 516 ANESTHESIA PRACTICUM VII (0)

Nurse Practitioner

In addition to the Core Courses, students must complete the following:

**Advanced Practice Nurse Practitioner Core Courses (18 credits)**

- NSG 422 APPLIED PATHOPHYSIOLOGY (4)
- NSG 424 PATHOPHYSIOLOGY FOR ADVANCED PRACTICE (4)
- NSG 464 ADVANCED HEALTH ASSESSMENT ACROSS THE LIFESPAN (6)
- NSG 484 PHARMOCOLOGY FOR ADVANCED NURSING PRACTICE (4)

**Adult - Gerontology Nurse Practitioner Concentration Courses (23 credits)**

- NSG 474 PRIMARY CARE OF THE ADULT AND OLDER ADULT (4)
- NSG 478 CLINICAL MANAGEMENT OF ACUTE AND CHRONIC ILLNESSES IN PRIMARY CARE (4)
- NSG 483 PRACTICUM IN POPULATION-BASED NURSING PRACTICE I (3)
- NSG 487 PRACTICUM IN POPULATION-BASED NURSING PRACTICE II (4)
- NSG 488 PROFESSIONAL ISSUES & RESEARCH IN POPULATION-BASED ADVANCED PRACTICE NURSING (2)
- NSG 490 PRACTICUM IN POPULATION-BASED NURSING PRACTICE III (4)
- NSG 555 PHARMACOTHERAPEUTIC IMPLICATIONS FOR THE OLDER ADULT (2)

Elective Offering: NSG 479 MANAGEMENT OF GERIATRIC SYNDROMES (4)

**Family Nurse Practitioner Concentration Courses (28 credits)**

- NSG 473 PRIMARY CARE OF THE INFANT, CHILD, AND THE ADOLESCENT (4)
- NSG 474 PRIMARY CARE OF THE ADULT AND OLDER ADULT (4)
- NSG 475 CLINICAL MANAGEMENT OF PREGNANCY AND CHILDBIRTH (3)
- NSG 478 CLINICAL MANAGEMENT OF ACUTE AND CHRONIC ILLNESSES IN PRIMARY CARE (4)
- NSG 483 PRACTICUM IN POPULATION-BASED NURSING PRACTICE I (3)
- NSG 487 PRACTICUM IN POPULATION-BASED NURSING PRACTICE II (4)
- NSG 488 PROFESSIONAL ISSUES & RESEARCH IN POPULATION-BASED ADVANCED PRACTICE NURSING (2)
- NSG 490 PRACTICUM IN POPULATION-BASED NURSING PRACTICE III (4)
Probation

Graduate students must maintain a cumulative grade point average of at least 3.0 in all academic work at the University. Students who drop below the required cumulative GPA will be placed on probationary status. Graduate students who receive less than a B- in any nursing course are placed on probation for a minimum of one quarter.

Dismissal

Graduate students who receive more than one grade below a B- in any required nursing course or less than a C in any one required course will be dismissed from the program. A grade of C or better is required in all allied field course requirements. A student may withdraw from a core nursing course ‘not in good standing’ (with a second “C” or lower) only once during their program of study. A second such withdrawal will result in dismissal from the program. If a student fails to achieve the above criteria, that student is NOT eligible to continue in the program and will be dismissed. Students who have less than the required GPA for two quarters will be dismissed from the program.

Readmission

If a student leaves the program for any reason they must reapply to the program.

Transfer Credit

Graduate credit taken prior to enrolling at DePaul University may be eligible for transfer credit. Students who wish to have coursework evaluated by the department must submit a complete syllabus and other requested materials upon admission to the program. A maximum of three transfer courses from outside of the School of Nursing may be transferred to a School of Nursing program only with written permission of the director of the School of Nursing.

Undergraduate Credit

Students can earn graduate credit for some undergraduate courses and can also take graduate courses as an undergraduate which will apply to the undergrad and grad degrees. Check with your faculty advisor for details.

Graduation Requirements

A Master of Science degree in nursing requires a minimum of 48 credit hours. All of the programs require significantly more coursework beyond the minimum credit hour requirement. Students are held responsible for degree requirements as outlined in the university course catalog in effect at time of admission. The student is responsible for completing the application for degree conferral and commencement by the deadline posted in the Graduate Student Handbook.

Graduation with Distinction

Graduation with distinction is awarded to students with a cumulative graduating GPA of at least a 3.75 for coursework applied toward a particular nursing degree or completion of a thesis "with distinction."

Time Limit

The degree is expected to be completed in a maximum of six years.
Animation (MA)

The MA in Animation degree provides a combination of artistic and technical training that prepares students for a future in 3D character animation, computer game art, or visual effects.

DePaul’s large group of full time and adjunct Animation faculty come from diverse backgrounds in commercial production, game development and art exhibition. We are part of the School of Cinema & Interactive Media, which features the latest digital technologies and facilities: a stop motion studio, two green screen stages, a sound recording and mixing studio, and a motion capture studio. Our visiting artists series brings prominent animators to campus. Past visitors include David O’Reilly and legendary animator Yuri Norstein.

Admission Information

Admission information for this program can be found in the Graduate Admission page on the CDM web site under Prospective Students. (http://www.cdm.depaul.edu/Prospective%20Students/Pages/GraduateAdmissions.aspx)

Degree Requirements

Course Requirements

Course requirements are determined by the concentration selected.

Degree Requirements

Students in this degree program must meet the following requirements:

- Complete a minimum of 52 graduate credit hours in the designated program.
- Complete all graduate courses and requirements listed in the designated degree program.
- Earn a grade of C- or better in all graduate courses of the designated degree program.
- Maintain a cumulative GPA of 2.5 or higher.
- Students pursuing a second master's degree must complete a minimum of *52 graduate credit hours beyond their first designated degree program in addition to any required introductory courses in their second designated degree program.

*53 graduate credit hours required for MS Information Systems.

Students with a GPA of 3.9 or higher will graduate with distinction.

For DePaul’s policy on repeat graduate courses and a complete list of academic policies see the DePaul Graduate Handbook in the Course Catalog.
Animator Concentration

The Animator Concentration is for students who are interested in deepening their knowledge of 3D modeling and animation, with an eye towards a production career in 3D character animation, computer game art, or visual effects. Students in this concentration will receive intense and rigorous training in the history, critical artistic issues, and fundamental principles that are necessary for animation artists. MA in Animation - Graduates will be prepared for the many varied career options available to animators, including storyboard artists, visual development artists, modelers, layout artists, character animators, effects animators, character riggers, motion capture artists, lighting artists, commercial animators, motion graphics artists, game artists, environment modelers and effects artists.

Course Requirements

- ANI 405 3D ANIMATION SURVEY
- ANI 421 ANIMATION MECHANICS
- ANI 422 ANIMATION STYLES & TECHNIQUES
- ANI 425 VISUAL STORYTELLING
- ANI 440 COLLABORATIVE SHORT ANIMATED FILM
- ANI 460 ANIMATION GRADUATE SEMINAR
- ANI 466 CINEMA, ANIMATION AND ART *
  or ANI 444 VISUAL DESIGN FOR GAMES *
- ANI 540 ANIMATED SHORT FILM PART I (2 credit hours)
- ANI 541 ANIMATED SHORT FILM PART II (2 credit hours)
- 2 Animation Electives
- 3 3D Animation Electives

* Students who plan to apply for the Animation MFA program during their first year should take ANI 466 rather than ANI 444.

Animation Electives

Animation electives include any graduate level ANI, DC, GAM, GD, GPH, HCI or VFX courses.

3D Animation Electives

- ANI 430 3D CHARACTER ANIMATION
- ANI 431 ADVANCED 3D CHARACTER ANIMATION
- ANI 432 3D RIGGING
- ANI 433 ADVANCED 3D RIGGING
- ANI 435 3D CHARACTER MODELING
- ANI 436 3D MODELING STUDIO
- ANI 438 3D ORGANIC MODELING
- ANI 439 3D TEXTURING AND LIGHTING
- ANI 445 CHARACTER DESIGN
- ANI 450 MOTION CAPTURE
- ANI 451 ADVANCED MOTION CAPTURE STUDIO
- ANI 452 3D SCRIPTING
- ANI 453 ADVANCED 3D SCRIPTING
- ANI 478 3D DYNAMICS

Technical Artist Concentration

The Technical Artist concentration prepares students for a range of roles, from the complex jobs of riggers, next generation modelers and motion capture artists to the hybrid specialization of the Technical Artist.

A game industry Technical Artist is an art department member who serves as a bridge between art and engineering. The art pipeline is the workflow of creating the art assets of the game: from concept to model to
texturing to rigging to input into the game engine. The TA’s objective is to make the pipeline streamlined, efficient and documented. The TA diagnoses and debugs the technology used by artists. The TA specs tools that will help make the art department more productive, sometimes scripting the tools in the software and sometimes working with programmers to tackle more complex operations. The TA needs to understand the language of both art and engineering and act as a translator between the areas.

In the film and television CGI animation and VFX industries the Technical Artist is more commonly referred to as a Technical Director or Technical Animator. The TA in these fields shares many of the core responsibilities (pipeline, troubleshooting) and animation technical skills as the game TA.

The Technical Artist concentration is not solely for the person who wants to be a TA, since these disciplines are constantly evolving. It also prepares the student interested in technically demanding areas such as rigging, modeling and motion capture.

Technical Artists come from both art and programming backgrounds. It is recommended that someone entering the TA concentration have an undergraduate degree in one of the following areas: art, animation, game art, graphic design, illustration, game design, game programming, computer graphics, computer science, or interactive media.

Course Requirements

Core Requirements

- ANI 405 3D ANIMATION SURVEY
- ANI 446 GAME ART PIPELINE
- ANI 452 3D SCRIPTING
- ANI 453 ADVANCED 3D SCRIPTING
- ANI 444 VISUAL DESIGN FOR GAMES
- ANI 440 COLLABORATIVE SHORT ANIMATED FILM
  or Game Development Studio Sequence (2 courses)
  - GAM 690 GAME DEVELOPMENT STUDIO I
  - GAM 691 GAME DEVELOPMENT STUDIO II

*Students who take GAM 690 to fulfill their Core Requirements must take GAM 691 as one of their Technical Artist Electives requirements.

Technical Artist Electives

Students must take at least 4 courses out of the following choices. Students may take these courses before completing their Core Requirements courses. It is recommended that students choose their Technical Artist Elective courses in one of the following areas of focus: Rigging, Animation, Modeling, or Effects.

Rigging

- ANI 430 3D CHARACTER ANIMATION
- ANI 432 3D RIGGING
- ANI 433 ADVANCED 3D RIGGING
- ANI 435 3D CHARACTER MODELING
- ANI 450 MOTION CAPTURE

Animation

- ANI 450 MOTION CAPTURE
- ANI 451 ADVANCED MOTION CAPTURE STUDIO
- ANI 430 3D CHARACTER ANIMATION
- ANI 431 ADVANCED 3D CHARACTER ANIMATION
- ANI 432 3D RIGGING

Modeling

- ANI 435 3D CHARACTER MODELING
- ANI 436 3D MODELING STUDIO
- ANI 437 ENVIRONMENT MODELING
- ANI 438 3D ORGANIC MODELING
- ANI 439 3D TEXTURING AND LIGHTING

Effects
Other Available Technical Artist Electives

- GAM 690 GAME DEVELOPMENT STUDIO I
- GAM 691 GAME DEVELOPMENT STUDIO II

CDM Open Electives

Students must complete any 3 graduate courses from the College of Computing and Digital Media.

Sample Schedule

The representation of these course requirements on a year-by-year basis is just a suggestion. Students are free to take these courses in any order they choose, provided they have mastered the course-specific prerequisites.

Animator Concentration

First Year

Fall Quarter

- ANI 405 3D ANIMATION SURVEY
- ANI 460 ANIMATION GRADUATE SEMINAR
- ANI 421 ANIMATION MECHANICS

Winter Quarter

- ANI 425 VISUAL STORYTELLING
- ANI 422 ANIMATION STYLES & TECHNIQUES
- 1 3D Animation Elective

Spring Quarter

- ANI 440 COLLABORATIVE SHORT ANIMATED FILM
- ANI 466 CINEMA, ANIMATION AND ART
- or ANI 444 VISUAL DESIGN FOR GAMES
- 1 3D Animation Elective

Second Year

Fall Quarter

- ANI 540 ANIMATED SHORT FILM PART I (2 credit hours)
- 1 3D Animation Elective
- 1 Animation Elective

Winter Quarter

- ANI 541 ANIMATED SHORT FILM PART II (2 credit hours)
- 1 Animation Elective
Animation (MFA)

The MFA in Animation degree is for students who are interested in creating original animated films and artwork as their main vocation. Students in the MFA in Animation degree will receive intense and rigorous training in the history, critical artistic issues, and fundamental principles that are necessary for animation artists. The student films created throughout their degree will be challenged by faculty in critiques, through which students will be urged to develop a personal vision and push the limits of their abilities and the potential of animation as an expressive medium. The program uses the cohort model, so students will work alongside their peers throughout their degree. Filmmakers choosing this field often support themselves and fund their films by teaching college, which requires an MFA, so MFA in Animation graduates will be eligible to compete for tenure-track teaching positions within the growing number of Animation programs around the world. The degree is intended for those with undergraduate degrees in Animation, Film, Art, Graphic Design, Illustration and other visual art areas.

DePaul's large group of full time and adjunct Animation faculty come from diverse backgrounds in commercial production, game development and art exhibition. We are part of the School of Cinema & Interactive Media, which features the latest digital technologies and facilities: a stop motion studio, two green screen stages, a sound recording and mixing studio, and a motion capture studio. Our visiting artists series brings prominent animators to campus. Past visitors include David O'Reilly and legendary animator Yuri Norstein.

Admission Information

Admission information for this program can be found in the Graduate Admission page on the CDM web site under Prospective Students. (http://www.cdm.depaul.edu/Prospective%20Students/Pages/GraduateAdmissions.aspx)

Degree Requirements

Course Requirements

- ANI 405 3D ANIMATION SURVEY
- ANI 415 AUDIO FOR ANIMATION
- ANI 421 ANIMATION MECHANICS
- ANI 422 ANIMATION STYLES & TECHNIQUES
- ANI 425 VISUAL STORYTELLING
- ANI 440 COLLABORATIVE SHORT ANIMATED FILM
- ANI 460 ANIMATION GRADUATE SEMINAR
- ANI 466 CINEMA, ANIMATION AND ART
- ANI 540 ANIMATED SHORT FILM PART I (2 credit hours)
- ANI 541 ANIMATED SHORT FILM PART II (2 credit hours)
- ANI 560 GRADUATE TEACHING SEMINAR
- ANI 639 MFA PRE-THESIS
- ANI 640 MFA THESIS ANIMATION (1 credit hour)
*ANI 640 must be taken at least 3 times.
- 8 Animation Electives

Animation Electives
Animation electives include any graduate level ANI, DC, GAM, GD, GPH, HCI or VFX courses.

MFA Thesis

The MFA Thesis Animation is the culmination of graduate study in the MFA. Students work on an animated film for the three quarters of their third year, and meet periodically for critiques with peers and faculty. Students also produce a written analysis of their work. Students must complete their thesis project and the degree within a total of five years from their first quarter in the program.

Student’s MFA Advisor Committee and Thesis Timeline

During the Fall quarter of their second year, all MFA students must form an MFA Advisor Committee. The committee is comprised of three full-time DePaul faculty members, and at least two of the three must be members of the Animation MFA Committee. Students must consult with their Advisor Committee throughout the Thesis project, including during ANI 639 MFA Pre-Thesis. During the final quarter of their Thesis project, the MFA candidate must schedule a meeting with their Advisor Committee to screen the work, and defend the project and thesis paper before the committee. The MFA Advisor Committee decides whether the MFA candidate should be awarded the degree, and if not, what must be done in order for them to receive it.

MFA Thesis Screening

At the end of the third year students present their thesis exhibition in an appropriate venue (a theater or gallery).

MFA Thesis Defense

In order to receive their MFA degree, students must defend the thesis project and the written analysis of their work before their MFA Advisor Committee.

Degree Requirements

Students in the MFA in Animation degree program must meet the following requirements:

- Complete a minimum of 79 graduate credit hours in the designated degree program.
- Complete all graduate courses and requirements listed in the designated degree program.
- Earn a grade of C- or better in all graduate courses of the designated degree program.
- Maintain a cumulative GPA of 2.5 or higher.
- Satisfactorily complete the MFA thesis as determined by the student's MFA Advisor Committee.
- Students cannot count credit earned towards a previously awarded master's or MFA degree toward the completion of this MFA program.

For DePaul's policy on repeat graduate courses and a complete list of academic policies see the DePaul Graduate Handbook in the Course Catalog.

- ANI 640 MFA THESIS ANIMATION (1 credit hour)
- 1 Animation Elective

Winter Quarter

- ANI 640 MFA THESIS ANIMATION (1 credit hour)
- 1 Animation Elective

Spring Quarter

- ANI 640 MFA THESIS ANIMATION (1 credit hour)

*ANI 640 must be taken at least 3 times.

Applied Economics (MBA)

This concentration is designed to train the student to be an astute observer of business and the economy. Through objective analysis, the student can help the firm adapt to the ever-changing economic environment. Business economists commonly prepare and interpret forecasts for firms. These activities involve decisions regarding optimal pricing, sales and advertising, marketing policies, purchasing, industrial relations, and investment and portfolio decisions. Further, the business economist often relates the domestic and global economic outlooks to the firm’s business and its markets, as well as advanced applications for bridging strategic analysis to financial forecasts and valuation.

Most medium and large firms hire business economists in areas such as manufacturing, communications, banking, insurance, retailing, finance and investment, transportation, utilities and consulting. In addition, positions in various departments of federal, state and local governments are available. Job mobility can be high with business economists moving among business firms, government, nonprofits and possibly academic institutions.
Admission Information

Applicants must possess the equivalent of a bachelor's degree from a regionally accredited institution. A prospective graduate student is expected to present a superior overall previous academic record and an above average total GMAT score (or GRE score where appropriate) including high achievement on the verbal, quantitative, and on the analytical writing assessment. The examination must have been taken no earlier than five years prior to the date of admission to the program.

Other factors, such as work experience and career progression, are also important and will be considered by the Admissions Committee. All applicants are required to submit two professional letters of recommendation as well as a current resume.

All prospective students are welcome to arrange a meeting with an admissions counselor. Please phone the graduate school office for an informal appointment. Interviews are not required as part of the admissions process for the part-time M.B.A. program, but may be requested by the Admissions Committee. Interviews for the full-time M.B.A. and weekend M.B.A. programs are on an invitation-only basis. Once a completed application has been received, a preliminary review is completed and selected candidates are invited to interview.

Each applicant is considered on an individual basis. The full-time and weekend M.B.A. programs do have limited enrollments, but for the other graduate business programs there currently is no predetermined limit to the number of students who can be admitted. Thus, for these programs, all students who are judged eligible by the Admissions Committee will be invited to matriculate.

Graduate Management Admission Test (GMAT)

To be considered for admission as a degree seeking student, an applicant will be required to submit a score from the Graduate Management Admission Test (GMAT). GMAT information including dates, a list of test centers, and applications for the exam may be obtained at www.mba.com or by contacting Pearsonvue at 1-800-717-4628. The GMAT score report must come directly from Pearsonvue. A test taken more than five years prior to the date of application is not considered valid for admission purposes and would have to be retaken. An exception may be made for individuals who hold a doctoral or other terminal degree awarded by an appropriately accredited institution. An exception may also be made for fully certified CPA's applying to the Master of Science in Taxation program. Applicants to the Master of Science in Human Resources Management and the Master of Science in Economics and Policy Analysis may submit either a GMAT or GRE (Graduate Records Examinations) score. As with the GMAT, GRE scores are valid for five years.

Application Deadlines

For the day MBA program (Full-time):

Admission to the Day M.B.A. program is competitive and is limited to the Autumn Quarter. There are three application rounds, with deadlines of February 1, April 1 and July 1. Application review begins in January, and you are encouraged to apply as early as possible. Decisions are mailed on an ongoing basis beginning in January, and applicants should expect to receive an admission decision approximately 4 weeks after their application becomes complete.

Applicants who wish to be considered for scholarships and graduate assistantships should apply during the first two application rounds. These awards are generally not available to applicants who apply after April 1.

Late applications submitted after the final July 1 deadline may be considered if space remains available in the incoming class.

For the weekend MBA and MS in Economic Policy Analysis programs:

Applications must be submitted by July 1st. Applications received after July 1st will be considered on a space available basis.

For all other graduate business programs:

Applications must be submitted by:

- July 1st for the Autumn Quarter

DePaul University Winter/Spring 2013 Page 51 of 2244
October 1st for the Winter Quarter
February 1st for the Spring Quarter
April 1st for the Summer Quarter

Applicants educated outside the United States must submit their applications one month prior to the above deadlines.

**Transcripts**

Degree seeking applicants must present official transcripts from each junior college, college, and university attended (even if only for one course) including DePaul University, if applicable. Credits transferred and posted on the record of a second school do not constitute an official transcript of the original school. Transcripts that are already on file as part of a student record in another College Office at DePaul may be required to remain there and in that case cannot be transferred to the Graduate School of Business Office.

Applicants should write to the Registrar of each school attended, requesting that an official transcript be sent to the student. Once all of the transcripts have been received applicants should submit them to the graduate school office in their original envelopes with the applicant's name, date of birth and program of interest noted on the envelope. We will then add the transcripts to the applicant's admission file.

An applicant who is still taking courses or completing a program at the time he/she submits an application to the Graduate School of Business will not receive full admission until a final and official transcript listing the degree awarded has been submitted to the Admissions Committee. Please see Conditional Admission and Non-degree Status for more information regarding admission prior to posting of an undergraduate degree.

**Readmission**

A student previously admitted who has been absent from DePaul for one year or longer must complete the application form and submit a transcript of any courses taken elsewhere during his/her absence. A student must submit a written explanation of his/her absence from the program and an updated resume. A $30 application fee is required.

If the original application has been destroyed (after an absence of two years), the student may be required to complete a new application in full.

**Special Instructions for International Applicants**

**Educational Credentials For International Students or Programs**

Applicants must submit transcripts from all colleges and universities attended, including those attended but from which no credit was earned. Exceptions may be permitted for study-abroad credit when that credit is clearly defined and displayed on the home institution transcript. Applicants with non-U.S. educational credentials for Winter term 2012 and beyond are required to submit their official educational credentials (e.g., transcripts, mark sheets, degree certificates, graduation diplomas) and evaluation fee directly to one of the three evaluation companies below:

- Educational Credential Evaluators, Inc.
- Educational Perspectives
- One Earth International Credential Evaluation

These evaluators will then provide DePaul with a general evaluation of their studies and certified copies of their international educational credentials which will be used during admission review. Please direct any questions about required credentials to the evaluation company you have selected and not to the Kellstadt Graduate School of Business. DePaul will not accept evaluations from any other evaluation companies and will not accept any educational credentials without an evaluation from ECE, EP or One Earth.

**English Proficiency**

Non-native English speakers who have not completed a bachelor's or master's degree in the United States should submit scores from a recognized English proficiency test. The Kellstadt Graduate School of Business accepts results from TOEFL, IELTS and the Pearson Test of English (PTE).
MBA Core Requirements

Course Requirements

- ACC 500 FINANCIAL ACCOUNTING
- ACC 555 MANAGEMENT ACCOUNTING FOR DECISION-MAKING
- ECO 509 BUSINESS CONDITIONS ANALYSIS
- ECO 555 ECONOMICS FOR DECISION-MAKING
- FIN 555 FINANCIAL MANAGEMENT
- GSB 420 APPLIED QUANTITATIVE ANALYSIS
- GSB 599 STRATEGIC ANALYSIS FOR COMPETING GLOBALLY
- MGT 500 MANAGING FOR EFFECTIVE AND ETHICAL ORGANIZATIONAL BEHAVIOR
- MGT 502 OPERATIONS MANAGEMENT
- MGT 555 STRATEGIC MANAGEMENT OF HUMAN RESOURCES
- MIS 555 MANAGEMENT OF INFORMATION TECHNOLOGY
- MKT 555 DECISIONS IN MARKETING MANAGEMENT

Concentrations

In addition to the required core courses, students have six electives they can use to take courses in a specific area of interest. These electives are typically used by students to select one or more concentrations in the area(s) that offer the knowledge, skills, and abilities that best fit the student's educational needs and interests.

While many students choose to have a specific area of concentration, those who would like more flexibility in selecting courses may choose the general business concentration instead. With this option, the student is free to choose six courses from several different areas of study within the graduate school of business.

If a student does not indicate a specific concentration of interest in the application for admission, the student will be assigned to the general business concentration.

M.B.A. Options

Day M.B.A. (Full-time Accelerated)

The Day M.B.A. Program fulfills the business world’s demand for M.B.A. graduates with the ability to understand and manage complex business processes. Students who choose this program option will take all of their foundation and core classes in a full-time, lock step format during the first four terms of the program. Upon completion of the prerequisite core courses, students may begin taking their concentration classes at their own pace. Students in the Day M.B.A. Program may choose to specialize in any of the generally available MBA concentrations offered by the Kellstadt Graduate School of Business.

Evening M.B.A. (All Campuses)

All of the core course requirements for the M.B.A. are offered at the Loop and the Naperville and O'Hare suburban campuses. Required core courses are offered every quarter at the Loop campus but variably at the suburban campuses. All requirements are offered at least once each year at each of these locations.

Three full concentrations are available at each of the suburban campuses. These are Finance, Marketing Management and General Business. Electives applicable to other concentrations will be offered variably at the suburban locations but it may be necessary to travel to Loop campus to complete concentrations other than these three.

Weekend M.B.A. at O'Hare Campus

The Weekend M.B.A. Program is a rigorous yet rewarding program designed for the self-directed manager with an interest in using technology to supplement traditional M.B.A. course work. The curriculum provides knowledge in each of the major business functions along with specialized courses in Management and Finance such that students may earn concentrations in Finance and/or Operations Management as part of the weekend program. Upon completion of the required core sequence of courses, students are able to select concentration courses from among the more than 35 concentrations available to part-time M.B.A. students. Please note that only the Finance and Operations Management concentrations are available in the weekend format.

Each course is taught as a blend of traditional lecture and distance learning formats. Classes meet on alternate Saturdays at the O'Hare Campus. Students will work via distance learning in the weeks between class meetings. Admitted students will proceed through the program as a cohort group. Admission to the program is for fall.
Concentration Requirements

Course Requirements

To complete this concentration, students are required to take three graduate-level Economics courses. ECO 509 and ECO 555 are not approved for use as MBA concentration electives (a sample list of acceptable electives is given below). Students are encouraged to consult with Economics faculty for course recommendations.

- ECO 505 ADVANCED MICROECONOMICS
- ECO 506 ADVANCED MACROECONOMICS
- ECO 511 BUSINESS AND ECONOMIC FORECASTING
- ECO 512 APPLIED TIME SERIES FORECASTING (CROSS-LISTED AS MATH 512/MATH 358)
- ECO 514 INDUSTRIAL ORGANIZATION
- ECO 515 MICROECONOMICS OF MARKET ORGANIZATION
- ECO 516 ECONOMICS OF THE PUBLIC SECTOR I
- ECO 518 LABOR ECONOMICS AND LABOR RELATIONS (CROSS-LISTED AS MGT 518)
- ECO 530 HISTORY OF ECONOMIC THOUGHT
- ECO 550 REGIONAL AND URBAN ECONOMICS
- ECO 557 INTERNATIONAL TRADE THEORY & POLICY (CROSS-LISTED WITH IB 520)
- ECO 558 INTERNATIONAL MACROECONOMICS (CROSS-LISTED AS IB 521)
- ECO 561 ECONOMICS OF DEVELOPING COUNTRIES (CROSS-LISTED WITH IB 525)
- ECO 576 ADVANCED ECONOMETRICS
- ECO 798 SPECIAL TOPICS

Applied Mathematics (MS)

This degree is designed to provide students with the necessary quantitative background for employment in business, industry, or government and to provide a solid foundation for students interested in pursuing a Ph.D. degree in mathematics. Courses in this program are offered at the Lincoln Park campus. Some may also be taken at the O’Hare campus.

Admission Information

For full admission, students must have the following:

- Bachelor's degree
- Two years of calculus and linear algebra (i.e., the equivalent of one of the first-year sequences MAT 150-151-152, or 160-161-162 or 170-171-172 and the second-year sequence 260-261-262)
- A course in statistics
• A course in scientific computer programming (other than COBOL)

Applicants who do not have this preparation may be admitted on a conditional basis until they have completed the conditional requirements with grades of B or better.

Degree Requirements

Course Requirements

Candidates for the degree must complete at least 48 quarter hours of graduate level work in applied mathematics and pass two sets of comprehensive examinations. Comprehensive examinations are offered twice a year, in the autumn and spring quarters. Part- I covers the material in MAT 451-452-453, and Part- II is based on the student's chosen area of concentration.

At the beginning of the quarter when students plan to take the comprehensive examinations, they should register with the program director.

Core Courses

• MAT 451 PROBABILITY AND STATISTICS I
• MAT 452 PROBABILITY AND STATISTICS II
• MAT 453 PROBABILITY AND STATISTICS III
• MAT 448 STATISTICAL METHODS USING SAS
• MAT 456 APPLIED REGRESSION ANALYSIS
• MAT 459 SIMULATION MODELS AND MONTE CARLO METHOD

Computer Usage

The department places strong emphasis on computation and is well supported with equipment and software necessary for research. The computer is used for data analysis and to find solutions to problems that arise in numerical analysis, simulations, and mathematical modeling. The computer packages used in these courses are likely to play an important role in the solution of the problems students will encounter in their places of employment.

Concentration Requirements

Statistics Concentration

• MAT 526 SAMPLING THEORY AND METHODS
• MAT 528 DESIGN AND ANALYSIS OF EXPERIMENTS
• At least four courses from the following list:
  o MAT 421 BASIC BIOSTATISTICS
  o MAT 422 GENE EXPRESSION ANALYSIS
  o MAT 423 GENOME SEQUENCING
  o MAT 454 MULTIVARIATE STATISTICS (CROSS-LISTED 354)
  o MAT 455 STOCHASTIC PROCESSES
  o MAT 457 NONPARAMETRIC STATISTICS
  o MAT 458 STATISTICAL QUALITY CONTROL
  o MAT 460 TOPICS IN STATISTICS
  o MAT 470 ADVANCED LINEAR ALGEBRA
  o MAT 485 NUMERICAL ANALYSIS I
  o MAT 489 QUEING THEORY WITH APPLICATIONS
Actuarial Science Concentration

- MAT 461 ACTUARIAL SCIENCE I: THEORY OF INTEREST
- MAT 462 ACTUARIAL SCIENCE II: BASIC CONTINGENCIES
- MAT 463 ACTUARIAL SCIENCE III: ADVANCED CONTINGENCIES
- At least three courses from the following list:
  - MAT 460 TOPICS IN STATISTICS
  - MAT 464 STOCHASTIC RISK MODELS
  - MAT 465 STOCHASTIC SURVIVAL MODELS
  - MAT 468 MATHEMATICAL FINANCE
  - MAT 470 ADVANCED LINEAR ALGEBRA
  - MAT 485 NUMERICAL ANALYSIS I
  - MAT 512 APPLIED TIME SERIES AND FORECASTING

Program Graduate Academic Student Handbook

Probation

A student will be placed on probation if his/her cumulative GPA falls below 2.7.

Dismissal

A graduate student will be dismissed under one or more of the following conditions: his/her GPA continues to fall below 2.7 after one year of being on probation, lack of progress toward degree completion, or failing the comprehensive examinations twice.

Conditional Admission

Students whose undergraduate degrees were in majors other than mathematics or related fields may be conditionally admitted provided they complete the following minimum prerequisites as conditions: two years of calculus [the equivalent of MAT-150-152], multivariable calculus and linear algebra [the equivalent of MAT-260-262], and a course in statistics. Additionally, for the applied mathematics program, a course in computer programming is required.

Readmission

The same re-admission standards outlined in the Graduate Student Handbook and approval of the program director are observed for students in these programs.

Transfer Credit

No more than two graduate courses (8 quarter credit hours) may be transferred from another program or institution provided that they are equivalent to courses offered in DePaul’s graduate program, and they did not count toward another degree.

Undergraduate Courses

No undergraduate courses shall count toward the graduate degree.

Graduation Requirements

Requirements include, but are not limited to, twelve graduate courses (48 credit hours) at a minimum GPA of 2.7, and passing of Part-I and Part-II comprehensive examinations.

Graduation with Distinction

A minimum GPA of 3.7 for coursework applied toward the applied mathematics degree and high performance on the comprehensive examinations are required for graduation with distinction.
**Applied Professional Studies (MA)**

The Master of Arts Program in Applied Professional Studies (MAAPS), founded in 1984, serves adults who wish to design and execute their graduate study in a personally-relevant area that is otherwise not served by typical course-based, already-structured programs. These "entrepreneurial learners" come with a personal/professional area of study they want to pursue, a desire to build and manage their own learning processes, and a goal to both learn and shape their learning into contributions that make a difference.

**Key Features**

1. You design your own area of study (an area of professional contribution in a particular setting) guided by a graduate framework. Your idea; your design.
2. You learn to think in terms of learning for both intentional outcomes and timely applications.
3. You build a plan for learning that incorporates an array of learning strategies (not just classes!)—strategies that fit your sought outcomes and learning preferences and result in products you can use.
4. You manage the pace, place and process of implementing your plan.
5. You receive assistance from a team of advisors from the University as well as your own particular professional community.
6. You engage in a brief/intensive series of "liberal learning" seminars designed to rekindle and/or deepen your practice in areas of inquiry, change, interpersonal communication, diversity, ethical reasoning and leadership.
7. You accomplish your goal of graduate study—focusing on an area of importance to you and earning an accredited graduate degree with competencies endorsed by the University.

**Admission Information**

As indicated, the following process and components apply to all of the School for New Learning’s (SNL) graduate programs and certificates.

**Application Steps**

**Step 1: Basic Information.**

Applicant becomes knowledgeable about a particular SNL graduate program/certificate. Various options are available for this purpose, e.g., materials, information sessions, advising appointments, etc. See the SNL website for details.

**Step 2: Application and Required Materials.**

Applicant submits required application materials including:

- a completed Application form and Application Fee* (*The application fee is waived for DePaul alumni.);
- a current resume;
- an Application Essay* (writing sample) that addresses key questions pertinent to assessing the “fit” of the particular program to the student and vice versa (*Application Essay is waived for certificate applicants.); and
- official, sealed transcripts documenting all prior college/university coursework including demonstration of a completed undergraduate degree from a regionally accredited institution. An undergraduate cumulative
GPA of 2.5 is required

NOTE: Standardized test scores are not required; however, applicants who have taken tests such as the GRE, GMAT, Miller Analogies, etc., within the previous three years are encouraged to submit their scores. International students are advised to consult the International Programs Office to learn of further University requirements that may apply.

Step 3: Interview.

Upon initial review of application materials, a representative of the SNL Graduate Admissions Committee invites qualified applicants to an admissions interview. The purpose of this interview is to enable both the particular program and the applicant to further ascertain the match or alignment between what the particular graduate program/certificate offers and what the applicant is seeking in terms of his/her graduate-learning or certificate-learning experience.

Step 4: Review.

Information gleaned from each applicant’s materials and interview is reviewed and assessed by the SNL Graduate Admissions Committee in accordance with the particular program’s admission considerations. See admissions considerations below.

Step 5: Decision.

An admission decision is rendered and communicated to the applicant in writing. As necessary, SNL Graduate Programs reserve the right to admit particular applicants conditionally. In such cases, the terms (conditions and timeline) of the conditional status are noted in the student’s acceptance letter. Failure to satisfactorily adhere to or fulfill these terms may result in academic dismissal/withdrawal from the particular program.

Admission Considerations

The following areas are considered in making admission decisions:

- applicant’s reasoning in selection of the particular graduate program or certificate (including investigation of other graduate programs/certificates);
- applicant’s understanding of the particular SNL graduate program/certificate;
- applicant’s professional background including, for graduate program applicants, his/her possession of at least three years of experience, or equivalent, relevant to the particular SNL graduate program/certificate under consideration;
- applicant’s possession of a practice-site (worksite or relevant application setting in which to apply learning from the particular SNL graduate/certificate program);
- applicant’s educational goals/objectives and the congruence between those goals and the graduate/certificate program under consideration;
- applicant’s motivation to increase competence and ability to sustain effort to achieve such;
- applicant’s learning values and skills (willingness and ability to conduct self-managed/independent learning; participate positively in peer-group learning; engage in self-assessment; engage in reflection to increase understanding and improve practice; and, organize areas of knowledge and skill into themes and describe evidence in support of such);
- applicant’s cognitive/intellectual values and skills [willingness and ability to investigate prior to making claims; engage in curiosity leading to focused and sustained attention (analysis/synthesis) regarding a point of inquiry; investigate various knowledge sources (libraries, data bases, etc.); broaden perception by exploring multiple context(s) in which knowledge exists; analyze underlying assumptions and tolerate/explore ambiguity; discriminate information from opinion; form and adapt commitments amid various contexts; reflect on the meaning of discovery; and, develop and engage a breadth of interest across multiple disciplines];
- applicant’s communication values and skills (willingness and ability to express oneself in written and oral forms including appropriately documenting sources; decipher verbal and nonverbal messages; and, respond effectively)
- applicant’s psychosocial values and skills (willingness and ability to understand and manage emotions; function with autonomy and interdependence; tolerate and appreciate differences; build and sustain positive interpersonal relationships; develop and engage a sense of self in a social, historical, and cultural contexts; and, function with moral and ethical integrity);
- applicant’s access to, and ability to use, e-mail, the Internet, and necessary computer-based software; and,
- applicant’s undergraduate cumulative GPA. (For MSAT applicants, the required minimal undergraduate cumulative GPA is 2.5.)

NOTE: The School for New Learning/DePaul University considers students on the basis of individual merit and
without regard to race, color, religion, gender, sexual orientation, age, national or ethnic origin, handicap, or other factors irrelevant to participation in its programs.

**Admission Status**

Students are to matriculate in the quarter for which they are admitted. Students failing to do so (and who later wish to start) are responsible to update their admissions materials and, if necessary—depending on changes to those materials, reapply. The Graduate Programs Office maintains an admission file/status for one year from the date of admission.

**Financial Aid**

Information about applying for financial assistance is available on the SNL website.

---

**Degree Requirements**

**Course Requirements**

Students are required to complete a minimum of 52 graduate credit hours with a cumulative GPA of not less than 3.0.

**Planning & Integration**

- AP 501 LEARNING PLAN RESEARCH AND DEVELOPMENT
- AP 502 LEARNING PLAN REVIEW
- AP 528 ASSESSMENT AND INTEGRATION 1
- AP 548 ASSESSMENT AND INTEGRATION SEMINAR 2
- AP 558 ASSESSMENT AND INTEGRATION SEMINAR 3
- AP 578 ASSESSMENT AND INTEGRATION SEMINAR 4

**Liberal Learning**

- LLS 410 PERSONAL EFFECTIVENESS
- LLS 420 INTERPERSONAL EFFECTIVENESS
- LLS 430 ORGANIZATIONAL EFFECTIVENESS
- LLS 440 VALUES EFFECTIVENESS
- LLS 450 INQUIRY EFFECTIVENESS

**Individualized Learning Strategies**

Designed and executed by the student based on the area of graduate study and learning preferences, these strategies (classes, independent studies, work projects, etc.) are engaged to enhance understanding and competence development in relation to each of the following aspects of an individually-tailored focus area.

- AP 510 MAIN THEORIES
- AP 520 METHODS OF RESEARCH
- AP 530 SPECIALIZED SKILLS
- AP 540 COMMUNICATION MODES
- AP 550 ORGANIZATIONAL AND INTERPERSONAL DYNAMICS
- AP 560 LARGER CONTEXTS
- AP 570 ETHICAL ISSUES
- AP 574 REFLECTION ON PRACTICE
- AP 585 SUPPLEMENTAL COMPETENCE I (elective)

**Individualized Program Culmination**

Designed and executed by the student based on the area of focus and learning preferences, one of the following approaches is chosen.
Applied Statistics (MS)

The department offers a program of study leading to the Master of Science degree in applied statistics. The program is designed to provide students with the necessary quantitative background for employment in business, industry, or government and to provide a solid foundation for students interested in pursuing a Ph.D. degree in applied statistics. Courses in this program are offered at the O'Hare campus. Some may also be taken at the Lincoln Park campus.

Admission Information

For full admission in the master's degree program, students must have the following:

- Bachelor's degree
- Two years of calculus and linear algebra (i.e., the equivalent of one of the first-year sequences MAT 150-151-152, 160-161-162 or 170-171-172; and the second-year sequence 260 and 262)
- A course in statistics
- Applicants who do not have this preparation may be admitted on a conditional basis until they have completed the conditional requirements with grades of B or better
- If you would like application materials to be sent to you please contact the Office of Graduate Admission.

Degree Requirements

Course Requirements

- MAT 441 APPLIED STATISTICS I
- MAT 442 APPLIED STATISTICS II
- MAT 443 APPLIED STATISTICS III
- MAT 451 PROBABILITY AND STATISTICS I
- MAT 452 PROBABILITY AND STATISTICS II
- MAT 453 PROBABILITY AND STATISTICS III
- MAT 456 APPLIED REGRESSION ANALYSIS
- MAT 512 APPLIED TIME SERIES AND FORECASTING
- MAT 528 DESIGN AND ANALYSIS OF EXPERIMENTS
- MAT 526 SAMPLING THEORY AND METHODS
- At least two courses from the following list
MAT 421 BASIC BIOSTATISTICS
MAT 422 GENE EXPRESSION ANALYSIS
MAT 423 GENOME SEQUENCING
MAT 454 MULTIVARIATE STATISTICS (CROSS-LISTED 354)
MAT 455 STOCHASTIC PROCESSES
MAT 457 NONPARAMETRIC STATISTICS
MAT 458 STATISTICAL QUALITY CONTROL
MAT 459 SIMULATION MODELS AND MONTE CARLO METHOD
MAT 460 TOPICS IN STATISTICS (Reliability Theory and Life Testing, Survival Analysis, or Response Surface Methodology or Meta-Analysis
MAT 489 QUEUING THEORY WITH APPLICATIONS

Computer Usage

The department places strong emphasis on computation and is well supported with equipment and software necessary for research. The computer software packages used in most courses are likely to play an important role in the solution of the problems students will encounter in their places of employment.

Comprehensive Exam Requirement

Candidates for the Master’s of Science in Applied Statistics degree must pass two sets of comprehensive examinations. Part I covers the material in MAT 451-MAT 452-MAT 453, and Part II covers material in MAT 456, MAT 526 and MAT 528.

Comprehensive examinations are offered twice a year, in the autumn and spring quarters during last two weekends in October and April.
At the beginning of the quarter when students plan to take the comprehensive examinations, they should register with the program director.

Applied Technology (MS)

The Master of Science Program in Applied Technology (MSAT), founded in 1999, is designed for people who want to deepen their understanding and use of technology while enhancing their skills and knowledge for improving the interface between technology and humanity in organizational settings.

Key Features

- You draw on the strengths of two of DePaul University’s colleges—the School for New Learning (a leader in adult education) and the College of Computing and Digital Media (a leader in information technology).
- You develop advanced and applied capabilities in one of the following areas of “applied technology” specialization:
  - Applied Information Systems
  - Applied Network Technology
  - Applied IT Project Management
  - Applied Information Technology
  - Applied Human Computer Interaction
- You customize portions of your study by combining coursework with on-the-job applied learning projects.
- You receive assistance from a team of advisors from the University and professional community who provide coaching and mentoring to ensure your success.
- You engage in a brief/intensive series of “liberal learning” seminars designed to rekindle and/or deepen your practice in areas of inquiry, change, interpersonal communication, diversity, ethical reasoning and leadership.
- You accomplish your goal of graduate study—enhancing your expertise in applying technology and earning an accredited graduate degree with competencies endorsed by the University.
Admission Information

As indicated, the following process and components apply to all of the School for New Learning’s (SNL) graduate programs and certificates.

Application Steps

Step 1: Basic Information.

Applicant becomes knowledgeable about a particular SNL graduate program/ certificate. Various options are available for this purpose, e.g., materials, information sessions, advising appointments, etc. See the SNL website for details.

Step 2: Application and Required Materials.

Applicant submits required application materials including:

- a completed Application form and Application Fee* (*The application fee is waived for DePaul alumni.);
- a current resume;
- an Application Essay* (writing sample) that addresses key questions pertinent to assessing the “fit” of the particular program to the student and vice versa (*Application Essay is waived for certificate applicants.);
- and,
- official, sealed transcripts documenting all prior college/university coursework including demonstration of a completed undergraduate degree from a regionally accredited institution. An undergraduate cumulative GPA of 2.5 is required

NOTE: Standardized test scores are not required; however, applicants who have taken tests such as the GRE, GMAT, Miller Analogies, etc., within the previous three years are encouraged to submit their scores. International students are advised to consult the International Programs Office to learn of further University requirements that may apply.

Step 3: Interview.

Upon initial review of application materials, a representative of the SNL Graduate Admissions Committee invites qualified applicants to an admissions interview. The purpose of this interview is to enable both the particular program and the applicant to further ascertain the match or alignment between what the particular graduate program/certificate offers and what the applicant is seeking in terms of his/her graduate-learning or certificate-learning experience.

Step 4: Review.

Information gleaned from each applicant’s materials and interview is reviewed and assessed by the SNL Graduate Admissions Committee in accordance with the particular program’s admission considerations. See admissions considerations below.

Step 5: Decision.

An admission decision is rendered and communicated to the applicant in writing. As necessary, SNL Graduate Programs reserve the right to admit particular applicants conditionally. In such cases, the terms (conditions and timeline) of the conditional status are noted in the student’s acceptance letter. Failure to satisfactorily adhere to or fulfill these terms may result in academic dismissal/withdrawal from the particular program.

Admission Considerations

The following areas are considered in making admission decisions:

- applicant’s reasoning in selection of the particular graduate program or certificate (including investigation of other graduate programs/certificates);
- applicant’s understanding of the particular SNL graduate program/certificate;
- applicant’s professional background including, for graduate program applicants, his/her possession of at least three years of experience, or equivalent, relevant to the particular SNL graduate program/certificate under consideration;
• applicant’s possession of a practice-site (worksite or relevant application setting in which to apply learning from the particular SNL graduate/certificate program);
• applicant’s educational goals/objectives and the congruence between those goals and the graduate/certificate program under consideration;
• applicant’s motivation to increase competence and ability to sustain effort to achieve such;
• applicant’s learning values and skills (willingness and ability to conduct self-managed/independent learning; participate positively in peer-group learning; engage in self-assessment; engage in reflection to increase understanding and improve practice; and, organize areas of knowledge and skill into themes and describe evidence in support of such);
• applicant’s cognitive/intellectual values and skills [willingness and ability to investigate prior to making claims; engage in curiosity leading to focused and sustained attention (analysis/synthesis) regarding a point of inquiry; investigate various knowledge sources (libraries, data bases, etc.); broaden perception by exploring multiple context(s) in which knowledge exists; analyze underlying assumptions and tolerate/explore ambiguity; discriminate information from opinion; form and adapt commitments amid various contexts; reflect on the meaning of discovery; and, develop and engage a breadth of interest across multiple disciplines];
• applicant’s communication values and skills (willingness and ability to express oneself in written and oral forms including appropriately documenting sources; decipher verbal and nonverbal messages; and, respond effectively)
• applicant’s psychosocial values and skills (willingness and ability to understand and manage emotions; function with autonomy and interdependence; tolerate and appreciate differences; build and sustain positive interpersonal relationships; develop and engage a sense of self in a social, historical, and cultural contexts; and, function with moral and ethical integrity);
• applicant’s access to, and ability to use, e-mail, the Internet, and necessary computer-based software; and,
• applicant’s undergraduate cumulative GPA. (For MSAT applicants, the required minimal undergraduate cumulative GPA is 2.5.)

NOTE: The School for New Learning/DePaul University considers students on the basis of individual merit and without regard to race, color, religion, gender, sexual orientation, age, national or ethnic origin, handicap, or other factors irrelevant to participation in its programs.

Admission Status

Students are to matriculate in the quarter for which they are admitted. Students failing to do so (and who later wish to start) are responsible to update their admissions materials and, if necessary—depending on changes to those materials, reapply. The Graduate Programs Office maintains an admission file/status for one year from the date of admission.

Financial Aid

Information about applying for financial assistance is available on the SNL website.

Degree Requirements

Course Requirements

Students must complete a minimum of 58 graduate credit hours with a cumulative GPA of not less than 3.0.

Planning & Integration

• AT 598 SPECIAL TOPICS I
• AT 598 SPECIAL TOPICS II
• AT 598 SPECIAL TOPICS III
• AT 598 SPECIAL TOPICS IV

Liberal Learning

• LLS 410 PERSONAL EFFECTIVENESS
• LLS 420 INTERPERSONAL EFFECTIVENESS
Professional Core

- Prerequisite coursework per specialization (if applicable and needed)
- Foundational coursework per specialization
- Advanced coursework per specialization

Independent Work-based Projects

Choose from three areas below

- AT 519 MAIN THEORIES
- AT 529 METHODS OF RESEARCH
- AT 539 SPECIALIZED SKILLS
- AT 549 COMMUNICATION MODES
- AT 559 ORGANIZATIONAL AND INTERPERSONAL DYNAMICS
- AT 569 LARGER CONTEXTS
- AT 579 ETHICAL ISSUES
- AT 589 REFLECTION ON PRACTICE (required)

Arts Leadership (MFA)

The Theatre School's graduate Arts Leadership Fellowship is a two-year master of fine arts (MFA) program that combines full-time employment at Chicago Shakespeare Theater with full-time coursework at DePaul University. This rigorous program, distinct among competitive programs, is designed to prepare students to become highly skilled leaders in the complex and sophisticated world of the arts.

Admission Information

The first charter of DePaul University included a statement on nondiscrimination and the policy has been enforced vigorously for 100 years. Students, faculty and the public are entitled to equal treatment regardless of race, creed or color. It is the policy of The Theatre School to make admission decisions without regard to the race, color, religion, age, gender, sexual orientation, national origin or handicap of the candidate. Admission to the Master of Fine Arts degree programs is based on evidence of ability to be successful in graduate study. Specific requirements include:

- Completion of an undergraduate degree from a regionally accredited college or university (as evidenced by official transcripts).
- Completion of graduate application materials.
- Three letters of recommendation.
- Demonstration of special competence in the major area through an audition or interview.

Interview

In addition to the application materials, arts leadership applicants submit a series of written statements including...
a personal statement. Please contact The Theatre School’s Admissions Office for exact written requirements.

Arts Leadership applicants are evaluated by an admissions committee and semi-finalists are contacted for phone interviews. Finalists are selected for an in-person interview with personnel from The Theatre School and Chicago Shakespeare Theater. The in-person interview will take place in Chicago at applicant’s expense. Significant consideration regarding the admissions decision will be placed on the in-person interview.

**Application Deadline and Entry Terms**

Applications are only accepted for entry into the fall quarter of each academic year and are generally accepted from September through January for entry the following fall.

**Degree Requirements**

**Course Requirements**

**First Year**

- MPS 500 INTRODUCTION TO PUBLIC SERVICE MANAGEMENT
- CMNS 546 BUSINESS AND PROFESSIONAL COMMUNICATION
- WRD 522 WRITING IN THE PROFESSIONS (CROSS-LISTED AS MLS 459 AND MPS 508)
- MPS 515 NONPROFIT FINANCIAL ADMINISTRATION
- MGT 530 LEADERSHIP IN ORGANIZATIONS
- MPS 519 RESOURCE DEVELOPMENT
- Synthesis Seminar
  - THE 521 ARTS LEADERSHIP SYNTHESIS SEMINAR
  - THE 522 ARTS LEADERSHIP SYNTHESIS SEMINAR
  - THE 523 ARTS LEADERSHIP SYNTHESIS SEMINAR
- Graduate Management Practicum
  - THE 511 GRADUATE MANAGEMENT PRACTICUM
  - THE 512 GRADUATE MANAGEMENT PRACTICUM
  - THE 513 GRADUATE MANAGEMENT PRACTICUM

**Second Year**

- MPS 525 WORKING WITH NONPROFIT BOARDS
- MPS 561 LAW AND NONPROFIT ORGANIZATIONS (FORMERLY MPS 532)
- AP 550 ORGANIZATIONAL AND INTERPERSONAL DYNAMICS
- Synthesis Seminar
  - THE 621 ARTS LEADERSHIP SYNTHESIS SEMINAR
  - THE 622 ARTS LEADERSHIP SYNTHESIS SEMINAR
- Graduate Management Practicum
  - THE 611 GRADUATE MANAGEMENT PRACTICUM
  - THE 612 GRADUATE MANAGEMENT PRACTICUM
  - THE 613 GRADUATE MANAGEMENT PRACTICUM
- THE 681 ARTS LEADERSHIP THESIS PROJECT
- Elective Courses – eight credits total, as approved by advisor
Banking (MBA)

The Banking MBA concentration allows students to study money, capital markets, and banking as a means to understanding how financial markets determine interest rates and why different assets earn different rates of returns.

Admission Information

Applicants must possess the equivalent of a bachelor's degree from a regionally accredited institution. A prospective graduate student is expected to present a superior overall previous academic record and an above average total GMAT score (or GRE score where appropriate) including high achievement on the verbal, quantitative, and on the analytical writing assessment. The examination must have been taken no earlier than five years prior to the date of admission to the program.

Other factors, such as work experience and career progression, are also important and will be considered by the Admissions Committee. All applicants are required to submit two professional letters of recommendation as well as a current resume.

All prospective students are welcome to arrange a meeting with an admissions counselor. Please phone the graduate school office for an informal appointment. Interviews are not required as part of the admissions process for the part-time M.B.A. program, but may be requested by the Admissions Committee. Interviews for the full-time M.B.A. and weekend M.B.A. programs are on an invitation-only basis. Once a completed application has been received, a preliminary review is completed and selected candidates are invited to interview.

Each applicant is considered on an individual basis. The full-time and weekend M.B.A. programs do have limited enrollments, but for the other graduate business programs there currently is no predetermined limit to the number of students who can be admitted. Thus, for these programs, all students who are judged eligible by the Admissions Committee will be invited to matriculate.

Graduate Management Admission Test (GMAT)

To be considered for admission as a degree seeking student, an applicant will be required to submit a score from the Graduate Management Admission Test (GMAT). GMAT information including dates, a list of test centers, and applications for the exam may be obtained at www.mba.com or by contacting Pearsonvue at 1-800-717-4628. The GMAT score report must come directly from Pearsonvue. A test taken more than five years prior to the date of application is not considered valid for admission purposes and would have to be retaken. An exception may be made for individuals who hold a doctoral or other terminal degree awarded by an appropriately accredited institution. An exception may also be made for fully certified CPA's applying to the Master of Science in Taxation program. Applicants to the Master of Science in Human Resources Management and the Master of Science in Economics and Policy Analysis may submit either a GMAT or GRE (Graduate Records Examinations) score. As with the GMAT, GRE scores are valid for five years.

Application Deadlines

For the day MBA program (Full-time):

Admission to the Day M.B.A. program is competitive and is limited to the Autumn Quarter. There are three application rounds, with deadlines of February 1, April 1 and July 1. Application review begins in January, and you are encouraged to apply as early as possible. Decisions are mailed on an ongoing basis beginning in January, and applicants should expect to receive an admission decision approximately 4 weeks after their application becomes complete.

Applicants who wish to be considered for scholarships and graduate assistantships should apply during the first two application rounds. These awards are generally not available to applicants who apply after April 1.

Late applications submitted after the final July 1 deadline may be considered if space remains available in the incoming class.
For the weekend MBA and MS in Economic Policy Analysis programs:

Applications must be submitted by July 1st. Applications received after July 1st will be considered on a space available basis.

For all other graduate business programs:

Applications must be submitted by:

- July 1st for the Autumn Quarter
- October 1st for the Winter Quarter
- February 1st for the Spring Quarter
- April 1st for the Summer Quarter

Applicants educated outside the United States must submit their applications one month prior to the above deadlines.

Transcripts

Degree seeking applicants must present official transcripts from each junior college, college, and university attended (even if only for one course) including DePaul University, if applicable. Credits transferred and posted on the record of a second school do not constitute an official transcript of the original school. Transcripts that are already on file as part of a student record in another College Office at DePaul may be required to remain there and in that case cannot be transferred to the Graduate School of Business Office.

Applicants should write to the Registrar of each school attended, requesting that an official transcript be sent to the student. Once all of the transcripts have been received applicants should submit them to the graduate school office in their original envelopes with the applicant's name, date of birth and program of interest noted on the envelope. We will then add the transcripts to the applicant's admission file.

An applicant who is still taking courses or completing a program at the time he/she submits an application to the Graduate School of Business will not receive full admission until a final and official transcript listing the degree awarded has been submitted to the Admissions Committee. Please see Conditional Admission and Non-degree Status for more information regarding admission prior to posting of an undergraduate degree.

Readmission

A student previously admitted who has been absent from DePaul for one year or longer must complete the application form and submit a transcript of any courses taken elsewhere during his/her absence. A student must submit a written explanation of his/her absence from the program and an updated resume. A $30 application fee is required.

If the original application has been destroyed (after an absence of two years), the student may be required to complete a new application in full.

Special Instructions for International Applicants

Educational Credentials For International Students or Programs

Applicants must submit transcripts from all colleges and universities attended, including those attended but from which no credit was earned. Exceptions may be permitted for study-abroad credit when that credit is clearly defined and displayed on the home institution transcript.

Applicants with non-U.S. educational credentials for Winter term 2012 and beyond are required to submit their official educational credentials (e.g., transcripts, mark sheets, degree certificates, graduation diplomas) and evaluation fee directly to one of the three evaluation companies below:

- Educational Credential Evaluators, Inc.
- Educational Perspectives
- One Earth International Credential Evaluation

These evaluators will then provide DePaul with a general evaluation of their studies and certified copies of their international educational credentials which will be used during admission review. Please direct any questions about required credentials to the evaluation company you have selected and not to the Kellstadt Graduate School of Business. DePaul will not accept evaluations from any other evaluation companies and will not accept any educational credentials without an evaluation from ECE, EP or One Earth.
English Proficiency

Non-native English speakers who have not completed a bachelor’s or master’s degree in the United States should submit scores from a recognized English proficiency test. The Kellstadt Graduate School of Business accepts results from TOEFL, IELTS and the Pearson Test of English (PTE).

MBA Core Requirements

Course Requirements

- ACC 500 FINANCIAL ACCOUNTING
- ACC 555 MANAGEMENT ACCOUNTING FOR DECISION-MAKING
- ECO 509 BUSINESS CONDITIONS ANALYSIS
- ECO 555 ECONOMICS FOR DECISION-MAKING
- FIN 555 FINANCIAL MANAGEMENT
- GSB 420 APPLIED QUANTITATIVE ANALYSIS
- GSB 599 STRATEGIC ANALYSIS FOR COMPETING GLOBALLY
- MGT 500 MANAGING FOR EFFECTIVE AND ETHICAL ORGANIZATIONAL BEHAVIOR
- MGT 502 OPERATIONS MANAGEMENT
- MGT 555 STRATEGIC MANAGEMENT OF HUMAN RESOURCES
- MIS 555 MANAGEMENT OF INFORMATION TECHNOLOGY
- MKT 555 DECISIONS IN MARKETING MANAGEMENT

Concentrations

In addition to the required core courses, students have six electives they can use to take courses in a specific area of interest. These electives are typically used by students to select one or more concentrations in the area(s) that offer the knowledge, skills, and abilities that best fit the student’s educational needs and interests.

While many students choose to have a specific area of concentration, those who would like more flexibility in selecting courses may choose the general business concentration instead. With this option, the student is free to choose six courses from several different areas of study within the graduate school of business.

If a student does not indicate a specific concentration of interest in the application for admission the student will be assigned to the general business concentration.

M.B.A. Options

Day M.B.A. (Full-time Accelerated)

The Day M.B.A. Program fulfills the business world’s demand for M.B.A. graduates with the ability to understand and manage complex business processes. Students who choose this program option will take all of their foundation and core classes in a full-time, lock step format during the first four terms of the program. Upon completion of the prerequisite core courses, students may begin taking their concentration classes at their own pace. Students in the Day M.B.A. Program may choose to specialize in any of the generally available MBA concentrations offered by the Kellstadt Graduate School of Business.

Evening M.B.A. (All Campuses)

All of the core course requirements for the M.B.A. are offered at the Loop and the Naperville and O'Hare suburban campuses. Required core courses are offered every quarter at the Loop campus but variably at the suburban campuses. All requirements are offered at least once each year at each of these locations.

Three full concentrations are available at each of the suburban campuses. These are Finance, Marketing Management and General Business. Electives applicable to other concentrations will be offered variably at the suburban locations but it may be necessary to travel to Loop campus to complete concentrations other than these three.

Weekend M.B.A. at O'Hare Campus
The Weekend M.B.A. Program is a rigorous yet rewarding program designed for the self-directed manager with an interest in using technology to supplement traditional M.B.A. coursework. The curriculum provides knowledge in each of the major business functions along with specialized courses in Management and Finance such that students may earn concentrations in Finance and/or Operations Management as part of the weekend program. Upon completion of the required core sequence of courses, students are able to select concentration courses from among the more than 35 concentrations available to part-time M.B.A. students. Please note that only the Finance and Operations Management concentrations are available in the weekend format.

Each course is taught as a blend of traditional lecture and distance learning formats. Classes meet on alternate Saturdays at the O'Hare Campus. Students will work via distance learning in the weeks between class meetings. Admitted students will proceed through the program as a cohort group. Admission to the program is for fall quarter only.

**Concentration Requirements**

The required courses in the Banking concentration are designed to study money, capital markets, and banking as a means to understanding how financial markets determine interest rates and why different assets earn different rates of returns. The economic functions of financial services firms, the role and function of central banks in the economy and how the actions of central banks interacting with asset markets affect the macro economy will be studied.

The present structure of banking will be studied with particular emphasis on the relationship between commercial banking practices and economic stabilization goals. Issues in financial engineering, bank asset/liability management, capital adequacy, new dimensions in banking, and the current regulatory structure governing the operations of banking organizations are also included.

Students complete the Banking concentration by taking three required courses and one elective from the list of courses provided:

- FIN 512 COMMERCIAL BANKING
- FIN 513 MONEY AND CAPITAL MARKETS
- FIN 523 INVESTMENT ANALYSIS
- One course selected from the following
  - FIN 524 FINANCIAL STATEMENT ANALYSIS
  - FIN 557 INTERNATIONAL FINANCE
  - FIN 562 RISK MANAGEMENT
  - FIN 798 SPECIAL TOPICS: CREDIT RISK MANAGEMENT
  - FIN 798 SPECIAL TOPICS: INVESTMENT BANKING
  - FIN 798 SPECIAL TOPICS: ALTERNATIVE INVESTMENT

**Behavioral Finance (MBA)**

The field of Behavioral Finance is one of the fastest growing areas in finance. This growth is fueled by a desire on the part of investment professionals for a better understanding of the dynamics of asset selection and performance measurement. Because of this interest, financial services firms have increased their demand for graduates who have had exposure to the field. The field represents perhaps the most important new research streams in Finance in the last 10 years.

The Behavioral Finance MBA concentration gives students a thorough understanding of the dynamics of asset selection and performance measurement.
Admission Information

Applicants must possess the equivalent of a bachelor's degree from a regionally accredited institution. A prospective graduate student is expected to present a superior overall previous academic record and an above average total GMAT score (or GRE score where appropriate) including high achievement on the verbal, quantitative, and on the analytical writing assessment. The examination must have been taken no earlier than five years prior to the date of admission to the program.

Other factors, such as work experience and career progression, are also important and will be considered by the Admissions Committee. All applicants are required to submit two professional letters of recommendation as well as a current resume.

All prospective students are welcome to arrange a meeting with an admissions counselor. Please phone the graduate school office for an informal appointment. Interviews are not required as part of the admissions process for the part-time M.B.A. program, but may be requested by the Admissions Committee. Interviews for the full-time M.B.A. and weekend M.B.A. programs are on an invitation-only basis. Once a completed application has been received, a preliminary review is completed and selected candidates are invited to interview.

Each applicant is considered on an individual basis. The full-time and weekend M.B.A. programs do have limited enrollments, but for the other graduate business programs there currently is no predetermined limit to the number of students who can be admitted. Thus, for these programs, all students who are judged eligible by the Admissions Committee will be invited to matriculate.

Graduate Management Admission Test (GMAT)

To be considered for admission as a degree seeking student, an applicant will be required to submit a score from the Graduate Management Admission Test (GMAT). GMAT information including dates, a list of test centers, and applications for the exam may be obtained at www.mba.com or by contacting Pearsonvue at 1-800-717-4628. The GMAT score report must come directly from Pearsonvue. A test taken more than five years prior to the date of application is not considered valid for admission purposes and would have to be retaken. An exception may be made for individuals who hold a doctoral or other terminal degree awarded by an appropriately accredited institution. An exception may also be made for fully certified CPA's applying to the Master of Science in Taxation program. Applicants to the Master of Science in Human Resources Management and the Master of Science in Economics and Policy Analysis may submit either a GMAT or GRE (Graduate Records Examinations) score. As with the GMAT, GRE scores are valid for five years.

Application Deadlines

For the day MBA program (Full-time):

Admission to the Day M.B.A. program is competitive and is limited to the Autumn Quarter. There are three application rounds, with deadlines of February 1, April 1 and July 1. Application review begins in January, and you are encouraged to apply as early as possible. Decisions are mailed on an ongoing basis beginning in January, and applicants should expect to receive an admission decision approximately 4 weeks after their application becomes complete.

Applicants who wish to be considered for scholarships and graduate assistantships should apply during the first two application rounds. These awards are generally not available to applicants who apply after April 1.

Late applications submitted after the final July 1 deadline may be considered if space remains available in the incoming class.

For the weekend MBA and MS in Economic Policy Analysis programs:

Applications must be submitted by July 1st. Applications received after July 1st will be considered on a space available basis.

For all other graduate business programs:

Applications must be submitted by:

- July 1st for the Autumn Quarter
October 1st for the Winter Quarter
February 1st for the Spring Quarter
April 1st for the Summer Quarter

Applicants educated outside the United States must submit their applications one month prior to the above deadlines.

**Transcripts**

Degree seeking applicants must present official transcripts from each junior college, college, and university attended (even if only for one course) including DePaul University, if applicable. Credits transferred and posted on the record of a second school do not constitute an official transcript of the original school. Transcripts that are already on file as part of a student record in another College Office at DePaul may be required to remain there and in that case cannot be transferred to the Graduate School of Business Office.

Applicants should write to the Registrar of each school attended, requesting that an official transcript be sent to the student. Once all of the transcripts have been received applicants should submit them to the graduate school office in their original envelopes with the applicant's name, date of birth and program of interest noted on the envelope. We will then add the transcripts to the applicant's admission file.

An applicant who is still taking courses or completing a program at the time he/she submits an application to the Graduate School of Business will not receive full admission until a final and official transcript listing the degree awarded has been submitted to the Admissions Committee. Please see Conditional Admission and Non-degree Status for more information regarding admission prior to posting of an undergraduate degree.

**Readmission**

A student previously admitted who has been absent from DePaul for one year or longer must complete the application form and submit a transcript of any courses taken elsewhere during his/her absence. To complete the Behavioral Finance concentration, students must complete the following four courses:

- FIN 523 INVESTMENT ANALYSIS
- FIN 581 THE PSYCHOLOGY OF FINANCIAL DECISION MAKING
- FIN 582 THE PSYCHOLOGY OF FINANCIAL MARKETS
- FIN 583 BEHAVIORAL ASPECTS OF CORPORATE FINANCE

Bilingual-Bicultural Education (MA)

The Bilingual Bicultural Education program offers a comprehensive and in-depth examination of the linguistic, academic, social, and cultural needs of English language learners by addressing second language acquisition and bilingual/ESL educational theory, research, policy, and practice. The foundation of the program rests on the sociopolitical, linguistic, and cultural implications of approaches to language education and language policies. The program offers two concentrations for Illinois State endorsement: Bilingual Education (BE) and English as a Second Language (ESL).

Certification Option

Students seeking the Master’s degree in Bilingual Bicultural Education have the option to also pursue an Illinois initial or subsequent teaching certificate. Please consult your academic advisor as an additional program application may be required.

Endorsements

- Bilingual Education (BE): Requires an Illinois target language proficiency (TLP) test in addition to the required coursework and field experience hours.
- English as a Second Language (ESL): Must complete the required coursework and field experience hours (does not require a language proficiency test).

Endorsement Application

Individuals must submit an application directly to the Illinois State Board of Education (ISBE) upon successful completion of the required coursework and certification tests. All individuals must meet ISBE requirements at the time of application. Requirements are subject to change per the discretion of ISBE. All certification guidelines, rules, and requirements can be found on the ISBE website.
Admission Information

Admission Requirements

- A completed College of Education graduate application
- A Bachelor’s degree conferred by an accredited, recognized institution
- A previous grade point average of 2.75 or above on a 4.0 scale
- A resume or curriculum vitae
- Two letters of recommendation from professors or supervisors
- One official transcript from all colleges and/or universities attended
- Statement of purpose indicating professional development goals and related experience (750 words)

College Requirements

Dispositions

The academic programs within the College of Education have set forth these dispositions as educational and professional expectations for all students. Students should be aware that failing to abide by DePaul University or College of Education policies including, under certain circumstances, these dispositions, could result in adverse consequences for the student, including removal from his or her program, the College of Education, or the University.

- Is receptive to faculty feedback and acts meaningfully and professionally upon suggestions
- Reflects on his or her own progress and identifies strengths and weaknesses, including evaluating strategies for success, finding alternatives for inappropriate strategies, and modifying future practices
- Demonstrates a positive attitude and commitment to the profession
- Demonstrates thoughtful, effective verbal and non-verbal communication and listening skills
- Respects and considers cultural contexts in order to determine how to be responsive to learners and to proactively promote all students' learning
- Is committed to collaboration with colleagues, families, and communities in order to promote all students' learning and development
- Demonstrates professional ethical and legal behavior as defined by the respective codes of ethics and laws
- Recognizes and fulfills professional responsibilities and habits of conduct (e.g., dress, language, preparedness, attendance, punctuality, etc.)
- Demonstrates concern for and protection of safety and well-being of others

Degree Conferral and Graduation

The awarding of a degree is not automatic. You must submit an application to be considered for the degree. DePaul awards and posts degrees at the end of each regular academic term (autumn, winter, spring, summer I and summer II). It is your responsibility to initiate the degree conferral application process by submitting an online application. Submitting an application means you intend to finish your degree requirements by the end of the term for which you have applied.

Graduate students must be approved for student teaching and complete student teaching, seminar, and induction courses to be cleared for the degree. Student must submit graduation application for the quarter you are completing the final course (student teaching is considered a course).

After you submit the application, you cannot register for any term after the one selected in the application.

Application deadlines are as follows:
- Fall Quarter - October 1st
- Winter Quarter - January 15th
- Spring Quarter - February 1st
- Summer I Quarter - June 1st
- Summer II Quarter - July 15th
Degree Requirements

Course Requirements

Social and Cultural Foundations Courses: 12 quarter hours required, grade of C or better required

- SCG 408 EDUCATION AND SOCIETY
- SCG 410 INTRODUCTION TO RESEARCH: PURPOSES, ISSUES, AND METHODOLOGIES
- SCG 439 PHILOSOPHY AND PSYCHOLOGY OF YOUTH AND MIDDLE LEVEL EDUCATION

Bilingual Bicultural Courses: 36 quarter hours required, grade of C or better required

- BBE 402 BILINGUAL-BICULTURAL PROGRAM DESIGN AND CURRICULUM DEVELOPMENT
- BBE 404 LANGUAGE, LITERACY AND CULTURE
- BBE 406 SOCIOCULTURAL AND HISTORICAL PERSPECTIVES IN BILINGUAL EDUCATION
- BBE 407 EQUITY ISSUES IN ASSESSMENT
- BBE 425 BILITERACY PRACTICES IN BILINGUAL EDUCATION AND ESL
- BBE 466 FIRST AND SECOND LANGUAGE ACQUISITION
- BBE 520 RESEARCH METHODS IN BILINGUAL & BICULTURAL STUDIES
- BBE 524 METHODS OF TEACHING ESL
- BBE 526 THEORETICAL FOUNDATIONS OF TEACHING ESL

100 Field Experience Hours: Non-credit, non-tuition, PA grade required

- BBE 97 100 FIELD EXPERIENCE HOURS IN ESL / BE DOCUMENTED

Master of Arts (M.A.) Degree Requirements: 4 quarter hours, grade of C or better required

- BBE 589 THESIS RESEARCH IN BILINGUAL-BICULTURAL EDUCATION (4 quarter hours)

The Master's Thesis is completed in conjunction with faculty advisement. Preparation for the writing of the Thesis should begin well in advance of the completion of coursework. Oral examination on Thesis required. Consult the M.A. Thesis Handbook for additional information.
Bilingual-Bicultural Education (MED)

The Bilingual Bicultural Education program offers a comprehensive and in-depth examination of the linguistic, academic, social, and cultural needs of English language learners by addressing second language acquisition and bilingual/ESL educational theory, research, policy, and practice. The foundation of the program rests on the sociopolitical, linguistic, and cultural implications of approaches to language education and language policies. The program offers two concentrations for Illinois State endorsement: Bilingual Education (BE) and English as a Second Language (ESL).

Certification Option

- Students seeking the Master's degree in Bilingual Bicultural Education have the option to also pursue an Illinois initial or subsequent teaching certificate. Please consult your academic advisor as an additional program application may be required.

Endorsements

- Bilingual Education (BE): Requires an Illinois target language proficiency (TLP) test in addition to the required coursework and field experience hours.
- English as a Second Language (ESL): Must complete the required coursework and field experience hours (does not require a language proficiency test).

Endorsement Application

Individuals must submit an application directly to the Illinois State Board of Education (ISBE) upon successful completion of the required coursework and certification tests. All individuals must meet ISBE requirements at the time of application. Requirements are subject to change per the discretion of ISBE. All certification guidelines, rules, and requirements can be found on the ISBE website.

Admission Information

Admission Requirements

- A completed College of Education graduate application
- A Bachelor's degree conferred by an accredited, recognized institution
- A previous grade point average of 2.75 or above on a 4.0 scale
- A resume or curriculum vitae
- Two letters of recommendation from professors or supervisors
- One official transcript from all colleges and/or universities attended
- Statement of purpose indicating professional development goals and related experience (750 words)
Degree Requirements

Course Requirements

Social and Cultural Foundations Courses: 12 quarter hours required, grade of C or better required

- SCG 408 EDUCATION AND SOCIETY
- SCG 410 INTRODUCTION TO RESEARCH: PURPOSES, ISSUES, AND METHODOLOGIES
- SCG 439 PHILOSOPHY AND PSYCHOLOGY OF YOUTH AND MIDDLE LEVEL EDUCATION

Bilingual Bicultural Courses: 36 quarter hours required, grade of C or better required

- BBE 402 BILINGUAL-BICULTURAL PROGRAM DESIGN AND CURRICULUM DEVELOPMENT
- BBE 404 LANGUAGE, LITERACY AND CULTURE
- BBE 406 SOCIOCULTURAL AND HISTORICAL PERSPECTIVES IN BILINGUAL EDUCATION
- BBE 407 EQUITY ISSUES IN ASSESSMENT
- BBE 425 BILITERACY PRACTICES IN BILINGUAL EDUCATION AND ESL
- BBE 466 FIRST AND SECOND LANGUAGE ACQUISITION
- BBE 520 RESEARCH METHODS IN BILINGUAL & BICULTURAL STUDIES
- BBE 524 METHODS OF TEACHING ESL
- BBE 526 THEORETICAL FOUNDATIONS OF TEACHING ESL

100 Field Experience Hours: Non-credit, non-tuition, PA grade required

- BBE 97 100 FIELD EXPERIENCE HOURS IN ESL / BE DOCUMENTED

Master of Education (M.Ed.) Degree Requirements: 4 quarter hours, grade of C or better required

- BBE 510 SPECIAL TOPICS IN LANGUAGE EDUCATION (4 quarter hours, M.Ed. degree only)
- BBE 608 CAPSTONE IN BILINGUAL-BICULTURAL EDUCATION (non-credit, non-tuition, PA grade required)

Capstone project completed in conjunction with faculty advisement.

College Requirements

Dispositions

The academic programs within the College of Education have set forth these dispositions as educational and professional expectations for all students. Students should be aware that failing to abide by DePaul University or College of Education policies including, under certain circumstances, these dispositions, could result in adverse consequences for the student, including removal from his or her program, the College of Education, or the University.

- Is receptive to faculty feedback and acts meaningfully and professionally upon suggestions
- Reflects on his or her own progress and identifies strengths and weaknesses, including evaluating strategies for success, finding alternatives for inappropriate strategies, and modifying future practices
- Demonstrates a positive attitude and commitment to the profession
- Demonstrates thoughtful, effective verbal and non-verbal communication and listening skills
- Respects and considers cultural contexts in order to determine how to be responsive to learners and to proactively promote all students' learning
- Is committed to collaboration with colleagues, families, and communities in order to promote all students' learning and development
- Demonstrates professional ethical and legal behavior as defined by the respective codes of ethics and laws
- Recognizes and fulfills professional responsibilities and habits of conduct (e.g., dress, language, preparedness, attendance, punctuality, etc.)
- Demonstrates concern for and protection of safety and well-being of others

**Degree Conferral and Graduation**

The awarding of a degree is not automatic. You must submit an application to be considered for the degree. DePaul awards and posts degrees at the end of each regular academic term (autumn, winter, spring, summer I and summer II).

It is your responsibility to initiate the degree conferral application process by submitting an online application. Submitting an application means you intend to finish your degree requirements by the end of the term for which you have applied.

Graduate students must be approved for student teaching and complete student teaching, seminar, and induction courses to be cleared for the degree. Student must submit graduation application for the quarter you are completing the final course (student teaching is considered a course).

After you submit the application, you cannot register for any term after the one selected in the application.

Application deadlines are as follows:
- Fall Quarter - October 1st
- Winter Quarter - January 15th
- Spring Quarter - February 1st
- Summer I Quarter - June 1st
- Summer II Quarter - July 15th

To apply for degree conferral, log on to Campus Connection. Select FOR STUDENTS, then GRADUATION, then APPLY FOR DEGREE CONFERRAL. On screen instructions will take you through the application process.

Provided that all requirements and financial obligations are met, degrees are posted 30 days after the official end of the term. Official dates are listed on the Academic Calendar.

DePaul holds one commencement ceremony each year in June. If you intend to participate, you must first apply for degree conferral for the current academic year and then submit a cap and gown order. Honors are not announced at the ceremony for undergraduates completing their final courses in spring quarter because a final GPA is not available at the time of the ceremony.

Additional information about degree conferral and graduation can be found on the College of Education website.

**Biological Sciences (MA)**

A program of study leading to the Master of Arts degree in Biology is designed for students who:

- Have a strong desire to increase their understanding of the life sciences.
- Plan additional education at the master's level for increased proficiency in teaching. This program is not intended for those students pursuing technical and/or laboratory research-related careers, or planning to continue study towards the Ph.D. degree.
Admission Information

For full admission, students will generally have the following:

- Bachelor's degree: major in biological sciences or its equivalent.
- Chemistry: minimum two academic years, including one year of organic.
- General Physics: one year.
- Calculus: one year.
- Working knowledge of computers and of statistics.
- Prerequisite course work completed by the end of the first year of graduate study.
- Transcript of credits.
- Graduate Record Examination Scores.
- Three letters of recommendation from science professors, preferably biology.
- Grade point average of at least 3.0 on a scale of 4.

Degree Requirements

Course Requirements

- BIO 495 INTRODUCTION TO GRADUATE STUDY
- BIO 400 DEVELOPMENT OF TOPICS FOR RESEARCH
- Three courses from the Ecology, Evolution and Population Biology core area
- Three courses from the Genetics, Cell and Molecular Biology core area
- Three courses from the Physiology and Neurobiology core area
- One additional course from any of the core areas

Core Areas of Study

Ecology, Evolution, and Population Biology

- BIO 415 TOPICS IN ECOLOGY
- BIO 417 AQUATIC BIOLOGY
- BIO 420 MICROBIAL ECOLOGY
- BIO 421 MOLECULAR METHODS IN ECOLOGY AND EVOLUTION
- BIO 435 CONCEPTS IN EVOLUTION
- BIO 445 TOPICS IN PALEOBIOLOGY
- BIO 447 TOPICS IN MEDICAL BACTERIOLOGY

Genetics, Cell and Molecular Biology

- BIO 409 PLANT PHYSIOLOGY
- BIO 421 MOLECULAR METHODS IN ECOLOGY AND EVOLUTION
- BIO 425 CELLULAR EVENTS IN THE IMMUNE RESPONSE
- BIO 430 DEVELOPMENTAL BIOLOGY
- BIO 447 TOPICS IN MEDICAL BACTERIOLOGY
- BIO 448 THE BIOLOGY OF INFECTION
- BIO 450 PROBLEMS IN CELL MOTILITY
- BIO 455 GENETIC TOXICOLOGY
- BIO 460 MOLECULAR BIOLOGY
- BIO 461 TOPICS IN MOLECULAR BIOLOGY
- BIO 462 BIOINFORMATICS FOR BENCH SCIENTISTS
- BIO 471 IMMUNOBIOLOGY
- BIO 475 INTRODUCTION TO PHARMACOLOGY
- BIO 380 CANCER BIOLOGY
Physiology and Neurobiology

- BIO 409 PLANT PHYSIOLOGY
- BIO 439 CELLULAR NEUROBIOLOGY
- BIO 440 SYSTEMS NEUROBIOLOGY
- BIO 441 TOPICS IN NEUROBIOLOGY
- BIO 452 ADVANCED COMPARATIVE PHYSIOLOGY
- BIO 465 PRINCIPLES OF TOXICOLOGY
- BIO 475 INTRODUCTION TO PHARMACOLOGY
- BIO 485 MAMMALIAN REPRODUCTION
- BIO 486 INTRODUCTION TO ENDOCRINOLOGY

BIO 490 - Special Topics, as appropriate, may also be approved in one of the three core areas.

Advancement to Candidacy

Based upon results of a qualifying examination taken near the end of the third quarter of the student's first full year of course work.

Final Project Requirement

Based upon an independent library research project under the supervision of a faculty member. Up to four credit hours of BIO 496 RESEARCH may be taken to complete the Final Project.

Program Graduate Academic Student Handbook

Probation

Students are expected to maintain a minimum cumulative grade point average (GPA) of 3.0. If a student's cumulative GPA goes below this minimum the student will be put on probation and will have one quarter to bring their GPA up to the minimum or face dismissal from the program. If the student's GPA goes below the minimum a second time, they will be dismissed from the program.

Dismissal

In addition to the minimum GPA requirement, students may be dismissed for breaches of academic integrity, breaches of the code of student responsibility, failing a retake of the oral qualifying exam, or lack of progress towards degree completion. Students who have completed their coursework, but who are still working on their final project (MA) must be enrolled in candidacy continuation during the three quarters of the academic school year. Failure to enroll in candidacy continuation will result in dismissal from the program.

Readmission

If a student leaves the program for any reason they must reapply to the program unless prior agreement for readmission has been granted by the Director of Graduate Studies in Biology (hereafter, Program Director). A specific timeline for readmission must be specified and agreed to by the Program Director prior to the student leaving the program.

Transfer Credit

Two semester courses or three quarter courses from another institution or program may be accepted as transfer credit upon approval of the Program Director. Credit will only be transferred for courses that have equivalents in the DePaul curriculum as determined by the Program Director.

Undergraduate Courses

No undergraduate courses will be counted towards the graduate degree.
Graduation Requirements

In order to graduate, students must satisfy the degree requirements as specified in the course catalog for MA degrees, including but not limited to maintaining a minimum cumulative GPA of 3.0.

Graduation with Distinction

The criteria for graduating with distinction are earning a minimum 3.5 cumulative grade point average in graduate level biology courses and the recommendation of the final project/thesis committee.

A final project committee needs to be established by Nov 1 of the student's second year of study. The Advisor and two committee members (typically DePaul faculty members) will read and evaluate final project.

The responsibility of the final project committee is to assess whether the candidate has achieved the following:

- While conducting his/her research the candidate has become an independent thinker and researcher. They have demonstrated problem solving abilities, have been self-motivated, and have shown determination in accomplishing his/her research goals.
- In presenting his/her research the candidate can done a comprehensive review and effectively communicate the key issues associated with their topic. They demonstrate their understanding of the field by effectively answering questions during the final project presentation.
- Has an in depth understanding of the field and synthesized it in a way which points in new/creative experimental and/or analytical directions that have the potential to contribute to new approaches in better understanding the research area.

Biological Sciences (MS)

A program of study leading to the Master of Science degree in Biology designed for students who:

- Have a strong desire to increase their understanding of the life sciences.
- Plan additional education at the master's level for increased proficiency in teaching and/or research.
- Plan to continue study toward the Ph.D. degree.

The master's program provides lecture, laboratory and seminar courses—along with learning experiences in research and undergraduate laboratory assisting, to aid students in achieving their stated goals. Students develop a particular concentration of studies in consultation with their faculty advisor.

Admission Information

For full admission, students will generally have the following:

- Bachelor’s degree: major in biological sciences or its equivalent.
- Chemistry: minimum two academic years, including one year of organic.
- General Physics: one year.
- Calculus: one year.
- Working knowledge of computers and of statistics.
- Prerequisite course work completed by the end of the first year of graduate study.
- Transcript of credits.
- Graduate Record Examination Scores.
- Three letters of recommendation from science professors, preferably biology.
- Grade point average of at least 3.0 on a scale of 4
Degree Requirements

Course Requirements

52 hours of graduate credit including:

- BIO 400 DEVELOPMENT OF TOPICS FOR RESEARCH
- BIO 495 INTRODUCTION TO GRADUATE STUDY
- Eight quarter hours of BIO 498 RESEARCH FOR MASTER'S THESIS
- At least eight additional quarter hours of Research
- At least two courses from the Ecology, Evolution, and Population biology core area
- At least two courses from the Genetics, Cell and Molecular biology core area
- At least two courses from the Physiology and Neurobiology core area

Graduate students are also required to attend all of the seminars presented in the department's Seminar Series.

Core Areas of Study

Ecology, Evolution, and Population Biology

- BIO 415 TOPICS IN ECOLOGY (CROSS-LISTED AS BIO 315)
- BIO 417 AQUATIC BIOLOGY (CROSS-LISTED AS BIO 317)
- BIO 420 MICROBIAL ECOLOGY
- BIO 421 MOLECULAR METHODS IN ECOLOGY AND EVOLUTION
- BIO 435 CONCEPTS IN EVOLUTION
- BIO 445 TOPICS IN PALEOBIOLGY
- BIO 447 TOPICS IN MEDICAL BACTERIOLOGY

Genetics, Cell and Molecular Biology

- BIO 409 PLANT PHYSIOLOGY
- BIO 421 MOLECULAR METHODS IN ECOLOGY AND EVOLUTION

- BIO 460 MOLECULAR BIOLOGY
- BIO 461 TOPICS IN MOLECULAR BIOLOGY
- BIO 462 BIOINFORMATICS FOR BENCH SCIENTISTS
- BIO 471 IMMUNOBIOLOGY (CROSS-LISTED AS BIO 370)
- BIO 475 INTRODUCTION TO PHARMACOLOGY
- BIO 480 CANCER BIOLOGY

Physiology and Neurobiology

- BIO 409 PLANT PHYSIOLOGY
- BIO 439 CELLULAR NEUROBIOLOGY (CROSS-LISTED AS BIO 339)
- BIO 440 SYSTEMS NEUROBIOLOGY (CROSS-LISTED AS BIO 340)
- BIO 441 TOPICS IN NEUROBIOLOGY
- BIO 452 ADVANCED COMPARATIVE PHYSIOLOGY
- BIO 465 PRINCIPLES OF TOXICOLOGY
- BIO 475 INTRODUCTION TO PHARMACOLOGY
- BIO 485 MAMMALIAN REPRODUCTION
- BIO 486 INTRODUCTION TO ENDOCRINOLOGY (CROSS-LISTED AS BIO 386)

BIO 490 SPECIAL TOPICS, as appropriate, may also be approved in one of the three core areas.

Advancement to Candidacy
Based upon the results of a qualifying examination taken near the end of the third quarter of the student’s first full year and earning grades of B or better on graduate courses taken during the first year. Participation in undergraduate laboratory instruction is strongly encouraged.

**Thesis Requirement**

Results based upon an independent laboratory investigation.

**Final Examination Requirement**

An oral examination, including presentation of a seminar based on the M.S. thesis research, and a period of questioning on the thesis, the area of research which the thesis addresses, and basic biology as it relates to the thesis area.

---

**Program Graduate Academic Student Handbook**

**Probation**

Students are expected to maintain a minimum cumulative grade point average (GPA) of 3.0. If a student’s cumulative GPA goes below this minimum the student will be put on probation and will have one quarter to bring their GPA up to the minimum or face dismissal from the program. If the student’s GPA goes below the minimum a second time, they will be dismissed from the program.

**Dismissal**

In addition to the minimum GPA requirement, students may be dismissed for breaches of academic integrity, breaches of the code of student responsibility, failing a retake of the oral qualifying exam, or lack of progress towards degree completion. Students who have completed their coursework, but who are still working on their thesis (MS) must be enrolled in candidacy continuation during the three quarters of the academic school year. Failure to enroll in candidacy continuation will result in dismissal from the program.

**Readmission**

If a student leaves the program for any reason they must reapply to the program unless prior agreement for readmission has been granted by the Director of Graduate Studies in Biology (hereafter, Program Director). A specific timeline for readmission must be specified and agreed to by the Program Director prior to the student leaving the program.

**Transfer Credit**

Two semester courses or three quarter courses from another institution or program may be accepted as transfer credit upon approval of the Program Director. Credit will only be transferred for courses that have equivalents in the DePaul curriculum as determined by the Program Director.

**Undergraduate Courses**

No undergraduate courses will be counted towards the graduate degree.

**Graduation Requirements**

In order to graduate, students must satisfy the degree requirements as specified in the course catalog for MS degrees, including but not limited to maintaining a minimum cumulative GPA of 3.0.

**Graduation with Distinction**

The criteria for graduating with distinction are a minimum 3.5 cumulative GPA in graduate level biology courses and the recommendation of the thesis committee.

In order for the thesis committee members to have sufficient input into the development of the thesis research
and to be able to properly assess the candidate’s abilities and effort, the thesis committee must be formed and have met once by November 1, of the candidate’s second year of graduate study. The thesis committee will consist of the Thesis Advisor and two additional members (typically DePaul biology faculty).

The responsibility of the thesis committee is to assess whether the candidate has achieved the following:

- While conducting his/her research the candidate has become an independent thinker and researcher. They have demonstrated problem solving abilities, have been self-motivated, and have shown determination in accomplishing his/her research goals.
- In presenting his/her research the candidate can interpret their results, understand the limitations of their work, effectively communicate their work, and put their work into the larger context of their field.
- The completed thesis/final project represents a significant contribution, which is clearly above average.

Brand and Product Management (MBA)

The concentration in Brand and Product Management is designed to help students learn to manage brands and brand-related assets. After completing the concentration, students will be able to:

- Manage existing brands
- Plan, develop, launch, and manage new brands
- Assess brand equity
- Understand the current branding environment
- Use analytic, creative and organizational skills
- Understand advertising and promotion management

This concentration is targeted toward the following types of professionals:

- Marketing professionals interested in acquiring expertise in brand and product management
- Advertising professionals interested in learning about brands and brand and product management
- Brand Managers, Assistant Brand Managers, and Brand Associates

The Brand and Product Management MBA concentration is designed to help students learn to manage brands and brand-related assets.

Admission Information

Applicants must possess the equivalent of a bachelor’s degree from a regionally accredited institution. A prospective graduate student is expected to present a superior overall previous academic record and an above average total GMAT score (or GRE score where appropriate) including high achievement on the verbal, quantitative, and on the analytical writing assessment. The examination must have been taken no earlier than five years prior to the date of admission to the program.

Other factors, such as work experience and career progression, are also important and will be considered by the Admissions Committee. All applicants are required to submit two professional letters of recommendation as well as a current resume.

All prospective students are welcome to arrange a meeting with an admissions counselor. Please phone the graduate school office for an informal appointment. Interviews are not required as part of the admissions process for the part-time M.B.A. program, but may be requested by the Admissions Committee. Interviews for the full-time M.B.A. and weekend M.B.A. programs are on an invitation-only basis. Once a completed application has been received, a preliminary review is completed and selected candidates are invited to interview.

Each applicant is considered on an individual basis. The full-time and weekend M.B.A. programs do have limited enrollments, but for the other graduate business programs there currently is no predetermined limit to the number of students who can be admitted. Thus, for these programs, all students who are judged eligible by the
Admissions Committee will be invited to matriculate.

**Graduate Management Admission Test (GMAT)**

To be considered for admission as a degree seeking student, an applicant will be required to submit a score from the Graduate Management Admission Test (GMAT). GMAT information including dates, a list of test centers, and applications for the exam may be obtained at www.mba.com or by contacting Pearsonvue at 1-800-717-4628. The GMAT score report must come directly from Pearsonvue. A test taken more than five years prior to the date of application is not considered valid for admission purposes and would have to be retaken. An exception may be made for individuals who hold a doctoral or other terminal degree awarded by an appropriately accredited institution. An exception may also be made for fully certified CPA's applying to the Master of Science in Taxation program. Applicants to the Master of Science in Human Resources Management and the Master of Science in Economics and Policy Analysis may submit either a GMAT or GRE (Graduate Records Examinations) score. As with the GMAT, GRE scores are valid for five years.

**Application Deadlines**

**For the day MBA program (Full-time):**

Admission to the Day M.B.A. program is competitive and is limited to the Autumn Quarter. There are three application rounds, with deadlines of February 1, April 1 and July 1. Application review begins in January, and you are encouraged to apply as early as possible. Decisions are mailed on an ongoing basis beginning in January, and applicants should expect to receive an admission decision approximately 4 weeks after their application becomes complete.

Applicants who wish to be considered for scholarships and graduate assistantships should apply during the first two application rounds. These awards are generally not available to applicants who apply after April 1.

Late applications submitted after the final July 1 deadline may be considered if space remains available in the incoming class.

**For the weekend MBA and MS in Economic Policy Analysis programs:**

Applications must be submitted by July 1st. Applications received after July 1st will be considered on a space available basis.

**For all other graduate business programs:**

Applications must be submitted by:

- July 1st for the Autumn Quarter
- October 1st for the Winter Quarter
- February 1st for the Spring Quarter
- April 1st for the Summer Quarter

Applicants educated outside the United States must submit their applications one month prior to the above deadlines.

**Transcripts**

Degree seeking applicants must present official transcripts from each junior college, college, and university attended (even if only for one course) including DePaul University, if applicable. Credits transferred and posted on the record of a second school do not constitute an official transcript of the original school. Transcripts that are already on file as part of a student record in another College Office at DePaul may be required to remain there and in that case cannot be transferred to the Graduate School of Business Office.

Applicants should write to the Registrar of each school attended, requesting that an official transcript be sent to the student. Once all of the transcripts have been received applicants should submit them to the graduate school office in their original envelopes with the applicant's name, date of birth and program of interest noted on the envelope. We will then add the transcripts to the applicant's admission file.

An applicant who is still taking courses or completing a program at the time he/she submits an application to the Graduate School of Business will not receive full admission until a final and official transcript listing the degree awarded has been submitted to the Admissions Committee. Please see Conditional Admission and Non-degree Status for more information regarding admission prior to posting of an undergraduate degree.

**Readmission**
A student previously admitted who has been absent from DePaul for one year or longer must complete the application form and submit a transcript of any courses taken elsewhere during his/her absence. A student must submit a written explanation of his/her absence from the program and an updated resume. A $30 application fee is required.

If the original application has been destroyed (after an absence of two years), the student may be required to complete a new application in full.

**Special Instructions for International Applicants**

**Educational Credentials For International Students or Programs**

Applicants must submit transcripts from all colleges and universities attended, including those attended but from which no credit was earned. Exceptions may be permitted for study-abroad credit when that credit is clearly defined and displayed on the home institution transcript.

Applicants with non-U.S. educational credentials for Winter term 2012 and beyond are required to submit their official educational credentials (e.g., transcripts, mark sheets, degree certificates, graduation diplomas) and evaluation fee directly to one of the three evaluation companies below:

- Educational Credential Evaluators, Inc.
- Educational Perspectives
- One Earth International Credential Evaluation

These evaluators will then provide DePaul with a general evaluation of their studies and certified copies of their international educational credentials which will be used during admission review. Please direct any questions about required credentials to the evaluation company you have selected and not to the Kellstadt Graduate School of Business. DePaul will not accept evaluations from any other evaluation companies and will not accept any educational credentials without an evaluation from ECE, EP or One Earth.

**English Proficiency**

Non-native English speakers who have not completed a bachelor's or master's degree in the United States should submit scores from a recognized English proficiency test. The Kellstadt Graduate School of Business accepts results from TOEFL, IELTS and the Pearson Test of English (PTE).

**MBA Core Requirements**

**Course Requirements**

- ACC 500 FINANCIAL ACCOUNTING
- ACC 555 MANAGEMENT ACCOUNTING FOR DECISION-MAKING
- ECO 509 BUSINESS CONDITIONS ANALYSIS
- ECO 555 ECONOMICS FOR DECISION-MAKING
- FIN 555 FINANCIAL MANAGEMENT
- GSB 420 APPLIED QUANTITATIVE ANALYSIS
- GSB 599 STRATEGIC ANALYSIS FOR COMPETING GLOBALLY
- MGT 500 MANAGING FOR EFFECTIVE AND ETHICAL ORGANIZATIONAL BEHAVIOR
- MGT 502 OPERATIONS MANAGEMENT
- MGT 555 STRATEGIC MANAGEMENT OF HUMAN RESOURCES
- MIS 555 MANAGEMENT OF INFORMATION TECHNOLOGY
- MKT 555 DECISIONS IN MARKETING MANAGEMENT

**Concentrations**

In addition to the required core courses, students have six electives they can use to take courses in a specific area of interest. These electives are typically used by students to select one or more concentrations in the area(s) that offer the knowledge, skills, and abilities that best fit the student’s educational needs and interests.
While many students choose to have a specific area of concentration, those who would like more flexibility in selecting courses may choose the general business concentration instead. With this option, the student is free to choose six courses from several different areas of study within the graduate school of business.

If a student does not indicate a specific concentration of interest in the application for admission the student will be assigned to the general business concentration.

**M.B.A. Options**

**Day M.B.A. (Full-time Accelerated)**

The Day M.B.A. Program fulfills the business world’s demand for M.B.A. graduates with the ability to understand and manage complex business processes. Students who choose this program option will take all of their foundation and core classes in a full-time, lock step format during the first four terms of the program. Upon completion of the prerequisite core courses, students may begin taking their concentration classes at their own pace. Students in the Day M.B.A. Program may choose to specialize in any of the generally available MBA concentrations offered by the Kellstadt Graduate School of Business.

**Evening M.B.A. (All Campuses)**

All of the core course requirements for the M.B.A. are offered at the Loop and the Naperville and O’Hare suburban campuses. Required core courses are offered every quarter at the Loop campus but variably at the suburban campuses. All requirements are offered at least once each year at each of these locations.

Three full concentrations are available at each of the suburban campuses. These are Finance, Marketing Management and General Business. Electives applicable to other concentrations will be offered variably at the suburban locations but it may be necessary to travel to Loop campus to complete concentrations other than these three.

**Weekend M.B.A. at O’Hare Campus**

The Weekend M.B.A. Program is a rigorous yet rewarding program designed for the self-directed manager with an interest in using technology to supplement traditional M.B.A. course work. The curriculum provides knowledge in each of the major business functions along with specialized courses in Management and Finance such that students may earn concentrations in Finance and/or Operations Management as part of the weekend program. Upon completion of the required core sequence of courses, students are able to select concentration courses from among the more than 35 concentrations available to part-time M.B.A. students. Please note that only the Finance and Operations Management concentrations are available in the weekend format.

Each course is taught as a blend of traditional lecture and distance learning formats. Classes meet on alternate Saturdays at the O’Hare Campus. Students will work via distance learning in the weeks between class meetings. Admitted students will proceed through the program as a cohort group. Admission to the program is for fall quarter only.

**Concentration Requirements**

Students complete the Brand and Product Management concentration by taking the following six courses:

- MKT 535 MARKETING STRATEGIES AND PLANNING
- MKT 541 BRAND MANAGEMENT
- MKT 542 BRAND CULTURE
- MKT 545 CONSUMER BEHAVIOR
- MKT 575 ADVERTISING AND SALES PROMOTION MANAGEMENT
- MKT 583 MONETIZING MARKETING STRATEGY
Business Information Technology (MS)

The Master of Science in Business Information Technology is a joint degree between College of Computing and Digital Media (CDM) and the Kellstadt Graduate School of Business (KGSB).

The Master of Science in Business Information Technology prepares students to meet today's need for individuals who understand the core principles of both business and technology in corporations, health care institutions, and government agencies. Many of these people work as liaisons between the Information Technology department and a functional business unit. Others work within departments that are information dependent and rely heavily on information technology. The program provides a solid base for those interested in moving their career forward through project management or information technology management positions. The program also provides students a selection of courses for a business foundation.

Admission Information

Admission information for this program can be found in the Graduate Admission page on the CDM web site under Prospective Students. (http://www.cdm.depaul.edu/Prospective%20Students/Pages/GraduateAdmissions.aspx)

Degree Requirements

Course Requirements

CDM Foundation Courses

- IS 421 SYSTEMS ANALYSIS
- PM 430 FUNDAMENTALS OF IT PROJECT MANAGEMENT
- ECT 424 ENTERPRISE INFRASTRUCTURE
- IS 433 INFORMATION SECURITY MANAGEMENT
- IS 500 INFORMATION TECHNOLOGY LEADERSHIP *

Kellstadt Foundation Courses

- ACC 500 FINANCIAL ACCOUNTING
- MGT 500 MANAGING FOR EFFECTIVE AND ETHICAL ORGANIZATIONAL BEHAVIOR *
- MKT 555 DECISIONS IN MARKETING MANAGEMENT

* Students are not allowed to take both IS 500 and MGT 500 to satisfy Foundation Course requirement.

Major Elective Courses
Student takes 5 electives. Two of which must be at the 500-level. Students are permitted to take any course numbered 421-599 prefixed CNS***, CSC***, ECT***, HCI***, IS***, IT***, or TDC*** and the Kellstadt courses included below, for which the students meet prerequisite requirements. Students are advised, but not required to select all or most electives from one of the following clusters. Students who do not find a cluster matching their career goals should consult with their faculty advisor or an IS faculty member to develop a customized plan.

**IT Analysis**

- IS 422 SYSTEM DESIGN, IMPLEMENTATION, AND MAINTENANCE
- IS 435 ORGANIZATIONAL MODELING
- IS 485 REQUIREMENTS ELICITATION, ANALYSIS, AND SPECIFICATION
- IS 535 INFORMATION TECHNOLOGY INVESTMENT FINANCIAL ANALYSIS
- IS 536 ENTERPRISE CLOUD COMPUTING
- IS 540 GLOBAL INFORMATION TECHNOLOGY
- IS 560 ENTERPRISE SYSTEMS
- IS 565 IT OUTSOURCING
- CSC 451 DATABASE DESIGN
- MIS 683 INFORMATION TECHNOLOGY STRATEGY AND ARCHITECTURE*

**IT Consulting**

- IS 422 SYSTEM DESIGN, IMPLEMENTATION, AND MAINTENANCE
- IS 535 INFORMATION TECHNOLOGY INVESTMENT FINANCIAL ANALYSIS
- IS 560 ENTERPRISE SYSTEMS
- IS 570 ENTERPRISE SYSTEM IMPLEMENTATION
- IS 536 ENTERPRISE CLOUD COMPUTING
- IS 540 GLOBAL INFORMATION TECHNOLOGY
- IS 565 IT OUTSOURCING
- CSC 451 DATABASE DESIGN
- ACC 535 ACCOUNTING SYSTEMS (CROSS-LISTED AS ACC 610)*
- MGT 501 STRATEGIC SUPPLY CHAIN MANAGEMENT*
- MGT 506 DECISION MAKING FOR MANAGERS*
- MKT 595 INTERNET AND INTERACTIVE MARKETING*

**IT Management**

Degree Requirements

Students in this degree program must meet the following requirements:

• Complete a minimum of 52 graduate credit hours in the designated degree program.
• Complete all graduate courses and requirements listed in the designated degree program.
• Earn a grade of C- or better in all courses of the designated degree program.
• Maintain a cumulative GPA of 2.5 or higher.
• Students pursuing a second master's degree must complete a minimum of *53 graduate credit hours beyond their first designated degree program in addition to any required introductory courses in their second designated degree program.

*53 graduate credit hours required for MS Information Systems.

Students with a GPA of 3.9 or higher will graduate with distinction.

For DePaul's policy on repeat graduate courses and a complete list of academic policies see the DePaul Graduate Handbook.

Business Strategy and Decision Making (MBA)

The Business Strategy and Decision-Making MBA concentration is for students seeking to understand and predict the success and failure of their own business as well as their competitors' businesses.

Admission Information

Applicants must possess the equivalent of a bachelor's degree from a regionally accredited institution. A prospective graduate student is expected to present a superior overall previous academic record and an above average total GMAT score (or GRE score where appropriate) including high achievement on the verbal, quantitative, and on the analytical writing assessment. The examination must have been taken no earlier than five years prior to the date of admission to the program.

Other factors, such as work experience and career progression, are also important and will be considered by the Admissions Committee. All applicants are required to submit two professional letters of recommendation as well as a current resume.

All prospective students are welcome to arrange a meeting with an admissions counselor. Please phone the graduate school office for an informal appointment. Interviews are not required as part of the admissions process.
process for the part-time M.B.A. program, but may be requested by the Admissions Committee. Interviews for
the full-time M.B.A. and weekend M.B.A. programs are on an invitation-only basis. Once a completed application
has been received, a preliminary review is completed and selected candidates are invited to interview.

Each applicant is considered on an individual basis. The full-time and weekend M.B.A. programs do have limited
enrollments, but for the other graduate business programs there currently is no predetermined limit to the
number of students who can be admitted. Thus, for these programs, all students who are judged eligible by the
Admissions Committee will be invited to matriculate.

**Graduate Management Admission Test (GMAT)**

To be considered for admission as a degree seeking student, an applicant will be required to submit a score from
the Graduate Management Admission Test (GMAT). GMAT information including dates, a list of test centers, and
applications for the exam may be obtained at www.mba.com or by contacting Pearsonvue at 1-800-717-4628.
The GMAT score report must come directly from Pearsonvue. A test taken more than five years prior to the date
of application is not considered valid for admission purposes and would have to be retaken. An exception may
be made for individuals who hold a doctoral or other terminal degree awarded by an appropriately accredited
institution. An exception may also be made for fully certified CPA's applying to the Master of Science in Taxation
program. Applicants to the Master of Science in Human Resources Management and the Master of Science in
Economics and Policy Analysis may submit either a GMAT or GRE (Graduate Records Examinations) score. As
with the GMAT, GRE scores are valid for five years.

**Application Deadlines**

**For the day MBA program (Full-time):**

Admission to the Day M.B.A. program is competitive and is limited to the Autumn Quarter. There are three
application rounds, with deadlines of February 1, April 1 and July 1. Application review begins in January, and
you are encouraged to apply as early as possible. Decisions are mailed on an ongoing basis beginning in
January, and applicants should expect to receive an admission decision approximately 4 weeks after their
application becomes complete.

Applicants who wish to be considered for scholarships and graduate assistantships should apply during the first
two application rounds. These awards are generally not available to applicants who apply after April 1.

Late applications submitted after the final July 1 deadline may be considered if space remains available in the
incoming class.

**For the weekend MBA and MS in Economic Policy Analysis programs:**

Applications must be submitted by July 1st. Applications received after July 1st will be considered on a space
available basis.

**For all other graduate business programs:**

Applications must be submitted by:

- July 1st for the Autumn Quarter
- October 1st for the Winter Quarter
- February 1st for the Spring Quarter
- April 1st for the Summer Quarter

Applicants educated outside the United States must submit their applications one month prior to the above
deadlines.

**Transcripts**

Degree seeking applicants must present official transcripts from each junior college, college, and university
attended (even if only for one course) including DePaul University, if applicable. Credits transferred and posted
on the record of a second school do not constitute an official transcript of the original school. Transcripts that are
already on file as part of a student record in another College Office at DePaul may be required to remain there
and in that case cannot be transferred to the Graduate School of Business Office.

Applicants should write to the Registrar of each school attended, requesting that an official transcript be sent to
the student. Once all of the transcripts have been received applicants should submit them to the graduate school
office in their original envelopes with the applicant's name, date of birth and program of interest noted on the
envelope. We will then add the transcripts to the applicant's admission file.
An applicant who is still taking courses or completing a program at the time he/she submits an application to the Graduate School of Business will not receive full admission until a final and official transcript listing the degree awarded has been submitted to the Admissions Committee. Please see Conditional Admission and Non-degree Status for more information regarding admission prior to posting of an undergraduate degree.

Readmission

A student previously admitted who has been absent from DePaul for one year or longer must complete the application form and submit a transcript of any courses taken elsewhere during his/her absence. A student must submit a written explanation of his/her absence from the program and an updated resume. A $30 application fee is required.

If the original application has been destroyed (after an absence of two years), the student may be required to complete a new application in full.

Special Instructions for International Applicants

Educational Credentials For International Students or Programs

Applicants must submit transcripts from all colleges and universities attended, including those attended but from which no credit was earned. Exceptions may be permitted for study-abroad credit when that credit is clearly defined and displayed on the home institution transcript.

Applicants with non-U.S. educational credentials for Winter term 2012 and beyond are required to submit their official educational credentials (e.g., transcripts, mark sheets, degree certificates, graduation diplomas) and evaluation fee directly to one of the three evaluation companies below:

- Educational Credential Evaluators, Inc.
- Educational Perspectives
- One Earth International Credential Evaluation

These evaluators will then provide DePaul with a general evaluation of their studies and certified copies of their international educational credentials which will be used during admission review. Please direct any questions about required credentials to the evaluation company you have selected and not to the Kellstadt Graduate School of Business. DePaul will not accept evaluations from any other evaluation companies and will not accept any educational credentials without an evaluation from ECE, EP or One Earth.

English Proficiency

Non-native English speakers who have not completed a bachelor's or master's degree in the United States should submit scores from a recognized English proficiency test. The Kellstadt Graduate School of Business accepts results from TOEFL, IELTS and the Pearson Test of English (PTE).

MBA Core Requirements

Course Requirements

- ACC 500 FINANCIAL ACCOUNTING
- ACC 555 MANAGEMENT ACCOUNTING FOR DECISION-MAKING
- ECO 509 BUSINESS CONDITIONS ANALYSIS
- ECO 555 ECONOMICS FOR DECISION-MAKING
- FIN 555 FINANCIAL MANAGEMENT
- GSB 420 APPLIED QUANTITATIVE ANALYSIS
- GSB 599 STRATEGIC ANALYSIS FOR COMPETING GLOBALLY
- MGT 500 MANAGING FOR EFFECTIVE AND ETHICAL ORGANIZATIONAL BEHAVIOR
- MGT 502 OPERATIONS MANAGEMENT
- MGT 555 STRATEGIC MANAGEMENT OF HUMAN RESOURCES
- MIS 555 MANAGEMENT OF INFORMATION TECHNOLOGY
- MKT 555 DECISIONS IN MARKETING MANAGEMENT
Concentrations

In addition to the required core courses, students have six electives they can use to take courses in a specific area of interest. These electives are typically used by students to select one or more concentrations in the area(s) that offer the knowledge, skills, and abilities that best fit the student’s educational needs and interests.

While many students choose to have a specific area of concentration, those who would like more flexibility in selecting courses may choose the general business concentration instead. With this option, the student is free to choose six courses from several different areas of study within the graduate school of business.

If a student does not indicate a specific concentration of interest in the application for admission the student will be assigned to the general business concentration.

M.B.A. Options

Day M.B.A. (Full-time Accelerated)

The Day M.B.A. Program fulfills the business world’s demand for M.B.A. graduates with the ability to understand and manage complex business processes. Students who choose this program option will take all of their foundation and core classes in a full-time, lock step format during the first four terms of the program. Upon completion of the prerequisite core courses, students may begin taking their concentration classes at their own pace. Students in the Day M.B.A. Program may choose to specialize in any of the generally available MBA concentrations offered by the Kellstadt Graduate School of Business.

Evening M.B.A. (All Campuses)

All of the core course requirements for the M.B.A. are offered at the Loop and the Naperville and O’Hare suburban campuses. Required core courses are offered every quarter at the Loop campus but variably at the suburban campuses. All requirements are offered at least once each year at each of these locations.

Three full concentrations are available at each of the suburban campuses. These are Finance, Marketing Management and General Business. Electives applicable to other concentrations will be offered variably at the suburban locations but it may be necessary to travel to Loop campus to complete concentrations other than these three.

Weekend M.B.A. at O’Hare Campus

The Weekend M.B.A. Program is a rigorous yet rewarding program designed for the self-directed manager with an interest in using technology to supplement traditional M.B.A. course work. The curriculum provides knowledge in each of the major business functions along with specialized courses in Management and Finance such that students may earn concentrations in Finance and/or Operations Management as part of the weekend program. Upon completion of the required core sequence of courses, students are able to select concentration courses from among the more than 35 concentrations available to part-time M.B.A. students. Please note that only the Finance and Operations Management concentrations are available in the weekend format.

Each course is taught as a blend of traditional lecture and distance learning formats. Classes meet on alternate Saturdays at the O’Hare Campus. Students will work via distance learning in the weeks between class meetings. Admitted students will proceed through the program as a cohort group. Admission to the program is for fall quarter only.

Concentration Requirements

Course Requirements

This three course concentration is ideal for those seeking to understand and predict the success and failure of their own business as well as their competitors’ businesses, for those seeking to improve the performance of their business, and for individuals interested in the effect of government policy on corporate decision-making.

- ECO 526 BUSINESS STRATEGY
- ECO 525 STRATEGIC DECISION MAKING AND GAME THEORY
Choose one of the following
- ECO 798 SPECIAL TOPICS : Economics of Innovation
- ECO 527 BUSINESS REGULATION AND ANTITRUST
- ECO 515 MICROECONOMICS OF MARKET ORGANIZATION

Chemistry (MS)

The degree of Master of Science in Chemistry is designed to prepare students for advanced work in the profession of Chemistry or Biochemistry and for further graduate study.

Admission Information

Admission Requirements

For admission, students must have the following:

- B.S. degree (or equivalent) in Chemistry
- Undergraduate G.P.A. of at least 2.75/4.00
- At least two letters of recommendation
- TOEFL score of at least 590. (International students with a TOEFL score between 540 and 590 who otherwise meet entrance requirements may be admitted conditionally into a joint program with DePaul's English Language Academy (ELA). Students have up to three quarters (one year) to study English intensely and raise their TOEFL score to 590, at which time they may begin the Chemistry M.S. program. For questions about this program, contact either the graduate program director or the ELA director.)

Degree Requirements

Course Requirements

Graduate Common Core (9 courses/32 credit hours):

- Six out of eight common core courses (6 courses/24 credit hours)
  - CHE 422 ADVANCED INORGANIC CHEMISTRY I
  - CHE 424 ADVANCED INORGANIC CHEMISTRY II
  - CHE 442 ADVANCED BIOCHEMISTRY I
  - CHE 444 ADVANCED BIOCHEMISTRY II
  - CHE 450 ADVANCED ORGANIC CHEMISTRY I
  - CHE 452 ADVANCED ORGANIC CHEMISTRY II
  - CHE 470 ADVANCED PHYSICAL CHEMISTRY I
  - CHE 472 ADVANCED PHYSICAL CHEMISTRY II
- One Advanced Probability and Statistics Course (1 course/4 credit hours)
  - CHE 490 ADVANCED PROBABILITY AND STATISTICS
- Two 2-credit-hour special topics courses from the following list (2 courses/4 credit hours)
Track Requirements

In addition to the 9 courses at 32 credit hours in the Graduate Common Core, Chemistry students must complete the requirements within their chosen track: Thesis Track or Non-Thesis Track.

**Thesis Track**

- CHE 497 RESEARCH (minimum of 12 credit hours)

In addition, M.S. thesis students must write a thesis based on their research project and successfully pass a two-part oral exam. The first part of the examination consists of the thesis presentation and defense; the second part is an oral examination concerning the student's general knowledge of chemistry.

**Non-Thesis Track**

**Standard Track (Non-Thesis)**

- Any three courses as 12 credit hours taken from options for other tracks.
- No more than three 300-level four credit hour courses may be taken for graduate credit toward M.S.

**Analytical/Physical Chemistry Track (Non-Thesis)**

- Any three courses from the following list for a total of 12 credit hours:
  - CHE 310 NUCLEAR CHEMISTRY
  - CHE 318 BIOPHYSICAL CHEMISTRY
  - CHE 474 ADVANCED QUANTUM MECHANICS
  - CHE 476 COMPUTATIONAL CHEMISTRY/CHE 477 COMPUTATIONAL CHEMISTRY LABORATORY
- No more than three 300-level four credit hour courses may be taken for graduate credit toward M.S.

**Biochemistry / Medicinal Chemistry Track (Non-Thesis)**

- Any three courses from the following list for a total of 12 credit hours:
  - CHE 318 BIOPHYSICAL CHEMISTRY
  - CHE 348 CHEMICAL BIOLOGY
  - CHE 360 MEDICINAL CHEMISTRY
  - CHE 362 DRUGS AND TOXICOLOGY
  - CHE 364 NUTRITION
  - CHE 474 ADVANCED QUANTUM MECHANICS
  - CHE 476 COMPUTATIONAL CHEMISTRY/CHE 477 COMPUTATIONAL CHEMISTRY LABORATORY
- No more than three 300-level four credit hour courses may be taken for graduate credit toward M.S.

**Polymer/Coatings Technology Track (Non-Thesis)**

- Any three courses from the following list for a total of 12 credit hours:
  - CHE 430 POLYMER SYNTHESIS
  - CHE 431 POLYMER SYNTHESIS LABORATORY
  - CHE 432 PHYSICAL CHEMISTRY OF POLYMERS
  - CHE 434 POLYMER CHARACTERIZATION
  - CHE 435 POLYMER CHARACTERIZATION LABORATORY
  - CHE 436 POLYMER TECHNOLOGY
  - CHE 438 MATERIAL SCIENCE
- No more than three 300-level four credit hour courses may be taken for graduate credit toward M.S.

Synthetic Chemistry Track (Non-Thesis)

- Any three courses from the following list for a total of 12 credit hours:
  - CHE 320 INTERMEDIATE INORGANIC CHEMISTRY /CHE 321 INTERMEDIATE INORGANIC CHEMISTRY LABORATORY
  - CHE 326 INTERMEDIATE ORGANIC CHEMISTRY /CHE 327 INTERMEDIATE ORGANIC CHEMISTRY LABORATORY
  - CHE 360 MEDICINAL CHEMISTRY
  - CHE 378 APPLIED SPECTROSCOPY
  - CHE 430 POLYMER SYNTHESIS
  - CHE 431 POLYMER SYNTHESIS LABORATORY
  - CHE 434 POLYMER CHARACTERIZATION
  - CHE 435 POLYMER CHARACTERIZATION LABORATORY

- No more than three 300-level four credit hour courses may be taken for graduate credit toward M.S.

Program Graduate Academic Student Handbook

Probation and Dismissal

Students must maintain a minimum cumulative GPA of 2.75 to remain in and graduate from the program. A student whose GPA falls below 2.75 will be placed on academic probation and given one academic quarter to raise the cumulative GPA to 2.75 or above.

All students are expected to adhere to the Code of Student Responsibility as outlined in the Graduate Student Handbook. Any violation of the Code of Student Responsibility is considered very serious and is grounds for probation or dismissal at the discretion of the Chemistry Graduate Committee.

Conditional Admission

An applicant may be admitted conditionally to the program at the discretion of the Chemistry Graduate Committee for one or more of the following reasons:

- Undergraduate GPA is less than 2.75 but the student has shown considerable promise in other areas (such as research).
- The applicant is missing one or two of the required courses but otherwise has met all of the criteria for admission; the applicant will be required to complete the missing coursework either at DePaul or comparable institution as a condition prior to taking graduate courses for which the missing course(s) is(are) prerequisite.

The Chemistry Graduate Committee will consider other circumstances not included in the above list on an individual basis.

Transfer Credit

Up to 12 quarter hours of coursework may be accepted as transfer credit towards the M.S. degree for courses taken at another institution or through another program that articulate with current courses in the chemistry graduate program. Credits applied toward any degree at another institution will not be accepted.

Graduation with Distinction

Students may graduate “with distinction” by earning a minimum cumulative GPA of 3.75 for coursework applied toward the chemistry graduate program, or on the recommendation of the thesis defense committee.
Cinema (MFA)

The Master of Fine Arts in Cinema is the terminal degree in digital filmmaking. The MFA program is a highly selective program that culminates in the successful completion of the MFA thesis project, a public presentation of the thesis project, and a defense of the thesis to the student's MFA Advisor Committee.

Admission Information

Admission information for this program can be found in the Graduate Admission page on the CDM web site under Prospective Students. (http://www.cdm.depaul.edu/Prospective%20Students/Pages/GraduateAdmissions.aspx)

Degree Requirements

Course Requirements

Foundation Courses

- DC 460 DIGITAL CINEMA PROSEMINAR (8 credit hours)
- DC 461 PRODUCTION WORKSHOP
- DC 462 DIRECTING WORKSHOP

Theory Courses

- DC 502 STORY STRUCTURES
- DC 476 VISUAL DESIGN
- 1 course from the following list:
  - DC 421 PRODUCTION DESIGN
  - DC 422 EDITING STYLES AND TECHNIQUES
  - DC 431 CINEMA MOVEMENTS AND MANIFESTOS
  - DC 451 MODES OF DIGITAL DISTRIBUTION
  - DC 470 ADVANCED TOPICS IN CINEMA
  - DC 481 DISTRIBUTION AND EXHIBITION
  - DC 485 PRODUCING
  - DC 489 THE BIG PICTURE: THE ENTERTAINMENT INDUSTRY

Production Courses

- DC 401 WRITING THE SHORT MOTION PICTURE
- DC 415 POST-PRODUCTION SOUND DESIGN
- DC 420 EDITING II
- DC 423 PRE-PRODUCTION FOR CINEMA
- DC 475 ADVANCED CINEMATOGRAPHY
- DC 495 DIRECTING THE SHORT MOTION PICTURE

Major Elective Courses

Students must choose any 2 graduate level DC, ANI or VFX production or theory courses.
Thesis Course
DC 565 THESIS DEVELOPMENT

MFA Thesis

The MFA Thesis shall be a major artistic digital project. Although there is no prescribed length for the thesis, the following should be used as guidelines:

- For live action projects, 15-35 minutes. (15-20 minute films tend to get the best festival play). Films longer than 35 minutes usually do not qualify for the SAG student film waiver. The Digital Cinema faculty encourages students to produce feature length films.
- For animation projects, 10 minutes or more.

Student's MFA Advisor Committee

During this phase students are supervised by their MFA Advisor Committee. The student's MFA Advisor Committee shall have a Chair and a minimum of two other members. The Chair (who was the student's advocate during the selection process) and one committee member must be full-time Digital Cinema Faculty. After assembling an MFA Advisor Committee the student will advise the Chair of the Digital Cinema MFA Committee of the composition of that committee. Students will work closely with the Chair of their committee in planning and completing the MFA thesis.

MFA Thesis Screening

A major component of the MFA degree is the public screening of the MFA thesis. It is the student's responsibility to organize, schedule, promote and publicize this screening.

MFA Thesis Defense

At some point following the public screening the student will schedule a thesis defense with his/her MFA Advisor Committee. At this defense the student's MFA Advisor Committee will discuss, evaluate, and critique the thesis and make a determination on the awarding of the MFA degree.

Degree Requirements

Students in this degree program must meet the following requirements:

- Complete a minimum of 64 graduate credit hours in the designated degree program.
- Complete all graduate courses and requirements listed in the designated degree program.
- Earn a grade of C- or better in all graduate courses of the designated degree program.
- Maintain a cumulative GPA of 2.5 or higher.
- Satisfactorily complete the MFA thesis as determined by the student's MFA Advisor Committee.
- Students cannot count credit earned towards a previously awarded master's or MFA degree toward the completion of this MFA program.

For DePaul's policy on repeat graduate courses and a complete list of academic policies see the DePaul Graduate Handbook.

Cinema Production (MS)

The Master of Science in Cinema Production degree emphasizes the technical and technology-based topics and practices of digital cinema. Such topics and practices include post-production editing of video and audio, the integration of video and audio, special effects and computer-generated imaging, and modes of digital distribution. The degree concentrates on the advanced study and skills application of all aspects of digital filmmaking including cinematography, editing, visual effects, and sound design. The emphasis of the program is on the individual student's skills development as a digital filmmaker or post-production professional.

Students in this program will acquire a broad set of skills including but not limited to:
● Post-production editing of video and audio
● The integration of video and audio
● Visual effects
● Digital distribution

Admission Information

Admission information for this program can be found in the Graduate Admission page on the CDM web site under Prospective Students. (http://www.cdm.depaul.edu/Prospective%20Students/Pages/GraduateAdmissions.aspx)

Degree Requirements

Course Requirements

Foundation Courses

● DC 460 DIGITAL CINEMA PROSEMINAR
● DC 415 POST-PRODUCTION SOUND DESIGN
● DC 420 EDITING II
● DC 475 ADVANCED CINEMATOGRAPHY

Production Courses

● DC 410 DIGITAL CINEMA PRODUCTION II
● DC 425 COLOR CORRECTION
● DC 477 ADVANCED LIGHTING AND CAMERA MOTION
● DC 413 PRODUCTION SOUND
● VFX 478 DIGITAL COMPOSITING II

Major Elective Courses

Students in this program must choose any 3 DC, VFX or ANI graduate-level courses excluding DC 450, DC 460-462, DC 495.

Degree Requirements

Students in this degree program must meet the following requirements:

● Complete a minimum of 52 graduate credit hours in the designated degree program.
● Complete all graduate courses and requirements listed in the designated degree program.
● Earn a grade of C- or better in all courses in the designated degree program.
● Maintain a cumulative GPA of 2.5 or higher.
● Students pursuing a second master's degree must complete a minimum of *52 graduate credit hours beyond their first designated degree program in addition to any required introductory courses in their second designated degree program.

*53 graduate credit hours required for MS Information Systems.

Students with a GPA of 3.9 or higher will graduate with distinction.

For DePaul's policy on repeat graduate courses and a complete list of academic policies see the DePaul Graduate Handbook.
Psychology - Clinical (MA)

DePaul University's Clinical Psychology program prepares students to become excellent researchers and clinicians who have a firm grounding in the theory, research, and practice of psychology.

The Clinical Psychology Program (which includes both Child and Community tracks) is one of four Ph.D. programs in the Department of Psychology at DePaul University. The American Psychological Association (APA) first accredited the Clinical Program in 1976, and it has held continuous APA accreditation since then. The Clinical Program trains students within the scientist-practitioner model, providing training in both research and practice.

The Clinical Program has four broad program goals:

- To educate students broadly and generally about psychology and instill a commitment to life-long learning
- To prepare graduates with knowledge and skills to engage in and shape research and scholarship
- To prepare graduates for diverse leadership career paths in the practice of clinical psychology and more in-depth preparation in child and/or community applications and policy
- To prepare graduates to work in the public sector, in an urban environment, with diverse ethnic and socio-economic populations, and with those who have been traditionally underserved by psychology

Program objectives are for students to acquire understanding and competence in psychological theory, research, and practice, with particular attention to developmental psychopathology, community psychology, evidence-based treatments, dissemination, and program evaluation with children, adolescents, and families of diverse backgrounds. Our program's diversity focus is intended to promote students' understanding about the societal and systemic/ecological forces that have contributed to current manifestations of inequality for many diverse groups such as for poor, urban, and ethnically diverse populations and on how these conditions influence mental health, family/community processes, and access to mental health services.

Admission Information

Please note these are not considered terminal degrees and students are not admitted for the M.A. program only.

Admission Requirements

The department accepts as graduate students only those who show definite promise for completing the requirements for advanced degrees. Meeting the minimum admission standards or having extensive undergraduate course work in psychology does not guarantee acceptance, since the number of applicants who can be admitted is limited. Preference is given to those applicants who have a well-balanced background of psychology courses and some background in science and mathematics. Students who do not have an undergraduate major in psychology but who otherwise satisfy these requirements may apply.

For consideration for admission, the applicant must have the following:

- Bachelor's degree (official transcript(s) required to verify degree).
- Satisfactory undergraduate scholastic average
- Minimum of 32 quarter hours (24 semester hours) in psychology. This total should include a three semester hour (four quarter hour) elementary statistics course as well as a course in experimental psychology. A course in History and Systems is also desirable.
- The departmental graduate admission committee will determine, on the basis of a consideration of each student's proposed program of study, whether the minimum 32 quarter hours in psychology is sufficient for advanced study.
- Official Graduate Record Examination results of the Verbal and Quantitative tests. It is highly recommended
that you also submit scores from the Subject Test in Psychology, although it is not required.

- Three letters of recommendation from academic sources.
- Vita/Resume

Students considering application to the M.A.-Ph.D. programs in Clinical Psychology should be aware of the following:

Over 400 students applied to the doctoral program in clinical psychology last year for an incoming class of 6-7 students. Students apply to either the child track or the community track, and committees are established in each of these tracks to review applications. The clinical faculty wishes applicants to know that the faculty carefully evaluate all the application materials and emphasize the following criteria:

Completeness of credentials

When important pieces of information, such as transcripts, are lacking, the application is rejected. Approximately one applicant in seven is rejected on this basis. Application materials should be complete by December 1.

GRE scores and Grade Point Average

Typically, successful applicants to our program have an undergraduate GPA of at least 3.5 (B+) and a strong combined GRE score.

Undergraduate preparation

Students are expected to have had courses in statistics, experimental psychology, abnormal psychology, and other areas in psychology to enable advanced study in this field. A course in history and systems is also suggested. A total of eight undergraduate courses in psychology is required.

Prior graduate study

The program considers students with prior graduate study in clinical psychology or closely related fields. Minimal transfer credit is available for prior graduate work, but waiver of requirements is often possible. Each student's previous academic record is individually reviewed.

Interests

The clinical program emphasizes training in Clinical Child and Clinical Community Psychology. Obviously those who have no special interest in those areas would be better served elsewhere. Further, we accept only those applicants who intend to work toward the doctorate and do not consider applicants for a terminal master's degree.

Diversity

The Clinical faculty strongly encourages applications from minority students. About one-third of the graduate students in clinical psychology admitted in the last three years were members of minority groups.

Degree Requirements

Course Requirements

Core Courses

- PSY 404 LEARNING AND COGNITIVE PROCESSES
- PSY 406 PHYSIOLOGICAL PROCESSES
- PSY 430 ADVANCED SOCIAL PSYCHOLOGY
- PSY 439 ADVANCED DEVELOPMENTAL PSYCHOLOGY

Statistics and Methodology Courses
• PSY 410 ADVANCED STATISTICS I
• PSY 411 ADVANCED STATISTICS II
• One course from the following list:
  o PSY 418 MULTIVARIATE STATISTICAL ANALYSIS
  o PSY 419 FACTOR ANALYSIS AND PATH MODELING
• PSY 420 ADVANCED RESEARCH METHODOLOGY

Additional Courses

• PSY 481 INDIVIDUAL INTELLIGENCE TESTING I
• PSY 482 PERSONALITY ASSESSMENT
• PSY 484 BEHAVIORAL ASSESSMENT
• PSY 486 ADVANCED PSYCHOPATHOLOGY
• PSY 488 PRINCIPLES OF PSYCHOTHERAPY
• PSY 493 ADVANCED COMMUNITY PSYCHOLOGY
• PSY 500 PROFESSIONAL ETHICS (2 credit hours)
• PSY 520 PRINCIPLES OF HUMAN DIVERSITY
• PSY 565 PROFESSIONAL DEVELOPMENT SEMINAR (3 quarters, 0 credit hours)
• PSY 577 PRACTICUM IN CLINICAL ASSESSMENT, PSY 578 PRACTICUM IN CLINICAL PSYCHOLOGY, PSY 579 PRACTICUM IN CHILD CLINICAL PROCEDURES (3 quarters, 0 credit hours)
• PSY 590 THESIS SEMINAR (0 credit hours)
• PSY 597 MASTER'S THESIS RESEARCH
• Two Additional 4 credit hour courses

Degree Candidacy

Each student is evaluated on his or her progress in the program each year of graduate study. Only those students who have given evidence of satisfactory academic performance as graduate students will be advanced. After M.A. conferral and passing of comprehensive exam, students will be matriculated into the Ph.D. program and admitted to doctoral candidacy. Students denied candidacy will be required to withdraw from the program or withdraw after completion of the M.A.

Research Thesis

Complete a thesis on a topic approved by the department.

Thesis Examination

The examination, in the field of the graduate student, may be, but is not necessarily, limited to a defense of the student's thesis.

Clinical Practicum

Three quarters of clinical practicum need to be successfully completed. The director of clinical training must approve the practicum placement in advance.

Psychology - Clinical (PhD)

DePaul University's Clinical Psychology program prepares students to become excellent researchers and clinicians who have a firm grounding in the theory, research, and practice of psychology.

The Clinical Psychology Program (which includes both Child and Community areas of emphasis or tracks) is one of four Ph.D. programs in the Department of Psychology at DePaul University. The American Psychological Association (APA) first accredited the Clinical Program in 1976, and it has held continuous APA accreditation since then. The Clinical Program trains students within the scientist-practitioner model, providing training in both research and practice.

The Clinical Program has four broad program goals:
To educate students broadly and generally about psychology and instill a commitment to life-long learning
To prepare graduates with knowledge and skills to engage in and shape research and scholarship
To prepare graduates for diverse leadership career paths in the practice of clinical psychology and more in-depth preparation in child and/or community applications and policy
To prepare graduates to work in the public sector, in an urban environment, with diverse ethnic and socio-economic populations, and with those who have been traditionally underserved by psychology

Program objectives are for students to acquire understanding and competence in psychological theory, research, and practice, with particular attention to developmental psychopathology, community psychology, evidence-based treatments, dissemination, and program evaluation with children, adolescents, and families of diverse backgrounds. Our program's diversity focus is intended to promote students' understanding about the societal and systemic/ecological forces that have contributed to current manifestations of inequality for many diverse groups such as for poor, urban, and ethnically diverse populations and on how these conditions influence mental health, family/community processes, and access to mental health services.

Admission Information

Students holding a bachelor's degree are not admitted directly into doctoral programs. Admission to Doctoral candidacy is predicated upon successful completion of all required MA coursework, successful completion and defense of an empirical thesis before a committee of faculty, and successful completion of either the Comprehensive Exam or an approved Comprehensive (Alternative) Project. These requirements must be met within four (4) years of admission to the MA/PhD program for a student to be considered for Doctoral Candidacy.

Degree Requirements

Course Requirements

Minimum of 106 quarter hours beyond the bachelor's degree, including the following:

Core Courses

- PSY 404 LEARNING AND COGNITIVE PROCESSES
- PSY 406 PHYSIOLOGICAL PROCESSES
- PSY 430 ADVANCED SOCIAL PSYCHOLOGY
- PSY 439 ADVANCED DEVELOPMENTAL PSYCHOLOGY
- PSY 461 HISTORY AND SYSTEMS OF PSYCHOLOGY
- PSY 481 INDIVIDUAL INTELLIGENCE TESTING I
- PSY 482 PERSONALITY ASSESSMENT
- PSY 484 BEHAVIORAL ASSESSMENT
- PSY 486 ADVANCED PSYCHOPATHOLOGY
- PSY 488 PRINCIPLES OF PSYCHOTHERAPY
- PSY 493 ADVANCED COMMUNITY PSYCHOLOGY
- PSY 500 PROFESSIONAL ETHICS (2 credit hours)
- PSY 520 PRINCIPLES OF HUMAN DIVERSITY
- PSY 565 PROFESSIONAL DEVELOPMENT SEMINAR (6 quarters, 0 credit hours)
- PSY 577 PRACTICUM IN CLINICAL ASSESSMENT , PSY 578 PRACTICUM IN CLINICAL PSYCHOLOGY, and PSY 579 PRACTICUM IN CHILD CLINICAL PROCEDURES (3 quarters, 0 credit hours)
- PSY 583 PRACTICUM IN COMMUNITY MENTAL HEALTH, PSY 584 PRACTICUM IN SPECIAL AREAS IN PSYCHOLOGY, and PSY 585 FIELDWORK IN COMMUNITY SETTINGS (6 quarters, 0 credit hours)
- PSY 590 THESIS SEMINAR (3 quarters, 0 credit hours)
- PSY 596 INTERNSHIP IN CLINICAL PSYCHOLOGY (5 quarters, 0 credit hours)
- PSY 597 MASTER'S THESIS RESEARCH
Statistics and Methodology Courses

- PSY 410 ADVANCED STATISTICS I
- PSY 411 ADVANCED STATISTICS II
- One from the following list:
  - PSY 418 MULTIVARIATE STATISTICAL ANALYSIS
  - PSY 419 FACTOR ANALYSIS AND PATH MODELING
- PSY 420 ADVANCED RESEARCH METHODOLOGY

Area of Emphasis

The student is required to take additional courses consistent with an area of emphasis.

Clinical Child Additional Required Courses/ Clinical Community Electives

- PSY 454 BEHAVIOR MODIFICATION
- PSY 491 TREATMENT METHODS WITH CHILDREN
- PSY 562 SEMINAR IN FAMILY THERAPY
- PSY 570 SEMINAR IN PSYCHOTHERAPY RESEARCH

Clinical Community Additional Required Courses/ Clinical Child Electives

- PSY 492 PRINCIPLES OF CONSULTATION
- PSY 495 GRANT WRITING IN PSYCHOLOGY
- PSY 568 SEMINAR IN COMMUNITY PSYCHOLOGY
- PSY 569 SEMINAR IN PROGRAM EVALUATION
- PSY 585 FIELDWORK IN COMMUNITY SETTINGS (0 credit hours)

General Electives

- PSY 416 METHODS IN QUALITATIVE RESEARCH
- PSY 473 THE PSYCHOLOGY OF JUDGMENT AND DECISION-MAKING
- PSY 483 ADVANCED PSYCHODIAGNOSTICS
- PSY 489 GROUP PSYCHOTHERAPY
- PSY 511 HEALTH PSYCHOLOGY
- PSY 550 SEMINAR IN TEACHING PSYCHOLOGY (0 credit hours)
- PSY 561 ADVANCED PSYCHOLOGY OF WOMEN AND GENDER (CROSS-LISTED WITH MLS 478/WGS 470)
- PSY 567 SPECIAL TOPICS IN COMMUNITY PSYCHOLOGY

Other Program Requirements

Clinical Practica

Nine quarters of clinical practicum need to be completed. The director of clinical training must approve the practicum placement in advance.

Doctoral Candidacy Examination

Designed to assess the student’s general knowledge of clinical psychology and the student’s area of emphasis (child or community). The examination is given in two sections. One section consists of an examination in the areas represented by the required courses in Clinical Psychology. A second section consists of an examination in the student’s area of clinical child or clinical community emphasis. An alternative to the Doctoral Candidacy Examination is to complete a major comprehensive review paper based on the literature within an area relevant to the field of Clinical Psychology. This paper must be submitted for publication in a peer-reviewed Clinical Psychology journal.

Admission to Doctoral Candidacy

Formally given to the student who has successfully passed the Doctoral Candidacy Examination; the student has no more than five years from this date to complete requirements for the doctorate or they will be dismissed from the program.

Candidacy Continuation

Registration in course(s) or candidacy continuation required each quarter between admission to candidacy and...
graduation.

**Internship**

One-year internship in a facility approved by the director of clinical training. Student's fifth or sixth year in the program is usually the internship year.

**Dissertation**

Departmental committee approval and acceptance of topic and outline of dissertation given only after admission to candidacy approved.

**Oral Examination**

Student to defend his or her dissertation and to show competence in the general field of psychology and in the area of specialization of the dissertation.

**Time Limitations**

1. Between admission to the doctoral program and admission to doctoral candidacy: not more than four years
2. Between admission to candidacy and the final doctoral oral examination: not less than eight months and not more than five years, or dismissal from program ensues.

---

**Psychology - Community (MA)**

The Community program seeks to achieve four inter-related goals in training, specifically:

1. Provide students with a breadth of knowledge—theoretical and applied—in community psychology.
2. Provide statistical and methodological foundations in general psychology to demonstrate competence in core areas within the discipline.
3. Provide skills to engage communities and contribute to new developments in the field of community psychology.
4. Provide for the specific needs of the students and the communities they will serve.

---

**Admission Information**

Please note this is not considered a terminal degree and students are not admitted for the M.A. program only.

**Admission Requirements**

The department accepts as graduate students only those who show definite promise for completing the requirements for advanced degrees. Meeting the minimum admission standards or having extensive undergraduate course work in psychology does not guarantee acceptance, since the number of applicants who can be admitted is limited. Preference is given to those applicants who have a well-balanced background of psychology courses and some background in science and mathematics. Students who do not have an undergraduate major in psychology but who otherwise satisfy these requirements may apply.

For consideration for admission, the applicant must have the following:

- Bachelor's degree (official transcript(s) required to verify degree).
- Satisfactory undergraduate scholastic average
- Minimum of 32 quarter hours (24 semester hours) in psychology. This total should include a three
semester hour (four quarter hour) elementary statistics course as well as a course in experimental
psychology. A course in History and Systems is also desirable.

- The departmental graduate admission committee will determine, on the basis of a consideration of each
  student’s proposed program of study, whether the minimum 32 quarter hours in psychology is sufficient
  for advanced study.
- Official Graduate Record Examination results of the Verbal and Quantitative tests. It is highly recommended
  that you also submit
  scores from the Subject Test in Psychology, although it is not required.
- Three letters of recommendation from academic sources.
- Vita/Resume

Students considering application to the M.A.–Ph.D. program in Community Psychology should be aware of the
following:

Each year, the community psychology program can accept three or four new students. All application materials
are carefully evaluated, with emphasis on the following criteria.

**Completeness of credentials**

Applicant files that are not complete by the January 5th deadline cannot be evaluated, and thus those applicants
must be rejected. GRE scores and grade point average: While numerical standards are not followed rigidly,
students are expected to have an undergraduate GPA well above 3.4 as well as strong GRE scores.

**Preparation**

Students are expected to have had courses in statistics, experimental psychology, and other core areas of
psychology. While an undergraduate class in community psychology is not required, such a class is helpful.
Strong research skills and experience are highly recommended, and field experience is also considered a plus.
Credit for students entering with a master’s degree in Community Psychology or a related field is considered on
a case-by-case basis.

**Diversity**

The Community faculty strongly encourages applications from minority students.

**Interests**

The community psychology program has an ecological-community orientation that emphasizes a public health
model rather than a clinical or medical model. Those having interests in traditional clinical work would not find
the community program a good fit. Students accepted in the community program are ineligible to transfer into
the clinical psychology program. Successful applicants have been those whose personal statements reflect an
understanding of the nature and content of the field, compatible goals, strong GREs and GPAs, sound research
skills, and very good letters of recommendation. We accept only those applicants who intend to work toward the
doctoral degree. Students who desire a terminal master’s degree are not admitted.

**Degree Requirements**

**Course Requirements**

**Core Courses**

- PSY 492 PRINCIPLES OF CONSULTATION
- PSY 493 ADVANCED COMMUNITY PSYCHOLOGY
- PSY 520 PRINCIPLES OF HUMAN DIVERSITY
- PSY 568 SEMINAR IN COMMUNITY PSYCHOLOGY OR PSY 495 GRANT WRITING IN PSYCHOLOGY
- PSY 569 SEMINAR IN PROGRAM EVALUATION

**Statistics and Methodology Courses**

- PSY 410 ADVANCED STATISTICS I
• PSY 411 ADVANCED STATISTICS II
• One from the following list:
  o PSY 418 MULTIVARIATE STATISTICAL ANALYSIS
  o PSY 419 FACTOR ANALYSIS AND PATH MODELING
  o PSY 558 SEMINAR IN ADVANCED STATISTICS
• PSY 420 ADVANCED RESEARCH METHODOLOGY

Degree Candidacy

Admission to the doctoral program is dependent upon satisfactory evaluations in each of the following three (3) areas:

1. Coursework performance
2. Master's Thesis defense and
3. Successful completion of the Comprehensive Exam or Comprehensive Alternative Project

If the student has been involved in an outside practicum or fieldwork, appropriate persons at that site may be asked to contribute to the student's evaluation. Academic performance is based on a student's grade point average, incomplete, and comments made by faculty who have worked with the student in a classroom setting. A 3.0 GPA is the minimal expectation for good-standing status in the program. Assessment of research performance is based on evaluations by the professor(s) for whom the student is working or has worked.

Research Thesis

Complete a thesis on a topic approved by the department.

Thesis Examination

The examination, in the field of the graduate student, may be, but is not necessarily, limited to a defense of the student's thesis.

Psychology - Community (PhD)

The Community Psychology Program prepares students to become excellent researchers, intervention specialists, consultants, and program evaluators who have a firm grounding in the theory, research, and practice of Community Psychology.

Our training program has a special focus on working with underserved, minority populations (e.g., low-income urban children, adolescents, families, and adults) and community-based organizations. We invite you to explore our website so that you can find out more about our program.

We believe there is a need to equip students with psychological skills that are targeted toward non-individually oriented topics, such as community and organizational change, and evaluators of social policy. Students in the Community Ph.D. program will be trained in research methodologies to be applied to social and community interventions. These students will gain an understanding of social-community change from a public health perspective rather than a traditional individual-counseling orientation and will be collaborating with either community agencies, not-for-profit groups or grass-roots organizations. Their principle roles are in research, evaluation, program development and other non-clinical activities.

The community psychology program utilizes a unique approach toward training graduate students. The program will stress training community professionals who work in the public or private sector with diverse gender, ethnic, racial, and sexual orientation populations. This program exemplifies the mission of DePaul University through its strong emphasis on service to others. An objective of training will be to provide graduate students with educational and practical skills for scientific and leadership development as community advocates of social justice and empowerment. The Community faculty and supervisors have both an intra- and interdisciplinary orientation, including but not limited to, social, experimental, and feminist psychology, plus sociology and public service.

The Community program seeks to achieve four inter-related goals in training, specifically:

1. Provide students with a breadth of knowledge in the content of Community Psychology
2. Provide statistical and methodological foundations in general psychology to demonstrate competence in core areas within the discipline
3. Provide the means to contribute to new developments in the field of Community Psychology and the social basis of behavior
4. Provide for the specific needs of the students and the communities they will serve

Since the Community Program has an ecological-community orientation that emphasizes a public health model rather than a clinical or medical model, those who have no specific interest in this area would be better served by another program. In particular, those having interests in traditional clinical work would not find the community program a good fit. Students accepted in the Community program are ineligible to transfer into the clinical program.

Using a research-in-action training model, our program focuses on providing students with the theory, knowledge, skills, and experience to work effectively with underserved communities to promote positive change, to examine the interaction between the individual and the environment, and to understand how contextual issues affect individuals and communities. Specifically, we train students to do the following:

- Develop, implement, and evaluate preventive interventions
- Conduct action research that will help us to better understand and address social problems
- Evaluate community-based programs to help them gather information that will lead to better service provision to disadvantaged populations
- Consult with non-profit social service organizations to build organizational capacity
- Teach and conduct community research in college and university settings.

**Admission Information**

Students holding a bachelor’s degree are not admitted directly into doctoral programs. Admission to Doctoral candidacy is predicated upon successful completion of all required MA coursework, successful completion and defense of an empirical thesis before a committee of faculty, and successful completion of either the Comprehensive Exam or an approved Comprehensive (Alternative) Project. These requirements must be met within four (4) years of admission to the MA/PhD program for a student to be considered for Doctoral Candidacy.

**Degree Requirements**

**Course Requirements**

Students will achieve the successful completion of a minimum of 76 quarter hours of graduate credit beyond the bachelor’s degree and will complete a traditional Master’s Thesis and a Doctoral Dissertation.

**Core Courses**

- PSY 492 PRINCIPLES OF CONSULTATION
- PSY 493 ADVANCED COMMUNITY PSYCHOLOGY
- PSY 495 GRANT WRITING IN PSYCHOLOGY
- PSY 511 HEALTH PSYCHOLOGY
- or PSY 567 SPECIAL TOPICS IN COMMUNITY PSYCHOLOGY
- PSY 520 PRINCIPLES OF HUMAN DIVERSITY
- PSY 568 SEMINAR IN COMMUNITY PSYCHOLOGY
- PSY 569 SEMINAR IN PROGRAM EVALUATION
- PSY 585 FIELDWORK IN COMMUNITY SETTINGS (6 quarters, 0 credit hours)
- PSY 593 PRE-DOCTORAL RESEARCH (0 credit hours)
- PSY 654 COMMUNITY PSYCHOLOGY (0 credit hours)
Statistics and Methodology

- PSY 410 ADVANCED STATISTICS I
- PSY 411 ADVANCED STATISTICS II
- PSY 420 ADVANCED RESEARCH METHODOLOGY
- Two courses from the following list:
  - PSY 416 METHODS IN QUALITATIVE RESEARCH
  - PSY 418 MULTIVARIATE STATISTICAL ANALYSIS
  - PSY 419 FACTOR ANALYSIS AND PATH MODELING
  - PSY 558 SEMINAR IN ADVANCED STATISTICS

Other Psychology and Interdisciplinary Courses

- PSY 597 MASTER’S THESIS RESEARCH
- PSY 599 DISSERTATION RESEARCH
- PSY 550 SEMINAR IN TEACHING PSYCHOLOGY (3 quarters, 0 credit hours)
- One course from the following list:
  - PSY 430 ADVANCED SOCIAL PSYCHOLOGY
  - PSY 561 ADVANCED PSYCHOLOGY OF WOMEN AND GENDER (CROSS-LISTED WITH MLS 478/WGS 470)
- Four course electives (16 credit hours) in any department, including psychology.

Other Program Requirements

Although an applicant is accepted into the M.A./Ph.D. community program, formal acceptance and admission to doctoral candidacy depends upon the student's satisfactory progress in meeting the various demands of graduate education and professional training.

Field Work and Practicum

All students develop an applied community-based fieldwork project. They develop relationships with community organizations, design a project based on mutual interests, and receive individual and group supervision to implement the project they design. Metropolitan Chicago has a large population of community sites to draw upon as resources for assisting in placing students in practica and job-related sites.

Master’s Thesis

It is expected that the student's proposal for the Master's Thesis will be approved by November 15th of the second year in the program. The student's final Thesis is due by February 1st of third year in program.

Doctoral Comprehensive Exams or Project

The student is expected to take doctoral comprehensive examinations in the area of community psychology in the Spring of the 3rd year in the program. These examinations cannot be taken until the student has completed the master's thesis. Another option is to conduct a comprehensive project rather than take an exam. The project involves the submission of an empirical paper, review paper, or grant application. The project proposal is due by May 1st of 3rd year (or within 3 months of completing thesis). The final comprehensive project is due by May 1st of the fourth year (or within 1 year of proposal acceptance).

Dissertation

- Four hours of PSY 599 DISSERTATION RESEARCH (Dissertation Research) are required.

The student should form a dissertation committee and begin work on the dissertation proposal during the third or fourth year. The dissertation proposal should be accepted by November 15th of the 5th year. The final dissertation defense should be complete by May 1st of the 6th year in program.

Oral Examination

Student is to defend his or her dissertation and to show competence in the general field of psychology and in the area of specialization.

Time Limitation

1. Between admission to the doctoral program and admission to doctoral candidacy: not more than four years
2. Between admission to candidacy and the final examination: not less than eight months and not more than five years.
Composition (MM)

The Master of Music in composition program offers students one-on-one instruction with DePaul's distinguished faculty of active composers, as well as seminars with guest composers and performers from Chicago and across the country. Graduate composition majors have their compositions performed at DePaul Composers Forum, a quarterly student composition concert, and second-year students may have a composition read through and recorded by the DePaul Chamber Orchestra. Graduate student compositions may also be performed by other DePaul ensembles, including Ensemble 20+, the Contemporary Music Ensemble. DePaul also offers two assistantships to graduate composition students. The Master of Music in composition is a two-year program.

Admission Information

Admission

The first charter of DePaul University included a statement on nondiscrimination, and the policy has been enforced vigorously for over 114 years. It is the policy of the School of Music to make admission decisions without regard to the race, color, religion, age, gender, sexual orientation, national origin or handicap of the candidate.

Procedures for Admission

Applicants for graduate admission should submit an application online at www.depaul.edu. The application deadline is December 1. Applicants should submit official college transcripts and three letters of recommendation to support their application. Applicants to the master's degree program for performance and jazz studies must take an entrance audition, usually held in February of each year. Audition requirements are specified in the Admissions section on the School of Music website. Applicants to the master's degree program for music education must interview with the Music Education department. Applicants to the master's degree program for composition must submit a composition portfolio of three pieces. A nonrefundable application fee is required of every student applying for admission to the University as a degree-seeking student. When admission has been approved, the applicant will be notified of the diagnostic examination schedule and new student orientation, which usually take place at the beginning of the academic year.

Certificate in Performance

The School of Music also offers a program leading to the Certificate in Performance. The Certificate in Performance is a post-masters program for classical or jazz musicians who intend to pursue careers as professional performers. Applicants should submit an application online at www.depaul.edu. The application deadline is December 1. Applicants should submit official college transcripts and three letters of recommendation to support their application. Applicants must take an entrance audition, usually held in February of each year. Audition requirements are specified in the Admissions section on the School of Music website.

Non-Degree Seeking Students

DePaul School of Music does not normally admit applicants as non-degree seeking students. A student who has earned a bachelor's degree or its equivalent from an accredited institution and does not intend to work for a master's degree may, on the written recommendation of the Associate Dean of Academic Affairs, be admitted as a non-degree seeking student. Only the first 12 quarter hours earned as a non-degree-seeking student at DePaul may subsequently be applied toward a degree when the student is accepted as a degree-seeking student.

Student-At-Large

DePaul School of Music does not normally admit applicants as students-at-large. A student completing a graduate program at another accredited institution may, on the written recommendation of the Associate Dean
International Students

All international students and any student who has been educated outside of the United States should complete the application requirements for their desired program (see above), submit their educational credentials to a third-party organization for evaluation, and demonstrate a proficiency in English. The application deadline is December 1. For further information on applying to DePaul School of Music as an international graduate student, please refer to the International Students section under Admissions on the School of Music website.

To demonstrate English proficiency, international graduate music students must pass a TOEFL examination with a written score of 550 or an internet-based score of 80, with no section lower than 17. If a student has met all other music admissions criteria and taken a TOEFL examination, but not yet achieved a passing score, they may be considered for admission to the joint English Language Academy-School of Music program. (For further information on this program, students should contact the School of Music Admissions Office.) Those who request student visas also must show evidence of adequate financial support. A formal letter of admission and/or form I-20 will be issued only after all admission requirements have been fulfilled.

Diagnostic Examinations

Students who have been admitted to the master’s degree program for composition, performance, jazz studies, and music education must take a diagnostic examination in musicianship studies. These examinations, taken during new student orientation, will be used to guide course placement and identify areas for additional studies.

Degree Requirements

Course Requirements

A minimum of 48 quarter hours of graduate credit is required for the Master of Music degree. This total is divided between the basic studies required of all master’s degree students, and courses in the specialization.

Composition Core Requirements (16 credits)

- MUS 408 ANALYTICAL TECHNIQUES
  or COM 405 GRADUATE ANALYTICAL STUDIES
- Music History: Two courses from the list below
  - JZZ 405 JAZZ HISTORY
  - JZZ 406 JAZZ STYLE AND ANALYSIS
  - MUS 420 HISTORY OF THE ORATORIO
  - MUS 435 18th & 19th WIND HISTORY AND LITERATURE
  - MUS 436 20th CENTURY WIND HISTORY AND LITERATURE
  - MUS 475 MEDIEVAL MUSIC
  - MUS 478 RENAISSANCE MUSIC
  - MUS 479 BAROQUE MUSIC
  - MUS 481 HISTORY OF OPERA
  - MUS 482 WORLD MUSIC CULTURES
  - MUS 484 CLASSICAL MUSIC
  - MUS 485 ROMANTIC MUSIC
  - MUS 486 MUSIC SINCE WORLD WAR II
  - MUS 487 20TH CENTURY MUSIC BEFORE WWII
- MUS 400 MUSIC RESEARCH I

Composition Specialization Requirements (26 credits)

- COM 447 NON-WESTERN SOUND AND CONCEPT IN CONTEMPORARY MUSIC
- COM 445 TWENTIETH CENTURY MUSIC TOPICS
- COM 416 COMPUTER ASSISTED COMPOSITION
- COM 415 COMPOSITION
- COM 446 NEW MUSIC COMPOSITION SEMINAR
Composition Electives (6 credits)
- Electives

Terminal Requirements

Two terminal requirements are required of all students:

- A written comprehensive examination, in which the students must demonstrate a satisfactory knowledge of their major field of study. The comprehensive examination may be taken at any time after 32 quarter hours of graduate credit have been earned.
- The completion of an original work.

While preparation of the terminal requirement in the major may take place within some course or activity for which a student is registered for credit, additional academic credit is not granted for the project itself.

Residency Requirements

All courses for the master's degree must be taken at DePaul University. Graduate credit for courses completed at other institutions may not be applied toward the degree.

A full-time graduate student must be registered for a minimum of six quarter hours in any term. All requirements for the degree must be completed within six calendar years from the time a student is first enrolled. For students removing deficiencies, this period will begin when all deficiencies are removed and admission to the master's degree program has been granted.

Computational Finance (MS)

The globalization of markets and competition brings new complexity to business finance. Continual, rapid innovation in financial markets, instruments and institutions, demands a high level of analytical expertise for success. The Master of Science in Computational Finance is designed for students seeking to acquire the ability to understand existing financial models in a quantitative and mathematical way. The Computational Finance graduate will be able to apply these quantitative tools to solve complex problems in the areas of portfolio management, risk management, and financial engineering.

Individuals with an M.B.A. degree or students currently enrolled in the M.B.A. program may have up to six of their M.B.A. courses count toward the requirements of the Master of Science in Computational Finance degree. The exact number of courses that can be double-counted in this manner depends upon the specific content and age of coursework.

Admission Information

Applicants must possess the equivalent of a bachelor's degree from a regionally accredited institution. A prospective graduate student is expected to present a superior overall previous academic record and an above average total GMAT score (or GRE score where appropriate) including high achievement on the verbal, quantitative, and on the analytical writing assessment. The examination must have been taken no earlier than five years prior to the date of admission to the program.

Other factors, such as work experience and career progression, are also important and will be considered by the Admissions Committee. All applicants are required to submit two professional letters of recommendation as well as a current resume.
All prospective students are welcome to arrange a meeting with an admissions counselor. Please phone the
graduate school office for an informal appointment. Interviews are not required as part of the admissions
process for the part-time M.B.A. program, but may be requested by the Admissions Committee. Interviews for
the full-time M.B.A. and weekend M.B.A. programs are on an invitation-only basis. Once a completed application
has been received, a preliminary review is completed and selected candidates are invited to interview.

Each applicant is considered on an individual basis. The full-time and weekend M.B.A. programs do have limited
enrollments, but for the other graduate business programs there currently is no predetermined limit to the
number of students who can be admitted. Thus, for these programs, all students who are judged eligible by the
Admissions Committee will be invited to matriculate.

**Graduate Management Admission Test (GMAT)**

To be considered for admission as a degree seeking student, an applicant will be required to submit a score from
the Graduate Management Admission Test (GMAT). GMAT information including dates, a list of test centers, and
applications for the exam may be obtained at www.mba.com or by contacting Pearsonvue at 1-800-717-4628.
The GMAT score report must come directly from Pearsonvue. A test taken more than five years prior to the date
of application is not considered valid for admission purposes and would have to be retaken. An exception may
be made for individuals who hold a doctoral or other terminal degree awarded by an appropriately accredited
institution. An exception may also be made for fully certified CPA's applying to the Master of Science in Taxation
program. Applicants to the Master of Science in Human Resources Management and the Master of Science in
Economics and Policy Analysis may submit either a GMAT or GRE (Graduate Records Examinations) score. As
with the GMAT, GRE scores are valid for five years.

**Application Deadlines**

**For the day MBA program (Full-time):**

Admission to the Day M.B.A. program is competitive and is limited to the Autumn Quarter. There are three
application rounds, with deadlines of February 1, April 1 and July 1. Application review begins in January, and
you are encouraged to apply as early as possible. Decisions are mailed on an ongoing basis beginning in
January, and applicants should expect to receive an admission decision approximately 4 weeks after their
application becomes complete.

Applicants who wish to be considered for scholarships and graduate assistantships should apply during the first
two application rounds. These awards are generally not available to applicants who apply after April 1.

Late applications submitted after the final July 1 deadline may be considered if space remains available in the
incoming class.

**For the weekend MBA and MS in Economic Policy Analysis programs:**

Applications must be submitted by July 1st. Applications received after July 1st will be considered on a space
available basis.

**For all other graduate business programs:**

Applications must be submitted by:

- July 1st for the Autumn Quarter
- October 1st for the Winter Quarter
- February 1st for the Spring Quarter
- April 1st for the Summer Quarter

Applicants educated outside the United States must submit their applications one month prior to the above
deadlines.

**Transcripts**

Degree seeking applicants must present official transcripts from each junior college, college, and university
attended (even if only for one course) including DePaul University, if applicable. Credits transferred and posted
on the record of a second school do not constitute an official transcript of the original school. Transcripts that are
already on file as part of a student record in another College Office at DePaul may be required to remain there
and in that case cannot be transferred to the Graduate School of Business Office.

Applicants should write to the Registrar of each school attended, requesting that an official transcript be sent to
the student. Once all of the transcripts have been received applicants should submit them to the graduate school
office in their original envelopes with the applicant's name, date of birth and program of interest noted on the
envelope. We will then add the transcripts to the applicant's admission file.

An applicant who is still taking courses or completing a program at the time he/she submits an application to the
Graduate School of Business will not receive full admission until a final and official transcript listing the degree
awarded has been submitted to the Admissions Committee. Please see Conditional Admission and Non-degree
Status for more information regarding admission prior to posting of an undergraduate degree.

Readmission

A student previously admitted who has been absent from DePaul for one year or longer must complete the
application form and submit a transcript of any courses taken elsewhere during his/her absence. A student must
submit a written explanation of his/her absence from the program and an updated resume. A $30 application fee
is required.

If the original application has been destroyed (after an absence of two years), the student may be required to
complete a new application in full.

Special Instructions for International Applicants

Educational Credentials For International Students or Programs

Applicants must submit transcripts from all colleges and universities attended, including those attended but from
which no credit was earned. Exceptions may be permitted for study-abroad credit when that credit is clearly
defined and displayed on the home institution transcript.

Applicants with non-U.S. educational credentials for Winter term 2012 and beyond are required to submit their
official educational credentials (e.g., transcripts, mark sheets, degree certificates, graduation diplomas) and
evaluation fee directly to one of the three evaluation companies below:

- Educational Credential Evaluators, Inc.
- Educational Perspectives
- One Earth International Credential Evaluation

These evaluators will then provide DePaul with a general evaluation of their studies and certified copies of their
international educational credentials which will be used during admission review. Please direct any questions
about required credentials to the evaluation company you have selected and not to the Kellstadt Graduate School
of Business. DePaul will not accept evaluations from any other evaluation companies and will not accept any
educational credentials without an evaluation from ECE, EP or One Earth.

English Proficiency

Non-native English speakers who have not completed a bachelor's or master's degree in the United States should
submit scores from a recognized English proficiency test. The Kellstadt Graduate School of Business accepts
results from TOEFL, IELTS and the Pearson Test of English (PTE).

Degree Requirements

Course Requirements

The Master of Science in Computational Finance is a joint degree with the College of Computing and Digital
Media, CDM. The degree is structured to develop financial management knowledge and proficiency. The GMAT
test is required for admission for students admitted via the College of Business. Students admitted via the
College of Computing and Digital Media may submit either GMAT or GRE test results. The TOEFL test is required
for international students.

Students complete the degree by taking 13 required courses; 7 from KGSB and 5 from CDM and 1 elective.

KGSB Courses
Computational Finance (MS)

The Master of Science in Computational Finance is a joint degree between the College of Computing and Digital Media (CDM) and the Kellstadt Graduate School of Business (KGSB).

The objective of this program is to offer students the opportunity to acquire both the ability to understand existing financial models in a quantitative and mathematical way, and the ability to implement these models in the form of computer programs. This program differs from a regular MS in Finance because of a stronger mathematical component and the addition of an intensive computational component. The program aims to produce graduates with the required qualifications to become "quantitative financial analysts". The Computational Finance graduates will be able to apply these quantitative tools to solve complex problems in the areas of portfolio management, risk management, and financial engineering.

Admission Information

Admission information for this program can be found in the Graduate Admission page on the CDM web site under Prospective Students. (http://www.cdm.depaul.edu/Prospective%20Students/Pages/GraduateAdmissions.aspx)
Degree Requirements

Course Requirements

Introductory Courses

Introductory courses may be waived for any of the following conditions:

- The student has the appropriate course work to satisfy an Introductory Course.
- The student has appropriate and verified professional experience to satisfy an Introductory Course.
- The student passes a Graduate Assessment Examination (GAE) in the Introductory Course area.

- CSC 401 INTRODUCTION TO PROGRAMMING
- CSC 404 ACCELERATED C++
- IT 403 STATISTICS AND DATA ANALYSIS
- CSC 412 TOOLS AND TECHNIQUES FOR COMPUTATIONAL ANALYSIS

CDM Foundation Courses

- CSC 423 DATA ANALYSIS AND REGRESSION
- CSC 425 TIME SERIES ANALYSIS AND FORECASTING
- CSC 431 SCIENTIFIC COMPUTING
  or CSC 485 NUMERICAL ANALYSIS
- CSC 521 MONTE CARLO ALGORITHMS

Kellstadt Foundation Courses

- ACC 500 FINANCIAL ACCOUNTING
- ECO 555 ECONOMICS FOR DECISION-MAKING
- FIN 555 FINANCIAL MANAGEMENT
- FIN 523 INVESTMENT ANALYSIS
- FIN 525 PORTFOLIO MANAGEMENT
- FIN 562 RISK MANAGEMENT
- FIN 662 DERIVATIVES VALUATION

Advanced Courses

- CSC 695 MASTER'S INDEPENDENT STUDY (1 - 4 CREDITS)
  or CSC 697 GRADUATE INTERNSHIP
  or CSC 559 SOFTWARE ENGINEERING FOR FINANCIAL MARKETS

Major Elective Courses

Students must take 1 500-level course at CDM, Kellstadt, or the Department of Math.

Degree Requirements

Students in this degree program must meet the following requirements:

- Complete a minimum of 52 graduate credit hours in addition to any required introductory courses of the designated degree program.
- Complete all graduate courses and requirements listed in the designated degree program.
- Earn a grade of B- or better in each introductory course of the designated degree program.
- Earn a grade of C- or better in all courses beyond the introductory courses of the designated degree program.
- Maintain a cumulative GPA of 2.5 or higher.
- Students pursuing a second master's degree must complete a minimum of *52 graduate credit hours beyond their first designated degree program in addition to any required introductory courses in their second designated degree program.

*53 graduate credit hours required for MS Information Systems.

Students with a GPA of 3.9 or higher will graduate with distinction.

For DePaul's policy on repeat graduate courses and a complete list of academic policies see the DePaul Graduate
Computer and Information Sciences (PhD)

The Ph.D. in Computer and Information Sciences offers an opportunity for exceptional students to pursue substantial research in the computer sciences and related areas. To earn a Ph.D. degree, a student must demonstrate breadth of knowledge in at least three research areas and significant depth in a chosen dissertation area. In addition, the student must conceive, write and defend a Ph.D. dissertation representing a significant and original contribution to current academic research as demonstrated by a public dissertation defense and publication in established peer-reviewed academic conferences and/or journals.

The Ph.D. in Computer and Information Sciences has two tracks, which differ primarily in the structure of the Inquiry Phase. Students must choose whether to enter the Computer Science or Information Systems track at admission.

Admission Information

Admission information for this program can be found in the Graduate Admission page on the CDM web site under Prospective Students. (http://www.cdm.depaul.edu/Prospective%20Students/Pages/GraduateAdmissions.aspx)

Degree Requirements

Overview of Phases

The Inquiry Phase

During the Inquiry Phase students in the Computer Science track will complete coursework, initial research projects, and two Breadth Examinations. They must also prepare themselves for a Depth Examination in their chosen area of research. This Depth exam will be completed during the Research phase. Students in the Information Systems track will complete coursework, research projects, and a comprehensive exam.

The Research Phase

In this phase, students will conduct focused research leading to successful completion of a Dissertation Proposal. A Ph.D. student enters the Research Phase when he or she has chosen an area in which to do dissertation research and has found a faculty member willing to act as his or her Dissertation Advisor. The Research Phase may overlap with the Inquiry Phase, in fact, students are strongly encouraged to begin their research, under the supervision of a faculty Ph.D. advisor, as early as possible upon entering the program.

The Candidacy Phase

During the Candidacy Phase the Candidate conducts further research, and writes and defends the Ph.D. Dissertation. To be admitted to candidacy, doctoral students must complete the following:
Residency: Three quarter of full-time study must be competed at DePaul University beyond the master's level. Full-time study is defined as registration for a minimum of eight credit hours (typically two courses) per quarter. With prior approval of the Ph.D. Committee, students may satisfy residency requirements by coursework, participation in seminars, or research performed off campus.

- Allied Course: Specific courses as specified for each track under course requirements.
- Doctoral Examinations: Pass two Breadth Examinations and one Depth Examination (Computer Science track) or pass Comprehensive Examination (Information Systems track).

Course Requirements

Ph.D. students with a master's degree are required to complete a minimum of 60 credits (typically 15 courses) of graduate classes. These credits must include at least 48 credits of courses in the 420-599 range, including CSC 426: Values and Computer Technology. Information Systems track students must also complete IS 590: Information Systems Research Methods.

Students may enroll in CSC 699 only after completion of the Breadth Examinations. Conditionally admitted students must complete an additional 52 credits (typically 13 courses) of graduate classes, including at least 36 credits of courses in the 420-599 range. The written approval of the Ph.D. Committee is required, before registering, to apply courses taught outside the School towards the doctoral program course requirements.

Student progress will be evaluated annually. Students must maintain a grade point average of 3.5 or better to remain in good standing in the program. Any course grade below B- is unsatisfactory and will not be counted toward degree requirements. The Ph.D. Committee will ask a student to withdraw from the doctoral program if the members judge that the student is not progressing satisfactorily toward the degree.

Time Limits

For part-time doctoral students:

- No more than three years between admission to the doctoral program and completion of Breadth Examinations.
- No more than three years between completion of Breadth Examinations and admission to Candidacy.
- No less than eight months and no more than five years between admission to Candidacy and the dissertation defense.

For full-time doctoral students:

1. No more than two years between admission to the doctoral program and completion of Breadth Examinations. Note that students funded by SOC or other stipends will be required to meet more stringent requirements.
2. No more than two years between completion of Breadth Examinations and admission to Candidacy.
3. No less than eight months and no more than five years between admission to Candidacy and the dissertation defense.

Computer Game Development (MS)

The MS in Computer Game Development is designed for those interested in game development programming at the highest level, including computer science and computer graphics professionals retooling for the game industry.
Admission Information

Admission information for this program can be found in the Graduate Admission page on the CDM web site under Prospective Students. (http://www.cdm.depaul.edu/Prospective%20Students/Pages/GraduateAdmissions.aspx)

Degree Requirements

Course Requirements

Introductory Courses

Introductory courses may be waived for any of the following conditions:

- The student has the appropriate course work to satisfy an Introductory Course.
- The student has appropriate and verified professional experience to satisfy an Introductory Course.
- The student passes a Graduate Assessment Examination (GAE) in the Introductory Course area.

  - CSC 400 DISCRETE STRUCTURES FOR COMPUTER SCIENCE
  - CSC 401 INTRODUCTION TO PROGRAMMING
  - CSC 402 DATA STRUCTURES I
  - CSC 403 DATA STRUCTURES II
  - CSC 404 ACCELERATED C++
  - CSC 406 SYSTEMS I
  - CSC 407 SYSTEMS II

Foundation Courses

- CSC 421 APPLIED ALGORITHMS AND STRUCTURES
- GAM 474 FUNDAMENTALS OF GAME PROGRAMMING I
  or SE 456 ARCHITECTURE OF COMPUTER GAMES
- GAM 475 GAME ENGINE PROGRAMMING I

Advanced Courses

- GAM 450 PHYSICS FOR GAME DEVELOPERS
- GAM 476 ARTIFICIAL INTELLIGENCE FOR COMPUTER GAMES
- GPH 469 COMPUTER GRAPHICS DEVELOPMENT
- GAM 575 GAME ENGINE PROGRAMMING II

Major Elective Courses

Students must complete 3 graduate level elective courses. Students may choose from GAM courses in the 421-699 range or courses from the following list:

- CSC 443 INTRODUCTION TO OPERATING SYSTEMS
- CSC 447 CONCEPTS OF PROGRAMMING LANGUAGES
- CSC 448 COMPILER DESIGN
- CSC 451 DATABASE DESIGN
- CSC 480 ARTIFICIAL INTELLIGENCE I
- CSC 578 NEURAL NETWORKS AND MACHINE LEARNING
- CSC 435 DISTRIBUTED SYSTEMS I (FORMERLY SE 435)
- GPH 438 COMPUTER ANIMATION SURVEY
- GPH 448 COMPUTER GRAPHICS SCRIPTING
- GPH 539 ADVANCED RENDERING TECHNIQUES
- GPH 540 PROCEDURAL SHADING
- GPH 541 ADVANCED LIGHTING TECHNIQUES
CDM Open Electives

Students must complete 1 CDM open elective course in the 421-699 range.

Capstone

- GAM 690 GAME DEVELOPMENT STUDIO I and GAM 691 GAME DEVELOPMENT STUDIO II
  or GAM 499 TOPICS IN COMPUTER GAME DESIGN AND DEVELOPMENT (8 units)

Note: Students must register for GAM 690 and GAM 691 in consecutive quarters. A grade will not be assigned for GAM 690 until GAM 691 has been completed.

Degree Requirements

Students in this degree program must meet the following requirements:

- Complete a minimum of 52 graduate credit hours in addition to any required introductory courses of the designated degree program.
- Complete all graduate courses and requirements listed in the designated degree program.
- Earn a grade of B- or better in each introductory course of the designated degree program.
- Earn a grade of C- or better in all courses beyond the introductory courses of the designated degree program.
- Maintain a cumulative GPA of 2.5 or higher.
- Students pursuing a second master's degree must complete a minimum of *52 graduate credit hours beyond their first designated degree program in addition to any required introductory courses in their second designated degree program.

*53 graduate credit hours required for MS Information Systems.

Students with a GPA of 3.9 or higher will graduate with distinction.

For DePaul's policy on repeat graduate courses and a complete list of academic policies see the DePaul Graduate Handbook.

Computer Science (MS)

The Master of Science degree in Computer Science prepares students for a professional career in Software Development or Computer Science Research. The program exposes students to the complete life-cycle of computer application development including abstraction, modeling and algorithm development, leveraging computer systems, programming languages and development frameworks, and software development techniques and processes. Students also have the opportunity to study and develop applications in diverse applied areas such as:

- Computer Security
- Robotics and Computer Vision
- Data Mining and Knowledge Discovery
- Databases
- Mobile and Embedded Systems
- Intelligent Systems
Graduates of the Computer Science Master’s program are typically employed as developers and software engineers, and many also pursue a Ph.D. degree. The program is structured to provide students an expertise in the following core areas:

- Programming and Software Development
- Algorithm Design and Computer Science Concepts
- Computer and Database Systems

Students will acquire a broad range of skills including:

- Knowledge of key computer science concepts, techniques and algorithms
- An understanding of the workings and the API (Application Programming Interface) of modern computer systems including database systems
- Skills in programming and software development
- Expertise in a chosen area of Computer Science
- Research skills and experiences that can be applied in any endeavor

**Admission Information**

Admission information for this program can be found in the Graduate Admission page on the CDM web site under Prospective Students. (http://www.cdm.depaul.edu/Prospective%20Students/Pages/GraduateAdmissions.aspx)

**Degree Requirements**

**Course Requirements**

**Introductory Courses**

Introductory courses may be waived for any of the following conditions:

- The student has the appropriate course work to satisfy an Introductory Course.
- The student has appropriate and verified professional experience to satisfy an Introductory Course.
- The student passes a Graduate Assessment Examination (GAE) in the Introductory Course area.

- CSC 400 DISCRETE STRUCTURES FOR COMPUTER SCIENCE
- CSC 401 INTRODUCTION TO PROGRAMMING
- CSC 402 DATA STRUCTURES I
- CSC 403 DATA STRUCTURES II
- CSC 406 SYSTEMS I
- CSC 407 SYSTEMS II

**Foundation Courses**

- CSC 421 APPLIED ALGORITHMS AND STRUCTURES
- CSC 435 DISTRIBUTED SYSTEMS I (FORMERLY SE 435)
- CSC 447 CONCEPTS OF PROGRAMMING LANGUAGES
- CSC 453 DATABASE TECHNOLOGIES
- SE 450 OBJECT-ORIENTED SOFTWARE DEVELOPMENT
Major electives

Graduates of the MS in Computer Science program must be proficient in at least one broad area of Computer Science listed below. For this reason students will take the remaining 8 elective courses as follows:

- 4 courses from one area
- 4 additional courses from any area. Including the option to take the 2-course SE Studio sequence, the 2-course GAM studio sequence, the 1-course CS capstone, the Research Colloquium course, or write an MS Thesis, or develop an MS Research Project.

The courses in each area are listed below. The Independent Study courses (CSC 695) may be taken for up to 8 credits and at most 4 credit hours of CSC 695 can count towards the chosen area.

Special requirements for the Software and System Development area

Many graduates of the Computer Science program work as software developers. Students choosing to specifically prepare for this career path should choose the Software and System Development area. The requirements for students choosing this area are:

- 4 courses from the Software and System Development area
- 1 course from Software Engineering and CSC 597 COMPUTER SCIENCE CAPSTONE
  or SE 491 SOFTWARE ENGINEERING STUDIO and SE 591 SOFTWARE ENGINEERING STUDIO II
  or GAM 690 GAME DEVELOPMENT STUDIO I and GAM 691 GAME DEVELOPMENT STUDIO II
- 2 courses from any area

Areas

Software and System Development area

- CSC 438 FRAMEWORK FOR WEB APPLICATION DEVELOPMENT
- CSC 439 COMPUTER SECURITY
- CSC 443 INTRODUCTION TO OPERATING SYSTEMS
- CSC 448 COMPILER DESIGN
- CSC 471 MOBILE APPLICATION DEVELOPMENT
- CSC 475 INTRODUCTION TO ROBOTICS
- CSC 548 ADVANCED COMPILER DESIGN
- CSC 549 DATABASE SYSTEM IMPLEMENTATION
- CSC 551 DISTRIBUTED DATABASE SYSTEMS
- CSC 553 ADVANCED DATABASE CONCEPTS
- CSC 536 DISTRIBUTED SYSTEMS II (FORMERLY SE 536)
- CSC 540 MOBILE APPLICATION DEVELOPMENT II
- CSC 534 SOFTWARE DEVELOPMENT FOR LIMITED AND EMBEDDED DEVICES (Formerly 542)
- CSC 552 CONCURRENT SOFTWARE DEVELOPMENT (Formerly SE 552)
- GAM 491 GAME PERFORMANCE OPTIMIZATION
- SE 560 STRUCTURED DOCUMENT INTERCHANGE AND PROCESSING
- SE 452 OBJECT-ORIENTED ENTERPRISE COMPUTING
- SE 459 AGILE SOFTWARE DEVELOPMENT
- SE 554 ENTERPRISE COMPONENT ARCHITECTURE
- CNS 450 COMPUTER FORENSICS
- SE 491 SOFTWARE ENGINEERING STUDIO (Capstone)
- SE 591 SOFTWARE ENGINEERING STUDIO II (Capstone)
- CSC 597 COMPUTER SCIENCE CAPSTONE
- GAM 690 GAME DEVELOPMENT STUDIO I
- GAM 691 GAME DEVELOPMENT STUDIO II

Theory area

- CSC 431 SCIENTIFIC COMPUTING
- CSC 440 CRYPTOLOGY
- CSC 444 AUTOMATA THEORY AND FORMAL GRAMMARS
- CSC 489 THEORY OF COMPUTATION
- CSC 503 PARALLEL ALGORITHMS
- CSC 521 MONTE CARLO ALGORITHMS
- CSC 525 COMBINATORIAL OPTIMIZATION
- CSC 531 INTRODUCTION TO BIOINFORMATICS
- CSC 535 FORMAL SEMANTICS OF PROGRAMMING LANGUAGES
- CSC 557 FOUNDATIONS OF COMPUTER SECURITY (Formerly SE 547)
- CSC 547 ADVANCED TOPICS IN PROGRAM LANGUAGES
- CSC 580 DESIGN OF OBJECT-ORIENTED LANGUAGES (Formerly SE 580)
- CSC 591 TOPICS IN ALGORITHMS
- SE 533 SOFTWARE VALIDATION AND VERIFICATION

**Database Systems area**

- CSC 452 DATABASE PROGRAMMING
- CSC 454 DATABASE ADMINISTRATION AND MANAGEMENT
- CSC 543 SPATIAL DATABASES & GEOGRAPHIC INFORMATION SYSTEMS
- CSC 549 DATABASE SYSTEM IMPLEMENTATION
- CSC 551 DISTRIBUTED DATABASE SYSTEMS
- CSC 553 ADVANCED DATABASE CONCEPTS
- CSC 554 ADVANCED DATABASE MANAGEMENT
- CSC 575 INTELLIGENT INFORMATION RETRIEVAL
- CSC 589 TOPICS IN DATABASE

**Artificial Intelligence area**

- CSC 457 EXPERT SYSTEMS
- CSC 458 SYMBOLIC PROGRAMMING
- CSC 480 ARTIFICIAL INTELLIGENCE I
- CSC 583 ARTIFICIAL INTELLIGENCE II
- CSC 495 SOCIAL NETWORK ANALYSIS
- CSC 575 INTELLIGENT INFORMATION RETRIEVAL
- CSC 528 COMPUTER VISION
- CSC 578 NEURAL NETWORKS AND MACHINE LEARNING
- CSC 582 MACHINE LEARNING
- CSC 587 COGNITIVE SCIENCE
- CSC 594 TOPICS IN ARTIFICIAL INTELLIGENCE
- CSC 481 INTRODUCTION TO IMAGE PROCESSING
- CSC 538 VISION SYSTEMS
- CSC 482 APPLIED IMAGE ANALYSIS
- CSC 592 TOPICS IN COMPUTER VISION AND PATTERN RECOGNITION
- CSC 423 DATA ANALYSIS AND REGRESSION
- CSC 424 ADVANCED DATA ANALYSIS
- CSC 425 TIME SERIES ANALYSIS AND FORECASTING
- CSC 428 DATA ANALYSIS FOR EXPERIMENTERS
- ECT 584 WEB DATA MINING FOR BUSINESS INTELLIGENCE

**Software Engineering area**

- SE 430 OBJECT ORIENTED MODELING
- SE 433 SOFTWARE TESTING AND QUALITY ASSURANCE
- SE 453 ARCHITECTURE AND FRAMEWORKS FOR DEVELOPING CLIENT APPLICATIONS
- SE 459 AGILE SOFTWARE DEVELOPMENT
- SE 457 SERVICE-ORIENTED ARCHITECTURE
- SE 468 SOFTWARE MEASUREMENT/PROJECT ESTIMATION
- SE 477 SOFTWARE AND SYSTEMS PROJECT MANAGEMENT
- SE 480 SOFTWARE ARCHITECTURE I
- SE 482 REQUIREMENTS ENGINEERING
- SE 525 SOFTWARE SECURITY ARCHITECTURE
- SE 526 SOFTWARE SECURITY ASSESSMENT
- SE 533 SOFTWARE VALIDATION AND VERIFICATION
- SE 529 SOFTWARE RISK MANAGEMENT
- SE 546 SOFTWARE ARCHITECTURE AND DESIGN FOR DESKTOP APPLICATIONS
- SE 549 MODEL-DRIVEN SOFTWARE DEVELOPMENT

**Security area**

- CNS 450 COMPUTER FORENSICS
- CSC 439 COMPUTER SECURITY
- CSC 440 CRYPTOLOGY
- CSC 557 FOUNDATIONS OF COMPUTER SECURITY (Formerly SE 547)
- SE 525 SOFTWARE SECURITY ARCHITECTURE
- SE 526 SOFTWARE SECURITY ASSESSMENT
- TDC 588 ADVANCED NETWORK DEFENSE SYSTEMS

**Multimedia area**
As part of their electives, students have the option of signing up for the Research Colloquium or an Independent Study, or completing a Research Project, or writing a Master Thesis.

**Research Colloquium**

The research colloquium consists of weekly talks by a variety of speakers including faculty, students, and guests from the academic and business communities. The lectures feature new creative and scholarly work that encompasses the disciplines and areas of interest of the School of Computing. Students interested in attending the colloquium and receiving credit should sign up for the CSC 500 Research Colloquium course (NOTE: this course carries only 2 credits; it may be taken twice for credit.) Student evaluation is based on attendance as well as an online journal with reflections on each of the presentations. The educational objectives are to expose students to creative and scholarly research at DePaul and elsewhere, and to engage students in the thought process of identifying and solving challenging research problems.

**Master's Independent Study**

Students interested in a more in-depth study of a particular area can choose to work with a faculty member (not necessarily their academic advisor) on an independent study or research project. The work involved may include system development, empirical studies, or theoretical work. The student will register for up to 4 credit hours of CSC 695 Master's Independent Study. Four credit hours of CSC 695 replace one 500 level CS elective course in the MS in CS program. CSC 695 can be taken multiple times for up to 8 credit hours. Students must successfully complete the Foundation Courses prior to their first enrollment in CSC 695. Students interested in the Master's Research option must take CSC 695 for 8 credits. Students interested in the Master Thesis option will typically take 8 credits of CSC 695.

**Master's Research**

A student who has made a significant contribution to a research project, through work done in 2 quarters of CSC 695 (8 credit-hours), may choose to complete the Master's Research option. The student must submit a technical report detailing the results of the research project. This report must be approved by the student's research supervisor and the faculty advisor, at which point it will be made available to the public as a CDM Departmental Master's Research Technical Report. In that case, the student will be allowed to register for the 0 credit course CSC 696 Master's Research and the transcript will show the research project title as the course topic.

**Master's Thesis**

A student who has made an original contribution to the area (through work done by CSC 695, typically) may choose to complete a Master's Thesis. The student and the student's research advisor should form a Master's Thesis Committee of 3 faculty. The student will need submit to the committee a thesis detailing the results of the research project. After a public defense, the committee will decide whether to accept the thesis. In that case, the student will be allowed to register for the 0 credit course CSC 698 Master's Thesis and the transcript will show the thesis title as the course topic. The thesis will be made available to the public as a CDM Departmental Master's Thesis Technical Report.

**Degree Requirements**

Students in this degree program must meet the following requirements:

- Complete a minimum of 52 graduate credit hours in addition to any required introductory courses of the
designated degree program.
- Complete all graduate courses and requirements listed in the designated degree program.
- Earn a grade of C- or better in all courses of the designated degree program.
- Maintain a cumulative GPA of 2.5 or higher.
- Students pursuing a second master's degree must complete a minimum of *52 graduate credit hours beyond their first designated degree program in addition to any required introductory courses in their second designated degree program.

*53 graduate credit hours required for MS Information Systems.

Students with a GPA of 3.9 or higher will graduate with distinction.

For DePaul's policy on repeat graduate courses and a complete list of academic policies see the DePaul Graduate Handbook.

---

**Computer, Information and Network Security (MS)**

The MS in Computer, Information and Network Security is intended for students who wish to specialize in the security aspects of the Information Technology field. Students who complete the program will be prepared to:

- Assess the information security risks faced by an organization
- Understand technology and human factors related to these risks
- Evaluate tools and resources currently available to limit risk, mitigate the effects of hostile action and recover from attack
- Manage the development, implementation and evolution of a security infrastructure
- Assess the impact of policy, legislation, compliance requirements and market trends on organizational security objectives
- Design, implement and maintain software systems designed to support security policy and goals
- Develop and maintain a network architecture consistent with mitigating risk and preventing hostile attack
- Be lifelong learners in the information security environment

---

**Admission Information**

Admission information for this program can be found in the Graduate Admission page on the CDM web site under Prospective Students. ([http://www.cdm.depaul.edu/Prospective%20Students/Pages/GraduateAdmissions.aspx](http://www.cdm.depaul.edu/Prospective%20Students/Pages/GraduateAdmissions.aspx))

---

**Degree Requirements**

**Course Requirements**

The Introductory, Foundation, Advanced and Major Elective course selections are determined by the concentration chosen.

**Introductory Courses**
Introductory courses may be waived for any of the following conditions:

- The student has the appropriate course work to satisfy an Introductory Course.
- The student has appropriate and verified professional experience to satisfy an Introductory Course.
- The student passes a Graduate Assessment Examination (GAE) in the Introductory Course area.

**Foundation Courses**

Students must achieve an average GPA of 3.0 or better in the five Foundation Courses. Students who do not meet the Foundation Courses' GPA requirement must retake the course with the lowest grade. If a number of such courses exist, it is up to the student to choose which class to retake. Only the higher grade will count toward the average grade for the purpose of completing the GPA Requirement. Students who do not meet the GPA requirements, and do not want to re-take a class are encouraged to talk to their faculty advisor to discuss their options. To progress to the Advanced Courses of the degree, a student must complete the Introductory and Foundation Courses.

**Degree Requirements**

Students in this degree program must meet the following requirements:

- Complete a minimum of 52 graduate credit hours in addition to any required introductory courses of the designated degree program.
- Complete all graduate courses and requirements listed in the designated degree program.
- Earn a grade of B- or better in each introductory course of the designated degree program.
- Earn a grade of C- or better in all courses beyond the introductory courses of the designated degree program.
- Achieve a GPA of 3.0 or better among the five foundation courses.
- Maintain a cumulative GPA of 2.5 or higher.
- Students pursuing a second master's degree must complete a minimum of *52 graduate credit hours beyond their first designated degree program in addition to any required introductory courses in their second designated degree program.

*53 graduate credit hours required for MS Information Systems.

Students with a GPA of 3.9 or higher will graduate with distinction.

---

**Computer Security Concentration**

The Computer Security concentration focuses on fundamental security topics that arise in the design, analysis, and implementation of distributed systems. This concentration provides in-depth coverage of the theory and application of identity, authentication, access control, auditing, assessment and prevention of software vulnerabilities, and cryptography, in the context of modern enterprise-scale and web-based systems.

**Course Requirements**

**Introductory Courses**

- CSC 400 DISCRETE STRUCTURES FOR COMPUTER SCIENCE
- CSC 401 INTRODUCTION TO PROGRAMMING
- CSC 402 DATA STRUCTURES I
- CSC 403 DATA STRUCTURES II
- CSC 406 SYSTEMS I
- CSC 407 SYSTEMS II

**Foundation Courses**

- CSC 435 DISTRIBUTED SYSTEMS I (FORMERLY SE 435)
- SE 450 OBJECT-ORIENTED SOFTWARE DEVELOPMENT
- TDC 477 NETWORK SECURITY
- IS 433 INFORMATION SECURITY MANAGEMENT
Advanced Courses

- CSC 439 COMPUTER SECURITY
  - Choose two of the following:
    - CSC 440 CRYPTOLOGY
    - SE 525 SOFTWARE SECURITY ARCHITECTURE
    - SE 526 SOFTWARE SECURITY ASSESSMENT
    - CSC 557 FOUNDATIONS OF COMPUTER SECURITY (Formerly SE 547)
  - Choose 1 of the following courses (not counting courses taken to satisfy the requirements above):
    - CNS 450 COMPUTER FORENSICS
    - CSC 440 CRYPTOLOGY
    - SE 482 REQUIREMENTS ENGINEERING
    - SE 525 SOFTWARE SECURITY ARCHITECTURE
    - SE 526 SOFTWARE SECURITY ASSESSMENT
    - SE 529 SOFTWARE RISK MANAGEMENT
    - CSC 536 DISTRIBUTED SYSTEMS II (FORMERLY SE 536)
    - CSC 557 FOUNDATIONS OF COMPUTER SECURITY (Formerly SE 547)
    - TDC 577 NETWORK SECURITY II
    - TDC 588 ADVANCED NETWORK DEFENSE SYSTEMS

Major Elective Courses

Students must complete 1 CINS course in the range of 421 or higher or a course from the list of courses below. That course cannot be used to fulfill a student's CINS Concentration Area or Foundation Course requirements.

- ACC 500 FINANCIAL ACCOUNTING
- ACC 503 ACCOUNTING INFORMATION SYSTEMS AND AUDITING
- ACC 541 FINANCIAL ACCOUNTING THEORY & PRACTICE I
- ACC 547 AUDIT AND REGULATION OF CORPORATE FINANCIAL REPORTING
- CSC 439 COMPUTER SECURITY
- CSC 440 CRYPTOLOGY
- CSC 536 DISTRIBUTED SYSTEMS II (FORMERLY SE 536)
- CSC 557 FOUNDATIONS OF COMPUTER SECURITY (Formerly SE 547)
- ECT 582 SECURE ELECTRONIC COMMERCE
- IS 444 IT AUDITING
- IS 505 BUSINESS CONTINUITY/DISASTER RECOVERY THEORIES AND STRATEGIES
- IS 506 BUSINESS CONTINUITY/DISASTER RECOVERY MANAGEMENT AND TACTICS
- IS 533 ENTERPRISE SECURITY INFRASTRUCTURE CONTROLS AND REGULATORY COMPLIANCE
- SE 430 OBJECT ORIENTED MODELING
- SE 482 REQUIREMENTS ENGINEERING
- SE 525 SOFTWARE SECURITY ARCHITECTURE
- SE 526 SOFTWARE SECURITY ASSESSMENT
- SE 529 SOFTWARE RISK MANAGEMENT
- TDC 468 NETWORK PROGRAMMING
- TDC 511 TELECOMMUNICATIONS PRACTICUM
- TDC 560 ADVANCED NETWORK TECHNOLOGIES AND DESIGN
- TDC 562 COMPUTER-COMMUNICATION NETWORK DESIGN & ANALYSIS
- TDC 563 PROTOCOLS AND TECHNIQUES FOR DATA NETWORKS
- TDC 567 TELECOMMUNICATION SYSTEMS DESIGN AND MANAGEMENT
- TDC 568 NETWORK MANAGEMENT
- TDC 577 NETWORK SECURITY II
- TDC 588 ADVANCED NETWORK DEFENSE SYSTEMS

CDM Open Elective Courses

Students must complete 2 CDM open electives. Elective courses are in the range of 421-699 and must be from the College of CDM.

Capstone

- Choose one of the following:
  - CNS 594 COMPUTER INFORMATION AND NETWORK SECURITY CAPSTONE
  - CSC 698 MASTER'S THESIS
  - SE 698 MASTER'S THESIS
  - IS 698 MASTER'S THESIS
  - TDC 698 MASTER'S THESIS
  - ECT 698 MASTER'S THESIS
Governance, Risk and Compliance Concentration

The Governance, Risk, and Compliance concentration focuses on enterprise-level information security risk management, IT audit, and regulatory compliance. This cross-disciplinary concentration focuses on how to develop an information security program; assess security risk in business processes; identify and implement a system of controls for security governance and regulatory compliance; plan and conduct IT audits; and develop business continuity and disaster recovery plans.

**Introductory Courses**

- IT 403 STATISTICS AND DATA ANALYSIS
- TDC 411 INTRODUCTION TO COMPUTER AND NETWORK SYSTEMS
- CNS 418 INTRODUCTION TO HOST SECURITY

**Foundation Courses**

- ACC 500 FINANCIAL ACCOUNTING
- IS 421 SYSTEMS ANALYSIS
- IS 433 INFORMATION SECURITY MANAGEMENT
- IS 444 IT AUDITING
- IS 505 BUSINESS CONTINUITY/DISASTER RECOVERY THEORIES AND STRATEGIES

**Advanced Courses**

A maximum of four Advanced Courses can be taken before completing the Foundation Courses and fulfilling the GPA Requirement.

- ACC 503 ACCOUNTING INFORMATION SYSTEMS AND AUDITING
- CSC 451 DATABASE DESIGN
- IS 533 ENTERPRISE SECURITY INFRASTRUCTURE CONTROLS AND REGULATORY COMPLIANCE
- Choose 1 of the following courses:
  - IS 430 FUNDAMENTALS OF IT PROJECT MANAGEMENT
  - IS 483 INFORMATION SERVICES AND OPERATIONS
  - CNS 477 LEGAL ISSUES IN INFORMATION ASSURANCE

**Major Elective Courses**

Students must complete 2 CNS courses in the range of 421 or higher or courses from the list of courses below. Those courses cannot be used to fulfill a student's CNS Concentration Area or Foundation Courses requirements.

- ACC 500 FINANCIAL ACCOUNTING
- ACC 503 ACCOUNTING INFORMATION SYSTEMS AND AUDITING
- ACC 541 FINANCIAL ACCOUNTING THEORY & PRACTICE I
- ACC 547 AUDIT AND REGULATION OF CORPORATE FINANCIAL REPORTING
- CSC 439 COMPUTER SECURITY
- CSC 440 CRYPTOLOGY
- CSC 536 DISTRIBUTED SYSTEMS II (FORMERLY SE 536)
- CSC 557 FOUNDATIONS OF COMPUTER SECURITY (Formerly SE 547)
- ECT 582 SECURE ELECTRONIC COMMERCE
- IS 444 IT AUDITING
- IS 505 BUSINESS CONTINUITY/DISASTER RECOVERY THEORIES AND STRATEGIES
- IS 506 BUSINESS CONTINUITY/DISASTER RECOVERY MANAGEMENT AND TACTICS
- IS 533 ENTERPRISE SECURITY INFRASTRUCTURE CONTROLS AND REGULATORY COMPLIANCE
- SE 430 OBJECT ORIENTED MODELING
- SE 482 REQUIREMENTS ENGINEERING
- SE 525 SOFTWARE SECURITY ARCHITECTURE
- SE 526 SOFTWARE SECURITY ASSESSMENT
- SE 529 SOFTWARE RISK MANAGEMENT
- TDC 468 NETWORK PROGRAMMING
- TDC 511 TELECOMMUNICATIONS PRACTICUM
CDM Open Elective Courses

Students must complete 1 CDM open elective. Elective courses are in the range of 421-699 and must be from the College of CDM.

Capstone

- Choose 1 of the following courses:
  - CNS 594 COMPUTER INFORMATION AND NETWORK SECURITY CAPSTONE
  - IS 577 INFORMATION SYSTEMS POLICIES AND STRATEGIES
  - CSC 698 MASTER'S THESIS
  - SE 698 MASTER'S THESIS
  - IS 698 MASTER'S THESIS
  - TDC 698 MASTER'S THESIS
  - ECT 698 MASTER'S THESIS

Information Systems Security Concentration

The Information Systems Security concentration focuses on the organizational and management aspects of information security. Students will learn how to plan and implement security plans, to include risk assessment, threat and vulnerability analysis, implementation of controls and safeguards, and maintenance. Students will also learn about related areas such as regulatory compliance, legal issues in security, and disaster recovery.

Course Requirements

Introductory Courses

- TDC 411 INTRODUCTION TO COMPUTER AND NETWORK SYSTEMS
- TDC 405 VOICE AND DATA NETWORK FUNDAMENTALS
- CNS 418 INTRODUCTION TO HOST SECURITY

Foundation Courses

- IS 444 IT AUDITING
- TDC 463 COMPUTER NETWORKS AND DATA SYSTEMS
- TDC 477 NETWORK SECURITY
- CNS 477 LEGAL ISSUES IN INFORMATION ASSURANCE
- IS 433 INFORMATION SECURITY MANAGEMENT

Advanced Courses

A maximum of four Advanced Courses can be taken before completing the Foundation Courses and fulfilling the GPA Requirement. Courses taken to fulfill the Foundation Courses requirement cannot be counted in this category.

- IS 533 ENTERPRISE SECURITY INFRASTRUCTURE CONTROLS AND REGULATORY COMPLIANCE
- Choose 3 of the following courses:
  - IS 505 BUSINESS CONTINUITY/DISASTER RECOVERY THEORIES AND STRATEGIES
  - IS 506 BUSINESS CONTINUITY/DISASTER RECOVERY MANAGEMENT AND TACTICS
  - ECT 582 SECURE ELECTRONIC COMMERCE
  - SE 430 OBJECT ORIENTED MODELING
  - SE 482 REQUIREMENTS ENGINEERING
Major Elective Courses

Students must complete 1 CNS course in the range of 421 or higher or a course from the list of courses below. That course cannot be used to fulfill a student's CINS Concentration Area or Foundation Courses requirements.

- ACC 500 FINANCIAL ACCOUNTING
- ACC 503 ACCOUNTING INFORMATION SYSTEMS AND AUDITING
- ACC 541 FINANCIAL ACCOUNTING THEORY & PRACTICE I
- ACC 547 AUDIT AND REGULATION OF CORPORATE FINANCIAL REPORTING
- CSC 439 COMPUTER SECURITY
- CSC 440 CRYPTOLOGY
- CSC 536 DISTRIBUTED SYSTEMS II (FORMERLY SE 536)
- CSC 557 FOUNDATIONS OF COMPUTER SECURITY (Formerly SE 547)
- ECT 582 SECURE ELECTRONIC COMMERCE
- IS 444 IT AUDITING
- IS 505 BUSINESS CONTINUITY/DISASTER RECOVERY THEORIES AND STRATEGIES
- IS 506 BUSINESS CONTINUITY/DISASTER RECOVERY MANAGEMENT AND TACTICS
- IS 533 ENTERPRISE SECURITY INFRASTRUCTURE CONTROLS AND REGULATORY COMPLIANCE
- SE 430 OBJECT ORIENTED MODELING
- SE 482 REQUIREMENTS ENGINEERING
- SE 525 SOFTWARE SECURITY ARCHITECTURE
- SE 526 SOFTWARE SECURITY ASSESSMENT
- SE 529 SOFTWARE RISK MANAGEMENT
- TDC 468 NETWORK PROGRAMMING
- TDC 511 TELECOMMUNICATIONS PRACTICUM
- TDC 560 ADVANCED NETWORK TECHNOLOGIES AND DESIGN
- TDC 562 COMPUTER-COMMUNICATION NETWORK DESIGN & ANALYSIS
- TDC 563 PROTOCOLS AND TECHNIQUES FOR DATA NETWORKS
- TDC 567 TELECOMMUNICATION SYSTEMS DESIGN AND MANAGEMENT
- TDC 568 NETWORK MANAGEMENT
- TDC 577 NETWORK SECURITY II
- TDC 588 ADVANCED NETWORK DEFENSE SYSTEMS

CDM Open Elective Courses

Students must complete 2 CDM open electives. Elective courses are in the range of 421-699 and must be from the College of CDM.

Capstone

- Choose 1 of the following courses:
  - CNS 594 COMPUTER INFORMATION AND NETWORK SECURITY CAPSTONE
  - CSC 698 MASTER'S THESIS
  - SE 698 MASTER'S THESIS
  - IS 698 MASTER'S THESIS
  - TDC 698 MASTER'S THESIS
  - ECT 698 MASTER'S THESIS

Network Security Concentration

The Network Security concentration focuses on the network infrastructure and network security management aspects of information security. This concentration will provide in-depth coverage of network security infrastructure technologies such as firewalls, Virtual Private Networks (VPN), Intrusion Detection and Prevention Systems (IDS/IPS), vulnerability assessment tools, as well as overall security infrastructure engineering and design.

Introductory Courses
- TDC 411 INTRODUCTION TO COMPUTER AND NETWORK SYSTEMS
- TDC 413 INTRODUCTION TO LAN AND WAN
- TDC 405 VOICE AND DATA NETWORK FUNDAMENTALS
- CNS 418 INTRODUCTION TO HOST SECURITY

**Foundation Courses**

- TDC 460 FOUNDATIONS OF NETWORK TECHNOLOGIES
- TDC 463 COMPUTER NETWORKS AND DATA SYSTEMS
- TDC 477 NETWORK SECURITY
- CNS 477 LEGAL ISSUES IN INFORMATION ASSURANCE
- IS 433 INFORMATION SECURITY MANAGEMENT

**Advanced Courses**

A maximum of four Advanced Courses can be taken before completing the Foundation Courses and fulfilling the GPA Requirement.

- TDC 511 TELECOMMUNICATIONS PRACTICUM
- TDC 563 PROTOCOLS AND TECHNIQUES FOR DATA NETWORKS
- TDC 577 NETWORK SECURITY II
- or TDC 588 ADVANCED NETWORK DEFENSE SYSTEMS
- Choose 1 of the following courses:
  - TDC 468 NETWORK PROGRAMMING
  - TDC 562 COMPUTER-COMMUNICATION NETWORK DESIGN & ANALYSIS
  - TDC 567 TELECOMMUNICATION SYSTEMS DESIGN AND MANAGEMENT
  - TDC 560 ADVANCED NETWORK TECHNOLOGIES AND DESIGN
  - TDC 568 NETWORK MANAGEMENT

**Major Elective Courses**

Students must complete 1 CNS course in the range of 421 or higher or a course from the list of courses below. That course cannot be used to fulfill a student's CINS Concentration Area or Foundation Courses requirements.

- ACC 500 FINANCIAL ACCOUNTING
- ACC 503 ACCOUNTING INFORMATION SYSTEMS AND AUDITING
- ACC 541 FINANCIAL ACCOUNTING THEORY & PRACTICE I
- ACC 547 AUDIT AND REGULATION OF CORPORATE FINANCIAL REPORTING
- CSC 439 COMPUTER SECURITY
- CSC 440 CRYPTOLOGY
- CSC 536 DISTRIBUTED SYSTEMS II (FORMERLY SE 536)
- CSC 557 FOUNDATIONS OF COMPUTER SECURITY (Formerly SE 547)
- ECT 582 SECURE ELECTRONIC COMMERCE
- IS 444 IT AUDITING
- IS 505 BUSINESS CONTINUITY/DISASTER RECOVERY THEORIES AND STRATEGIES
- IS 506 BUSINESS CONTINUITY/DISASTER RECOVERY MANAGEMENT AND TACTICS
- IS 533 ENTERPRISE SECURITY INFRASTRUCTURE CONTROLS AND REGULATORY COMPLIANCE
- SE 430 OBJECT ORIENTED MODELING
- SE 482 REQUIREMENTS ENGINEERING
- SE 525 SOFTWARE SECURITY ARCHITECTURE
- SE 526 SOFTWARE SECURITY ASSESSMENT

- TDC 511 TELECOMMUNICATIONS PRACTICUM
- TDC 560 ADVANCED NETWORK TECHNOLOGIES AND DESIGN
- TDC 562 COMPUTER-COMMUNICATION NETWORK DESIGN & ANALYSIS
- TDC 563 PROTOCOLS AND TECHNIQUES FOR DATA NETWORKS
- TDC 567 TELECOMMUNICATION SYSTEMS DESIGN AND MANAGEMENT
- TDC 568 NETWORK MANAGEMENT
- TDC 577 NETWORK SECURITY II
- TDC 588 ADVANCED NETWORK DEFENSE SYSTEMS

**CDM Open Elective Courses**

Students must complete 2 CDM open electives. Elective courses are in the range of 421-699 and must be from the College of CDM.

**Capstone**

DePaul University Winter/Spring 2013
Student must complete 1 of the following courses:

- CNS 594 COMPUTER INFORMATION AND NETWORK SECURITY CAPSTONE
- CSC 698 MASTER'S THESIS
- SE 698 MASTER'S THESIS
- IS 698 MASTER'S THESIS
- TDC 698 MASTER'S THESIS
- ECT 698 MASTER'S THESIS

**Consumer Insights (MBA)**

The increasingly competitive and fast-paced business environment creates a need for the use of data and information in more rational decision-making processes. The Consumer Insights concentration teaches students to plan, execute, analyze, and deliver high-quality market research and analytics. This concentration is designed for professionals interested in increasing their research expertise as well as professionals interested in furthering their careers in the Marketing Research field.

The Consumer Insights concentration will provide students with the following skills and abilities:

- Learn how to plan, execute, analyze, and deliver high-quality market research to enhance business decision-making
- Become well versed in marketing research
- Make analytical presentations in a client-based atmosphere
- Use substantiated facts and inferences to support decision making

**Admission Information**

Applicants must possess the equivalent of a bachelor's degree from a regionally accredited institution. A prospective graduate student is expected to present a superior overall previous academic record and an above average total GMAT score (or GRE score where appropriate) including high achievement on the verbal, quantitative, and on the analytical writing assessment. The examination must have been taken no earlier than five years prior to the date of admission to the program.

Other factors, such as work experience and career progression, are also important and will be considered by the Admissions Committee. All applicants are required to submit two professional letters of recommendation as well as a current resume.

All prospective students are welcome to arrange a meeting with an admissions counselor. Please phone the graduate school office for an informal appointment. Interviews are not required as part of the admissions process for the part-time M.B.A. program, but may be requested by the Admissions Committee. Interviews for the full-time M.B.A. and weekend M.B.A. programs are on an invitation-only basis. Once a completed application has been received, a preliminary review is completed and selected candidates are invited to interview.

Each applicant is considered on an individual basis. The full-time and weekend M.B.A. programs do have limited enrollments, but for the other graduate business programs there currently is no predetermined limit to the number of students who can be admitted. Thus, for these programs, all students who are judged eligible by the Admissions Committee will be invited to matriculate.

**Graduate Management Admission Test (GMAT)**

To be considered for admission as a degree seeking student, an applicant will be required to submit a score from the Graduate Management Admission Test (GMAT). GMAT information including dates, a list of test centers, and applications for the exam may be obtained at www.mba.com or by contacting Pearsonvue at 1-800-717-4628. The GMAT score report must come directly from Pearsonvue. A test taken more than five years prior to the date...
of application is not considered valid for admission purposes and would have to be retaken. An exception may be made for individuals who hold a doctoral or other terminal degree awarded by an appropriately accredited institution. An exception may also be made for fully certified CPA's applying to the Master of Science in Taxation program. Applicants to the Master of Science in Human Resources Management and the Master of Science in Economics and Policy Analysis may submit either a GMAT or GRE (Graduate Records Examinations) score. As with the GMAT, GRE scores are valid for five years.

Application Deadlines

For the day MBA program (Full-time):

Admission to the Day M.B.A. program is competitive and is limited to the Autumn Quarter. There are three application rounds, with deadlines of February 1, April 1 and July 1. Application review begins in January, and you are encouraged to apply as early as possible. Decisions are mailed on an ongoing basis beginning in January, and applicants should expect to receive an admission decision approximately 4 weeks after their application becomes complete.

Applicants who wish to be considered for scholarships and graduate assistantships should apply during the first two application rounds. These awards are generally not available to applicants who apply after April 1.

Late applications submitted after the final July 1 deadline may be considered if space remains available in the incoming class.

For the weekend MBA and MS in Economic Policy Analysis programs:

Applications must be submitted by July 1st. Applications received after July 1st will be considered on a space available basis.

For all other graduate business programs:

Applications must be submitted by:

- July 1st for the Autumn Quarter
- October 1st for the Winter Quarter
- February 1st for the Spring Quarter
- April 1st for the Summer Quarter

Applicants educated outside the United States must submit their applications one month prior to the above deadlines.

Transcripts

Degree seeking applicants must present official transcripts from each junior college, college, and university attended (even if only for one course) including DePaul University, if applicable. Credits transferred and posted on the record of a second school do not constitute an official transcript of the original school. Transcripts that are already on file as part of a student record in another College Office at DePaul may be required to remain there and in that case cannot be transferred to the Graduate School of Business Office.

Applicants should write to the Registrar of each school attended, requesting that an official transcript be sent to the student. Once all of the transcripts have been received applicants should submit them to the graduate school office in their original envelopes with the applicant's name, date of birth and program of interest noted on the envelope. We will then add the transcripts to the applicant's admission file.

An applicant who is still taking courses or completing a program at the time he/she submits an application to the Graduate School of Business will not receive full admission until a final and official transcript listing the degree awarded has been submitted to the Admissions Committee. Please see Conditional Admission and Non-degree Status for more information regarding admission prior to posting of an undergraduate degree.

Readmission

A student previously admitted who has been absent from DePaul for one year or longer must complete the application form and submit a transcript of any courses taken elsewhere during his/her absence. A student must submit a written explanation of his/her absence from the program and an updated resume. A $30 application fee is required.

If the original application has been destroyed (after an absence of two years), the student may be required to complete a new application in full.
Special Instructions for International Applicants

Educational Credentials For International Students or Programs

Applicants must submit transcripts from all colleges and universities attended, including those attended but from which no credit was earned. Exceptions may be permitted for study-abroad credit when that credit is clearly defined and displayed on the home institution transcript. Applicants with non-U.S. educational credentials for Winter term 2012 and beyond are required to submit their official educational credentials (e.g., transcripts, mark sheets, degree certificates, graduation diplomas) and evaluation fee directly to one of the three evaluation companies below:

- Educational Credential Evaluators, Inc.
- Educational Perspectives
- One Earth International Credential Evaluation

These evaluators will then provide DePaul with a general evaluation of their studies and certified copies of their international educational credentials which will be used during admission review. Please direct any questions about required credentials to the evaluation company you have selected and not to the Kellstadt Graduate School of Business. DePaul will not accept evaluations from any other evaluation companies and will not accept any educational credentials without an evaluation from ECE, EP or One Earth.

English Proficiency

Non-native English speakers who have not completed a bachelor’s or master’s degree in the United States should submit scores from a recognized English proficiency test. The Kellstadt Graduate School of Business accepts results from TOEFL, IELTS and the Pearson Test of English (PTE).

MBA Core Requirements

Course Requirements

- ACC 500 FINANCIAL ACCOUNTING
- ACC 555 MANAGEMENT ACCOUNTING FOR DECISION-MAKING
- ECO 509 BUSINESS CONDITIONS ANALYSIS
- ECO 555 ECONOMICS FOR DECISION-MAKING
- FIN 555 FINANCIAL MANAGEMENT
- GSB 420 APPLIED QUANTITATIVE ANALYSIS
- GSB 599 STRATEGIC ANALYSIS FOR COMPETING GLOBALLY
- MGT 500 MANAGING FOR EFFECTIVE AND ETHICAL ORGANIZATIONAL BEHAVIOR
- MGT 502 OPERATIONS MANAGEMENT
- MGT 555 STRATEGIC MANAGEMENT OF HUMAN RESOURCES
- MIS 555 MANAGEMENT OF INFORMATION TECHNOLOGY
- MKT 555 DECISIONS IN MARKETING MANAGEMENT

Concentrations

In addition to the required core courses, students have six electives they can use to take courses in a specific area of interest. These electives are typically used by students to select one or more concentrations in the area(s) that offer the knowledge, skills, and abilities that best fit the student’s educational needs and interests.

While many students choose to have a specific area of concentration, those who would like more flexibility in selecting courses may choose the general business concentration instead. With this option, the student is free to choose six courses from several different areas of study within the graduate school of business.

If a student does not indicate a specific concentration of interest in the application for admission the student will be assigned to the general business concentration.

M.B.A. Options
Day M.B.A. (Full-time Accelerated)

The Day M.B.A. Program fulfills the business world’s demand for M.B.A. graduates with the ability to understand and manage complex business processes. Students who choose this program option will take all of their foundation and core classes in a full-time, lock step format during the first four terms of the program. Upon completion of the prerequisite core courses, students may begin taking their concentration classes at their own pace. Students in the Day M.B.A. Program may choose to specialize in any of the generally available MBA concentrations offered by the Kellstadt Graduate School of Business.

Evening M.B.A. (All Campuses)

All of the core course requirements for the M.B.A. are offered at the Loop and the Naperville and O'Hare suburban campuses. Required core courses are offered every quarter at the Loop campus but variably at the suburban campuses. All requirements are offered at least once each year at each of these locations.

Three full concentrations are available at each of the suburban campuses. These are Finance, Marketing Management and General Business. Electives applicable to other concentrations will be offered variably at the suburban locations but it may be necessary to travel to Loop campus to complete concentrations other than these three.

Weekend M.B.A. at O'Hare Campus

The Weekend M.B.A. Program is a rigorous yet rewarding program designed for the self-directed manager with an interest in using technology to supplement traditional M.B.A. course work. The curriculum provides knowledge in each of the major business functions along with specialized courses in Management and Finance such that students may earn concentrations in Finance and/or Operations Management as part of the weekend program. Upon completion of the required core sequence of courses, students are able to select concentration courses from among the more than 35 concentrations available to part-time M.B.A. students. Please note that only the Finance and Operations Management concentrations are available in the weekend format.

Each course is taught as a blend of traditional lecture and distance learning formats. Classes meet on alternate Saturdays at the O'Hare Campus. Students will work via distance learning in the weeks between class meetings. Admitted students will proceed through the program as a cohort group. Admission to the program is for fall quarter only.

Concentration Requirements

Course Requirements

To complete the concentration in Consumer Insights, students must take five courses:

- MKT 525 MARKETING RESEARCH I
- MKT 528 QUALITATIVE RESEARCH METHODS
  or MKT 526 MARKETING RESEARCH II
- MKT 529 PRECISION MARKETING
- MKT 534 ANALYTICAL TOOLS FOR MARKETERS
- MKT 545 CONSUMER BEHAVIOR

Students are encouraged to consult with department faculty for related elective courses.
Counseling (MA)

The program in Counseling provides professionals with theoretical frameworks and competencies that prepare them to provide counseling services. Within the Counseling Program, there are three degree programs. These are community counseling, school counseling, and college student development. The concentrations in community and school counseling integrate Illinois state requirements for licensure and certification and all concentrations meet national standards for professional practice. All programs are 72 credit hours and include a 100-hour practicum and two 300 credit hour internships. These clinical experiences are mandatory and for the school and community counseling concentrations are required by the state for certification and licensure. A degree from this program gives rise to career opportunities such as school counseling in elementary, middle, and high schools; counseling in community agencies; counseling in higher education; career counseling through the lifespan; counseling in hospitals or institutional-care settings; group counseling; couples and family counseling; or counseling in private practice. All of the programs emphasize and are designed to foster leadership, advocacy, and social justice.

Concentrations

The Counseling program has three concentrations:

- Concentration in College Student Development
- Concentration in Community Counseling
- Concentration in School Counseling

Certificate Option

The Counseling program’s School Counseling concentration is an Illinois State Board of Education (ISBE) approved program for the School Service Personnel Type 73 certificate with the School Counselor endorsement.

Admission Information

- A completed College of Education graduate application
- A bachelor’s degree conferred by an accredited, recognized institution
- Admission Requirements for all concentrations of the counseling program which includes: College Student Development, Community Counseling and School Counseling are listed below.
- Three letters of recommendation: one from a professor addressing your academic ability, one from a work supervisor and one from either another professor or supervisor.
- Interview with program faculty upon request.
- Personal Statement should be 3-4 pages double spaced and typed and should tell us about your career goals, your motivation for becoming a counselor, and what you hope to accomplish in the Counseling program. Describe your personal and professional experiences as well as characteristics that you believe support your application.

To do so, please respond to the following questions:

- What is your motivation for becoming a counselor?
- What are your short and long term professional goals?
- What are your expectations of the CSL program and how do you envision the program fulfilling those expectations?
- The roles of the counselor are multiple and include listener, advocate, leader, consultant, multiculturalist, educator, and group leader. From your perspective, please rank the roles of a counselor in terms of importance and provide a rationale discussing your placement of the top three roles.
- What roles have been most comfortable for you in a group setting?
- Describe what made these roles comfortable for you.
- We are often faced with situations which do not turn out as we had planned. How do you handle situations where you don’t see things going in the way that you would like?
College Requirements

Dispositions

The academic programs within the College of Education have set forth these dispositions as educational and professional expectations for all students. Students should be aware that failing to abide by DePaul University or College of Education policies including, under certain circumstances, these dispositions, could result in adverse consequences for the student, including removal from his or her program, the College of Education, or the University.

- Is receptive to supervisor and faculty feedback and acts meaningfully and professionally upon suggestions
- Reflects on his or her own progress and identifies strengths and weaknesses, including evaluating strategies for success, finding alternatives for inappropriate strategies, and modifying future practices
- Takes initiative in all learning experiences and responsibility for his or her own professional growth and development
- Is committed to clear oral and written communication, both in traditional and in new and emerging digital formats
- Is open to new ideas and engagement in learning
- Appreciates diversity and demonstrates awareness of personal biases
- Respects and considers cultural contexts in order to determine how to be responsive to students and clients and to proactively promote social justice
- Demonstrates professional ethical and legal behavior as defined by the respective codes of ethics and laws
- Communicates and cooperates effectively with others
- Is committed to collaboration with students/clients, colleagues, families, and communities in order to promote growth and development
- Demonstrates consistent professional behavior across all settings
- Maintains appropriate interpersonal and professional boundaries
- Accepts personal responsibility for one's behavior
- Expresses feelings and opinions effectively and appropriately

Degree Conferral and Graduation

The awarding of a degree is not automatic. You must submit an application to be considered for the degree. DePaul awards and posts degrees at the end of each regular academic term (autumn, winter, spring, summer I and summer II). It is your responsibility to initiate the degree conferral application process by submitting an online application. Submitting an application means you intend to finish your degree requirements by the end of the term for which you have applied.

Graduate students must be approved for student teaching and complete student teaching, seminar, and induction courses to be cleared for the degree. Student must submit graduation application for the quarter you are completing the final course (student teaching is considered a course).

After you submit the application, you cannot register for any term after the one selected in the application.

Application deadlines are as follows:
Fall Quarter - October 1st
Winter Quarter - January 15th
Spring Quarter - February 1st
Summer I Quarter - June 1st
Summer II Quarter - July 15th

To apply for degree conferral, log on to Campus Connection. Select FOR STUDENTS, then GRADUATION, then APPLY FOR DEGREE CONFERRAL. On screen instructions will take you through the application process.

Provided that all requirements and financial obligations are met, degrees are posted 30 days after the official end of the term. Official dates are listed on the Academic Calendar.

DePaul holds one commencement ceremony each year in June. If you intend to participate, you must first apply for degree conferral for the current academic year and then submit a cap and gown order. Honors are not announced at the ceremony for undergraduates completing their final courses in spring quarter because a final GPA is not available at the time of the ceremony.

Additional information about degree conferral and graduation can be found on the College of Education website.
Degree Requirements

Course Requirements

The Counseling Program requires students to earn a grade of B- or better in all Counseling (CSL) courses. A course must be repeated if a grade below a B- is earned. A GPA of 3.0 is required before CSL students are eligible to be registered for CSL 552 (Practicum). A grade of B or better in CSL 552, CSL 553 (Internship I), and CSL 554 (Internship II) is required. Any grade below a B in CSL 552, CSL 553, and CSL 554 is a failing grade and will require the student to repeat the course.

Social and Cultural Studies Courses: 8 quarter hours required, grade of B- or better required

- SCG 401 ADVANCED DEVELOPMENTAL PSYCHOLOGY
- SCG 410 INTRODUCTION TO RESEARCH: PURPOSES, ISSUES, AND METHODOLOGIES

Counseling Courses: 28 quarter hours required, grade of B- or better required

- CSL 451 LEGAL AND ETHICAL ISSUES IN COUNSELING
- CSL 452 INTRODUCTION TO THE COUNSELING PROFESSION
- CSL 458 GROUP COUNSELING
- CSL 461 TESTING AND APPRAISAL
- CSL 467 COUNSELING THEORIES
- CSL 501 COUNSELING SKILLS
- CSL 510 MULTICULTURAL COUNSELING

Clinical Experience

Students complete their Clinical Experience during the last year in the program. The Clinical Experience Courses include the Practicum, Internship in Counseling I, and Internship in Counseling II. Students are enrolled in the Practicum course Autumn Quarter; Internship in Counseling I Winter Quarter; Internship in Counseling II Spring Quarter. Students must complete a formal application process to participate in the Clinical Experience courses. This includes attending a clinical orientation a full year before beginning the Clinical Experience, submitting an initial application, and securing a placement site. Successful completion of the application requirements is noted as milestone courses on a student's transcripts. Consult academic advisor for additional information on application and course enrollment process.

- CSL 95 CLINICAL ORIENTATION
- CSL 96 CLINICAL APPLICATION
- CSL 97 CLINICAL PLACEMENT

Clinical Experience Courses: 12 quarter hours required, grade of B or better required

- CSL 552 PRACTICUM IN COUNSELING (100 clock hours)
- CSL 553 INTERNSHIP IN COUNSELING I (300 clock hours)
- CSL 554 INTERNSHIP IN COUNSELING II (300 clock hours)

All courses with the exception of CSL 512 and CSL 513 must be completed prior to being enrolled in the Practicum course.

Master of Arts (M.A.) Degree Requirements: Non-credit, non-tuition, grade of B- or better required

- CSL 559 THESIS RESEARCH IN COUNSELING

The Master's Thesis is written in conjunction with CSL 553 and CSL 554 and with faculty advisement. Enrollment in CSL 559 and an oral examination are required. Consult the M.A. Thesis Handbook for additional information.
College Student Development Concentration

This Master's degree prepares Counseling professionals to work in various offices within student affairs such as in career centers, offices of residence life, and college counseling centers. It provides the Counseling Professional with the skills and processes to provide individual and group counseling and to serve as a leader and advocate for students, universities, and the profession.

Course Requirements

Counseling Courses: 24 quarter hours required, grade of B- or better required

- CSL 454 CAREER COUNSELING
- CSL 490 FOUNDATIONS OF STUDENT AFFAIRS
- CSL 491 CONTEXTUAL DIMENSIONS OF COLLEGE STUDENT DEVELOPMENT
- CSL 492 PROGRAM DEVELOPMENT IN STUDENT AFFAIRS
- CSL 511 SUPERVISION (1qh)
- CSL 512 CRISIS INTERVENTION (2qh)
- CSL 513 CONSULTATION FOR COUNSELORS (1qh)
- Counseling Elective (4-credit hour course per faculty advisor approval)

School Counseling Concentration

This Master's degree allows the student to become certified as a school counselor (Type 73 Certification). The sequence prepares Counseling Professionals to work in public and private K-12 school systems and gives the Counseling Professional skills and processes to provide individual and group counseling and to serve as a leader and advocate for students, schools, and the profession. The Counseling Program requires students to earn a grade of B- or better in all Counseling (CSL) courses.

Course Requirements

Counseling Courses: 24-28* quarter hours required, grade of B- or better required

- CSL 475 CAREER COUNSELING FOR SCHOOL COUNSELORS
- CSL 489 PSYCHOPATHOLOGY
- CSL 514 CRISIS INTERVENTION FOR SCHOOL COUNSELING (2qh)
- CSL 519 SPECIAL EDUCATION: LEGAL AND PROFESSIONAL ISSUES FOR SCHOOL COUNSELORS (2qh)
- CSL 520 COUNSELING CHILDREN AND ADOLESCENTS
- CSL 521 CONTEXTUAL DIMENSIONS OF SCHOOL COUNSELING
- CSL 522 DELIVERY OF COMPREHENSIVE DEVELOPMENTAL SCHOOL COUNSELING PROGRAMS
- CSL 523 LEARNING AND CLASSROOM MANAGEMENT FOR SCHOOL COUNSELORS *(required only for students without a teaching certificate)
Community Counseling Concentration

This Master's degree allows the students who enter the community counseling concentration, after passing the state licensure exam, to become licensed as a Licensed Professional Counselor (LPC). The Concentration prepares Counseling professionals to work in various settings such as community agencies, private practice, and not-for-profit organizations. Such a specialty gives the Counseling Professional skills and processes to provide individual and group counseling and to serve as a leader and advocate for clients, communities, and the profession.

Course Requirements

Counseling Courses: 24 quarter hours required, grade of B- or better required

- CSL 454 CAREER COUNSELING
- CSL 466 ASSESSMENT AND TREATMENT OF CHEMICAL DEPENDENCY
- CSL 489 PSYCHOPATHOLOGY
- CSL 511 SUPERVISION (1qh)
- CSL 512 CRISIS INTERVENTION (2qh)
- CSL 513 CONSULTATION FOR COUNSELORS (1qh)
- CSL 556 COUPLES AND FAMILY COUNSELING
- Counseling Elective (4-credit hour course per faculty advisor approval)

Counseling (MED)

The program in Counseling provides professionals with theoretical frameworks and competencies that prepare them to provide counseling services. Within the Counseling Program, there are three degree programs. These are community counseling, school counseling, and college student development. The concentrations in community and school counseling integrate Illinois state requirements for licensure and certification and all concentrations meet national standards for professional practice. All programs are 72 credit hours and include a 100-hour practicum and two 300 credit hour internships. These clinical experiences are mandatory and for the school and community counseling concentrations are required by the state for certification and licensure. A degree from this program gives rise to career opportunities such as school counseling in elementary, middle, and high schools; counseling in community agencies; counseling in higher education; career counseling through the lifespan; counseling in hospitals or institutional-care settings; group counseling; couples and family counseling; or counseling in private practice. All of the programs emphasize and are designed to foster leadership, advocacy, and social justice.

Concentrations

The Counseling program has three concentrations:

- Concentration in College Student Development
- Concentration in Community Counseling
- Concentration in School Counseling

Certificate Option

The Counseling program's School Counseling concentration is an Illinois State Board of Education (ISBE) approved program for the School Service Personnel Type 73 certificate with the School Counselor endorsement.

State Licensure Information

The State of Illinois requires that those who wish to work as a counselor have licensure as either a Licensed Professional Counselor (LPC) or an advanced Licensed Clinical Professional Counselor (LCPC). The Counseling program's Community Counseling concentration meets the educational requirements for the Licensed Clinical
Admission Information

- A completed College of Education graduate application
- A bachelor's degree conferred by an accredited, recognized institution
- Admission Requirements for all concentrations of the counseling program which includes: College Student Development, Community Counseling and School Counseling are listed below.
- Three letters of recommendation: one from a professor addressing your academic ability, one from a work supervisor and one from either another professor or supervisor.
- Interview with program faculty upon request.
- Personal Statement should be 3-4 pages double spaced and typed and should tell us about your career goals, your motivation for becoming a counselor, and what you hope to accomplish in the Counseling program. Describe your personal and professional experiences as well as characteristics that you believe support your application.

To do so, please respond to the following questions:

- What is your motivation for becoming a counselor?
- What are your short and long term professional goals?
- What are your expectations of the CSL program and how do you envision the program fulfilling those expectations?
- The roles of the counselor are multiple and include listener, advocate, leader, consultant, multiculturalist, educator, and group leader. From your perspective, please rank the roles of a counselor in terms of importance and provide a rationale discussing your placement of the top three roles.
- What roles have been most comfortable for you in a group setting?
- Describe what made these roles comfortable for you.
- We are often faced with situations which do not turn out as we had planned. How do you handle situations where you don't see things going in the way that you would like?

College Requirements

Dispositions

The academic programs within the College of Education have set forth these dispositions as educational and professional expectations for all students. Students should be aware that failing to abide by DePaul University or College of Education policies including, under certain circumstances, these dispositions, could result in adverse consequences for the student, including removal from his or her program, the College of Education, or the University.

- Is receptive to supervisor and faculty feedback and acts meaningfully and professionally upon suggestions
- Reflects on his or her own progress and identifies strengths and weaknesses, including evaluating strategies for success, finding alternatives for inappropriate strategies, and modifying future practices
- Takes initiative in all learning experiences and responsibility for his or her own professional growth and development
- Is committed to clear oral and written communication, both in traditional and in new and emerging digital formats
- Is open to new ideas and engagement in learning
- Appreciates diversity and demonstrates awareness of personal biases
- Respects and considers cultural contexts in order to determine how to be responsive to students and clients and to proactively promote social justice
Degree Conferral and Graduation

The awarding of a degree is not automatic. You must submit an application to be considered for the degree. DePaul awards and posts degrees at the end of each regular academic term (autumn, winter, spring, summer I and summer II).

It is your responsibility to initiate the degree conferral application process by submitting an online application. Submitting an application means you intend to finish your degree requirements by the end of the term for which you have applied.

Graduate students must be approved for student teaching and complete student teaching, seminar, and induction courses to be cleared for the degree. Student must submit graduation application for the quarter you are completing the final course (student teaching is considered a course).

After you submit the application, you cannot register for any term after the one selected in the application.

Application deadlines are as follows:
- Fall Quarter - October 1st
- Winter Quarter - January 15th
- Spring Quarter - February 1st
- Summer I Quarter - June 1st
- Summer II Quarter - July 15th

To apply for degree conferral, log on to Campus Connection. Select FOR STUDENTS, then GRADUATION, then APPLY FOR DEGREE CONFERRAL. On screen instructions will take you through the application process.

Provided that all requirements and financial obligations are met, degrees are posted 30 days after the official end of the term. Official dates are listed on the Academic Calendar.

DePaul holds one commencement ceremony each year in June. If you intend to participate, you must first apply for degree conferral for the current academic year and then submit a cap and gown order. Honors are not announced at the ceremony for undergraduates completing their final courses in spring quarter because a final GPA is not available at the time of the ceremony.

Additional information about degree conferral and graduation can be found on the College of Education website.

Degree Requirements

Course Requirements

The Counseling Program requires students to earn a grade of B- or better in all Counseling (CSL) courses. A course must be repeated if a grade below a B- is earned. A GPA of 3.0 is required before CSL students are eligible to be registered for CSL 552 (Practicum). A grade of B or better in CSL 552, CSL 553 (Internship I), and CSL 554 (Internship II) is required. Any grade below a B in CSL 552, CSL 553, and CSL 554 is a failing grade and will require the student to repeat the course.

Social and Cultural Studies Courses: 8 quarter hours required, grade of B- or better required

- SCG 401 ADVANCED DEVELOPMENTAL PSYCHOLOGY
- SCG 410 INTRODUCTION TO RESEARCH: PURPOSES, ISSUES, AND METHODOLOGIES
Counseling Courses: 28 quarter hours required, grade of B- or better required

- CSL 451 LEGAL AND ETHICAL ISSUES IN COUNSELING
- CSL 452 INTRODUCTION TO THE COUNSELING PROFESSION
- CSL 458 GROUP COUNSELING
- CSL 461 TESTING AND APPRAISAL
- CSL 467 COUNSELING THEORIES
- CSL 501 COUNSELING SKILLS
- CSL 510 MULTICULTURAL COUNSELING

Clinical Experience

Students complete their Clinical Experience during the last year in the program. The Clinical Experience Courses include the Practicum, Internship in Counseling I, and Internship in Counseling II. Students are enrolled in the Practicum course Autumn Quarter; Internship in Counseling I Winter Quarter; Internship in Counseling II Spring Quarter. Students must complete a formal application process to participate in the Clinical Experience courses. This includes attending a clinical orientation a full year before beginning the Clinical Experience, submitting an initial application, and securing a placement site. Successful completion of the application requirements is noted as milestone courses on a student’s transcripts. Consult academic advisor for additional information on application and course enrollment process.

- CSL 95 CLINICAL ORIENTATION
- CSL 96 CLINICAL APPLICATION
- CSL 97 CLINICAL PLACEMENT

Clinical Experience Courses: 12 quarter hours required, grade of B or better required

- CSL 552 PRACTICUM IN COUNSELING (100 clock hours)
- CSL 553 INTERNSHIP IN COUNSELING I (300 clock hours)
- CSL 554 INTERNSHIP IN COUNSELING II (300 clock hours)

All courses with the exception of CSL 512 and CSL 513 must be completed prior to being enrolled in the Practicum course.

Master of Education (M.Ed.) Degree Requirements

Capstone project with faculty supervision written in conjunction with CSL 552, CSL 553 and CSL 554. Does not require additional course enrollment.

College Student Development Concentration

This Master's degree prepares Counseling professionals to work in various offices within student affairs such as in career centers, offices of residence life, and college counseling centers. It provides the Counseling Professional with the skills and processes to provide individual and group counseling and to serve as a leader and advocate for students, universities, and the profession.

Course Requirements

Counseling Courses: 24 quarter hours required, grade of B- or better required

- CSL 454 CAREER COUNSELING
- CSL 490 FOUNDATIONS OF STUDENT AFFAIRS
- CSL 491 CONTEXTUAL DIMENSIONS OF COLLEGE STUDENT DEVELOPMENT
- CSL 492 PROGRAM DEVELOPMENT IN STUDENT AFFAIRS
- CSL 511 SUPERVISION (1qh)
- CSL 512 CRISIS INTERVENTION (2qh)
- CSL 513 CONSULTATION FOR COUNSELORS (1qh)
- Counseling Elective (4-credit hour course per faculty advisor approval)
School Counseling Concentration

This Master’s degree allows the student to become certified as a school counselor (Type 73 Certification). The sequence prepares Counseling Professionals to work in public and private K-12 school systems and gives the Counseling Professional skills and processes to provide individual and group counseling and to serve as a leader and advocate for students, schools, and the profession. The Counseling Program requires students to earn a grade of B- or better in all Counseling (CSL) courses.

Course Requirements

Counseling Courses: 24-28* quarter hours required, grade of B- or better required

- CSL 475 CAREER COUNSELING FOR SCHOOL COUNSELORS
- CSL 489 PSYCHOPATHOLOGY
- CSL 514 CRISIS INTERVENTION FOR SCHOOL COUNSELING (2qh)
- CSL 519 SPECIAL EDUCATION: LEGAL AND PROFESSIONAL ISSUES FOR SCHOOL COUNSELORS (2qh)
- CSL 520 COUNSELING CHILDREN AND ADOLESCENTS
- CSL 521 CONTEXTUAL DIMENSIONS OF SCHOOL COUNSELING
- CSL 522 DELIVERY OF COMPREHENSIVE DEVELOPMENTAL SCHOOL COUNSELING PROGRAMS
- CSL 523 LEARNING AND CLASSROOM MANAGEMENT FOR SCHOOL COUNSELORS *(required only for students without a teaching certificate)

Certification Tests

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate.

School Counseling students must complete the following tests:

- Test of Academic Proficiency (TAP) (test #400) - assesses knowledge of reading comprehension, language arts, writing, and math.
- School Counseling Content Area (test #181) – assesses knowledge of student development, assessment, the school environment and the school counseling profession.

Community Counseling Concentration

This Master’s degree allows the students who enter the community counseling concentration, after passing the state licensure exam, to become licensed as a Licensed Professional Counselor (LPC). The Concentration prepares Counseling professionals to work in various settings such as community agencies, private practice, and not-for-profit organizations. Such a specialty gives the Counseling Professional skills and processes to provide individual and group counseling and to serve as a leader and advocate for clients, communities, and the profession.

Course Requirements

Counseling Courses: 24 quarter hours required, grade of B- or better required

- CSL 454 CAREER COUNSELING
- CSL 466 ASSESSMENT AND TREATMENT OF CHEMICAL DEPENDENCY
- CSL 489 PSYCHOPATHOLOGY
- CSL 511 SUPERVISION (1qh)
Curriculum Studies (EDD)

The primary, though perhaps not the only audience for this Ed.D. program consists of educational professionals who wish to improve the quality of their work in their current roles or to prepare themselves for new roles. This Ed.D. program is uniquely designed to link theory with practice and is not based on traditional assumptions about the relationships of theory with practice or on conventional notions about the status of practitioners and theorists. To be a practitioner is to make decisions about what to do and to take action; but professional practitioners — in education as in other areas — make reasonable decisions and act responsibly and ethically in the light of theoretical and professional knowledge.

- Professional educators are leaders as well as managers; they are not limited to making decisions according to rule or “by the book.” They must use discretion and judgment as they seek to find the most defensible course of action in specific, complicated, and perhaps idiosyncratic circumstances. These situations are not merely instances of abstract concepts.
- Although decisions are made in the light of theoretical knowledge, theoretical knowledge cannot be applied to practice in the same way as principles are applied to cases. No single theory is able to encompass the complexities of all aspects of learning or schooling. Professional educators understand the principles and terms that characterize and limit a variety of theories and can select amongst them in order to better understand the situations in which they are involved.
- Decisions also are made in the light of professional knowledge, learned on the job as well as from more formal sources. Professional educators can articulate the informal, often tacit knowledge that they develop from practice so that it engages with and modifies the more formal theories learned from other sources.
- Professional educators not only make decisions, they act upon them responsibly. They examine the value commitments implicit in their actions; they question the appropriateness of the ends that they seek; they connect their educational contexts to broader social contexts; and they assess the effects of their actions on the achievements, dispositions, and propensities of students, colleagues and community members.

Superintendent Endorsement Option

The Doctoral program’s Educational Leadership concentration is an Illinois State Board of Education (ISBE) approved program for the Superintendent endorsement.

Admission Information

Admission Requirements

Candidates must provide evidence that they

- Possess a Master’s Degree from an accredited institution
- Have experience in an educational role
- Have demonstrated leadership or leadership potential
- Are willing and able to make the necessary commitment of time to the program
- Are likely to be successful in a challenging doctoral program
- Welcome the opportunity to interact with university faculty, peers, and colleagues in a search for effective answers to troubling problems in education
**Admissions Process**

The admissions process for the Ed.D. Program reflects and enacts the principles and values of the program regarding engagement, reflection, the exercise of agency, working for change, and a commitment to professional development and learning. We highly recommend that anyone interested in the program attend an orientation session, which covers the philosophical framework of the program, values, and expectations. It also provides potential applicants with the opportunity to participate in a dialogue with current students and program faculty.

The admissions application requires the following components

- Personal statement (approximately 3 pages)
  - Discusses why an applicant is interested in further study and articulates an issue or problem of interest or concern.
- Writing sample
  - Preferably a course paper from an applicant's master's program. Alternatively, applicants can write a short (3-5 page) academic response to readings provided (upon request) by the doctoral program.
- Three letters of recommendation
  - At least two of the letters should be from faculty in the applicant's master's program.
- Transcripts (undergraduate and graduate)
- Resume or Curriculum Vitae
- GRE scores
- College of Education graduate application and $40 application fee

Some applicants will be invited to interview with two or three Ed.D. Program faculty members — a conversation that will provide an opportunity for candidates to become familiar with the program and the faculty, as well as an opportunity for faculty members to get to know prospective candidates. Applicants living outside the Chicago area will engage in an appropriate, reciprocal substitute for this dialogue.

Students will be selected from the pool of qualified applicants by the Ed.D. Admissions Committee.

**Degree Prerequisites**

No formal prerequisites are required for admission, but applicants typically have had some coursework and/or work experience pertinent to the field.

**College Requirements**

**Dispositions**

The academic programs within the College of Education have set forth these dispositions as educational and professional expectations for all students. Students should be aware that failing to abide by DePaul University or College of Education policies including, under certain circumstances, these dispositions, could result in adverse consequences for the student, including removal from his or her program, the College of Education, or the University.

- Is receptive to faculty feedback and acts meaningfully and professionally upon suggestions
- Reflects on his or her own progress and identifies strengths and weaknesses, including evaluating strategies for success, finding alternatives for inappropriate strategies, and modifying future practices
- Demonstrates a positive attitude and commitment to the profession
- Demonstrates thoughtful, effective verbal and non-verbal communication and listening skills
- Respects and considers cultural contexts in order to determine how to be responsive to learners and to proactively promote all students' learning
- Is committed to collaboration with colleagues, families, and communities in order to promote all students' learning and development
- Demonstrates professional ethical and legal behavior as defined by the respective codes of ethics and laws
- Recognizes and fulfills professional responsibilities and habits of conduct (e.g., dress, language, preparedness, attendance, punctuality, etc.)
- Demonstrates concern for and protection of safety and well-being of others
Degree Conferral and Graduation

The awarding of a degree is not automatic. You must submit an application to be considered for the degree. DePaul awards and posts degrees at the end of each regular academic term (autumn, winter, spring, summer I and summer II).

It is your responsibility to initiate the degree conferral application process by submitting an online application. Submitting an application means you intend to finish your degree requirements by the end of the term for which you have applied.

Graduate students must be approved for student teaching and complete student teaching, seminar, and induction courses to be cleared for the degree. Student must submit graduation application for the quarter you are completing the final course (student teaching is considered a course).

After you submit the application, you cannot register for any term after the one selected in the application.

Application deadlines are as follows:

- Fall Quarter - October 1st
- Winter Quarter - January 15th
- Spring Quarter - February 1st
- Summer I Quarter - June 1st
- Summer II Quarter - July 15th

To apply for degree conferral, log on to Campus Connection. Select FOR STUDENTS, then GRADUATION, then APPLY FOR DEGREE CONFERRAL. On screen instructions will take you through the application process.

Provided that all requirements and financial obligations are met, degrees are posted 30 days after the official end of the term. Official dates are listed on the Academic Calendar.

DePaul holds one commencement ceremony each year in June. If you intend to participate, you must first apply for degree conferral for the current academic year and then submit a cap and gown order. Honors are not announced at the ceremony for undergraduates completing their final courses in spring quarter because a final GPA is not available at the time of the ceremony.

Additional information about degree conferral and graduation can be found on the College of Education website.

Degree Requirements

Course Requirements

Core Courses: 24 quarter hours required

- A&S 801 LEADERSHIP: THEORY AND PRACTICE
- CS 704 CURRICULUM DISCOURSES/PERSPECTIVES OVER TIME
- CS 751 CURRICULUM FOR HUMAN AND COMMUNITY DEVELOPMENT
- SCG 701 PHILOSOPHY OF ETHICS IN EDUCATION
- SCG 711 CULTURE, POWER AND EDUCATION
- SCG 721 HUMAN DEVELOPMENT AND THE EDUCATIONAL PROCESS

Research Courses: 20 quarter hours required

These courses are sequenced and must be taken in the following order:

- SCG 775 SEMINAR: FRAMEWORKS OF INQUIRY IN EDUCATIONAL RESEARCH I
- SCG 785 SEMINAR: FRAMEWORKS OF INQUIRY IN EDUCATIONAL RESEARCH II
- SCG 735 QUANTITATIVE RESEARCH METHODS I
- SCG 745 QUALITATIVE RESEARCH METHODS I
- Choose one subsequent research course from the following list:
  - SCG 755 QUANTITATIVE RESEARCH METHODS II
  - SCG 765 QUALITATIVE RESEARCH METHODS II
Elective Requirement: 4 quarter hours required

- One elective (4 quarter hours) from the following list:
  - Any doctoral course (700 or above) for which the student qualifies
  - SCG 527 GLOBAL ISSUES IN EDUCATION
  - SCG 611 PROSEMINAR: PHILOSOPHICAL STUDIES IN EDUCATION, CULTURE AND ETHICS
  - CS 489 CREATIVITY AND CRITICAL THINKING - VYGOTSKY, BAKHTIN, MAKIGUCHI, IKEDA
  - CS 588 INDEPENDENT STUDY IN CURRICULUM STUDIES
  - A&S 598 INDEPENDENT STUDY IN EDUCATIONAL LEADERSHIP
  - BBE 404 LANGUAGE, LITERACY AND CULTURE
  - BBE 466 FIRST AND SECOND LANGUAGE ACQUISITION
  - BBE 406 SOCIOCULTURAL AND HISTORICAL PERSPECTIVES IN BILINGUAL EDUCATION
  - BBE 510 SPECIAL TOPICS IN LANGUAGE EDUCATION
  - BBE 526 THEORETICAL FOUNDATIONS OF TEACHING ESL
  - BBE 530 LATINOS AND EDUCATION
  - Other options need to be approved by the Ed.D. Program

Concentration Courses: 20 quarter hours required

- Choose five courses from the following list:
  - CS 754 CURRICULUM THEORIZING: MULTIPLE LENSES
  - CS 761 ASSESSING SCHOOL CURRICULUM
  - CS 764 YOUTH DEVELOPMENT, IDEOLOGY, CULTURE, AND SOCIETY
  - CS 774 ENGAGING IN CURRICULUM DELIBERATION
  - CS 784 CURRICULUM AND PROGRAM DESIGN
  - CS 794 SPECIAL TOPICS IN CURRICULUM

Candidacy Course: non-credit, non-tuition

- CS 706 CANDIDACY PAPER

Dissertation Courses: 8 quarter hours required

- CS 849 SUPERVISED DISSERTATION PROPOSAL DEVELOPMENT
- CS 859 INDEPENDENT DISSERTATION RESEARCH: CURRICULUM STUDIES

Curriculum Studies (MA)

Curriculum Studies programs at DePaul share a commitment to social justice, democracy, and critical engagement with issues affecting urban and marginalized students. Our programs assist educators in reflecting on and strengthening their own practice and challenging themselves and their colleagues to work effectively for justice and educational excellence. Students use critical reflection to improve practice, engage in rigorous theoretical inquiry, and identify, address, and build coalitions around opportunities and problems in education. The Curriculum Studies program is designed for educators who wish to enhance their skills in teaching, curriculum development, or the administration of a department or educational program. It aims to equip leaders in a variety of educational settings with the skills necessary to develop, justify, evaluate, and modify curricula to better serve the needs of students, especially urban and marginalized students.

Within this framework, the Curriculum Studies Program offers a number of Programs of Study (POS) that provide options for students to meet their own professional goals leading to an MEd or MA. These programs of study include a set of carefully chosen electives to support a student's career goals.

Concentrations

The Curriculum Studies program has two available concentrations:

- Curriculum Specialist Concentration
- Individualized Plan Concentration
**Curriculum Specialist**

This POS allows teacher/practitioners to take the full range of curriculum studies courses. It is designed for those who wish to develop their understanding of curriculum history, theory, development, evaluation, the relationship between theory and practice, and the intersection of teaching and curriculum. This POS serves a solid foundation for teacher/practitioners wishing to enhance their sense of professional identity and their teaching, teachers interested in serving as curricular and instructional leaders, and those working within other educational programs where a knowledge of curriculum history, theory, practice, design, and evaluation are central to their work.

**Individualized Plan**

This POS is for teacher/practitioners wishing to develop their understanding of curriculum history, theory, development, evaluation, the relationship between theory and practice, and the intersection of teaching and curriculum while allowing them to further specific professional interests. In addition to a set of core courses in curriculum studies, students select (in consultation with their academic advisor) up to four courses that will support their continued development in their content area or other area of professional interest. These courses could be selected in a way that works toward an additional area of endorsement or certificate (although additional course work may be needed beyond these courses to complete the endorsement or certificate). This POS is designed for teacher/practitioners who are interested both in enhancing their curricular knowledge and practice and who have a strong interest in an additional area of study to support their professional development.

**Admission Information**

**Requirements**

- A completed College of Education graduate application
- A bachelor's degree conferred by an accredited, recognized institution
- A previous grade point average of 2.75 or above on a 4.0 scale
- Two years of successful teaching or other appropriate work experience
- Two letters of recommendation from professors or supervisors
- One official transcript from all colleges and/or universities attended
- Resume showing evidence of adequate background for program
- Personal Statement: Describe your accomplishments since receiving your bachelor's degree. Please communicate your ultimate career goals and indicate which curriculum studies concentration you would like to pursue (remember that we also have an individually designed concentration option).

**College Requirements**

**Dispositions**

The academic programs within the College of Education have set forth these dispositions as educational and professional expectations for all students. Students should be aware that failing to abide by DePaul University or College of Education policies including, under certain circumstances, these dispositions, could result in adverse consequences for the student, including removal from his or her program, the College of Education, or the University

- Is receptive to faculty feedback and acts meaningfully and professionally upon suggestions
- Reflects on his or her own progress and identifies strengths and weaknesses, including evaluating
strategies for success, finding alternatives for inappropriate strategies, and modifying future practices

- Demonstrates a positive attitude and commitment to the profession
- Demonstrates thoughtful, effective verbal and non-verbal communication and listening skills
- Respects and considers cultural contexts in order to determine how to be responsive to learners and to proactively promote all students' learning
- Is committed to collaboration with colleagues, families, and communities in order to promote all students' learning and development
- Demonstrates professional ethical and legal behavior as defined by the respective codes of ethics and laws
- Recognizes and fulfills professional responsibilities and habits of conduct (e.g., dress, language, preparedness, attendance, punctuality, etc.)
- Demonstrates concern for and protection of safety and well-being of others

**Degree Conferral and Graduation**

The awarding of a degree is not automatic. You must submit an application to be considered for the degree. DePaul awards and posts degrees at the end of each regular academic term (autumn, winter, spring, summer I and summer II).

It is your responsibility to initiate the degree conferral application process by submitting an online application. Submitting an application means you intend to finish your degree requirements by the end of the term for which you have applied.

Additional information about degree conferral and graduation can be found on the College of Education website.

**Degree Requirements**

**Course Requirements**

**Core Curriculum Courses: 16 quarter hours (4 courses) required, grade of C or better required**

- CS 482 THE HISTORY OF CURRICULUM PRACTICE
- CS 485 CURRICULUM/PROGRAM EVALUATION
Social and Cultural Studies Courses: 12 quarter hours (3 courses) required, grade of C or better required

- SCG 610 INTRODUCTION TO RESEARCH METHODS (preferred)
- SCG 410 INTRODUCTION TO RESEARCH: PURPOSES, ISSUES, AND METHODOLOGIES
- Choose one course from the following list:
  - SCG 401 ADVANCED DEVELOPMENTAL PSYCHOLOGY
  - SCG 402 PSYCHOLOGY OF LEARNING
  - SCG 403 HUMAN DEVELOPMENT AND LEARNING: ELEMENTARY
  - SCG 604 PROSEMINAR: IDENTITY CONSTRUCTIONS AND NEGOTIATIONS (preferred)
  - SCG 406 HUMAN DEVELOPMENT AND LEARNING: SECONDARY
  - SCG 439 PHILOSOPHY AND PSYCHOLOGY OF YOUTH AND MIDDLE LEVEL EDUCATION

Choose one course from the following list:
- SCG 608 PROSEMINAR: IDEOLOGY, POWER AND POLITICS (preferred)
- SCG 408 EDUCATION AND SOCIETY
- SCG 403 PROSEMINAR: CULTURE AND EDUCATION (preferred)
- SCG 409 SOCIOLOGY OF EDUCATION
- SCG 611 PROSEMINAR: PHILOSOPHICAL STUDIES IN EDUCATION, CULTURE AND ETHICS (preferred)
- SCG 411 PHILOSOPHY OF EDUCATION

Supervision or Organizational Development Courses: 4 quarter hours required, grade of C or better required

- Choose one course from the following list:
  - A&S 498 PRINCIPLES AND PRACTICES OF SUPERVISION
  - A&S 590 ORGANIZATIONAL DEVELOPMENT

Master of Arts (M.A.) Degree Requirements: 4 quarter hours, grade of C or better required

- CS 589 THESIS RESEARCH IN CURRICULUM STUDIES (4 quarter hours)

The Master’s Thesis is completed in conjunction with faculty advisement. Preparation for the writing of the Thesis should begin well in advance of the completion of coursework. Oral examination on Thesis required. Consult the M.A. Thesis Handbook for additional information.

Concentration Requirements

Curriculum Specialist

Curriculum Studies Courses: 16 quarter hours (4 courses) required, grade of C or better required

- CS 472 ETHICS, CURRICULUM AND SOCIAL CHANGE
- CS 473 ASSESSMENT
- CS 481 THE STUDY OF TEACHERS AND TEACHING
- CS 492 CREATING AND SUSTAINING PROFESSIONAL LEARNING COMMUNITIES

Individualized Plan

Individualized Plan Courses: 16 quarter hours (4 courses) required, grade of C or better required
Choose four courses per faculty approval

These courses should be a set of carefully chosen electives to support the student's career goals. A student may elect to take a sequence of courses approved for Curriculum Studies students or plan an individual sequence in consultation with his or her advisor. A student pursuing an individually designed career emphasis sequence must write a rationale for the sequence which, when approved, will be placed in his/her file.

Curriculum Studies (MED)

Curriculum Studies programs at DePaul share a commitment to social justice, democracy, and critical engagement with issues affecting urban and marginalized students. Our programs assist educators in reflecting on and strengthening their own practice and challenging themselves and their colleagues to work effectively for justice and educational excellence. Students use critical reflection to improve practice, engage in rigorous theoretical inquiry, and identify, address, and build coalitions around opportunities and problems in education. The Curriculum Studies program is designed for educators who wish to enhance their skills in teaching, curriculum development, or the administration of a department or educational program. It aims to equip leaders in a variety of educational settings with the skills necessary to develop, justify, evaluate, and modify curricula to better serve the needs of students, especially urban and marginalized students.

Within this framework, the Curriculum Studies Program offers a number of Programs of Study (POS) that provide options for students to meet their own professional goals leading to an MEd or MA. These programs of study include a set of carefully chosen electives to support a student's career goals.

Concentrations

The Curriculum Studies program has two available concentrations:

- Curriculum Specialist Concentration
- Individualized Plan Concentration

Curriculum Specialist

This POS allows teacher/practitioners to take the full range of curriculum studies courses. It is designed for those who wish to develop their understanding of curriculum history, theory, development, evaluation, the relationship between theory and practice, and the intersection of teaching and curriculum. This POS serves a solid foundation for teacher/practitioners wishing to enhance their sense of professional identity and their teaching, teachers interested in serving as curricular and instructional leaders, and those working within other educational programs where a knowledge of curriculum history, theory, practice, design, and evaluation are central to their work.

Individualized Plan

This POS is for teacher/practitioners wishing to develop their understanding of curriculum history, theory, development, evaluation, the relationship between theory and practice, and the intersection of teaching and curriculum while allowing them to further specific professional interests. In addition to a set of core courses in curriculum studies, students select (in consultation with their academic advisor) up to four courses that will support their continued development in their content area or other area of professional interest. These courses could be selected in a way that works toward an additional area of endorsement or certificate (although additional course work may be needed beyond these courses to complete the endorsement or certificate). This POS is designed for teacher/practitioners who are interested both in enhancing their curricular knowledge and practice and who have a strong interest in an additional area of study to support their professional development.
Admission Information

Requirements

- A completed College of Education graduate application
- A bachelor's degree conferred by an accredited, recognized institution
- A previous grade point average of 2.75 or above on a 4.0 scale
- Two years of successful teaching or other appropriate work experience
- Two letters of recommendation from professors or supervisors
- One official transcript from all colleges and/or universities attended
- Resume showing evidence of adequate background for program
- Personal Statement: Describe your accomplishments since receiving your bachelor's degree. Please communicate your ultimate career goals and indicate which curriculum studies concentration you would like to pursue (remember that we also have an individually designed concentration option).

College Requirements

Dispositions

The academic programs within the College of Education have set forth these dispositions as educational and professional expectations for all students. Students should be aware that failing to abide by DePaul University or College of Education policies including, under certain circumstances, these dispositions, could result in adverse consequences for the student, including removal from his or her program, the College of Education, or the University.

- Is receptive to faculty feedback and acts meaningfully and professionally upon suggestions
- Reflects on his or her own progress and identifies strengths and weaknesses, including evaluating strategies for success, finding alternatives for inappropriate strategies, and modifying future practices
- Demonstrates a positive attitude and commitment to the profession
- Demonstrates thoughtful, effective verbal and non-verbal communication and listening skills
- Respects and considers cultural contexts in order to determine how to be responsive to learners and to proactively promote all students' learning
- Is committed to collaboration with colleagues, families, and communities in order to promote all students' learning and development
- Demonstrates professional ethical and legal behavior as defined by the respective codes of ethics and laws

- CS 485 CURRICULUM/PROGRAM EVALUATION
- CS 591 CURRICULUM THEORIZING: MULTIPLE LENSES
- CS 488 DESIGNING AND INTERPRETING CURRICULUM
- CS 489 CREATIVITY AND CRITICAL THINKING - VYGOTSKY, BAKHTIN, MAKIGUCHI, IKEDA

Social and Cultural Studies Courses: 12 quarter hours (3 courses) required, grade of C or better required

- SCG 610 INTRODUCTION TO RESEARCH METHODS (preferred)
or SCG 410 INTRODUCTION TO RESEARCH: PURPOSES, ISSUES, AND METHODOLOGIES
- Choose one course from the following list:
  - SCG 401 ADVANCED DEVELOPMENTAL PSYCHOLOGY
  - SCG 402 PSYCHOLOGY OF LEARNING
  - SCG 403 HUMAN DEVELOPMENT AND LEARNING: ELEMENTARY
  - SCG 604 PROSEMINAR: IDENTITY CONSTRUCTIONS AND NEGOTIATIONS (preferred)
or SCG 406 HUMAN DEVELOPMENT AND LEARNING:SECONDARY
  - SCG 439 PHILOSOPHY AND PSYCHOLOGY OF YOUTH AND MIDDLE LEVEL EDUCATION
- Choose one course from the following list:
  - SCG 608 PROSEMINAR: IDEOLOGY, POWER AND POLITICS (preferred)
or SCG 408 EDUCATION AND SOCIETY
  - SCG 603 PROSEMINAR: CULTURE AND EDUCATION (preferred)
or SCG 409 SOCIOLOGY OF EDUCATION
  - SCG 611 PROSEMINAR: PHILOSOPHICAL STUDIES IN EDUCATION, CULTURE AND ETHICS (preferred)
or SCG 411 PHILOSOPHY OF EDUCATION

Supervision or Organizational Development Courses: 4 quarter hours required, grade of C or better required
Choose one course from the following list:
  - A&S 498 PRINCIPLES AND PRACTICES OF SUPERVISION
  - A&S 590 ORGANIZATIONAL DEVELOPMENT

Master of Education (M.Ed.) Degree Requirements: 4 quarter hours, grade of C or better required

- CSC 580 DESIGN OF OBJECT-ORIENTED LANGUAGES (Formerly SE 580) (4 quarter hours, M.Ed. degree only)
- CS 606 REVIEW OF LITERATURE (non-credit, non-tuition, PA grade required)
- CS 607 INTEGRATIVE PAPER (non-credit, non-tuition, PA grade required)

Review of Literature and Integrative Paper completed in conjunction with faculty advisement

Concentration Requirements

Curriculum Specialist

Curriculum Studies Courses: 16 quarter hours (4 courses) required, grade of C or better required

- CS 472 ETHICS, CURRICULUM AND SOCIAL CHANGE
- CS 473 ASSESSMENT
- CS 481 THE STUDY OF TEACHERS AND TEACHING
- CS 492 CREATING AND SUSTAINING PROFESSIONAL LEARNING COMMUNITIES

Individualized Plan

Individualized Plan Courses: 16 quarter hours (4 courses) required, grade of C or better required

- Choose four courses per faculty approval

These courses should be a set of carefully chosen electives to support the student's career goals. A student may elect to take a sequence of courses approved for Curriculum Studies students or plan an individual sequence in consultation with his or her advisor. A student pursuing an individually designed career emphasis sequence must write a rationale for the sequence which, when approved, will be placed in his/her file.

Directing (MFA)

The Theatre School's Master of Fine Art (MFA) degree in Directing is a three-year program that allows directors to develop and explore their artistic vision and then apply their ideas through constant collaboration with other artists - actors, designers, and dramaturgs. Coursework is focused on preparation - research, theory and analysis - as well as practical application through scene study, workshops and quarterly full-length directing assignments.
Admission Information

The first charter of DePaul University included a statement on nondiscrimination and the policy has been enforced vigorously for 100 years. Students, faculty and the public are entitled to equal treatment regardless of race, creed or color. It is the policy of The Theatre School to make admission decisions without regard to the race, color, religion, age, gender, sexual orientation, national origin or handicap of the candidate. Admission to the Master of Fine Arts degree programs is based on evidence of ability to be successful in graduate study. Specific requirements include:

- Completion of an undergraduate degree from a regionally accredited college or university (as evidenced by official transcripts).
- Completion of graduate application materials.
- Three letters of recommendation.
- Demonstration of special competence in the major area through an audition or interview.

Audition and Interview

Our auditions place special emphasis on the applicant’s potential for future growth. We believe that imagination, personal initiative, self-discipline, stamina, seriousness of commitment to the acting profession and trainability are fundamental.

By trainability, we mean that we attempt to judge the applicant’s potential for growth. We believe that this potential can be assessed by evaluating how the student reveals inner resources through the work. We look for the student’s ability to focus personal energies in a relaxed manner which will enhance communication of the conflict the character faces in the context of the play. Students who get trapped in “characterization” or “style” tend to demonstrate their level of virtuosity rather than tapping their deeper, inner resources.

MFA Acting applicants should prepare two (2) monologues – one contemporary and one classical, a maximum of four minutes total. The classical monologue must be Shakespearean, or from the Restoration, Jacobian or Elizabethan periods. You are urged to select material for which you are temperamentally suited; preferably something in which you might conceivably be cast now or in the near future. Avoid material which causes you to disguise yourself or “put on” a character. The pieces selected should be from plays. Recital of poetry or cuttings from short stories are not acceptable. Concentration and a sincere interest in your pieces are important. During your audition, keep your attention on what you are doing rather than on the effect you are having on the audition committee.

The audition begins with group physical and vocal work. Wear comfortable clothes appropriate for physical activity (examples: sweats, tee-shirts, shorts, leotards). You may be asked to remove your shoes and socks. If you wish, you may bring a change of clothing to change into after the warm up, though this is not required. After the group session, each person presents his or her monologues privately with our committee. After the monologues, you are assigned a scene partner from among the other auditionees and you and your partner will be given a six-line open scene to work on with our faculty. Once you have completed your scene, you have completed the audition and are done for the day. There are no callbacks.

In addition to the audition process, directing students interview with faculty in the directing program and submit a series of written statements including a directorial analysis of a play previously assigned by the program head. Please contact The Theatre School's Admissions Office for exact written requirements.

Application Deadline and Entry Terms

Applications are only accepted for entry into the fall quarter of each academic year and are generally accepted from September through January for entry the following fall.
Degree Requirements

Course Requirements

First Year

- Directing I Sequence
  - PRF 581 DIRECTING I
  - PRF 582 DIRECTING I
  - PRF 583 DIRECTING I
- Directing Seminar
  - PRF 691 DIRECTING SEMINAR
  - PRF 692 DIRECTING SEMINAR
  - PRF 693 DIRECTING SEMINAR
- Acting I Sequence
  - PRF 511 GRADUATE ACTING I
  - PRF 512 GRADUATE ACTING I
  - PRF 513 GRADUATE ACTING I
- PRF 552 MFA I MEISNER
- Dramaturgy I Sequence
  - THE 534 DRAMATURGY I
  - THE 535 DRAMATURGY I
- Directing Theories Sequence
  - PRF 591 DIRECTING THEORIES
  - PRF 592 DIRECTING THEORIES
- Theatrical Collaboration Sequence
  - DES 641 THEATRICAL COLLABORATION
  - DES 642 THEATRICAL COLLABORATION
  - TEC 320 TECHNICAL COLLABORATION
- Choose two of the following:
  - PRF 561 REHEARSAL AND PERFORMANCE I
  - PRF 562 REHEARSAL AND PERFORMANCE I
  - PRF 563 REHEARSAL AND PERFORMANCE I

Second Year

- Directing II Sequence
  - PRF 681 DIRECTING II
  - PRF 682 DIRECTING II
  - PRF 683 DIRECTING II
- Topics in Scene Study Sequence
  - PRF 617 DIRECTING: SCENE STUDY
  - PRF 618 DIRECTING: SCENE STUDY
- Directing Seminar
  - PRF 691 DIRECTING SEMINAR
  - PRF 692 DIRECTING SEMINAR
  - PRF 693 DIRECTING SEMINAR
- Acting II, Classical Sequence
  - PRF 611 GRADUATE ACTING II: CLASSICAL
  - PRF 612 GRADUATE ACTING II: CLASSICAL
  - PRF 613 GRADUATE ACTING II: CLASSICAL
- Graduate Seminar
  - THE 601 GRADUATE SEMINAR
  - THE 602 GRADUATE SEMINAR
  - THE 603 GRADUATE SEMINAR
- PRF 631 GRADUATE VOICE AND SPEECH II
- Rehearsal and Performance Sequence
  - PRF 661 REHEARSAL AND PERFORMANCE II
  - PRF 662 REHEARSAL AND PERFORMANCE II
  - PRF 663 REHEARSAL AND PERFORMANCE II
- Theatre Electives: two courses chosen in consultation with advisor.

Third Year
Early Childhood Education (EDD)

The Early Childhood Education concentration in DePaul's Ed.D program recognizes the current shortage of highly trained early childhood professionals for colleges and universities at the national level. The program focuses not only on analyzing theory and practice in early childhood education today, but also on the policy issues influencing the field of early childhood education.

All the coursework in this program is designed based on best practice guidelines from a variety of leading national early childhood education professional and research organizations, such as National Association of Education of Young Children, Council for Exceptional Children and Zero to Three. The program is rooted in applied child development as well as curricular theory that embraces the notion of learner self-efficacy, inquiry-based curricula, and partnerships with families.

Recognizing the need for hands-on training in research and higher academic teaching, part of the focus of this program is on mentoring doctoral candidates in acquiring these skills through two research and teaching internships prior to their dissertation work. The program is designed to prepare early childhood professionals who might come from a variety of backgrounds such as teachers, leaders or administrators, professionals working in the early childhood or related fields, or instructors at the college level.

Degree

Doctor of Education (Ed.D.): 88 quarter hours

Admission Information

Admission Requirements

Candidates must provide evidence that they

- Possess a Master’s Degree from an accredited institution
- Have experience in an educational role
- Have demonstrated leadership or leadership potential
Are willing and able to make the necessary commitment of time to the program
Are likely to be successful in a challenging doctoral program
Welcome the opportunity to interact with university faculty, peers, and colleagues in a search for effective answers to troubling problems in education

Admissions Process

The admissions process for the Ed.D. Program reflects and enacts the principles and values of the program regarding engagement, reflection, the exercise of agency, working for change, and a commitment to professional development and learning. We highly recommend that anyone interested in the program attend an orientation session, which covers the philosophical framework of the program, values, and expectations. It also provides potential applicants with the opportunity to participate in a dialogue with current students and program faculty.

The admissions application requires the following components

- Personal statement (approximately 3 pages)
  - Discusses why an applicant is interested in further study and articulates an issue or problem of interest or concern.
- Writing sample
  - Preferably a course paper from an applicant's master's program. Alternatively, applicants can write a short (3-5 page) academic response to readings provided (upon request) by the doctoral program.
- Three letters of recommendation
  - At least two of the letters should be from faculty in the applicant's master's program.
- Transcripts (undergraduate and graduate)
- Resume or Curriculum Vitae
- GRE scores
- College of Education graduate application and $40 application fee

Some applicants will be invited to interview with two or three Ed.D. Program faculty members — a conversation that will provide an opportunity for candidates to become familiar with the program and the faculty, as well as an opportunity for faculty members to get to know prospective candidates. Applicants living outside the Chicago area will engage in an appropriate, reciprocal substitute for this dialogue.

Students will be selected from the pool of qualified applicants by the Ed.D. Admissions Committee.

Degree Prerequisites

Doctoral candidates should enter the program with at least 9 semester or 12 quarter hours (3 courses) in the area of early childhood education or a related field, such as child development or developmental psychology. Students who do not meet this requirement could be admitted conditionally, contingent upon taking the required prerequisites, either concurrently or prior to beginning course work at DePaul.

Degree Requirements

Course Requirements

Core Courses: 28 quarter hours required

- A&S 801 LEADERSHIP: THEORY AND PRACTICE
- A&S 811 ASSESSMENT AND ACCOUNTABILITY
- CS 704 CURRICULUM DISCOURSES/PERSPECTIVES OVER TIME
- CS 751 CURRICULUM FOR HUMAN AND COMMUNITY DEVELOPMENT
- SCG 701 PHILOSOPHY OF ETHICS IN EDUCATION
- SCG 711 CULTURE, POWER AND EDUCATION
- SCG 721 HUMAN DEVELOPMENT AND THE EDUCATIONAL PROCESS

Research Courses: 20 quarter hours required
The research courses are sequenced and must be taken in the following order:

- SCG 775 SEMINAR: FRAMEWORKS OF INQUIRY IN EDUCATIONAL RESEARCH I
- SCG 785 SEMINAR: FRAMEWORKS OF INQUIRY IN EDUCATIONAL RESEARCH II
- SCG 735 QUANTITATIVE RESEARCH METHODS I (prerequisite: SCG 785)
- SCG 745 QUALITATIVE RESEARCH METHODS I (prerequisite: SCG 785)
- SCG 755 QUANTITATIVE RESEARCH METHODS II (prerequisite: SCG 735)
  or SCG 765 QUALITATIVE RESEARCH METHODS II (prerequisite: SCG 745)

Elective Requirement: 4 quarter hours required

- One elective (4 quarter hours) from the following list
  - Any doctoral course (700 or above) for which the student qualifies
  - SCG 527 GLOBAL ISSUES IN EDUCATION
  - SCG 611 PROSEMINAR: PHILOSOPHICAL STUDIES IN EDUCATION, CULTURE AND ETHICS
  - CS 489 CREATIVITY AND CRITICAL THINKING - VYGOTSKY, BAKHTIN, MAKIGUCHI, IKEDA
  - CS 588 INDEPENDENT STUDY IN CURRICULUM STUDIES
  - AES 598 INDEPENDENT STUDY IN EDUCATIONAL LEADERSHIP
  - BBE 404 LANGUAGE, LITERACY AND CULTURE
  - BBE 466 FIRST AND SECOND LANGUAGE ACQUISITION
  - BBE 406 SOCIOCULTURAL AND HISTORICAL PERSPECTIVES IN BILINGUAL EDUCATION
  - BBE 510 SPECIAL TOPICS IN LANGUAGE EDUCATION
  - BBE 526 THEORETICAL FOUNDATIONS OF TEACHING ESL
  - BBE 530 LATINOS AND EDUCATION
  - Other options need to be approved by the Ed.D. Program

Concentration Courses: 28 quarter hours

- ECE 704 SEMINAR IN RESEARCH IN CHILD DEVELOPMENT
- ECE 714 SEMINAR IN DEVELOPMENT, RISK, AND RESILIENCE
- ECE 724 SEMINAR IN CURRICULAR APPROACHES IN EARLY CHILDHOOD EDUCATION
- ECE 734 SEMINAR IN EARLY CHILDHOOD PROGRAM DESIGN AND EVALUATION
- ECE 744 SEMINAR IN CULTURE, LANGUAGE AND LEARNING
- ECE 759 TEACHING INTERNSHIP IN EARLY CHILDHOOD EDUCATION
- ECE 769 RESEARCH INTERNSHIP IN EARLY CHILDHOOD EDUCATION

Candidacy Course: non-credit, non-tuition *

- CANDIDACY PAPER

Dissertation Courses: 8 quarter hours required*

- SUPERVISED DISSERTATION PROPOSAL DEVELOPMENT
- INDEPENDENT DISSERTATION RESEARCH: EARLY CHILDHOOD

*Course numbers for the Early Childhood Education Cadidacy and Dissertation courses are still under development by the College of Education.

---

College Requirements

Dispositions

The academic programs within the College of Education have set forth these dispositions as educational and professional expectations for all students. Students should be aware that failing to abide by DePaul University or College of Education policies including, under certain circumstances, these dispositions, could result in adverse consequences for the student, including removal from his or her program, the College of Education, or the University.

- Reflects on progress and identifies strengths and weaknesses, including evaluating strategies for success, finding alternatives for inappropriate strategies, and modifying future practices
Is receptive to faculty feedback and acts meaningfully and professionally upon suggestions
Values critical thinking, including engaging theoretical and philosophical frameworks and shows evidence of critical thinking through discussion and writing (e.g., journals, response to prompts)
Understands the importance of and is committed to communicating clearly orally and in writing both in traditional and in new and emerging digital formats
Values and is committed to continually developing strong content area knowledge and/or knowledge of the professional field, including pedagogical content knowledge
Takes initiative, uses imagination and creativity, and seeks out information using a variety of human and material resources and technology to inform his or her teaching
Is aware of the role of classroom environment and uses management procedures that reflect respect and care for learners and concern for their emotional and physical well being
Takes the time and effort needed to understand how students learn, including discovering their interests and experiences and determining how to shape teaching acts (using technology as appropriate) that engage learners meaningfully and actively
Values and is committed to using assessment to evaluate and ensure the continuous intellectual, social, emotional, and physical development of the learner
Respects and considers cultural contexts in order to determine how to be responsive to learners and to proactively promote all students' learning
Values and is responsive to diverse learners' academic, emotional, and social needs through teaching acts (including careful instructional planning, implementation, and differentiation) and through everyday interactions with students
Is committed to collaboration with colleagues, families, and communities in order to promote all students' learning and development
Recognizes and fulfills professional responsibilities and habits of conduct (e.g., dress, language, preparedness, attendance, punctuality, etc.)
Demonstrates collegiality, honesty, good judgment, courtesy, respect, and diplomacy
Balances self-confidence and assertiveness with respect for others' perspectives
Respects the requirements, expectations, and procedures of both the College of Education and of our field partners and appreciates the issues of trust, fairness, and professionalism involved

Degree Conferral and Graduation

The awarding of a degree is not automatic. You must submit an application to be considered for the degree. DePaul awards and posts degrees at the end of each regular academic term (autumn, winter, spring, summer I and summer II).

It is your responsibility to initiate the degree conferral application process by submitting an online application. Submitting an application means you intend to finish your degree requirements by the end of the term for which you have applied.

Graduate students must be approved for student teaching and complete student teaching, seminar, and induction courses to be cleared for the degree. Student must submit graduation application for the quarter you are completing the final course (student teaching is considered a course).

After you submit the application, you cannot register for any term after the one selected in the application.

Application deadlines are as follows:
Fall Quarter - October 1st
Winter Quarter - January 15th
Spring Quarter - February 1st
Summer I Quarter - June 1st
Summer II Quarter - July 15th

To apply for degree conferral, log on to Campus Connection. Select FOR STUDENTS, then GRADUATION, then APPLY FOR DEGREE CONFERRAL. On screen instructions will take you through the application process.

Provided that all requirements and financial obligations are met, degrees are posted 30 days after the official end of the term. Official dates are listed on the Academic Calendar.

DePaul holds one commencement ceremony each year in June. If you intend to participate, you must first apply for degree conferral for the current academic year and then submit a cap and gown order. honors are not announced at the ceremony for undergraduates completing their final courses in spring quarter because a final GPA is not available at the time of the ceremony.

Additional information about degree conferral and graduation can be found on the College of Education website at: http://education.depaul.edu/.

DePaul University Winter/Spring 2013 Page 161 of 2244
E-Business (MBA)

The E-Business MBA concentration provides students with the skills and abilities needed to identify and document E-Business requirements, and to manage the process of fulfilling the need defined by these requirements.

Admission Information

Applicants must possess the equivalent of a bachelor's degree from a regionally accredited institution. A prospective graduate student is expected to present a superior overall previous academic record and an above average total GMAT score (or GRE score where appropriate) including high achievement on the verbal, quantitative, and on the analytical writing assessment. The examination must have been taken no earlier than five years prior to the date of admission to the program.

Other factors, such as work experience and career progression, are also important and will be considered by the Admissions Committee. All applicants are required to submit two professional letters of recommendation as well as a current resume.

All prospective students are welcome to arrange a meeting with an admissions counselor. Please phone the graduate school office for an informal appointment. Interviews are not required as part of the admissions process for the part-time M.B.A. program, but may be requested by the Admissions Committee. Interviews for the full-time M.B.A. and weekend M.B.A. programs are on an invitation-only basis. Once a completed application has been received, a preliminary review is completed and selected candidates are invited to interview.

Each applicant is considered on an individual basis. The full-time and weekend M.B.A. programs do have limited enrollments, but for the other graduate business programs there currently is no predetermined limit to the number of students who can be admitted. Thus, for these programs, all students who are judged eligible by the Admissions Committee will be invited to matriculate.

Graduate Management Admission Test (GMAT)

To be considered for admission as a degree seeking student, an applicant will be required to submit a score from the Graduate Management Admission Test (GMAT). GMAT information including dates, a list of test centers, and applications for the exam may be obtained at www.mba.com or by contacting Pearsonvue at 1-800-717-4628. The GMAT score report must come directly from Pearsonvue. A test taken more than five years prior to the date of application is not considered valid for admission purposes and would have to be retaken. An exception may be made for individuals who hold a doctoral or other terminal degree awarded by an appropriately accredited institution. An exception may also be made for fully certified CPA’s applying to the Master of Science in Taxation program. Applicants to the Master of Science in Human Resources Management and the Master of Science in Economics and Policy Analysis may submit either a GMAT or GRE (Graduate Records Examinations) score. As with the GMAT, GRE scores are valid for five years.

Application Deadlines

For the day MBA program (Full-time):

Admission to the Day M.B.A. program is competitive and is limited to the Autumn Quarter. There are three application rounds, with deadlines of February 1, April 1 and July 1. Application review begins in January, and you are encouraged to apply as early as possible. Decisions are mailed on an ongoing basis beginning in January, and applicants should expect to receive an admission decision approximately 4 weeks after their application becomes complete.

Applicants who wish to be considered for scholarships and graduate assistantships should apply during the first two application rounds. These awards are generally not available to applicants who apply after April 1.

Late applications submitted after the final July 1 deadline may be considered if space remains available in the incoming class.
For the weekend MBA and MS in Economic Policy Analysis programs:

Applications must be submitted by July 1st. Applications received after July 1st will be considered on a space available basis.

For all other graduate business programs:

Applications must be submitted by:

- July 1st for the Autumn Quarter
- October 1st for the Winter Quarter
- February 1st for the Spring Quarter
- April 1st for the Summer Quarter

Applicants educated outside the United States must submit their applications one month prior to the above deadlines.

Transcripts

Degree seeking applicants must present official transcripts from each junior college, college, and university attended (even if only for one course) including DePaul University, if applicable. Credits transferred and posted on the record of a second school do not constitute an official transcript of the original school. Transcripts that are already on file as part of a student record in another College Office at DePaul may be required to remain there and in that case cannot be transferred to the Graduate School of Business Office.

Applicants should write to the Registrar of each school attended, requesting that an official transcript be sent to the student. Once all of the transcripts have been received applicants should submit them to the graduate school office in their original envelopes with the applicant’s name, date of birth and program of interest noted on the envelope. We will then add the transcripts to the applicant’s admission file.

An applicant who is still taking courses or completing a program at the time he/she submits an application to the Graduate School of Business will not receive full admission until a final and official transcript listing the degree awarded has been submitted to the Admissions Committee. Please see Conditional Admission and Non-degree Status for more information regarding admission prior to posting of an undergraduate degree.

Readmission

A student previously admitted who has been absent from DePaul for one year or longer must complete the application form and submit a transcript of any courses taken elsewhere during his/her absence. A student must submit a written explanation of his/her absence from the program and an updated resume. A $30 application fee is required.

If the original application has been destroyed (after an absence of two years), the student may be required to complete a new application in full.

Special Instructions for International Applicants

Educational Credentials For International Students or Programs

Applicants must submit transcripts from all colleges and universities attended, including those attended but from which no credit was earned. Exceptions may be permitted for study-abroad credit when that credit is clearly defined and displayed on the home institution transcript.

Applicants with non-U.S. educational credentials for Winter term 2012 and beyond are required to submit their official educational credentials (e.g., transcripts, mark sheets, degree certificates, graduation diplomas) and evaluation fee directly to one of the three evaluation companies below:

- Educational Credential Evaluators, Inc.
- Educational Perspectives
- One Earth International Credential Evaluation

These evaluators will then provide DePaul with a general evaluation of their studies and certified copies of their international educational credentials which will be used during admission review. Please direct any questions about required credentials to the evaluation company you have selected and not to the Kellstadt Graduate School of Business. DePaul will not accept evaluations from any other evaluation companies and will not accept any educational credentials without an evaluation from ECE, EP or One Earth.
**English Proficiency**

Non-native English speakers who have not completed a bachelor's or master's degree in the United States should submit scores from a recognized English proficiency test. The Kellstadt Graduate School of Business accepts results from TOEFL, IELTS and the Pearson Test of English (PTE).

---

**MBA Core Requirements**

**Course Requirements**

- ACC 500 FINANCIAL ACCOUNTING
- ACC 555 MANAGEMENT ACCOUNTING FOR DECISION-MAKING
- ECO 509 BUSINESS CONDITIONS ANALYSIS
- ECO 555 ECONOMICS FOR DECISION-MAKING
- FIN 555 FINANCIAL MANAGEMENT
- GSB 420 APPLIED QUANTITATIVE ANALYSIS
- GSB 599 STRATEGIC ANALYSIS FOR COMPETING GLOBALLY
- MGT 500 MANAGING FOR EFFECTIVE AND ETHICAL ORGANIZATIONAL BEHAVIOR
- MGT 502 OPERATIONS MANAGEMENT
- MGT 555 STRATEGIC MANAGEMENT OF HUMAN RESOURCES
- MIS 555 MANAGEMENT OF INFORMATION TECHNOLOGY
- MKT 555 DECISIONS IN MARKETING MANAGEMENT

**Concentrations**

In addition to the required core courses, students have six electives they can use to take courses in a specific area of interest. These electives are typically used by students to select one or more concentrations in the area(s) that offer the knowledge, skills, and abilities that best fit the student's educational needs and interests.

While many students choose to have a specific area of concentration, those who would like more flexibility in selecting courses may choose the general business concentration instead. With this option, the student is free to choose six courses from several different areas of study within the graduate school of business.

If a student does not indicate a specific concentration of interest in the application for admission the student will be assigned to the general business concentration.

**M.B.A. Options**

**Day M.B.A. (Full-time Accelerated)**

The Day M.B.A. Program fulfills the business world’s demand for M.B.A. graduates with the ability to understand and manage complex business processes. Students who choose this program option will take all of their foundation and core classes in a full-time, lock step format during the first four terms of the program. Upon completion of the prerequisite core courses, students may begin taking their concentration classes at their own pace. Students in the Day M.B.A. Program may choose to specialize in any of the generally available MBA concentrations offered by the Kellstadt Graduate School of Business.

**Evening M.B.A. (All Campuses)**

All of the core course requirements for the M.B.A. are offered at the Loop and the Naperville and O'Hare suburban campuses. Required core courses are offered every quarter at the Loop campus but variably at the suburban campuses. All requirements are offered at least once each year at each of these locations.

Three full concentrations are available at each of the suburban campuses. These are Finance, Marketing Management and General Business. Electives applicable to other concentrations will be offered variably at the suburban locations but it may be necessary to travel to Loop campus to complete concentrations other than these three.

**Weekend M.B.A. at O'Hare Campus**
The Weekend M.B.A. Program is a rigorous yet rewarding program designed for the self-directed manager with an interest in using technology to supplement traditional M.B.A. coursework. The curriculum provides knowledge in each of the major business functions along with specialized courses in Management and Finance such that students may earn concentrations in Finance and/or Operations Management as part of the weekend program. Upon completion of the required core sequence of courses, students are able to select concentration courses from among the more than 35 concentrations available to part-time M.B.A. students. Please note that only the Finance and Operations Management concentrations are available in the weekend format.

Each course is taught as a blend of traditional lecture and distance learning formats. Classes meet on alternate Saturdays at the O’Hare Campus. Students will work via distance learning in the weeks between class meetings. Admitted students will proceed through the program as a cohort group. Admission to the program is for fall quarter only.

Concentration Requirements

Course Requirements

To complete the E-Business concentration, students must take the following two required courses:

- IS 455 ELECTRONIC BUSINESS
- ECT 589 E-BUSINESS STRATEGIES

Additionally, students must choose an elective from among the following courses:

- MGT 535 CHANGE MANAGEMENT
- MGT 590 MANAGEMENT OF INNOVATION AND TECHNOLOGICAL CHANGE
- MKT 595 INTERNET AND INTERACTIVE MARKETING
- TDC 425 VOICE/DATA NETWORK FUNDAMENTALS
- PM 430 FUNDAMENTALS OF IT PROJECT MANAGEMENT
- MGT 798 SPECIAL TOPICS: BUSINESS ARCHITECTING
- IS 456 KNOWLEDGE MANAGEMENT SYSTEMS
- IS 560 ENTERPRISE SYSTEMS
- IS 570 ENTERPRISE SYSTEM IMPLEMENTATION
- HCI 440 INTRODUCTION TO USER-CENTERED DESIGN

E-Commerce Technology (MS)

The Master of Science in E-Commerce Technology is designed for those who want to specialize in e-business systems development and management. This program exposes students to a broad and changing mix of technologies, programming languages and tools. Team projects, and work for real clients provide an authentic environment for learning. The curriculum provides flexible and in-depth training in web development and e-business systems implementation. Students may take their major electives in the following areas:

- E-Commerce Technology (ECT)
- Human-Computer Interaction (HCI)
- Database Technologies (CSC)
- Software Engineering (SE)

Students in this program will gain a broad range of skills including:

- Computer programming and database technology
Admission Information

Admission information for this program can be found in the Graduate Admission page on the CDM web site under Prospective Students. (http://www.cdm.depaul.edu/Prospective%20Students/Pages/GraduateAdmissions.aspx)

Degree Requirements

Course Requirements

Introductory Courses

Introductory courses may be waived for any of the following conditions:

- The student has the appropriate course work to satisfy an Introductory Course.
- The student has appropriate and verified professional experience to satisfy an Introductory Course.
- The student passes a Graduate Assessment Examination (GAE) in the Introductory Course area.

- CSC 401 INTRODUCTION TO PROGRAMMING
- CSC 402 DATA STRUCTURES I
- CSC 403 DATA STRUCTURES II
- ECT 410 DEVELOPMENT OF WEB-BASED BUSINESS APPLICATIONS

Foundation Courses

- ECT 424 ENTERPRISE INFRASTRUCTURE
- ECT 455 E-COMMERCE WEB SITE ENGINEERING
- CSC 453 DATABASE TECHNOLOGIES
- SE 430 OBJECT ORIENTED MODELING

Students in the Foundation Courses may register for a maximum of four Advanced Courses.

Advanced Courses

- ECT 480 INTRANETS AND PORTALS
- ECT 481 INTERNET SUPPLY CHAIN MANAGEMENT
- ECT 582 SECURE ELECTRONIC COMMERCE

Major Elective Courses

Students must take 5 elective courses from the list below. A minimum of 2 courses must be taken at the 500-level.

- ECT 436 SOCIAL MARKETING AND SOCIAL NETWORKING APPLICATIONS
- ECT 556 ENTERPRISE ARCHITECTURE AND DESIGN
- ECT 565 MOBILE ENTERPRISE
- ECT 583 ADVANCED SCRIPTING TECHNOLOGIES
- ECT 584 WEB DATA MINING FOR BUSINESS INTELLIGENCE
Capstone

ECT 589 E-BUSINESS STRATEGIES

Degree Requirements

Students in this degree program must meet the following requirements:

- Complete a minimum of 52 graduate credit hours in addition to any required introductory courses of the designated degree program.
- Complete all graduate courses and requirements listed in the designated degree program.
- Earn a grade of B- or better in each introductory course of the designated degree program.
- Earn a grade of C- or better in all courses beyond the introductory courses of the designated degree program.
- Maintain a cumulative GPA of 2.5 or higher.
- Students pursuing a second master's degree must complete a minimum of *52 graduate credit hours beyond their first designated degree program in addition to any required introductory courses in their second designated degree program.

*53 graduate credit hours required for MS Information Systems.

Students with a GPA of 3.9 or higher will graduate with distinction.

For DePaul's policy on repeat graduate courses and a complete list of academic policies see the DePaul Graduate Handbook.

Economic Policy Analysis (MBA)

Students with this concentration will develop solid writing and analytical skills. The hallmark of this concentration is the opportunity to participate in a Congressional Research Fellowship during which students will work full time on Capitol Hill. This will immerse students in policy making, analysis and research. Students will also have a unique opportunity to develop an extensive network with current and former staffers on Capitol Hill.

Most medium and large firms hire business economists in areas such as manufacturing, communications, banking, insurance, retailing, finance and investment, transportation, utilities, and consulting. In addition, positions in various departments of federal, state, and local governments are available; job mobility can be high with business economists moving among business firms, government, nonprofits, and possibly academic institutions.
Admission Information

Applicants must possess the equivalent of a bachelor's degree from a regionally accredited institution. A prospective graduate student is expected to present a superior overall previous academic record and an above average total GMAT score (or GRE score where appropriate) including high achievement on the verbal, quantitative, and on the analytical writing assessment. The examination must have been taken no earlier than five years prior to the date of admission to the program.

Other factors, such as work experience and career progression, are also important and will be considered by the Admissions Committee. All applicants are required to submit two professional letters of recommendation as well as a current resume.

All prospective students are welcome to arrange a meeting with an admissions counselor. Please phone the graduate school office for an informal appointment. Interviews are not required as part of the admissions process for the part-time M.B.A. program, but may be requested by the Admissions Committee. Interviews for the full-time M.B.A. and weekend M.B.A. programs are on an invitation-only basis. Once a completed application has been received, a preliminary review is completed and selected candidates are invited to interview.

Each applicant is considered on an individual basis. The full-time and weekend M.B.A. programs do have limited enrollments, but for the other graduate business programs there currently is no predetermined limit to the number of students who can be admitted. Thus, for these programs, all students who are judged eligible by the Admissions Committee will be invited to matriculate.

Graduate Management Admission Test (GMAT)

To be considered for admission as a degree seeking student, an applicant will be required to submit a score from the Graduate Management Admission Test (GMAT). GMAT information including dates, a list of test centers, and applications for the exam may be obtained at www.mba.com or by contacting Pearsonvue at 1-800-717-4628. The GMAT score report must come directly from Pearsonvue. A test taken more than five years prior to the date of application is not considered valid for admission purposes and would have to be retaken. An exception may be made for individuals who hold a doctoral or other terminal degree awarded by an appropriately accredited institution. An exception may also be made for fully certified CPA's applying to the Master of Science in Taxation program. Applicants to the Master of Science in Human Resources Management and the Master of Science in Economics and Policy Analysis may submit either a GMAT or GRE (Graduate Records Examinations) score. As with the GMAT, GRE scores are valid for five years.

Application Deadlines

For the day MBA program (Full-time):

Admission to the Day M.B.A. program is competitive and is limited to the Autumn Quarter. There are three application rounds, with deadlines of February 1, April 1 and July 1. Application review begins in January, and you are encouraged to apply as early as possible. Decisions are mailed on an ongoing basis beginning in January, and applicants should expect to receive an admission decision approximately 4 weeks after their application becomes complete.

Applicants who wish to be considered for scholarships and graduate assistantships should apply during the first two application rounds. These awards are generally not available to applicants who apply after April 1.

Late applications submitted after the final July 1 deadline may be considered if space remains available in the incoming class.

For the weekend MBA and MS in Economic Policy Analysis programs:

Applications must be submitted by July 1st. Applications received after July 1st will be considered on a space available basis.

For all other graduate business programs:

Applications must be submitted by:

- July 1st for the Autumn Quarter
- October 1st for the Winter Quarter
Applications must be submitted by:

- February 1st for the Spring Quarter
- April 1st for the Summer Quarter

Applicants educated outside the United States must submit their applications one month prior to the above deadlines.

**Transcripts**

Degree seeking applicants must present official transcripts from each junior college, college, and university attended (even if only for one course) including DePaul University, if applicable. Credits transferred and posted on the record of a second school do not constitute an official transcript of the original school. Transcripts that are already on file as part of a student record in another College Office at DePaul may be required to remain there and in that case cannot be transferred to the Graduate School of Business Office.

Applicants should write to the Registrar of each school attended, requesting that an official transcript be sent to the student. Once all of the transcripts have been received applicants should submit them to the graduate school office in their original envelopes with the applicant's name, date of birth and program of interest noted on the envelope. We will then add the transcripts to the applicant's admission file.

An applicant who is still taking courses or completing a program at the time he/she submits an application to the Graduate School of Business will not receive full admission until a final and official transcript listing the degree awarded has been submitted to the Admissions Committee. Please see Conditional Admission and Non-degree Status for more information regarding admission prior to posting of an undergraduate degree.

**Readmission**

A student previously admitted who has been absent from DePaul for one year or longer must complete the application form and submit a transcript of any courses taken elsewhere during his/her absence. A student must submit a written explanation of his/her absence from the program and an updated resume. A $30 application fee is required.

If the original application has been destroyed (after an absence of two years), the student may be required to complete a new application in full.

**Special Instructions for International Applicants**

**Educational Credentials For International Students or Programs**

Applicants must submit transcripts from all colleges and universities attended, including those attended but from which no credit was earned. Exceptions may be permitted for study-abroad credit when that credit is clearly defined and displayed on the home institution transcript.

Applicants with non-U.S. educational credentials for Winter term 2012 and beyond are required to submit their official educational credentials (e.g., transcripts, mark sheets, degree certificates, graduation diplomas) and evaluation fee directly to one of the three evaluation companies below:

- Educational Credential Evaluators, Inc.
- Educational Perspectives
- One Earth International Credential Evaluation

These evaluators will then provide DePaul with a general evaluation of their studies and certified copies of their international educational credentials which will be used during admission review. Please direct any questions about required credentials to the evaluation company you have selected and not to the Kellstadt Graduate School of Business. DePaul will not accept evaluations from any other evaluation companies and will not accept any educational credentials without an evaluation from ECE, EP or One Earth.

**English Proficiency**

Non-native English speakers who have not completed a bachelor's or master's degree in the United States should submit scores from a recognized English proficiency test. The Kellstadt Graduate School of Business accepts results from TOEFL, IELTS and the Pearson Test of English (PTE).
MBA Core Requirements

Course Requirements

- ACC 500 FINANCIAL ACCOUNTING
- ACC 555 MANAGEMENT ACCOUNTING FOR DECISION-MAKING
- ECO 509 BUSINESS CONDITIONS ANALYSIS
- ECO 555 ECONOMICS FOR DECISION-MAKING
- FIN 555 FINANCIAL MANAGEMENT
- GSB 420 APPLIED QUANTITATIVE ANALYSIS
- GSB 599 STRATEGIC ANALYSIS FOR COMPETING GLOBALLY
- MGT 500 MANAGING FOR EFFECTIVE AND ETHICAL ORGANIZATIONAL BEHAVIOR
- MGT 502 OPERATIONS MANAGEMENT
- MGT 555 STRATEGIC MANAGEMENT OF HUMAN RESOURCES
- MIS 555 MANAGEMENT OF INFORMATION TECHNOLOGY
- MKT 555 DECISIONS IN MARKETING MANAGEMENT

Concentrations

In addition to the required core courses, students have six electives they can use to take courses in a specific area of interest. These electives are typically used by students to select one or more concentrations in the area(s) that offer the knowledge, skills, and abilities that best fit the student's educational needs and interests.

While many students choose to have a specific area of concentration, those who would like more flexibility in selecting courses may choose the general business concentration instead. With this option, the student is free to choose six courses from several different areas of study within the graduate school of business.

If a student does not indicate a specific concentration of interest in the application for admission the student will be assigned to the general business concentration.

M.B.A. Options

Day M.B.A. (Full-time Accelerated)

The Day M.B.A. Program fulfills the business world’s demand for M.B.A. graduates with the ability to understand and manage complex business processes. Students who choose this program option will take all of their foundation and core classes in a full-time, lock step format during the first four terms of the program. Upon completion of the prerequisite core courses, students may begin taking their concentration classes at their own pace. Students in the Day M.B.A. Program may choose to specialize in any of the generally available MBA concentrations offered by the Kellstadt Graduate School of Business.

Evening M.B.A. (All Campuses)

All of the core course requirements for the M.B.A. are offered at the Loop and the Naperville and O'Hare suburban campuses. Required core courses are offered every quarter at the Loop campus but variably at the suburban campuses. All requirements are offered at least once each year at each of these locations.

Three full concentrations are available at each of the suburban campuses. These are Finance, Marketing Management and General Business. Electives applicable to other concentrations will be offered variably at the suburban locations but it may be necessary to travel to Loop campus to complete concentrations other than these three.

Weekend M.B.A. at O'Hare Campus

The Weekend M.B.A. Program is a rigorous yet rewarding program designed for the self-directed manager with an interest in using technology to supplement traditional M.B.A. course work. The curriculum provides knowledge in each of the major business functions along with specialized courses in Management and Finance such that students may earn concentrations in Finance and/or Operations Management as part of the weekend program. Upon completion of the required core sequence of courses, students are able to select concentration courses from among the more than 35 concentrations available to part-time M.B.A. students. Please note that only the Finance and Operations Management concentrations are available in the weekend format.

Each course is taught as a blend of traditional lecture and distance learning formats. Classes meet on alternate Saturdays at the O'Hare Campus. Students will work via distance learning in the weeks between class meetings. Admitted students will proceed through the program as a cohort group. Admission to the program is for fall
Concentration Requirements

Course Requirements

To complete this concentration, students are required to take four graduate-level courses. To be eligible for the Congressional Research Fellowship courses students must earn a grade of B or higher in ECO 555 (or ECO 505) and ECO 509 (or ECO 506) and WRD 586. In addition, students must have instructor consent.

- WRD 586 WRITING FOR PUBLIC POLICY
- ECO 507 RESEARCH METHODS FOR POLICY ANALYSIS I
- Choose two from the following list
  - Congressional Research Fellowship Sequence
    - ECO 798 SPECIAL TOPICS CONGRESSIONAL RESEARCH FELLOWSHIP I
    - ECO 798 SPECIAL TOPICS CONGRESSIONAL RESEARCH FELLOWSHIP II
  - ECO 512 APPLIED TIME SERIES FORECASTING (CROSS-LISTED AS MATH 512/MATH 358)
  - ECO 514 INDUSTRIAL ORGANIZATION
  - ECO 515 MICROECONOMICS OF MARKET ORGANIZATION
  - ECO 516 ECONOMICS OF THE PUBLIC SECTOR I
  - ECO 518 LABOR ECONOMICS AND LABOR RELATIONS (CROSS-LISTED AS MGT 518)
  - ECO 550 REGIONAL AND URBAN ECONOMICS
  - ECO 557 INTERNATIONAL TRADE THEORY & POLICY (CROSS-LISTED WITH IB 520)
  - ECO 558 INTERNATIONAL MACROECONOMICS (CROSS-LISTED AS IB 521)
  - ECO 561 ECONOMICS OF DEVELOPING COUNTRIES (CROSS-LISTED WITH IB 525)
  - ECO 576 ADVANCED ECONOMETRICS

Economic Policy Analysis (MS)

The M.S. in Economics and Policy Analysis (M.S.-E.P.A.) gives students a distinguished and marketable set of skills in economic theory as it applies to policy analysis. In this 13 course program, students learn how to conduct statistical and econometric research grounded in sound economic models using data from multiple sources on different policy issues. In addition, students will be able to explain their results and policy recommendations not only to economists, but also to non-economists, politicians, and the general public.

M.S.-E.P.A. graduates can find employment in the private sector working for corporations in governmental relations departments, in federal and state governmental agencies, in trade associations or lobbying firms, or in the not-for-profit sector.

In this course of study, students will:

- Develop a Master's level knowledge of applied economic theory.
- Learn the economic and political functions of government and how the two functions interact with each other in the public sector.
- Learn to conduct econometric research -- collect, interpret, manipulate, and analyze policy-related data.
- Develop writing skills to communicate research findings to a variety of audiences including business professionals, economists, policy makers, and the public at large.
- Have the opportunity to participate in Congressional Research Fellowships, if accepted through a separate application process, which will give students hands-on experience in a policy making environment. The fellowships will also allow participating students to develop extensive career networks which lead to employment opportunities.
Graduates can pursue careers in both the private and public sectors as analysts in trade associations, in business development and government relations departments, and in all levels of the public and not-for-profit sector.

**Admission Information**

Applicants must possess the equivalent of a bachelor's degree from a regionally accredited institution. A prospective graduate student is expected to present a superior overall previous academic record and an above average total GMAT score (or GRE score where appropriate) including high achievement on the verbal, quantitative, and on the analytical writing assessment. The examination must have been taken no earlier than five years prior to the date of admission to the program.

Other factors, such as work experience and career progression, are also important and will be considered by the Admissions Committee. All applicants are required to submit two professional letters of recommendation as well as a current resume.

All prospective students are welcome to arrange a meeting with an admissions counselor. Please phone the graduate school office for an informal appointment. Interviews are not required as part of the admissions process for the part-time M.B.A. program, but may be requested by the Admissions Committee. Interviews for the full-time M.B.A. and weekend M.B.A. programs are on an invitation-only basis. Once a completed application has been received, a preliminary review is completed and selected candidates are invited to interview.

Each applicant is considered on an individual basis. The full-time and weekend M.B.A. programs do have limited enrollments, but for the other graduate business programs there currently is no predetermined limit to the number of students who can be admitted. Thus, for these programs, all students who are judged eligible by the Admissions Committee will be invited to matriculate.

**Graduate Management Admission Test (GMAT)**

To be considered for admission as a degree seeking student, an applicant will be required to submit a score from the Graduate Management Admission Test (GMAT). GMAT information including dates, a list of test centers, and applications for the exam may be obtained at www.mba.com or by contacting Pearsonvue at 1-800-717-4628. The GMAT score report must come directly from Pearsonvue. A test taken more than five years prior to the date of application is not considered valid for admission purposes and would have to be retaken. An exception may be made for individuals who hold a doctoral or other terminal degree awarded by an appropriately accredited institution. An exception may also be made for fully certified CPA’s applying to the Master of Science in Taxation program. Applicants to the Master of Science in Human Resources Management and the Master of Science in Economics and Policy Analysis may submit either a GMAT or GRE (Graduate Records Examinations) score. As with the GMAT, GRE scores are valid for five years.

**Application Deadlines**

**For the day MBA program (Full-time):**

Admission to the Day M.B.A. program is competitive and is limited to the Autumn Quarter. There are three application rounds, with deadlines of February 1, April 1 and July 1. Application review begins in January, and you are encouraged to apply as early as possible. Decisions are mailed on an ongoing basis beginning in January, and applicants should expect to receive an admission decision approximately 4 weeks after their application becomes complete.

Applicants who wish to be considered for scholarships and graduate assistantships should apply during the first two application rounds. These awards are generally not available to applicants who apply after April 1.

Late applications submitted after the final July 1 deadline may be considered if space remains available in the incoming class.

**For the weekend MBA and MS in Economic Policy Analysis programs:**

Applications must be submitted by July 1st. Applications received after July 1st will be considered on a space available basis.
For all other graduate business programs:

Applications must be submitted by:

- July 1st for the Autumn Quarter
- October 1st for the Winter Quarter
- February 1st for the Spring Quarter
- April 1st for the Summer Quarter

Applicants educated outside the United States must submit their applications one month prior to the above deadlines.

Transcripts

Degree seeking applicants must present official transcripts from each junior college, college, and university attended (even if only for one course) including DePaul University, if applicable. Credits transferred and posted on the record of a second school do not constitute an official transcript of the original school. Transcripts that are already on file as part of a student record in another College Office at DePaul may be required to remain there and in that case cannot be transferred to the Graduate School of Business Office.

Applicants should write to the Registrar of each school attended, requesting that an official transcript be sent to the student. Once all of the transcripts have been received applicants should submit them to the graduate school office in their original envelopes with the applicant's name, date of birth and program of interest noted on the envelope. We will then add the transcripts to the applicant's admission file.

An applicant who is still taking courses or completing a program at the time he/she submits an application to the Graduate School of Business will not receive full admission until a final and official transcript listing the degree awarded has been submitted to the Admissions Committee. Please see Conditional Admission and Non-degree Status for more information regarding admission prior to posting of an undergraduate degree.

Readmission

A student previously admitted who has been absent from DePaul for one year or longer must complete the application form and submit a transcript of any courses taken elsewhere during his/her absence. A student must submit a written explanation of his/her absence from the program and an updated resume. A $30 application fee is required.

If the original application has been destroyed (after an absence of two years), the student may be required to complete a new application in full.

Special Instructions for International Applicants

Educational Credentials For International Students or Programs

Applicants must submit transcripts from all colleges and universities attended, including those attended but from which no credit was earned. Exceptions may be permitted for study-abroad credit when that credit is clearly defined and displayed on the home institution transcript.

Applicants with non-U.S. educational credentials for Winter term 2012 and beyond are required to submit their official educational credentials (e.g., transcripts, mark sheets, degree certificates, graduation diplomas) and evaluation fee directly to one of the three evaluation companies below:

- Educational Credential Evaluators, Inc.
- Educational Perspectives
- One Earth International Credential Evaluation

These evaluators will then provide DePaul with a general evaluation of their studies and certified copies of their international educational credentials which will be used during admission review. Please direct any questions about required credentials to the evaluation company you have selected and not to the Kellstadt Graduate School of Business. DePaul will not accept evaluations from any other evaluation companies and will not accept any educational credentials without an evaluation from ECE, EP or One Earth.

English Proficiency

Non-native English speakers who have not completed a bachelor's or master's degree in the United States should submit scores from a recognized English proficiency test. The Kellstadt Graduate School of Business accepts results from TOEFL, IELTS and the Pearson Test of English (PTE).
Degree Requirements

Prequisite Requirements

Students must have completed a course in Principles of Microeconomics and Macroeconomics as well as differential calculus prior to admission to the MS-EPA program.

Course Requirements

Students in the MS-EPA program complete 13 courses (52 credit hours). The degree consists of 11 required core courses plus two elective courses. Students may apply for a two-course equivalent Congressional Research Fellowship, or in lieu of the fellowship students may take two elective courses. New students will be admitted each fall.

Students may enroll in the program on a full-time or part-time basis. Classes for the full-time program are generally offered during the daytime. The typical full-time student will finish the program in five quarters. Students will be advised to take no more than three courses per term. Students attending the program part-time will typically take two evening courses per quarter and finish the program in six quarters.

Core Courses

- WRD 586 WRITING FOR PUBLIC POLICY
- ECO 505 ADVANCED MICROECONOMICS
- ECO 506 ADVANCED MACROECONOMICS
- ECO 515 MICROECONOMICS OF MARKET ORGANIZATION
- ECO 516 ECONOMICS OF THE PUBLIC SECTOR I
- ECO 557 INTERNATIONAL TRADE THEORY & POLICY (CROSS-LISTED WITH IB 520)
- ECO 520 ECONOMICS OF THE PUBLIC SECTOR II
- ECO 507 RESEARCH METHODS FOR POLICY ANALYSIS I
- ECO 508 RESEARCH METHODS FOR POLICY ANALYSIS II
- ECO 521 POLICY & REGULATION IN FINANCIAL MARKETS
- ECO 527 BUSINESS REGULATION AND ANTITRUST

Elective Courses (8 credits required)

- Congressional Research Fellowship Sequence
  - ECO 798 SPECIAL TOPICS : CONGRESSIONAL RESEARCH FELLOWSHIP I
  - ECO 798 SPECIAL TOPICS : CONGRESSIONAL RESEARCH FELLOWSHIP II (TAKEN CONCURRENTLY WITH CRF, I FOR A TOTAL OF 8 CREDIT HOURS.)
- ECO 512 APPLIED TIME SERIES FORECASTING (CROSS-LISTED AS MATH 512/MATH 358)
- ECO 514 INDUSTRIAL ORGANIZATION
- ECO 518 LABOR ECONOMICS AND LABOR RELATIONS (CROSS-LISTED AS MGT 518)
- ECO 550 REGIONAL AND URBAN ECONOMICS
- ECO 558 INTERNATIONAL MACROECONOMICS (CROSS-LISTED AS IB 521)
- ECO 576 ADVANCED ECONOMETRICS
- ECO 526 BUSINESS STRATEGY
- ECO 798 SPECIAL TOPICS : ECONOMICS OF INNOVATION

Congressional Research Fellowship

Students in the M.S.-E.P.A. program will have the opportunity to participate in a Congressional Research Fellowship during which students will work full-time on Capitol Hill in Washington D.C. for 12-16 weeks. Students will be immersed in policy making, analysis, and research. Students will also have a unique opportunity to develop an extensive network with current and former staffers on Capitol Hill.

The Congressional Research Fellowship is a two-course package in which both courses are taken simultaneously. Students may not take any other courses during the quarter they take the Congressional Research Fellowship courses. Students will be responsible for all expenses incurred during their fellowship.
In order to be eligible for the fellowship, students must have earned a course grade of B or better in ECO 505, ECO 506, WRD 586, and ECO 507 (Research Methods I). In addition to the academic requirements, students must also have departmental approval. Students must participate in a seminar on present issues being addressed on Capitol Hill and appropriate protocol to be followed when in Washington before beginning their fellowship.

**Degree Requirements**

- Satisfactory completion of the college residency requirement.
- Satisfactory completion of the thirteen required courses.
- All courses for credit toward the degree must be completed within six calendar years after the candidate's first term of enrollment in the Kellstadt Graduate School of Business. After a lapse of six years a course is expired. An expired course is not acceptable for the purpose of satisfaction of degree requirements and is not applicable to the degree without the written approval of the director of the program or the Kellstadt Graduate School of Business.

**Educating Adults (MA)**

The Master of Arts Program in Educating Adults (MAEA), founded in 2006, is designed for people who, working formally or informally in diverse settings, support the process and practice of adults’ learning. Grounded in key theories, current research and best practices in adult education and learning, the program provides a learning laboratory for learners to build and deepen their knowledge and skills in assessment, design, facilitation, evaluation and ongoing research to improve practice.

**Key Features**

1. You design expand your knowledge of key theories and best practices in adult learning—including the latest in instructional technology, course design, learning facilitation, internet-based practices and emerging trends.
2. You further develop competencies as an adult educator and expand your repertoire of core and cutting-edge knowledge and skills.
3. You study with other adult educators in a collaborative learning environment.
4. You customize portions of your study to match your individual learning needs and goals and carry out an applied project that contributes to adults’ learning in your particular area of practice.
5. You receive assistance from a team of advisors from the University who provide coaching and mentoring to ensure your success.
6. You engage in a brief/intensive series of “liberal learning” seminars designed to rekindle and/or deepen your practice in areas of inquiry, change, interpersonal communication, diversity, ethical reasoning and leadership.
7. You accomplish your goal of graduate study—enhancing your contribution as an educator of adults and earning an accredited graduate degree with competencies endorsed by the University.

**Admission Information**

As indicated, the following process and components apply to all of the School for New Learning’s (SNL) graduate programs and certificates.

**Application Steps**

**Step 1: Basic Information.**

Applicant becomes knowledgeable about a particular SNL graduate program/ certificate. Various options are
available for this purpose, e.g., materials, information sessions, advising appointments, etc. See the SNL website for details.

**Step 2: Application and Required Materials.**

Applicant submits required application materials including:

- a completed Application form and Application Fee* (*The application fee is waived for DePaul alumni.);
- a current resume;
- an Application Essay* (writing sample) that addresses key questions pertinent to assessing the “fit” of the particular program to the student and vice versa (*Application Essay is waived for certificate applicants.);
- and,
- official, sealed transcripts documenting all prior college/university coursework including demonstration of a completed undergraduate degree from a regionally accredited institution. An undergraduate cumulative GPA of 2.5 is required.

NOTE: Standardized test scores are not required; however, applicants who have taken tests such as the GRE, GMAT, Miller Analogies, etc., within the previous three years are encouraged to submit their scores. International students are advised to consult the International Programs Office to learn of further University requirements that may apply.

**Step 3: Interview.**

Upon initial review of application materials, a representative of the SNL Graduate Admissions Committee invites qualified applicants to an admissions interview. The purpose of this interview is to enable both the particular program and the applicant to further ascertain the match or alignment between what the particular graduate program/certificate offers and what the applicant is seeking in terms of his/her graduate-learning or certificate-learning experience.

**Step 4: Review.**

Information gleaned from each applicant’s materials and interview is reviewed and assessed by the SNL Graduate Admissions Committee in accordance with the particular program’s admission considerations. See admissions considerations below.

**Step 5: Decision.**

An admission decision is rendered and communicated to the applicant in writing. As necessary, SNL Graduate Programs reserve the right to admit particular applicants conditionally. In such cases, the terms (conditions and timeline) of the conditional status are noted in the student’s acceptance letter. Failure to satisfactorily adhere to or fulfill these terms may result in academic dismissal/withdrawal from the particular program.

**Admission Considerations**

The following areas are considered in making admission decisions:

- applicant’s reasoning in selection of the particular graduate program or certificate (including investigation of other graduate programs/certificates);
- applicant’s understanding of the particular SNL graduate program/certificate;
- applicant’s professional background including, for graduate program applicants, his/her possession of at least three years of experience, or equivalent, relevant to the particular SNL graduate program/certificate under consideration;
- applicant’s possession of a practice-site (worksite or relevant application setting in which to apply learning from the particular SNL graduate/certificate program);
- applicant’s educational goals/objectives and the congruence between those goals and the graduate/certificate program under consideration;
- applicant’s motivation to increase competence and ability to sustain effort to achieve such;
- applicant’s learning values and skills (willingness and ability to conduct self-managed/independent learning; participate positively in peer-group learning; engage in self-assessment; engage in reflection to increase understanding and improve practice; and, organize areas of knowledge and skill into themes and describe evidence in support of such);
- applicant’s cognitive/intellectual values and skills [willingness and ability to investigate prior to making claims; engage in curiosity leading to focused and sustained attention (analysis/synthesis) regarding a point of inquiry; investigate various knowledge sources (libraries, data bases, etc.); broaden perception by exploring multiple context(s) in which knowledge exists; analyze underlying assumptions and tolerate/explore ambiguity; discriminate information from opinion; form and adapt commitments amid
Degree Requirements

Course Requirements

Students must complete a minimum of 57 graduate credit hours with a cumulative GPA of not less than 3.0.

Professional Core

- EA 515 DEVELOPING PROFESSIONAL IDENTITY
- EA 516 DESIGNING EDUCATIONAL OFFERINGS
- EA 517 FACILITATING ADULTS LEARNING
- EA 518 ENHANCING PRACTICE WITH THEORY
- EA 525 PRACTICE-BASED INQUIRY
- EA 526 ASSESSING LEARNING AND EVALUATING PROGRAMS
  + electives
- EA 505 APPLIED INQUIRY PROJECT PROPOSAL I
- EA 506 APPLIED INQUIRY PROJECT PROPOSAL II
- EA 528 APPLIED INQUIRY PROJECT

Liberal Learning

- LLS 410 PERSONAL EFFECTIVENESS
- LLS 420 INTERPERSONAL EFFECTIVENESS
- LLS 430 ORGANIZATIONAL EFFECTIVENESS
- LLS 440 VALUES EFFECTIVENESS
- LLS 450 INQUIRY EFFECTIVENESS

Reflective Practice

- EA 535 REFLECTIVE PRACTICE SEMINAR I
- EA 536 REFLECTIVE PRACTICE SEMINAR II
Educational Leadership (EDD)

The primary, though perhaps not the only audience for this Ed.D. program consists of educational professionals who wish to improve the quality of their work in their current roles or to prepare themselves for new roles. This Ed.D. program is uniquely designed to link theory with practice and is not based on traditional assumptions about the relationships of theory with practice or on conventional notions about the status of practitioners and theorists. To be a practitioner is to make decisions about what to do and to take action; but professional practitioners — in education as in other areas — make reasonable decisions and act responsibly and ethically in the light of theoretical and professional knowledge.

- Professional educators are leaders as well as managers; they are not limited to making decisions according to rule or “by the book.” They must use discretion and judgment as they seek to find the most defensible course of action in specific, complicated, and perhaps idiosyncratic circumstances. These situations are not merely instances of abstract concepts.
- Although decisions are made in the light of theoretical knowledge, theoretical knowledge cannot be applied to practice in the same way as principles are applied to cases. No single theory is able to encompass the complexities of all aspects of learning or schooling. Professional educators understand the principles and terms that characterize and limit a variety of theories and can select amongst them in order to better understand the situations in which they are involved.
- Decisions also are made in the light of professional knowledge, learned on the job as well as from more formal sources. Professional educators can articulate the informal, often tacit knowledge that they develop from practice so that it engages with and modifies the more formal theories learned from other sources.
- Professional educators not only make decisions, they act upon them responsibly. They examine the value commitments implicit in their actions; they question the appropriateness of the ends that they seek; they connect their educational contexts to broader social contexts; and they assess the effects of their actions on the achievements, dispositions, and propensities of students, colleagues and community members.

Superintendent Endorsement Option

The Doctoral program’s Educational Leadership concentration is an Illinois State Board of Education (ISBE) approved program for the Superintendent endorsement. The Superintendent endorsement requires an additional four quarter hours for the internship course. ISBE states the following guidelines:

Individuals seeking the Type 75 certificate with the Superintendent endorsement must:

1. complete an approved superintendent program at an Illinois institution,
2. hold a Master’s degree,
3. provide proof of two years of full-time administrative experience on a valid administrative certificate with the general administrative endorsement, and
4. pass the Basic Skills/TAP and Superintendent content-area tests.

Upon completion of the Type 75 Superintendent program and the endorsement’s additional requirements, students must apply for their certificate. Students are to work with the College of Education’s Certification Officer when applying for the certificate.
Admission Information

Admission Requirements

Candidates must provide evidence that they:

- Possess a Master’s Degree from an accredited institution
- Have experience in an educational role
- Have demonstrated leadership or leadership potential
- Are willing and able to make the necessary commitment of time to the program
- Are likely to be successful in a challenging doctoral program
- Welcome the opportunity to interact with university faculty, peers, and colleagues in a search for effective answers to troubling problems in education

Admissions Process

The admissions process for the Ed.D. Program reflects and enacts the principles and values of the program regarding engagement, reflection, the exercise of agency, working for change, and a commitment to professional development and learning. We highly recommend that anyone interested in the program attend an orientation session, which covers the philosophical framework of the program, values, and expectations. It also provides potential applicants with the opportunity to participate in a dialogue with current students and program faculty.

The admissions application requires the following components:

- Personal statement (approximately 3 pages)
  - Discusses why an applicant is interested in further study and articulates an issue or problem of interest or concern.
- Writing sample
  - Preferably a course paper from an applicant's master's program. Alternatively, applicants can write a short (3-5 page) academic response to readings provided (upon request) by the doctoral program.
- Three letters of recommendation
  - At least two of the letters should be from faculty in the applicant's master's program.
- Transcripts (undergraduate and graduate)
- Resume or Curriculum Vitae
- GRE scores
- College of Education graduate application and $40 application fee

Some applicants will be invited to interview with two or three Ed.D. Program faculty members — a conversation that will provide an opportunity for candidates to become familiar with the program and the faculty, as well as an opportunity for faculty members to get to know prospective candidates. Applicants living outside the Chicago area will engage in an appropriate, reciprocal substitute for this dialogue.

Students will be selected from the pool of qualified applicants by the Ed.D. Admissions Committee.

Degree Prerequisites

Doctoral candidates must have completed graduate level course work in school administration, school law, and school finance. (This coursework in the program fulfills the academic requirements for the state superintendency endorsement, as well as the requirements for the initial Type 75 certification for the principalship.)

College Requirements

Dispositions

The academic programs within the College of Education have set forth these dispositions as educational and professional expectations for all students. Students should be aware that failing to abide by DePaul University or
College of Education policies including, under certain circumstances, these dispositions, could result in adverse consequences for the student, including removal from his or her program, the College of Education, or the University.

- Is receptive to faculty feedback and acts meaningfully and professionally upon suggestions
- Reflects on his or her own progress and identifies strengths and weaknesses, including evaluating strategies for success, finding alternatives for inappropriate strategies, and modifying future practices
- Demonstrates a positive attitude and commitment to the profession
- Demonstrates thoughtful, effective verbal and non-verbal communication and listening skills
- Respects and considers cultural contexts in order to determine how to be responsive to learners and to proactively promote all students' learning
- Is committed to collaboration with colleagues, families, and communities in order to promote all students' learning and development
- Demonstrates professional ethical and legal behavior as defined by the respective codes of ethics and laws
- Recognizes and fulfills professional responsibilities and habits of conduct (e.g., dress, language, preparedness, attendance, punctuality, etc.)
- Demonstrates concern for and protection of safety and well-being of others

**Degree Conferral and Graduation**

The awarding of a degree is not automatic. You must submit an application to be considered for the degree. DePaul awards and posts degrees at the end of each regular academic term (autumn, winter, spring, summer I and summer II).

It is your responsibility to initiate the degree conferral application process by submitting an online application. Submitting an application means you intend to finish your degree requirements by the end of the term for which you have applied.

Graduate students must be approved for student teaching and complete student teaching, seminar, and induction courses to be cleared for the degree. Student must submit graduation application for the quarter you are completing the final course (student teaching is considered a course).

After you submit the application, you cannot register for any term after the one selected in the application.

Application deadlines are as follows:

- **Fall Quarter** - October 1st
- **Winter Quarter** - January 15th
- **Spring Quarter** - February 1st
- **Summer I Quarter** - June 1st
- **Summer II Quarter** - July 15th

To apply for degree conferral, log on to Campus Connection. Select FOR STUDENTS, then GRADUATION, then APPLY FOR DEGREE CONFERRAL. On screen instructions will take you through the application process.

Provided that all requirements and financial obligations are met, degrees are posted 30 days after the official end of the term. Official dates are listed on the Academic Calendar.

DePaul holds one commencement ceremony each year in June. If you intend to participate, you must first apply for degree conferral for the current academic year and then submit a cap and gown order. Honors are not announced at the ceremony for undergraduates completing their final courses in spring quarter because a final GPA is not available at the time of the ceremony.

Additional information about degree conferral and graduation can be found on the College of Education website.
Degree Requirements

Course Requirements

Core Courses: 24 quarter hours required

- A&S 801 LEADERSHIP: THEORY AND PRACTICE
- A&S 811 ASSESSMENT AND ACCOUNTABILITY
- CS 704 CURRICULUM DISCOURSES/PERSPECTIVES OVER TIME
- CS 751 CURRICULUM FOR HUMAN AND COMMUNITY DEVELOPMENT
- SCG 701 PHILOSOPHY OF ETHICS IN EDUCATION
- SCG 711 CULTURE, POWER AND EDUCATION

Research Courses: 20 quarter hours required

The research courses are sequenced and must be taken in the following order:

- SCG 775 SEMINAR: FRAMEWORKS OF INQUIRY IN EDUCATIONAL RESEARCH I
- SCG 785 SEMINAR: FRAMEWORKS OF INQUIRY IN EDUCATIONAL RESEARCH II
- SCG 735 QUANTITATIVE RESEARCH METHODS I
- SCG 745 QUALITATIVE RESEARCH METHODS I
- SCG 755 QUANTITATIVE RESEARCH METHODS II
  or SCG 765 QUALITATIVE RESEARCH METHODS II

Elective Requirement  (4 quarter hours required)

- One elective (4 quarter hours) from the following list
  - Any doctoral course (700 or above) for which the student qualifies
  - SCG 527 GLOBAL ISSUES IN EDUCATION
  - SCG 611 PROSEMINAR: PHILOSOPHICAL STUDIES IN EDUCATION, CULTURE AND ETHICS
  - CS 489 CREATIVITY AND CRITICAL THINKING - VYGOTSKY, BAKHTIN, MAKIGUCHI, IKEDA
  - CS 588 INDEPENDENT STUDY IN CURRICULUM STUDIES
  - A&S 598 INDEPENDENT STUDY IN EDUCATIONAL LEADERSHIP
  - BBE 404 LANGUAGE, LITERACY AND CULTURE
  - BBE 466 FIRST AND SECOND LANGUAGE ACQUISITION
  - BBE 406 SOCIOCULTURAL AND HISTORICAL PERSPECTIVES IN BILINGUAL EDUCATION
  - BBE 510 SPECIAL TOPICS IN LANGUAGE EDUCATION
  - BBE 526 THEORETICAL FOUNDATIONS OF TEACHING ESL
  - BBE 530 LATINOS AND EDUCATION
  - Other options need to be approved by the Ed.D. Program

Concentration Courses: 20 quarter hours required

- A&S 803 SCHOOL PROGRAMS, PLANT AND HUMAN RESOURCES
- A&S 823 COMMUNITY AND CONSENSUS BUILDING FOR SCHOOL IMPROVEMENT
- A&S 843 THE POLITICS OF SCHOOLING
- A&S 873 CURRENT TRENDS IN BUDGETING AND FINANCE
- A&S 883 SCHOOL LAW

Candidacy Course: non-credit, non-tuition

- A&S 706 CANDIDACY PAPER

Dissertation Courses: 8 quarter hours required

- A&S 849 SUPERVISED DISSERTATION PROPOSAL DEVELOPMENT
- A&S 859 INDEPENDENT DISSERTATION RESEARCH: EDUCATIONAL LEADERSHIP

Superintendent Internship*: 4 quarter hours required

- A&S 899 SUPERINTENDENT INTERNSHIP

*Students interested in the Superintendent Endorsement must complete the Superintendent Internship. This course is completed in addition to the required 76-credit hours for the Ed.D. degree.
Educational Leadership (MA)

The purpose of this program is to prepare educational personnel for administrative and supervisory positions in schools, business, and a variety of human services agencies. This discipline-based program includes concepts, research findings, and models of inquiry in social sciences. The program is also theory and problem-based in that it addresses the relevant theories of organization, leadership, and curriculum and contemporary issues likely to confront administrators and supervisors. Finally, the program is career-based given that it focuses on the examination of administrative and supervisory functions and objectives within a variety of settings and for different purposes.

Certification

The Educational Leadership Master’s program is an Illinois State Board of Education (ISBE) approved program for the Type 75 certificate with the General Administrative (Principal) endorsement. ISBE states the following guidelines:

Individuals seeking the Type 75 certificate with General Administrative endorsement must:

- complete an approved general administrative program at an Illinois institution
- hold a Master’s degree
- have 2 years of full-time teaching or school service personnel experience accrued on a valid teaching or school service personnel certificate
- pass the Basic Skills or Test of Academic Proficiency (TAP) and Principal content-area tests

Upon completion of the Type 75 Principal program and the additional requirements, students must apply for their certificate. Students are to work with the College of Education’s Certification Officer when applying for the certificate.

Note: Courses in this program leading to the Type 75 General Administrative Endorsement are designed for practicing educators and are not open to students seeking a first teaching certificate (Teaching and Learning).

Concentrations

The Educational Leadership program has two concentrations:

- Concentration in Educational Leadership (degree only)
- Concentration in Physical Education (degree only)

Admission Information

Requirements

- A completed College of Education graduate application
- Two years of successful teaching or other appropriate work experience
- Two letters of recommendation from professors or supervisors
- Evidence of adequate background for program
- Interview
- Personal Statement should be a typed, double spaced document and should be between 2-4 pages. Your statement should adhere to the following guidelines: Reflecting on the College of Education’s conceptual framework, please describe your goals and how it relates to your interest in the educational leadership
program and what assumptions, thoughts, and conclusions have you developed regarding working in this urban context and what evidence from your own experiences, interests and skills support these thoughts and conclusions? In writing about an issue in urban education, many applicants will consider issues of diversity, socio-economics, equity, and reform as relevant. Please also describe what role(s) you have played and/or wish to play as an educational leader in the future. For more information on our conceptual framework as you reflect on your statement visit the College of Education website.

Degree Requirements

Course Requirements

Social and Cultural Studies Courses: 4 quarter hours required
- SCG 410 INTRODUCTION TO RESEARCH: PURPOSES, ISSUES, AND METHODOLOGIES

Educational Leadership Core Courses: 12 quarter hours required
- A&S 491 ADMINISTRATIVE THEORY AND BEHAVIOR
- A&S 495 SCHOOL LAW
- A&S 496 HOME, SCHOOL, COMMUNITY RELATIONS

Master of Arts (M.A.) Degree Requirements: 4 quarter hours
- A&S 599 THESIS SEMINAR IN EDUCATIONAL LEADERSHIP

The Master's Thesis is completed in conjunction with faculty advisement. Preparation for the writing of the Thesis should begin well in advance of the completion of coursework. Oral examination on Thesis required. Consult the M.A. Thesis Handbook for additional information.

Academic Standards

Students must maintain a 3.0 average or higher to continue in the program. Any grade below a C will not count for credit toward completion of the program.

Concentration Requirements

Higher Education

Social and Cultural Studies Courses: 4 quarter hours required
- SCG 401 ADVANCED DEVELOPMENTAL PSYCHOLOGY

Curriculum Studies Course: 4 quarter hours required
- Choose one of the following:
  - CS 485 CURRICULUM/PROGRAM EVALUATION
  - CS 488 DESIGNING AND INTERPRETING CURRICULUM
  - CS 492 CREATING AND SUSTAINING PROFESSIONAL LEARNING COMMUNITIES
Educational Leadership Core Courses: 12 quarter hours required

- A&S 493 DATA DRIVEN DECISION MAKING
- Choose one of the following:
  - A&S 494 SCHOOL FINANCE
  - MPS 515 NONPROFIT FINANCIAL ADMINISTRATION
- Choose one of the following:
  - A&S 498 PRINCIPLES AND PRACTICES OF SUPERVISION
  - A&S 596 HUMAN RESOURCE MANAGEMENT

Electives: 8 quarter hours required

- Chosen in consultation with an academic advisor.

Clinical Experience: 4 quarter hours required

Students must complete all of the Administration and Supervision core courses prior to completing the Clinical Experience course.

- A&S 594 INTERNSHIP IN EDUCATIONAL LEADERSHIP

Physical Education

Social and Cultural Studies Courses: 8 quarter hours required

- Choose one of the following:
  - SCG 401 ADVANCED DEVELOPMENTAL PSYCHOLOGY
  - SCG 402 PSYCHOLOGY OF LEARNING
  - SCG 403 HUMAN DEVELOPMENT AND LEARNING: ELEMENTARY
  - SCG 406 HUMAN DEVELOPMENT AND LEARNING: SECONDARY
  - SCG 408 EDUCATION AND SOCIETY

Educational Leadership Core Courses: 4 quarter hours required

- A&S 498 PRINCIPLES AND PRACTICES OF SUPERVISION

Physical Education Courses: 16 quarter hours

- Choose four from the list:
  - PE 450 PSYCHOLOGY OF SPORT BEHAVIOR AND ATHLETIC PERFORMANCE *
  - PE 451 CURRENT ISSUES AND TRENDS IN ATHLETICS AND PHYSICAL EDUCATION *
  - PE 452 EXERCISE SCIENCE AND SPORT *
  - PE 453 ADVANCED HEALTH CONCEPTS
  - PE 454 ADVANCED CARE OF THE ATHLETE
  - PE 455 INTERNSHIP IN PHYSICAL EDUCATION

*Required for Athletic Coaching Certification

Elective Requirement: 4 quarter hours required

Graduate courses with permission of faculty advisor or program director

Educational Leadership (MED)

The purpose of this program is to prepare educational personnel for administrative and supervisory positions in schools, business, and a variety of human services agencies. This discipline-based program includes concepts, research findings, and models of inquiry in social sciences. Review of Literature and Integrative Paper or Capstone project completed in conjunction with faculty advisement

Students who complete A&S 608 in replacement of A&S 606 and A&S 607 will complete an additional 4 quarter hours and will complete a total of 52 quarter hours for the MEd degree.

**Note: For other requirements please view the Degree Requirements section.

English (MA)

The Master of Arts in English program offers graduate courses in all periods of English and American literature, as well as electives in English and American literature, language, and writing. The program requires a Capstone Portfolio at the end of the student’s course work, and provides options for independent study, internships, and thesis research.

Admission Information

Admission Requirements

To be considered for admission, students should have a bachelor’s degree in English or the equivalent. A student with a bachelor’s degree in another field of study may be asked to take additional undergraduate course work in English before beginning graduate study in the program. For full admission, an applicant must present the following:

- A completed application.
- Official transcripts detailing course work from all colleges and universities you have attended. If you send transcripts directly to DePaul, they must be in a sealed envelope with the official registrar's stamp across the envelope flap.
- A strong record of previous academic achievement: 3.0 GPA.
- A personal statement, from three hundred to five hundred words long, describing the student's particular interests in English and American literature, objectives in applying to DePaul's M.A. in English program, and plans for the future.
- A representative sample of academic or professional writing that indicates the candidate's ability to do well in advanced study in English and American literature.
- Scores in the Graduate Record Examination General Test or letters of recommendation, though not required, may be submitted to strengthen an application. Students applying for graduate assistantships must submit these GRE scores. Two letters of recommendation attesting to the candidate's ability to succeed in graduate study are also required for those applying for graduate assistantships.
- In addition to the Online Application, all application materials must be submitted to the DePaul University, College of Liberal Arts and Sciences, Office of Graduate Admission, 2400 N. Sheffield, Chicago, IL 60614.

We strongly suggest that students submit their applications at least ten weeks prior to the quarter in which they wish to begin their studies. Those students who wish to apply for graduate assistantships should submit their application materials no later than January 15 prior to the academic year for which they wish to receive an assistantship. Applicants may send the personal statement and writing sample by email to GradDePaul@depaul.edu. If their university offers the option of sending official transcripts electronically, they can also be sent to GradDePaul@depaul.edu. The letters of recommendation may be sent by email if the recommender has scanned a hardcopy letter on letterhead, saved it as a PDF and attached it to the email. The
email address should be the university or business email address. Applicants must fill in a cover form on which they waive her/his right to see the letter. This can also be scanned and sent by email. If the recommender prefers to send hardcopy, it should still be sent to the DePaul University, College of Liberal Arts and Sciences, Office of Graduate Admission, 2400 N. Sheffield, Chicago, IL 60614.

Have you already applied? To check the status of your application, please contact the LAS Graduate Division directly by calling (773) 325-7315, or by faxing a letter to (773) 325-2395, or by e-mailing GradDePaul@depaul.edu.

# Degree Requirements

## Coursework in English

48 hours of graduate credit in English

- Three core courses:
  - ENG 471 BIBLIOGRAPHY AND LITERARY RESEARCH
  - ENG 472 STUDIES IN LITERARY CRITICISM
  - One course in language chosen from among the following:
    - ENG 400 STRUCTURE OF MODERN ENGLISH [FORMERLY ENG 416]
    - ENG 401 HISTORY OF THE ENGLISH LANGUAGE
    - ENG 402 HISTORY OF ENGLISH PROSE STYLE
    - ENG 407 LANGUAGE AND STYLE FOR WRITERS
    - ENG 408 STYLISTICS

- Five courses in Topics, Authors, and Genres in English, one each from these periods:
  - Medieval Literature
  - Renaissance Literature
  - Restoration/Eighteenth-Century British and/or Early American Literature
  - Nineteenth-Century British (Romantic and Victorian) and/or Nineteenth-Century American Literature
  - Twentieth/Twenty-first British and/or American Literature

- Four electives drawn from English and American period courses, Language and Rhetoric, Studies in Literature, Studies in Writing, Independent Study (maximum of four hours), Internship (maximum of four hours), or Thesis Research (maximum of four hours; available for students exercising the thesis option).

- A passing grade on the Capstone Portfolio. In the final quarter of coursework, or soon after completion of all other degree requirements, a student will turn in a Capstone Portfolio to be evaluated by a faculty committee. A Portfolio that does not initially earn a score of "pass" must be revised until it does so.

## Good Standing

To achieve good standing in the program, students must:

1. complete at least three courses within twelve months of their admission to the program (one of these courses must be ENG 471), and
2. maintain an overall grade-point average of at least 3.0 in their course work. Students whose cumulative GPA falls below 3.0 will be placed on probation and given two quarters to raise their average to the minimum 3.0 level. Students on probation are required to consult with the program director before registering for classes. Failure to meet these requirements constitutes grounds for dismissal.

## Thesis Option

A thesis option is available to students who have a promising idea for a scholarly or creative project. Proposals must earn the approval of an English Department graduate faculty member, who will serve as project director. Credit is earned through ENG 501 THESIS RESEARCH.
Special Programs

Certificate Program in Teaching English in Two-Year Colleges

The Certificate Program in Teaching English in Two-Year Colleges is an interdisciplinary program housed in the Department of English and taught by faculty in both English and the Department of Writing, Rhetoric and Discourse. The program is designed to prepare prospective teachers of introductory classes in English, Writing, and the Humanities in city and community college settings. Participants in the Certificate Program will learn to teach critical and analytical reading, the processes and disciplines of writing, and other aspects of the arts, humanities, or communication curriculum in two-year colleges.

The Certificate program includes a Teaching Internship at a two-year college, to be arranged by the Coordinator of the Certificate in Teaching English in Two-Year Colleges, Dr. Carolyn Goffman.

Graduate students who are not pursuing the Certificate in Teaching English in the Two-Year College are also eligible to apply for the internship.

Applying to the Certificate Program in Teaching English in the Two-Year College

To be admitted to the Certificate Program, students must have completed or be currently enrolled in a Master’s degree in English; Writing and Publishing; Writing, Rhetoric, and Discourse; or a related field.

Application Materials:

- Cover letter describing your interest in teaching in the two-year college
- Current CV (resume)
- Undergraduate and graduate academic transcripts
- Sample of recent academic or professional writing
- Names of two faculty references

Applications for the Certificate Program are accepted at any time. Please submit all application materials electronically. Before applying, please contact the Program Coordinator at cgoffman@depaul.edu or (773) 325-8688.

Completing the Certificate

- ENG 474 TEACHING LITERATURE
- WRD 540 TEACHING WRITING
- ENG 509 INTERNSHIP
- One additional course from the following list
  - ENG 407 LANGUAGE AND STYLE FOR WRITERS
  - ENG 473 TEACHING CREATIVE WRITING (FORMERLY ENG 485)
  - ENG 478 TOPICS IN TEACHING (e.g., Teaching Poetry, Teaching Women Writers, Teaching Popular Literature and Popular Culture)
  - WRD 506 MULTICULTURAL RHETORICS (FORMERLY ENG 406)
  - WRD 550 TOPICS IN TEACHING WRITING AND LANGUAGE when the topic is appropriate (e.g., Teaching Writing Online; Teaching ESL)
  - WRD 582 WRITING CENTER THEORY AND PEDAGOGY (CROSS-LISTED AS WRD 395)
  - Another course approved by the Program Coordinator

Two-Year College Teaching Internship

Before applying for an internship, please first contact the Program Coordinator at cgoffman@depaul.edu or (773) 325-8688.

Chicago-area two-year colleges operate on the semester system; therefore, the internship’s duration does not correspond to DePaul’s academic calendar. You should expect to complete the work for ENG 509 some time after the end of the quarter in which you are registered. The Program Coordinator will assign a grade of “R” to students whose work is in progress.
Entrepreneurship (MBA)

DePaul's Entrepreneurship program is an internationally recognized, award-winning program. The program is designed for individuals who are preparing to start their own businesses, or who are managing innovative processes in established firms.

The Entrepreneurship concentration will provide you with the skills and abilities needed to:

- Think creatively and generate new business ideas
- Develop your business idea through market analysis
- Write a business plan
- Assess your entrepreneurial leadership skills
- Implement successful growth strategies
- Build an entrepreneurial spirit within established firms
- Consult for area businesses
- Interact directly with entrepreneurs and innovators

The Entrepreneurship concentration is based on life-cycle issues of changing firms (pre-venture, start-up, growth and maturity), spin-offs, and team and leadership issues. All courses are based on real "life & live" case studies. The curriculum provides interrelated courses and learning experiences that focus on how to deal with complex and ill-defined management issues across functional business areas.

Admission Information

Applicants must possess the equivalent of a bachelor's degree from a regionally accredited institution. A prospective graduate student is expected to present a superior overall previous academic record and an above average total GMAT score (or GRE score where appropriate) including high achievement on the verbal, quantitative, and on the analytical writing assessment. The examination must have been taken no earlier than five years prior to the date of admission to the program.

Other factors, such as work experience and career progression, are also important and will be considered by the Admissions Committee. All applicants are required to submit two professional letters of recommendation as well as a current resume.

All prospective students are welcome to arrange a meeting with an admissions counselor. Please phone the graduate school office for an informal appointment. Interviews are not required as part of the admissions process for the part-time M.B.A. program, but may be requested by the Admissions Committee. Interviews for the full-time M.B.A. and weekend M.B.A. programs are on an invitation-only basis. Once a completed application has been received, a preliminary review is completed and selected candidates are invited to interview.

Each applicant is considered on an individual basis. The full-time and weekend M.B.A. programs do have limited enrollments, but for the other graduate business programs there currently is no predetermined limit to the number of students who can be admitted. Thus, for these programs, all students who are judged eligible by the Admissions Committee will be invited to matriculate.

Graduate Management Admission Test (GMAT)

To be considered for admission as a degree seeking student, an applicant will be required to submit a score from the Graduate Management Admission Test (GMAT). GMAT information including dates, a list of test centers, and applications for the exam may be obtained at www.mba.com or by contacting Pearsonvue at 1-800-717-4628. The GMAT score report must come directly from Pearsonvue. A test taken more than five years prior to the date of application is not considered valid for admission purposes and would have to be retaken. An exception may be made for individuals who hold a doctoral or other terminal degree awarded by an appropriately accredited institution. An exception may also be made for fully certified CPA's applying to the Master of Science in Taxation program. Applicants to the Master of Science in Human Resources Management and the Master of Science in Economics and Policy Analysis may submit either a GMAT or GRE (Graduate Records Examinations) score. As with the GMAT, GRE scores are valid for five years.
Application Deadlines

For the day MBA program (Full-time):

Admission to the Day M.B.A. program is competitive and is limited to the Autumn Quarter. There are three application rounds, with deadlines of February 1, April 1 and July 1. Application review begins in January, and you are encouraged to apply as early as possible. Decisions are mailed on an ongoing basis beginning in January, and applicants should expect to receive an admission decision approximately 4 weeks after their application becomes complete.

Applicants who wish to be considered for scholarships and graduate assistantships should apply during the first two application rounds. These awards are generally not available to applicants who apply after April 1.

Late applications submitted after the final July 1 deadline may be considered if space remains available in the incoming class.

For the weekend MBA and MS in Economic Policy Analysis programs:

Applications must be submitted by July 1st. Applications received after July 1st will be considered on a space available basis.

For all other graduate business programs:

Applications must be submitted by:

- July 1st for the Autumn Quarter
- October 1st for the Winter Quarter
- February 1st for the Spring Quarter
- April 1st for the Summer Quarter

Applicants educated outside the United States must submit their applications one month prior to the above deadlines.

Transcripts

Degree seeking applicants must present official transcripts from each junior college, college, and university attended (even if only for one course) including DePaul University, if applicable. Credits transferred and posted on the record of a second school do not constitute an official transcript of the original school. Transcripts that are already on file as part of a student record in another College Office at DePaul may be required to remain there and in that case cannot be transferred to the Graduate School of Business Office.

Applicants should write to the Registrar of each school attended, requesting that an official transcript be sent to the student. Once all of the transcripts have been received applicants should submit them to the graduate school office in their original envelopes with the applicant's name, date of birth and program of interest noted on the envelope. We will then add the transcripts to the applicant's admission file.

An applicant who is still taking courses or completing a program at the time he/she submits an application to the Graduate School of Business will not receive full admission until a final and official transcript listing the degree awarded has been submitted to the Admissions Committee. Please see Conditional Admission and Non-degree Status for more information regarding admission prior to posting of an undergraduate degree.

Readmission

A student previously admitted who has been absent from DePaul for one year or longer must complete the application form and submit a transcript of any courses taken elsewhere during his/her absence. A student must submit a written explanation of his/her absence from the program and an updated resume. A $30 application fee is required.

If the original application has been destroyed (after an absence of two years), the student may be required to complete a new application in full.

Special Instructions for International Applicants

Educational Credentials For International Students or Programs

Applicants must submit transcripts from all colleges and universities attended, including those attended but from which no credit was earned. Exceptions may be permitted for study-abroad credit when that credit is clearly
defined and displayed on the home institution transcript. Applicants with non-U.S. educational credentials for Winter term 2012 and beyond are required to submit their official educational credentials (e.g., transcripts, mark sheets, degree certificates, graduation diplomas) and evaluation fee directly to one of the three evaluation companies below:

- Educational Credential Evaluators, Inc.
- Educational Perspectives
- One Earth International Credential Evaluation

These evaluators will then provide DePaul with a general evaluation of their studies and certified copies of their international educational credentials which will be used during admission review. Please direct any questions about required credentials to the evaluation company you have selected and not to the Kellstadt Graduate School of Business. DePaul will not accept evaluations from any other evaluation companies and will not accept any educational credentials without an evaluation from ECE, EP or One Earth.

**English Proficiency**

Non-native English speakers who have not completed a bachelor’s or master’s degree in the United States should submit scores from a recognized English proficiency test. The Kellstadt Graduate School of Business accepts results from TOEFL, IELTS and the Pearson Test of English (PTE).

**MBA Core Requirements**

**Course Requirements**

- ACC 500 FINANCIAL ACCOUNTING
- ACC 555 MANAGEMENT ACCOUNTING FOR DECISION-MAKING
- ECO 509 BUSINESS CONDITIONS ANALYSIS
- ECO 555 ECONOMICS FOR DECISION-MAKING
- FIN 555 FINANCIAL MANAGEMENT
- GSB 420 APPLIED QUANTITATIVE ANALYSIS
- GSB 599 STRATEGIC ANALYSIS FOR COMPETING GLOBALLY
- MGT 500 MANAGING FOR EFFECTIVE AND ETHICAL ORGANIZATIONAL BEHAVIOR
- MGT 502 OPERATIONS MANAGEMENT
- MGT 555 STRATEGIC MANAGEMENT OF HUMAN RESOURCES
- MIS 555 MANAGEMENT OF INFORMATION TECHNOLOGY
- MKT 555 DECISIONS IN MARKETING MANAGEMENT

**Concentrations**

In addition to the required core courses, students have six electives they can use to take courses in a specific area of interest. These electives are typically used by students to select one or more concentrations in the area(s) that offer the knowledge, skills, and abilities that best fit the student’s educational needs and interests.

While many students choose to have a specific area of concentration, those who would like more flexibility in selecting courses may choose the general business concentration instead. With this option, the student is free to choose six courses from several different areas of study within the graduate school of business.

If a student does not indicate a specific concentration of interest in the application for admission the student will be assigned to the general business concentration.

**M.B.A. Options**

**Day M.B.A. (Full-time Accelerated)**

The Day M.B.A. Program fulfills the business world’s demand for M.B.A. graduates with the ability to understand and manage complex business processes. Students who choose this program option will take all of their foundation and core classes in a full-time, lock step format during the first four terms of the program. Upon completion of the prerequisite core courses, students may begin taking their concentration classes at their own
pace. Students in the Day M.B.A. Program may choose to specialize in any of the generally available MBA concentrations offered by the Kellstadt Graduate School of Business.

**Evening M.B.A. (All Campuses)**

All of the core course requirements for the M.B.A. are offered at the Loop and the Naperville and O'Hare suburban campuses. Required core courses are offered every quarter at the Loop campus but variably at the suburban campuses. All requirements are offered at least once each year at each of these locations.

Three full concentrations are available at each of the suburban campuses. These are Finance, Marketing Management and General Business. Electives applicable to other concentrations will be offered variably at the suburban locations but it may be necessary to travel to Loop campus to complete concentrations other than these three.

**Weekend M.B.A. at O'Hare Campus**

The Weekend M.B.A. Program is a rigorous yet rewarding program designed for the self-directed manager with an interest in using technology to supplement traditional M.B.A. course work. The curriculum provides knowledge in each of the major business functions along with specialized courses in Management and Finance such that students may earn concentrations in Finance and/or Operations Management as part of the weekend program. Upon completion of the required core sequence of courses, students are able to select concentration courses from among the more than 35 concentrations available to part-time M.B.A. students. Please note that only the Finance and Operations Management concentrations are available in the weekend format.

Each course is taught as a blend of traditional lecture and distance learning formats. Classes meet on alternate Saturdays at the O'Hare Campus. Students will work via distance learning in the weeks between class meetings. Admitted students will proceed through the program as a cohort group. Admission to the program is for fall quarter only.

**Concentration Requirements**

To complete the concentration, students must take:

- MGT 570 ENTREPRENEURSHIP AND NEW VENTURE MANAGEMENT
- Choose two of the following
  - MGT 571 FINANCING NEW VENTURES (CROSS-LISTED WITH FIN 571)
  - MGT 572 CORPORATE VENTURES AND MANAGEMENT
  - MGT 573 CREATIVITY IN BUSINESS
  - MGT 590 MANAGEMENT OF INNOVATION AND TECHNOLOGICAL CHANGE
  - MGT 595 SOCIAL ENTREPRENEURSHIP
  - MGT 798 SPECIAL TOPICS  (When the topic pertains to Entrepreneurship)

**Entrepreneurship (MS)**

The Master of Science in Entrepreneurship (M.S.E.) builds upon a reputation for excellence with a new specialized program of study that will propel students to reach their enterprising dreams faster. Entrepreneur Magazine and The Princeton Review have rated the DePaul university graduate entrepreneurship program among the best in the nation with rankings in the top ten for over ten years. Engage your passions and become a part of the vibrant DePaul entrepreneurial community.

For students interested in turning good opportunities into thriving businesses, the DePaul M.S.E. will equip graduates to start and grow new ventures on their own, or within an existing organization. Candidates can breathe new energy into their work life whether they start a new business, consult on new venture creation and start-up, develop corporate innovation and new product development strategies, or become involved on the
funding side with angel investment and venture capital firms. The program culminates in the new venture applied lab class where students are given the opportunity to launch and grow their entrepreneurial endeavor with the help of DePaul expert mentors.

Get There Faster

Complete your M.S.E. with a focused 12 class course of study, 6 fewer than the M.B.A. program. Students may take as many courses per term as they wish to complete their degree within the time period that best suits their needs. The program is designed to make completion within one calendar year possible.

Admission Information

Applicants must possess the equivalent of a bachelor's degree from a regionally accredited institution. A prospective graduate student is expected to present a superior overall previous academic record and an above average total GMAT score (or GRE score where appropriate) including high achievement on the verbal, quantitative, and on the analytical writing assessment. The examination must have been taken no earlier than five years prior to the date of admission to the program.

Other factors, such as work experience and career progression, are also important and will be considered by the Admissions Committee. All applicants are required to submit two professional letters of recommendation as well as a current resume.

All prospective students are welcome to arrange a meeting with an admissions counselor. Please phone the graduate school office for an informal appointment. Interviews are not required as part of the admissions process for the part-time M.B.A. program, but may be requested by the Admissions Committee. Interviews for the full-time M.B.A. and weekend M.B.A. programs are on an invitation-only basis. Once a completed application has been received, a preliminary review is completed and selected candidates are invited to interview.

Each applicant is considered on an individual basis. The full-time and weekend M.B.A. programs do have limited enrollments, but for the other graduate business programs there currently is no predetermined limit to the number of students who can be admitted. Thus, for these programs, all students who are judged eligible by the Admissions Committee will be invited to matriculate.

Graduate Management Admission Test (GMAT)

To be considered for admission as a degree seeking student, an applicant will be required to submit a score from the Graduate Management Admission Test (GMAT). GMAT information including dates, a list of test centers, and applications for the exam may be obtained at www.mba.com or by contacting Pearsonvue at 1-800-717-4628. The GMAT score report must come directly from Pearsonvue. A test taken more than five years prior to the date of application is not considered valid for admission purposes and would have to be retaken. An exception may be made for individuals who hold a doctoral or other terminal degree awarded by an appropriately accredited institution. An exception may also be made for fully certified CPA’s applying to the Master of Science in Taxation program. Applicants to the Master of Science in Human Resources Management and the Master of Science in Economics and Policy Analysis may submit either a GMAT or GRE (Graduate Records Examinations) score. As with the GMAT, GRE scores are valid for five years.

Application Deadlines

- Educational Perspectives
- One Earth International Credential Evaluation

These evaluators will then provide DePaul with a general evaluation of their studies and certified copies of their international educational credentials which will be used during admission review. Please direct any questions about required credentials to the evaluation company you have selected and not to the Kellstadt Graduate School of Business. DePaul will not accept evaluations from any other evaluation companies and will not accept any educational credentials without an evaluation from ECE, EP or One Earth.
English Proficiency

Non-native English speakers who have not completed a bachelor's or master's degree in the United States should submit scores from a recognized English proficiency test. The Kellstadt Graduate School of Business accepts results from TOEFL, IELTS and the Pearson Test of English (PTE).

Degree Requirements

Course Requirements

Students complete the MS in Entrepreneurship by taking the following 12 courses:

- ACC 500 FINANCIAL ACCOUNTING
- MGT 500 MANAGING FOR EFFECTIVE AND ETHICAL ORGANIZATIONAL BEHAVIOR
- MGT 573 CREATIVITY IN BUSINESS
- or MGT 557 INTERNATIONAL MANAGEMENT
- MKT 555 DECISIONS IN MARKETING MANAGEMENT
- MGT 570 ENTREPRENEURSHIP AND NEW VENTURE MANAGEMENT
- MGT 572 CORPORATE VENTURES AND MANAGEMENT
- MGT 595 SOCIAL ENTREPRENEURSHIP
- MGT 590 MANAGEMENT OF INNOVATION AND TECHNOLOGICAL CHANGE
- MKT 537 NEW PRODUCT MANAGEMENT
- or MGT 798 SPECIAL TOPICS: INNOVATIONS IN HEALTHCARE ENTREPRENEURSHIP
- MGT 793 MANAGEMENT INTERNSHIP
- or MGT 798 SPECIAL TOPICS: NEW VENTURE LAB
- MGT 571 FINANCING NEW VENTURES (CROSS-LISTED WITH FIN 571)
- or ECO 509 BUSINESS CONDITIONS ANALYSIS
- MGT 798 SPECIAL TOPICS: LEGAL ASPECTS OF ENTREPRENEURSHIP

Degree Requirements

1. Satisfactory completion of the college residency requirement.
2. Satisfactory completion of the 12 required courses, or their substitutes as approved by the Chair of the Management Department: 48 quarter hours.
3. All courses for credit toward the degree must be completed within six calendar years after the candidate's first term of enrollment in the Kellstadt Graduate School of Business. After a lapse of six years a course is expired. An expired course is not acceptable for the purpose of satisfaction of degree requirements and is not applicable to the degree.

Psychology - Experimental (MA)

The experimental psychology M.A./Ph.D. program prepares students for future employment in a wide variety of scientific, academic and applied settings. The Experimental faculty consists of members who conduct research in the following areas:

- Cognitive
- Cognitive Neuroscience
- Child & Adult Development
- Emotion
- Social
Research experience is an integral part of the training and begins in the first year under the guidance of an advisor. During their first two years, students plan and conduct research toward their Master's thesis. Research for the dissertation usually begins during the third year. The program incorporates skills within the major content areas in psychology, and thereby qualifies students to work in a broad range of academic, research and business settings. Students are supported with competitive stipend levels.

Admission Information

Please note this is not considered a terminal degree and students are not admitted for the M.A. program only.

Admission Requirements

The department accepts as graduate students only those who show definite promise for completing the requirements for advanced degrees. Meeting the minimum admission standards or having extensive undergraduate course work in psychology does not guarantee acceptance, since the number of applicants who can be admitted is limited. Preference is given to those applicants who have a well-balanced background of psychology courses and some background in science and mathematics. Students who do not have an undergraduate major in psychology but who otherwise satisfy these requirements may apply.

For consideration for admission, the applicant must have the following:

- Bachelor's degree (official transcript(s) required to verify degree).
- Satisfactory undergraduate scholastic average
- Minimum of 32 quarter hours (24 semester hours) in psychology. This total should include a three semester hour (four quarter hour) elementary statistics course as well as a course in experimental psychology. A course in History and Systems is also desirable.
- The departmental graduate admission committee will determine, on the basis of a consideration of each student’s proposed program of study, whether the minimum 32 quarter hours in psychology is sufficient for advanced study.
- Official Graduate Record Examination results of the Verbal and Quantitative tests. It is highly recommended that you also submit scores from the Subject Test in Psychology, although it is not required.
- Three letters of recommendation from academic sources.
- Vita/Resume

Degree Requirements

Course Requirements

Core Courses

- PSY 404 LEARNING AND COGNITIVE PROCESSES
- PSY 557 SEMINAR IN LEARNING AND COGNITIVE PROCESSES
- PSY 406 PHYSIOLOGICAL PROCESSES
- PSY 552 SEMINAR IN NEUROPSYCHOLOGY
- PSY 430 ADVANCED SOCIAL PSYCHOLOGY
- PSY 556 SEMINAR IN SOCIAL PSYCHOLOGY
- PSY 439 ADVANCED DEVELOPMENTAL PSYCHOLOGY

Statistics and Methodology Courses
Degree Candidacy

For students in the MA/PhD program, advancement to doctoral candidacy is dependent upon satisfactory evaluations in each of the following three areas:

1. Coursework performance
2. Master's Thesis
3. Doctoral Candidacy Exam or Alternative Project (i.e., Comprehensive Exam or Comprehensive Alternative Project).

Not more than four years should elapse between admission to the program and admission to doctoral candidacy.

Research Thesis

Students must complete a thesis on a topic approved by the department.

Thesis Examination

An oral examination, in the student's field of graduate study, may be, but is not necessarily, limited to a defense of the student's thesis.

Psychology - Experimental (PhD)

The experimental psychology Ph.D. program prepares students for future employment in a wide variety of scientific, academic and applied settings. The Experimental faculty consists of members who conduct research in the following areas:

- Cognitive
- Cognitive Neuroscience
- Child & Adult Development
- Emotion
- Social

Research experience is an integral part of the training and begins in the first year under the guidance of an advisor. During their first two years, students plan and conduct research toward their Master’s thesis. Research for the dissertation usually begins during the third year. The program incorporates skills within the major content areas in psychology, and thereby qualifies students to work in a broad range of academic, research and business settings. Students are supported with competitive stipend levels.
Admission Information

Students holding a bachelor’s degree are not admitted directly into doctoral programs. Admission to Doctoral candidacy is predicated upon successful completion of all required MA coursework, successful completion and defense of an empirical thesis before a committee of faculty, and successful completion of either the Comprehensive Exam or an approved Comprehensive (Alternative) Project. These requirements must be met within four (4) years of admission to the MA/PhD program for a student to be considered for Doctoral Candidacy.

Degree Requirements

Course Requirements

Minimum of 76 quarter hours beyond the bachelor’s degree, including the following:

Core Courses

- PSY 404 LEARNING AND COGNITIVE PROCESSES
  or PSY 557 SEMINAR IN LEARNING AND COGNITIVE PROCESSES
- PSY 406 PHYSIOLOGICAL PROCESSES
  or PSY 552 SEMINAR IN NEUROPSYCHOLOGY
- PSY 430 ADVANCED SOCIAL PSYCHOLOGY
  or PSY 556 SEMINAR IN SOCIAL PSYCHOLOGY
- PSY 439 ADVANCED DEVELOPMENTAL PSYCHOLOGY
- PSY 588 TOPICS IN EXPERIMENTAL PSYCHOLOGY I (0 credit hours)
- PSY 589 TOPICS IN EXPERIMENTAL PSYCHOLOGY II
- PSY 597 MASTER’S THESIS RESEARCH
- PSY 593 PRE-DOCTORAL RESEARCH (0 credit hours, 3 quarters, taken 3rd year)
- PSY 599 DISSERTATION RESEARCH

Statistics and Methodology Courses

- PSY 410 ADVANCED STATISTICS I
- PSY 411 ADVANCED STATISTICS II
- PSY 418 MULTIVARIATE STATISTICAL ANALYSIS
- PSY 419 FACTOR ANALYSIS AND PATH MODELING
- PSY 420 ADVANCED RESEARCH METHODOLOGY

Other Courses

- PSY 422 COMPUTING FOR THE BEHAVIORAL SCIENTIST
- PSY 435 PSYCHOLOGY OF INTERPERSONAL RELATIONSHIPS
- PSY 473 THE PSYCHOLOGY OF JUDGMENT AND DECISION-MAKING
- PSY 378 COMPARATIVE PSYCHOLOGY (CROSS-LISTED WITH PSY 554)
- PSY 555 SOCIAL AND EMOTIONAL DEVELOPMENT
- PSY 560 SOCIAL COGNITION
- PSY 561 ADVANCED PSYCHOLOGY OF WOMEN AND GENDER (CROSS-LISTED WITH MLS 478/WGS 470)

Electives

- PSY 413 ANALYSIS OF LONGITUDINAL DATA
- PSY 414 CATEGORICAL DATA ANALYSIS
- PSY 426 ADVANCED LANGUAGE SEMINAR: PSYCHOLOGY OF BILINGUALISM
- PSY 437 ADVANCED PERSONALITY
- PSY 450 PSYCHOLOGICAL MEASUREMENT
- PSY 520 PRINCIPLES OF HUMAN DIVERSITY
- PSY 558 SEMINAR IN ADVANCED STATISTICS
Areas of Specialization

The Experimental faculty consists of members from each of the following major experimental areas: cognition, cognitive neuroscience, child and adult development, emotion and social psychology. Students may specialize in an area in which a faculty member has expertise.

Research experience is considered an integral part of the training and will begin in the first year. Students are expected to begin directed research during their first year under the supervision of an advisor. During their second year, students are expected to conduct research and complete their master's thesis. Research experience during the third year might involve a continuation of the line of research initiated in the thesis project. Alternatively, students may begin to develop a new line of research in preparation for their dissertation, which is usually conducted during the fourth year. The program incorporates research skills within a major content area in psychology, and thereby prepares students for future employment in a wide variety of scientific, academic, and applied settings.

Other Program Requirements

Doctoral Candidacy Examination or Alternative Project

Also known as the Comprehensive Exam or Alternative Project, this requirement is completed after the student has defended the thesis and before defense of the dissertation proposal.

Admission to Doctoral Candidacy

Formally given to the student who has successfully completed required coursework, passed the Doctoral Candidacy Examination or Alternative Project, and completed the Master’s thesis. The student has no more than 5 years from that date to complete requirements for the doctorate.

Candidacy Continuation

Registration in course(s) or for resident or nonresident candidacy continuation required each quarter between admission to candidacy and graduation.

Dissertation

Departmental committee approval and acceptance of topic and outline of dissertation given only after admission to candidacy. Research for the dissertation should normally be completed during the student’s fourth year in the program.

Oral Examination

Student to defend his or her dissertation and to show competence in the general field of psychology and in the area of specialization.

Time Limitations

1. Between admission to the MA/PhD program and admission to doctoral candidacy: not more than four years
2. Between admission to candidacy and the final examination: not less than eight months and not more than five years.
Finance (MBA)

The Finance concentration is designed to broaden the student's understanding of the issues that are inherent in the finance decision-making process, focusing on the impact of such decisions for both the public and private sectors of the economy.

Admission Information

Applicants must possess the equivalent of a bachelor's degree from a regionally accredited institution. A prospective graduate student is expected to present a superior overall previous academic record and an above average total GMAT score (or GRE score where appropriate) including high achievement on the verbal, quantitative, and on the analytical writing assessment. The examination must have been taken no earlier than five years prior to the date of admission to the program.

Other factors, such as work experience and career progression, are also important and will be considered by the Admissions Committee. All applicants are required to submit two professional letters of recommendation as well as a current resume.

All prospective students are welcome to arrange a meeting with an admissions counselor. Please phone the graduate school office for an informal appointment. Interviews are not required as part of the admissions process for the part-time M.B.A. program, but may be requested by the Admissions Committee. Interviews for the full-time M.B.A. and weekend M.B.A. programs are on an invitation-only basis. Once a completed application has been received, a preliminary review is completed and selected candidates are invited to interview.

Each applicant is considered on an individual basis. The full-time and weekend M.B.A. programs do have limited enrollments, but for the other graduate business programs there currently is no predetermined limit to the number of students who can be admitted. Thus, for these programs, all students who are judged eligible by the Admissions Committee will be invited to matriculate.

Graduate Management Admission Test (GMAT)

To be considered for admission as a degree seeking student, an applicant will be required to submit a score from the Graduate Management Admission Test (GMAT). GMAT information including dates, a list of test centers, and applications for the exam may be obtained at www.mba.com or by contacting Pearsonvue at 1-800-717-4628. The GMAT score report must come directly from Pearsonvue. A test taken more than five years prior to the date of application is not considered valid for admission purposes and would have to be retaken. An exception may be made for individuals who hold a doctoral or other terminal degree awarded by an appropriately accredited institution. An exception may also be made for fully certified CPA's applying to the Master of Science in Taxation program. Applicants to the Master of Science in Human Resources Management and the Master of Science in Economics and Policy Analysis may submit either a GMAT or GRE (Graduate Records Examinations) score. As with the GMAT, GRE scores are valid for five years.

Application Deadlines

For the day MBA program (Full-time):

Admission to the Day M.B.A. program is competitive and is limited to the Autumn Quarter. There are three application rounds, with deadlines of February 1, April 1 and July 1. Application review begins in January, and you are encouraged to apply as early as possible. Decisions are mailed on an ongoing basis beginning in January, and applicants should expect to receive an admission decision approximately 4 weeks after their application becomes complete.

Applicants who wish to be considered for scholarships and graduate assistantships should apply during the first two application rounds. These awards are generally not available to applicants who apply after April 1.

Late applications submitted after the final July 1 deadline may be considered if space remains available in the incoming class.
For the weekend MBA and MS in Economic Policy Analysis programs:

Applications must be submitted by July 1st. Applications received after July 1st will be considered on a space available basis.

For all other graduate business programs:

Applications must be submitted by:

- July 1st for the Autumn Quarter
- October 1st for the Winter Quarter
- February 1st for the Spring Quarter
- April 1st for the Summer Quarter

Applicants educated outside the United States must submit their applications one month prior to the above deadlines.

Transcripts

Degree seeking applicants must present official transcripts from each junior college, college, and university attended (even if only for one course) including DePaul University, if applicable. Credits transferred and posted on the record of a second school do not constitute an official transcript of the original school. Transcripts that are already on file as part of a student record in another College Office at DePaul may be required to remain there and in that case cannot be transferred to the Graduate School of Business Office.

Applicants should write to the Registrar of each school attended, requesting that an official transcript be sent to the student. Once all of the transcripts have been received applicants should submit them to the graduate school office in their original envelopes with the applicant’s name, date of birth and program of interest noted on the envelope. We will then add the transcripts to the applicant’s admission file.

An applicant who is still taking courses or completing a program at the time he/she submits an application to the Graduate School of Business will not receive full admission until a final and official transcript listing the degree awarded has been submitted to the Admissions Committee. Please see Conditional Admission and Non-degree Status for more information regarding admission prior to posting of an undergraduate degree.

Readmission

A student previously admitted who has been absent from DePaul for one year or longer must complete the application form and submit a transcript of any courses taken elsewhere during his/her absence. A student must submit a written explanation of his/her absence from the program and an updated resume. A $30 application fee is required.

If the original application has been destroyed (after an absence of two years), the student may be required to complete a new application in full.

Special Instructions for International Applicants

Educational Credentials For International Students or Programs

Applicants must submit transcripts from all colleges and universities attended, including those attended but from which no credit was earned. Exceptions may be permitted for study-abroad credit when that credit is clearly defined and displayed on the home institution transcript.

Applicants with non-U.S. educational credentials for Winter term 2012 and beyond are required to submit their official educational credentials (e.g., transcripts, mark sheets, degree certificates, graduation diplomas) and evaluation fee directly to one of the three evaluation companies below:

- Educational Credential Evaluators, Inc.
- Educational Perspectives
- One Earth International Credential Evaluation

These evaluators will then provide DePaul with a general evaluation of their studies and certified copies of their international educational credentials which will be used during admission review. Please direct any questions about required credentials to the evaluation company you have selected and not to the Kellstadt Graduate School of Business. DePaul will not accept evaluations from any other evaluation companies and will not accept any educational credentials without an evaluation from ECE, EP or One Earth.
English Proficiency

Non-native English speakers who have not completed a bachelor's or master's degree in the United States should submit scores from a recognized English proficiency test. The Kellstadt Graduate School of Business accepts results from TOEFL, IELTS and the Pearson Test of English (PTE).

MBA Core Requirements

Course Requirements

- ACC 500 FINANCIAL ACCOUNTING
- ACC 555 MANAGEMENT ACCOUNTING FOR DECISION-MAKING
- ECO 509 BUSINESS CONDITIONS ANALYSIS
- ECO 555 ECONOMICS FOR DECISION-MAKING
- FIN 555 FINANCIAL MANAGEMENT
- GSB 420 APPLIED QUANTITATIVE ANALYSIS
- GSB 599 STRATEGIC ANALYSIS FOR COMPETING GLOBALLY
- MGT 500 MANAGING FOR EFFECTIVE AND ETHICAL ORGANIZATIONAL BEHAVIOR
- MGT 502 OPERATIONS MANAGEMENT
- MGT 555 STRATEGIC MANAGEMENT OF HUMAN RESOURCES
- MIS 555 MANAGEMENT OF INFORMATION TECHNOLOGY
- MKT 555 DECISIONS IN MARKETING MANAGEMENT

Concentrations

In addition to the required core courses, students have six electives they can use to take courses in a specific area of interest. These electives are typically used by students to select one or more concentrations in the area(s) that offer the knowledge, skills, and abilities that best fit the student's educational needs and interests.

While many students choose to have a specific area of concentration, those who would like more flexibility in selecting courses may choose the general business concentration instead. With this option, the student is free to choose six courses from several different areas of study within the graduate school of business.

If a student does not indicate a specific concentration of interest in the application for admission the student will be assigned to the general business concentration.

M.B.A. Options

Day M.B.A. (Full-time Accelerated)

The Day M.B.A. Program fulfills the business world’s demand for M.B.A. graduates with the ability to understand and manage complex business processes. Students who choose this program option will take all of their foundation and core classes in a full-time, lock step format during the first four terms of the program. Upon completion of the prerequisite core courses, students may begin taking their concentration classes at their own pace. Students in the Day M.B.A. Program may choose to specialize in any of the generally available MBA concentrations offered by the Kellstadt Graduate School of Business.

Evening M.B.A. (All Campuses)

All of the core course requirements for the M.B.A. are offered at the Loop and the Naperville and O'Hare suburban campuses. Required core courses are offered every quarter at the Loop campus but variably at the suburban campuses. All requirements are offered at least once each year at each of these locations.

Three full concentrations are available at each of the suburban campuses. These are Finance, Marketing Management and General Business. Electives applicable to other concentrations will be offered variably at the suburban locations but it may be necessary to travel to Loop campus to complete concentrations other than these three.

Weekend M.B.A. at O'Hare Campus
The Weekend M.B.A. Program is a rigorous yet rewarding program designed for the self-directed manager with an interest in using technology to supplement traditional M.B.A. course work. The curriculum provides knowledge in each of the major business functions along with specialized courses in Management and Finance such that students may earn concentrations in Finance and/or Operations Management as part of the weekend program. Upon completion of the required core sequence of courses, students are able to select concentration courses from among the more than 35 concentrations available to part-time M.B.A. students. Please note that only the Finance and Operations Management concentrations are available in the weekend format.

Each course is taught as a blend of traditional lecture and distance learning formats. Classes meet on alternate Saturdays at the O'Hare Campus. Students will work via distance learning in the weeks between class meetings. Admitted students will proceed through the program as a cohort group. Admission to the program is for fall quarter only.

Concentration Requirements

This concentration requires completion of four graduate-level Finance courses including one required course and three electives. RE 530 may be taken as one of the elective courses to satisfy the four course requirement.

Course Requirements

- FIN 523 INVESTMENT ANALYSIS
- Three electives in finance including RE 530 but not including FIN 555

Students may design a specialization such as Corporate Finance, Investments, Derivatives, or Banking, or they may take a broad array of courses. Those students interested in specializing in a particular aspect of Finance, can use the following to guide their course selection decisions.

Banking Courses

- FIN 510 ADVANCED MONETARY THEORY AND POLICY
- FIN 512 COMMERCIAL BANKING
- FIN 513 MONEY AND CAPITAL MARKETS
- FIN 562 RISK MANAGEMENT

Corporate Finance Courses

- FIN 551 PROBLEMS IN CORPORATE FINANCIAL POLICY
- FIN 553 ADVANCED CORPORATE FINANCE
- FIN 557 INTERNATIONAL FINANCE
- FIN 558 MERGERS AND ACQUISITIONS
- FIN 562 RISK MANAGEMENT

Investments Courses

- FIN 523 INVESTMENT ANALYSIS
- FIN 524 FINANCIAL STATEMENT ANALYSIS
- FIN 525 PORTFOLIO MANAGEMENT
- FIN 526 ADVANCED TOPICS IN INVESTMENTS

Risk Management Courses

- FIN 562 RISK MANAGEMENT
- FIN 557 INTERNATIONAL FINANCE
- FIN 662 DERIVATIVES VALUATION
- FIN 617 QUANTITATIVE METHODS
- FIN 675 CASES IN INVESTMENTS AND FINANCIAL ENGINEERING
Finance (MS)

The Master of Science in Finance program provides an opportunity for highly motivated students to acquire the skills necessary to understand modern financial markets, instruments and decision-making. The program develops financial management professionals with the knowledge and proficiency to:

- Create sophisticated solutions to financial problems
- Design and evaluate new financial instruments
- Leverage resources for optimal profitability and productivity
- Develop strategic financial objectives
- Seize new business opportunities
- Mitigate corporate risk
- Improve investment decision making
- Analyze technical financial material

Individuals with an M.B.A. degree or students currently enrolled in the M.B.A. program may have up to six of their M.B.A. courses count toward the requirements of the Master of Science in Finance degree. The exact number of courses that can be double-counted in this manner depends upon the specific content and age of coursework.

Admission Information

Applicants must possess the equivalent of a bachelor's degree from a regionally accredited institution. A prospective graduate student is expected to present a superior overall previous academic record and an above average total GMAT score (or GRE score where appropriate) including high achievement on the verbal, quantitative, and on the analytical writing assessment. The examination must have been taken no earlier than five years prior to the date of admission to the program.

Other factors, such as work experience and career progression, are also important and will be considered by the Admissions Committee. All applicants are required to submit two professional letters of recommendation as well as a current resume.

All prospective students are welcome to arrange a meeting with an admissions counselor. Please phone the graduate school office for an informal appointment. Interviews are not required as part of the admissions process for the part-time M.B.A. program, but may be requested by the Admissions Committee. Interviews for the full-time M.B.A. and weekend M.B.A. programs are on an invitation-only basis. Once a completed application has been received, a preliminary review is completed and selected candidates are invited to interview.

Each applicant is considered on an individual basis. The full-time and weekend M.B.A. programs do have limited enrollments, but for the other graduate business programs there currently is no predetermined limit to the number of students who can be admitted. Thus, for these programs, all students who are judged eligible by the Admissions Committee will be invited to matriculate.

Graduate Management Admission Test (GMAT)

To be considered for admission as a degree seeking student, an applicant will be required to submit a score from the Graduate Management Admission Test (GMAT). GMAT information including dates, a list of test centers, and applications for the exam may be obtained at www.mba.com or by contacting Pearsonvue at 1-800-717-4628. The GMAT score report must come directly from Pearsonvue. A test taken more than five years prior to the date of application is not considered valid for admission purposes and would have to be retaken. An exception may be made for individuals who hold a doctoral or other terminal degree awarded by an appropriately accredited institution. An exception may also be made for fully certified CPA's applying to the Master of Science in Taxation program. Applicants to the Master of Science in Human Resources Management and the Master of Science in Economics and Policy Analysis may submit either a GMAT or GRE (Graduate Records Examinations) score. As with the GMAT, GRE scores are valid for five years.
Application Deadlines

For the day MBA program (Full-time):

Admission to the Day M.B.A. program is competitive and is limited to the Autumn Quarter. There are three application rounds, with deadlines of February 1, April 1 and July 1. Application review begins in January, and you are encouraged to apply as early as possible. Decisions are mailed on an ongoing basis beginning in January, and applicants should expect to receive an admission decision approximately 4 weeks after their application becomes complete.

Applicants who wish to be considered for scholarships and graduate assistantships should apply during the first two application rounds. These awards are generally not available to applicants who apply after April 1.

Late applications submitted after the final July 1 deadline may be considered if space remains available in the incoming class.

For the weekend MBA and MS in Economic Policy Analysis programs:

Applications must be submitted by July 1st. Applications received after July 1st will be considered on a space available basis.

For all other graduate business programs:

Applications must be submitted by:

- July 1st for the Autumn Quarter
- October 1st for the Winter Quarter
- February 1st for the Spring Quarter
- April 1st for the Summer Quarter

Applicants educated outside the United States must submit their applications one month prior to the above deadlines.

Transcripts

Degree seeking applicants must present official transcripts from each junior college, college, and university attended (even if only for one course) including DePaul University, if applicable. Credits transferred and posted on the record of a second school do not constitute an official transcript of the original school. Transcripts that are already on file as part of a student record in another College Office at DePaul may be required to remain there and in that case cannot be transferred to the Graduate School of Business Office.

Applicants should write to the Registrar of each school attended, requesting that an official transcript be sent to the student. Once all of the transcripts have been received applicants should submit them to the graduate school office in their original envelopes with the applicant's name, date of birth and program of interest noted on the envelope. We will then add the transcripts to the applicant's admission file.

An applicant who is still taking courses or completing a program at the time he/she submits an application to the Graduate School of Business will not receive full admission until a final and official transcript listing the degree awarded has been submitted to the Admissions Committee. Please see Conditional Admission and Non-degree Status for more information regarding admission prior to posting of an undergraduate degree.

Readmission

A student previously admitted who has been absent from DePaul for one year or longer must complete the application form and submit a transcript of any courses taken elsewhere during his/her absence. A student must submit a written explanation of his/her absence from the program and an updated resume. A $30 application fee is required.

If the original application has been destroyed (after an absence of two years), the student may be required to complete a new application in full.

Special Instructions for International Applicants

Educational Credentials For International Students or Programs

Applicants must submit transcripts from all colleges and universities attended, including those attended but from which no credit was earned. Exceptions may be permitted for study-abroad credit when that credit is clearly defined and displayed on the home institution transcript.
Applicants with non-U.S. educational credentials for Winter term 2012 and beyond are required to submit their official educational credentials (e.g., transcripts, mark sheets, degree certificates, graduation diplomas) and evaluation fee directly to one of the three evaluation companies below:

- Educational Credential Evaluators, Inc.
- Educational Perspectives
- One Earth International Credential Evaluation

These evaluators will then provide DePaul with a general evaluation of their studies and certified copies of their international educational credentials which will be used during admission review. Please direct any questions about required credentials to the evaluation company you have selected and not to the Kellstadt Graduate School of Business. DePaul will not accept evaluations from any other evaluation companies and will not accept any educational credentials without an evaluation from ECE, EP or One Earth.

**English Proficiency**

Non-native English speakers who have not completed a bachelor's or master's degree in the United States should submit scores from a recognized English proficiency test. The Kellstadt Graduate School of Business accepts results from TOEFL, IELTS and the Pearson Test of English (PTE).

**Degree Requirements**

**Course Requirements**

Each candidate must be competent in financial accounting, economics, calculus and statistics prior to registration for the core courses. To ensure competence, students who have not completed the equivalent of principles of Accounting I and II at the undergraduate level will be required to take ACC 500. Students who do not pass a competency examination in calculus and statistics will be required to take GSB 420. Students who have not completed principles of macroeconomics and microeconomics will be required to take ECO 501 or ECO 555 (GSB 420 is a prerequisite for ECO 555).

Students complete the Master of Science in Finance by taking nine core courses and three elective courses in addition to the program prerequisites. At least two of these electives must be taken in finance and the third elective may be taken in the fields of accounting, economics or real estate as stated below.

**Core Courses**

- FIN 555 FINANCIAL MANAGEMENT
- FIN 617 QUANTITATIVE METHODS
- FIN 523 INVESTMENT ANALYSIS
- FIN 524 FINANCIAL STATEMENT ANALYSIS
- FIN 553 ADVANCED CORPORATE FINANCE
- FIN 562 RISK MANAGEMENT
- FIN 662 DERIVATIVES VALUATION
- FIN 675 CASES IN INVESTMENTS AND FINANCIAL ENGINEERING
- FIN 501 ETHICS IN FINANCIAL MARKETS

**Elective Requirement**

Three elective courses are required, at least two of which must be Finance courses not numbered 798. One elective may be chosen from among courses in the departments of Accounting (except ACC 500), Economics (except 501 and 555), Real Estate and Finance, including FIN 798 or FIN 793 (Finance Internship).

Students who wish to take FIN 793 (Finance Internship) must receive approval from the Finance Department Internship Committee prior to enrollment. None of the M.S.F. Required Core Courses or required prerequisite courses are available for elective credit.
Financial Analysis (MBA)

The concentration in Financial Analysis is designed for students who plan to sit for the Chartered Financial Analyst (CFA) exams. The CFA designation has become increasingly important and necessary for investment analysts, advisors and portfolio managers.

Admission Information

Applicants must possess the equivalent of a bachelor's degree from a regionally accredited institution. A prospective graduate student is expected to present a superior overall previous academic record and an above average total GMAT score (or GRE score where appropriate) including high achievement on the verbal, quantitative, and on the analytical writing assessment. The examination must have been taken no earlier than five years prior to the date of admission to the program.

Other factors, such as work experience and career progression, are also important and will be considered by the Admissions Committee. All applicants are required to submit two professional letters of recommendation as well as a current resume.

All prospective students are welcome to arrange a meeting with an admissions counselor. Please phone the graduate school office for an informal appointment. Interviews are not required as part of the admissions process for the part-time M.B.A. program, but may be requested by the Admissions Committee. Interviews for the full-time M.B.A. and weekend M.B.A. programs are on an invitation-only basis. Once a completed application has been received, a preliminary review is completed and selected candidates are invited to interview.

Each applicant is considered on an individual basis. The full-time and weekend M.B.A. programs do have limited enrollments, but for the other graduate business programs there currently is no predetermined limit to the number of students who can be admitted. Thus, for these programs, all students who are judged eligible by the Admissions Committee will be invited to matriculate.

Graduate Management Admission Test (GMAT)

To be considered for admission as a degree seeking student, an applicant will be required to submit a score from the Graduate Management Admission Test (GMAT). GMAT information including dates, a list of test centers, and applications for the exam may be obtained at www.mba.com or by contacting Pearsonvue at 1-800-717-4628. The GMAT score report must come directly from Pearsonvue. A test taken more than five years prior to the date of application is not considered valid for admission purposes and would have to be retaken. An exception may be made for individuals who hold a doctoral or other terminal degree awarded by an appropriately accredited institution. An exception may also be made for fully certified CPA's applying to the Master of Science in Taxation program. Applicants to the Master of Science in Human Resources Management and the Master of Science in Economics and Policy Analysis may submit either a GMAT or GRE (Graduate Records Examinations) score. As with the GMAT, GRE scores are valid for five years.
For the day MBA program (Full-time):

Admission to the Day M.B.A. program is competitive and is limited to the Autumn Quarter. There are three application rounds, with deadlines of February 1, April 1 and July 1. ## MBA Core Requirements

### Course Requirements

- ACC 500 FINANCIAL ACCOUNTING
- ACC 555 MANAGEMENT ACCOUNTING FOR DECISION-MAKING
- ECO 509 BUSINESS CONDITIONS ANALYSIS
- ECO 555 ECONOMICS FOR DECISION-MAKING
- FIN 555 FINANCIAL MANAGEMENT
- GSB 420 APPLIED QUANTITATIVE ANALYSIS
- GSB 599 STRATEGIC ANALYSIS FOR COMPETING GLOBALLY
- MGT 500 MANAGING FOR EFFECTIVE AND ETHICAL ORGANIZATIONAL BEHAVIOR
- MGT 502 OPERATIONS MANAGEMENT
- MGT 555 STRATEGIC MANAGEMENT OF HUMAN RESOURCES
- MIS 555 MANAGEMENT OF INFORMATION TECHNOLOGY
- MKT 555 DECISIONS IN MARKETING MANAGEMENT

### Concentrations

In addition to the required core courses, students have six electives they can use to take courses in a specific area of interest. These electives are typically used by students to select one or more concentrations in the area(s) that offer the knowledge, skills, and abilities that best fit the student’s educational needs and interests.

While many students choose to have a specific area of concentration, those who would like more flexibility in selecting courses may choose the general business concentration instead. With this option, the student is free to choose six courses from several different areas of study within the graduate school of business.

If a student does not indicate a specific concentration of interest in the application for admission the student will be assigned to the general business concentration.

### M.B.A. Options

#### Day M.B.A. (Full-time Accelerated)

The Day M.B.A. Program fulfills the business world’s demand for M.B.A. graduates with the ability to understand and manage complex business processes. Students who choose this program option will take all of their foundation and core classes in a full-time, lock step format during the first four terms of the program. Upon completion of the prerequisite core courses, students may begin taking their concentration classes at their own pace. Students in the Day M.B.A. Program may choose to specialize in any of the generally available MBA concentrations offered by the Kellstadt Graduate School of Business.
Evening M.B.A. (All Campuses)

All of the core course requirements for the M.B.A. are offered at the Loop and the Naperville and O'Hare suburban campuses. Required core courses are offered every quarter at the Loop campus but variably at the suburban campuses. All requirements are offered at least once each year at each of these locations.

Three full concentrations are available at each of the suburban campuses. These are Finance, Marketing Management and General Business. Electives applicable to other concentrations will be offered variably at the suburban locations but it may be necessary to travel to Loop campus to complete concentrations other than these three.

Weekend M.B.A. at O'Hare Campus

The Weekend M.B.A. Program is a rigorous yet rewarding program designed for the self-directed manager with an interest in using technology to supplement traditional M.B.A. course work. The curriculum provides knowledge in each of the major business functions along with specialized courses in Management and Finance such that students may earn concentrations in Finance and/or Operations Management as part of the weekend program. Upon completion of the required core sequence of courses, students are able to select concentration courses from among the more than 35 concentrations available to part-time M.B.A. students. Please note that only the Finance and Operations Management concentrations are available in the weekend format.

Each course is taught as a blend of traditional lecture and distance learning formats. Classes meet on alternate Saturdays at the O'Hare Campus. Students will work via distance learning in the weeks between class meetings. Admitted students will proceed through the program as a cohort group. Admission to the program is for fall quarter only.

Concentration Requirements

To complete the Financial Analysis Concentration, students must take the following four courses.

- FIN 523 INVESTMENT ANALYSIS
- FIN 524 FINANCIAL STATEMENT ANALYSIS
- FIN 525 PORTFOLIO MANAGEMENT
- FIN 526 ADVANCED TOPICS IN INVESTMENTS

Students are encouraged to consult with department faculty for related elective courses.

Financial Management and Control (MBA)

The strategic importance of financial accounting and management accounting information is increasingly recognized in a fast-paced and globally-competitive business environment. The information is used extensively as key decision-making criteria in leading organizations.

This concentration focuses on and integrates new concepts and techniques in management accounting and finance. Further, it provides background for the Certified Management Accountant (CMA) exam or the Certified in Financial Management (CFM) exam, leading to these increasingly prestigious designations.

The Financial Management and Control concentration encompasses elements of "The New Finance," which is based upon the strategic use of accounting and financial information. The program includes theory and concepts, advanced technical knowledge and skills, and familiarization with the tools and methodologies of contemporary management accounting:

- Activity Based Management
Admission Information

Applicants must possess the equivalent of a bachelor's degree from a regionally accredited institution. A prospective graduate student is expected to present a superior overall previous academic record and an above average total GMAT score (or GRE score where appropriate) including high achievement on the verbal, quantitative, and on the analytical writing assessment. The examination must have been taken no earlier than five years prior to the date of admission to the program.

Other factors, such as work experience and career progression, are also important and will be considered by the Admissions Committee. All applicants are required to submit two professional letters of recommendation as well as a current resume.

All prospective students are welcome to arrange a meeting with an admissions counselor. Please phone the graduate school office for an informal appointment. Interviews are not required as part of the admissions process for the part-time M.B.A. program, but may be requested by the Admissions Committee. Interviews for the full-time M.B.A. and weekend M.B.A. programs are on an invitation-only basis. Once a completed application has been received, a preliminary review is completed and selected candidates are invited to interview.

Each applicant is considered on an individual basis. The full-time and weekend M.B.A. programs do have limited enrollments, but for the other graduate business programs there currently is no predetermined limit to the number of students who can be admitted. Thus, for these programs, all students who are judged eligible by the Admissions Committee will be invited to matriculate.

Graduate Management Admission Test (GMAT)

To be considered for admission as a degree seeking student, an applicant will be required to submit a score from the Graduate Management Admission Test (GMAT). GMAT information including dates, a list of test centers, and applications for the exam may be obtained at www.mba.com or by contacting Pearsonvue at 1-800-717-4628. The GMAT score report must come directly from Pearsonvue. A test taken more than five years prior to the date of application is not considered valid for admission purposes and would have to be retaken. An exception may be made for individuals who hold a doctoral or other terminal degree awarded by an appropriately accredited institution. An exception may also be made for fully certified CPA's applying to the Master of Science in Taxation program. Applicants to the Master of Science in Human Resources Management and the Master of Science in Economics and Policy Analysis may submit either a GMAT or GRE (Graduate Records Examinations) score. As with the GMAT, GRE scores are valid for five years.

Application Deadlines

For the day MBA program (Full-time):

Admission to the Day M.B.A. program is competitive and is limited to the Autumn Quarter. There are three application rounds, with deadlines of February 1, April 1 and July 1. Application review begins in January, and you are encouraged to apply as early as possible. Decisions are mailed on an ongoing basis beginning in January, and applicants should expect to receive an admission decision approximately 4 weeks after their application becomes complete.

Applicants who wish to be considered for scholarships and graduate assistantships should apply during the first two application rounds. These awards are generally not available to applicants who apply after April 1.

Late applications submitted after the final July 1 deadline may be considered if space remains available in the incoming class.

For the weekend MBA and MS in Economic Policy Analysis programs:

Applications must be submitted by July 1. Applications received after July 1st will be considered on a space available basis.

For all other graduate business programs:
Applications must be submitted by:

- July 1st for the Autumn Quarter
- October 1st for the Winter Quarter
- February 1st for the Spring Quarter
- April 1st for the Summer Quarter

Applicants educated outside the United States must submit their applications one month prior to the above deadlines.

Transcripts

Degree seeking applicants must present official transcripts from each junior college, college, and university attended (even if only for one course) including DePaul University, if applicable. Credits transferred and posted on the record of a second school do not constitute an official transcript of the original school. Transcripts that are already on file as part of a student record in another College Office at DePaul may be required to remain there and in that case cannot be transferred to the Graduate School of Business Office.

Applicants should write to the Registrar of each school attended, requesting that an official transcript be sent to the student. Once all of the transcripts have been received applicants should submit them to the graduate school office in their original envelopes with the applicant's name, date of birth and program of interest noted on the envelope. We will then add the transcripts to the applicant's admission file.

An applicant who is still taking courses or completing a program at the time he/she submits an application to the Graduate School of Business will not receive full admission until a final and official transcript listing the degree awarded has been submitted to the Admissions Committee. Please see Conditional Admission and Non-degree Status for more information regarding admission prior to posting of an undergraduate degree.

Readmission

A student previously admitted who has been absent from DePaul for one year or longer must complete the application form and submit a transcript of any courses taken elsewhere during his/her absence. A student must submit a written explanation of his/her absence from the program and an updated resume. A $30 application fee is required.

If the original application has been destroyed (after an absence of two years), the student may be required to complete a new application in full.

Special Instructions for International Applicants

Educational Credentials For International Students or Programs

Applicants must submit transcripts from all colleges and universities attended, including those attended but from which no credit was earned. Exceptions may be permitted for study-abroad credit when that credit is clearly defined and displayed on the home institution transcript.

Applicants with non-U.S. educational credentials for Winter term 2012 and beyond are required to submit their official educational credentials (e.g., transcripts, mark sheets, degree certificates, graduation diplomas) and evaluation fee directly to one of the three evaluation companies below:

- Educational Credential Evaluators, Inc.
- Educational Perspectives
- One Earth International Credential Evaluation

These evaluators will then provide DePaul with a general evaluation of their studies and certified copies of their international educational credentials which will be used during admission review. Please direct any questions about required credentials to the evaluation company you have selected and not to the Kellstadt Graduate School of Business. DePaul will not accept evaluations from any other evaluation companies and will not accept any educational credentials without an evaluation from ECE, EP or One Earth.

English Proficiency

Non-native English speakers who have not completed a bachelor's or master's degree in the United States should submit scores from a recognized English proficiency test. The Kellstadt Graduate School of Business accepts results from TOEFL, IELTS and the Pearson Test of English (PTE).
MBA Core Requirements

Course Requirements

- ACC 500 FINANCIAL ACCOUNTING
- ACC 555 MANAGEMENT ACCOUNTING FOR DECISION-MAKING
- ECO 509 BUSINESS CONDITIONS ANALYSIS
- ECO 555 ECONOMICS FOR DECISION-MAKING
- FIN 555 FINANCIAL MANAGEMENT
- GSB 420 APPLIED QUANTITATIVE ANALYSIS
- GSB 599 STRATEGIC ANALYSIS FOR COMPETING GLOBALLY
- MGT 500 MANAGING FOR EFFECTIVE AND ETHICAL ORGANIZATIONAL BEHAVIOR
- MGT 502 OPERATIONS MANAGEMENT
- MGT 555 STRATEGIC MANAGEMENT OF HUMAN RESOURCES
- MIS 555 MANAGEMENT OF INFORMATION TECHNOLOGY
- MKT 555 DECISIONS IN MARKETING MANAGEMENT

Concentrations

In addition to the required core courses, students have six electives they can use to take courses in a specific area of interest. These electives are typically used by students to select one or more concentrations in the area(s) that offer the knowledge, skills, and abilities that best fit the student's educational needs and interests.

While many students choose to have a specific area of concentration, those who would like more flexibility in selecting courses may choose the general business concentration instead. With this option, the student is free to choose six courses from several different areas of study within the graduate school of business.

If a student does not indicate a specific concentration of interest in the application for admission the student will be assigned to the general business concentration.

M.B.A. Options

Day M.B.A. (Full-time Accelerated)

The Day M.B.A. Program fulfills the business world's demand for M.B.A. graduates with the ability to understand and manage complex business processes. Students who choose this program option will take all of their foundation and core classes in a full-time, lock step format during the first four terms of the program. Upon completion of the prerequisite core courses, students may begin taking their concentration classes at their own pace. Students in the Day M.B.A. Program may choose to specialize in any of the generally available MBA concentrations offered by the Kellstadt Graduate School of Business.

Evening M.B.A. (All Campuses)

All of the core course requirements for the M.B.A. are offered at the Loop and the Naperville and O'Hare suburban campuses. Required core courses are offered every quarter at the Loop campus but variably at the suburban campuses. All requirements are offered at least once each year at each of these locations.

Three full concentrations are available at each of the suburban campuses. These are Finance, Marketing Management and General Business. Electives applicable to other concentrations will be offered variably at the suburban locations but it may be necessary to travel to Loop campus to complete concentrations other than these three.

Weekend M.B.A. at O'Hare Campus

The Weekend M.B.A. Program is a rigorous yet rewarding program designed for the self-directed manager with an interest in using technology to supplement traditional M.B.A. course work. The curriculum provides knowledge in each of the major business functions along with specialized courses in Management and Finance such that students may earn concentrations in Finance and/or Operations Management as part of the weekend program. Upon completion of the required core sequence of courses, students are able to select concentration courses from among the more than 35 concentrations available to part-time M.B.A. students. Please note that only the Finance and Operations Management concentrations are available in the weekend format.

Each course is taught as a blend of traditional lecture and distance learning formats. Classes meet on alternate
Concentration Requirements

Course Requirements

To complete this concentration, students must take the following courses:

- ACC 502 ADVANCED MANAGEMENT ACCOUNTING
- FIN 523 INVESTMENT ANALYSIS
- ACC 599 GRADUATE SEMINAR IN MANAGEMENT ACCOUNTING
  or SEV 621 STRATEGY EXECUTION
- FIN 524 FINANCIAL STATEMENT ANALYSIS
  or FIN 551 PROBLEMS IN CORPORATE FINANCIAL POLICY

Health Communication (MA)

The M.A. in Health Communication prepares students to apply knowledge of communication in health care settings. Critical and theoretical courses in organizational and multicultural communication, as well as highly applied courses in communication training and development are available to those pursuing this degree.

Graduates of the program will:

- Recognize health care disparities
- Understand the social and multicultural dimension of health care delivery
- Understand the linkage between effective communication and the quality of care that patients receive
- Enhance health literacy across diverse audiences
- Design and deliver health communication campaigns that provide knowledge to individuals hoping to understand contemporary health care issues
- Implement and evaluate health service delivery programs

Admission Information

A bachelor's degree or equivalent is required for admission to this program. To be admitted, applicants must demonstrate, through past academic or professional work, a capacity for achievement. The College of Communication looks at each application as a unique presentation of a candidate's profile and will consider a variety of information sources. Admission decisions will be based on the following:

- Online application and application fee
- One official undergraduate transcript with bachelor degree posted (minimum grade point average 3.0 on a 4-point scale)
Degree Requirements

Course Requirements

The Master of Arts in Health Communication requires 12 courses—three core courses, seven Health Communication electives, two graduate electives inside or outside the program and a Comprehensive Final Examination. Students who attain a 3.7 GPA or higher have the option to complete a culminating thesis instead of the comprehensive exam.

Core Courses

- HTHC 515 INTRO TO HEALTH COMMUNICATION
- HTHC 516 RESEARCH METHODS FOR HEALTH CARE PRACTITIONERS
- HTHC 517 HEALTH CARE LITERACY

Elective Courses

- Choose nine courses from the following list*:
  - HTHC 519 ASSESSMENT AND INTERVENTION FOR HEALTH CARE ADMINISTRATORS
  - HTHC 520 HEALTH CARE CAMPAIGNS AND COMMUNITY ACTION
  - HTHC 521 HEALTH AND FAMILY COMMUNICATION
  - HTHC 522 MANAGERIAL COMMUNICATION IN HEALTH CARE CONTEXTS
  - HTHC 523 TOPICS IN HEALTH COMMUNICATION
  - HTHC 524 HEALTH CARE TEAMS & LEADERSHIP
  - HTHC 525 NARRATIVES IN HEALTH CARE
  - CMNS 550 ORGANIZATIONAL DIVERSITY & LEADERSHIP
  - PRAD 535 PUBLIC RELATIONS IN HEALTH CARE
  - PRAD 540 CRISIS COMMUNICATION MANAGEMENT
  - CMN 591 INTERNSHIP

*With approval of the graduate program director, students can take up to two relevant elective courses from other CMN graduate programs or relevant elective courses from other graduate departments/programs outside of CMN.

Comprehensive Final Examination or Thesis/Project

Students in the Master of Arts in Health Communication complete their degree requirements by taking a Comprehensive Final Examination or writing and defending a thesis. Students who choose the thesis option enroll in HTHC 599 in the quarter they defend their thesis.

Grade Requirements

Students must maintain a 3.0 average in their graduate work to remain in good standing. Students who drop
below this average will be put on academic probation and expected to attain the minimum requirement within
two quarters. Failure to do so will result in dismissal from the program.

Health Sector Management (MBA)

The Health Sector Management concentration is designed for health services professionals and others who seek
careers in health services.

The Health Sector Management curriculum allows you to integrate knowledge from a number of disciplines as
you may choose from among courses in the areas of Management, Public Services, and Law.

Admission Information

Applicants must possess the equivalent of a bachelor's degree from a regionally accredited institution. A
prospective graduate student is expected to present a superior overall previous academic record and an above
average total GMAT score (or GRE score where appropriate) including high achievement on the verbal,
quantitative, and on the analytical writing assessment. The examination must have been taken no earlier than
five years prior to the date of admission to the program.

Other factors, such as work experience and career progression, are also important and will be considered by the
Admissions Committee. All applicants are required to submit two professional letters of recommendation as well
as a current resume.

All prospective students are welcome to arrange a meeting with an admissions counselor. Please phone the
graduate school office for an informal appointment. Interviews are not required as part of the admissions
process for the part-time M.B.A. program, but may be requested by the Admissions Committee. Interviews for
the full-time M.B.A. and weekend M.B.A. programs are on an invitation-only basis. Once a completed application
has been received, a preliminary review is completed and selected candidates are invited to interview.

Each applicant is considered on an individual basis. The full-time and weekend M.B.A. programs do have limited
enrollments, but for the other graduate business programs there currently is no predetermined limit to the
number of students who can be admitted. Thus, for these programs, all students who are judged eligible by the
Admissions Committee will be invited to matriculate.

Graduate Management Admission Test (GMAT)

To be considered for admission as a degree seeking student, an applicant will be required to submit a score from
the Graduate Management Admission Test (GMAT). GMAT information including dates, a list of test centers, and
applications for the exam may be obtained at www.mba.com or by contacting Pearsonvue at 1-800-717-4628.
The GMAT score report must come directly from Pearsonvue. A test taken more than five years prior to the date
of application is not considered valid for admission purposes and would have to be retaken. An exception may
be made for individuals who hold a doctoral or other terminal degree awarded by an appropriately accredited
institution. An exception may also be made for fully certified CPA's applying to the Master of Science in Taxation
program. Applicants to the Master of Science in Human Resources Management and the Master of Science in
Economics and Policy Analysis may submit either a GMAT or GRE (Graduate Records Examinations) score. As with the GMAT, GRE scores are valid for five years.

Application Deadlines

For the day MBA program (Full-time):

Admission to the Day M.B.A. program is competitive and is limited to the Autumn Quarter. There are three application rounds, with deadlines of February 1, April 1 and July 1. Application review begins in January, and you are encouraged to apply as early as possible. Decisions are mailed on an ongoing basis beginning in January, and applicants should expect to receive an admission decision approximately 4 weeks after their application becomes complete.

Applicants who wish to be considered for scholarships and graduate assistantships should apply during the first two application rounds. These awards are generally not available to applicants who apply after April 1.

Late applications submitted after the final July 1 deadline may be considered if space remains available in the incoming class.

For the weekend MBA and MS in Economic Policy Analysis programs:

Applications must be submitted by July 1st. Applications received after July 1st will be considered on a space available basis.

For all other graduate business programs:

Applications must be submitted by:

- July 1st for the Autumn Quarter
- October 1st for the Winter Quarter
- February 1st for the Spring Quarter
- April 1st for the Summer Quarter

Applicants educated outside the United States must submit their applications one month prior to the above deadlines.

Transcripts

Degree seeking applicants must present official transcripts from each junior college, college, and university attended (even if only for one course) including DePaul University, if applicable. Credits transferred and posted on the record of a second school do not constitute an official transcript of the original school. Transcripts that are already on file as part of a student record in another College Office at DePaul may be required to remain there and in that case cannot be transferred to the Graduate School of Business Office.

Applicants should write to the Registrar of each school attended, requesting that an official transcript be sent to the student. Once all of the transcripts have been received applicants should submit them to the graduate school office in their original envelopes with the applicant's name, date of birth and program of interest noted on the envelope. We will then add the transcripts to the applicant's admission file.

An applicant who is still taking courses or completing a program at the time he/she submits an application to the Graduate School of Business will not receive full admission until a final and official transcript listing the degree awarded has been submitted to the Admissions Committee. Please see Conditional Admission and Non-degree Status for more information regarding admission prior to posting of an undergraduate degree.

Readmission

A student previously admitted who has been absent from DePaul for one year or longer must complete the application form and submit a transcript of any courses taken elsewhere during his/her absence. A student must submit a written explanation of his/her absence from the program and an updated resume. A $30 application fee is required.

If the original application has been destroyed (after an absence of two years), the student may be required to complete a new application in full.

Special Instructions for International Applicants

Educational Credentials For International Students or Programs
Applicants must submit transcripts from all colleges and universities attended, including those attended but from which no credit was earned. Exceptions may be permitted for study-abroad credit when that credit is clearly defined and displayed on the home institution transcript. Applicants with non-U.S. educational credentials for Winter term 2012 and beyond are required to submit their official educational credentials (e.g., transcripts, mark sheets, degree certificates, graduation diplomas) and evaluation fee directly to one of the three evaluation companies below:

- Educational Credential Evaluators, Inc.
- Educational Perspectives
- One Earth International Credential Evaluation

These evaluators will then provide DePaul with a general evaluation of their studies and certified copies of their international educational credentials which will be used during admission review. Please direct any questions about required credentials to the evaluation company you have selected and not to the Kellstadt Graduate School of Business. DePaul will not accept evaluations from any other evaluation companies and will not accept any educational credentials without an evaluation from ECE, EP or One Earth.

**English Proficiency**

Non-native English speakers who have not completed a bachelor's or master's degree in the United States should submit scores from a recognized English proficiency test. The Kellstadt Graduate School of Business accepts results from TOEFL, IELTS and the Pearson Test of English (PTE).

**MBA Core Requirements**

**Course Requirements**

- ACC 500 FINANCIAL ACCOUNTING
- ACC 555 MANAGEMENT ACCOUNTING FOR DECISION-MAKING
- ECO 509 BUSINESS CONDITIONS ANALYSIS
- ECO 555 ECONOMICS FOR DECISION-MAKING
- FIN 555 FINANCIAL MANAGEMENT
- GSB 420 APPLIED QUANTITATIVE ANALYSIS
- GSB 599 STRATEGIC ANALYSIS FOR COMPETING GLOBALLY
- MGT 500 MANAGING FOR EFFECTIVE AND ETHICAL ORGANIZATIONAL BEHAVIOR
- MGT 502 OPERATIONS MANAGEMENT
- MGT 555 STRATEGIC MANAGEMENT OF HUMAN RESOURCES
- MIS 555 MANAGEMENT OF INFORMATION TECHNOLOGY
- MKT 555 DECISIONS IN MARKETING MANAGEMENT

**Concentrations**

In addition to the required core courses, students have six electives they can use to take courses in a specific area of interest. These electives are typically used by students to select one or more concentrations in the area(s) that offer the knowledge, skills, and abilities that best fit the student's educational needs and interests.

While many students choose to have a specific area of concentration, those who would like more flexibility in selecting courses may choose the general business concentration instead. With this option, the student is free to choose six courses from several different areas of study within the graduate school of business.

If a student does not indicate a specific concentration of interest in the application for admission the student will be assigned to the general business concentration.

**M.B.A. Options**

**Day M.B.A. (Full-time Accelerated)**

The Day M.B.A. Program fulfills the business world’s demand for M.B.A. graduates with the ability to understand
and manage complex business processes. Students who choose this program option will take all of their foundation and core classes in a full-time, lock step format during the first four terms of the program. Upon completion of the prerequisite core courses, students may begin taking their concentration classes at their own pace. Students in the Day M.B.A. Program may choose to specialize in any of the generally available MBA concentrations offered by the Kellstadt Graduate School of Business.

**Evening M.B.A. (All Campuses)**

All of the core course requirements for the M.B.A. are offered at the Loop and the Naperville and O'Hare suburban campuses. Required core courses are offered every quarter at the Loop campus but variably at the suburban campuses. All requirements are offered at least once each year at each of these locations.

Three full concentrations are available at each of the suburban campuses. These are Finance, Marketing Management and General Business. Electives applicable to other concentrations will be offered variably at the suburban locations but it may be necessary to travel to Loop campus to complete concentrations other than these three.

**Weekend M.B.A. at O'Hare Campus**

The Weekend M.B.A. Program is a rigorous yet rewarding program designed for the self-directed manager with an interest in using technology to supplement traditional M.B.A. course work. The curriculum provides knowledge in each of the major business functions along with specialized courses in Management and Finance such that students may earn concentrations in Finance and/or Operations Management as part of the weekend program. Upon completion of the required core sequence of courses, students are able to select concentration courses from among the more than 35 concentrations available to part-time M.B.A. students. Please note that only the Finance and Operations Management concentrations are available in the weekend format.

Each course is taught as a blend of traditional lecture and distance learning formats. Classes meet on alternate Saturdays at the O'Hare Campus. Students will work via distance learning in the weeks between class meetings. Admitted students will proceed through the program as a cohort group. Admission to the program is for fall quarter only.

**Concentration Requirements**

**Course Requirements**

To complete the concentration, students are required to take three courses including MGT 559 and two electives chosen from two separate course groups as specified below.

- **MGT 559 HEALTH SECTOR MANAGEMENT**
- Choose one from the following
  - ECO 798 SPECIAL TOPICS: HEALTH ECONOMICS
  - MPS 531 FINANCING AND COSTING IN HEALTH CARE
  - NSG 425 FISCAL MANAGEMENT IN HEALTH CARE
- Choose one from the following
  - MGT 508 QUALITY MANAGEMENT SYSTEMS
  - MGT 545 MANAGING SERVICE OPERATIONS
  - MGT 564 STREETS OF CHICAGO: HEALTH SECTOR MANAGEMENT
  - MGT 566 HEALTH INSURANCE & BENEFITS
  - MPS 535 HEALTH CARE ISSUES
  - MPS 537 HEALTH CARE DELIVERY SYSTEMS (CROSS-LISTED AS SOC 437)
  - MPS 562 INTRODUCTION TO HEALTH LAW (FORMERLY MPS 570)
  - NSG 430 POLITICAL AND LEGAL ISSUES IN HEALTH CARE (2 Credit Hours)
  - NSG 452 ORGANIZATIONAL AND FINANCIAL MANAGEMENT IN HEALTH CARE (CROSS-LISTED AS NSG 521)
  - NSG 453 CASE MANAGEMENT AND THE MANAGED CARE ENVIRONMENT
  - MGT 798 SPECIAL TOPICS: HEALTH CARE MANAGEMENT
  - MGT 798 SPECIAL TOPICS: HEALTHCARE AND PHARMACEUTICAL MANAGEMENT
  - MGT 798 SPECIAL TOPICS: MANAGEMENT OF HEALTH INSURANCE & BENEFITS
  - MGT 798 SPECIAL TOPICS: MANAGEMENT OF HUMANITARIAN SUPPLY CHAINS
History (MA)

The DePaul MA in History offers students the opportunity to explore the breadth and depth of the Historical Discipline. Students take a total of 12 courses, with all students beginning with History 421 "The Historical Discipline," in the Autumn Quarter of their first year. In Autumn Quarter of their second year, all students take History 422, "Seminar in Primary Source Analysis." Finally, in the Spring Quarter of their last year in the program, students take History 489, "The Graduate Capstone Seminar." In between the curricular bookends of 421 and 489, students take a total of nine graduate colloquia.

Admission Information

Application to the Master of Arts in History program are made through the University's Office of Graduate Admission (http://www.depaul.edu/admission-and-aid/types-of-admission/graduate-student/Pages/ias.aspx). To be admitted, students must hold a bachelor's degree and have taken 48 quarter hours or 36 semester hours in undergraduate level social sciences and/or humanities courses, with at least the equivalent of a minor in history (approximately 28 quarter hours or 21 semester hours). The History Graduate Committee will make the final admission determination.

In some cases the Graduate Committee may accept students who have not completed this minimum number of credit hours in history via the mechanism of "conditional" admission. Conditionally admitted students must comply with the following terms: they are to take only History 421 during their first quarter; and they must achieve a letter grade of B in each of their first three graduate courses.

Applications must include (a) a two-page personal statement explaining the applicant's interest in history and why they are pursuing an M.A., (b) official undergraduate transcripts, and (c) two letters of recommendation, (d) results of the general section of the GRE. Applications are reviewed as they are received. All students begin in the Autumn Quarter.

Degree Requirements

Course Requirements

The Core

- HST 421 THE HISTORICAL DISCIPLINE
- HST 422 SEMINAR IN PRIMARY SOURCE ANALYSIS
- HST 489 GRADUATE CAPSTONE

History 421 is a prerequisite for all other 400-level courses in the History department. This course must be taken in the Autumn quarter of the student's first year.

The Graduate Colloquia
In between HST 421 and 489, students take nine courses from the list of graduate colloquia. These colloquia share the programmatic emphasis of the curriculum with their emphasis on the historiographical aspects of their respective topic. Note that every colloquium, when offered, has a subtitle which identifies the specific sub-topic to be addressed that particular quarter. (For example: HST 431 Colloquium in American History: The New Deal.) As long as the topics (as reflected in the subtitle) of any colloquium are different, students may take more than one of any of the above courses. In order to ensure that students realize the curricular goals of breadth of exposure to the historical discipline, however, in no case is a student to take more than four colloquia bearing the same number. Thus, at the minimum, students will take courses in at least three different areas (as defined by colloquia titles).

- HST 431 COLLOQUIUM IN AMERICAN HISTORY
- HST 432 COLLOQUIUM IN LATIN AMERICAN HISTORY
- HST 433 COLLOQUIUM IN AFRICAN HISTORY
- HST 434 COLLOQUIUM IN ASIAN HISTORY
- HST 435 COLLOQUIUM IN EUROPEAN HISTORY
- HST 436 COLLOQUIUM IN ISLAMIC HISTORY
- HST 437 COLLOQUIUM IN WORLD HISTORY
- HST 438 COLLOQUIUM: SPECIAL TOPICS IN HISTORY

With the permission of the Graduate Director, students may substitute up to eight quarter hours of Independent Study or Graduate Internship for two colloquia.

- HST 492 GRADUATE INTERNSHIP
- HST 497 INDEPENDENT STUDY

In addition, upon consultation with the Graduate Director and with his/her approval, students may count up to two eight quarter hours from another DePaul graduate program toward their M.A.. Such courses would reduce the number of required colloquia by two.

**Student Handbook**

**Probation and Dismissal**

A graduate student goes on probation when his/her graduate GPA falls below 2.5 and remains on probation until four more courses are taken. At the end of those four courses, if the student has failed to raise his/her GPA to 2.5, the student may be dismissed and prohibited from registering for additional coursework.

**Conduct**

Faculty retain the right to define and enforce appropriate etiquette for the promotion of collegiality and civility. Instructors have the right to remove any offender(s) from the classroom. In cases of serious or repeated misconduct, the program director in consultation with the instructor and the chairperson may remove the student(s) from a course and/or the graduate program.

**Conditional Admission**

In some cases, strong candidates who have not completed the REQUIRED undergraduate credit hours in history and/or students who have not yet demonstrated their strengths in the field may be considered for conditional admission. Students admitted in this category may only take one course (HST 421) during the Autumn quarter. A student who passes 421 with a grade of B or above may then continue in the program but must receive grades of B or above in the next two graduate colloquia that he or she attempts. If the student does NOT receive a B or above in EACH of these three classes, he or she must leave the program.

**Readmission**

If a student is dismissed from the program, he or she may be reapply through the formal application process. All students considering applying for readmission are strongly encouraged to contact the Graduate Director.

**Transfer Credit**
Upon consultation with the Graduate Director and with his or her approval, students may request that up to 12 units (three courses) of graduate credit earned in other DePaul departments or at other graduate degree-granting institutions be counted toward the M.A. in History. The Graduate Director will handle such requests on a case-by-case basis. In no circumstances will graduate credit be given for undergraduate coursework or for courses that have been applied toward fulfillment of another degree. Transfer grades from other institutions do not count in the calculation of the DePaul grade point average.

**Undergraduate Courses**

Undergraduate courses are not applicable toward the degree, but it is sometimes possible (at the discretion of the graduate director) for students to apply foreign language courses toward requirements of the history MA. Students interested in taking foreign language courses that complement their historical studies should contact the graduate instructor prior to enrolling in any foreign language courses.

**Graduation Requirements**

In order to graduate from the program, students must complete all program requirements satisfactorily. Note that the coursework must be completed with a minimum cumulative GPA of 2.5.

**Graduation with Distinction**

Distinction is based on two criteria: (1) A record of consistent excellence in graduate coursework, generally interpreted as a cumulative GPA of 3.75 or higher; and (2) Exemplary work on the final paper produced within the capstone seminar as judged by the course instructor and the department's graduate committee, or (for thesis students), exemplary work on the thesis as judged by the thesis director and the department's graduate committee.

**Program Time Limitation**

Students in an M.A. program are expected to complete degree requirements within a six-year period from the first registration date for a course in the program. For students who do not, the department or program director may recommend, on receipt of the student’s petition, in writing, an extension of time with or without additional courses, examinations, or other conditions.

**Hospitality Leadership (MBA)**

The importance of hospitality is undeniable to many at local, regional and international levels. It is the business of travel and tourism. The industry has distinguished itself as the art and science of serving and pleasing. Hospitality is rooted in social engagement and cultural sensitivity, and is in alignment with management and leadership theory. Being an effective leader is one of the fundamental responsibilities of almost all hospitality executives as it plays a critical role in managing organizational success.

The hospitality leadership concentration area focuses on advanced hospitality leadership practices within the various industry segments. Leadership of hospitality service operations will be studied in the context of realms of experience and guest quality assurance. In this concentration, highly developed principles of the guest experience will be examined along with the critical role employee development and service delivery plays within the hospitality industry.
Admission Information

Applicants must possess the equivalent of a bachelor's degree from a regionally accredited institution. A prospective graduate student is expected to present a superior overall previous academic record and an above average total GMAT score (or GRE score where appropriate) including high achievement on the verbal, quantitative, and on the analytical writing assessment. The examination must have been taken no earlier than five years prior to the date of admission to the program.

Other factors, such as work experience and career progression, are also important and will be considered by the Admissions Committee. All applicants are required to submit two professional letters of recommendation as well as a current resume.

All prospective students are welcome to arrange a meeting with an admissions counselor. Please phone the graduate school office for an informal appointment. Interviews are not required as part of the admissions process for the part-time M.B.A. program, but may be requested by the Admissions Committee. Interviews for the full-time M.B.A. and weekend M.B.A. programs are on an invitation-only basis. Once a completed application has been received, a preliminary review is completed and selected candidates are invited to interview.

Each applicant is considered on an individual basis. The full-time and weekend M.B.A. programs do have limited enrollments, but for the other graduate business programs there currently is no predetermined limit to the number of students who can be admitted. Thus, for these programs, all students who are judged eligible by the Admissions Committee will be invited to matriculate.

Graduate Management Admission Test (GMAT)

To be considered for admission as a degree seeking student, an applicant will be required to submit a score from the Graduate Management Admission Test (GMAT). GMAT information including dates, a list of test centers, and applications for the exam may be obtained at www.mba.com or by contacting Pearsonvue at 1-800-717-4628. The GMAT score report must come directly from Pearsonvue. A test taken more than five years prior to the date of application is not considered valid for admission purposes and would have to be retaken. An exception may be made for individuals who hold a doctoral or other terminal degree awarded by an appropriately accredited institution. An exception may also be made for fully certified CPA's applying to the Master of Science in Taxation program. Applicants to the Master of Science in Human Resources Management and the Master of Science in Economics and Policy Analysis may submit either a GMAT or GRE (Graduate Records Examinations) score. As with the GMAT, GRE scores are valid for five years.

Application Deadlines

For the day MBA program (Full-time):

Admission to the Day M.B.A. program is competitive and is limited to the Autumn Quarter. There are three application rounds, with deadlines of February 1, April 1 and July 1. Application review begins in January, and you are encouraged to apply as early as possible. Decisions are mailed on an ongoing basis beginning in January, and applicants should expect to receive an admission decision approximately 4 weeks after their application becomes complete.

Applicants who wish to be considered for scholarships and graduate assistantships should apply during the first two application rounds. These awards are generally not available to applicants who apply after April 1.

Late applications submitted after the final July 1 deadline may be considered if space remains available in the incoming class.

For the weekend MBA and MS in Economic Policy Analysis programs:

Applications must be submitted by July 1st. Applications received after July 1st will be considered on a space available basis.

For all other graduate business programs:

Applications must be submitted by:

- July 1st for the Autumn Quarter
- October 1st for the Winter Quarter
- February 1st for the Spring Quarter
- April 1st for the Summer Quarter
Applicants educated outside the United States must submit their applications one month prior to the above deadlines.

Transcripts

Degree seeking applicants must present official transcripts from each junior college, college, and university attended (even if only for one course) including DePaul University, if applicable. Credits transferred and posted on the record of a second school do not constitute an official transcript of the original school. Transcripts that are already on file as part of a student record in another College Office at DePaul may be required to remain there and in that case cannot be transferred to the Graduate School of Business Office.

Applicants should write to the Registrar of each school attended, requesting that an official transcript be sent to the student. Once all of the transcripts have been received applicants should submit them to the graduate school office in their original envelopes with the applicant's name, date of birth and program of interest noted on the envelope. We will then add the transcripts to the applicant's admission file.

An applicant who is still taking courses or completing a program at the time he/she submits an application to the Graduate School of Business will not receive full admission until a final and official transcript listing the degree awarded has been submitted to the Admissions Committee. Please see Conditional Admission and Non-degree Status for more information regarding admission prior to posting of an undergraduate degree.

Readmission

A student previously admitted who has been absent from DePaul for one year or longer must complete the application form and submit a transcript of any courses taken elsewhere during his/her absence. A student must submit a written explanation of his/her absence from the program and an updated resume. A $30 application fee is required.

If the original application has been destroyed (after an absence of two years), the student may be required to complete a new application in full.

Special Instructions for International Applicants

Educational Credentials For International Students or Programs

Applicants must submit transcripts from all colleges and universities attended, including those attended but from which no credit was earned. Exceptions may be permitted for study-abroad credit when that credit is clearly defined and displayed on the home institution transcript.

Applicants with non-U.S. educational credentials for Winter term 2012 and beyond are required to submit their official educational credentials (e.g., transcripts, mark sheets, degree certificates, graduation diplomas) and evaluation fee directly to one of the three evaluation companies below:

- Educational Credential Evaluators, Inc.
- Educational Perspectives
- One Earth International Credential Evaluation

These evaluators will then provide DePaul with a general evaluation of their studies and certified copies of their international educational credentials which will be used during admission review. Please direct any questions about required credentials to the evaluation company you have selected and not to the Kellstadt Graduate School of Business. DePaul will not accept evaluations from any other evaluation companies and will not accept any educational credentials without an evaluation from ECE, EP or One Earth.

English Proficiency

Non-native English speakers who have not completed a bachelor's or master's degree in the United States should submit scores from a recognized English proficiency test. The Kellstadt Graduate School of Business accepts results from TOEFL, IELTS and the Pearson Test of English (PTE).
MBA Core Requirements

Course Requirements

- ACC 500 FINANCIAL ACCOUNTING
- ACC 555 MANAGEMENT ACCOUNTING FOR DECISION-MAKING
- ECO 509 BUSINESS CONDITIONS ANALYSIS
- ECO 555 ECONOMICS FOR DECISION-MAKING
- FIN 555 FINANCIAL MANAGEMENT
- GSB 420 APPLIED QUANTITATIVE ANALYSIS
- GSB 599 STRATEGIC ANALYSIS FOR COMPETING GLOBALLY
- MGT 500 MANAGING FOR EFFECTIVE AND ETHICAL ORGANIZATIONAL BEHAVIOR
- MGT 502 OPERATIONS MANAGEMENT
- MGT 555 STRATEGIC MANAGEMENT OF HUMAN RESOURCES
- MIS 555 MANAGEMENT OF INFORMATION TECHNOLOGY
- MKT 555 DECISIONS IN MARKETING MANAGEMENT

Concentrations

In addition to the required core courses, students have six electives they can use to take courses in a specific area of interest. These electives are typically used by students to select one or more concentrations in the area(s) that offer the knowledge, skills, and abilities that best fit the student's educational needs and interests.

While many students choose to have a specific area of concentration, those who would like more flexibility in selecting courses may choose the general business concentration instead. With this option, the student is free to choose six courses from several different areas of study within the graduate school of business.

If a student does not indicate a specific concentration of interest in the application for admission the student will be assigned to the general business concentration.

M.B.A. Options

Day M.B.A. (Full-time Accelerated)

The Day M.B.A. Program fulfills the business world's demand for M.B.A. graduates with the ability to understand and manage complex business processes. Students who choose this program option will take all of their foundation and core classes in a full-time, lock step format during the first four terms of the program. Upon completion of the prerequisite core courses, students may begin taking their concentration classes at their own pace. Students in the Day M.B.A. Program may choose to specialize in any of the generally available MBA concentrations offered by the Kellstadt Graduate School of Business.

Evening M.B.A. (All Campuses)

All of the core course requirements for the M.B.A. are offered at the Loop and the Naperville and O'Hare suburban campuses. Required core courses are offered every quarter at the Loop campus but variably at the suburban campuses. All requirements are offered at least once each year at each of these locations.

Three full concentrations are available at each of the suburban campuses. These are Finance, Marketing Management and General Business. Electives applicable to other concentrations will be offered variably at the suburban locations but it may be necessary to travel to Loop campus to complete concentrations other than these three.

Weekend M.B.A. at O'Hare Campus

The Weekend M.B.A. Program is a rigorous yet rewarding program designed for the self-directed manager with an interest in using technology to supplement traditional M.B.A. course work. The curriculum provides knowledge in each of the major business functions along with specialized courses in Management and Finance such that students may earn concentrations in Finance and/or Operations Management as part of the weekend program. Upon completion of the required core sequence of courses, students are able to select concentration courses from among the more than 35 concentrations available to part-time M.B.A. students. Please note that only the Finance and Operations Management concentrations are available in the weekend format.

Each course is taught as a blend of traditional lecture and distance learning formats. Classes meet on alternate Saturdays at the O'Hare Campus. Students will work via distance learning in the weeks between class meetings. Admitted students will proceed through the program as a cohort group. Admission to the program is for fall
Concentration Requirements

Course Requirements

- HSP 502 MANAGING THE GUEST/EMPLOYEE EXPERIENCE
- HSP 503 ADVANCED HOSPITALITY LEADERSHIP AND PERFORMANCE
- Choose one from the following:
  - MGT 508 QUALITY MANAGEMENT SYSTEMS
  - MGT 552 MANAGING CULTURAL DIFFERENCES FOR GLOBAL SUCCESS
  - MGT 590 MANAGEMENT OF INNOVATION AND TECHNOLOGICAL CHANGE
  - HSP 793 PRACTICUM IN APPLIED HOSPITALITY LEADERSHIP

Hospitality Leadership and Operational Performance (MS)

The MS degree in Hospitality and Operational Performance is designed to satisfy a unique market niche for current undergraduate and graduate students, industry professionals, and career-minded transitioning candidates. This graduate program focuses on developing leadership skills and operational capabilities in a broad array of hospitality service enterprises. Unique to the graduate Hospitality Leadership and Operational Performance curriculum is the integration of critical business skills and practices with cutting-edge hospitality leadership course offerings designed to incorporate service innovation and technology pertaining to guest experiences, human capital, and financial performance outcomes.

Program Learning Outcomes

- Enhanced business skill development incorporating hospitality operational constructs and key industry financial performance imperatives
- Leading innovative hospitality service experiences and guest interaction
- Assessing hospitality firm human capital needs and maximizing human capital performance

Admission Information

Applicants must possess the equivalent of a bachelor's degree from a regionally accredited institution. A prospective graduate student is expected to present a superior overall previous academic record and an above average total GMAT score (or GRE score where appropriate) including high achievement on the verbal, quantitative, and on the analytical writing assessment. The examination must have been taken no earlier than five years prior to the date of admission to the program.

Other factors, such as work experience and career progression, are also important and will be considered by the Admissions Committee. All applicants are required to submit two professional letters of recommendation as well as a current resume.

All prospective students are welcome to arrange a meeting with an admissions counselor. Please phone the graduate school office for an informal appointment. Interviews are not required as part of the admissions process.
process for the part-time M.B.A. program, but may be requested by the Admissions Committee. Interviews for the full-time M.B.A. and weekend M.B.A. programs are on an invitation-only basis. Once a completed application has been received, a preliminary review is completed and selected candidates are invited to interview.

Each applicant is considered on an individual basis. The full-time and weekend M.B.A. programs do have limited enrollments, but for the other graduate business programs there currently is no predetermined limit to the number of students who can be admitted. Thus, for these programs, all students who are judged eligible by the Admissions Committee will be invited to matriculate.

**Graduate Management Admission Test (GMAT)**

To be considered for admission as a degree seeking student, an applicant will be required to submit a score from the Graduate Management Admission Test (GMAT). GMAT information including dates, a list of test centers, and applications for the exam may be obtained at www.mba.com or by contacting Pearsonvue at 1-800-717-4628. The GMAT score report must come directly from Pearsonvue. A test taken more than five years prior to the date of application is not considered valid for admission purposes and would have to be retaken. An exception may be made for individuals who hold a doctoral or other terminal degree awarded by an appropriately accredited institution. An exception may also be made for fully certified CPA's applying to the Master of Science in Taxation program. Applicants to the Master of Science in Human Resources Management and the Master of Science in Economics and Policy Analysis may submit either a GMAT or GRE (Graduate Records Examinations) score. As with the GMAT, GRE scores are valid for five years.

**Application Deadlines**

**For the day MBA program (Full-time):**

Admission to the Day M.B.A. program is competitive and is limited to the Autumn Quarter. There are three application rounds, with deadlines of February 1, April 1 and July 1. Application review begins in January, and you are encouraged to apply as early as possible. Decisions are mailed on an ongoing basis beginning in January, and applicants should expect to receive an admission decision approximately 4 weeks after their application becomes complete.

Applicants who wish to be considered for scholarships and graduate assistantships should apply during the first two application rounds. These awards are generally not available to applicants who apply after April 1.

Late applications submitted after the final July 1 deadline may be considered if space remains available in the incoming class.

**For the weekend MBA and MS in Economic Policy Analysis programs:**

Applications must be submitted by July 1st. Applications received after July 1st will be considered on a space available basis.

**For all other graduate business programs:**

Applications must be submitted by:

- July 1st for the Autumn Quarter
- October 1st for the Winter Quarter
- February 1st for the Spring Quarter
- April 1st for the Summer Quarter

Applicants educated outside the United States must submit their applications one month prior to the above deadlines.

**Transcripts**

Degree seeking applicants must present official transcripts from each junior college, college, and university attended (even if only for one course) including DePaul University, if applicable. Credits transferred and posted on the record of a second school do not constitute an official transcript of the original school. Transcripts that are already on file as part of a student record in another College Office at DePaul may be required to remain there and in that case cannot be transferred to the Graduate School of Business Office.

Applicants should write to the Registrar of each school attended, requesting that an official transcript be sent to the student. Once all of the transcripts have been received applicants should submit them to the graduate school office in their original envelopes with the applicant's name, date of birth and program of interest noted on the envelope. We will then add the transcripts to the applicant's admission file.
An applicant who is still taking courses or completing a program at the time he/she submits an application to the Graduate School of Business will not receive full admission until a final and official transcript listing the degree awarded has been submitted to the Admissions Committee. Please see Conditional Admission and Non-degree Status for more information regarding admission prior to posting of an undergraduate degree.

Readmission

A student previously admitted who has been absent from DePaul for one year or longer must complete the application form and submit a transcript of any courses taken elsewhere during his/her absence. A student must submit a written explanation of his/her absence from the program and an updated resume. A $30 application fee is required.

If the original application has been destroyed (after an absence of two years), the student may be required to complete a new application in full.

Special Instructions for International Applicants

Educational Credentials For International Students or Programs

Applicants must submit transcripts from all colleges and universities attended, including those attended but from which no credit was earned. Exceptions may be permitted for study-abroad credit when that credit is clearly defined and displayed on the home institution transcript. Applicants with non-U.S. educational credentials for Winter term 2012 and beyond are required to submit their official educational credentials (e.g., transcripts, mark sheets, degree certificates, graduation diplomas) and evaluation fee directly to one of the three evaluation companies below:

- Educational Credential Evaluators, Inc.
- Educational Perspectives
- One Earth International Credential Evaluation

These evaluators will then provide DePaul with a general evaluation of their studies and certified copies of their international educational credentials which will be used during admission review. Please direct any questions about required credentials to the evaluation company you have selected and not to the Kellstadt Graduate School of Business. DePaul will not accept evaluations from any other evaluation companies and will not accept any educational credentials without an evaluation from ECE, EP or One Earth.

English Proficiency

Non-native English speakers who have not completed a bachelor's or master's degree in the United States should submit scores from a recognized English proficiency test. The Kellstadt Graduate School of Business accepts results from TOEFL, IELTS and the Pearson Test of English (PTE).

Degree Requirements

Course Requirements

Students complete the MS in Hospitality Leadership and Operational Performance by taking the following 12 courses for a total of 48 credits:

- MGT 500 MANAGING FOR EFFECTIVE AND ETHICAL ORGANIZATIONAL BEHAVIOR
- GSB 420 APPLIED QUANTITATIVE ANALYSIS
- MGT 502 OPERATIONS MANAGEMENT
- MKT 555 DECISIONS IN MARKETING MANAGEMENT
- MGT 555 STRATEGIC MANAGEMENT OF HUMAN RESOURCES
- HSP 502 MANAGING THE GUEST/EMPLOYEE EXPERIENCE
- HSP 503 ADVANCED HOSPITALITY LEADERSHIP AND PERFORMANCE
- HSP 505 SERVICE TECHNOLOGY & INNOVATION IN THE HOSPITALITY ENVIRONMENT
- HSP 506 HOSPITALITY OPERATIONAL PERFORMANCE DESIGN & IMPLEMENTATION
Prerequisite Phase

Students who enter the program without a formal hospitality undergraduate education, or hospitality industry work experience, must have successfully completed a course in Hospitality Operations prior to starting the MSHLOP program. Students without a formal business or hospitality undergraduate degree must also complete at least one accounting course at the undergraduate or graduate level prior to starting the program.

Degree Requirements

- Satisfactory completion of the college residency requirement.
- Satisfactory completion of the 12 required courses, or their substitutes as approved by the Director of the School of Hospitality Leadership.
- All courses for credit toward the degree must be completed within six calendar years after the candidate’s first term of enrollment in the Kellstadt Graduate School of Business. After a lapse of six years a course is expired. An expired course is not acceptable for the purpose of satisfaction of degree requirements and is not applicable to the degree.

Human Computer Interaction (MS)

The Master of Science in Human-Computer Interaction prepares students to design, implement, and evaluate computer interfaces so that they are accessible and easy for people to use. This interdisciplinary degree integrates concepts and methods from computer science, graphic design and the social sciences to provide a comprehensive understanding of the user-centered design process.

Students in this program will acquire a broad range of skills including:

- Carry out the full user-centered design process
- Conduct usability tests
- Research users and their tasks
- Create the information architecture for a web site or complex application
- Develop working prototypes of dynamic web sites

Admission Information

Admission information for this program can be found in the Graduate Admission page on the CDM web site under Prospective Students. (http://www.cdm.depaul.edu/Prospective%20Students/Pages/GraduateAdmissions.aspx)
Degree Requirements

Course Requirements

Introductory Courses

Introductory courses may be waived for any of the following conditions:

- The student has the appropriate course work to satisfy an Introductory Course.
- The student has appropriate and verified professional experience to satisfy an Introductory Course.
- The student passes a Graduate Assessment Examination (GAE) in the Introductory Course area.

- IT 411 SCRIPTING FOR INTERACTIVE SYSTEMS
- HCI 406 WEB SITE DESIGN FOR HCI
- HCI 402 FOUNDATIONS OF DIGITAL DESIGN
- IT 403 STATISTICS AND DATA ANALYSIS

Foundation Courses

- HCI 440 INTRODUCTION TO USER-CENTERED DESIGN
- HCI 450 FOUNDATIONS OF HUMAN-COMPUTER INTERACTION
- HCI 470 DIGITAL PAGE FORMATTING

Students currently taking Foundation Courses may register for a maximum of four Advanced Courses. To take full advantage of the collaborative learning environment, students taking online courses are highly encouraged to take PM 440 (Collaborative Technologies) early in the program. PM 440 counts as an HCI elective.

Advanced Courses

- HCI 430 PROTOTYPING AND IMPLEMENTATION
- HCI 445 INQUIRY METHODS AND USE ANALYSIS
- HCI 460 USABILITY EVALUATION METHODS
- HCI 454 INTERACTION DESIGN AND INFORMATION ARCHITECTURE

Major Elective Courses

Students must complete 4 elective courses from the lists below:

HCI Electives

- HCI 422 MULTIMEDIA
- HCI 432 USER-CENTERED WEB DEVELOPMENT
- HCI 511 ACCESSIBILITY AND DESIGN FOR DIVERSE USERS
- HCI 514 GLOBAL USER RESEARCH
- HCI 520 LEARNER-CENTERED DESIGN
- HCI 521 DESIGNING FOR CONTENT MANAGEMENT SYSTEMS
- HCI 530 USABILITY ISSUES FOR HANDHELD DEVICES
- HCI 580 USER EXPERIENCE DESIGN PRACTICUM
- HCI 590 TOPICS IN HUMAN-COMPUTER INTERACTION

Non-HCI Electives open to all HCI students

- CSC 423 DATA ANALYSIS AND REGRESSION
- CSC 424 ADVANCED DATA ANALYSIS
- CSC 428 DATA ANALYSIS FOR EXPERIMENTERS
- CSC 451 DATABASE DESIGN
- CSC 587 COGNITIVE SCIENCE
- ECT 433 SURVEY OF WEB PROGRAMMING TECHNOLOGIES
- ECT 455 E-COMMERCE WEB SITE ENGINEERING
- ECT 480 INTRANETS AND PORTALS
- ECT 586 CUSTOMER RELATIONSHIP MANAGEMENT TECHNOLOGIES
- GAM 424 GAME DESIGN WORKSHOP
- IS 456 KNOWLEDGE MANAGEMENT SYSTEMS
- IS 511 SOCIAL ISSUES OF COMPUTING
CDM Open Electives

Students must complete 1 advisor-approved CDM elective. Elective courses are in the range of 421-699 and must be from the College of CDM.

Capstone

- HCI 594 HUMAN-COMPUTER INTERACTION CAPSTONE

Degree Requirements

Students in this degree program must meet the following requirements:

- Complete a minimum of 52 graduate credit hours in addition to any required introductory courses of the designated degree program.
- Complete all graduate courses and requirements listed in the designated degree program.
- Earn a grade of B- or better in each introductory course of the designated degree program.
- Earn a grade of C- or better in all courses beyond the introductory courses of the designated degree program.
- Maintain a cumulative GPA of 2.5 or higher.
- Students pursuing a second master's degree must complete a minimum of *52 graduate credit hours beyond their first designated degree program in addition to any required introductory courses in their second designated degree program.

*53 graduate credit hours required for MS Information Systems.

Students with a GPA of 3.9 or higher will graduate with distinction.

For DePaul's policy on repeat graduate courses and a complete list of academic policies see the DePaul Graduate Handbook.

Human Resource Management (MBA)

The Human Resource Management Concentration fully prepares individuals to assume HR responsibilities in a variety of organizational settings. HR professionals add value to their organizations when they understand how the business operates and adapt HR activities to changing business conditions.

The HR concentration is designed to help HR professionals contribute to organizational goals, employee performance, and employee satisfaction via the understanding and application of:

- Legal and ethical principles that are related to human resource activities
- Fair and accurate staffing procedures to attract, hire and fire employees
- Efficient and equitable pay and benefits that attract, retain and motivate employees
- Training and development programs for personal & organizational growth
- Employee relations skills for teamwork, empowerment and conflict resolution
Admission Information

Applicants must possess the equivalent of a bachelor’s degree from a regionally accredited institution. A prospective graduate student is expected to present a superior overall previous academic record and an above average total GMAT score (or GRE score where appropriate) including high achievement on the verbal, quantitative, and on the analytical writing assessment. The examination must have been taken no earlier than five years prior to the date of admission to the program.

Other factors, such as work experience and career progression, are also important and will be considered by the Admissions Committee. All applicants are required to submit two professional letters of recommendation as well as a current resume.

All prospective students are welcome to arrange a meeting with an admissions counselor. Please phone the graduate school office for an informal appointment. Interviews are not required as part of the admissions process for the part-time M.B.A. program, but may be requested by the Admissions Committee. Interviews for the full-time M.B.A. and weekend M.B.A. programs are on an invitation-only basis. Once a completed application has been received, a preliminary review is completed and selected candidates are invited to interview.

Each applicant is considered on an individual basis. The full-time and weekend M.B.A. programs do have limited enrollments, but for the other graduate business programs there currently is no predetermined limit to the number of students who can be admitted. Thus, for these programs, all students who are judged eligible by the Admissions Committee will be invited to matriculate.

Graduate Management Admission Test (GMAT)

To be considered for admission as a degree seeking student, an applicant will be required to submit a score from the Graduate Management Admission Test (GMAT). GMAT information including dates, a list of test centers, and applications for the exam may be obtained at www.mba.com or by contacting Pearsonvue at 1-800-717-4628. The GMAT score report must come directly from Pearsonvue. A test taken more than five years prior to the date of application is not considered valid for admission purposes and would have to be retaken. An exception may be made for individuals who hold a doctoral or other terminal degree awarded by an appropriately accredited institution. An exception may also be made for fully certified CPA’s applying to the Master of Science in Taxation program. Applicants to the Master of Science in Human Resources Management and the Master of Science in Economics and Policy Analysis may submit either a GMAT or GRE (Graduate Records Examinations) score. As with the GMAT, GRE scores are valid for five years.

Application Deadlines

For the day MBA program (Full-time):

Admission to the Day M.B.A. program is competitive and is limited to the Autumn Quarter. There are three application rounds, with deadlines of February 1, April 1 and July 1. Application review begins in January, and you are encouraged to apply as early as possible. Decisions are mailed on an ongoing basis beginning in January, and applicants should expect to receive an admission decision approximately 4 weeks after their application becomes complete.

Applicants who wish to be considered for scholarships and graduate assistantships should apply during the first two application rounds. These awards are generally not available to applicants who apply after April 1.

Late applications submitted after the final July 1 deadline may be considered if space remains available in the incoming class.

For the weekend MBA and MS in Economic Policy Analysis programs:

Applications must be submitted by July 1st. Applications received after July 1st will be considered on a space available basis.

For all other graduate business programs:

Applications must be submitted by:
• July 1st for the Autumn Quarter
• October 1st for the Winter Quarter
• February 1st for the Spring Quarter
• April 1st for the Summer Quarter

Applicants educated outside the United States must submit their applications one month prior to the above deadlines.

Transcripts

Degree seeking applicants must present official transcripts from each junior college, college, and university attended (even if only for one course) including DePaul University, if applicable. Credits transferred and posted on the record of a second school do not constitute an official transcript of the original school. Transcripts that are already on file as part of a student record in another College Office at DePaul may be required to remain there and in that case cannot be transferred to the Graduate School of Business Office.

Applicants should write to the Registrar of each school attended, requesting that an official transcript be sent to the student. Once all of the transcripts have been received applicants should submit them to the graduate school office in their original envelopes with the applicant's name, date of birth and program of interest noted on the envelope. We will then add the transcripts to the applicant's admission file.

An applicant who is still taking courses or completing a program at the time he/she submits an application to the Graduate School of Business will not receive full admission until a final and official transcript listing the degree awarded has been submitted to the Admissions Committee. Please see Conditional Admission and Non-degree Status for more information regarding admission prior to posting of an undergraduate degree.

Readmission

A student previously admitted who has been absent from DePaul for one year or longer must complete the application form and submit a transcript of any courses taken elsewhere during his/her absence. A student must submit a written explanation of his/her absence from the program and an updated resume. A $30 application fee is required.

If the original application has been destroyed (after an absence of two years), the student may be required to complete a new application in full.

Special Instructions for International Applicants

Educational Credentials For International Students or Programs

Applicants must submit transcripts from all colleges and universities attended, including those attended but from which no credit was earned. Exceptions may be permitted for study-abroad credit when that credit is clearly defined and displayed on the home institution transcript.

Applicants with non-U.S. educational credentials for Winter term 2012 and beyond are required to submit their official educational credentials (e.g., transcripts, mark sheets, degree certificates, graduation diplomas) and evaluation fee directly to one of the three evaluation companies below:

• Educational Credential Evaluators, Inc.
• Educational Perspectives
• One Earth International Credential Evaluation

These evaluators will then provide DePaul with a general evaluation of their studies and certified copies of their international educational credentials which will be used during admission review. Please direct any questions about required credentials to the evaluation company you have selected and not to the Kellstadt Graduate School of Business. DePaul will not accept evaluations from any other evaluation companies and will not accept any educational credentials without an evaluation from ECE, EP or One Earth.

English Proficiency

Non-native English speakers who have not completed a bachelor's or master's degree in the United States should submit scores from a recognized English proficiency test. The Kellstadt Graduate School of Business accepts results from TOEFL, IELTS and the Pearson Test of English (PTE).
MBA Core Requirements

Course Requirements

Upon completion of the required core sequence of courses, students are able to select concentration courses from among the more than 35 concentrations available to part-time M.B.A. students. Please note that only the Finance and Operations Management concentrations are available in the weekend format.

Each course is taught as a blend of traditional lecture and distance learning formats. Classes meet on alternate Saturdays at the O'Hare Campus. Students will work via distance learning in the weeks between class meetings. Admitted students will proceed through the program as a cohort group. Admission to the program is for fall
Concentration Requirements

Course Requirements

To complete the concentration, students must take three courses.

- Choose two of the following
  - MGT 523 RECRUITMENT AND SELECTION
  - MGT 525 TRAINING AND CAREER DEVELOPMENT
  - MGT 526 COMPENSATION AND BENEFITS
- Choose one of the following
  - A third selection from the courses listed above
  - MGT 529 LIFE AND CAREER PLANNING
  - MGT 563 NEGOTIATION SKILLS
  - MGT 565 EMPLOYMENT LAW
  - MGT 798 SPECIAL TOPICS SPECIAL TOPICS IN HUMAN RESOURCES

Human Resources (MS)

Human Resource professionals help organizations strategically meet workplace challenges including employee attraction and retention, diversity, the global economy, mergers and acquisitions, new technology, incentives, restructuring, employee ownership, total rewards and performance management. Some of the jobs available to individuals with educational preparation at the master's degree level include Compensation Consultant, Benefits Consultant, Trainer, HR Analyst, Recruiter, Labor Relations Representative, and HR Director.

Individuals with an M.B.A. degree or students currently enrolled in the M.B.A. program may have up to six of their M.B.A. courses count toward the requirements of the Master of Science in Human Resources degree. The exact number of courses that can be double-counted in this manner depends upon the specific content and age of coursework.

Admission Information

Applicants must possess the equivalent of a bachelor's degree from a regionally accredited institution. A prospective graduate student is expected to present a superior overall previous academic record and an above average total GMAT score (or GRE score where appropriate) including high achievement on the verbal, quantitative, and on the analytical writing assessment. The examination must have been taken no earlier than five years prior to the date of admission to the program.

An exception may be made for individuals who hold a doctoral or other terminal degree awarded by an appropriately accredited institution. An exception may also be made for fully certified CPA's applying to the Master of Science in Taxation program. Applicants to the Master of Science in Human Resources Management and the Master of Science in Economics and Policy Analysis may submit either a GMAT or GRE (Graduate Records Examinations) score. As with the GMAT, GRE scores are valid for five years.

**Application Deadlines**

**For the day MBA program (Full-time):**

Admission to the Day M.B.A. program is competitive and is limited to the Autumn Quarter. There are three application rounds, with deadlines of February 1, April 1 and July 1. Application review begins in January, and you are encouraged to apply as early as possible. Decisions are mailed on an ongoing basis beginning in January, and applicants should expect to receive an admission decision approximately 4 weeks after their application becomes complete.

Applicants who wish to be considered for scholarships and graduate assistantships should apply during the first two application rounds. These awards are generally not available to applicants who apply after April 1.

Late applications submitted after the final July 1 deadline may be considered if space remains available in the incoming class.

**For the weekend MBA and MS in Economic Policy Analysis programs:**

Applications must be submitted by July 1st. Applications received after July 1st will be considered on a space available basis.

**For all other graduate business programs:**

Applications must be submitted by:

- July 1st for the Autumn Quarter
- October 1st for the Winter Quarter
- February 1st for the Spring Quarter
- April 1st for the Summer Quarter

Applicants educated outside the United States must submit their applications one month prior to the above deadlines.

**Transcripts**

Degree seeking applicants must present official transcripts from each junior college, college, and university attended (even if only for one course) including DePaul University, if applicable. Credits transferred and posted on the record of a second school do not constitute an official transcript of the original school. Transcripts that are already on file as part of a student record in another College Office at DePaul may be required to remain there and in that case cannot be transferred to the Graduate School of Business Office.

Applicants should write to the Registrar of each school attended, requesting that an official transcript be sent to the student. Once all of the transcripts have been received applicants should submit them to the graduate school office in their original envelopes with the applicant's name, date of birth and program of interest noted on the envelope. We will then add the transcripts to the applicant's admission file.
An applicant who is still taking courses or completing a program at the time he/she submits an application to the Graduate School of Business will not receive full admission until a final and official transcript listing the degree awarded has been submitted to the Admissions Committee. Please see Conditional Admission and Non-degree Status for more information regarding admission prior to posting of an undergraduate degree.

Readmission

A student previously admitted who has been absent from DePaul for one year or longer must complete the application form and submit a transcript of any courses taken elsewhere during his/her absence. A student must submit a written explanation of his/her absence from the program and an updated resume. A $30 application fee is required.

If the original application has been destroyed (after an absence of two years), the student may be required to complete a new application in full.

Special Instructions for International Applicants

Educational Credentials For International Students or Programs

Applicants must submit transcripts from all colleges and universities attended, including those attended but from which no credit was earned. Exceptions may be permitted for study-abroad credit when that credit is clearly defined and displayed on the home institution transcript.

Applicants with non-U.S. educational credentials for Winter term 2012 and beyond are required to submit their official educational credentials (e.g., transcripts, mark sheets, degree certificates, graduation diplomas) and evaluation fee directly to one of the three evaluation companies below:

- Educational Credential Evaluators, Inc.
- Educational Perspectives
- One Earth International Credential Evaluation

These evaluators will then provide DePaul with a general evaluation of their studies and certified copies of their international educational credentials which will be used during admission review. Please direct any questions about required credentials to the evaluation company you have selected and not to the Kellstadt Graduate School of Business. DePaul will not accept evaluations from any other evaluation companies and will not accept any educational credentials without an evaluation from ECE, EP or One Earth.

English Proficiency

Non-native English speakers who have not completed a bachelor's or master's degree in the United States should submit scores from a recognized English proficiency test. The Kellstadt Graduate School of Business accepts results from TOEFL, IELTS and the Pearson Test of English (PTE).

Degree Requirements

Course Requirements

Students complete the MS in Human Resources by taking 12 courses across three groups: 1) five core Human Resource courses, 2) four Human Resource electives, and 3) three business electives.

Core Human Resource Courses

- MGT 500 MANAGING FOR EFFECTIVE AND ETHICAL ORGANIZATIONAL BEHAVIOR
- MGT 555 STRATEGIC MANAGEMENT OF HUMAN RESOURCES
- MGT 523 RECRUITMENT AND SELECTION
  or PSY 442 PERSONNEL PSYCHOLOGY
- MGT 525 TRAINING AND CAREER DEVELOPMENT
  or PSY 445 ADVANCED TRAINING AND DEVELOPMENT IN ORGANIZATIONS
Human Resource Electives

Students choose four HR-related courses from the following areas at DePaul University:

- ECO 518 LABOR ECONOMICS AND LABOR RELATIONS (CROSS-LISTED AS MGT 518)
- LAW 202 EMPLOYMENT DISCRIMINATION
- GSB 420 APPLIED QUANTITATIVE ANALYSIS
- LAW 417 LABOR LAW
- MGT 529 LIFE AND CAREER PLANNING
- One of the following:
  - MGT 530 LEADERSHIP IN ORGANIZATIONS
  - MPS 521 LEADERSHIP AND MANAGEMENT
  - PSY 441 PSYCHOLOGY OF LEADERSHIP
- MGT 535 CHANGE MANAGEMENT
- MGT 562 RESOLVING CONFLICT IN ORGANIZATIONS
- MGT 563 NEGOTIATION SKILLS
- MGT 565 EMPLOYMENT LAW
- MGT 798 SPECIAL TOPICS: Managing Culture for Competitive Advantage
- WRD 522 WRITING IN THE PROFESSIONS (CROSS-LISTED AS MLS 459 AND MPS 508)
- PSY 440 PSYCHOLOGY OF WORK AND MOTIVATION
- PSY 444 PERFORMANCE APPRAISAL
- PSY 447 ORGANIZATIONAL CONSULTATION
- PSY 448 CONCEPTS, METHODS, AND ETHICS FOR INDUSTRIAL/ORGANIZATIONAL PSYCHOLOGY
- PSY 520 PRINCIPLES OF HUMAN DIVERSITY
- PSY 559 SEMINAR IN INDUSTRIAL/ORGANIZATIONAL PSYCHOLOGY: Stress and Health in Organizations
- PSY 680 INDUSTRIAL AND ORGANIZATIONAL PSYCHOLOGY
- MGT 793 MANAGEMENT INTERNSHIP (Strongly recommended for students without HR experience)

Three Business Electives

Choose three electives from certain courses in general business at DePaul’s Kellstadt Graduate School of Business.

- ACC 500 FINANCIAL ACCOUNTING
- BLW 500 LEGAL AND ETHICAL ENVIRONMENT
- ECO 500 MONEY AND FINANCIAL SYSTEMS
- ECO 509 BUSINESS CONDITIONS ANALYSIS
- ECO 555 ECONOMICS FOR DECISION-MAKING
- FIN 555 FINANCIAL MANAGEMENT
- IB 500 GLOBAL ECONOMY
- MGT 502 OPERATIONS MANAGEMENT
- MIS 555 MANAGEMENT OF INFORMATION TECHNOLOGY
  or MPS 516 MANAGEMENT OF INFORMATION TECHNOLOGY
- MKT 555 DECISIONS IN MARKETING MANAGEMENT
- MPS 500 INTRODUCTION TO PUBLIC SERVICE MANAGEMENT
- MPS 515 NONPROFIT FINANCIAL ADMINISTRATION
- MPS 529 STRATEGIC MANAGEMENT AND PLANNING

Degree Requirements

- Satisfactory completion of the college residency requirement.
- Satisfactory completion of 12 courses: 48 quarter hours.
- Satisfactory completion of five HR core courses: 20 quarter hours.
- Satisfactory completion of four HR-related electives: 16 quarter hours.
- Satisfactory completion of three Business electives: 12 quarter hours.
- A minimum of six courses (24 quarter hours) must be taken in courses from departments within the Kellstadt Graduate School of Business.
- All courses for credit toward the degree must be completed with satisfactory grades within six calendar years after the candidate’s first term of enrollment in the Kellstadt Graduate School of Business. After a lapse of six years a course is expired. An expired course is not acceptable for the purpose of satisfaction of degree requirements and is not applicable to the degree.
Psychology - Industrial/ Organizational (MA)

The Industrial/Organizational Psychology M.A./Ph.D. program prepares students for careers in industry, government and university settings. It focuses on the theory and techniques of selecting, evaluating, and developing individuals within an organization. Topics include personnel selection, performance appraisal, training and development, employee attitudes, motivation, leadership, and organizational theory. The program also allows considerable flexibility for the advanced student to pursue related disciplines such as management, information systems and marketing.

The curriculum is based on the scientist/practitioner model of graduate education and follows two basic principles:

- The industrial/organizational psychologist must have a solid foundation in general psychological theory, research methodology and philosophy of science, in addition to knowledge in the content area of I/O psychology.
- The industrial/organizational psychologist must be aware of the contributions of other disciplines to the study of organizations and must have practical experience in working with formal organizations as a psychologist.

To develop the "practitioner" aspect of this model, the DePaul Industrial/Organizational Psychology program encourages students to work in industrial/organizational settings within the Chicago area. The Chicago metropolitan area offers a rich environment for research and practice in I/O psychology; it includes more than 34,000 retail businesses, 14,000 wholesalers, 40,000 service organizations, 13,000 manufacturers and many other types of organizations. Adjunct and part-time faculty from these organizations can provide students with unique training and experience. The "scientist" aspect is addressed by encouraging students to participate fully in the research and publication process. We do not believe that students should be trained to be either academics or practitioners, but rather to have both sets of skills.

With its great Chicago location, DePaul University offers its I/O psychology graduate students unique opportunities for their education, research and applied experiences. Our strong faculty and alumni base enables current students to connect with the I/O community and to establish new relationships.

Admission Information

Please note this is not considered a terminal degree and students are not admitted for the M.A. program only.

Admission Requirements

The department accepts as graduate students only those who show definite promise for completing the requirements for advanced degrees. Meeting the minimum admission standards or having extensive undergraduate course work in psychology does not guarantee acceptance, since the number of applicants who can be admitted is limited. Preference is given to those applicants who have a well-balanced background of psychology courses and some background in science and mathematics. Students who do not have an undergraduate major in psychology but who otherwise satisfy these requirements may apply.

For consideration for admission, the applicant must have the following:

- Bachelor's degree (official transcript(s) required to verify degree).
- Satisfactory undergraduate scholastic average
- Minimum of 32 quarter hours (24 semester hours) in psychology. This total should include a three semester hour (four quarter hour) elementary statistics course as well as a course in experimental psychology. A course in History and Systems is also desirable.
- The departmental graduate admission committee will determine, on the basis of a consideration of each student's proposed program of study, whether the minimum 32 quarter hours in psychology is sufficient
Students considering application to the M.A.–Ph.D. program in Industrial/Organizational Psychology should be aware of the following:

Each year, this program can accept three to four new students. Approximately 100 students apply for these entrance spaces. The I/O faculty wishes applicants to know that all application materials are carefully evaluated, with emphasis on the following criteria.

**Completeness of credentials**

Applicant files that are not complete by the January 5th deadline cannot be evaluated, and thus those applicants must be rejected. GRE scores and grade point average: While numerical standards are not followed rigidly, doctoral applicants are expected to have an undergraduate GPA well above 3.4 as well as strong GRE scores.

**Preparation**

Students are expected to have had courses in statistics, experimental psychology, and other core areas of psychology. While an undergraduate class in I/O psychology is not required, such a class (or one in business or management) is helpful. The department considers students with prior graduate study in I/O psychology or closely related fields, but most of our students enter the program without other advanced degrees. Transfer credit for prior graduate work is severely limited.

**Interests**

Successful applicants in the past have been those whose personal statements reflect an understanding of the nature and content of the field of I/O psychology, and goals which are compatible with that field. We accept only those applicants who intend to work toward the doctoral degree. Students who desire a terminal master’s degree are not admitted.

**Diversity**

The I/O faculty strongly encourages applications from minority students.

---

**Degree Requirements**

**Course Requirements**

Minimum of 72 credit hours are required to earn the Master of Arts.

**Core Courses**

- PSY 404 LEARNING AND COGNITIVE PROCESSES
- PSY 430 ADVANCED SOCIAL PSYCHOLOGY

**Statistics and Methodology Courses**

- PSY 410 ADVANCED STATISTICS I
- PSY 411 ADVANCED STATISTICS II
- One course from the following list:
  - PSY 418 MULTIVARIATE STATISTICAL ANALYSIS
  - PSY 419 FACTOR ANALYSIS AND PATH MODELING
- PSY 420 ADVANCED RESEARCH METHODOLOGY

**Industrial Psychology Core Courses**
Six courses from the following list:
- PSY 440 PSYCHOLOGY OF WORK AND MOTIVATION
- PSY 441 PSYCHOLOGY OF LEADERSHIP
- PSY 442 PERSONNEL PSYCHOLOGY
- PSY 444 PERFORMANCE APPRAISAL
- PSY 445 ADVANCED TRAINING AND DEVELOPMENT IN ORGANIZATIONS
- PSY 446 PSYCHOLOGICAL THEORIES OF ORGANIZATIONS
- PSY 447 ORGANIZATIONAL CONSULTATION
- PSY 448 CONCEPTS, METHODS, AND ETHICS FOR INDUSTRIAL/ORGANIZATIONAL PSYCHOLOGY
- PSY 559 SEMINAR IN INDUSTRIAL/ORGANIZATIONAL PSYCHOLOGY

Other Required Courses

Additional courses are required to attain the minimum of 72 credit hours, including PSY 597 MASTER'S THESIS RESEARCH. These courses should be taken with the consent of the student's faculty advisor.

Degree Candidacy

During the Winter quarter of the second year of graduate study, each student is evaluated for acceptance as a candidate for the doctoral degree. Only those students who have given evidence of satisfactory academic performance as graduate students, and have had a research proposal for the master's thesis approved, will be advanced. The department reserves the right to require the student to take special or oral examinations to fulfill this requirement. Students denied candidacy will be required to withdraw from the program or withdraw after completion of the M.A.

Research Thesis

Complete a thesis on a topic approved by the department.

Thesis Examination

Either written or oral, the examination, in the field of graduate study, may be, but is not necessarily, limited to a defense of the student's thesis.

Psychology - Industrial/ Organizational (PhD)

The Industrial/Organizational Psychology Ph.D. program prepares students for careers in industry, government and university settings. It focuses on the theory and techniques of selecting, evaluating, and developing individuals within an organization. Topics include personnel selection, performance appraisal, training and development, employee attitudes, motivation, leadership, and organizational theory. The program also allows considerable flexibility for the advanced student to pursue related disciplines such as management, information systems and marketing.

The curriculum is based on the scientist/practitioner model of graduate education and follows two basic principles:

- The industrial/organizational psychologist must have a solid foundation in general psychological theory, research methodology and philosophy of science, in addition to knowledge in the content area of I/O psychology.
- The industrial/organizational psychologist must be aware of the contributions of other disciplines to the study of organizations and must have practical experience in working with formal organizations as a psychologist.

To develop the "practitioner" aspect of this model, the DePaul Industrial/Organizational Psychology program encourages students to work in industrial/organizational settings within the Chicago area. The Chicago metropolitan area offers a rich environment for research and practice in I/O psychology; it includes more than 34,000 retail businesses, 14,000 wholesalers, 40,000 service organizations, 13,000 manufacturers and many other types of organizations. Adjunct and part-time faculty from these organizations can provide students with unique training and experience. The "scientist" aspect is addressed by encouraging students to participate fully in
the research and publication process. We do not believe that students should be trained to be either academics or practitioners, but rather to have both sets of skills.

Admission Information

Students holding a bachelor's degree are not admitted directly into doctoral programs. Admission to Doctoral candidacy is predicated upon successful completion of all required MA coursework, successful completion and defense of an empirical thesis before a committee of faculty, and successful completion of either the Comprehensive Exam or an approved Comprehensive (Alternative) Project. These requirements must be met within four (4) years of admission to the MA/PhD program for a student to be considered for Doctoral Candidacy.

Degree Requirements

Course Requirements

Minimum of 96 credit hours beyond the bachelor's degree, including four credit hours of PSY 599 DISSERTATION RESEARCH. In addition to those courses required for the M.A., the following courses must be completed.

Statistics Courses

- PSY 418 MULTIVARIATE STATISTICAL ANALYSIS
- PSY 419 FACTOR ANALYSIS AND PATH MODELING
- PSY 450 PSYCHOLOGICAL MEASUREMENT

Industrial Psychology Courses

- PSY 440 PSYCHOLOGY OF WORK AND MOTIVATION
- PSY 441 PSYCHOLOGY OF LEADERSHIP
- PSY 442 PERSONNEL PSYCHOLOGY
- PSY 444 PERFORMANCE APPRAISAL
- PSY 445 ADVANCED TRAINING AND DEVELOPMENT IN ORGANIZATIONS
- PSY 446 PSYCHOLOGICAL THEORIES OF ORGANIZATIONS
- PSY 447 ORGANIZATIONAL CONSULTATION
- PSY 448 CONCEPTS, METHODS, AND ETHICS FOR INDUSTRIAL/ORGANIZATIONAL PSYCHOLOGY
- PSY 559 SEMINAR IN INDUSTRIAL/ORGANIZATIONAL PSYCHOLOGY (taken twice)

Electives

Additional courses with consent of the student's faculty advisor to attain the required minimum number of credit hours.

Other Program Requirements

Doctoral Candidacy Examination

Designed to assess the student's knowledge of psychology and the student's area of specialization. The examination is given in two sections. A section consists of an examination in the areas represented by the required courses in industrial/organizational psychology. The second section is an oral examination in the area of I/O psychology.
Admission to Doctoral Candidacy

Formally given to the student who has successfully passed the Doctoral Candidacy Examination; the student has no more than 5 years from that date to complete requirements for the doctorate.

Candidacy Continuation

Course(s) or candidacy continuation registration required each quarter between admission to candidacy and graduation.

Dissertation

Departmental committee approval and acceptance of topic and outline of dissertation given only after admission to candidacy. Research for the dissertation should normally be completed during the student’s fourth year in the program.

Oral Examination

Student to defend his or her dissertation and to show competence in the general field of psychology and in the area of specialization.

Time Limitations

1. Between admission to the doctoral program and admission to doctoral candidacy: not more than four years
2. Between admission to candidacy and the final examination: not less than eight months and not more than five years.

Information Systems (MS)

The Master of Science in Information Systems program focuses on integrating business and technical emphases on the development, management, and planning of information systems. This program will give students a strong foundation in business and systems analysis, project management, database, and enterprise infrastructure. Building on this foundation, students will acquire a broad set of skills representing ten in-demand specializations in the IT workforce.

Regardless of concentrations the advanced phase of this curriculum prepares students to lead and support organizations’ changing needs in the use of information and information technologies through knowledge in:

- Enterprise systems
- Financial analysis for IT projects and capital decisions
- Information security and compliance
- Analytical methods and techniques for various analytical specializations
- Current and emerging technologies and IS practices
- Information systems policies and strategies

Completion of this program will enable students to support organizations to gain strategic and tactical competitive advantage. Students can choose one of ten concentrations that best meets their career plans. They will gain expertise in managing IS operations while enhancing specific technical skills. As business and systems analysts, students will develop a solid understanding of business issues when applying technical solutions to meet organization needs. As project managers, students will lead application development and enterprise projects to ensure effective management of resources in meeting stakeholder expectation. For students interested in managerial careers, this program prepares them to lead the implementation of an organization’s IT and e-business strategies as Chief Information Officer, Chief Technology Officer, or e-Business Manager. Students may also specialize in burgeoning careers as enterprise systems integrators, business intelligence analysts, information security and compliance specialists, business web analysts and developers, and database administrators. For students who already have professional IT experience, this program offers flexibility in course selection for career enhancement.
Admission Information

Admission information for this program can be found in the Graduate Admission page on the CDM web site under Prospective Students. (http://www.cdm.depaul.edu/Prospective%20Students/Pages/GraduateAdmissions.aspx)

Degree Requirements

Course Requirements

Introductory, Foundation, Advanced and Elective course selections are determined by the concentration chosen.

Introductory Courses

Introductory courses may be waived for any of the following conditions:

- The student has the appropriate course work to satisfy an Introductory Course.
- The student has appropriate and verified professional experience to satisfy an Introductory Course.
- The student passes a Graduate Assessment Examination (GAE) in the Introductory Course area.

Degree Requirements

Students in this degree program must meet the following requirements:

- Complete a minimum of 53 graduate credit hours in addition to any required introductory courses of the designated degree program.
- Complete all graduate courses and requirements listed in the designated degree program.
- Earn a grade of C- or better in all courses beyond the introductory courses of the designated degree program.
- Maintain a cumulative GPA of 2.5 or higher.
- Students pursuing a second master's degree must complete a minimum of *52 graduate credit hours beyond their first designated degree program in addition to any required introductory courses in their second designated degree program.

*53 graduate credit hours required for MS Information Systems.

Students with a GPA of 3.9 or higher will graduate with distinction.

Standard Concentration

Course Requirements

Introductory Courses

Introductory course requirements for this concentration can be completed at any time before graduation.

- IT 411 SCRIPTING FOR INTERACTIVE SYSTEMS
  or CSC 401 INTRODUCTION TO PROGRAMMING
Foundation Courses

- IS 400 INTRODUCTION TO IS MANAGEMENT SEMINAR
- IS 421 SYSTEMS ANALYSIS
- CSC 451 DATABASE DESIGN
- IS 422 SYSTEM DESIGN, IMPLEMENTATION, AND MAINTENANCE
- ECT 424 ENTERPRISE INFRASTRUCTURE
- IS 430 FUNDAMENTALS OF IT PROJECT MANAGEMENT

Advanced Courses

- IS 433 INFORMATION SECURITY MANAGEMENT
- IS 560 ENTERPRISE SYSTEMS
- IS 535 INFORMATION TECHNOLOGY INVESTMENT FINANCIAL ANALYSIS

CDM Open Elective Courses

Students must complete 4 CDM Open Elective Courses chosen from either IS concentration courses from any IS concentration or other courses meeting the following rules:

- Any CDM course in the 421-699 range qualifies, with the exception of ANI, DC, TV and VFX courses, which do not qualify.
- The following courses also qualify:
  - IT 411 SCRIPTING FOR INTERACTIVE SYSTEMS
  - ECT 410 DEVELOPMENT OF WEB-BASED BUSINESS APPLICATIONS
  - CSC 401 INTRODUCTION TO PROGRAMMING
  - HCI 406 WEB SITE DESIGN FOR HCI
  - IT 403 STATISTICS AND DATA ANALYSIS

Credit for courses taken outside of CDM will only be given if approved by a faculty advisor.

At least 1 of the Open Elective Courses must be 500-level or above.

Capstone

- IS 577 INFORMATION SYSTEMS POLICIES AND STRATEGIES

Business Analysis/ Systems Analysis Concentration

Course Requirements

Introductory Courses

Introductory course requirements for this concentration can be completed at any time before graduation.

- IT 411 SCRIPTING FOR INTERACTIVE SYSTEMS
  or CSC 401 INTRODUCTION TO PROGRAMMING

Foundation Courses

- IS 400 INTRODUCTION TO IS MANAGEMENT SEMINAR
- IS 421 SYSTEMS ANALYSIS
- CSC 451 DATABASE DESIGN
- IS 422 SYSTEM DESIGN, IMPLEMENTATION, AND MAINTENANCE
- ECT 424 ENTERPRISE INFRASTRUCTURE
- IS 430 FUNDAMENTALS OF IT PROJECT MANAGEMENT

Advanced Courses

- IS 433 INFORMATION SECURITY MANAGEMENT
Major Elective Courses

- Choose 1 course from the list below:
  - IS 570 ENTERPRISE SYSTEM IMPLEMENTATION
  - ECT 480 INTRANETS AND PORTALS
  - ECT 481 INTERNET SUPPLY CHAIN MANAGEMENT
  - ECT 436 SOCIAL MARKETING AND SOCIAL NETWORKING APPLICATIONS
  - ECT 586 CUSTOMER RELATIONSHIP MANAGEMENT TECHNOLOGIES
  - IS 440 COLLABORATIVE TECHNOLOGIES FOR LEADING PROJECTS
  - IS 540 GLOBAL INFORMATION TECHNOLOGY
  - IS 565 IT OUTSOURCING
  - SE 582 SOFTWARE-INTENSIVE SYSTEMS ENGINEERING AND MANAGEMENT

At least 1 of the Major or Open electives must be 500-level or above.

CDM Open Elective Courses

Students must complete 1 CDM Open Elective Course chosen from either IS concentration courses from any IS concentration or other courses meeting the following rules:

- Any CDM course in the 421-699 range qualifies, with the exception of ANI, DC, TV and VFX courses, which do not qualify.
- The following courses also qualify:
  - IT 411 SCRIPTING FOR INTERACTIVE SYSTEMS
  - ECT 410 DEVELOPMENT OF WEB-BASED BUSINESS APPLICATIONS
  - CSC 401 INTRODUCTION TO PROGRAMMING
  - HCI 406 WEB SITE DESIGN FOR HCI
  - IT 403 STATISTICS AND DATA ANALYSIS

Credit for courses taken outside of CDM will only be given if approved by a faculty advisor.

Business Web Analysis and Development Concentration

Course Requirements

This concentration in Business Web Analysis and Development prepares students to function as programmer/analysts in an e-business environment. The e-business programmer/analyst must have a strong knowledge of both Web development technologies and e-business applications. Knowledge of e-business security is critical. This concentration is designed for those who are interested in both programming and analysis in a Web environment. Ideal personal characteristics include outstanding logic and attention to detail, coupled with strong interest in the business function and an ability to work well with others.

Note: While there is some programming involved, the MS in IS with a Concentration in Business Web Analysis and Development is NOT primarily a programming degree. As an alternative, the MS in E-Commerce Technology degree should be considered by students seeking a stronger emphasis on programming within the e-commerce arena. Students whose primary career focus is on programming in general should consider the MS in Software Engineering or the MS in Computer Science degree.

Introductory Courses

Introductory course requirements for this concentration should be completed before pursuing advanced courses.

- IT 411 SCRIPTING FOR INTERACTIVE SYSTEMS
or CSC 401 INTRODUCTION TO PROGRAMMING
- ECT 410 DEVELOPMENT OF WEB-BASED BUSINESS APPLICATIONS

**Foundation Courses**
- IS 400 INTRODUCTION TO IS MANAGEMENT SEMINAR
- IS 421 SYSTEMS ANALYSIS
- CSC 451 DATABASE DESIGN
- IS 422 SYSTEM DESIGN, IMPLEMENTATION, AND MAINTENANCE
- ECT 424 ENTERPRISE INFRASTRUCTURE
- IS 430 FUNDAMENTALS OF IT PROJECT MANAGEMENT

**Advanced Courses**
- ECT 582 SECURE ELECTRONIC COMMERCE
- ECT 455 E-COMMERCE WEB SITE ENGINEERING
- ECT 583 ADVANCED SCRIPTING TECHNOLOGIES
- ECT 436 SOCIAL MARKETING AND SOCIAL NETWORKING APPLICATIONS

**Major Elective Courses**
- Choose 2 courses from the list below:
  - IS 560 ENTERPRISE SYSTEMS
  - ECT 481 INTERNET SUPPLY CHAIN MANAGEMENT
  - ECT 587 MOBILE COMMERCE TECHNOLOGY
  - SE 452 OBJECT-ORIENTED ENTERPRISE COMPUTING
  - HCI 521 DESIGNING FOR CONTENT MANAGEMENT SYSTEMS
  - ECT 586 CUSTOMER RELATIONSHIP MANAGEMENT TECHNOLOGIES
  - ECT 589 E-BUSINESS STRATEGIES
  - IS 536 ENTERPRISE CLOUD COMPUTING

At least 1 of the Major or Open electives must be 500-level or above

**CDM Open Elective Courses**

Students must complete 1 CDM Open Elective Course chosen from either IS concentration courses from any IS concentration or other courses meeting the following rules:
- Any CDM course in the 421-699 range qualifies, with the exception of ANI, DC, TV and VFX courses, which do not qualify.
- The following courses also qualify:
  - IT 411 SCRIPTING FOR INTERACTIVE SYSTEMS
  - ECT 410 DEVELOPMENT OF WEB-BASED BUSINESS APPLICATIONS

---

**Database Administration Concentration**

**Course Requirements**

This concentration in Database Administration is designed to prepare students to be Database Administrators. Large organizations have entire teams or even departments responsible for the DBA function, while small organizations may have just one DBA. In general, DBA's are responsible for the validity, reliability, security, and...
online responsiveness of their organization's database. They design both the physical and logical structure of these databases, develop processes and procedures to ensure both security and business continuity and disaster recovery.

Introductory Courses

Introductory course requirements for this concentration should be completed before pursuing advanced courses.

  - IS 535 INFORMATION TECHNOLOGY INVESTMENT FINANCIAL ANALYSIS

**CDM Open Elective Courses**

Students must complete 1 CDM Open Elective Course chosen from either IS concentration courses from any IS concentration or other courses meeting the following rules:

- Any CDM course in the 421-699 range qualifies, with the exception of ANI, DC, TV and VFX courses, which do not qualify.
- The following courses also qualify:
  - IT 411 SCRIPTING FOR INTERACTIVE SYSTEMS
  - ECT 410 DEVELOPMENT OF WEB-BASED BUSINESS APPLICATIONS
  - CSC 401 INTRODUCTION TO PROGRAMMING
  - HCI 406 WEB SITE DESIGN FOR HCI
  - IT 403 STATISTICS AND DATA ANALYSIS

Credit for courses taken outside of CDM will only be given if approved by a faculty advisor.

At least 1 of the Major or Open electives must be 500-level or above.

**Capstone**

- IS 577 INFORMATION SYSTEMS POLICIES AND STRATEGIES

---

**Information Security and Compliance Concentration**

**Course Requirements**

The concentration in Information Security & Compliance prepares students to function as information security managers, risk managers, IT auditors, and compliance analysts. These roles are responsible for conducting risk assessments, developing and implementing security policies, and ensuring an organization’s IT compliance with
internal, industry, and government regulation, policies, and procedures. These roles play an integral part in advising and collaborating across organizational units on chain of trust agreements, business continuity and disaster recovery plans, and audit and governmental compliance practices. Further, these roles are responsible for building organizational awareness of security and compliance policies and procedures. As such, these professionals must maintain current knowledge of a broad range of security threats and vulnerabilities, legal requirements, ethical considerations, industry standards and control techniques. These professionals are detail-oriented and persistent, are persuasive in both oral and written communication to a broad range of technical and non-technical organizational members, and are effective at advising and influencing senior management.

**Introductory Courses**

Introductory course requirements for this concentration can be completed at any time before graduation.

- IT 411 SCRIPTING FOR INTERACTIVE SYSTEMS
  or CSC 401 INTRODUCTION TO PROGRAMMING

**Foundation Courses**

- IS 400 INTRODUCTION TO IS MANAGEMENT SEMINAR
- IS 421 SYSTEMS ANALYSIS
- CSC 451 DATABASE DESIGN
- IS 422 SYSTEM DESIGN, IMPLEMENTATION, AND MAINTENANCE
- ECT 424 ENTERPRISE INFRASTRUCTURE
- IS 430 FUNDAMENTALS OF IT PROJECT MANAGEMENT

**Advanced Courses**

- IS 433 INFORMATION SECURITY MANAGEMENT
- IS 444 IT AUDITING
- IS 505 BUSINESS CONTINUITY/DISASTER RECOVERY THEORIES AND STRATEGIES
- CNS 477 LEGAL ISSUES IN INFORMATION ASSURANCE
- IS 533 ENTERPRISE SECURITY INFRASTRUCTURE CONTROLS AND REGULATORY COMPLIANCE

**Major Elective Courses**

- Choose 1 course from the list below:
  - IS 506 BUSINESS CONTINUITY/DISASTER RECOVERY MANAGEMENT AND TACTICS
  - IS 560 ENTERPRISE SYSTEMS
  - IS 536 ENTERPRISE CLOUD COMPUTING
  - IS 535 INFORMATION TECHNOLOGY INVESTMENT FINANCIAL ANALYSIS

**CDM Open Elective Courses**

Students must complete 1 CDM Open Elective Course chosen from either IS concentration courses from any IS concentration or other courses meeting the following rules:

- Any CDM course in the 421-699 range qualifies, with the exception of ANI, DC, TV and VFX courses, which do not qualify.
- The following courses also qualify:
  - IT 411 SCRIPTING FOR INTERACTIVE SYSTEMS
  - ECT 410 DEVELOPMENT OF WEB-BASED BUSINESS APPLICATIONS
  - CSC 401 INTRODUCTION TO PROGRAMMING
  - HCI 406 WEB SITE DESIGN FOR HCI
  - IT 403 STATISTICS AND DATA ANALYSIS

Credit for courses taken outside of CDM will only be given if approved by a faculty advisor.

At least 1 of the Major or Open electives must be 500-level or above.

**Capstone**

- IS 577 INFORMATION SYSTEMS POLICIES AND STRATEGIES
Information Technology Management Concentration

Course Requirements

The concentration in Information Technology Management prepares students to lead an organization's IT function, as either Chief Information Officer or Chief Technology Officer. Such positions have strategic responsibility for identifying and championing the strategic use of IT within their organizations, as well as ensuring that the IT infrastructure is capable of meeting strategic business goals. In addition, these executives have substantial budgetary responsibility, including responsibility for allocating scarce monetary and human resources among competing projects. They are responsible for smooth daily operation of the various functional departments within the Information Technology area, as well as for ensuring disaster recovery and business continuity.

Introductory Courses

Introductory course requirements for this concentration can be completed at any time before graduation.

- IT 411 SCRIPTING FOR INTERACTIVE SYSTEMS
  or CSC 401 INTRODUCTION TO PROGRAMMING

Foundation Courses

- IS 400 INTRODUCTION TO IS MANAGEMENT SEMINAR
- IS 421 SYSTEMS ANALYSIS
- CSC 451 DATABASE DESIGN
- IS 422 SYSTEM DESIGN, IMPLEMENTATION, AND MAINTENANCE
- ECT 424 ENTERPRISE INFRASTRUCTURE
- IS 430 FUNDAMENTALS OF IT PROJECT MANAGEMENT

Advanced Courses

- IS 500 INFORMATION TECHNOLOGY LEADERSHIP
  or MGT 500 MANAGING FOR EFFECTIVE AND ETHICAL ORGANIZATIONAL BEHAVIOR
- IS 505 BUSINESS CONTINUITY/DISASTER RECOVERY THEORIES AND STRATEGIES
- IS 565 IT OUTSOURCING
- IS 570 ENTERPRISE SYSTEM IMPLEMENTATION
- IS 535 INFORMATION TECHNOLOGY INVESTMENT FINANCIAL ANALYSIS

Major Elective Courses

- Choose 1 course from the list below:
  - IS 444 IT AUDITING
  - IS 560 ENTERPRISE SYSTEMS
  - IS 440 COLLABORATIVE TECHNOLOGIES FOR LEADING PROJECTS
  - ECT 565 MOBILE ENTERPRISE
  - IS 433 INFORMATION SECURITY MANAGEMENT
  - ECT 589 E-BUSINESS STRATEGIES
  - IS 506 BUSINESS CONTINUITY/DISASTER RECOVERY MANAGEMENT AND TACTICS
  - IS 483 INFORMATION SERVICES AND OPERATIONS
  - IS 536 ENTERPRISE CLOUD COMPUTING
  - IS 579 VIRTUAL SOFTWARE TEAMS MANAGEMENT
  - IS 580 TECHNOLOGY ENTREPRENEURSHIP

CDM Open Elective Courses

Students must complete 1 CDM Open Elective Course chosen from either IS concentration courses from any IS concentration or other courses meeting the following rules:

- Any CDM course in the 421-699 range qualifies, with the exception of ANI, DC, TV and VFX courses, which do not qualify.
- The following courses also qualify:
  - IT 411 SCRIPTING FOR INTERACTIVE SYSTEMS
  - ECT 410 DEVELOPMENT OF WEB-BASED BUSINESS APPLICATIONS
  - CSC 401 INTRODUCTION TO PROGRAMMING
  - HCI 406 WEB SITE DESIGN FOR HCI
Managing E-Business Concentration

Course Requirements

The concentration in e-business management prepares students to manage an organization’s e-business efforts, including developing and overseeing a long range e-business strategy. E-business managers champion the use and expansion of Web-based systems in meeting strategic goals. They work closely with marketing and sales departments to develop and enhance their Web-based efforts. Some students in this concentration will seek initial positions as Web content managers. Typical characteristics for those managing e-business include strategic vision, a proactive orientation, a lifelong interest in new technology, and outstanding interpersonal skills.

Introductory Courses

Introductory course requirements for this concentration should be completed before pursuing advanced courses.

- IT 411 SCRIPTING FOR INTERACTIVE SYSTEMS
- CSC 401 INTRODUCTION TO PROGRAMMING
- ECT 410 DEVELOPMENT OF WEB-BASED BUSINESS APPLICATIONS

Foundation Courses

- IS 400 INTRODUCTION TO IS MANAGEMENT SEMINAR
- IS 421 SYSTEMS ANALYSIS
- CSC 451 DATABASE DESIGN
- IS 422 SYSTEM DESIGN, IMPLEMENTATION, AND MAINTENANCE
- ECT 424 ENTERPRISE INFRASTRUCTURE
- IS 430 FUNDAMENTALS OF IT PROJECT MANAGEMENT

Advanced Courses

- ECT 589 E-BUSINESS STRATEGIES
- ECT 455 E-COMMERCE WEB SITE ENGINEERING
- ECT 586 CUSTOMER RELATIONSHIP MANAGEMENT TECHNOLOGIES
- IS 535 INFORMATION TECHNOLOGY INVESTMENT FINANCIAL ANALYSIS
- MKT 555 DECISIONS IN MARKETING MANAGEMENT

Major Elective Courses

- Choose 1 course from the list below:
  - ECT 556 ENTERPRISE ARCHITECTURE AND DESIGN
  - ECT 565 MOBILE ENTERPRISE
  - IS 556 ENTERPRISE PROJECT MANAGEMENT
  - ECT 480 INTRANETS AND PORTALS
  - IS 560 ENTERPRISE SYSTEMS
  - IS 440 COLLABORATIVE TECHNOLOGIES FOR LEADING PROJECTS
  - ECT 582 SECURE ELECTRONIC COMMERCE
  - HCI 521 DESIGNING FOR CONTENT MANAGEMENT SYSTEMS
  - ECT 481 INTERNET SUPPLY CHAIN MANAGEMENT
  - IS 500 INFORMATION TECHNOLOGY LEADERSHIP
  - IS 536 ENTERPRISE CLOUD COMPUTING
CDM Open Elective Courses

Students must complete 1 CDM Open Elective Course chosen from either IS concentration courses from any IS concentration or other courses meeting the following rules:

- Any CDM course in the 421-699 range qualifies, with the exception of ANI, DC, TV and VFX courses, which do not qualify.
- The following courses also qualify:
  - IT 411 SCRIPTING FOR INTERACTIVE SYSTEMS
  - ECT 410 DEVELOPMENT OF WEB-BASED BUSINESS APPLICATIONS
  - CSC 401 INTRODUCTION TO PROGRAMMING
  - HCI 406 WEB SITE DESIGN FOR HCI
  - IT 403 STATISTICS AND DATA ANALYSIS

Credit for courses taken outside of CDM will only be given if approved by a faculty advisor.

At least 1 of the Major or Open electives must be 500-level or above.

Capstone

- IS 577 INFORMATION SYSTEMS POLICIES AND STRATEGIES

Project Management Concentration

Course Requirements

The concentration in Project Management is designed to prepare students for positions as IT Project Managers. Project Managers organize, schedule, and control IT projects, ensuring that they are implemented on-time, within budget, and that they meet stakeholder expectations and needs. Many PMs now manage virtual projects, where their project team is globally scattered and communications are primarily electronically facilitated. Some PMs lead an individual project, while others may be responsible for allocating scarce monetary and human resources across a variety of competing projects. Regardless, Project Managers must be skilled negotiators. In addition, all Project Managers require substantial organizational ability, sound judgment, and outstanding interpersonal skills.

Introductory Courses

Introductory course requirements for this concentration can be completed at any time before graduation.

- IT 411 SCRIPTING FOR INTERACTIVE SYSTEMS
  or CSC 401 INTRODUCTION TO PROGRAMMING

Foundation Courses

- IS 400 INTRODUCTION TO IS MANAGEMENT SEMINAR
- IS 421 SYSTEMS ANALYSIS
- CSC 451 DATABASE DESIGN
- IS 422 SYSTEM DESIGN, IMPLEMENTATION, AND MAINTENANCE
- ECT 424 ENTERPRISE INFRASTRUCTURE
- IS 430 FUNDAMENTALS OF IT PROJECT MANAGEMENT

Advanced Courses

- IS 440 COLLABORATIVE TECHNOLOGIES FOR LEADING PROJECTS
- IS 556 ENTERPRISE PROJECT MANAGEMENT
- IS 560 ENTERPRISE SYSTEMS
- IS 535 INFORMATION TECHNOLOGY INVESTMENT FINANCIAL ANALYSIS
Major Elective Courses

- Choose 2 courses from the list below:
  - IS 570 ENTERPRISE SYSTEM IMPLEMENTATION
  - ECT 556 ENTERPRISE ARCHITECTURE AND DESIGN
  - IS 500 INFORMATION TECHNOLOGY LEADERSHIP
  - or MGT 500 MANAGING FOR EFFECTIVE AND ETHICAL ORGANIZATIONAL BEHAVIOR
  - IS 540 GLOBAL INFORMATION TECHNOLOGY
  - IS 565 IT OUTSOURCING
  - IS 579 VIRTUAL SOFTWARE TEAMS MANAGEMENT

CDM Open Elective Courses

Students must complete 1 CDM Open Elective Course chosen from either IS concentration courses from any IS concentration or other courses meeting the following rules:

- Any CDM course in the 421-699 range qualifies, with the exception of ANI, DC, TV and VFX courses, which do not qualify.
- The following courses also qualify:
  - IT 411 SCRIPTING FOR INTERACTIVE SYSTEMS
  - ECT 410 DEVELOPMENT OF WEB-BASED BUSINESS APPLICATIONS
  - CSC 401 INTRODUCTION TO PROGRAMMING
  - HCI 406 WEB SITE DESIGN FOR HCI
  - IT 403 STATISTICS AND DATA ANALYSIS

Credit for courses taken outside of CDM will only be given if approved by a faculty advisor.

At least 1 of the Major or Open electives must be 500-level or above.

Capstone

- IS 577 INFORMATION SYSTEMS POLICIES AND STRATEGIES

Information Technology Project Management (MS)

The Master of Science in IT Project Management is for working professionals who have either a technology undergraduate degree or two years of IT work experience and wish to advance their careers by filling the growing need for IT project managers. This program is intended for graduate students who wish to prepare for careers leading and managing IT project teams.

The lack of project and program management skills has long been known to be a major factor in IT project failures. Over the past decade, it has become apparent that placing individuals with strong training in the breadth of project management skills significantly improves the likelihood of bringing an IT project in successfully on time, and on budget. This growing awareness is leading to increased demand for skilled IT project and program managers. But demand for these skills currently outstrips the supply of qualified candidates. This is a high-level program preparing graduates for mid- to high-level project and program management positions. Core IT skills are assumed. Students focus on leveraging those skills to build leadership practices that enable quality work.

Students in this program will gain a broad range of skills including:

- In-depth knowledge of project management skills, including risk management, procurement and contract management, time and cost estimating, controlling and tracking techniques (scope statements, work breakdown structures, Gantt, PERT, etc.); and IT testing, quality assurance, and control
- Familiarity with those elements of human resource management that are key to project management success, such as team building, motivating, communicating through traditional and electronic means, negotiating and influencing, coordinating, and managing organizational change
- Basic general knowledge of business systems and processes, including knowledge of introductory accounting and the basics of cost accounting as applied in IT project management
- Ability to effectively use common project management software packages
- Familiarity with program management and the skills to mitigate risk across a portfolio of projects
Admission Information

Admission information for this program can be found in the Graduate Admission page on the CDM web site under Prospective Students. (http://www.cdm.depaul.edu/Prospective%20Students/Pages/GraduateAdmissions.aspx)

Degree Requirements

Course Requirements

Foundation Courses

- PM 430 FUNDAMENTALS OF IT PROJECT MANAGEMENT
- PM 440 COLLABORATIVE TECHNOLOGIES FOR LEADING PROJECTS
- PM 535 INFORMATION TECHNOLOGY INVESTMENT FINANCIAL ANALYSIS
- PM 556 ENTERPRISE PROJECT MANAGEMENT
- PM 570 ENTERPRISE SYSTEM IMPLEMENTATION
- MGT 500 MANAGING FOR EFFECTIVE AND ETHICAL ORGANIZATIONAL BEHAVIOR
  or IS 500 INFORMATION TECHNOLOGY LEADERSHIP

Note: The PM courses listed above are offered in cross-listed sections of same-number IS courses. Students are not allowed to take both IS 500 and MGT 500 to satisfy Foundation Courses requirements.

Advanced Courses

Students must complete 24 quarter hours (generally 6 courses) from the list below. A minimum of twelve quarter hours (generally 3 courses) must be taken from CDM. These electives cover a broad range of technical, managerial, and information systems topics. Students should work closely with their advisor to identify and select courses most directly associated with their career plans.

CDM Elective Courses (all 4 quarter hours)

- IS 433 INFORMATION SECURITY MANAGEMENT
- IS 435 ORGANIZATIONAL MODELING
- IS 456 KNOWLEDGE MANAGEMENT SYSTEMS
- IS 483 INFORMATION SERVICES AND OPERATIONS
- IS 485 REQUIREMENTS ELICITATION, ANALYSIS, AND SPECIFICATION
- IS 500 INFORMATION TECHNOLOGY LEADERSHIP
- IS 505 BUSINESS CONTINUITY/DISASTER RECOVERY THEORIES AND STRATEGIES
- IS 533 ENTERPRISE SECURITY INFRASTRUCTURE CONTROLS AND REGULATORY COMPLIANCE
- IS 536 ENTERPRISE CLOUD COMPUTING
- IS 540 GLOBAL INFORMATION TECHNOLOGY
- IS 560 ENTERPRISE SYSTEMS
- IS 565 IT OUTSOURCING
- IS 578 INFORMATION TECHNOLOGY CONSULTING
- IS 579 VIRTUAL SOFTWARE TEAMS MANAGEMENT
- SE 430 OBJECT ORIENTED MODELING
- SE 468 SOFTWARE MEASUREMENT/PROJECT ESTIMATION
- SE 482 REQUIREMENTS ENGINEERING
- SE 529 SOFTWARE RISK MANAGEMENT

* SE 430 requires two courses of object-oriented coding, or consent of the instructor.

Kellstadt Elective Courses (all 4 quarter hours)
• ACC 500 FINANCIAL ACCOUNTING
• ACC 555 MANAGEMENT ACCOUNTING FOR DECISION-MAKING
• MGT 530 LEADERSHIP IN ORGANIZATIONS
• MGT 555 STRATEGIC MANAGEMENT OF HUMAN RESOURCES
• MGT 562 RESOLVING CONFLICT IN ORGANIZATIONS
• MGT 563 NEGOTIATION SKILLS
• MGT 565 EMPLOYMENT LAW

SNL Elective Courses (all 3 quarter hours)

• LLS 445 IMPROVING INTERPERSONAL DYNAMICS
• LLS 455 VALUING HUMAN DIFFERENCES SEMINAR
• LLS 465 ENGAGING ETHICAL REASONING SEMINAR

Capstone

• PM 577 IT PORTFOLIO MANAGEMENT AND STRATEGIES

Degree Requirements

Students in this degree program must meet the following requirements:

• Complete a minimum of 52 graduate credit hours in the designated degree program.
• Complete all graduate courses and requirements listed in the designated degree program.
• Earn a grade of C- or better in all courses of the designated degree program.
• Maintain a cumulative GPA of 2.5 or higher.
• Students pursuing a second master's degree must complete a minimum of *52 graduate credit hours beyond their first designated degree program in addition to any required introductory courses in their second designated degree program.

*53 graduate credit hours required for MS Information Systems.

Students with a GPA of 3.9 or higher will graduate with distinction.

For DePaul's policy on repeat graduate courses and a complete list of academic policies see the DePaul Graduate Handbook.

Interdisciplinary Studies (MA)

The Interdisciplinary Studies Program (IDS) is an innovative, flexible, and highly individualized graduate program designed to meet students’ academic and professional goals. The program gives students the opportunity to design a program of study tailored to their own needs and interests. When students choose IDS, they take on the exciting challenge of creating their own curriculum and unique plan for learning. Creating an individualized program requires maturity, self-motivation, and independence. Students seeking a combination of flexible options and academic challenges are natural IDS candidates. IDS is a creative alternative to more rigid traditional, discipline-specific programs. Students can build their particular academic or professional interests and concentrate on specialized fields that are not available in traditional graduate programs.

The program offers students individualized cross-disciplinary majors, incorporating courses drawn from social sciences, humanities, business, computer and information science, and public service. The IDS Program is jointly administered with the Master of Arts in Liberal Studies Program (MALS); IDS students are welcome to enroll in MALS Core Courses and cross-lists.

The program offers the following:

• Individual, self-designed graduate program of study that builds on specific academic and professional interests.
• Ability to combine various academic disciplines in chosen areas of study.
• Choice of courses in most colleges and schools.
Admission Information

In order to be considered for admission, students must have the following:

- Bachelor's degree from an accredited institution.
- In most cases, GPA of 3.0 or above.
- A clear admission essay, consisting of:
  - Statement of Academic Purpose (SAP), which describes the academic and/or professional objectives explaining why the student is considering the Interdisciplinary Studies Program and what the student hopes to accomplish by enrolling in the program,
  - a List of Courses (LOC) that make up that program
- Two letters of recommendation. The program may require letters of recommendation from previous graduate programs in which applicants have been enrolled.
- Personal Interview with the director or associate director of the IDS Program

International students applying to the program must have evidence of TOEFL results: a minimum score of 590 on the TOEFL is required for admission to the Interdisciplinary Studies program.

Other national tests such as GRE, LSAT, and GMAT are not required for application. However, results may be submitted to strengthen an application.

Degree Requirements

Portfolio

All students will keep a portfolio of significant work done for courses, such as final papers or special projects, with comments and grades from the professor. By the midpoint, there will be work from a total of at least three courses in the portfolio. At the culminating point there will be work from a total of at least six courses in the portfolio.

Midpoint Essay

After completing the sixth course but before taking the ninth course, all students in both programs will write a 3-5 page essay examining their progress to that point, using as evidence work from the portfolio. The Midpoint Essay reflects on the student's intellectual growth, and suggests directions for the second half of the student's program.

Culminating Point Essay

All students in both programs (regardless of which final option they choose) will write an essay of 3-5 pages, reflecting on their intellectual growth in the second half of the program.

Course Work

- Completion of 48 or 52 quarter hours of graduate credit, depending on the completion option (thesis, practicum, enhanced portfolio or exit course) chosen by the student.
- Maximum of 16 quarter hours of credit in approved 300-level courses, and remainder of credit hours from 400/500/600-level courses.
- No more than five courses may be taken in the College of Commerce, including College of Commerce courses which are cross-listed in other programs and courses transferred from other institutions which are business courses. Registration for courses in the Kellstadt Graduate School of Business in the College of
Commerce must be done through the IDS office.

- No more than six courses may be taken in any single discipline within the College of Liberal Arts and Sciences, no more than six courses may be taken in the College of Education, and no more than six courses may be taken in the College of Computing and Digital Media (CDM). Special permission must be sought for courses taken in the School for New Learning. Only non-performance courses may be taken in School of Music or the Theatre School.
- Prerequisites within Departments and Schools apply.
- Certain individual courses may not be open to IDS students.
- To support the student's program plan, the IDS advisor may require that the student take certain courses in areas such as writing, statistics, disciplinary methodologies, foreign languages, etc., when appropriate.

**Program Completion (Capstone) Steps**

All students must apply and be approved for the particular option they wish to use for program completion (thesis, practicum, enhanced portfolio or exit course). This application will include the student’s portfolio. The thesis and practicum options include a Formal Proposal. Approval of the proposal is necessary before the student undertakes this final stage of the program. Enrollment in MLS 499, the culminating project independent study course, takes place after approval of the proposal has been secured. If necessary, in lieu of an elective, students may enroll in MLS 498 INDEPENDENT STUDY: Thesis if they require an additional quarter of research and other preparation for MLS 499.

Both 498 and 499 are conducted as Independent Studies. Instructions for proposing and pursuing these are available with the Program. When the project is completed both the members of the committee and the MALS/IDS director sign a Culminating Project Completion Form.

**Program Completion (Capstone) Options**

The IDS program may be completed in one of four ways:

**Thesis Option (12 courses)**

In addition to the Culminating Point Essay and final portfolio submission, the student will write a paper of approximately 35-50 pages that includes 3-4 components or sections, one of which will be a research component and original exploration of the subject. (Other components might include a review of literature, a synthesis of earlier research, a reflection on various disciplinary and methodological approaches to the issue, suggestions for future research, etc.) The research component of the Master's Thesis involves reflection on primary research, or actual primary research combined with reflection on the primary research of others. The student is encouraged to make a public presentation about his or her thesis.

- Ordinarily taken as MLS 499 CAPSTONE the student's 12th and final course.
- Requires minimum cumulative GPA of 3.3, evaluation of "satisfactory" on the Midpoint Portfolio, formal proposal and approval of committee.

**Practicum Option (12 courses)**

In addition to the Culminating Point Essay and final portfolio submission, for the Practicum Option the student will create a project aimed at developing and executing a community-based intellectual or intellectual/creative activity. Examples are a public presentation as a lecture, in broadcast or print media, or on the web. Service learning projects are also encouraged. A 15-25 page descriptive/analytic essay documenting the project is also submitted. The student is encouraged to make a public presentation about his or her practicum in addition to the primary distribution of the project.

- Ordinarily taken as MLS 499 CAPSTONE, the student's 12th and final course.
- Requires minimum cumulative GPA of 3.3, evaluation of "satisfactory" on the Midpoint Portfolio, formal proposal and approval of committee.

**Enhanced Portfolio Option (13 courses)**

In addition to the final portfolio submission, and a Culminating Point Essay based on portfolio pieces selected from at least three courses in the second half of the program, the distinctive feature of the Enhanced Portfolio option is the writing of a new extended expository essay of 12-15 pages. This is a paper on a topic of the student's own choosing that makes an argument. (Further information on this paper and the option is available from the program.)

- Ordinarily taken as MLS 499 CAPSTONE, the student's 13th and final course.
- Requires formal proposal and approval of committee.

**Exit Course Option (13 courses)**

DePaul University  Winter/Spring 2013  Page 264 of 2244
In addition to the Culminating Point Essay and the final portfolio submission, the student proposes a particular course over and above the original 12 courses. This course should be chosen as an "exit course," in that it brings together a number of areas of interest that the student has pursued over the course of the program. By arrangement with the instructor, the student uses the final paper or final project to make connections with the goals of his or her overall IDS Program. The instructor will grade the paper, and another reader suggested by the IDS program will also review and comment on the paper.

- Requires formal proposal and approval of committee.

**Determination of Degree**

If the majority of courses completed for the master's degree are drawn from programs that award the Master of Arts degree, then the student will earn the M.A. (If the number is equal the student can choose the M.A. or the M.S.)

---

**Student Handbook**

**Probation**

Students are expected to maintain a minimum grade point average (GPA) of 3.0. A GPA below 3.0 will result in the student being placed on warning status. If this status persists for two quarters, the student will be requested to leave the program. If he or she decides to remain in the program, the student will be placed on academic probation and be given one quarter to raise the GPA to 3.0. If the student's GPA falls to 2.5 or below, he or she will be immediately placed on academic probation and must raise the GPA to 3.0 in the next quarter or face dismissal from the program. If the GPA falls to 2.5 or below a second time the student will be dismissed from the program.

When a student is admitted to the MALS or IDS Program under the category of "Conditional Admission" he or she is considered under academic probation until the conditions are met. The conditions are usually that a student must earn a grade of B or higher in all courses taken during the first three quarters in the program. The student may request continued registration in the second and third quarters if the grades are not adequate in the first quarter. If the conditions of admission are not met by the third quarter, the student will be dismissed from the program. Other conditions may include the requirement to take certain courses, and the student must comply within the specified time period or face dismissal.

IDS students who select courses that are not on their approved List of Courses (LOC) may face warning after one quarter and probation after two quarters if they do not seek approval for their altered programs. The procedure for altering an approved List of Courses is found on the MALS and IDS Sharepoint site.

Students whose grades fall below the minimums described above will be considered in the categories of warning or probation whether or not the program administrators are aware of the student's grades. The program administrators may apply the categories of warning or probation retroactively if the student does not self-report his or her status. Students are required to seek advisement from program administrators when facing academic warning or probation. A student who does not contact program administrators about potential warning or probation status may face dismissal from the program.

**Dismissal**

In addition to the minimum GPA requirement, students may be dismissed for breaches of academic honesty or breaches of the code of student responsibility. MALS students may also face dismissal for failure to complete Core Courses with a grade of B or higher within the first half of their academic career. Students who have completed their coursework, but who are still working on their thesis, practicum or other capstone project must be enrolled in Candidacy Continuation (MLS or ISP 502) during the three quarters of the academic school year. After three consecutive terms of Candidacy Continuation, students should enroll in Active Status (MLS or ISP 501) if they still require time to complete their capstone. Failure to enroll in candidacy continuation or advanced status may result in dismissal from the program if the student has not formally withdrawn from the program.

**Readmission**
When a student has withdrawn from the program or has not been enrolled in classes for three or more quarters during the academic year, he or she must apply for readmission using the Readmission and Reclassification form available from the LAS Graduate website.

**Transfer Credit**

A student may apply to transfer up to three courses of graduate work from another accredited institution. The courses must be approved by the Program Director as part of the student's overall course of study for both MALS and IDS students. The courses must then be approved for transfer credit by the Office of Student Records.

**Undergraduate Courses**

Courses at the 200-level cannot be approved for graduate credit, even when a student needs to take such a course as preparation for more advanced work. Courses at the 300-level may be approved for graduate credit under the following circumstances: (1) The course is necessary as a part of the student's overall interdisciplinary program. (2) The department does not offer courses in the same area on the graduate level. (3) The student has arranged with the professor to enhance the course to graduate level by the addition or alteration of assignments, including the final project of the course. Unless approved by the Program Director, a student should take no more than four 300-level courses as part of his or her program.

**Graduation Requirements**

In order to graduate, students in the MALS and IDS Programs must complete the coursework specific to their programs (either 48 or 52 credit hours depending on capstone choice) with a minimum GPA of greater than 2.5, a midpoint and culminating point essay, the submission of an electronic portfolio of final and other projects from a minimum of six courses, and one of four capstone choices offered by the program. A full description of the requirements for the capstones, as well as further policies and procedures for both programs, are outlined in the documents found on the MALS and IDS Sharepoint site under Program Documents. Students in the program are expected to be familiar with these policies and procedures and to comply with them.

**Graduation with Distinction**

In order to have the degree conferred with distinction, students in MALS and IDS completing their programs with a thesis or practicum capstone (48 credit hours) must earn a minimum cumulative GPA of 3.75, plus earn a designation of “distinction” on their thesis or practicum by their thesis advisor and at least one of the two readers on their committee. Thesis and practicum writers eligible for distinction are required to present their projects at a MALS/IDS event within three academic quarters of completion. Students in MALS and IDS completing their programs with an exit course or enhanced portfolio essay capstone (52 credit hours) must earn a minimum cumulative GPA of 3.85 in order to graduate with distinction.

**Time Limit**

Students are normally expected to complete the MALS or IDS Program within four academic years. During quarters in which no courses are taken, students are required to maintain active status in the program by registering for Candidacy Continuation or Active Status. Students who have not taken courses for three consecutive quarters during the regular academic year and have not registered for Candidacy Continuation or Active Status must apply for readmission using the Readmission and Reclassification form listed here.

**Interdisciplinary Studies (MS)**

The Interdisciplinary Studies Program (IDS) is an innovative, flexible, and highly individualized graduate program designed to meet students' academic and professional goals. The program gives students the opportunity to design a program of study tailored to their own needs and interests. When students choose IDS, they take on the exciting challenge of creating their own curriculum and unique plan for learning. Creating an individualized program requires maturity, self-motivation, and independence. Students seeking a combination of flexible options and academic challenges are natural IDS candidates. IDS is a creative alternative to more rigid traditional, discipline-specific programs. Students can build their particular academic or professional interests and concentrate on specialized fields that are not available in traditional graduate programs.

The program offers students individualized cross-disciplinary majors, incorporating courses drawn from social sciences, humanities, business, computer and information science, and public service. The IDS Program is jointly
administered with the Master of Arts in Liberal Studies Program (MALS); IDS students are welcome to enroll in MALS Core Courses and cross-lists.

The program offers the following:

- Individual, self-designed graduate program of study that builds on specific academic and professional interests.
- Ability to combine various academic disciplines in chosen areas of study.
- Choice of courses in most colleges and schools.

Admission Information

In order to be considered for admission, students must have the following:

- Bachelor's degree from an accredited institution.
- In most cases, GPA of 3.0 or above.
- A clear admission essay, consisting of:
  - Statement of Academic Purpose (SAP), which describes the academic and/or professional objectives explaining why the student is considering the Interdisciplinary Studies Program and what the student hopes to accomplish by enrolling in the program,
  - a List of Courses (LOC) that make up that program
- Two letters of recommendation. The program may require letters of recommendation from previous graduate programs in which applicants have been enrolled.
- A personal interview with the director or associate director of the IDS Program may be required.

International students applying to the program must have evidence of TOEFL results: a minimum score of 590 on the TOEFL is required for admission to the Interdisciplinary Studies program.

Other national tests such as GRE, LSAT, and GMAT are not required for application. However, results may be submitted to strengthen an application.

Degree Requirements

Portfolio

All students will keep a portfolio of significant work done for courses, such as final papers or special projects, with comments and grades from the professor. By the midpoint, there will be work from a total of at least three courses in the portfolio. At the culminating point there will be work from a total of at least six courses in the portfolio.

Midpoint Essay

After completing the sixth course but before taking the ninth course, all students in both programs will write a 3-5 page essay examining their progress to that point, using as evidence work from the portfolio. The Midpoint Essay reflects on the student's intellectual growth, and suggests directions for the second half of the student's program.

Culminating Point Essay

All students in both programs (regardless of which final option they choose) will write an essay of 3-5 pages, reflecting on their intellectual growth in the second half of the program.
Course Work

- Completion of 48 or 52 quarter hours of graduate credit, depending on the completion option (thesis, practicum, enhanced portfolio or exit course) chosen by the student.
- Maximum of 16 quarter hours of credit in approved 300-level courses, and remainder of credit hours from 400/500/600-level courses.
- No more than five courses may be taken in the College of Commerce, including College of Commerce courses which are cross-listed in other programs and courses transferred from other institutions which are business courses. Registration for courses in the Kelstadt Graduate School of Business in the College of Commerce must be done through the IDS office.
- No more than six courses may be taken in any single discipline within the College of Liberal Arts and Sciences, no more than six courses may be taken in the College of Education, and no more than six courses may be taken in the College of Computing and Digital Media (CDM). Special permission must be sought for courses taken in the School for New Learning. Only non-performance courses may be taken in School of Music or the Theatre School.
- Prerequisites within Departments and Schools apply.
- Certain individual courses may be not be open to IDS students.
- To support the student's program plan, the IDS advisor may require that the student take certain courses in areas such as writing, statistics, disciplinary methodologies, foreign languages, etc., when appropriate.

Program Completion (Capstone) Steps

All students must apply and be approved for the particular option they wish to use for program completion (thesis, practicum, enhanced portfolio or exit course). This application will include the student's portfolio. The thesis and practicum options include a Formal Proposal. Approval of the proposal is necessary before the student undertakes this final stage of the program. Enrollment in MLS 499, the culminating project independent study course, takes place after approval of the proposal has been secured. If necessary, in lieu of an elective, students may enroll in MLS 498 INDEPENDENT STUDY: Thesis if they require an additional quarter of research and other preparation for MLS 499.

Both 498 and 499 are conducted as Independent Studies. Instructions for proposing and pursuing these are available with the Program. When the project is completed both the members of the committee and the MALS/IDS director sign a Culminating Project Completion Form.

Program Completion (Capstone) Options

The IDS program may be completed in one of four ways:

Thesis Option (12 courses)

In addition to the Culminating Point Essay and final portfolio submission, the student will write a paper of approximately 35-50 pages that includes 3-4 components or sections, one of which will be a research component and original exploration of the subject. (Other components might include a review of literature, a synthesis of earlier research, a reflection on various disciplinary and methodological approaches to the issue, suggestions for future research, etc.) The research component of the Master's Thesis involves reflection on primary research, or actual primary research combined with reflection on the primary research of others. The student is encouraged to make a public presentation about his or her thesis.

- Ordinarily taken as MLS 499 CAPSTONE the student's 12th and final course.
- Requires minimum cumulative GPA of 3.3, evaluation of "satisfactory" on the Midpoint Portfolio, formal proposal and approval of committee.

Practicum Option (12 courses)

In addition to the Culminating Point Essay and final portfolio submission, for the Practicum Option the student will create a project aimed at developing and executing a community-based intellectual or intellectual/creative activity. Examples are a public presentation as a lecture, in broadcast or print media, or on the web. Service learning projects are also encouraged. A 15-25 page descriptive/analytic essay documenting the project is also submitted. The student is encouraged to make a public presentation about his or her practicum in addition to the primary distribution of the project.

- Ordinarily taken as MLS 499 CAPSTONE, the student's 12th and final course.
- Requires minimum cumulative GPA of 3.3, evaluation of "satisfactory" on the Midpoint Portfolio, formal proposal, and approval of committee.

Enhanced Portfolio Option (13 courses)

In addition to the final portfolio submission, and a Culminating Point Essay based on portfolio pieces selected
from at least three courses in the second half of the program, the distinctive feature of the Enhanced Portfolio option is the writing of a new extended expository essay of 12-15 pages. This is a paper on a topic of the student's own choosing that makes an argument. (Further information on this paper and the option is available from the program.)

- Ordinarily taken as MLS 499 CAPSTONE, the student's 13th and final course.
- Requires formal proposal and approval of committee.

**Exit Course Option (13 courses)**

In addition to the Culminating Point Essay and the final portfolio submission, the student proposes a particular course over and above the original 12 courses. This course should be chosen as an “exit course,” in that it brings together a number of areas of interest that the student has pursued over the course of the program. By arrangement with the instructor, the student uses the final paper or final project to make connections with the goals of his or her overall IDS Program. The instructor will grade the paper, and another reader suggested by the IDS program will also review and comment on the paper.

- Requires formal proposal and approval of committee.

**Determination of Degree**

If the majority of courses completed for the master's degree are drawn from programs that award the Master of Science degree, then the student will earn the M.S. (If the number is equal the student can choose the M.S. or the M.A.)

---

**Student Handbook**

**Probation**

Students are expected to maintain a minimum grade point average (GPA) of 3.0. A GPA below 3.0 will result in the student being placed on warning status. If this status persists for two quarters, the student will be requested to leave the program. If he or she decides to remain in the program, the student will be placed on academic probation and be given one quarter to raise the GPA to 3.0. If the student's GPA falls to 2.5 or below, he or she will be immediately placed on academic probation and must raise the GPA to 3.0 in the next quarter or face dismissal from the program. If the GPA falls to 2.5 or below a second time the student will be dismissed from the program.

When a student is admitted to the MALS or IDS Program under the category of "Conditional Admission" he or she is considered under academic probation until the conditions are met. The conditions are usually that a student must earn a grade of B or higher in all courses taken during the first three quarters in the program. The student may request continued registration in the second and third quarters if the grades are not adequate in the first quarter. If the conditions of admission are not met by the third quarter, the student will be dismissed from the program. Other conditions may include the requirement to take certain courses, and the student must comply within the specified time period or face dismissal.

IDS students who select courses that are not on their approved List of Courses (LOC) may face warning after one quarter and probation after two quarters if they do not seek approval for their altered programs. The procedure for altering an approved List of Courses is found on the MALS and IDS Sharepoint site.

Students whose grades fall below the minimums described above will be considered in the categories of warning or probation whether or not the program administrators are aware of the student’s grades. The program administrators may apply the categories of warning or probation retroactively if the student does not self-report his or her status. Students are required to seek advisement from program administrators when facing academic warning or probation. A student who does not contact program administrators about potential warning or probation status may face dismissal from the program.

**Dismissal**

In addition to the minimum GPA requirement, students may be dismissed for breaches of academic honesty or
breaches of the code of student responsibility. MALS students may also face dismissal for failure to complete Core Courses with a grade of B or higher within the first half of their academic career. Students who have completed their coursework, but who are still working on their thesis, practicum or other capstone project must be enrolled in Candidacy Continuation (MLS or ISP 502) during the three quarters of the academic school year. After three consecutive terms of Candidacy Continuation, students should enroll in Active Status (MLS or ISP 501) if they still require time to complete their capstone. Failure to enroll in candidacy continuation or advanced status may result in dismissal from the program if the student has not formally withdrawn from the program.

Readmission

When a student has withdrawn from the program or has not been enrolled in classes for three or more quarters during the academic year, he or she must apply for readmission using the Readmission and Reclassification form available from the LAS Graduate website.

Transfer Credit

A student may apply to transfer up to three courses of graduate work from another accredited institution. The courses must be approved by the Program Director as part of the student's overall course of study for both MALS and IDS students. The courses must then be approved for transfer credit by the Office of Student Records.

Undergraduate Courses

Courses at the 200-level cannot be approved for graduate credit, even when a student needs to take such a course as preparation for more advanced work. Courses at the 300-level may be approved for graduate credit under the following circumstances: (1) The course is necessary as a part of the student's overall interdisciplinary program. (2) The department does not offer courses in the same area on the graduate level. (3) The student has arranged with the professor to enhance the course to graduate level by the addition or alteration of assignments, including the final project of the course. Unless approved by the Program Director, a student should take no more than four 300-level courses as part of his or her program.

Graduation Requirements

In order to graduate, students in the MALS and IDS Programs must complete the coursework specific to their programs (either 48 or 52 credit hours depending on capstone choice) with a minimum GPA of greater than 2.5, a midpoint and culminating point essay, the submission of an electronic portfolio of final and other projects from a minimum of six courses, and one of four capstone choices offered by the program. A full description of the requirements for the capstones, as well as further policies and procedures for both programs, are outlined in the documents found on the MALS and IDS Sharepoint site under Program Documents. Students in the program are expected to be familiar with these policies and procedures and to comply with them.

Graduation with Distinction

In order to have the degree conferred with distinction, students in MALS and IDS completing their programs with a thesis or practicum capstone (48 credit hours) must earn a minimum cumulative GPA of 3.75, plus earn a designation of “distinction” on their thesis or practicum by their thesis advisor and at least one of the two readers on their committee. Thesis and practicum writers eligible for distinction are required to present their projects at a MALS/IDS event within three academic quarters of completion. Students in MALS and IDS completing their programs with an exit course or enhanced portfolio essay capstone (52 credit hours) must earn a minimum cumulative GPA of 3.85 in order to graduate with distinction.

Time Limit

Students are normally expected to complete the MALS or IDS Program within four academic years. During quarters in which no courses are taken, students are required to maintain active status in the program by registering for Candidacy Continuation or Active Status. Students who have not taken courses for three consecutive quarters during the regular academic year and have not registered for Candidacy Continuation or Active Status must apply for readmission using the Readmission and Reclassification form listed here.
International Business (MBA)

The concentration in International Business has a course requirement, a functional emphasis requirement, and a language requirement.

The functional emphasis ensures that graduates of the program have functional as well as international expertise. The emphasis can consist of coursework in Accounting, Economics, Finance, Management, Marketing, or International Trade Policy.

Students concentrating in International Business must demonstrate competency in at least one modern language other than English. That competence can be demonstrated by proper coursework or the successful completion of a language exam. One year of college level language study is considered appropriate coursework for purposes of satisfying this requirement.

An MBA candidate with a concentration in International Business should have some international exposure outside of the classroom. The work commitments of many of our students, however, preclude extended overseas activities. As a result, the college has developed a series of international business seminars which provide students with international exposure in a time frame suitable for working adults. These programs provide an excellent opportunity to expand the graduate business curriculum and increase exposure to other cultures. The seminars are typically one to three weeks in length and scheduled to coincide with breaks between quarters.

Admission Information

Applicants must possess the equivalent of a bachelor's degree from a regionally accredited institution. A prospective graduate student is expected to present a superior overall previous academic record and an above average total GMAT score (or GRE score where appropriate) including high achievement on the verbal, quantitative, and on the analytical writing assessment. The examination must have been taken no earlier than five years prior to the date of admission to the program.

Other factors, such as work experience and career progression, are also important and will be considered by the Admissions Committee. All applicants are required to submit two professional letters of recommendation as well as a current resume.

All prospective students are welcome to arrange a meeting with an admissions counselor. Please phone the graduate school office for an informal appointment. Interviews are not required as part of the admissions process for the part-time M.B.A. program, but may be requested by the Admissions Committee. Interviews for the full-time M.B.A. and weekend M.B.A. programs are on an invitation-only basis. Once a completed application has been received, a preliminary review is completed and selected candidates are invited to interview.

Each applicant is considered on an individual basis. The full-time and weekend M.B.A. programs do have limited enrollments, but for the other graduate business programs there currently is no predetermined limit to the number of students who can be admitted. Thus, for these programs, all students who are judged eligible by the Admissions Committee will be invited to matriculate.

Graduate Management Admission Test (GMAT)

To be considered for admission as a degree seeking student, an applicant will be required to submit a score from the Graduate Management Admission Test (GMAT). GMAT information including dates, a list of test centers, and applications for the exam may be obtained at www.mba.com or by contacting Pearsonvue at 1-800-717-4628. The GMAT score report must come directly from Pearsonvue. A test taken more than five years prior to the date of application is not considered valid for admission purposes and would have to be retaken. An exception may be made for individuals who hold a doctoral or other terminal degree awarded by an appropriately accredited institution. An exception may also be made for fully certified CPA’s applying to the Master of Science in Taxation program. Applicants to the Master of Science in Human Resources Management and the Master of Science in Economics and Policy Analysis may submit either a GMAT or GRE (Graduate Records Examinations) score. As with the GMAT, GRE scores are valid for five years.
Application Deadlines

For the day MBA program (Full-time):

Admission to the Day M.B.A. program is competitive and is limited to the Autumn Quarter. There are three application rounds, with deadlines of February 1, April 1 and July 1. Application review begins in January, and you are encouraged to apply as early as possible. Decisions are mailed on an ongoing basis beginning in January, and applicants should expect to receive an admission decision approximately 4 weeks after their application becomes complete.

Applicants who wish to be considered for scholarships and graduate assistantships should apply during the first two application rounds. These awards are generally not available to applicants who apply after April 1.

Late applications submitted after the final July 1 deadline may be considered if space remains available in the incoming class.

For the weekend MBA and MS in Economic Policy Analysis programs:

Applications must be submitted by July 1st. Applications received after July 1st will be considered on a space available basis.

For all other graduate business programs:

Applications must be submitted by:

- July 1st for the Autumn Quarter
- October 1st for the Winter Quarter
- February 1st for the Spring Quarter
- April 1st for the Summer Quarter

Applicants educated outside the United States must submit their applications one month prior to the above deadlines.

Transcripts

Degree seeking applicants must present official transcripts from each junior college, college, and university attended (even if only for one course) including DePaul University, if applicable. Credits transferred and posted on the record of a second school do not constitute an official transcript of the original school. Transcripts that are already on file as part of a student record in another College Office at DePaul may be required to remain there and in that case cannot be transferred to the Graduate School of Business Office.

Applicants should write to the Registrar of each school attended, requesting that an official transcript be sent to the student. Once all of the transcripts have been received applicants should submit them to the Graduate School of Business Office in their original envelopes with the applicant’s name, date of birth and program of interest noted on the envelope. We will then add the transcripts to the applicant’s admission file.

An applicant who is still taking courses or completing a program at the time he/she submits an application to the Graduate School of Business will not receive full admission until a final and official transcript listing the degree awarded has been submitted to the Admissions Committee. Please see Conditional Admission and Non-degree Status for more information regarding admission prior to posting of an undergraduate degree.

Readmission

A student previously admitted who has been absent from DePaul for one year or longer must complete the application form and submit a transcript of any courses taken elsewhere during his/her absence. A student must submit a written explanation of his/her absence from the program and an updated resume. A $30 application fee is required.

If the original application has been destroyed (after an absence of two years), the student may be required to complete a new application in full.

Special Instructions for International Applicants

Educational Credentials For International Students or Programs

Applicants must submit transcripts from all colleges and universities attended, including those attended but from which no credit was earned. Exceptions may be permitted for study-abroad credit when that credit is clearly
Applicants with non-U.S. educational credentials for Winter term 2012 and beyond are required to submit their official educational credentials (e.g., transcripts, mark sheets, degree certificates, graduation diplomas) and evaluation fee directly to one of the three evaluation companies below:

- Educational Credential Evaluators, Inc.
- Educational Perspectives
- One Earth International Credential Evaluation

These evaluators will then provide DePaul with a general evaluation of their studies and certified copies of their international educational credentials which will be used during admission review. Please direct any questions about required credentials to the evaluation company you have selected and not to the Kellstadt Graduate School of Business. DePaul will not accept evaluations from any other evaluation companies and will not accept any educational credentials without an evaluation from ECE, EP or One Earth.

English Proficiency

Non-native English speakers who have not completed a bachelor’s or master's degree in the United States should submit scores from a recognized English proficiency test. The Kellstadt Graduate School of Business accepts results from TOEFL, IELTS and the Pearson Test of English (PTE).

MBA Core Requirements

Course Requirements

- ACC 500 FINANCIAL ACCOUNTING
- ACC 555 MANAGEMENT ACCOUNTING FOR DECISION-MAKING
- ECO 509 BUSINESS CONDITIONS ANALYSIS
- ECO 555 ECONOMICS FOR DECISION-MAKING
- FIN 555 FINANCIAL MANAGEMENT
- GSB 420 APPLIED QUANTITATIVE ANALYSIS
- GSB 599 STRATEGIC ANALYSIS FOR COMPETING GLOBALLY
- MGT 500 MANAGING FOR EFFECTIVE AND ETHICAL ORGANIZATIONAL BEHAVIOR
- MGT 502 OPERATIONS MANAGEMENT
- MGT 555 STRATEGIC MANAGEMENT OF HUMAN RESOURCES
- MIS 555 MANAGEMENT OF INFORMATION TECHNOLOGY
- MKT 555 DECISIONS IN MARKETING MANAGEMENT

Concentrations

In addition to the required core courses, students have six electives they can use to take courses in a specific area of interest. These electives are typically used by students to select one or more concentrations in the area(s) that offer the knowledge, skills, and abilities that best fit the student’s educational needs and interests.

While many students choose to have a specific area of concentration, those who would like more flexibility in selecting courses may choose the general business concentration instead. With this option, the student is free to choose six courses from several different areas of study within the graduate school of business.

If a student does not indicate a specific concentration of interest in the application for admission the student will be assigned to the general business concentration.

M.B.A. Options

Day M.B.A. (Full-time Accelerated)

The Day M.B.A. Program fulfills the business world’s demand for M.B.A. graduates with the ability to understand and manage complex business processes. Students who choose this program option will take all of their foundation and core classes in a full-time, lock step format during the first four terms of the program. Upon completion of the prerequisite core courses, students may begin taking their concentration classes at their own
pace. Students in the Day M.B.A. Program may choose to specialize in any of the generally available MBA concentrations offered by the Kellstadt Graduate School of Business.

Evening M.B.A. (All Campuses)

All of the core course requirements for the M.B.A. are offered at the Loop and the Naperville and O'Hare suburban campuses. Required core courses are offered every quarter at the Loop campus but variably at the suburban campuses. All requirements are offered at least once each year at each of these locations.

Three full concentrations are available at each of the suburban campuses. These are Finance, Marketing Management and General Business. Electives applicable to other concentrations will be offered variably at the suburban locations but it may be necessary to travel to Loop campus to complete concentrations other than these three.

Weekend M.B.A. at O'Hare Campus

The Weekend M.B.A. Program is a rigorous yet rewarding program designed for the self-directed manager with an interest in using technology to supplement traditional M.B.A. course work. The curriculum provides knowledge in each of the major business functions along with specialized courses in Management and Finance such that students may earn concentrations in Finance and/or Operations Management as part of the weekend program. Upon completion of the required core sequence of courses, students are able to select concentration courses from among the more than 35 concentrations available to part-time M.B.A. students. Please note that only the Finance and Operations Management concentrations are available in the weekend format.

Each course is taught as a blend of traditional lecture and distance learning formats. Classes meet on alternate Saturdays at the O'Hare Campus. Students will work via distance learning in the weeks between class meetings. Admitted students will proceed through the program as a cohort group. Admission to the program is for fall quarter only.

Concentration Requirements

Course Requirements

- One course which relates to the functional discipline (Accounting, Economics, Finance, Management, Marketing, or International Trade and Policy) which the candidate has chosen to emphasize – this course would normally be chosen from among the following:
  - IB 520 INTERNATIONAL TRADE THEORY AND POLICY
  - IB 521 INTERNATIONAL MACROECONOMICS (CROSS-LISTED AS ECO 558)
  - IB 530 INTERNATIONAL FINANCE
  - IB 540 INTERNATIONAL MANAGEMENT
  - IB 550 INTERNATIONAL MARKETING
- One course in International Business outside the particular functional discipline chosen by the candidate.
- Two courses in the discipline which the candidate has chosen to emphasize which need not come from the International Business course offerings.

Emphasis in International Trade Policy

Students pursuing the International Trade Policy emphasis would take

- IB 520 INTERNATIONAL TRADE THEORY AND POLICY
- IB 521 INTERNATIONAL MACROECONOMICS (CROSS-LISTED AS ECO 558)
- IB 525 ECONOMICS OF DEVELOPING COUNTRIES
  or IB 798 SPECIAL TOPICS: International Policy Analysis

These three courses would replace the requirements in the first and third bullet above.
International Public Service (MS)

An international and diverse student body, faculty members from six different countries, a robust study abroad program, and a rich curriculum make the master of science in international public service management at DePaul University the perfect choice for students wishing to work for international organizations in the U.S. and overseas. Students in this degree program have a choice of a variety of electives including classes on proposal writing, fundraising, leadership and management, strategic planning, intercultural communication in organizations, and international relations and conflict resolution.

This degree is accredited by National Association of Schools of Public Affairs and Administration (NASPAA).

Mission Statement

The Master of Science in International Public Service educates ethical leaders to work in international organizations in the US and abroad and emphasizes understanding cross-sector relations. We believe that leaders need practical skills and first-hand experiences in solving global problems. We are committed to strengthening local communities and reducing disparities throughout the world, by building capacity through sustainable development. We promote compassion for marginalized communities and service to all people with sensitivity, professionalism, accountability, transparency and justice.

Admission Information

Requirements for Admission

To be eligible for the international public service management program, students must hold a bachelor's degree from a regionally accredited college or university. In addition, students must demonstrate, through past academic or professional work, a capacity for achievement.

To apply, please submit the following:

- A completed online application
- Official transcripts from all colleges and/or universities attended
- A two-page personal statement describing your educational and career goals, relevant work or volunteer experience, and any special circumstances affecting past or prospective academic performance
- Current resume or curriculum vitae

Students educated outside the U.S. must present proof of English proficiency. A minimum TOEFL score of 590 (paper-based), 243 (computer-based), 96 (Internet-based) or a minimum 7.5 on the IELTS may be submitted for this requirement.

Degree Requirements

Course Requirements

Students complete a total of 13 courses (52 quarter hours). Eleven courses (44 quarter hours) of required core courses and 2 courses (8 quarter hours) of electives are required.
Core Courses

- MPS 500 INTRODUCTION TO PUBLIC SERVICE MANAGEMENT
- MPS 501 CROSS-SECTOR ANALYSIS
- MPS 511 SUSTAINABLE DEVELOPMENT AND NON-GOVERNMENTAL ORGANIZATIONS
- MPS 593 INTEGRATIVE SEMINAR
- MPS 594 ETHICAL LEADERSHIP IN PUBLIC SERVICE
- MPS 610 INTERNATIONAL/INTERCULTURAL INTERNSHIP
- MPS 612 INTERNATIONAL POLITICAL ECONOMY
- MPS 613 COMPARATIVE PUBLIC POLICY
- MPS 614 GLOBALIZATION AND CIVIL SOCIETY ORGANIZATIONS

Choose one of the following two course sequences.

- Research Sequence for Policy Based Research
  - MPS 586 RESEARCH METHODS I, INTRODUCTION TO APPLIED RESEARCH AND STATISTICS
  - MPS 587 RESEARCH METHODS II, ADVANCED APPLIED RESEARCH AND STATISTICS

- Research Sequence for Management Based Research
  - MPS 588 INTRODUCTION TO RESEARCH AND STATISTICS FOR MANAGEMENT
  - MPS 589 ADVANCED RESEARCH METHODS AND STATISTICS FOR MANAGEMENT

Elective Courses (8 Credit Hours):

- Choose 8 credit hours of electives from the following list:
  - MPS 513 VOLUNTEERISM
  - MPS 519 RESOURCE DEVELOPMENT
  - MPS 521 LEADERSHIP AND MANAGEMENT
  - MPS 522 FUNDAMENTALS OF HUMAN RESOURCE MANAGEMENT
  - MPS 523 GROUP DYNAMICS FOR LEADERS
  - MPS 529 STRATEGIC MANAGEMENT AND PLANNING
  - MPS 575 SEMINAR IN ADMINISTRATION/BRUSSELS
  - MPS 597 PUBLIC SERVICE FELLOWS SEMINAR
  - MPS 600 INDEPENDENT STUDY
  - MPS 604 SPECIAL TOPICS courses by approval only
  - MPS 611 MANAGEMENT OF INTERNATIONAL NGOs
  - MPS 615 INTERCULTURAL COMMUNICATION IN ORGANIZATIONS
  - MPS 616 INTERNATIONAL RELATIONS AND CONFLICT MANAGEMENT

Thesis Option

- MPS 598 THESIS

Students with a grade point average of 3.5 or above may choose the thesis option and replace MPS 593 with MPS 598. To qualify for the thesis option you must take research sequence MPS 586/MPS 587.

Language Requirements

All applicants should have training in a second language appropriate to their interests; students are expected to have written fluency as they progress in their career field. Students must pass a proficiency exam during their first year of study in the program. For non-native speakers of English, a TOEFL score of 590 (paper-based), 243 (computer-based), 96 (internet based) or a 7.5 on the IELTS required for admission satisfies this requirement.

Study Abroad Requirement

Students in the IPS program are required to take at least ONE course abroad. These unique one to two week study abroad trips allow both full-time and part-time students to participate.

International Work/Internship Requirements

Students must complete substantial professional experience in an international or intercultural setting. Students with such experience may request a waiver by submitting a letter describing the extent of their work in international or cross-cultural countries and organizations. In this case, students choose an alternative four-credit hour course with the director's approval. Students without such experience complete an internship with an appropriate organization.
International Studies (MA)

The Master of Arts in International Studies is an academically rigorous, thesis-driven, two-year program focused on social analysis and justice issues. Students today are confronted by complex world events such as the long "war on terror", global climate change, transitions to capitalism among post-communist societies, recurrent economic crises, and the exclusions effected through stigma, symbolic violence, and systematic misrecognition. Traditional economics and international relations theory has failed to offer insightful analyses or solutions for many of these developments. The interdisciplinary field of international studies is uniquely situated to analyze this increasingly complex world, challenge conventional wisdom, and train students to find creative solutions.

The curriculum allows the flexibility of integrating multiple disciplines with training in critical theory and a rigorous thesis-driven program. Students investigate the underlying assumptions and histories of contemporary issues and analyze scholarship using approaches from critical social and cultural theory, and international political economy.

Program Features

Interdisciplinary Curriculum

Our curriculum includes content from many areas, including international economics, political science, world history, geography, area studies, sociology and anthropology. While our program has full-time faculty dedicated to international studies, we also draw on faculty members from other departments to provide students with a rich, varied, and robust curriculum.

Thesis-driven

Our program has been carefully structured to provide our students with the best possible preparation for thesis research during the second year of study, an opportunity becoming increasingly rare in masters programs. As they progress through the program, students develop a tutorial relationship with an individual faculty member who will serve as the student's thesis advisor. For self-driven students with interests in a particular question, or who plan to apply to a PhD program, the thesis requirement is a major asset of the program.

Orientation Towards Social Justice

Our coursework challenges students to analyze the multiple ways in which inequality and oppression work and to strategize for social change in a way that bridges theory and practice. As the program progresses, students are expected to develop socially responsible ethical frameworks that are informed by historical consciousness of transnational contexts; these, in turn, inform their research.

Post-graduate Opportunities

Because the program encompasses such a broad range of disciplines, the employment opportunities associated with the program are diverse and far-reaching. Many students go on to Ph.D. work, well-prepared for research and writing at the doctoral level. Other graduates find jobs within nonprofits, international non-governmental organizations, and a range of international diplomatic entities.

Admission Information

Application review begins Dec 15th, 2012 and continues on a rolling deadline basis through April 15th, 2013.

The M.A. in International Studies is an academically demanding two-year program. Each autumn term a new cohort of twenty to thirty students begins to work through the courses and thesis colloquia together.
The Master’s program begins its sequence of classes in the Autumn Quarter, so we only admit students to the program to begin in the Autumn Quarter. There are no Winter or Spring admissions. All of our graduate classes are offered in the evening.

**Minimum Requirements for Acceptance into the M.A. Program**

- Bachelor's degree from an accredited undergraduate institution
- GPA of 3.2 on a 4.0 scale
- Grade of B or better in a college level modern language (other than English) course beyond the second year or the equivalent score on a language placement exam
- For students who completed their undergraduate degree in a language other than English, a minimum TOEFL reading score of 22, writing score of 24, and total score of 79 or higher is required.

A complete application for the International Studies Master's Program includes the following:

1. **Application Form** - online at http://www.depaul.edu/admission-and-aid/types-of-admission/graduate-student/Pages/ias.aspx

2. **Application Fee** of $40.00 US Dollars--submitted with the application or mailed as check or money order (payable to DePaul University).

3. **One official sealed transcript** from an accredited institution that shows successful completion of a Bachelor's Degree with at least a 3.2 GPA (on a 4.0 scale). Please note: Official translations must be submitted for all educational documents originally issued in a language other than English.

4. **Two letters of recommendation on letterhead**
   The most useful letters are those written by professors with whom you have worked, preferably in a class related to international studies. In any case, recommenders should address your:
   - writing abilities,
   - analytical skills,
   - motivation and readiness for graduate study,
   - ability to do independent work, and
   - ability to see a project through to completion.

5. **Statement of Purpose** (2-5 pages) that describes the following: Why you want to pursue an MA in International Studies at DePaul University, how this program will further your academic and professional goals, your primary research interests, and a thesis topic you would like to pursue.

6. **Writing Sample**: Submit an analytical paper of 5-8 pages. Papers should demonstrate your writing and critical thinking abilities, ideally in a subject area related to international studies.

7. **GRE Scores**

   **For International Students Only**

   Students with undergraduate degrees earned outside the United States should submit official educational credentials and evaluation fee to one of the following companies. Contact the Graduate Admission office at 773/325-7315 for more information regarding this requirement.

   - One Earth International Credential Evaluation
   - Educational Credential Evaluators, Inc. (ECE)
   - Educational Perspectives (EP)

   Applicants are encouraged to contact the program at 773-325-7456 to set up a preadmission information session either in person or by phone. A personal interview is not required for admission.

**Degree Requirements**

The following degree requirements do not apply to students entering the MA program beginning in the 2013-2014 academic year. For details on the new graduate curriculum, please visit the International Studies Department website.
Course Requirements

Core Courses

- INT 401 PROSEMINAR IN INTERNATIONAL STUDIES
- INT 402 COMPLEX SOCIAL ORGANIZATION
- INT 403 MOVEMENTS, REGIMES, AND IDEOLOGIES
- INT 404 CULTURES IN THE INTERNATIONAL CONTEXT
- INT 405 ECONOMIES IN THE INTERNATIONAL CONTEXT
- INT 406 GLOBALIZATION

Thesis Colloquia

- INT 590 THESIS RESEARCH I: DIRECTED RESEARCH
- INT 592 THESIS RESEARCH II: THESIS WRITING

Elective Courses (16 credit hours)

Students are free to select four elective courses in support of their thesis. The electives should be selected in consultation with the thesis advisor. Permission of the advisor must be obtained before taking courses outside of the International Studies Program.

Investment Management (MBA)

The required courses in the Investment Management concentration are designed to provide an overview of the investment environment for the institutional money manager, including the market mechanism, market equilibrium and the relationship between risk and return and the valuation of various investment instruments.

Students will study contemporary theories and techniques of security selection and management available to the institutional portfolio manager. Students will develop financial analysis skills from the view of an outsider using a corporation’s publicly available financial statements.

Admission Information

Applicants must possess the equivalent of a bachelor's degree from a regionally accredited institution. A prospective graduate student is expected to present a superior overall previous academic record and an above average total GMAT score (or GRE score where appropriate) including high achievement on the verbal, quantitative, and on the analytical writing assessment. The examination must have been taken no earlier than five years prior to the date of admission to the program.

Other factors, such as work experience and career progression, are also important and will be considered by the Admissions Committee. All applicants are required to submit two professional letters of recommendation as well as a current resume.

All prospective students are welcome to arrange a meeting with an admissions counselor. Please phone the graduate school office for an informal appointment. Interviews are not required as part of the admissions process for the part-time M.B.A. program, but may be requested by the Admissions Committee. Interviews for the full-time M.B.A. and weekend M.B.A. programs are on an invitation-only basis. Once a completed application has been received, a preliminary review is completed and selected candidates are invited to interview.

Each applicant is considered on an individual basis. The full-time and weekend M.B.A. programs do have limited enrollments, but for the other graduate business programs there currently is no predetermined limit to the
number of students who can be admitted. Thus, for these programs, all students who are judged eligible by the Admissions Committee will be invited to matriculate.

**Graduate Management Admission Test (GMAT)**

To be considered for admission as a degree seeking student, an applicant will be required to submit a score from the Graduate Management Admission Test (GMAT). GMAT information including dates, a list of test centers, and applications for the exam may be obtained at www.mba.com or by contacting Pearsonvue at 1-800-717-4628. The GMAT score report must come directly from Pearsonvue. A test taken more than five years prior to the date of application is not considered valid for admission purposes and would have to be retaken. An exception may be made for individuals who hold a doctoral or other terminal degree awarded by an appropriately accredited institution. An exception may also be made for fully certified CPA’s applying to the Master of Science in Taxation program. Applicants to the Master of Science in Human Resources Management and the Master of Science in Economics and Policy Analysis may submit either a GMAT or GRE (Graduate Records Examinations) score. As with the GMAT, GRE scores are valid for five years.

**Application Deadlines**

**For the day MBA program (Full-time):**

Admission to the Day M.B.A. program is competitive and is limited to the Autumn Quarter. There are three application rounds, with deadlines of February 1, April 1 and July 1. Application review begins in January, and you are encouraged to apply as early as possible. Decisions are mailed on an ongoing basis beginning in January, and applicants should expect to receive an admission decision approximately 4 weeks after their application becomes complete.

Applicants who wish to be considered for scholarships and graduate assistantships should apply during the first two application rounds. These awards are generally not available to applicants who apply after April 1.

Late applications submitted after the final July 1 deadline may be considered if space remains available in the incoming class.

**For the weekend MBA and MS in Economic Policy Analysis programs:**

Applications must be submitted by July 1st. Applications received after July 1st will be considered on a space available basis.

**For all other graduate business programs:**

Applications must be submitted by:

- July 1st for the Autumn Quarter
- October 1st for the Winter Quarter
- February 1st for the Spring Quarter
- April 1st for the Summer Quarter

Applicants educated outside the United States must submit their applications one month prior to the above deadlines.

**Transcripts**

Degree seeking applicants must present official transcripts from each junior college, college, and university attended (even if only for one course) including DePaul University, if applicable. Credits transferred and posted on the record of a second school do not constitute an official transcript of the original school. Transcripts that are already on file as part of a student record in another College Office at DePaul may be required to remain there and in that case cannot be transferred to the Graduate School of Business Office.

Applicants should write to the Registrar of each school attended, requesting that an official transcript be sent to the student. Once all of the transcripts have been received applicants should submit them to the graduate school office in their original envelopes with the applicant's name, date of birth and program of interest noted on the envelope. We will then add the transcripts to the applicant's admission file.

An applicant who is still taking courses or completing a program at the time he/she submits an application to the Graduate School of Business will not receive full admission until a final and official transcript listing the degree awarded has been submitted to the Admissions Committee. Please see Conditional Admission and Non-degree Status for more information regarding admission prior to posting of an undergraduate degree.
Readmission

A student previously admitted who has been absent from DePaul for one year or longer must complete the application form and submit a transcript of any courses taken elsewhere during his/her absence. A student must submit a written explanation of his/her absence from the program and an updated resume. A $30 application fee is required.

If the original application has been destroyed (after an absence of two years), the student may be required to complete a new application in full.

Special Instructions for International Applicants

Educational Credentials For International Students or Programs

Applicants must submit transcripts from all colleges and universities attended, including those attended but from which no credit was earned. Exceptions may be permitted for study-abroad credit when that credit is clearly defined and displayed on the home institution transcript. Applicants with non-U.S. educational credentials for Winter term 2012 and beyond are required to submit their official educational credentials (e.g., transcripts, mark sheets, degree certificates, graduation diplomas) and evaluation fee directly to one of the three evaluation companies below:

- Educational Credential Evaluators, Inc.
- Educational Perspectives
- One Earth International Credential Evaluation

These evaluators will then provide DePaul with a general evaluation of their studies and certified copies of their international educational credentials which will be used during admission review. Please direct any questions about required credentials to the evaluation company you have selected and not to the Kellstadt Graduate School of Business. DePaul will not accept evaluations from any other evaluation companies and will not accept any educational credentials without an evaluation from ECE, EP or One Earth.

English Proficiency

Non-native English speakers who have not completed a bachelor’s or master’s degree in the United States should submit scores from a recognized English proficiency test. The Kellstadt Graduate School of Business accepts results from TOEFL, IELTS and the Pearson Test of English (PTE).

MBA Core Requirements

Course Requirements

- ACC 500 FINANCIAL ACCOUNTING
- ACC 555 MANAGEMENT ACCOUNTING FOR DECISION-MAKING
- ECO 509 BUSINESS CONDITIONS ANALYSIS
- ECO 555 ECONOMICS FOR DECISION-MAKING
- FIN 555 FINANCIAL MANAGEMENT
- GSB 420 APPLIED QUANTITATIVE ANALYSIS
- GSB 599 STRATEGIC ANALYSIS FOR COMPETING GLOBALLY
- MGT 500 MANAGING FOR EFFECTIVE AND ETHICAL ORGANIZATIONAL BEHAVIOR
- MGT 502 OPERATIONS MANAGEMENT
- MGT 555 STRATEGIC MANAGEMENT OF HUMAN RESOURCES
- MIS 555 MANAGEMENT OF INFORMATION TECHNOLOGY
- MKT 555 DECISIONS IN MARKETING MANAGEMENT

Concentrations

In addition to the required core courses, students have six electives they can use to take courses in a specific area of interest. These electives are typically used by students to select one or more concentrations in the area(s) that offer the knowledge, skills, and abilities that best fit the student’s educational needs and interests.
While many students choose to have a specific area of concentration, those who would like more flexibility in selecting courses may choose the general business concentration instead. With this option, the student is free to choose six courses from several different areas of study within the graduate school of business.

If a student does not indicate a specific concentration of interest in the application for admission the student will be assigned to the general business concentration.

**M.B.A. Options**

**Day M.B.A. (Full-time Accelerated)**

The Day M.B.A. Program fulfills the business world’s demand for M.B.A. graduates with the ability to understand and manage complex business processes. Students who choose this program option will take all of their foundation and core classes in a full-time, lock step format during the first four terms of the program. Upon completion of the prerequisite core courses, students may begin taking their concentration classes at their own pace. Students in the Day M.B.A. Program may choose to specialize in any of the generally available MBA concentrations offered by the Kellstadt Graduate School of Business.

**Evening M.B.A. (All Campuses)**

All of the core course requirements for the M.B.A. are offered at the Loop and the Naperville and O’Hare suburban campuses. Required core courses are offered every quarter at the Loop campus but variably at the suburban campuses. All requirements are offered at least once each year at each of these locations.

Three full concentrations are available at each of the suburban campuses. These are Finance, Marketing Management and General Business. Electives applicable to other concentrations will be offered variably at the suburban locations but it may be necessary to travel to Loop campus to complete concentrations other than these three.

**Weekend M.B.A. at O’Hare Campus**

The Weekend M.B.A. Program is a rigorous yet rewarding program designed for the self-directed manager with an interest in using technology to supplement traditional M.B.A. course work. The curriculum provides knowledge in each of the major business functions along with specialized courses in Management and Finance such that students may earn concentrations in Finance and/or Operations Management as part of the weekend program. Upon completion of the required core sequence of courses, students are able to select concentration courses from among the more than 35 concentrations available to part-time M.B.A. students. Please note that only the Finance and Operations Management concentrations are available in the weekend format.

Each course is taught as a blend of traditional lecture and distance learning formats. Classes meet on alternate Saturdays at the O’Hare Campus. Students will work via distance learning in the weeks between class meetings. Admitted students will proceed through the program as a cohort group. Admission to the program is for fall quarter only.

---

**Concentration Requirements**

**Course Requirements**

Students complete the Investment Management concentration by taking the following two courses:

- FIN 523 INVESTMENT ANALYSIS
- FIN 525 PORTFOLIO MANAGEMENT
- Choose two of the following courses:
  - FIN 524 FINANCIAL STATEMENT ANALYSIS
  - FIN 526 ADVANCED TOPICS IN INVESTMENTS
  - FIN 582 THE PSYCHOLOGY OF FINANCIAL MARKETS
IT Management (MBA)

The three-course Information Technology (IT) Management concentration covers advanced topics in managing IT as a service to prepare graduates for leadership positions in information systems. Students learn how to provide high quality and customer-focused IT services, describe them in the customer's language, and manage the quality, availability, reliability, and cost of these services.

The program introduces best practices and proven approaches in guiding an IT organization to improve its structure, become more efficient, and be better aligned with corporate objectives. Such an organization is in superior control of its IT infrastructure and services. Students are expected to first complete the MIS concentration or have equivalent previous coursework or substantial experience in information systems. In case a student already has competences in IT service management, the curriculum can be customized in consultation with the Graduate MIS Program Administrator.

Admission Information

Applicants must possess the equivalent of a bachelor's degree from a regionally accredited institution. A prospective graduate student is expected to present a superior overall previous academic record and an above average total GMAT score (or GRE score where appropriate) including high achievement on the verbal, quantitative, and on the analytical writing assessment. The examination must have been taken no earlier than five years prior to the date of admission to the program.

Other factors, such as work experience and career progression, are also important and will be considered by the Admissions Committee. All applicants are required to submit two professional letters of recommendation as well as a current resume.

All prospective students are welcome to arrange a meeting with an admissions counselor. Please phone the graduate school office for an informal appointment. Interviews are not required as part of the admissions process for the part-time M.B.A. program, but may be requested by the Admissions Committee. Interviews for the full-time M.B.A. and weekend M.B.A. programs are on an invitation-only basis. Once a completed application has been received, a preliminary review is completed and selected candidates are invited to interview.

Each applicant is considered on an individual basis. The full-time and weekend M.B.A. programs do have limited enrollments, but for the other graduate business programs there currently is no predetermined limit to the number of students who can be admitted. Thus, for these programs, all students who are judged eligible by the Admissions Committee will be invited to matriculate.

Graduate Management Admission Test (GMAT)

To be considered for admission as a degree seeking student, an applicant will be required to submit a score from the Graduate Management Admission Test (GMAT). GMAT information including dates, a list of test centers, and applications for the exam may be obtained at www.mba.com or by contacting Pearsonvue at 1-800-717-4628. The GMAT score report must come directly from Pearsonvue. A test taken more than five years prior to the date of application is not considered valid for admission purposes and would have to be retaken. An exception may be made for individuals who hold a doctoral or other terminal degree awarded by an appropriately accredited institution. An exception may also be made for fully certified CPA’s applying to the Master of Science in Taxation program. Applicants to the Master of Science in Human Resources Management and the Master of Science in Economics and Policy Analysis may submit either a GMAT or GRE (Graduate Records Examinations) score. As with the GMAT, GRE scores are valid for five years.

Application Deadlines

DePaul University

Winter/Spring 2013
For the day MBA program (Full-time):

Admission to the Day M.B.A. program is competitive and is limited to the Autumn Quarter. There are three application rounds, with deadlines of February 1, April 1 and July 1. Application review begins in January, and you are encouraged to apply as early as possible. Decisions are mailed on an ongoing basis beginning in January, and applicants should expect to receive an admission decision approximately 4 weeks after their application becomes complete.

Applicants who wish to be considered for scholarships and graduate assistantships should apply during the first two application rounds. These awards are generally not available to applicants who apply after April 1.

Late applications submitted after the final July 1 deadline may be considered if space remains available in the incoming class.

For the weekend MBA and MS in Economic Policy Analysis programs:

Applications must be submitted by July 1st. Applications received after July 1st will be considered on a space available basis.

For all other graduate business programs:

Applications must be submitted by:

- July 1st for the Autumn Quarter
- October 1st for the Winter Quarter
- February 1st for the Spring Quarter
- April 1st for the Summer Quarter

Applicants educated outside the United States must submit their applications one month prior to the above deadlines.

Transcripts

Degree seeking applicants must present official transcripts from each junior college, college, and university attended (even if only for one course) including DePaul University, if applicable. Credits transferred and posted on the record of a second school do not constitute an official transcript of the original school. Transcripts that are already on file as part of a student record in another College Office at DePaul may be required to remain there and in that case cannot be transferred to the Graduate School of Business Office.

Applicants should write to the Registrar of each school attended, requesting that an official transcript be sent to the student. Once all of the transcripts have been received applicants should submit them to the graduate school office in their original envelopes with the applicant's name, date of birth and program of interest noted on the envelope. We will then add the transcripts to the applicant's admission file.

An applicant who is still taking courses or completing a program at the time he/she submits an application to the Graduate School of Business will not receive full admission until a final and official transcript listing the degree awarded has been submitted to the Admissions Committee. Please see Conditional Admission and Non-degree Status for more information regarding admission prior to posting of an undergraduate degree.

Readmission

A student previously admitted who has been absent from DePaul for one year or longer must complete the application form and submit a transcript of any courses taken elsewhere during his/her absence. A student must submit a written explanation of his/her absence from the program and an updated resume. A $30 application fee is required.

If the original application has been destroyed (after an absence of two years), the student may be required to complete a new application in full.

Special Instructions for International Applicants

Educational Credentials For International Students or Programs

Applicants must submit transcripts from all colleges and universities attended, including those attended but from which no credit was earned. Exceptions may be permitted for study-abroad credit when that credit is clearly defined and displayed on the home institution transcript.

Applicants with non-U.S. educational credentials for Winter term 2012 and beyond are required to submit their official educational credentials (e.g., transcripts, mark sheets, degree certificates, graduation diplomas) and
evaluation fee directly to one of the three evaluation companies below:

- Educational Credential Evaluators, Inc.
- Educational Perspectives
- One Earth International Credential Evaluation

These evaluators will then provide DePaul with a general evaluation of their studies and certified copies of their international educational credentials which will be used during admission review. Please direct any questions about required credentials to the evaluation company you have selected and not to the Kellstadt Graduate School of Business. DePaul will not accept evaluations from any other evaluation companies and will not accept any educational credentials without an evaluation from ECE, EP or One Earth.

**English Proficiency**

Non-native English speakers who have not completed a bachelor's or master's degree in the United States should submit scores from a recognized English proficiency test. The Kellstadt Graduate School of Business accepts results from TOEFL, IELTS and the Pearson Test of English (PTE).

**MBA Core Requirements**

Each course is taught as a blend of traditional lecture and distance learning formats. Classes meet on alternate Saturdays at the O'Hare Campus. Students will work via distance learning in the weeks between class meetings. Admitted students will proceed through the program as a cohort group. Admission to the program is for fall quarter only.

Concentration Requirements

Course Requirements

To complete this concentration, students must take the following three courses:

- MIS 798 SPECIAL TOPICS: IT Service Management
- MIS 683 INFORMATION TECHNOLOGY STRATEGY AND ARCHITECTURE
- MGT 598 PROJECT MANAGEMENT: SEMINAR IN OPERATIONS MANAGEMENT
  or PM 430 FUNDAMENTALS OF IT PROJECT MANAGEMENT

Jazz Studies (MM)

The graduate jazz studies program provides students a comprehensive education in jazz, allowing students to specialize in either performance or composition. Drawing upon the resources of the Chicago jazz scene, faculty members are highly celebrated performers, teachers, composers, and arrangers. In addition to applied jazz lessons, jazz ensembles, and jazz combos, Master of Music students enroll in courses such as jazz theory, history, pedagogy, improvisation, composing, and/or arranging. Throughout the program, jazz students have multiple opportunities to record performances and compositions in professional recording studios. The Master of Music degree is a two-year program.
Admission Information

Admission

The first charter of DePaul University included a statement on nondiscrimination, and the policy has been enforced vigorously for over 114 years. It is the policy of the School of Music to make admission decisions without regard to the race, color, religion, age, gender, sexual orientation, national origin or handicap of the candidate.

Procedures for Admission

Applicants for graduate admission should submit an application online at www.depaul.edu. The application deadline is December 1. Applicants should submit official college transcripts and three letters of recommendation to support their application. Applicants to the master's degree program for performance and jazz studies must take an entrance audition, usually held in February of each year. Audition requirements are specified in the Admissions section on the School of Music website. Applicants to the master's degree program for music education must interview with the Music Education department. Applicants to the master's degree program for composition must submit a composition portfolio of three pieces. A nonrefundable application fee is required of every student applying for admission to the University as a degree-seeking student. When admission has been approved, the applicant will be notified of the diagnostic examination schedule and new student orientation, which usually take place at the beginning of the academic year.

Certificate in Performance

The School of Music also offers a program leading to the Certificate in Performance. The Certificate in Performance is a post-masters program for classical or jazz musicians who intend to pursue careers as professional performers. Applicants should submit an application online at www.depaul.edu. The application deadline is December 1. Applicants should submit official college transcripts and three letters of recommendation to support their application. Applicants must take an entrance audition, usually held in February of each year. Audition requirements are specified in the Admissions section on the School of Music website.

Non-Degree Seeking Students

DePaul School of Music does not normally admit applicants as non-degree seeking students. A student who has earned a bachelor's degree or its equivalent from an accredited institution and does not intend to work for a master's degree may, on the written recommendation of the Associate Dean of Academic Affairs, be admitted as a non-degree seeking student. Only the first 12 quarter hours earned as a non-degree-seeking student at DePaul may subsequently be applied toward a degree when the student is accepted as a degree-seeking student.

Student-At-Large

DePaul School of Music does not normally admit applicants as students-at-large. A student completing a graduate program at another accredited institution may, on the written recommendation of the Associate Dean of Academic Affairs, be admitted as a student-at-large.

International Students

All international students and any student who has been educated outside of the United States should complete the application requirements for their desired program (see above), submit their educational credentials to a third-party organization for evaluation, and demonstrate a proficiency in English. The application deadline is December 1. For further information on applying to DePaul School of Music as an international graduate student, please refer to the International Students section under Admissions on the School of Music website.

To demonstrate English proficiency, international graduate music students must pass a TOEFL examination with a written score of 550 or an internet-based score of 80, with no section lower than 17. If a student has met all other music admissions criteria and taken a TOEFL examination, but not yet achieved a passing score, they may be considered for admission to the joint English Language Academy-School of Music program. (For further information on this program, students should contact the School of Music Admissions Office.) Those who request student visas also must show evidence of adequate financial support. A formal letter of admission and/or form 1-20 will be issued only after all admission requirements have been fulfilled.

Diagnostic Examinations

Students who have been admitted to the master's degree program for composition, performance, jazz studies, and music education must take a diagnostic examination in musicianship studies. These examinations, taken
during new student orientation, will be used to guide course placement and identify areas for additional studies.

Degree Requirements

Course Requirements

A minimum of 48 quarter hours of graduate credit is required for the Master of Music degree. This total is divided between the basic studies required of all master’s degree students, and courses in the specialization. Prior to the completion of each degree program, graduate students must pass a written comprehensive examination, administered by each department/program.

Jazz Studies Core (16 credits)

- JZZ 406 JAZZ STYLE AND ANALYSIS
- Music History: Two courses from the following list
  - JZZ 405 JAZZ HISTORY
  - MUS 420 HISTORY OF THE ORATORIO
  - MUS 435 18th & 19th WIND HISTORY AND LITERATURE
  - MUS 436 20th CENTURY WIND HISTORY AND LITERATURE
  - MUS 475 MEDIEVAL MUSIC
  - MUS 478 RENAISSANCE MUSIC
  - MUS 479 BAROQUE MUSIC
  - MUS 481 HISTORY OF OPERA
  - MUS 482 WORLD MUSIC CULTURES
  - MUS 484 CLASSICAL MUSIC
  - MUS 485 ROMANTIC MUSIC
  - MUS 486 MUSIC SINCE WORLD WAR II
  - MUS 487 20TH CENTURY MUSIC BEFORE WWII
- MUS 400 MUSIC RESEARCH I

Specializations

Students must choose one of the following specializations:

Performance Specialization (16 credit hours)

- Applied Jazz Lessons (12 credits required)
  - JZZ 412 APPLIED JAZZ IMPROVISATION
  - JZZ 413 JAZZ GUITAR
  - JZZ 414 JAZZ PERCUSSION
  - JZZ 415 JAZZ PIANO
  - JZZ 416 JAZZ SAXOPHONE
  - JZZ 417 JAZZ STRING BASS
  - JZZ 418 JAZZ TROMBONE
  - JZZ 419 JAZZ TRUMPET
- JZZ 411 JAZZ PEDAGOGY
- JZZ 425 JAZZ RHYTHM SECTION TECHNIQUES
- Electives (4 credits)
- Ensemble Participation (12 credits)
  - JZZ 400 JAZZ ENSEMBLE
  - JZZ 401 JAZZ CHAMBER ENSEMBLE
- APM 405 GRADUATE RECITAL (0 credits)

Composition Specialization (22 credits)

- Advanced Jazz Composition Sequence
  - JZZ 402 ADVANCED JAZZ COMPOSITION I
  - JZZ 404 ADVANCED JAZZ COMPOSITION II
- Applied Jazz Lessons (6 credits)
  - JZZ 413 JAZZ GUITAR
JZZ 414 JAZZ PERCUSSION
JZZ 415 JAZZ PIANO
JZZ 416 JAZZ SAXOPHONE
JZZ 417 JAZZ STRING BASS
JZZ 418 JAZZ TROMBONE
JZZ 419 JAZZ TRUMPET
JZZ 403 JAZZ ANALYSIS AND APPLICATION
JZZ 411 JAZZ PEDAGOGY
JZZ 425 JAZZ RHYTHM SECTION TECHNIQUES
Electives (4 credits)
Ensemble Participation (6 credits)
JZZ 400 JAZZ ENSEMBLE
JZZ 401 JAZZ CHAMBER ENSEMBLE

Terminal Requirements

Two terminal requirements are required of all students:

- A written comprehensive examination, in which the students must demonstrate a satisfactory knowledge of their major field of study. The comprehensive examination may be taken at any time after 32 quarter hours of graduate credit have been earned.
- Performance track, the presentation of a public recital; composition track, the completion of a final writing project.

While preparation of the terminal requirement in the major may take place within some course or activity for which a student is registered for credit, additional academic credit is not granted for the project itself.

Residency Requirements

All courses for the master's degree must be taken at DePaul University. Graduate credit for courses completed at other institutions may not be applied toward the degree.

A full-time graduate student must be registered for a minimum of six quarter hours in any term. All requirements for the degree must be completed within six calendar years from the time a student is first enrolled. For students removing deficiencies, this period will begin when all deficiencies are removed and admission to the master's degree program has been granted.

Journalism (MA)

The M.A. in Journalism focuses on the social responsibility of journalists in the new converged, online world of information gathering and dissemination. Students will be given theoretical grounding and skills to tell stories in this new digital landscape. Mac and PC labs, along with a state-of-the-art converged news center, studio and high-end editing suites located in Chicago's South Loop, will be staffed by experienced professionals drawn from Chicago's major media. Graduates will learn how to add value to stories citizens access on the web through course work and experiential learning aimed at giving them content specialization to better serve citizens with news they need to know.
Sports Journalism

Course Requirements

The graduate concentration in Sports Journalism trains students to write, report, and produce multimedia sports packages, while giving them an understanding of the unique role of sports in American life. Experiential learning opportunities are emphasized in game coverage, sports blogging, and building sports communities through print, broadcast, and social media. Students will learn the perspective and context that makes for truly exceptional work in sports journalism.

- JOUR 510 SPORTS REPORTING
  or JOUR 523 ONLINE SPORTS REPORTING
- Choose three courses from the following list:
  - JOUR 508 NICHE JOURNALISM
  - JOUR 514 OPINION AND COLUMN WRITING
  - JOUR 515 SPECIAL TOPICS IN JOURNALISM
  - JOUR 517 EXPERIENTIAL LEARNING IN JOURNALISM
  - JOUR 521 SPORTS PRODUCING
  - JOUR 524 WRITING FOR THE DEPAULIA
  - JOUR 528 REPORTING FOR GOOD DAY DEPAUL
  - CMN 591 INTERNSHIP

Reporting Metro Chicago

Course Requirements

The graduate concentration in Reporting Metro Chicago prepares students for work in urban reporting by introducing them to the communities, institutions, and decision-makers that impact citizens across the metro area. Students will learn how to cover critical urban issues through a variety of print and online platforms that serve citizens with fascinating stories drawn from across the urban area.

- JOUR 513 CHICAGO AND URBAN AFFAIRS REPORTING
  or JOUR 525 URBAN AFFAIRS REPORTING
- Choose three courses from the following list:
  - JOUR 508 NICHE JOURNALISM
  - JOUR 509 JOURNALISM LAW AND ETHICS
  - JOUR 512 BUSINESS WRITING AND REPORTING
  - JOUR 514 OPINION AND COLUMN WRITING
  - JOUR 515 SPECIAL TOPICS IN JOURNALISM
  - JOUR 517 EXPERIENTIAL LEARNING IN JOURNALISM
  - JOUR 526 POLITICAL COMMUNICATION
  - JOUR 528 REPORTING FOR GOOD DAY DEPAUL
  - CMN 591 INTERNSHIP
Admission Information

Students seeking admission to the Master's in Journalism program must submit the following:

- Completed application and application fee
- Official undergraduate transcript in which the student completed a bachelor's degree from a regionally accredited college or university and achieved a minimum grade point average of 3.0 on a 4-point scale
- Statement of purpose (750 words) explaining why the student is seeking admission to the program
- Writing sample or project that demonstrates the applicant's journalistic ability
- Two letters of recommendation
- Resume

The Journalism admission committee has a rolling admission policy, meaning the committee will consider completed applications throughout the year. For students who completed their undergraduate education outside the United States and who are not native speakers of English, a TOEFL score of 590 (paper-based); 243 (computer-based) or 96 (internet-based — with all sections scores of 22 or higher) is also required along with an oral interview with two members of the program's faculty.

Degree Requirements

The Master of Arts in Journalism requires 12 courses—three core courses, a minimum of six elective courses in Journalism, and a maximum of three outside electives. Students must maintain a 3.0 average in their graduate work to remain in good academic standing. Students who drop below this average will be put on academic probation and will be expected to attain the minimum requirement within two quarters. Failure to do so may result in dismissal from the program.

Core Courses

- JOUR 501 THE SOCIAL RESPONSIBILITY OF JOURNALISM
- JOUR 502 NEWS NOW: JOURNALISM IN THE INFORMATION AGE
- JOUR 503 REPORTING FOR CONVERGED NEWSROOMS

Journalism Electives

Students select a minimum of six courses from the following list:

- JOUR 504 BACKPACK REPORTING
- JOUR 505 ADVANCED TELEVISION REPORTING
- JOUR 506 NEWSCAST PRACTICUM
- JOUR 507 VISUAL COMMUNICATION
- JOUR 508 NICHE JOURNALISM
- JOUR 509 JOURNALISM LAW AND ETHICS
- JOUR 510 SPORTS REPORTING
- JOUR 511 ARTS & ENTERTAINMENT REPORTING
- JOUR 512 BUSINESS WRITING AND REPORTING
- JOUR 513 CHICAGO AND URBAN AFFAIRS REPORTING
- JOUR 514 OPINION AND COLUMN WRITING
- JOUR 515 SPECIAL TOPICS IN JOURNALISM
- JOUR 517 EXPERIENTIAL LEARNING IN JOURNALISM
- JOUR 518 WRITING AND REPORTING
- JOUR 519 INTERNATIONAL REPORTING
- JOUR 521 SPORTS PRODUCING
- JOUR 522 MULTI-PLATFORM NEWS EDITING
- JOUR 523 ONLINE SPORTS REPORTING
- JOUR 524 WRITING FOR THE DEPAULIA
- JOUR 525 URBAN AFFAIRS REPORTING
- JOUR 526 POLITICAL COMMUNICATION
Outside Electives

With approval from the graduate program director, students can take up to three relevant elective courses from other CMN graduate programs, or relevant graduate elective courses from outside CMN. Examples of courses students have taken previously are:

- CMNS 545 COMMUNICATION AND TECHNOLOGY
- CMNS 552 STRATEGIC COMMUNICATION
- CMNS 561 INTERNATIONAL MEDIA
- CMNS 563 MULTICULTURAL MEDIA REPRESENTATIONS
- DC 415 POST-PRODUCTION SOUND DESIGN
- DC 420 EDITING II
- DC 430 VISUAL EFFECTS
- DC 471 DOCUMENTARY PRODUCTION
- MCS 530 NEW MEDIA AND CULTURE
- MCS 534 DOCUMENTARY STUDIES
- MCS 541 AUDIO DOCUMENTARY
- NMS 502 NEW MEDIA, OLD MEDIA
- NMS 520 WEB DESIGN I
- NMS 521 WEB DESIGN II
- PRAD 535 PUBLIC RELATIONS IN HEALTH CARE
- PRAD 562 MEDIA RELATIONS
- PRAD 575 COMMUNICATION LAW AND ETHICS

Language Literacy and Specialized Instruction (MA)

The program in Literacy and Specialized Instruction fosters leadership in three areas of specialized instruction:

- Dual Certification - Special Education combined with Elementary Education
- Reading Specialist
- Special Education for Teachers

The Dual Certification concentration in Special Education (Special K-12) and Elementary Education (K-9) prepares candidates to teach both special and regular education and leads to initial teacher certification in two areas. Coursework focuses on a theoretical understanding of both regular education and special education as well as on strategies for working with children in a wide variety of classroom settings.

The Reading Specialist concentration combines the disciplines of Learning Disabilities and Reading Education (Developmental and Remedial Reading) and leads to a Reading Specialist Certificate (Special K-12) and prepares students to work primarily as reading specialists and as professionals in clinics or private practice. Coursework focuses on a theoretical understanding of reading problems and learning disabilities in individuals of all ages.

The Special Education for Teachers (Learning & Behavior Specialist 1) program prepares currently certified general education teachers to work in special education, and results in a LBS-1 certificate (Type 10 K-12) or an endorsement. Students in the Special Education for Teachers program may work with individuals with special needs in a variety of settings.

Certification

Students are eligible for an initial Elementary (K-9) teaching certificate and an initial Type 10 (pre-K-21) teaching
certification with an LBS1 endorsement upon completion of the Dual Certification Master's program and the required certification tests.

Students are eligible for an initial Type 10 (pre-K-21) teaching certificate with an LBS1 endorsement upon completion of the Special Education for Teachers (Learning Behavior Specialist 1) Master's program and the required certification tests. Certificate only and endorsement only options available. Note: Courses in the Special Education for Teachers concentration are designed for practicing educators and are not open to students seeking a first teaching certificate (Teaching and Learning).

Students are eligible for an initial Type 10 certificate (K-12) teaching certificate with a Reading Specialist endorsement upon completion of the Reading Specialist Master's program, the required certification tests, and the required employment experience (2-years of full-time teaching experience).

Note: Courses in the Reading Specialist concentration are designed for practicing educators and are not open to students seeking a first teaching certificate (Teaching and Learning).

Admission Information

Admission Requirements

- A completed College of Education graduate application
- A bachelor's degree conferred by an accredited, recognized institution
- A previous grade point average of 2.75 or above on a 4.0 scale
- Two letters of reference, one of which must be from persons familiar with your academic work
- One official transcript from each college or university attended
- Personal statement (see application for details)
- Resume
- Interview

Additional Requirements for Reading Specialist Concentration

- Valid Illinois Teaching Certificate
- Evidence of one year of successful teaching experience
- Evidence of adequate background for the program
- Evidence of Illinois Core Teaching, Language Arts, and Technology skills

Additional Requirements for Dual Certification Concentration

- Writing sample (e.g., a term paper, seminar paper, or senior thesis or portion thereof)

Additional Requirements for the Special Education for Teachers Concentration

- Valid Illinois Teaching Certificate
- Evidence of adequate background for the program
College Requirements

Dispositions

The academic programs within the College of Education have set forth these dispositions as educational and professional expectations for all students. Students should be aware that failing to abide by DePaul University or College of Education policies including, under certain circumstances, these dispositions, could result in adverse consequences for the student, including removal from his or her program, the College of Education, or the University.

- Is receptive to faculty feedback and acts meaningfully and professionally upon suggestions
- Reflects on his or her own progress, identifies strengths and weaknesses, and evaluates strategies for success and professional growth
- Takes initiative
- Is open to new ideas and engagement in learning
- Respects diversity and cultural contexts to determine how to be responsive to learners and to proactively promote all students' learning
- Expresses positive attitudes toward individuals with disabilities and a willingness to advocate on their behalf
- Is committed to collaboration with colleagues, families, and communities in order to promote all students' learning and development
- Demonstrates professional ethical and legal behavior as defined by the respective codes of ethics and laws
- Demonstrates consistent professional behavior across all academic settings
- Maintains appropriate interpersonal and professional boundaries
- Accepts personal responsibility for one's behavior
- Expresses feelings and opinions effectively and appropriately
- Upholds confidentiality

Degree Conferral and Graduation

The awarding of a degree is not automatic. You must submit an application to be considered for the degree. DePaul awards and posts degrees at the end of each regular academic term (autumn, winter, spring, summer I and summer II).

It is your responsibility to initiate the degree conferral application process by submitting an online application. Submitting an application means you intend to finish your degree requirements by the end of the term for which you have applied.

Graduate students must be approved for student teaching and complete student teaching, seminar, and induction courses to be cleared for the degree. Student must submit graduation application for the quarter you are completing the final course (student teaching is considered a course).

After you submit the application, you cannot register for any term after the one selected in the application.

Application deadlines are as follows:
Fall Quarter - October 1st
Winter Quarter - January 15th
Spring Quarter - February 1st
Summer I Quarter - June 1st
Summer II Quarter - July 15th

To apply for degree conferral, log on to Campus Connection. Select FOR STUDENTS, then GRADUATION, then APPLY FOR DEGREE CONFERRAL. On screen instructions will take you through the application process.

Provided that all requirements and financial obligations are met, degrees are posted 30 days after the official end of the term. Official dates are listed on the Academic Calendar.

DePaul holds one commencement ceremony each year in June. If you intend to participate, you must first apply for degree conferral for the current academic year and then submit a cap and gown order. Honors are not announced at the ceremony for undergraduates completing their final courses in spring quarter because a final GPA is not available at the time of the ceremony.

Additional information about degree conferral and graduation can be found on the College of Education website.
Degree Requirements

Concentrations are available in Special Education of Teachers (Learning Behavior Specialist 1), Reading Specialist and Dual Certification.

Specific degree requirements are determined according to the Concentration chosen by the student. Please review the concentration requirements pages for more information.

Dual Certification Concentration

Course Requirements

Content Area Prerequisites

A transcript evaluation will be completed upon admission to the program. If deficiencies exist, they must be completed prior to student teaching.

- College coursework in Writing
- College coursework in Fine Arts or Literature
- College coursework in Mathematics
- College coursework in Science
- College coursework in American Government or U.S. History
- College coursework in Social Science

Pre-Education Introductory Core: 20 quarter hours required, grade of C or better required

- EDU 25 BASIC TECHNOLOGY LITERACY (non-credit, non-tuition)
- LSI 442 SURVEY AND CHARACTERISTICS OF THE EXCEPTIONAL LEARNER
- SCG 401 ADVANCED DEVELOPMENTAL PSYCHOLOGY
- SCG 408 EDUCATION AND SOCIETY
- T&L 409 PROFESSIONAL PRACTICE IN ELEMENTARY SCHOOLS
- T&L 418 LEARNING THROUGH THE ARTS (FORMERLY CDG 418)

Advanced Standing

All Education students have a two stage admission process. Upon being admitted to the College of Education students begin as a Pre-Education Teacher Candidate. Requirements must be met to progress in the major and take courses in the Advanced Standing category:

- All students must complete specific requirements in order to take the Advanced Standing courses. Requirements include:
  - EDU 25 BASIC TECHNOLOGY LITERACY
  - Pass the Illinois Certification Basic Skills Test or Test of Academic Proficiency (TAP)
  - Cumulative GPA of 3.00
  - A minimum of 8 quarter hours completed at DePaul
  - Petition for Advanced Standing form

You can apply for advanced standing once you have completed the above requirements by submitting the Petition for Advanced Standing form.

Advanced Standing Courses: 48 quarter hours required, grade of C or better required
Student Teaching Requirements

Student Teaching is the culminating clinical experience in the student’s program. All students in teacher preparation programs must meet the following requirements before applying for student teaching:

**Academic Requirements**

- Completion of all Content Area Prerequisites, Pre-Education, and Advanced Standing courses
- Overall cumulative G.P.A. of 3.00 or better
- Meet all other program requirements (e.g., residency requirements)
- Meet designated program standards
- Pass the required Illinois certification content area tests (see below)

**Clinical Requirements**

- Completion of all required field experiences
- Three satisfactory evaluations in field experiences
- Three satisfactory faculty recommendations
- Attendance at mandatory meeting for student teaching
- Application for student teaching, resume, transcripts, and writing sample (check deadlines)
- Review and approval by Student Teaching Committee of the College of Education.

**Student Teaching Timeline and Deadlines**

- Attend a Mandatory Meeting approximately 1 year prior to expected quarter of student teaching.
- Submit application for student teaching after attending Mandatory Meeting, approximately 1 year prior to student teaching.

Academic requirements (above) due one quarter before expected quarter of student teaching.

Clinical requirements (above) are completed as course requirements. Field experience hours are entered by the student as the requirement is attached to coursework. Online Faculty Evaluations are entered by the instructor as attached to courses. All data must be entered in the Field Experience Documentation System (FEDS) due one month prior to student teaching.

Individual school districts may have additional requirements (application, training, background check, etc.)

**Student Teaching: 12 quarter hours required, grade of B- or better required**

- LSI 585 STUDENT TEACHING AND SEMINAR IN SPECIAL EDUCATION-ELEMENTARY EDUCATION (4 hours Winter Quarter)
- LSI 585 STUDENT TEACHING AND SEMINAR IN SPECIAL EDUCATION-ELEMENTARY EDUCATION (4 hours Spring Quarter)
- LSI 465 INDUCTION INTO THE FIELD OF EDUCATION (4 hours)
- LSI 96 FIELD EXPERIENCE FOR DUAL CERTIFICATION (indicates to ISBE that required field experience hours are complete) (non-credit, non-tuition)

**Master of Arts (M.A.) Degree Requirements: 4 quarter hours, grade of C or better required**

- LSI 549 THESIS RESEARCH IN SPECIALIZED INSTRUCTION (4 quarter hours)

The Master’s Thesis is completed in conjunction with faculty advisement. Preparation for the writing of the Thesis should begin well in advance of the completion of coursework. Oral examination on Thesis required.
**Consult the M.A. Thesis Handbook for additional information.**

**Certification Tests**

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate.

Dual Certification students must complete the following tests:

- **Test of Academic Proficiency (TAP) (test #400)** - assesses knowledge of reading comprehension, language arts, writing, and math. Test is required to qualify for Advanced Standing.
- **Elementary Content Area Test (test #110)** – assesses knowledge of the content of what is taught at the elementary level. Test is required before Student Teaching (deadlines apply).
- **LBS1 Content Area Test (test #155)** – assesses knowledge of working with students with disabilities and special needs. Test is required before Student Teaching (deadlines apply).
- **Special Education General Curriculum Test (test #163)** – assesses knowledge of reading & literacy, mathematics, natural science, and social science. Test is required before Student Teaching (deadlines apply).
- **Assessment of Professional Teaching (APT) (test #104, grades K-12)** – assesses knowledge of teaching practice and classroom scenarios. Test is required to be certified, recommended to take before Student Teaching.

**Field Experiences**

Each student seeking certification from the College of Education/Professional Education Unit must complete supervised field experiences in appropriate settings in conjunction with education courses. 200 hours of non-paid pre-student teaching field experience are required. Special requirements include: regular and special education settings, experiences in inclusive settings, special education experiences at the high school level. All field experiences must be completed prior to final approval for student teaching. Field experience hours should be entered by the student into the FEDS system when completing courses with field experience requirements.

**Reading Specialist Concentration**

**Course Requirements**

**Social and Cultural Studies Courses: 12 quarter hours required, grade of C or better required**

- **SCG 410 INTRODUCTION TO RESEARCH: PURPOSES, ISSUES, AND METHODOLOGIES**
- Choose one of the following:
  - **SCG 401 ADVANCED DEVELOPMENTAL PSYCHOLOGY**
  - **SCG 402 PSYCHOLOGY OF LEARNING**
  - **SCG 403 HUMAN DEVELOPMENT AND LEARNING: ELEMENTARY**
  - **SCG 406 HUMAN DEVELOPMENT AND LEARNING: SECONDARY**
  - **SCG 439 PHILOSOPHY AND PSYCHOLOGY OF YOUTH AND MIDDLE LEVEL EDUCATION**
- Choose one of the following:
  - **SCG 408 EDUCATION AND SOCIETY**
  - **SCG 409 SOCIOLOGY OF EDUCATION**
  - **SCG 411 PHILOSOPHY OF EDUCATION**

**Reading Specialist Core Courses: 28 quarter hours required, grade of C or better required**

- **LSI 430 INTRODUCTION TO ASSESSMENT OF READING AND LEARNING DISABILITIES**
- **LSI 431 FOUNDATIONS OF LITERACY: ASSESSMENT AND INSTRUCTION I**
- **LSI 432 DEVELOPING LITERACY: ASSESSMENT AND INSTRUCTION II**
- **LSI 433 DIAGNOSIS AND INTERVENTION FOR READING AND LEARNING DISABILITIES**
- **LSI 435 CURRICULUM, COLLABORATION, ADMINISTRATION AND SUPERVISION OF READING PROGRAMS**
- **LSI 437 LEADERSHIP AND PROFESSIONAL DEVELOPMENT IN READING & LEARNING**
Practicum Courses: 12 quarter hours required, grade of C or better

- LSI 438 READING COMPREHENSION FOR STRUGGLING READERS: LITERATURE-BASED AND CONTENT AREA INSTRUCTION
- LSI 542 TESTING/DIAGNOSIS OF READING & LEARNING DISABILITIES: PRACTICUM I
- LSI 543 DIAGNOSIS AND REMEDIATION OF LEARNING DISABILITIES: PRACTICUM II
- LSI 544 DIAGNOSIS AND REMEDIATION OF LEARNING DISABILITIES: PRACTICUM III

Clinical Experience:

The program requires a minimum of 150 hours of clinical working with students with reading and learning disabilities. These hours are earned in the on-campus Family Lab in conjunction with LSI 542, LSI 543, and LSI 544. The Family Lab provides diagnostic and remedial services for children and adolescents with reading disabilities. Graduate students who are enrolled in advanced courses provide diagnostic and remedial services to children and adolescents in the Chicago area.

Master of Arts (M.A.) Degree Requirements: 4 quarter hours, grade of C or better required

- LSI 549 THESIS RESEARCH IN SPECIALIZED INSTRUCTION (4 quarter hours)

The Master’s Thesis is completed in conjunction with faculty advisement. Preparation for the writing of the Thesis should begin well in advance of the completion of coursework. Oral examination on Thesis required. Consult the M.A. Thesis Handbook for additional information.

Reading Specialist plus LBS1 option

Students admitted to the Reading Specialist program may elect to pursue the LBS1 endorsement. Students must complete four courses plus the LBS1 content area test (#155) in addition to the Reading Specialist program. These courses are:

- LSI 440 SURVEY OF EXCEPTIONAL LEARNERS: PSYCHOLOGY AND EDUCATION
- LSI 458 TEACHING STUDENTS WITH HIGH INCIDENCE DISABILITIES I
- LSI 468 TEACHING STUDENTS WITH LOW INCIDENCE DISABILITIES I
- LSI 469 TEACHING STUDENTS WITH LOW INCIDENCE DISABILITIES II

Students may take these courses concurrently with or at the end of the Reading Specialist program. Students must consult their Faculty Advisor if they elect to pursue the LBS1 option.

Certification Tests

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate.

Reading Specialist students must complete the following tests:

- Test of Academic Proficiency (TAP) (test #400) - assesses knowledge of reading comprehension, language arts, writing, and math.
- Reading Specialist Content Area Test (test #176) – assesses knowledge of language, reading, and literacy.
- Assessment of Professional Teaching (APT) (test #104, grades K-12) – assesses knowledge of teaching practice and classroom scenarios.

Special Education for Teachers

Course Requirements

Social and Cultural Studies Courses: 12 quarter hours required, grade of C or better
required

- SCG 410 INTRODUCTION TO RESEARCH: PURPOSES, ISSUES, AND METHODOLOGIES
- Choose one of the following:
  - SCG 401 ADVANCED DEVELOPMENTAL PSYCHOLOGY
  - SCG 402 PSYCHOLOGY OF LEARNING
  - SCG 403 HUMAN DEVELOPMENT AND LEARNING: ELEMENTARY
  - SCG 406 HUMAN DEVELOPMENT AND LEARNING: SECONDARY
  - SCG 439 PHILOSOPHY AND PSYCHOLOGY OF YOUTH AND MIDDLE LEVEL EDUCATION
- Choose one of the following:
  - SCG 408 EDUCATION AND SOCIETY
  - SCG 409 SOCIOLOGY OF EDUCATION
  - SCG 411 PHILOSOPHY OF EDUCATION

Special Education Core Courses: 32 hours required, grade of B+ or better required

- LSI 440 SURVEY OF EXCEPTIONAL LEARNERS: PSYCHOLOGY AND EDUCATION
- LSI 443 PSYCHOLOGICAL TESTS AND METHODS IN DIAGNOSIS
- LSI 458 TEACHING STUDENTS WITH HIGH INCIDENCE DISABILITIES I
- LSI 462 INSTRUCTIONAL STRATEGIES FOR STUDENTS WITH DISABILITIES I: ACCESSING GENERAL EDUCATION CURRICULUM
- LSI 467 TEACHING STUDENTS WITH HIGH INCIDENCE DISABILITIES II
- LSI 468 TEACHING STUDENTS WITH LOW INCIDENCE DISABILITIES I
- LSI 469 TEACHING STUDENTS WITH LOW INCIDENCE DISABILITIES II
- LSI 457 SEMINAR AND RESEARCH IN SPECIAL EDUCATION

Practicum Courses: 8 hours required, grade of B+ or better required

- LSI 552 PRACTICUM EXPERIENCE WITH HIGH INCIDENCE DISABILITIES
- LSI 553 PRACTICUM EXPERIENCE WITH LOW INCIDENCE DISABILITIES

The program requires two summer practicum experiences. Each practicum involves six full weeks of intensive supervised field experience in a cooperating school that operates an extended school year program. Candidates must apply for each practicum, and upon approval they are placed in appropriate summer practicum sites by the program. Practicum sites may also screen candidates prior to accepting them for placement. Candidates will assume full teaching responsibility and will have weekly opportunities for feedback and discussion of issues and problems encountered. A grade of B+ or better is required to participate in each summer practicum.

Master of Arts (M.A.) Degree Requirements: 4 quarter hours, grade of C or better required

- LSI 549 THESIS RESEARCH IN SPECIALIZED INSTRUCTION (4 quarter hours)

The Master's Thesis is completed in conjunction with faculty advisement. Preparation for the writing of the Thesis should begin well in advance of the completion of coursework. Oral examination on Thesis required. Consult the M.A. Thesis Handbook for additional information.

Certification Tests

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate.

LBS1 Master's students must complete the following tests:

- Test of Academic Proficiency (TAP) (test #400) - assesses knowledge of reading comprehension, language arts, writing, and math.
- LBS1 Content Area Test (test #155) – assesses knowledge of working with students with disabilities and special needs.
- Special Education General Curriculum Test (test #163) – assesses knowledge of reading & literacy, mathematics, natural science, and social science.
- Assessment of Professional Teaching (APT) (test #104, grades K-12) – assesses knowledge of teaching practice and classroom scenarios.
Leadership and Change Management (MBA)

The current environment requires managers who know what, how and why changes occur. More than ever, managers need to develop creative solutions to challenging problems in order to be competitive. The Leadership/Change Management concentration is designed to help managers overcome compartmentalized, functional decision making approaches as well as capitalize on innovative opportunities and address multidisciplinary problems that are inevitable in all businesses. It is also useful for those seeking a career in management consulting.

The program provides concrete knowledge and develops applicable skills in:

- Diagnosing problem areas and opportunities within your organization
- Implementing change models to increase organizational effectiveness
- Creating a vision for change
- Assessing yourself as a leader
- Applying creative principles to business problems
- Setting an innovative climate for performance
- Implementing successful quality management programs
- Negotiating effectively in situations at all levels
- Managing technology in competitive global environments

Admission Information

Applicants must possess the equivalent of a bachelor's degree from a regionally accredited institution. A prospective graduate student is expected to present a superior overall previous academic record and an above average total GMAT score (or GRE score where appropriate) including high achievement on the verbal, quantitative, and on the analytical writing assessment. The examination must have been taken no earlier than five years prior to the date of admission to the program.

Other factors, such as work experience and career progression, are also important and will be considered by the Admissions Committee. All applicants are required to submit two professional letters of recommendation as well as a current resume.

All prospective students are welcome to arrange a meeting with an admissions counselor. Please phone the graduate school office for an informal appointment. Interviews are not required as part of the admissions process for the part-time M.B.A. program, but may be requested by the Admissions Committee. Interviews for the full-time M.B.A. and weekend M.B.A. programs are on an invitation-only basis. Once a completed application has been received, a preliminary review is completed and selected candidates are invited to interview.

Each applicant is considered on an individual basis. The full-time and weekend M.B.A. programs do have limited enrollments, but for the other graduate business programs there currently is no predetermined limit to the number of students who can be admitted. Thus, for these programs, all students who are judged eligible by the Admissions Committee will be invited to matriculate.

Graduate Management Admission Test (GMAT)

To be considered for admission as a degree seeking student, an applicant will be required to submit a score from the Graduate Management Admission Test (GMAT). GMAT information including dates, a list of test centers, and applications for the exam may be obtained at www.mba.com or by contacting Pearsonvue at 1-800-717-4628. The GMAT score report must come directly from Pearsonvue. A test taken more than five years prior to the date of application is not considered valid for admission purposes and would have to be retaken. An exception may be made for individuals who hold a doctoral or other terminal degree awarded by an appropriately accredited institution. An exception may also be made for fully certified CPA’s applying to the Master of Science in Taxation program. Applicants to the Master of Science in Human Resources Management and the Master of Science in Economics and Policy Analysis may submit either a GMAT or GRE (Graduate Records Examinations) score. As with the GMAT, GRE scores are valid for five years.
Application Deadlines

For the day MBA program (Full-time):

Admission to the Day M.B.A. program is competitive and is limited to the Autumn Quarter. There are three application rounds, with deadlines of February 1, April 1 and July 1. Application review begins in January, and you are encouraged to apply as early as possible. Decisions are mailed on an ongoing basis beginning in January, and applicants should expect to receive an admission decision approximately 4 weeks after their application becomes complete.

Applicants who wish to be considered for scholarships and graduate assistantships should apply during the first two application rounds. These awards are generally not available to applicants who apply after April 1.

Late applications submitted after the final July 1 deadline may be considered if space remains available in the incoming class.

For the weekend MBA and MS in Economic Policy Analysis programs:

Applications must be submitted by July 1st. Applications received after July 1st will be considered on a space available basis.

For all other graduate business programs:

Applications must be submitted by:
- July 1st for the Autumn Quarter
- October 1st for the Winter Quarter
- February 1st for the Spring Quarter
- April 1st for the Summer Quarter

Applicants educated outside the United States must submit their applications one month prior to the above deadlines.

Transcripts

Degree seeking applicants must present official transcripts from each junior college, college, and university attended (even if only for one course) including DePaul University, if applicable. Credits transferred and posted on the record of a second school do not constitute an official transcript of the original school. Transcripts that are already on file as part of a student record in another College Office at DePaul may be required to remain there and in that case cannot be transferred to the Graduate School of Business Office.

Applicants should write to the Registrar of each school attended, requesting that an official transcript be sent to the student. Once all of the transcripts have been received applicants should submit them to the graduate school office in their original envelopes with the applicant's name, date of birth and program of interest noted on the envelope. We will then add the transcripts to the applicant's admission file.

An applicant who is still taking courses or completing a program at the time he/she submits an application to the Graduate School of Business will not receive full admission until a final and official transcript listing the degree awarded has been submitted to the Admissions Committee. Please see Conditional Admission and Non-degree Status for more information regarding admission prior to posting of an undergraduate degree.

Readmission

A student previously admitted who has been absent from DePaul for one year or longer must complete the application form and submit a transcript of any courses taken elsewhere during his/her absence. A student must submit a written explanation of his/her absence from the program and an updated resume. A $30 application fee is required.

If the original application has been destroyed (after an absence of two years), the student may be required to complete a new application in full.

Special Instructions for International Applicants

Educational Credentials For International Students or Programs

Applicants must submit transcripts from all colleges and universities attended, including those attended but from which no credit was earned. Exceptions may be permitted for study-abroad credit when that credit is clearly defined and displayed on the home institution transcript.
Applicants with non-U.S. educational credentials for Winter term 2012 and beyond are required to submit their official educational credentials (e.g., transcripts, mark sheets, degree certificates, graduation diplomas) and evaluation fee directly to one of the three evaluation companies below:

- Educational Credential Evaluators, Inc.
- Educational Perspectives
- One Earth International Credential Evaluation

These evaluators will then provide DePaul with a general evaluation of their studies and certified copies of their international educational credentials which will be used during admission review. Please direct any questions about required credentials to the evaluation company you have selected and not to the Kellstadt Graduate School of Business. DePaul will not accept evaluations from any other evaluation companies and will not accept any educational credentials without an evaluation from ECE, EP or One Earth.

**English Proficiency**

Non-native English speakers who have not completed a bachelor's or master's degree in the United States should submit scores from a recognized English proficiency test. The Kellstadt Graduate School of Business accepts results from TOEFL, IELTS and the Pearson Test of English (PTE).

### MBA Core Requirements

**Course Requirements**

- ACC 500 FINANCIAL ACCOUNTING
- ACC 555 MANAGEMENT ACCOUNTING FOR DECISION-MAKING
- ECO 509 BUSINESS CONDITIONS ANALYSIS
- ECO 555 ECONOMICS FOR DECISION-MAKING
- FIN 555 FINANCIAL MANAGEMENT
- GSB 420 APPLIED QUANTITATIVE ANALYSIS
- GSB 599 STRATEGIC ANALYSIS FOR COMPETING GLOBALLY
- MGT 500 MANAGING FOR EFFECTIVE AND ETHICAL ORGANIZATIONAL BEHAVIOR
- MGT 502 OPERATIONS MANAGEMENT
- MGT 555 STRATEGIC MANAGEMENT OF HUMAN RESOURCES
- MIS 555 MANAGEMENT OF INFORMATION TECHNOLOGY
- MKT 555 DECISIONS IN MARKETING MANAGEMENT

**Concentrations**

In addition to the required core courses, students have six electives they can use to take courses in a specific area of interest. These electives are typically used by students to select one or more concentrations in the area(s) that offer the knowledge, skills, and abilities that best fit the student’s educational needs and interests.

While many students choose to have a specific area of concentration, those who would like more flexibility in selecting courses may choose the general business concentration instead. With this option, the student is free to choose six courses from several different areas of study within the graduate school of business.

If a student does not indicate a specific concentration of interest in the application for admission the student will be assigned to the general business concentration.

### M.B.A. Options

**Day M.B.A. (Full-time Accelerated)**

The Day M.B.A. Program fulfills the business world's demand for M.B.A. graduates with the ability to understand and manage complex business processes. Students who choose this program option will take all of their foundation and core classes in a full-time, lock step format during the first four terms of the program. Upon completion of the prerequisite core courses, students may begin taking their concentration classes at their own pace. Students in the Day M.B.A. Program may choose to specialize in any of the generally available MBA programs.
concentrations offered by the Kellstadt Graduate School of Business.

**Evening M.B.A. (All Campuses)**

All of the core course requirements for the M.B.A. are offered at the Loop and the Naperville and O'Hare suburban campuses. Required core courses are offered every quarter at the Loop campus but variably at the suburban campuses. All requirements are offered at least once each year at each of these locations.

Three full concentrations are available at each of the suburban campuses. These are Finance, Marketing Management and General Business. Electives applicable to other concentrations will be offered variably at the suburban locations but it may be necessary to travel to Loop campus to complete concentrations other than these three.

**Weekend M.B.A. at O'Hare Campus**

The Weekend M.B.A. Program is a rigorous yet rewarding program designed for the self-directed manager with an interest in using technology to supplement traditional M.B.A. course work. The curriculum provides knowledge in each of the major business functions along with specialized courses in Management and Finance such that students may earn concentrations in Finance and/or Operations Management as part of the weekend program. Upon completion of the required core sequence of courses, students are able to select concentration courses from among the more than 35 concentrations available to part-time M.B.A. students. Please note that only the Finance and Operations Management concentrations are available in the weekend format.

Each course is taught as a blend of traditional lecture and distance learning formats. Classes meet on alternate Saturdays at the O'Hare Campus. Students will work via distance learning in the weeks between class meetings. Admitted students will proceed through the program as a cohort group. Admission to the program is for fall quarter only.

**Concentration Requirements**

**Course Requirements**

To complete the Leadership and Change Management Concentration students must complete a total of three courses.

- MGT 530 LEADERSHIP IN ORGANIZATIONS
- MGT 535 CHANGE MANAGEMENT
- One from the following:
  - MGT 524 LEADERSHIP IN SPORTS: LESSONS FOR COACHING IN THE WORKPLACE
  - MGT 556 ETHICS AND LEADERSHIP: STREETS OF CHICAGO
  - MGT 562 RESOLVING CONFLICT IN ORGANIZATIONS
  - MGT 573 CREATIVITY IN BUSINESS
  - MGT 589 COACHING FOR LEADERSHIP, PERSONAL SUCCESS & PEAK PERFORMANCE
  - MGT 590 MANAGEMENT OF INNOVATION AND TECHNOLOGICAL CHANGE
  - MGT 598 PROJECT MANAGEMENT: SEMINAR IN OPERATIONS MANAGEMENT
  - MGT 798 SPECIAL TOPICS (When the topic pertains to Leadership and Change Management)
Leadership and Policy Studies (MS)

The Master of Science in Leadership and Policy Studies (LPS) emphasizes field-based learning in public service to develop effective leaders in nonprofit and government professions. Students will develop public policy and leadership skills in the community through the School of Public Service curriculum—every course in the degree program integrates field study. LPS stresses ethics, problem-solving and research skills, and the ability to implement public policy. Electives give students the option of comparing policy issues in other cities and internationally in SPS one-week intensive courses.

Admission Information

Requirements for Admission

To be eligible for the leadership and policy studies program, students must hold a bachelor's degree from a regionally accredited college or university. In addition, they must demonstrate, through past academic or professional work, a capacity for achievement.

To apply, please submit the following:

- A completed online application
- Official transcripts from all colleges and/or universities attended
- Two-page personal statement describing your educational and career goals, relevant work or volunteer experience, and any special circumstances affecting past or prospective academic performance
- Current resume or curriculum vitae
- Qualified candidates will be selected for an admission interview with the leadership and policy studies program director.

Students educated outside the U.S. must present proof of English proficiency. A minimum TOEFL score of 590 (paper-based), 243 (computer-based), 96 (Internet-based) or a minimum 7.5 on the IELTS may be submitted for this requirement.

Degree Requirements

Course Requirements

Students complete a total of 13 courses (52 quarter hours). Eleven course (44 quarter hours) of core coursework and two courses (8 quarter hours) of electives are required.

Core Courses

- MPS 500 INTRODUCTION TO PUBLIC SERVICE MANAGEMENT
- MPS 501 CROSS-SECTOR ANALYSIS
- MPS 541 ECONOMIC FOUNDATIONS OF PUBLIC SERVICE
- MPS 542 POLICY DESIGN AND ANALYSIS
- MPS 543 POLICY IMPLEMENTATION IN A BUREAUCRATIC CONTEXT
- MPS 546 ADVOCACY AND LOBBYING
- MPS 563 LAW AND PUBLIC POLICY
- MPS 586 RESEARCH METHODS I, INTRODUCTION TO APPLIED RESEARCH AND STATISTICS
Thesis Option

- MPS 598 THESIS

Students with a grade point average of 3.5 or above may choose the thesis option and replace MPS 593 with MPS 598.

Elective Courses

Choose one from each of the following two groups:

Urban Analysis Group

- MPS 572 URBAN POVERTY SEMINAR
- MPS 573 URBAN AND COMMUNITY DEVELOPMENT

Comparative Policy Group (Study Abroad)

- MPS 511 SUSTAINABLE DEVELOPMENT AND NON-GOVERNMENTAL ORGANIZATIONS
- MPS 575 SEMINAR IN ADMINISTRATION/BRUSSELS
- MPS 604 SPECIAL TOPICS: Comparative Field Study

Electronic Portfolio Requirement

Students are required to assemble an electronic portfolio that features notable papers and projects prepared in both required and elective courses. These portfolios, reviewed by a member of the faculty, provide an opportunity for the student to demonstrate expertise in a particular area of study while also supporting career goals.

Study Abroad Requirement

Students in the LPS program are required to take at least ONE course abroad. These unique one to two week study abroad trips allow both full-time and part-time students to participate.

Liberal Studies (MA)

The Master of Arts in Liberal Studies (MALS) program is a multidisciplinary approach to graduate education which emphasizes liberal education and enhanced intellectual skills that are valuable in a wide variety of careers. It is particularly designed for serious learners, or those who wish to become serious learners, from recent college graduates to men and women in later life.

The MALS program is grounded in a set of team-designed core courses. These courses establish the aims and themes of the program, orient the student to a multidisciplinary approach to graduate education, and develop in the student advanced learning skills. These are designed to foster academic rigor, intellectual adventure, and cultural breadth.

The other components of the program are electives and a variety of options for a culminating project. Electives are usually graduate and upper-level courses chosen from departmental offerings in the College of Liberal Arts and Sciences. Students select these courses with the aid of an advisor to build a program of study tailored to individual goals and interests. Included under electives are MALS special topics courses, which are especially well-suited to the needs of MALS students.

By about the midpoint of their studies (24-32 credit hours earned), students should begin discussing possible culminating project ideas with the director, associate director, or faculty advisor. The culminating project gives
MALS students the opportunity to demonstrate the intellectual and creative powers that they have developed over the course of graduate study. MALS students may choose from four options for program completion, allowing greater flexibility for students to pursue their studies. These four options may take the form of a thesis, a community-based or media project, an enhanced portfolio, or a specially selected exit course and paper.

The MALS program offers a number of concentrations, including: Standard, Executive/Leadership, and Women’s Studies. The Standard Concentration is based on a four-course core requirement, and may be tailored to the student’s interests. The Executive/Leadership and Women’s Studies Concentrations are based on a five-course core requirement and stipulate policies for elective selection. Program advising is available to help students choose a concentration. Each of the concentrations may be pursued with any of the four program completion options. The MALS program is jointly administered with the Master of Arts/Master of Science in Interdisciplinary Studies program.

**Admission Information**

**Admission Requirements**

For full admission, students must have the following:

- Bachelor’s degree from an accredited institution.
- Admission essay: this two-part essay describes why the student is considering the MALS program, how it fits into a process of personal and intellectual development, and what the student hopes to accomplish by enrolling in the program.
- A personal interview with the director or associate director of the MALS program may be required.
- Undergraduate transcripts GPA of 2.5 or higher. A GPA of 2.75 is required if the applicant has earned the undergraduate degree within the past five years.
- The programs may request letters of recommendation from previous graduate programs in which the applicants have been enrolled.

**Degree Requirements**

**Portfolio**

All students will keep a portfolio of significant work done for courses, such as final papers or special projects, with comments and grades from the professor. By the midpoint, there will be work from a total of at least three courses in the portfolio. At least two of the three pieces in the midpoint portfolio will be from the core courses. The third will be from an elective representing the student’s best work. At the culminating point there will be work from at least six courses represented in the portfolio, two pieces from the Core Courses and four from the electives, representing the student's best work.

**Midpoint Essay**

After completing the sixth course but before taking the ninth course, all students in both programs will write a 3-5 page essay examining their progress to that point, using as evidence work from the portfolio. The Midpoint Essay reflects on the student's intellectual growth, and suggests directions for the second half of the student's program.

**Culminating Point Essay**

All students in both programs (regardless of which final option they choose) will write an essay of 3-5 pages, reflecting on their intellectual growth in the second half of the program.
Course Work

- Completion of 48 or 52 quarter hours of graduate credit, depending on the concentration and completion option (thesis, practicum, enhanced portfolio or exit course) chosen by the student.
- Cumulative grade-point average of 2.5 in the core courses: Students who have not achieved a 2.5 in the core will be warned that they will probably have serious difficulties in the elective portion of the program, and may be advised to withdraw.
- Elective courses must be selected from at least two different departments in order to preserve the multidisciplinary character of the program.
- MALS students ordinarily take no more than four approved 300-level courses for MALS degree credit unless they have sought the approval of a MALS program advisor.

Program Completion (Capstone) Steps

All students must apply and be approved for the particular option they wish to use for program completion (thesis, practicum, enhanced portfolio, or exit course). This application will include the student's portfolio. The thesis and practicum options include a Formal Proposal. Approval of the proposal is necessary before the student undertakes this final stage of the program. Enrollment in MLS 499, the culminating project independent study course, takes place after approval of the proposal has been secured. If necessary, in lieu of an elective, students may enroll in MLS 498 INDEPENDENT STUDY: Thesis if they require an additional quarter of research and other preparation for MLS 499.

Both 498 and 499 are conducted as Independent Studies. Instructions for proposing and pursuing these are available with the Program. When the project is completed both the members of the committee and the MALS director sign a Culminating Project Completion Form, which can be found on the program's D2L site.

Program Completion (Capstone) Options

Thesis Option

In addition to the Culminating Point Essay and final portfolio submission, the student will write a paper of approximately 35-50 pages that includes 3-4 components or sections, one of which will be a research component and original exploration of the subject. (Other components might include a review of literature, a synthesis of earlier research, a reflection on various disciplinary and methodological approaches to the issue, suggestions for future research, etc.) The research component of the Master's Thesis involves reflection on primary research, or actual primary research combined with reflection on the primary research of others. The student is encouraged to make a public presentation about his or her thesis.

- Ordinarily taken as MLS 499 CAPSTONE, the student's 12th and final course.
- Requires minimum cumulative GPA of 3.3, evaluation of "satisfactory" on the Midpoint Portfolio, formal proposal, and approval of committee.

Practicum Option

In addition to the Culminating Point Essay and final portfolio submission, for the Practicum Option the student will create a project aimed at developing and executing a community-based intellectual or intellectual/creative activity. Examples are a public presentation as a lecture, in broadcast or print media, or on the web. Service learning projects are also encouraged. A 15-25 page descriptive/analytic essay documenting the project is also submitted. The student is encouraged to make a public presentation about his or her practicum in addition to the primary distribution of the project.

- Ordinarily taken as MLS 499 CAPSTONE, the student's 12th and final course.
- Requires minimum cumulative GPA of 3.3, evaluation of "satisfactory" on the Midpoint Portfolio, formal proposal, and approval of committee.

Enhanced Portfolio Option

In addition to the final portfolio submission, and a Culminating Point Essay based on portfolio pieces selected from at least three courses in the second half of the program, the distinctive feature of the Enhanced Portfolio option is the writing of a new extended expository essay of 12-15 pages. This is a paper on a topic of the student's own choosing that makes an argument. (Further information on this paper and the option is available from the program.)

- Ordinarily taken as MLS 499 CAPSTONE, the student's 13th and final course.
- Requires formal proposal and approval of committee.

Exit Course Option

In addition to the Culminating Point Essay and the final portfolio submission, the student proposes a particular
course over and above the original 12 courses. This course should be chosen as an "exit course," in that it brings together a number of areas of interest that the student has pursued over the course of the program. By arrangement with the instructor, the student uses the final paper or final project to make connections with the goals of his or her overall MALS or IDS Program. The instructor will grade the paper, and another reader suggested by the MALS or IDS program will also review and comment on the paper.

- Requires formal proposal and approval of committee.

**International Summer Programs at the University of Cambridge**

DePaul's Master of Arts in Liberal Studies program has established an arrangement with the University of Cambridge, England, for students who wish to include study abroad in their programs of study. Summer programs vary in length from three to six weeks. Variable graduate credit is offered up to a maximum of eight hours. Students make their own arrangements with the University of Cambridge and apply for transfer of credit after completing the courses. Students must make sure to follow the Cambridge procedures for "Evaluation and Credit" if they wish to transfer credit to the DePaul MALS Program.

**Program Time Limitation**

The MALS program is essentially self-paced. However, the university has set a four year limit for the completion of degree requirements. Extensions may be granted by the Dean in unusual circumstances upon the recommendation of the program’s director. Students must petition for such an extension in writing.

**Concentration Requirements**

**Standard Concentration**

- MLS 401 VISIONS OF THE SELF
- One course from the following list:
  - MLS 402 PERCEPTIONS OF REALITY
  - MLS 405 REPRESENTATIONS OF THE BODY
  - MLS 409 ENVIRONMENT AND SOCIETY
- MLS 403 THE AMERICAN EXPERIENCE
- MLS 404 THE CITY
- MLS 406 EXPLORING OTHER CULTURES
- or another graduate-level course dealing with a single non-Western culture
- Seven or eight elective courses, depending on program completion option. Choose from MALS special topics or graduate and upper-level courses with the aid of the student’s advisor.
- MLS 499 CAPSTONE (or a designated exit course, if the Exit Course Option is chosen).

**Executive/Leadership Concentration**

- MLS 401 VISIONS OF THE SELF
- One course from the following list:
  - MLS 402 PERCEPTIONS OF REALITY
  - MLS 405 REPRESENTATIONS OF THE BODY
  - MLS 409 ENVIRONMENT AND SOCIETY
- MLS 403 THE AMERICAN EXPERIENCE
- MLS 404 THE CITY
- MLS 406 EXPLORING OTHER CULTURES
- or another graduate-level course dealing with a single non-Western culture
- MLS 442 ETHICS AND THE ECONOMY
- MLS 452 GREAT IDEAS, BUSINESS AND SOCIETY
- Six or seven elective courses, depending on program completion option. Choose from MALS special topics courses or graduate or upper-level courses with the aid of the student’s advisor. At least two electives should relate to business, the economy, or leadership in the non-profit sector.
- MLS 499 CAPSTONE (or a designated exit course, if the Exit Course Option is chosen). The topic and content of the culminating project must deal with some aspect of leadership or an issue relating to business, government, or the non-profit sector.
In lieu of 442 and 452 students may select, with the permission of the director, two other graduate-level courses dealing with leadership issues.

**Women's and Gender Studies Concentration**

- MLS 401 VISIONS OF THE SELF
- MLS 405 REPRESENTATIONS OF THE BODY
- MLS 403 THE AMERICAN EXPERIENCE
  or MLS 404 THE CITY
- MLS 440 FEMINIST THEORIES
- MLS 441 WOMEN ACROSS CULTURES
- Six or seven elective courses, depending on program completion option. Chose from MALS special topics or graduate or upper-level courses with the aid of the student's advisor. Three of the six courses must meet the criteria of the Women's and Gender Studies concentration; that is, the topic, content, and approach to the course must be focused upon the study of women or gender relations. For example, MLS 445, MLS 467, MLS 474, MLS 477 and MLS 478 meet these criteria.
- MLS 499 CAPSTONE (or a designated exit course, if the Exit Course Option is chosen). The topic, content, and approach of the integrating project must be focused on the study of women or gender. A Women's Studies faculty member must advise the student throughout the project's development.

---

**Student Handbook**

**Probation**

Students are expected to maintain a minimum grade point average (GPA) of 3.0. A GPA below 3.0 will result in the student being placed on warning status. If this status persists for two quarters, the student will be requested to leave the program. If he or she decides to remain in the program, the student will be placed on academic probation and be given one quarter to raise the GPA to 3.0. If the student's GPA falls to 2.5 or below, he or she will be immediately placed on academic probation and must raise the GPA to 3.0 in the next quarter or face dismissal from the program. If the GPA falls to 2.5 or below a second time the student will be dismissed from the program.

When a student is admitted to the MALS or IDS Program under the category of "Conditional Admission" he or she is considered under academic probation until the conditions are met. The conditions are usually that a student must earn a grade of B or higher in all courses taken during the first three quarters in the program. The student may request continued registration in the second and third quarters if the grades are not adequate in the first quarter. If the conditions of admission are not met by the third quarter, the student will be dismissed from the program. Other conditions may include the requirement to take certain courses, and the student must comply within the specified time period or face dismissal.

IDS students who select courses that are not on their approved List of Courses (LOC) may face warning after one quarter and probation after two quarters if they do not seek approval for their altered programs. The procedure for altering an approved List of Courses is found on the MALS and IDS Sharepoint site.

Students whose grades fall below the minimums described above will be considered in the categories of warning or probation whether or not the program administrators are aware of the student's grades. The program administrators may apply the categories of warning or probation retroactively if the student does not self-report his or her status. Students are required to seek advisement from program administrators when facing academic warning or probation. A student who does not contact program administrators about potential warning or probation status may face dismissal from the program.

**Dismissal**

In addition to the minimum GPA requirement, students may be dismissed for breaches of academic honesty or breaches of the code of student responsibility. MALS students may also face dismissal for failure to complete Core Courses with a grade of B or higher within the first half of their academic career. Students who have completed their coursework, but who are still working on their thesis, practicum or other capstone project must be enrolled in Candidacy Continuation (MLS 502) during the three quarters of the academic school year. After three consecutive terms of candidacy continuation, students should enroll in Active Status (MLS 501) if they still...
require time to complete their capstone. Failure to enroll in candidacy continuation or advanced status may result in dismissal from the program if the student has not formally withdrawn from the program.

Readmission

When a student has withdrawn from the program or has not been enrolled in classes for three or more quarters during the academic year, he or she must apply for readmission using the Readmission and Reclassification form available from the LAS Graduate website.

Transfer Credit

A student may apply to transfer up to three courses of graduate work from another accredited institution. The courses must be approved by the Program Director as part of the student's overall course of study for both MALS and IDS students. The courses must then be approved for transfer credit by the Office of Student Records.

Undergraduate Courses

Courses at the 200-level cannot be approved for graduate credit, even when a student needs to take such a course as preparation for more advanced work. Courses at the 300-level may be approved for graduate credit under the following circumstances: (1) The course is necessary as a part of the student's overall interdisciplinary program. (2) The department does not offer courses in the same area on the graduate level. (3) The student has arranged with the professor to enhance the course to graduate level by the addition or alteration of assignments, including the final project of the course. Unless approved by the Program Director, a student should take no more than four 300-level courses as part of his or her program.

Graduation Requirements

In order to graduate, students in the MALS and IDS Programs must complete the coursework specific to their programs (either 48 or 52 credit hours depending on capstone choice) with a minimum GPA of greater than 2.5, a midpoint and culminating point essay, the submission of an electronic portfolio of final and other projects from a minimum of six courses, and one of four capstone choices offered by the program. A full description of the requirements for the capstones, as well as further policies and procedures for both programs, are outlined in the documents found on the MALS and IDS SharePoint site under Program Documents. Students in the program are expected to be familiar with these policies and procedures and to comply with them.

Graduation with Distinction

In order to have the degree conferred with distinction, students in MALS and IDS completing their programs with a thesis or practicum capstone (48 credit hours) must earn a minimum cumulative GPA of 3.75, plus earn a designation of "distinction" on their thesis or practicum by their thesis advisor and at least one of the two readers on their committee. Thesis and practicum writers eligible for distinction are required to present their projects at a MALS/IDS event within three academic quarters of completion. Students in MALS and IDS completing their programs with an exit course or enhanced portfolio essay capstone (52 credit hours) must earn a minimum cumulative GPA of 3.85 in order to graduate with distinction.

Time Limit

Students are normally expected to complete the MALS or IDS Program within four academic years. During quarters in which no courses are taken, students are required to maintain active status in the program by registering for Candidacy Continuation or Active Status. Students who have not taken courses for three consecutive quarters during the regular academic year and have not registered for Candidacy Continuation or Active Status must apply for readmission using the Readmission and Reclassification form listed here.

Management Accounting (MBA)

The strategic importance of management accounting information is increasingly recognized in the fast-paced and globally competitive business environment. The information is used extensively as key decision-making criteria in leading organizations. The Management Accounting concentration is focused specifically on contemporary management accounting and financial decision making.

The program includes theory and concepts, advanced technical knowledge and skills, and familiarization with the
increasingly sophisticated tools and methodologies of the management accountant. The program is flexible enough to accommodate persons with previous accounting or business backgrounds as well as persons with non-business backgrounds. Students in the program are encouraged to apply for the CMA (Certified Management Accountant) examination.

Topics included in the Management Accounting concentration are those most prominent in today’s fast-paced and dynamically changing management environment:

- Activity Based Management
- Total Quality Improvement
- Continuous Quality Improvement
- Business Process Re-engineering
- Strategic Cost Management
- Value-adding Processes
- Benchmarking
- Financial Process Re-engineering
- Strategic Uses of IT
- Performance Measurement

Admission Information

Applicants must possess the equivalent of a bachelor’s degree from a regionally accredited institution. A prospective graduate student is expected to present a superior overall previous academic record and an above average total GMAT score (or GRE score where appropriate) including high achievement on the verbal, quantitative, and on the analytical writing assessment. The examination must have been taken no earlier than five years prior to the date of admission to the program.

Other factors, such as work experience and career progression, are also important and will be considered by the Admissions Committee. All applicants are required to submit two professional letters of recommendation as well as a current resume.

All prospective students are welcome to arrange a meeting with an admissions counselor. Please phone the graduate school office for an informal appointment. Interviews are not required as part of the admissions process for the part-time M.B.A. program, but may be requested by the Admissions Committee. Interviews for the full-time M.B.A. and weekend M.B.A. programs are on an invitation-only basis. Once a completed application has been received, a preliminary review is completed and selected candidates are invited to interview.

Each applicant is considered on an individual basis. The full-time and weekend M.B.A. programs do have limited enrollments, but for the other graduate business programs there currently is no predetermined limit to the number of students who can be admitted. Thus, for these programs, all students who are judged eligible by the Admissions Committee will be invited to matriculate.

Graduate Management Admission Test (GMAT)

To be considered for admission as a degree seeking student, an applicant will be required to submit a score from the Graduate Management Admission Test (GMAT). GMAT information including dates, a list of test centers, and applications for the exam may be obtained at www.mba.com or by contacting Pearsonvue at 1-800-717-4628. The GMAT score report must come directly from Pearsonvue. A test taken more than five years prior to the date of application is not considered valid for admission purposes and would have to be retaken. An exception may be made for individuals who hold a doctoral or other terminal degree awarded by an appropriately accredited institution. An exception may also be made for fully certified CPA’s applying to the Master of Science in Taxation program. Applicants to the Master of Science in Human Resources Management and the Master of Science in Economics and Policy Analysis may submit either a GMAT or GRE (Graduate Records Examinations) score. As with the GMAT, GRE scores are valid for five years.

Application Deadlines

DePaul University Winter/Spring 2013
For the day MBA program (Full-time):

Admission to the Day M.B.A. program is competitive and is limited to the Autumn Quarter. There are three application rounds, with deadlines of February 1, April 1 and July 1. Application review begins in January, and you are encouraged to apply as early as possible. Decisions are mailed on an ongoing basis beginning in January, and applicants should expect to receive an admission decision approximately 4 weeks after their application becomes complete.

Applicants who wish to be considered for scholarships and graduate assistantships should apply during the first two application rounds. These awards are generally not available to applicants who apply after April 1.

Late applications submitted after the final July 1 deadline may be considered if space remains available in the incoming class.

For the weekend MBA and MS in Economic Policy Analysis programs:

Applications must be submitted by July 1st. Applications received after July 1st will be considered on a space available basis.

For all other graduate business programs:

Applications must be submitted by:

- July 1st for the Autumn Quarter
- October 1st for the Winter Quarter
- February 1st for the Spring Quarter
- April 1st for the Summer Quarter

Applicants educated outside the United States must submit their applications one month prior to the above deadlines.

Transcripts

Degree seeking applicants must present official transcripts from each junior college, college, and university attended (even if only for one course) including DePaul University, if applicable. Credits transferred and posted on the record of a second school do not constitute an official transcript of the original school. Transcripts that are already on file as part of a student record in another College Office at DePaul may be required to remain there and in that case cannot be transferred to the Graduate School of Business Office.

Applicants should write to the Registrar of each school attended, requesting that an official transcript be sent to the student. Once all of the transcripts have been received applicants should submit them to the graduate school office in their original envelopes with the applicant's name, date of birth and program of interest noted on the envelope. We will then add the transcripts to the applicant's admission file.

An applicant who is still taking courses or completing a program at the time he/she submits an application to the Graduate School of Business will not receive full admission until a final and official transcript listing the degree awarded has been submitted to the Admissions Committee. Please see Conditional Admission and Non-degree Status for more information regarding admission prior to posting of an undergraduate degree.

Readmission

A student previously admitted who has been absent from DePaul for one year or longer must complete the application form and submit a transcript of any courses taken elsewhere during his/her absence. A student must submit a written explanation of his/her absence from the program and an updated resume. A $30 application fee is required.

If the original application has been destroyed (after an absence of two years), the student may be required to complete a new application in full.

Special Instructions for International Applicants

Educational Credentials For International Students or Programs

Applicants must submit transcripts from all colleges and universities attended, including those attended but from which no credit was earned. Exceptions may be permitted for study-abroad credit when that credit is clearly defined and displayed on the home institution transcript.

Applicants with non-U.S. educational credentials for Winter term 2012 and beyond are required to submit their official educational credentials (e.g., transcripts, mark sheets, degree certificates, graduation diplomas) and
evaluation fee directly to one of the three evaluation companies below:

- Educational Credential Evaluators, Inc.
- Educational Perspectives
- One Earth International Credential Evaluation

These evaluators will then provide DePaul with a general evaluation of their studies and certified copies of their international educational credentials which will be used during admission review. Please direct any questions about required credentials to the evaluation company you have selected and not to the Kellstadt Graduate School of Business. DePaul will not accept evaluations from any other evaluation companies and will not accept any educational credentials without an evaluation from ECE, EP or One Earth.

English Proficiency

Non-native English speakers who have not completed a bachelor’s or master’s degree in the United States should submit scores from a recognized English proficiency test. The Kellstadt Graduate School of Business accepts results from TOEFL, IELTS and the Pearson Test of English (PTE).

MBA Core Requirements

Course Requirements

- ACC 500 FINANCIAL ACCOUNTING
- ACC 555 MANAGEMENT ACCOUNTING FOR DECISION-MAKING
- ECO 509 BUSINESS CONDITIONS ANALYSIS
- ECO 555 ECONOMICS FOR DECISION-MAKING
- FIN 555 FINANCIAL MANAGEMENT
- GSB 420 APPLIED QUANTITATIVE ANALYSIS
- GSB 599 STRATEGIC ANALYSIS FOR COMPETING GLOBALLY
- MGT 500 MANAGING FOR EFFECTIVE AND ETHICAL ORGANIZATIONAL BEHAVIOR
- MGT 502 OPERATIONS MANAGEMENT
- MGT 555 STRATEGIC MANAGEMENT OF HUMAN RESOURCES
- MIS 555 MANAGEMENT OF INFORMATION TECHNOLOGY
- MKT 555 DECISIONS IN MARKETING MANAGEMENT

Concentrations

In addition to the required core courses, students have six electives they can use to take courses in a specific area of interest. These electives are typically used by students to select one or more concentrations in the area(s) that offer the knowledge, skills, and abilities that best fit the student’s educational needs and interests.

While many students choose to have a specific area of concentration, those who would like more flexibility in selecting courses may choose the general business concentration instead. With this option, the student is free to choose six courses from several different areas of study within the graduate school of business.

If a student does not indicate a specific concentration of interest in the application for admission the student will be assigned to the general business concentration.

M.B.A. Options

Day M.B.A. (Full-time Accelerated)

The Day M.B.A. Program fulfills the business world’s demand for M.B.A. graduates with the ability to understand and manage complex business processes. Students who choose this program option will take all of their foundation and core classes in a full-time, lock step format during the first four terms of the program. Upon completion of the prerequisite core courses, students may begin taking their concentration classes at their own pace. Students in the Day M.B.A. Program may choose to specialize in any of the generally available MBA concentrations offered by the Kellstadt Graduate School of Business.
Evening M.B.A. (All Campuses)

All of the core course requirements for the M.B.A. are offered at the Loop and the Naperville and O'Hare suburban campuses. Required core courses are offered every quarter at the Loop campus but variably at the suburban campuses. All requirements are offered at least once each year at each of these locations.

Three full concentrations are available at each of the suburban campuses. These are Finance, Marketing Management and General Business. Electives applicable to other concentrations will be offered variably at the suburban locations but it may be necessary to travel to Loop campus to complete concentrations other than these three.

Weekend M.B.A. at O'Hare Campus

The Weekend M.B.A. Program is a rigorous yet rewarding program designed for the self-directed manager with an interest in using technology to supplement traditional M.B.A. course work. The curriculum provides knowledge in each of the major business functions along with specialized courses in Management and Finance such that students may earn concentrations in Finance and/or Operations Management as part of the weekend program. Upon completion of the required core sequence of courses, students are able to select concentration courses from among the more than 35 concentrations available to part-time M.B.A. students. Please note that only the Finance and Operations Management concentrations are available in the weekend format.

Each course is taught as a blend of traditional lecture and distance learning formats. Classes meet on alternate Saturdays at the O'Hare Campus. Students will work via distance learning in the weeks between class meetings. Admitted students will proceed through the program as a cohort group. Admission to the program is for fall quarter only.

Concentration Requirements

Course Requirements

- ACC 502 ADVANCED MANAGEMENT ACCOUNTING
- ACC 599 GRADUATE SEMINAR IN MANAGEMENT ACCOUNTING
  or SEV 621 STRATEGY EXECUTION
- Choose one from the following:
  - ACC 503 ACCOUNTING INFORMATION SYSTEMS AND AUDITING
  - ACC 535 ACCOUNTING SYSTEMS (CROSS-LISTED AS ACC 610)
  - ACC 576 FEDERAL TAX VALUATION
  - ACC 584 INCOME TAX AND BUSINESS DECISIONS
  - ACC 798 SPECIAL TOPICS

Information Systems (MBA)

The Information Systems (MIS) concentration covers essential information systems concepts and methods to prepare graduates for positions such as business analyst or project manager. Students learn how to analyze and define information systems requirements in various business situations and much like architects, let others build them. Students are not expected to have previous course work or experience with information systems. For students with previous IS experience, the curriculum can be customized in consultation with the Graduate IS Program Administrator for each degree candidate depending on experience, previous education, and preferred career path.
Two characteristics make the IS concentration unique: flexibility and technological currency.

Flexibility is achieved by program requirements that vary from student to student, and are determined personally for each degree candidate depending on experience, previous education, and preferred career path. Technological currency is achieved through close interaction with practice, and DePaul’s traditional responsiveness to student and industry needs.

Admission Information

Applicants must possess the equivalent of a bachelor’s degree from a regionally accredited institution. A prospective graduate student is expected to present a superior overall previous academic record and an above average total GMAT score (or GRE score where appropriate) including high achievement on the verbal, quantitative, and on the analytical writing assessment. The examination must have been taken no earlier than five years prior to the date of admission to the program.

Other factors, such as work experience and career progression, are also important and will be considered by the Admissions Committee. All applicants are required to submit two professional letters of recommendation as well as a current resume.

All prospective students are welcome to arrange a meeting with an admissions counselor. Please phone the graduate school office for an informal appointment. Interviews are not required as part of the admissions process for the part-time M.B.A. program, but may be requested by the Admissions Committee. Interviews for the full-time M.B.A. and weekend M.B.A. programs are on an invitation-only basis. Once a completed application has been received, a preliminary review is completed and selected candidates are invited to interview.

Each applicant is considered on an individual basis. The full-time and weekend M.B.A. programs do have limited enrollments, but for the other graduate business programs there currently is no predetermined limit to the number of students who can be admitted. Thus, for these programs, all students who are judged eligible by the Admissions Committee will be invited to matriculate.

Graduate Management Admission Test (GMAT)

To be considered for admission as a degree seeking student, an applicant will be required to submit a score from the Graduate Management Admission Test (GMAT). GMAT information including dates, a list of test centers, and applications for the exam may be obtained at www.mba.com or by contacting Pearsonvue at 1-800-717-4628. The GMAT score report must come directly from Pearsonvue. A test taken more than five years prior to the date of application is not considered valid for admission purposes and would have to be retaken. An exception may be made for individuals who hold a doctoral or other terminal degree awarded by an appropriately accredited institution. An exception may also be made for fully certified CPA’s applying to the Master of Science in Taxation program. Applicants to the Master of Science in Human Resources Management and the Master of Science in Economics and Policy Analysis may submit either a GMAT or GRE (Graduate Records Examinations) score. As with the GMAT, GRE scores are valid for five years.

Application Deadlines

For the day MBA program (Full-time):

Admission to the Day M.B.A. program is competitive and is limited to the Autumn Quarter. There are three application rounds, with deadlines of February 1, April 1 and July 1. Application review begins in January, and you are encouraged to apply as early as possible. Decisions are mailed on an ongoing basis beginning in January, and applicants should expect to receive an admission decision approximately 4 weeks after their application becomes complete.

Applicants who wish to be considered for scholarships and graduate assistantships should apply during the first two application rounds. These awards are generally not available to applicants who apply after April 1.

Late applications submitted after the final July 1 deadline may be considered if space remains available in the incoming class.
For the weekend MBA and MS in Economic Policy Analysis programs:

Applications must be submitted by July 1st. Applications received after July 1st will be considered on a space available basis.

For all other graduate business programs:

Applications must be submitted by:

- July 1st for the Autumn Quarter
- October 1st for the Winter Quarter
- February 1st for the Spring Quarter
- April 1st for the Summer Quarter

Applicants educated outside the United States must submit their applications one month prior to the above deadlines.

Transcripts

Degree seeking applicants must present official transcripts from each junior college, college, and university attended (even if only for one course) including DePaul University, if applicable. Credits transferred and posted on the record of a second school do not constitute an official transcript of the original school. Transcripts that are already on file as part of a student record in another College Office at DePaul may be required to remain there and in that case cannot be transferred to the Graduate School of Business Office.

Applicants should write to the Registrar of each school attended, requesting that an official transcript be sent to the student. Once all of the transcripts have been received applicants should submit them to the graduate school office in their original envelopes with the applicant’s name, date of birth and program of interest noted on the envelope. We will then add the transcripts to the applicant’s admission file.

An applicant who is still taking courses or completing a program at the time he/she submits an application to the Graduate School of Business will not receive full admission until a final and official transcript listing the degree awarded has been submitted to the Admissions Committee. Please see Conditional Admission and Non-degree Status for more information regarding admission prior to posting of an undergraduate degree.

Readmission

A student previously admitted who has been absent from DePaul for one year or longer must complete the application form and submit a transcript of any courses taken elsewhere during his/her absence. A student must submit a written explanation of his/her absence from the program and an updated resume. A $30 application fee is required.

If the original application has been destroyed (after an absence of two years), the student may be required to complete a new application in full.

Special Instructions for International Applicants

Educational Credentials For International Students or Programs

Applicants must submit transcripts from all colleges and universities attended, including those attended but from which no credit was earned. Exceptions may be permitted for study-abroad credit when that credit is clearly defined and displayed on the home institution transcript.

Applicants with non-U.S. educational credentials for Winter term 2012 and beyond are required to submit their official educational credentials (e.g., transcripts, mark sheets, degree certificates, graduation diplomas) and evaluation fee directly to one of the three evaluation companies below:

- Educational Credential Evaluators, Inc.
- Educational Perspectives
- One Earth International Credential Evaluation

These evaluators will then provide DePaul with a general evaluation of their studies and certified copies of their international educational credentials which will be used during admission review. Please direct any questions about required credentials to the evaluation company you have selected and not to the Kellstadt Graduate School of Business. DePaul will not accept evaluations from any other evaluation companies and will not accept any educational credentials without an evaluation from ECE, EP or One Earth.
**English Proficiency**

Non-native English speakers who have not completed a bachelor's or master's degree in the United States should submit scores from a recognized English proficiency test. The Kellstadt Graduate School of Business accepts results from TOEFL, IELTS and the Pearson Test of English (PTE).

---

**MBA Core Requirements**

**Course Requirements**

- ACC 500 FINANCIAL ACCOUNTING
- ACC 555 MANAGEMENT ACCOUNTING FOR DECISION-MAKING
- ECO 509 BUSINESS CONDITIONS ANALYSIS
- ECO 555 ECONOMICS FOR DECISION-MAKING
- FIN 555 FINANCIAL MANAGEMENT
- GSB 420 APPLIED QUANTITATIVE ANALYSIS
- GSB 599 STRATEGIC ANALYSIS FOR COMPETING GLOBALLY
- MGT 500 MANAGING FOR EFFECTIVE AND ETHICAL ORGANIZATIONAL BEHAVIOR
- MGT 502 OPERATIONS MANAGEMENT
- MGT 555 STRATEGIC MANAGEMENT OF HUMAN RESOURCES
- MIS 555 MANAGEMENT OF INFORMATION TECHNOLOGY
- MKT 555 DECISIONS IN MARKETING MANAGEMENT

**Concentrations**

In addition to the required core courses, students have six electives they can use to take courses in a specific area of interest. These electives are typically used by students to select one or more concentrations in the area(s) that offer the knowledge, skills, and abilities that best fit the student's educational needs and interests.

While many students choose to have a specific area of concentration, those who would like more flexibility in selecting courses may choose the general business concentration instead. With this option, the student is free to choose six courses from several different areas of study within the graduate school of business.

If a student does not indicate a specific concentration of interest in the application for admission the student will be assigned to the general business concentration.

**M.B.A. Options**

**Day M.B.A. (Full-time Accelerated)**

The Day M.B.A. Program fulfills the business world’s demand for M.B.A. graduates with the ability to understand and manage complex business processes. Students who choose this program option will take all of their foundation and core classes in a full-time, lock step format during the first four terms of the program. Upon completion of the prerequisite core courses, students may begin taking their concentration classes at their own pace. Students in the Day M.B.A. Program may choose to specialize in any of the generally available MBA concentrations offered by the Kellstadt Graduate School of Business.

**Evening M.B.A. (All Campuses)**

All of the core course requirements for the M.B.A. are offered at the Loop and the Naperville and O'Hare suburban campuses. Required core courses are offered every quarter at the Loop campus but variably at the suburban campuses. All requirements are offered at least once each year at each of these locations.

Three full concentrations are available at each of the suburban campuses. These are Finance, Marketing Management and General Business. Electives applicable to other concentrations will be offered variably at the suburban locations but it may be necessary to travel to Loop campus to complete concentrations other than these three.

**Weekend M.B.A. at O'Hare Campus**
The Weekend M.B.A. Program is a rigorous yet rewarding program designed for the self-directed manager with an interest in using technology to supplement traditional M.B.A. course work. The curriculum provides knowledge in each of the major business functions along with specialized courses in Management and Finance such that students may earn concentrations in Finance and/or Operations Management as part of the weekend program. Upon completion of the required core sequence of courses, students are able to select concentration courses from among the more than 35 concentrations available to part-time M.B.A. students. Please note that only the Finance and Operations Management concentrations are available in the weekend format.

Each course is taught as a blend of traditional lecture and distance learning formats. Classes meet on alternate Saturdays at the O'Hare Campus. Students will work via distance learning in the weeks between class meetings. Admitted students will proceed through the program as a cohort group. Admission to the program is for fall quarter only.

Concentration Requirements

Course Requirements
To complete this concentration, students must take three graduate-level MIS courses. The following three courses are designed for students with no previous course work and experience in information systems.

- MIS 673 DATA MANAGEMENT
- MIS 674 SYSTEMS ANALYSIS AND DESIGN
- TDC 405 VOICE AND DATA NETWORK FUNDAMENTALS

Students may combine the MIS concentration with the three courses in IT Service Management concentration in preparation for a leadership role in information systems.

Marketing (MS)

The Master of Science in Marketing provides in-depth exposure to a wide range of topics in the field of marketing. The program is structured around concentrations within the degree in order to permit students a more focused inquiry into key topics of interest within the field of study.

Through the Master of Science in Marketing students acquire competencies in the areas of marketing strategy and tactics; business development; digital marketing, and global marketing techniques. The Master of Science in Marketing Graduates will be qualified to help develop effective marketing strategies based upon the analysis and interpretation of marketing data.

Individuals with an M.B.A. degree or students currently enrolled in the M.B.A. program may have up to six of their M.B.A. courses count toward the requirements of the Master of Science in Marketing degree. The exact number of courses that can be double-counted in this manner depends upon the specific content and age of coursework.

The MS degree involves three stages: KGSB Core courses (4), Marketing Core courses (4), and Marketing Concentration courses (4). Four concentrations are available: Business Development, Global Marketing, Digital Marketing, as well as a general Marketing option. The different concentrations were chosen to reflect the areas in marketing with the highest hiring demand.
Admission Information

Applicants must possess the equivalent of a bachelor's degree from a regionally accredited institution. A prospective graduate student is expected to present a superior overall previous academic record and an above average total GMAT score (or GRE score where appropriate) including high achievement on the verbal, quantitative, and on the analytical writing assessment. The examination must have been taken no earlier than five years prior to the date of admission to the program.

Other factors, such as work experience and career progression, are also important and will be considered by the Admissions Committee. All applicants are required to submit two professional letters of recommendation as well as a current resume.

All prospective students are welcome to arrange a meeting with an admissions counselor. Please phone the graduate school office for an informal appointment. Interviews are not required as part of the admissions process for the part-time M.B.A. program, but may be requested by the Admissions Committee. Interviews for the full-time M.B.A. and weekend M.B.A. programs are on an invitation-only basis. Once a completed application has been received, a preliminary review is completed and selected candidates are invited to interview.

Each applicant is considered on an individual basis. The full-time and weekend M.B.A. programs do have limited enrollments, but for the other graduate business programs there currently is no predetermined limit to the number of students who can be admitted. Thus, for these programs, all students who are judged eligible by the Admissions Committee will be invited to matriculate.

Graduate Management Admission Test (GMAT)

To be considered for admission as a degree seeking student, an applicant will be required to submit a score from the Graduate Management Admission Test (GMAT). GMAT information including dates, a list of test centers, and applications for the exam may be obtained at www.mba.com or by contacting Pearsonvue at 1-800-717-4628. The GMAT score report must come directly from Pearsonvue. A test taken more than five years prior to the date of application is not considered valid for admission purposes and would have to be retaken. An exception may be made for individuals who hold a doctoral or other terminal degree awarded by an appropriately accredited institution. An exception may also be made for fully certified CPA's applying to the Master of Science in Taxation program. Applicants to the Master of Science in Human Resources Management and the Master of Science in Economics and Policy Analysis may submit either a GMAT or GRE (Graduate Records Examinations) score. As with the GMAT, GRE scores are valid for five years.

Application Deadlines

For the day MBA program (Full-time):

Admission to the Day M.B.A. program is competitive and is limited to the Autumn Quarter. There are three application rounds, with deadlines of February 1, April 1 and July 1. Application review begins in January, and you are encouraged to apply as early as possible. Decisions are mailed on an ongoing basis beginning in January, and applicants should expect to receive an admission decision approximately 4 weeks after their application becomes complete.

Applicants who wish to be considered for scholarships and graduate assistantships should apply during the first two application rounds. These awards are generally not available to applicants who apply after April 1.

Late applications submitted after the final July 1 deadline may be considered if space remains available in the incoming class.

For the weekend MBA and MS in Economic Policy Analysis programs:

Applications must be submitted by July 1st. Applications received after July 1st will be considered on a space available basis.

For all other graduate business programs:

Applications must be submitted by:

- July 1st for the Autumn Quarter
- October 1st for the Winter Quarter
- February 1st for the Spring Quarter
- April 1st for the Summer Quarter
Applicants educated outside the United States must submit their applications one month prior to the above deadlines.

**Transcripts**

Degree seeking applicants must present official transcripts from each junior college, college, and university attended (even if only for one course) including DePaul University, if applicable. Credits transferred and posted on the record of a second school do not constitute a transcript of the original school. Transcripts that are already on file as part of a student record in another College Office at DePaul may be required to remain there and in that case cannot be transferred to the Graduate School of Business Office.

Applicants should write to the Registrar of each school attended, requesting that an official transcript be sent to the student. Once all of the transcripts have been received applicants should submit them to the graduate school office in their original envelopes with the applicant's name, date of birth and program of interest noted on the envelope. We will then add the transcripts to the applicant's admission file.

An applicant who is still taking courses or completing a program at the time he/she submits an application to the Graduate School of Business will not receive full admission until a final and official transcript listing the degree awarded has been submitted to the Admissions Committee. Please see Conditional Admission and Non-degree Status for more information regarding admission prior to posting of an undergraduate degree.

**Readmission**

A student previously admitted who has been absent from DePaul for one year or longer must complete the application form and submit a transcript of any courses taken elsewhere during his/her absence. A student must submit a written explanation of his/her absence from the program and an updated resume. A $30 application fee is required.

If the original application has been destroyed (after an absence of two years), the student may be required to complete a new application in full.

**Special Instructions for International Applicants**

**Educational Credentials For International Students or Programs**

Applicants must submit transcripts from all colleges and universities attended, including those attended but from which no credit was earned. Exceptions may be permitted for study-abroad credit when that credit is clearly defined and displayed on the home institution transcript. Applicants with non-U.S. educational credentials for Winter term 2012 and beyond are required to submit their official educational credentials (e.g., transcripts, mark sheets, degree certificates, graduation diplomas) and evaluation fee directly to one of the three evaluation companies below:

- Educational Credential Evaluators, Inc.
- Educational Perspectives
- One Earth International Credential Evaluation

These evaluators will then provide DePaul with a general evaluation of their studies and certified copies of their international educational credentials which will be used during admission review. Please direct any questions about required credentials to the evaluation company you have selected and not to the Kellstadt Graduate School of Business. DePaul will not accept evaluations from any other evaluation companies and will not accept any educational credentials without an evaluation from ECE, EP or One Earth.

**English Proficiency**

Non-native English speakers who have not completed a bachelor’s or master’s degree in the United States should submit scores from a recognized English proficiency test. The Kellstadt Graduate School of Business accepts results from TOEFL, IELTS and the Pearson Test of English (PTE).
Degree Requirements

Course Requirements

KGSB Core courses

- MKT 555 DECISIONS IN MARKETING MANAGEMENT
- ECO 509 BUSINESS CONDITIONS ANALYSIS
- ACC 500 FINANCIAL ACCOUNTING
- MGT 500 MANAGING FOR EFFECTIVE AND ETHICAL ORGANIZATIONAL BEHAVIOR

Marketing Core courses

- MKT 525 MARKETING RESEARCH I
- MKT 534 ANALYTICAL TOOLS FOR MARKETERS
- MKT 535 MARKETING STRATEGIES AND PLANNING
- MKT 576 EFFECTIVE BUSINESS COMMUNICATION

Concentrations

Students must also choose and follow the requirements for one of the following concentrations: Business Development, Global Marketing, Digital Marketing, Marketing Management.

Additional Requirements

- Satisfactory completion of the college residency requirement.
- Satisfactory completion of the four required KGSB courses and four marketing core courses, or their substitutes as approved by the Chair of the Marketing Department: 32 quarter hours.
- Satisfactory completion of four elective courses to be selected from approved electives: 16 quarter hours.
- All courses for credit toward the degree must be completed within six calendar years after the candidate’s first term of enrollment in the Kellstadt Graduate School of Business. After a lapse of six years, a course is expired. An expired course is not acceptable for the purpose of satisfaction of degree requirements and is not applicable to the degree.

Concentration Requirements

Business Development

- MKT 577 LEADING BUSINESS DEVELOPMENT
- MKT 578 SALES STRATEGY & TECHNOLOGY
- MKT 583 MONETIZING MARKETING STRATEGY
- MKT 540 STRATEGIC PLANNING: DEVELOPING SUSTAINABLE BUSINESS MODELS
  or MKT 798 SPECIAL TOPICS: SALES MANAGEMENT 2.0

Global Marketing

- IB 500 GLOBAL ECONOMY
- MKT 557 INTERNATIONAL MARKETING
- MKT 558 MARKETING ACROSS CULTURES: A GLOBAL PERSPECTIVE
- MKT 583 MONETIZING MARKETING STRATEGY
Digital Marketing

- MKT 530 CUSTOMER RELATIONSHIP MANAGEMENT
- MKT 575 ADVERTISING AND SALES PROMOTION MANAGEMENT
- Choose one of the following:
  - MKT 595 INTERNET AND INTERACTIVE MARKETING
  - MKT 798 SPECIAL TOPICS: SOCIAL MEDIA MARKETING
  - MKT 798 SPECIAL TOPICS: MULTICHANNEL MARKETING

Marketing Management

- MKT 545 CONSUMER BEHAVIOR
- MKT 583 MONETIZING MARKETING STRATEGY
- Any 2 marketing electives

Marketing Analysis (MS)

Through the Master of Science in Marketing Analysis students acquire competencies in the areas of marketing strategy and tactics; basic programming skills; knowledge of computer hardware and software; statistical training; and analyzing, interpreting, and applying data. Employers seek graduates of this program for positions in database marketing and e-business. They value the integration of marketing skills with technical expertise. Graduates will be qualified to help develop effective marketing strategies based upon the analysis and interpretation of marketing data.

Individuals with an M.B.A. degree or students currently enrolled in the M.B.A. program may have up to six of their M.B.A. courses count toward the requirements of the Master of Science in Marketing Analysis degree. The exact number of courses that can be double-counted in this manner depends upon the specific content and age of coursework.

DePaul University’s Master of Science in Marketing Analysis will allow graduates to:

- Interface with both information systems and marketing departments.
- Understand the structure and use of databases.
- Create marketing strategies based upon high-level data interpretation.
- Analyze data to detect trends, exceptions, insights, and opportunities.

Admission Information

Applicants must possess the equivalent of a bachelor’s degree from a regionally accredited institution. A prospective graduate student is expected to present a superior overall previous academic record and an above average total GMAT score (or GRE score where appropriate) including high achievement on the verbal, quantitative, and on the analytical writing assessment. The examination must have been taken no earlier than five years prior to the date of admission to the program.

Other factors, such as work experience and career progression, are also important and will be considered by the Admissions Committee. All applicants are required to submit two professional letters of recommendation as well as a current resume.

All prospective students are welcome to arrange a meeting with an admissions counselor. Please phone the graduate school office for an informal appointment. Interviews are not required as part of the admissions process for the part-time M.B.A. program, but may be requested by the Admissions Committee. Interviews for the full-time M.B.A. and weekend M.B.A. programs are on an invitation-only basis. Once a completed application has been received, a preliminary review is completed and selected candidates are invited to interview.
Each applicant is considered on an individual basis. The full-time and weekend M.B.A. programs do have limited enrollments, but for the other graduate business programs there currently is no predetermined limit to the number of students who can be admitted. Thus, for these programs, all students who are judged eligible by the Admissions Committee will be invited to matriculate.

**Graduate Management Admission Test (GMAT)**

To be considered for admission as a degree seeking student, an applicant will be required to submit a score from the Graduate Management Admission Test (GMAT). GMAT information including dates, a list of test centers, and applications for the exam may be obtained at www.mba.com or by contacting Pearsonvue at 1-800-717-4628. The GMAT score report must come directly from Pearsonvue. A test taken more than five years prior to the date of application is not considered valid for admission purposes and would have to be retaken. An exception may be made for individuals who hold a doctoral or other terminal degree awarded by an appropriately accredited institution. An exception may also be made for fully certified CPA's applying to the Master of Science in Taxation program. Applicants to the Master of Science in Human Resources Management and the Master of Science in Economics and Policy Analysis may submit either a GMAT or GRE (Graduate Records Examinations) score. As with the GMAT, GRE scores are valid for five years.

**Application Deadlines**

**For the day MBA program (Full-time):**

Admission to the Day M.B.A. program is competitive and is limited to the Autumn Quarter. There are three application rounds, with deadlines of February 1, April 1 and July 1. Application review begins in January, and you are encouraged to apply as early as possible. Decisions are mailed on an ongoing basis beginning in January, and applicants should expect to receive an admission decision approximately 4 weeks after their application becomes complete.

Applicants who wish to be considered for scholarships and graduate assistantships should apply during the first two application rounds. These awards are generally not available to applicants who apply after April 1.

Late applications submitted after the final July 1 deadline may be considered if space remains available in the incoming class.

**For the weekend MBA and MS in Economic Policy Analysis programs:**

Applications must be submitted by July 1st. Applications received after July 1st will be considered on a space available basis.

**For all other graduate business programs:**

Applications must be submitted by:

- July 1st for the Autumn Quarter
- October 1st for the Winter Quarter
- February 1st for the Spring Quarter
- April 1st for the Summer Quarter

Applicants educated outside the United States must submit their applications one month prior to the above deadlines.

**Transcripts**

Degree seeking applicants must present official transcripts from each junior college, college, and university attended (even if only for one course) including DePaul University, if applicable. Credits transferred and posted on the record of a second school do not constitute an official transcript of the original school. Transcripts that are already on file as part of a student record in another College Office at DePaul may be required to remain there and in that case cannot be transferred to the Graduate School of Business Office.

Applicants should write to the Registrar of each school attended, requesting that an official transcript be sent to the student. Once all of the transcripts have been received applicants should submit them to the graduate school office in their original envelopes with the applicant's name, date of birth and program of interest noted on the envelope. We will then add the transcripts to the applicant's admission file.

An applicant who is still taking courses or completing a program at the time he/she submits an application to the Graduate School of Business will not receive full admission until a final and official transcript listing the degree awarded has been submitted to the Admissions Committee. Please see Conditional Admission and Non-degree.
Readmission

A student previously admitted who has been absent from DePaul for one year or longer must complete the application form and submit a transcript of any courses taken elsewhere during his/her absence. A student must submit a written explanation of his/her absence from the program and an updated resume. A $30 application fee is required.

If the original application has been destroyed (after an absence of two years), the student may be required to complete a new application in full.

Special Instructions for International Applicants

Educational Credentials For International Students or Programs

Applicants must submit transcripts from all colleges and universities attended, including those attended but from which no credit was earned. Exceptions may be permitted for study-abroad credit when that credit is clearly defined and displayed on the home institution transcript. Applicants with non-U.S. educational credentials for Winter term 2012 and beyond are required to submit their official educational credentials (e.g., transcripts, mark sheets, degree certificates, graduation diplomas) and evaluation fee directly to one of the three evaluation companies below:

- Educational Credential Evaluators, Inc.
- Educational Perspectives
- One Earth International Credential Evaluation

These evaluators will then provide DePaul with a general evaluation of their studies and certified copies of their international educational credentials which will be used during admission review. Please direct any questions about required credentials to the evaluation company you have selected and not to the Kellstadt Graduate School of Business. DePaul will not accept evaluations from any other evaluation companies and will not accept any educational credentials without an evaluation from ECE, EP or One Earth.

English Proficiency

Non-native English speakers who have not completed a bachelor's or master's degree in the United States should submit scores from a recognized English proficiency test. The Kellstadt Graduate School of Business accepts results from TOEFL, IELTS and the Pearson Test of English (PTE).

Degree Requirements

Course Requirements

Students should have sufficient knowledge in calculus, statistics, programming, and mathematical sciences to enter the program. If students need to acquire some of these skills, one or more of the following courses will be recommended: GSB 420; MAT 135; MAT 137; MAT 140.

Students complete the MS in Marketing Analysis by taking seven required courses and five elective courses for a total of 12 courses.

Core Courses

- MKT 555 DECISIONS IN MARKETING MANAGEMENT
- MKT 525 MARKETING RESEARCH I
- MKT 526 MARKETING RESEARCH II
- MKT 534 ANALYTICAL TOOLS FOR MARKETERS
- MKT 535 MARKETING STRATEGIES AND PLANNING
- MKT 545 CONSUMER BEHAVIOR
Elective Courses

Students are to select two additional courses from marketing (MKT) and three courses from the Analytical Group for a total of five courses from the following list of approved electives. Please note that approved electives may have prerequisites that are not part of the M.S.M.A. curriculum and will not be waived.

Marketing Electives

- Choose two from the following:
  - MKT 528 QUALITATIVE RESEARCH METHODS
  - MKT 529 PRECISION MARKETING
  - MKT 530 CUSTOMER RELATIONSHIP MANAGEMENT
  - MKT 578 SALES STRATEGY & TECHNOLOGY
  - MKT 595 INTERNET AND INTERACTIVE MARKETING

The Analytical Group

- Choose three from the following:
  - ECO 798 SPECIAL TOPICS (when course has statistical orientation)
  - CSC 423 DATA ANALYSIS AND REGRESSION
  - CSC 424 ADVANCED DATA ANALYSIS
  - CSC 425 TIME SERIES ANALYSIS AND FORECASTING
  - IS 549 DATA WAREHOUSING AND DATA MINING
  - IS 567 KNOWLEDGE DISCOVERY TECHNOLOGIES
  - ECT 584 WEB DATA MINING FOR BUSINESS INTELLIGENCE

Degree Requirements

- Satisfactory completion of the college residency requirement.
- Completion of the seven required courses, or their substitutes as approved by the Chair of the Marketing Department: 28 quarter hours.
- Completion of five elective courses to be selected from a list of 13 approved electives such that two are from marketing; two are from information systems; and one is from economics. 20 quarter hours.
- All courses for credit toward the degree must be completed within six calendar years after the candidate’s first term of enrollment in the Kellstadt Graduate School of Business. After a lapse of six years a course is expired. An expired course is not acceptable for the purpose of satisfaction of degree requirements and is not applicable to the degree.

Marketing Management (MBA)

The Marketing Management concentration is designed to develop and sharpen skills in analysis, planning, and control of marketing activities. The concentration aims to provide students with the knowledge and skills to identify and develop programs and products that meet customer needs and to prepare students for assuming and successfully discharging managerial responsibilities in marketing or marketing-related positions within the firm.
Admission Information

Applicants must possess the equivalent of a bachelor's degree from a regionally accredited institution. A prospective graduate student is expected to present a superior overall previous academic record and an above average total GMAT score (or GRE score where appropriate) including high achievement on the verbal, quantitative, and on the analytical writing assessment. The examination must have been taken no earlier than five years prior to the date of admission to the program.

Other factors, such as work experience and career progression, are also important and will be considered by the Admissions Committee. All applicants are required to submit two professional letters of recommendation as well as a current resume.

All prospective students are welcome to arrange a meeting with an admissions counselor. Please phone the graduate school office for an informal appointment. Interviews are not required as part of the admissions process for the part-time M.B.A. program, but may be requested by the Admissions Committee. Interviews for the full-time M.B.A. and weekend M.B.A. programs are on an invitation-only basis. Once a completed application has been received, a preliminary review is completed and selected candidates are invited to interview.

Each applicant is considered on an individual basis. The full-time and weekend M.B.A. programs do have limited enrollments, but for the other graduate business programs there currently is no predetermined limit to the number of students who can be admitted. Thus, for these programs, all students who are judged eligible by the Admissions Committee will be invited to matriculate.

Graduate Management Admission Test (GMAT)

To be considered for admission as a degree seeking student, an applicant will be required to submit a score from the Graduate Management Admission Test (GMAT). GMAT information including dates, a list of test centers, and applications for the exam may be obtained at www.mba.com or by contacting Pearsonvue at 1-800-717-4628. The GMAT score report must come directly from Pearsonvue. A test taken more than five years prior to the date of application is not considered valid for admission purposes and would have to be retaken. An exception may be made for individuals who hold a doctoral or other terminal degree awarded by an appropriately accredited institution. An exception may also be made for fully certified CPA's applying to the Master of Science in Taxation program. Applicants to the Master of Science in Human Resources Management and the Master of Science in Economics and Policy Analysis may submit either a GMAT or GRE (Graduate Records Examinations) score. As with the GMAT, GRE scores are valid for five years.

Application Deadlines

For the day MBA program (Full-time):

Admission to the Day M.B.A. program is competitive and is limited to the Autumn Quarter. There are three application rounds, with deadlines of February 1, April 1 and July 1. Application review begins in January, and you are encouraged to apply as early as possible. Decisions are mailed on an ongoing basis beginning in January, and applicants should expect to receive an admission decision approximately 4 weeks after their application becomes complete.

Applicants who wish to be considered for scholarships and graduate assistantships should apply during the first two application rounds. These awards are generally not available to applicants who apply after April 1.

Late applications submitted after the final July 1 deadline may be considered if space remains available in the incoming class.

For the weekend MBA and MS in Economic Policy Analysis programs:

Applications must be submitted by July 1st. Applications received after July 1st will be considered on a space available basis.

For all other graduate business programs:

Applications must be submitted by:
- July 1st for the Autumn Quarter
- October 1st for the Winter Quarter
- February 1st for the Spring Quarter
- April 1st for the Summer Quarter
Applicants educated outside the United States must submit their applications one month prior to the above deadlines.

**Transcripts**

Degree seeking applicants must present official transcripts from each junior college, college, and university attended (even if only for one course) including DePaul University, if applicable. Credits transferred and posted on the record of a second school do not constitute an official transcript of the original school. Transcripts that are already on file as part of a student record in another College Office at DePaul may be required to remain there and in that case cannot be transferred to the Graduate School of Business Office.

Applicants should write to the Registrar of each school attended, requesting that an official transcript be sent to the student. Once all of the transcripts have been received applicants should submit them to the graduate school office in their original envelopes with the applicant's name, date of birth and program of interest noted on the envelope. We will then add the transcripts to the applicant's admission file.

An applicant who is still taking courses or completing a program at the time he/she submits an application to the Graduate School of Business will not receive full admission until a final and official transcript listing the degree awarded has been submitted to the Admissions Committee. Please see Conditional Admission and Non-degree Status for more information regarding admission prior to posting of an undergraduate degree.

**Readmission**

A student previously admitted who has been absent from DePaul for one year or longer must complete the application form and submit a transcript of any courses taken elsewhere during his/her absence. A student must submit a written explanation of his/her absence from the program and an updated resume. A $30 application fee is required.

If the original application has been destroyed (after an absence of two years), the student may be required to complete a new application in full.

**Special Instructions for International Applicants**

**Educational Credentials For International Students or Programs**

Applicants must submit transcripts from all colleges and universities attended, including those attended but from which no credit was earned. Exceptions may be permitted for study-abroad credit when that credit is clearly defined and displayed on the home institution transcript.

Applicants with non-U.S. educational credentials for Winter term 2012 and beyond are required to submit their official educational credentials (e.g., transcripts, mark sheets, degree certificates, graduation diplomas) and evaluation fee directly to one of the three evaluation companies below:

- Educational Credential Evaluators, Inc.
- Educational Perspectives
- One Earth International Credential Evaluation

These evaluators will then provide DePaul with a general evaluation of their studies and certified copies of their international educational credentials which will be used during admission review. Please direct any questions about required credentials to the evaluation company you have selected and not to the Kellstadt Graduate School of Business. DePaul will not accept evaluations from any other evaluation companies and will not accept any educational credentials without an evaluation from ECE, EP or One Earth.

**English Proficiency**

Non-native English speakers who have not completed a bachelor's or master's degree in the United States should submit scores from a recognized English proficiency test. The Kellstadt Graduate School of Business accepts results from TOEFL, IELTS and the Pearson Test of English (PTE).
MBA Core Requirements

Course Requirements

- ACC 500 FINANCIAL ACCOUNTING
- ACC 555 MANAGEMENT ACCOUNTING FOR DECISION-MAKING
- ECO 509 BUSINESS CONDITIONS ANALYSIS
- ECO 555 ECONOMICS FOR DECISION-MAKING
- FIN 555 FINANCIAL MANAGEMENT
- GSB 420 APPLIED QUANTITATIVE ANALYSIS
- GSB 599 STRATEGIC ANALYSIS FOR COMPETING GLOBALLY
- MGT 500 MANAGING FOR EFFECTIVE AND ETHICAL ORGANIZATIONAL BEHAVIOR
- MGT 502 OPERATIONS MANAGEMENT
- MGT 555 STRATEGIC MANAGEMENT OF HUMAN RESOURCES
- MIS 555 MANAGEMENT OF INFORMATION TECHNOLOGY
- MKT 555 DECISIONS IN MARKETING MANAGEMENT

Concentrations

In addition to the required core courses, students have six electives they can use to take courses in a specific area of interest. These electives are typically used by students to select one or more concentrations in the area(s) that offer the knowledge, skills, and abilities that best fit the student's educational needs and interests.

While many students choose to have a specific area of concentration, those who would like more flexibility in selecting courses may choose the general business concentration instead. With this option, the student is free to choose six courses from several different areas of study within the graduate school of business.

If a student does not indicate a specific concentration of interest in the application for admission the student will be assigned to the general business concentration.

M.B.A. Options

Day M.B.A. (Full-time Accelerated)

The Day M.B.A. Program fulfills the business world's demand for M.B.A. graduates with the ability to understand and manage complex business processes. Students who choose this program option will take all of their foundation and core classes in a full-time, lock step format during the first four terms of the program. Upon completion of the prerequisite core courses, students may begin taking their concentration classes at their own pace. Students in the Day M.B.A. Program may choose to specialize in any of the generally available MBA concentrations offered by the Kellstadt Graduate School of Business.

Evening M.B.A. (All Campuses)

All of the core course requirements for the M.B.A. are offered at the Loop and the Naperville and O'Hare suburban campuses. Required core courses are offered every quarter at the Loop campus but variably at the suburban campuses. All requirements are offered at least once each year at each of these locations.

Three full concentrations are available at each of the suburban campuses. These are Finance, Marketing Management and General Business. Electives applicable to other concentrations will be offered variably at the suburban locations but it may be necessary to travel to Loop campus to complete concentrations other than these three.

Weekend M.B.A. at O'Hare Campus

The Weekend M.B.A. Program is a rigorous yet rewarding program designed for the self-directed manager with an interest in using technology to supplement traditional M.B.A. course work. The curriculum provides knowledge in each of the major business functions along with specialized courses in Management and Finance such that students may earn concentrations in Finance and/or Operations Management as part of the weekend program. Upon completion of the required core sequence of courses, students are able to select concentration courses from among the more than 35 concentrations available to part-time M.B.A. students. Please note that only the Finance and Operations Management concentrations are available in the weekend format.

Each course is taught as a blend of traditional lecture and distance learning formats. Classes meet on alternate Saturdays at the O'Hare Campus. Students will work via distance learning in the weeks between class meetings. Admitted students will proceed through the program as a cohort group. Admission to the program is for fall
Concentration Requirements

Course Requirements

The concentration in Marketing Management requires that students complete a total of four courses as follows:

- MKT 525 MARKETING RESEARCH I
- MKT 545 CONSUMER BEHAVIOR
- Two additional graduate-level marketing courses not including MKT 555.

Students are encouraged to consult with department faculty for course recommendations.

Marketing Strategy and Planning (MBA)

The Marketing Strategy and Planning concentration is designed for students interested in participating in upper-level management decision-making. This concentration provides the skills and abilities needed to:

- Manage customers, product lines, and new product development.
- Understand the design and sustainability of innovative business models.
- Develop plans and systematic strategies to achieve firm objectives.

Admission Information

Applicants must possess the equivalent of a bachelor's degree from a regionally accredited institution. A prospective graduate student is expected to present a superior overall previous academic record and an above average total GMAT score (or GRE score where appropriate) including high achievement on the verbal, quantitative, and on the analytical writing assessment. The examination must have been taken no earlier than five years prior to the date of admission to the program.

Other factors, such as work experience and career progression, are also important and will be considered by the Admissions Committee. All applicants are required to submit two professional letters of recommendation as well as a current resume.

All prospective students are welcome to arrange a meeting with an admissions counselor. Please phone the graduate school office for an informal appointment. Interviews are not required as part of the admissions process for the part-time M.B.A. program, but may be requested by the Admissions Committee. Interviews for the full-time M.B.A. and weekend M.B.A. programs are on an invitation-only basis. Once a completed application has been received, a preliminary review is completed and selected candidates are invited to interview.

Each applicant is considered on an individual basis. The full-time and weekend M.B.A. programs do have limited enrollments, but for the other graduate business programs there currently is no predetermined limit to the number of students who can be admitted. Thus, for these programs, all students who are judged eligible by the Admissions Committee will be invited to matriculate.
Graduate Management Admission Test (GMAT)

To be considered for admission as a degree seeking student, an applicant will be required to submit a score from the Graduate Management Admission Test (GMAT). GMAT information including dates, a list of test centers, and applications for the exam may be obtained at www.mba.com or by contacting Pearsonvue at 1-800-717-4628. The GMAT score report must come directly from Pearsonvue. A test taken more than five years prior to the date of application is not considered valid for admission purposes and would have to be retaken. An exception may be made for individuals who hold a doctoral or other terminal degree awarded by an appropriately accredited institution. An exception may also be made for fully certified CPA’s applying to the Master of Science in Taxation program. Applicants to the Master of Science in Human Resources Management and the Master of Science in Economics and Policy Analysis may submit either a GMAT or GRE (Graduate Records Examinations) score. As with the GMAT, GRE scores are valid for five years.

Application Deadlines

Students will work via distance learning in the weeks between class meetings. Admitted students will proceed through the program as a cohort group. Admission to the program is for fall quarter only.

**Concentration Requirements**

**Course Requirements**

Four courses are required to complete the Marketing Strategy and Planning concentration:

- MKT 535 MARKETING STRATEGIES AND PLANNING
- MKT 583 MONETIZING MARKETING STRATEGY
- MKT 540 STRATEGIC PLANNING: DEVELOPING SUSTAINABLE BUSINESS MODELS
- MKT 798 SPECIAL TOPICS- Pricing Strategy

Students are encouraged to consult with department faculty for related elective courses.
Mathematics Education (MA)

The purpose of the program leading to the degree of Master of Arts in Mathematics Education is to improve the quality of mathematics instruction in schools within the greater-Chicago area and to offer a response to the shortage of secondary school and junior college mathematics teachers. This six-quarter degree program is offered on an accelerated basis during intensive weekend sessions and may be taken while in-service at the rate of two courses per quarter. However, students may proceed through the program at a slower pace depending upon their individual needs. The emphasis in the program is on mathematical content, but significant amounts of time are spent on methods of incorporating new teaching strategies and technologies in the classroom. The program is directly tied to secondary and junior college curriculum needs and is directed toward previously or currently certified teachers with degrees in non-mathematics fields, to teachers with bachelor’s degrees in mathematics who wish to upgrade their command of the field, and to bachelor’s degree holders in other fields who wish to enter teaching.

Admission Information

This program is administered by the Department of Mathematical Sciences through the College of Science and Health. Details regarding admission requirements, course schedules, and so forth, can be found by contacting the Program Director in the Department of Mathematical Sciences. Registration for M.A. in Mathematics Education program courses is open only to students formally admitted into the program or to those students who have the written authorization from the Program Director.

Degree Requirements

Course Requirements

Choose twelve courses from the following list:

- MAT 609 TEACHING AND LEARNING SECONDARY SCHOOL MATHEMATICS
- MAT 610 CALCULUS FOR MATHEMATICS TEACHERS I
- MAT 611 CALCULUS FOR MATHEMATICS TEACHERS II
- MAT 612 CALCULUS FOR MATHEMATICS TEACHERS III
- MAT 618 TOPICS IN CALCULUS AND DIFFERENTIAL EQUATIONS
- MAT 620 GEOMETRY FOR MATHEMATICS TEACHERS
- MAT 631 HISTORY OF MATHEMATICS THROUGH PROBLEM SOLVING FOR MATHEMATICS TEACHERS
- MAT 640 MULTIVARIABLE CALCULUS FOR MATHEMATICS TEACHERS
- MAT 650 PROBABILITY & STATISTICS FOR MATHEMATICS TEACHERS I
- MAT 651 PROBABILITY & STATISTICS FOR MATHEMATICS TEACHERS II
- MAT 660 DISCRETE STRUCTURES FOR MATHEMATICS TEACHERS
- MAT 670 ABSTRACT ALGEBRA FOR MATHEMATICS TEACHERS
- MAT 671 ABSTRACT AND LINEAR ALGEBRA FOR MATHEMATICS TEACHERS

Certain modifications may be made in consultation with and subject to the approval of the Program Director.
Media and Cinema Studies (MA)

The M.A. in Media and Cinema Studies at DePaul University provides students with the critical skills, historical grounding, and research methodologies for understanding the cultural and social impact of film, television and digital media in our globalized world.

Our graduate seminar classes investigate current media-related topics through interdisciplinary perspectives. Questions concerning national and transnational media, film and media histories, the impact and potential of new technologies, the power of audiovisual media in society, the role of media in the formation of identities, aesthetics and popular culture, are examined.

The program is designed for those seeking to prepare for a Ph.D. program or to further careers in the film, television and digital media fields.

There is also a five-year B.A./M.A. option for continuing DePaul students.

Admission Information

A bachelor’s degree from a regionally-accredited college or university, or equivalent, is required for admission to this program. To be admitted, applicants must demonstrate, through past academic or professional work, a capacity for achievement. The College of Communication looks at each application as a unique presentation of a candidate’s profile and will consider a variety of information sources. Admission decisions are based on the following:

- An official undergraduate transcript (minimum grade point average 3.0 on a 4-point scale).
- A completed application and application fee.
- A Statement of Purpose (750 words) explaining why the student is seeking admission to the program.
- A writing sample (a research paper that demonstrates the applicant’s ability to synthesize and analyze scholarly work or a work-related document that demonstrates the candidate’s engagement with media-related projects).
- Two letters of recommendation written by work supervisors and/or faculty members familiar with the applicant’s academic and/or professional achievements.
- A resume or curriculum vitae.
- GRE scores are not required, but may be submitted to strengthen an application.
- For students who completed their undergraduate education outside of the U.S. and who are not native speakers of English, a TOEFL score of 590 (paper-based) or 243 (computer-based) or 96 (internet test with no section scoring under 22) is also required.

Degree Requirements

Course Requirements

Students must complete 48 credit hours (12 four-credit courses), plus a Comprehensive Exam, a Thesis or a Project. Students must have a 3.7 GPA or above in the graduate program to be eligible to select the thesis or the project options for completing the M.A. degree. Students must maintain a 3.0 average in their graduate work to
remain in good standing. Students who drop below this average will be placed on academic probation and are expected to achieve the minimum requirement within two quarters. Failure to do so will result in dismissal from the program.

Core Courses

- MCS 501 FILM AND MEDIA THEORY
- MCS 502 MEDIA AND CULTURAL STUDIES
- MCS 504 HISTORIOGRAPHY AND RESEARCH

Elective Courses

Choose nine from the list below, one of which needs to be a production course

Critical Studies Electives

- MCS 520 TOPICS IN MEDIA STUDIES
- MCS 521 TOPICS IN CINEMA STUDIES
- MCS 522 TOPICS IN CINEMA/MEDIA HISTORY
- MCS 523 TOPICS IN GLOBAL FILM & MEDIA
- MCS 530 NEW MEDIA AND CULTURE
- MCS 533 LATIN AMERICAN CINEMA/MEDIA
- MCS 534 DOCUMENTARY STUDIES
- MCS 550 FANDOM AND ACTIVE AUDIENCES
- MCS 592 INDEPENDENT STUDY
- MCS 599 RESEARCH THESIS
- CMN 591 INTERNSHIP

Media Production Electives

- MCS 541 AUDIO DOCUMENTARY
- MCS 542 TOPICS IN PRODUCTION

Students must receive approval by the MCS program director to enroll in Media Production elective courses outside the College of Communication.

Note: With approval from MCS program director, students may take up to two courses not listed in the electives above from other graduate programs at the university to be counted as electives towards their degree.

Comprehensive Exam Option

Students take seven to eight critical studies electives and at least one and up to two media production electives. Students must complete a 4.5 hour in-class comprehensive exam.

Thesis Option

Students take six to seven critical studies electives, at least one and up to two media production electives, and one thesis course (MCS 599)

Project Option

Students take six to seven critical studies electives, at least one and up to two media production electives, and one project course (MCS 599).

- JOUR 504 BACKPACK REPORTING

Middle School Mathematics Education (MS)

The Middle School Mathematics Education (MSME) program strengthens teachers’ knowledge, understanding, skills, and judgment in order to increase student access to high quality mathematics instruction. The program will provide teachers with the deep knowledge and tools necessary to implement the Common Core State
Standards in Mathematics in their teaching. The Department of Mathematical Sciences in the College of Science and Health and the College of Education offer the program jointly. This program was designed collaboratively with practicing K-8 teachers, mathematicians, and mathematics educators and therefore addresses fundamental questions in both math content and pedagogy. The courses are taught by faculty with extensive experience in teacher preparation as well as the implementation of the CCSS-M. The goal of the program is that students taught by the program's graduates will be successful learners of mathematics, will value mathematics as a subject, and will achieve the learning goals of the CCSS-M. The program includes the courses required for the Algebra Initiative Program of CPS.

Admission Information

Admission Requirements

- Copy of valid elementary or secondary teaching certificate
- Two letters of recommendation: one from a colleague speaking to your ability to work with others, your work ethic, and your commitment to the goals of the program and one from a school or district administrator attesting to your ability as an educator.
- Statement of purpose that describes yourself as a mathematics learner and your long-term career goals. This statement should also describe two scenarios: one from your most and the other of your least effective mathematics teaching experiences. Discuss what happened to students in both cases.
- Resume showing evidence of adequate background for the program
- MSME Supplemental Application Form

College Requirements

Dispositions

The academic programs within the College of Education have set forth these dispositions as educational and professional expectations for all students. Students should be aware that failing to abide by DePaul University or College of Education policies including, under certain circumstances, these dispositions, could result in adverse consequences for the student, including removal from his or her program, the College of Education, or the University.

- Reflects on progress and identifies strengths and weaknesses, including evaluating strategies for success, finding alternatives for inappropriate strategies, and modifying future practices
- Is receptive to faculty feedback and acts meaningfully and professionally upon suggestions
- Values critical thinking, including engaging theoretical and philosophical frameworks and shows evidence of critical thinking through discussion and writing (e.g., journals, response to prompts)
- Understands the importance of and is committed to communicating clearly orally and in writing both in traditional and in new and emerging digital formats
- Values and is committed to continually developing strong content area knowledge and/or knowledge of the professional field, including pedagogical content knowledge
- Takes initiative, uses imagination and creativity, and seeks out information using a variety of human and material resources and technology to inform his or her teaching
- Is aware of the role of classroom environment and uses management procedures that reflect respect and care for learners and concern for their emotional and physical well being
- Takes the time and effort needed to understand how students learn, including discovering their interests and experiences and determining how to shape teaching acts (using technology as appropriate) that engage learners meaningfully and actively
- Values and is committed to using assessment to evaluate and ensure the continuous intellectual, social, emotional, and physical development of the learner
Respects and considers cultural contexts in order to determine how to be responsive to learners and to proactively promote all students' learning.

Values and is responsive to diverse learners' academic, emotional, and social needs through teaching acts (including careful instructional planning, implementation, and differentiation) and through everyday interactions with students.

Is committed to collaboration with colleagues, families, and communities in order to promote all students' learning and development.

Recognizes and fulfills professional responsibilities and habits of conduct (e.g., dress, language, preparedness, attendance, punctuality, etc.).

Demonstrates collegiality, honesty, good judgment, courtesy, respect, and diplomacy.

Balances self-confidence and assertiveness with respect for others' perspectives.

Respects the requirements, expectations, and procedures of both the College of Education and of our field partners and appreciates the issues of trust, fairness, and professionalism involved.

### Degree Conferral and Graduation

The awarding of a degree is not automatic. You must submit an application to be considered for the degree. DePaul awards and posts degrees at the end of each regular academic term (autumn, winter, spring, summer I and summer II).

It is your responsibility to initiate the degree conferral application process by submitting an online application. Submitting an application means you intend to finish your degree requirements by the end of the term for which you have applied.

Graduate students must be approved for student teaching and complete student teaching, seminar, and induction courses to be cleared for the degree. Student must submit graduation application for the quarter you are completing the final course (student teaching is considered a course).

After you submit the application, you cannot register for any term after the one selected in the application.

Application deadlines are as follows:
- Fall Quarter - October 1st
- Winter Quarter - January 15th
- Spring Quarter - February 1st
- Summer I Quarter - June 1st
- Summer II Quarter - July 15th

To apply for degree conferral, log on to Campus Connection. Select FOR STUDENTS, then GRADUATION, then APPLY FOR DEGREE CONFERRAL. On screen instructions will take you through the application process.

Provided that all requirements and financial obligations are met, degrees are posted 30 days after the official end of the term. Official dates are listed on the Academic Calendar.

DePaul holds one commencement ceremony each year in June. If you intend to participate, you must first apply for degree conferral for the current academic year and then submit a cap and gown order. Honors are not announced at the ceremony for undergraduates completing their final courses in spring quarter because a final GPA is not available at the time of the ceremony.

Additional information about degree conferral and graduation can be found on the College of Education website at: [http://education.depaul.edu/](http://education.depaul.edu/).

### Degree Requirements

Our twelve-course (48 quarter-hour) program is designed for teachers certified in grades K-8. The program will allow participants to meet the requirements for an endorsement in middle school mathematics. This is a cohort program with groups of teachers taking the same courses together in the same order. All courses are 4 credit hours.
hours and twelve courses are required.

Course Requirements

Required Courses: 48 quarter hours, grade of C or better required

- MAT 600 EXPERIMENTATION, CONJECTURE, AND REASONING WITH NUMBERS
- MMT 401 FOUNDATIONS OF MATHEMATICAL THINKING AND LEARNING IN THE MIDDLE SCHOOL
- MAT 605 GEOMETRY FOR MIDDLE SCHOOL TEACHERS
- MMT 410 THE DEVELOPMENT OF MIDDLE SCHOOL MATHEMATICS LEARNERS
- MAT 622 ALGEBRA FOR MIDDLE SCHOOL TEACHERS I
- MAT 623 ALGEBRA FOR MIDDLE SCHOOL TEACHERS II
- MAT 624 FUNCTIONS AND MODELING
- MMT 430 APPLIED PROJECT IN MATHEMATICS EDUCATION
- MMT 420 TEACHING, LEARNING, AND ASSESSMENT OF MIDDLE SCHOOL MATHEMATICS
- MAT 649 DATA ANALYSIS AND PROBABILITY
- MAT 643 IDEAS OF CALCULUS IN THE MIDDLE SCHOOL CURRICULUM
- MAT 632 HISTORY AND CULTURAL FOUNDATIONS OF MATHEMATICS

Music Education (MM)

The graduate music education program offers certified music teachers the opportunity to earn a master's degree in a little over two years with courses in the evenings and summers. Educational theory and practice merge throughout course work, and students have the flexibility to select elective areas of study. The program culminates with a final paper or project, allowing students to research an area of special interest.

Admission Information

Admission

The first charter of DePaul University included a statement on nondiscrimination, and the policy has been enforced vigorously for over 114 years. It is the policy of the School of Music to make admission decisions without regard to the race, color, religion, age, gender, sexual orientation, national origin or handicap of the candidate.

Procedures for Admission

Applicants for graduate admission should submit an application online at www.depaul.edu. The application deadline is December 1. Applicants should submit official college transcripts and three letters of recommendation to support their application. Applicants to the master's degree program for performance and jazz studies must take an entrance audition, usually held in February of each year. Audition requirements are specified in the Admissions section on the School of Music website. Applicants to the master's degree program for music education must interview with the Music Education department. Applicants to the master's degree program for composition must submit a composition portfolio of three pieces. A nonrefundable application fee is required of every student applying for admission to the University as a degree-seeking student. When admission has been
approved, the applicant will be notified of the diagnostic examination schedule and new student orientation, which usually take place at the beginning of the academic year.

**Certificate in Performance**

The School of Music also offers a program leading to the Certificate in Performance. The Certificate in Performance is a post-masters program for classical or jazz musicians who intend to pursue careers as professional performers. Applicants should submit an application online at www.depaul.edu. The application deadline is December 1. Applicants should submit official college transcripts and three letters of recommendation to support their application. Applicants must taken an entrance audition, usually held in February of each year. Audition requirements are specified in the Admissions section on the School of Music website.

**Non-Degree Seeking Students**

DePaul School of Music does not normally admit applicants as non-degree seeking students. A student who has earned a bachelor's degree or its equivalent from an accredited institution and does not intend to work for a master's degree may, on the written recommendation of the Associate Dean of Academic Affairs, be admitted as a non-degree seeking student. Only the first 12 quarter hours earned as a non-degree-seeking student at DePaul may subsequently be applied toward a degree when the student is accepted as a degree-seeking student.

**Student-At-Large**

DePaul School of Music does not normally admit applicants as students-at-large. A student completing a graduate program at another accredited institution may, on the written recommendation of the Associate Dean of Academic Affairs, be admitted as a student-at-large.

**International Students**

All international students and any student who has been educated outside of the United States should complete the application requirements for their desired program (see above), submit their educational credentials to a third-party organization for evaluation, and demonstrate a proficiency in English. The application deadline is December 1. For further information on applying to DePaul School of Music as an international graduate student, please refer to the International Students section under Admissions on the School of Music website.

To demonstrate English proficiency, international graduate music students must pass a TOEFL examination with a written score of 550 or an internet-based score of 80, with no section lower than 17. If a student has met all other music admissions criteria and taken a TOEFL examination, but not yet achieved a passing score, they may be considered for admission to the joint English Language Academy-School of Music program. (For further information on this program, students should contact the School of Music Admissions Office.) Those who request student visas also must show evidence of adequate financial support. A formal letter of admission and/or form 1-20 will be issued only after all admission requirements have been fulfilled.

**Diagnostic Examinations**

Students who have been admitted to the master’s degree program for composition, performance, jazz studies, and music education must take a diagnostic examination in musicianship studies. These examinations, taken during new student orientation, will be used to guide course placement and identify areas for additional studies.

**Degree Requirements**

**Course Requirements**

A minimum of 48 quarter hours of graduate credit is required for the Master of Music degree. This total is divided between the basic studies required of all master’s degree students, and courses in the specialization.

**Music Education Core (16 credits)**

- MUS 408 ANALYTICAL TECHNIQUES
  or COM 405 GRADUATE ANALYTICAL STUDIES
- Music History: Two courses from the following list
Music Education Specialization (20 credits)

- Music Education Seminars (Three courses)
  - MED 401 SEMINAR IN MUSIC EDUCATION I: PHILOSOPHY OF MUSIC EDUCATION
  - MED 402 SEMINAR IN MUSIC EDUCATION II: PSYCHOLOGY OF MUSIC TEACHING & LEARNING
  - MED 403 SEMINAR IN MUSIC EDUCATION III: CURRICULUM DEVELOPMENT IN MUSIC EDUCATION
- MED 404 HISTORY OF MUSIC EDUCATION IN THE UNITED STATES
- MED 498 MASTERS CANDIDATE RESEARCH
- MED 492 TECHNIQUES OF RESEARCH IN MUSIC EDUCATION

Music Education Electives (12 credits)

- Students may take any 400 level courses within the School of Music, selected in consultation with their advisors.

Terminal Requirements

Two terminal requirements are required of all students:

- A written comprehensive examination, in which the students must demonstrate a satisfactory knowledge of their major field of study. The comprehensive examination may be taken at any time after 32 quarter hours of graduate credit have been earned.
- The completion of a final project.

Residency Requirements

All courses for the master’s degree must be taken at DePaul University. Graduate credit for courses completed at other institutions may not be applied toward the degree.

The music education graduate program is designed to accommodate the schedule of working teachers, and students typically enroll part time for three summers and two intervening academic years. To earn full-time status, graduate students must be registered for a minimum of six quarter hours in any term. All requirements for the degree must be completed within six calendar years from the time a student is first enrolled. For students removing deficiencies, this period will begin when all deficiencies are removed and admission to the master’s degree program has been granted.

Music Performance (MM)

The Master of Music in performance degree prepares students for professional music careers in a supportive, collegial environment. Graduate students study with highly celebrated performers, who are committed to teaching excellence. The graduate performance program consists of applied lessons, ensembles, core studies in music theory/history and research, and related studies. The Master of Music degree is a two year program.
Admission Information

Application Process

As a prospective graduate student, you must complete the following steps to apply to DePaul School of Music.

- Apply to DePaul by December 1
- Once your application to DePaul has been received, you will receive a confirmation letter stating that your application has arrived at our office. In addition to your application, you must submit three letters of recommendation and your undergraduate transcripts, no later than December 1st. Please have your letters of recommendation and transcripts mailed to DePaul School of Music, Music Admissions Office, 804 W. Belden Ave., Chicago, IL 60614.

Vocalists & Violinists

In addition to your online application, you must submit a pre-audition screening recording by December 1. Upon passing the pre-audition screening, you will receive a letter no later than December 20 inviting you to schedule your on-campus audition using your Campus Connection username and password.

All other Instrumentalists

Your online application is due by December 1. You will then receive a confirmation letter inviting you to schedule your on-campus audition by using your Campus Connection user name and password.

Degree Requirements

Course Requirements

A minimum of 48 quarter hours of graduate credit is required for the Master of Music degree. This total is divided between the basic studies required of all master's degree students, and courses in the specialization.

Music Performance Core (16 credits)

- MUS 408 ANALYTICAL TECHNIQUES
  or COM 405 GRADUATE ANALYTICAL STUDIES
- Music History: Two courses from the list below
  - JZZ 405 JAZZ HISTORY
  - JZZ 406 JAZZ STYLE AND ANALYSIS
  - MUS 420 HISTORY OF THE ORATORIO
  - MUS 435 18th & 19th WIND HISTORY AND LITERATURE
  - MUS 436 20th CENTURY WIND HISTORY AND LITERATURE
  - MUS 475 MEDIEVAL MUSIC
  - MUS 478 RENAISSANCE MUSIC
  - MUS 479 BAROQUE MUSIC
  - MUS 481 HISTORY OF OPERA
  - MUS 482 WORLD MUSIC CULTURES
  - MUS 484 CLASSICAL MUSIC
  - MUS 485 ROMANTIC MUSIC
Specializations

Brass Specialization (30 credits)

- Applied Brass Lessons
- APM 471 BRASS CONCEPTS
- APM 414 THE BUSINESS OF MUSIC FROM THE PERFORMER'S PERSPECTIVE
- APM 474 BRASS INSTRUMENT PERFORMANCE STYLE
- APM 472 ORCHESTRAL REPERTOIRE FOR BRASS
- Brass Electives
- Brass Ensemble Requirement
  - 6 Quarters of Large Ensemble
  - 6 Quarters of Chamber Music
- APM 405 GRADUATE RECITAL

Guitar Specialization (28 credits)

- Applied Guitar Lessons
- APM 486 STRING PEDAGOGY
- Guitar History and Literature
- APM 477 GUITAR HISTORY AND LITERATURE I
  - OR APM 478 GUITAR HISTORY AND LITERATURE II
  - OR APM 479 GUITAR HISTORY AND LITERATURE III
- Guitar Electives
- Guitar Ensemble Requirement
  - 6 Quarters of Guitar Ensemble
- APM 405 GRADUATE RECITAL

Percussion Specialization (26 credits)

- Applied Percussion Lessons
- APM 446 PERCUSSION PEDAGOGY
- Percussion Electives
- Percussion Ensemble Requirement
  - 3 Quarters of Large Ensemble
  - 3 Quarters of Percussion Ensemble
- APM 405 GRADUATE RECITAL

Piano Specialization (28 credits)

- Applied Piano Lessons
- APM 461 PIANO LITERATURE
- APM 442 ACCOMPANYING CLASS
- Piano Electives
- Piano Ensemble Requirement
  - 6 Quarters of Large Ensemble or Chamber Music
- APM 405 GRADUATE RECITAL

Strings Specialization (28 credits)

- Applied Strings Lessons
- APM 429 ORCHESTRAL REPERTOIRE FOR STRINGS
- APM 486 STRING PEDAGOGY
- Strings Electives
- Strings Ensemble Requirement
  - 6 Quarters of Large Ensemble
  - 6 Quarters of Chamber Music
- APM 405 GRADUATE RECITAL

Voice Specialization (30 credits)

- Applied Voice Lessons
- APM 400 OPERA WORKSHOP (2 credits)
- APM 453 ADVANCED TECHNIQUES OF THE MUSIC STAGE
- APM 496 VOICE PEDAGOGY
- Diction Proficiencies/Language Lab
  - APM 415 ITALIAN DICTION/LANGUAGE LAB FOR GRADUATE STUDENTS
  - APM 416 GERMAN DICTION/LANGUAGE LAB FOR GRADUATE STUDENTS
  - APM 417 FRENCH DICTION/LANGUAGE LAB FOR GRADUATE STUDENTS
- Voice Electives
- Voice Ensemble Requirement
  - 3 Quarters of Large Ensemble
  - 2 Quarters of Chamber Music
- APM 405 GRADUATE RECITAL

**Woodwinds Specialization (30 credits)**

- Applied Woodwinds Lessons
- APM 428 ORCHESTRAL REPERTOIRE FOR WOODWINDS I: LITERATURE PERFORMANCE
- APM 433 WOODWIND ORCHESTRAL REPERTOIRE II: AUDITION PREPARATION
- APM 411 WOODWIND PEDAGOGY
- Woodwinds Electives
- Woodwinds Ensemble Requirement
  - 6 Quarters of Large Ensemble
  - 3 Quarters of Chamber Music
- APM 405 GRADUATE RECITAL

**Terminal Requirements**

Two terminal requirements are required of all students:

- A written comprehensive examination, in which the students must demonstrate a satisfactory knowledge of their major field of study. The comprehensive examination may be taken at any time after 32 quarter hours of graduate credit have been earned.
- The presentation of a public recital.

While preparation of the terminal requirement in the major may take place within some course or activity for which a student is registered for credit, additional academic credit is not granted for the project itself.

**Residency Requirements**

All courses for the master’s degree must be taken at DePaul University. Graduate credit for courses completed at other institutions may not be applied toward the degree.

To retain full-time status, a graduate student must be registered for a minimum of six quarter hours in any term. All requirements for the degree must be completed within six calendar years from the time a student is first enrolled. For students removing deficiencies, this period will begin when all deficiencies are removed and admission to the master’s degree program has been granted.

---

**Network Engineering and Management (MS)**

The Master of Science in Network Engineering and Management trains professionals to meet current industry demands for innovative network designs, and the development of new network applications and services for business enterprises and the network providers that serve them. This program offers theoretical and applied study of the design, configuration and management of converged communication networks. Students completing this degree program have a thorough understanding of the technical and operational aspects of networks as well as the foundational theory of voice/data communications and network management.

After completing a common set of foundation courses, students can specialize in a variety of technical areas including network protocols, analysis, management, and security on both wired and wireless network infrastructures. Students can gain experience with network devices and servers in lab facilities focused on enterprise network, security, and multimedia network services. Through a combined emphasis on both theory and hands-on laboratory experiences, students gain expertise in a variety of specialized networking technologies,
including the Internet, private network, and local area network arenas. Students who do not already have
industry certifications in networking will also be guided by their faculty advisor through the process of selection
and testing to pursue these certifications after appropriate coursework has been completed. Students acquire a
broad range of skills including:

- A solid foundation in network design and operations
- A thorough understanding of security issues on both wired and wireless networks
- A comparative analysis of current carrier network service offerings, with an understanding of the service
  level vs. pricing tradeoffs inherent in each service
- A detailed understanding of the function, operations and management of network infrastructure
  components, including routers, switches, access points, and servers
- A strategic view of future networking trends in the Internet, wireless, security and local network services
  arenas

Admission Information

Admission information for this program can be found in the Graduate Admission page on the CDM web site
under Prospective Students. (http://www.cdm.depaul.edu/Prospective%20Students/Pages/GraduateAdmissions.aspx)

Degree Requirements

Course Requirements

Introductory Courses

Introductory courses may be waived for any of the following conditions:

- The student has the appropriate course work to satisfy an Introductory Course.
- The student has appropriate and verified professional experience to satisfy an Introductory Course.
- The student passes a Graduate Assessment Examination (GAE) in the Introductory Course area.

- TDC 405 VOICE AND DATA NETWORK FUNDAMENTALS
- TDC 411 INTRODUCTION TO COMPUTER AND NETWORK SYSTEMS
- TDC 413 INTRODUCTION TO LAN AND WAN

Foundation Courses

- TDC 460 FOUNDATIONS OF NETWORK TECHNOLOGIES
- TDC 463 COMPUTER NETWORKS AND DATA SYSTEMS
- TDC 464 CONVERGED MULTIMEDIA NETWORKS

By taking these courses and receiving a grade of B- or better in each, the student will have completed the
requirements of the Foundation Courses. If a student receives a grade below B- but better than or equal to C- for
a Foundation Course, the student is given an option to take a course-specific core competency exam to pass the
failed course. If the student fails the exam, the student must retake the failed course. The student can take an
exam only once for each failed course. There is no other core examination in the Foundation Courses.

Students in the Foundation Courses may register for a maximum of four Advanced Courses.

Advanced Courses

- TDC 477 NETWORK SECURITY
Major Elective Courses

Students must complete 3 TDC courses from the range TDC 430 to TDC 599. A minimum of 2 courses must be 500-level.

CDM Open Elective Courses

Students must complete 2 CDM Open Elective Courses. Open Elective Courses are in the range of 421-699 (excluding TDC 425) and must be from the College of CDM. Open Elective Courses must not have been otherwise used to satisfy degree requirements. Credit for courses taken outside of the school will only be given if approved by a faculty advisor. Any course required for the student’s concentration but taken as part of the requirements of another degree earned by the student may be waived, but cannot be used for Open Elective credit.

Capstone

- TDC 594 NETWORK CAPSTONE

Degree Requirements

Students in this degree program must meet the following requirements:

- Complete a minimum of 52 graduate credit hours in addition to any required introductory courses of the designated degree program.
- Complete all graduate courses and requirements listed in the designated degree program.
- Earn a grade of B- or better in each introductory course of the designated degree program.
- Earn a grade of B- or better in each foundation course. If a student receives a grade below B- but better than or equal to a C- for a foundation course, the student is given an option to take a course-specific core competency exam to pass the failed course. If the student fails the exam, the student must retake the failed course. The student can take an exam only once for each failed course.
- Earn a grade of C- or better in all courses beyond the introductory courses and foundation courses of the designated degree program.
- Maintain a cumulative GPA of 2.5 or higher.
- Students pursuing a second master’s degree must complete a minimum of *52 graduate credit hours beyond their first designated degree program in addition to any required introductory courses in their second designated degree program.

*53 graduate credit hours required for MS Information Systems.

Students with a GPA of 3.9 or higher will graduate with distinction.

For DePaul’s policy on repeat graduate courses and a complete list of academic policies see the DePaul Graduate Handbook.

New Media Studies (MA)

New Media Studies is an interdisciplinary field that studies the processes and platforms through which digitally-encoded media (photographs, text, audio, film) operate and circulate. New media studies is also the study of how digitally-encoded media products are combined into "new" media forms, such as web sites, webcasts, interactive games, graphic designs, sales and technical information. The Master of Arts in New Media Studies combines critical interpretation and situated practical action in coursework to prepare its graduates to function as productive and responsible individuals in the evolving social contexts created by the new media.

The Master of Arts in New Media Studies will prepare students to engage the new media by building:

- The ability to gather, process, and communicate information on the Internet
- An understanding of the historic role of new media in shaping contemporary consciousness
- An ability to identify appropriate technologies to accomplish a specific communication need using the Web
and other online delivery systems
• An ability to edit and manage content for web sites and social media platforms
• An ability to apply rhetorically sophisticated strategies for writing, editing, and producing new media
  content
• A capacity to work well as part of a team charged with solving a communication problem using new media
  technologies
• An understanding of the relationship between "new" and "old" media
• An understanding of rhetoric and visual design—how visual, image-based communication differs from and
  interrelates with text- or language-based communication
• An understanding of the technical and practical logistics (planning, budgeting, scripting) of moving a
  project from idea to completion

The M.A. in New Media Studies is interdisciplinary in focus; although NMS is housed in Writing, Rhetoric, &
Discourse, students are encouraged to take courses from a wide variety of other units as well.

Admission Information

Admission Requirements

Students with bachelor’s degrees in any field will be considered for admission.

Applications must include:

• Undergraduate transcripts indicating a strong record of previous academic achievement
• A personal statement, from 300-500 words long, describing the applicant's objectives in applying to the
  New Media Studies program
• Two letters of recommendation, preferably from individuals able to reflect on the applicant's prior academic
  performance and potential for graduate study
• Optional supporting materials, such as a resume and/or examples of the applicant's work (e.g. a printed
  writing sample, a CD-ROM of digital design, a URL where work may be viewed online)
• Prospective students should begin the application process online at http://www.depaul.edu/admission-and-
  aid/types-of-admission/graduate-student/Pages/las.aspx

Degree Requirements

Course Requirements

Students complete 12 courses (48 credits) to graduate from the M.A. in NMS program. This program consists of
five courses and seven electives, which may be taken in NMS or a range of programs across the university.

Core Courses

• NMS 501 PROSEMINAR IN NEW MEDIA STUDIES
• NMS 502 NEW MEDIA, OLD MEDIA
• NMS 504 TEXT AND IMAGE
• NMS 505 WORKSHOP/PORTFOLIO SEMINAR
• NMS 508 DESIGN RHETORICS

The core provides the program with its unique identity. The Proseminar in New Media Studies, the program's
gateway course, introduces students to theories of new media and the particular way the field of new media
studies is framed by the program. NMS 502, 504, and 508 introduce students to three literacies that are crucial
to the study and production of new media. In New Media, Old Media, extensive reading in the history of media studies foregrounds the necessity of historical/critical literacy and introduces students to the invariable relationship between technology and human communication. The production and interpretation of symbols on two-dimensional surfaces—computer screens, for example—is the focus of Design Rhetorics. Text and Image explores the dynamics of meaning in environments where static, moving, and live images interact with text and audio. The core is completed with a "capstone" experience; students may choose to develop a group-based project or individual portfolio in the Workshop/Portfolio Seminar.

**Electives**

Seven courses are chosen by M.A. students from a wide range of courses offered by programs across the University. The electives provide an opportunity for students to focus on areas that best suit their professional and educational goals for the program. Some elective courses (for example, in Human Computer Interaction) have prerequisites that students must fulfill before taking those electives.

**Internships**

Internship opportunities may be pursued by students who wish to acquire significant on-the-job experience in the fields of publishing, professional writing, and related areas. A maximum of four quarter hours of NMS 506 INTERNSHIP, may be applied to the forty-eight quarter hours required for the degree.

---

**Student Handbook**

**Probation**

To maintain good standing, students must complete at least two NMS courses within twelve months of their admission to the program. Students must also maintain an overall grade-point average of at least 3.0 in their course work. Students whose cumulative GPA falls below 3.0 will be placed on probation and given two quarters to raise their average to the minimum 3.0 level. Students on probation are required to consult with the program director before registering for classes. Failure to meet these requirements constitutes grounds for dismissal.

**Dismissal**

A student may be dismissed from the program in any of the following cases: (1) failure to maintain a GPA above 3.0 for three consecutive quarters; (2) failure to meet with the program director before registering for classes while on academic probation; or (3) failure to complete at least two courses within sixteen months of admission to the program.

**Readmission**

If a student is dismissed from the program (as outlined in the dismissal policy), he or she may reapply through the formal application process.

**Transfer Credit**

Students may transfer up to 12 credits (or three courses) of coursework taken in another program. The exact number of credits and courses that transfer will be determined by the program director. Grades transferred from other institutions do not calculate into the DePaul grade point average.

**Undergraduate Courses**

Students may count one four-credit undergraduate-level course toward the graduate degree, if the grade received in that course is B- or higher.

**Graduation Requirements**

In order to graduate from the program, students must complete all program requirements with a total of 48 credit hours (12 courses) and a minimum GPA of 2.8.
Graduation with Distinction

NMS students who complete their courses with a GPA of 3.85 or above will be awarded the designation of "Distinction." This honor will be announced at the graduation ceremony and recognized on the degree.

Time Limit

Students must complete the program within six years of their start date. Students who fail to complete the program within this timeframe must re-apply to the program.

Non-Degree-Seeking Students

All NMS courses, with permission of the Program Director, are open to non-degree-seeking students, with the exception of the following: NMS 501 and NMS 505.

Non-Profit Hospitality Leadership (MBA)

The purpose of this concentration is to provide students with the necessary knowledge to operate and lead various non-profit hospitality organizations or functions.

The realm of non-profit hospitality encompasses four primary domains:

- Social services such as soup kitchens, and overnight shelters for the homeless or battered women and children.
- Disaster relief efforts such as those provided by the Red Cross and FEMA during times of natural disasters and man-made catastrophe.
- Internally operated foodservice operations for corporations, prisons, schools and other institutions.
- Volunteer tourism where travelers use their time and labors to give back to society, perhaps through restoring a historical or cultural site, or helping others in less developed nations, etc.

Through the courses, the art and science of nonprofit management and accountability is explored. The focus is upon key factors that affect human behavior, the nature and purposes of leadership, and managerial roles in non-profit organizations. Non-profits are analyzed holistically, combining perspectives from law, governance, resource development, and financial concepts unique to the hospitality environment. Students learn through hands-on experiences of existing non-profit organizations and through the analysis of historical case studies.

Admission Information

Applicants must possess the equivalent of a bachelor's degree from a regionally accredited institution. A prospective graduate student is expected to present a superior overall previous academic record and an above average total GMAT score (or GRE score where appropriate) including high achievement on the verbal, quantitative, and on the analytical writing assessment. The examination must have been taken no earlier than five years prior to the date of admission to the program.

Other factors, such as work experience and career progression, are also important and will be considered by the Admissions Committee. All applicants are required to submit two professional letters of recommendation as well as a current resume.

All prospective students are welcome to arrange a meeting with an admissions counselor. Please phone the graduate school office for an informal appointment. Interviews are not required as part of the admissions process for the part-time M.B.A. program, but may be requested by the Admissions Committee. Interviews for the full-time M.B.A. and weekend M.B.A. programs are on an invitation-only basis. Once a completed application has been received, a preliminary review is completed and selected candidates are invited to interview.
Each applicant is considered on an individual basis. The full-time and weekend M.B.A. programs do have limited enrollments, but for the other graduate business programs there currently is no predetermined limit to the number of students who can be admitted. Thus, for these programs, all students who are judged eligible by the Admissions Committee will be invited to matriculate.

**Graduate Management Admission Test (GMAT)**

To be considered for admission as a degree-seeking student, an applicant will be required to submit a score from the Graduate Management Admission Test (GMAT). GMAT information including dates, a list of test centers, and applications for the exam may be obtained at www.mba.com or by contacting Pearsonvue at 1-800-717-4628. The GMAT score report must come directly from Pearsonvue. A test taken more than five years prior to the date of application is not considered valid for admission purposes and would have to be retaken. An exception may be made for individuals who hold a doctoral or other terminal degree awarded by an appropriately accredited institution. An exception may also be made for fully certified CPA's applying to the Master of Science in Taxation program. Applicants to the Master of Science in Human Resources Management and the Master of Science in Economics and Policy Analysis may submit either a GMAT or GRE (Graduate Records Examinations) score. As with the GMAT, GRE scores are valid for five years.

**Application Deadlines**

**For the day MBA program (Full-time):**

Admission to the Day M.B.A. program is competitive and is limited to the Autumn Quarter. There are three application rounds, with deadlines of February 1, April 1 and July 1. Application review begins in January, and you are encouraged to apply as early as possible. Decisions are mailed on an ongoing basis beginning in January, and applicants should expect to receive an admission decision approximately 4 weeks after their application becomes complete.

Applicants who wish to be considered for scholarships and graduate assistantships should apply during the first two application rounds. These awards are generally not available to applicants who apply after April 1.

Late applications submitted after the final July 1 deadline may be considered if space remains available in the incoming class.

**For the weekend MBA and MS in Economic Policy Analysis programs:**

Applications must be submitted by July 1st. Applications received after July 1st will be considered on a space available basis.

**For all other graduate business programs:**

Applications must be submitted by:

- July 1st for the Autumn Quarter
- October 1st for the Winter Quarter
- February 1st for the Spring Quarter
- April 1st for the Summer Quarter

Applicants educated outside the United States must submit their applications one month prior to the above deadlines.

**Transcripts**

Degree seeking applicants must present official transcripts from each junior college, college, and university attended (even if only for one course) including DePaul University, if applicable. Credits transferred and posted on the record of a second school do not constitute an official transcript of the original school. Transcripts that are already on file as part of a student record in another College Office at DePaul may be required to remain there and in that case cannot be transferred to the Graduate School of Business Office.

Applicants should write to the Registrar of each school attended, requesting that an official transcript be sent to the student. Once all of the transcripts have been received applicants should submit them to the graduate school office in their original envelopes with the applicant's name, date of birth and program of interest noted on the envelope. We will then add the transcripts to the applicant's admission file.

An applicant who is still taking courses or completing a program at the time he/she submits an application to the Graduate School of Business will not receive full admission until a final and official transcript listing the degree awarded has been submitted to the Admissions Committee. Please see Conditional Admission and Non-degree...
Readmission

A student previously admitted who has been absent from DePaul for one year or longer must complete the application form and submit a transcript of any courses taken elsewhere during his/her absence. A student must submit a written explanation of his/her absence from the program and an updated resume. A $30 application fee is required.

If the original application has been destroyed (after an absence of two years), the student may be required to complete a new application in full.

Special Instructions for International Applicants

Educational Credentials For International Students or Programs

Applicants must submit transcripts from all colleges and universities attended, including those attended but from which no credit was earned. Exceptions may be permitted for study-abroad credit when that credit is clearly defined and displayed on the home institution transcript. Applicants with non-U.S. educational credentials for Winter term 2012 and beyond are required to submit their official educational credentials (e.g., transcripts, mark sheets, degree certificates, graduation diplomas) and evaluation fee directly to one of the three evaluation companies below:

- Educational Credential Evaluators, Inc.
- Educational Perspectives
- One Earth International Credential Evaluation

These evaluators will then provide DePaul with a general evaluation of their studies and certified copies of their international educational credentials which will be used during admission review. Please direct any questions about required credentials to the evaluation company you have selected and not to the Kellstadt Graduate School of Business. DePaul will not accept evaluations from any other evaluation companies and will not accept any educational credentials without an evaluation from ECE, EP or One Earth.

English Proficiency

Non-native English speakers who have not completed a bachelor’s or master’s degree in the United States should submit scores from a recognized English proficiency test. The Kellstadt Graduate School of Business accepts results from TOEFL, IELTS and the Pearson Test of English (PTE).

MBA Core Requirements

Course Requirements

- ACC 500 FINANCIAL ACCOUNTING
- ACC 555 MANAGEMENT ACCOUNTING FOR DECISION-MAKING
- ECO 509 BUSINESS CONDITIONS ANALYSIS
- ECO 555 ECONOMICS FOR DECISION-MAKING
- FIN 555 FINANCIAL MANAGEMENT
- GSB 420 APPLIED QUANTITATIVE ANALYSIS
- GSB 599 STRATEGIC ANALYSIS FOR COMPETING GLOBALLY
- MGT 500 MANAGING FOR EFFECTIVE AND ETHICAL ORGANIZATIONAL BEHAVIOR
- MGT 502 OPERATIONS MANAGEMENT
- MGT 555 STRATEGIC MANAGEMENT OF HUMAN RESOURCES
- MIS 555 MANAGEMENT OF INFORMATION TECHNOLOGY
- MKT 555 DECISIONS IN MARKETING MANAGEMENT

Concentrations

In addition to the required core courses, students have six electives they can use to take courses in a specific
area of interest. These electives are typically used by students to select one or more concentrations in the area(s) that offer the knowledge, skills, and abilities that best fit the student’s educational needs and interests.

While many students choose to have a specific area of concentration, those who would like more flexibility in selecting courses may choose the general business concentration instead. With this option, the student is free to choose six courses from several different areas of study within the graduate school of business.

If a student does not indicate a specific concentration of interest in the application for admission the student will be assigned to the general business concentration.

**M.B.A. Options**

**Day M.B.A. (Full-time Accelerated)**

The Day M.B.A. Program fulfills the business world’s demand for M.B.A. graduates with the ability to understand and manage complex business processes. Students who choose this program option will take all of their foundation and core classes in a full-time, lock step format during the first four terms of the program. Upon completion of the prerequisite core courses, students may begin taking their concentration classes at their own pace. Students in the Day M.B.A. Program may choose to specialize in any of the generally available MBA concentrations offered by the Kellstadt Graduate School of Business.

**Evening M.B.A. (All Campuses)**

All of the core course requirements for the M.B.A. are offered at the Loop and the Naperville and O’Hare suburban campuses. Required core courses are offered every quarter at the Loop campus but variably at the suburban campuses. All requirements are offered at least once each year at each of these locations.

Three full concentrations are available at each of the suburban campuses. These are Finance, Marketing Management and General Business. Electives applicable to other concentrations will be offered variably at the suburban locations but it may be necessary to travel to Loop campus to complete concentrations other than these three.

**Weekend M.B.A. at O’Hare Campus**

The Weekend M.B.A. Program is a rigorous yet rewarding program designed for the self-directed manager with an interest in using technology to supplement traditional M.B.A. course work. The curriculum provides knowledge in each of the major business functions along with specialized courses in Management and Finance such that students may earn concentrations in Finance and/or Operations Management as part of the weekend program. Upon completion of the required core sequence of courses, students are able to select concentration courses from among the more than 35 concentrations available to part-time M.B.A. students. Please note that only the Finance and Operations Management concentrations are available in the weekend format.

Each course is taught as a blend of traditional lecture and distance learning formats. Classes meet on alternate Saturdays at the O’Hare Campus. Students will work via distance learning in the weeks between class meetings. Admitted students will proceed through the program as a cohort group. Admission to the program is for fall quarter only.

**Concentration Requirements**

**Course Requirements**

- HSP 550 NON-PROFIT FOODSERVICE AND SHELTER MANAGEMENT
- HSP 551 NON-PROFIT EVENT MANAGEMENT
- MGT 595 SOCIAL ENTREPRENEURSHIP
Nonprofit Leadership (MNM)

The Master of Nonprofit Management (M.N.M) at DePaul University builds competencies in leadership, management, ethics and advocacy, reflecting the areas of study important to today’s nonprofit professional.

Integrating best practices in nonprofit management with DePaul’s rich, globally focused curriculum, the M.N.M. degree was designed specifically to correspond with the curriculum goals of the Nonprofit Academic Centers Council.

Admission Information

Admission Requirements

To be eligible for the nonprofit management program, students must hold a bachelor’s degree from a regionally accredited college or university. In addition, they must demonstrate, through past academic or professional work, a capacity for achievement.

- A completed online application
- Official transcripts from all colleges and/or universities attended
- Two-page personal statement describing your educational and career goals, relevant work or volunteer experience, and any special circumstances affecting past or prospective academic performance
- Current resume or curriculum vitae

Students educated outside the U.S. must present proof of English proficiency. A minimum TOEFL score of 590 (paper-based), 243 (computer-based), 96 (Internet-based) or a minimum 7.5 on the IELTS may be submitted for this requirement.

Degree Requirements

Course Requirements

Students complete 13 courses (52 quarter hours). Eleven courses (44 quarter hours) of core course work and two courses (8 quarter hours) of electives are required.

Required Courses

- MPS 500 INTRODUCTION TO PUBLIC SERVICE MANAGEMENT
- MPS 501 CROSS-SECTOR ANALYSIS
- MPS 515 NONPROFIT FINANCIAL ADMINISTRATION
- MPS 519 RESOURCE DEVELOPMENT
- MPS 522 FUNDAMENTALS OF HUMAN RESOURCE MANAGEMENT
- MPS 524 MARKETING FOR SERVICE ORGANIZATIONS
- MPS 546 ADVOCACY AND LOBBYING
- MPS 588 INTRODUCTION TO RESEARCH AND STATISTICS FOR MANAGEMENT
Nursing (MS)

Designed for the college graduate who wants to become a registered nurse, the Master's Entry to Nursing Practice (MENP) program provides the advanced education for general professional nursing practice and eligibility for the RN licensure examination (NCLEX-RN).

Program Goals and Learning Outcomes

The purpose of the graduate generalist program in nursing is to prepare qualified individuals for:

- Licensure by examination (NCLEX-RN) required for entry into professional nursing practice
- Advanced professional practice and leadership in health promotion and illness care
- Collaboration and scholarship with others to meet the present and future health needs of society
- Community service for vulnerable populations in the Vincentian tradition
- Continuing academic and clinical education at the post-graduate and doctoral levels

The graduate of the program will:

- Analyze nursing concepts, theories, and research to design, implement, and evaluate family-centered and community-based models of professional nursing
- Develop a personal philosophy of professional nursing in the context of extant philosophies, nursing's history, and its evolution as a discipline
- Enhance the diversity and harmony of each unitary human being in mutual process with the environment
- Contribute to excellence in patient care and advances in nursing knowledge across the lifespan through advanced health assessment, evidence-based professional practice, systematic inquiry, planned innovation, and dissemination of information to consumer and professional audiences
- Assume a leadership role within the health team and the profession for safe, effective, and affordable health care with individuals, families, and communities
- Demonstrate autonomy, integrity, and social justice in professional nursing practice
- Analyze professional codes and standards as a basis for professional nursing practice and service to a multicultural society
- Use an analytical framework to evaluate information systems and technology in health care
Admission Information

For full admission, applicants must have the following:

- BS or BA degree from a regionally accredited institution
- Minimum GPA of 3.0/4.0 (baccalaureate OR graduate cumulative)
- Official GRE scores, minimum 153 on the verbal section, 144 on the quantitative section, and a 4.0 on the analytical section (Institution Code: 1165) if undergraduate GPA is below 3.2 (cumulative) on a 4.0 scale
- TOEFL of 590 (PBT) or 96 (iBT) if non-native English speaker
- Two courses of chemistry (organic and inorganic) with labs*
- Two courses of human anatomy/physiology with labs*
- Prerequisite Worksheet
- Personal Statement (1-2 pages)
- Online application and application fee
- Official transcripts from all colleges and universities you have attended
- Two letters of reference from former faculty or employer
- Curriculum Vitae or resume

*Please note that all prerequisite courses must include labs and have been completed within the last ten years with a grade of 'C' or better. All prerequisites must be completed before the start of term to which the student is applying. The prerequisite courses do not have to be completed before the application deadline. However, in some cases the applicant pool includes so many students who have completed all or most of their prerequisites that the available places in that cohort are filled by these students. In that case, qualified students with fewer prerequisite courses completed may be offered admission to the following term. If the admission review committee needs more information on an applicant whose prerequisites are not complete, they may defer making a decision on the application until the review period for the next available term. International students (those who were educated outside of the U.S. and/or require an F1 visa) must take additional steps to be considered for admission. Please visit the Office of Graduate Admission for more information.

Degree Requirements

Course Requirements

Level I (Basic Graduate Generic) - 35 credits

- NSG 301 INTRODUCTION TO THE ART AND SCIENCE OF NURSING I (5)
- NSG 302 INTRODUCTION TO THE ART & SCIENCE OF NURSING II (8)
- NSG 303 INTRODUCTION TO THE ART & SCIENCE OF NURSING III (8)
- NSG 307 ART AND SCIENCE OF NURSING IV: PSYCHIATRIC MENTAL HEALTH (6)
- NSG 322 BASIC PATHOPHYSIOLOGY AND PHARMACOLOGY (4)
- NSG 332 PHYSICAL AND PSYCHOSOCIAL ASSESSMENT STRATEGIES (4)

Level II (Advanced Graduate Generic) – 40 credits

- NSG 431 HEALTH PROMOTION FOR FAMILIES AND COMMUNITIES (4)
- NSG 440 MATERNAL HEALTH NURSING (6)
- NSG 441 INFANT, CHILD AND ADOLESCENT NURSING (6)
- NSG 442 COMMUNITY HEALTH NURSING (6)
- NSG 443 CLINICAL IMMERSION AND INTERNSHIP (6)
- NSG 445 NURSING PROFESSIONALISM, ADVOCACY, AND LEADERSHIP (4)
- NSG 472 CRITICAL CARE NURSING (8)

Level III (Graduate Core Courses) – 20 credits
Program Graduate Academic Student Handbook

A complete list of policies specific to the nursing programs of study is contained in the Nursing Student Handbook that is updated regularly on the website for the School of Nursing.

Probation

Graduate students must maintain a cumulative grade point average of at least 3.0 in all academic work at the University. Students who drop below the required cumulative GPA will be placed on probationary status. Graduate students who receive less than a B- in any nursing course are placed on probation for a minimum of one quarter.

Dismissal

Graduate students who receive more than one grade below a B- in any required nursing course or less than a C in any one required course will be dismissed from the program. A grade of C or better is required in all allied field course requirements. A student may withdraw from a core nursing course ‘not in good standing’ (with a second “C” or lower) only once during their program of study. A second such withdrawal will result in dismissal from the program. If a student fails to achieve the above criteria, that student is NOT eligible to continue in the program and will be dismissed. Students who have less than the required GPA for two quarters will be dismissed from the program.

Readmission

If a student leaves the program for any reason they must reapply to the program.

Transfer Credit

Graduate credit taken prior to enrolling at DePaul University may be eligible for transfer credit. Students who wish to have coursework evaluated by the department must submit a complete syllabus and other requested materials upon admission to the program. A maximum of three transfer courses from outside of the School of Nursing may be transferred to a School of Nursing program only with written permission of the director of the School of Nursing.

Undergraduate Credit

Students can earn graduate credit for some undergraduate courses and can also take graduate courses as an undergraduate which will apply to the undergrad and grad degrees. Check with your faculty advisor for details.

Graduation Requirements

A Master of Science degree in nursing requires a minimum of 48 credit hours. All of the programs require significantly more coursework beyond the minimum credit hour requirement. Students are held responsible for degree requirements as outlined in the university course catalog in effect at time of admission. The student is responsible for completing the application for degree conferral and commencement by the deadline posted in the
Graduate with Distinction

Graduation with distinction is awarded to students with a cumulative graduating GPA of at least a 3.75 for coursework applied toward a particular nursing degree or completion of a thesis “with distinction.”

Time Limit

The degree is expected to be completed in a maximum of six years.

Operations Management (MBA)

Operations Management deals with the value adding activities of the organization. Any operation that transforms input such as raw materials or human labor into outputs such as automobiles, mutual funds, portfolios, wireless phones or dinner at a restaurant, can be managed to achieve a better product or service. The concentration in Operations Management will teach you the fundamental principles of effectively managing the production of goods and services. The course sequence allows students to customize their individual track to focus on quality, technology or service management. Regardless of the track chosen, students will study the basic principles of effective management of operations and the methods employed by world class organizations. Graduates of the program have gone on to a variety of upper level management positions in both manufacturing and service organizations.

Completion of the concentration will provide students with the ability to

- Manage operations in a variety of organizations
- Formulate and implement effective operations strategy
- Manage processes to provide superior quality services and products
- Analyze and design superior business and transformation processes
- Guide large, multi-functional projects
- Lead the implementation of new technology and innovations
- Transform service businesses to provide superior operations

Admission Information

Applicants must possess the equivalent of a bachelor's degree from a regionally accredited institution. A prospective graduate student is expected to present a superior overall previous academic record and an above average total GMAT score (or GRE score where appropriate) including high achievement on the verbal, quantitative, and on the analytical writing assessment. The examination must have been taken no earlier than five years prior to the date of admission to the program.

Other factors, such as work experience and career progression, are also important and will be considered by the Admissions Committee. All applicants are required to submit two professional letters of recommendation as well as a current resume.

All prospective students are welcome to arrange a meeting with an admissions counselor. Please phone the graduate school office for an informal appointment. Interviews are not required as part of the admissions process for the part-time M.B.A. program, but may be requested by the Admissions Committee. Interviews for the full-time M.B.A. and weekend M.B.A. programs are on an invitation-only basis. Once a completed application has been received, a preliminary review is completed and selected candidates are invited to interview.

Each applicant is considered on an individual basis. The full-time and weekend M.B.A. programs do have limited
enrollments, but for the other graduate business programs there currently is no predetermined limit to the number of students who can be admitted. Thus, for these programs, all students who are judged eligible by the Admissions Committee will be invited to matriculate.

**Graduate Management Admission Test (GMAT)**

To be considered for admission as a degree seeking student, an applicant will be required to submit a score from the Graduate Management Admission Test (GMAT). GMAT information including dates, a list of test centers, and applications for the exam may be obtained at www.mba.com or by contacting Pearsonvue at 1-800-717-4628. The GMAT score report must come directly from Pearsonvue. A test taken more than five years prior to the date of application is not considered valid for admission purposes and would have to be retaken. An exception may be made for individuals who hold a doctoral or other terminal degree awarded by an appropriately accredited institution. An exception may also be made for fully certified CPA's applying to the Master of Science in Taxation program. Applicants to the Master of Science in Human Resources Management and the Master of Science in Economics and Policy Analysis may submit either a GMAT or GRE (Graduate Records Examinations) score. As with the GMAT, GRE scores are valid for five years.

**Application Deadlines**

**For the day MBA program (Full-time):**

Admission to the Day M.B.A. program is competitive and is limited to the Autumn Quarter. There are three application rounds, with deadlines of February 1, April 1 and July 1. Application review begins in January, and you are encouraged to apply as early as possible. Decisions are mailed on an ongoing basis beginning in January, and applicants should expect to receive an admission decision approximately 4 weeks after their application becomes complete.

Applicants who wish to be considered for scholarships and graduate assistantships should apply during the first two application rounds. These awards are generally not available to applicants who apply after April 1.

Late applications submitted after the final July 1 deadline may be considered if space remains available in the incoming class.

**For the weekend MBA and MS in Economic Policy Analysis programs:**

Applications must be submitted by July 1st. Applications received after July 1st will be considered on a space available basis.

**For all other graduate business programs:**

Applications must be submitted by:

- July 1st for the Autumn Quarter
- October 1st for the Winter Quarter
- February 1st for the Spring Quarter
- April 1st for the Summer Quarter

Applicants educated outside the United States must submit their applications one month prior to the above deadlines.

**Transcripts**

Degree seeking applicants must present official transcripts from each junior college, college, and university attended (even if only for one course) including DePaul University, if applicable. Credits transferred and posted on the record of a second school do not constitute an official transcript of the original school. Transcripts that are already on file as part of a student record in another College Office at DePaul may be required to remain there and in that case cannot be transferred to the Graduate School of Business Office.

Applicants should write to the Registrar of each school attended, requesting that an official transcript be sent to the student. Once all of the transcripts have been received applicants should submit them to the graduate school office in their original envelopes with the applicant's name, date of birth and program of interest noted on the envelope. We will then add the transcripts to the applicant's admission file.

An applicant who is still taking courses or completing a program at the time he/she submits an application to the Graduate School of Business will not receive full admission until a final and official transcript listing the degree awarded has been submitted to the Admissions Committee. Please see Conditional Admission and Non-degree Status for more information regarding admission prior to posting of an undergraduate degree.
Readmission

A student previously admitted who has been absent from DePaul for one year or longer must complete the application form and submit a transcript of any courses taken elsewhere during his/her absence. A student must submit a written explanation of his/her absence from the program and an updated resume. A $30 application fee is required.

If the original application has been destroyed (after an absence of two years), the student may be required to complete a new application in full.

Special Instructions for International Applicants

Educational Credentials For International Students or Programs

Applicants must submit transcripts from all colleges and universities attended, including those attended but from which no credit was earned. Exceptions may be permitted for study-abroad credit when that credit is clearly defined and displayed on the home institution transcript. Applicants with non-U.S. educational credentials for Winter term 2012 and beyond are required to submit their official educational credentials (e.g., transcripts, mark sheets, degree certificates, graduation diplomas) and evaluation fee directly to one of the three evaluation companies below:

- Educational Credential Evaluators, Inc.
- Educational Perspectives
- One Earth International Credential Evaluation

These evaluators will then provide DePaul with a general evaluation of their studies and certified copies of their international educational credentials which will be used during admission review. Please direct any questions about required credentials to the evaluation company you have selected and not to the Kellstadt Graduate School of Business. DePaul will not accept evaluations from any other evaluation companies and will not accept any educational credentials without an evaluation from ECE, EP or One Earth.

English Proficiency

Non-native English speakers who have not completed a bachelor’s or master’s degree in the United States should submit scores from a recognized English proficiency test. The Kellstadt Graduate School of Business accepts results from TOEFL, IELTS and the Pearson Test of English (PTE).

MBA Core Requirements

Course Requirements

- ACC 500 FINANCIAL ACCOUNTING
- ACC 555 MANAGEMENT ACCOUNTING FOR DECISION-MAKING
- ECO 509 BUSINESS CONDITIONS ANALYSIS
- ECO 555 ECONOMICS FOR DECISION-MAKING
- FIN 555 FINANCIAL MANAGEMENT
- GSB 420 APPLIED QUANTITATIVE ANALYSIS
- GSB 599 STRATEGIC ANALYSIS FOR COMPETING GLOBALLY
- MGT 500 MANAGING FOR EFFECTIVE AND ETHICAL ORGANIZATIONAL BEHAVIOR
- MGT 502 OPERATIONS MANAGEMENT
- MGT 555 STRATEGIC MANAGEMENT OF HUMAN RESOURCES
- MIS 555 MANAGEMENT OF INFORMATION TECHNOLOGY
- MKT 555 DECISIONS IN MARKETING MANAGEMENT

Concentrations

In addition to the required core courses, students have six electives they can use to take courses in a specific area of interest. These electives are typically used by students to select one or more concentrations in the
area(s) that offer the knowledge, skills, and abilities that best fit the student’s educational needs and interests.

While many students choose to have a specific area of concentration, those who would like more flexibility in selecting courses may choose the general business concentration instead. With this option, the student is free to choose six courses from several different areas of study within the graduate school of business.

If a student does not indicate a specific concentration of interest in the application for admission the student will be assigned to the general business concentration.

**M.B.A. Options**

**Day M.B.A. (Full-time Accelerated)**

The Day M.B.A. Program fulfills the business world’s demand for M.B.A. graduates with the ability to understand and manage complex business processes. Students who choose this program option will take all of their foundation and core classes in a full-time, lock step format during the first four terms of the program. Upon completion of the prerequisite core courses, students may begin taking their concentration classes at their own pace. Students in the Day M.B.A. Program may choose to specialize in any of the generally available MBA concentrations offered by the Kellstadt Graduate School of Business.

**Evening M.B.A. (All Campuses)**

All of the core course requirements for the M.B.A. are offered at the Loop and the Naperville and O'Hare suburban campuses. Required core courses are offered every quarter at the Loop campus but variably at the suburban campuses. All requirements are offered at least once each year at each of these locations.

Three full concentrations are available at each of the suburban campuses. These are Finance, Marketing Management and General Business. Electives applicable to other concentrations will be offered variably at the suburban locations but it may be necessary to travel to Loop campus to complete concentrations other than these three.

**Weekend M.B.A. at O'Hare Campus**

The Weekend M.B.A. Program is a rigorous yet rewarding program designed for the self-directed manager with an interest in using technology to supplement traditional M.B.A. course work. The curriculum provides knowledge in each of the major business functions along with specialized courses in Management and Finance such that students may earn concentrations in Finance and/or Operations Management as part of the weekend program. Upon completion of the required core sequence of courses, students are able to select concentration courses from among the more than 35 concentrations available to part-time M.B.A. students. Please note that only the Finance and Operations Management concentrations are available in the weekend format.

Each course is taught as a blend of traditional lecture and distance learning formats. Classes meet on alternate Saturdays at the O'Hare Campus. Students will work via distance learning in the weeks between class meetings. Admitted students will proceed through the program as a cohort group. Admission to the program is for fall quarter only.

**Concentration Requirements**

**Course Requirements**

To complete the Operations Management concentration, students must complete three courses from among the following:

- MGT 501 STRATEGIC SUPPLY CHAIN MANAGEMENT
- MGT 506 DECISION MAKING FOR MANAGERS
- MGT 508 QUALITY MANAGEMENT SYSTEMS
- MGT 545 MANAGING SERVICE OPERATIONS
Organizational and Multicultural Communication (MA)

The Organizational and Multicultural Communication program offers three tracks: Organizational Communication, Multicultural Communication and Training and Development. Students also have the option of declaring a dual track by taking courses in two of the tracks listed above. The tracks share some common coursework, however, each track also has its own distinct focus.

The Organizational Communication track focuses on communication challenges specific to business and organizational settings. It helps students to understand and manage the broad communication processes within organizations while enabling them to develop their individual skills as communicators. This track will be of interest to professionals in profit and nonprofit settings, particularly those who manage employees or have responsibilities for personnel issues.

The Multicultural Communication track focuses on the dynamics of communication across cultures. It explores not only what happens when people of two different national cultures meet, but also what happens when people from a variety of cultures and ethnicities come together in one organization, community or country. This track will be of particular interest to those who work with international and multiethnic corporations and to public service personnel serving individuals from a variety of backgrounds and cultural traditions.

The Training and Development track provides students with a foundation in adult learning theory as well as theories of organizational change. Students learn how to conduct organizational communication assessments and design interventions to facilitate organizational problem-solving. Furthermore, students are taught how to design and implement training activities in organizational contexts. The track also provides opportunities for students to explore organizational diversity conceptually and as an ongoing influence on organizational communication processes.

Students may also elect to take a dual track of courses from two of the above tracks. This option may appeal to students interested in such areas as diversity in the workplace, international training and development, and communication education, and consulting. The Organizational and Multicultural program also provides a solid foundation for Ph.D. work in communication and related disciplines.

Admission Information

A bachelor’s degree from a regionally accredited college or university, or equivalent, is required for admission to the M.A. program. To be admitted, applicants must demonstrate, through past academic work, a capacity for achievement. The College of Communication looks at each application as a unique presentation of a candidate’s profile and will consider a variety of information sources. Admission decisions for the Organizational and Multicultural Communication program will be based on the following:

- An official undergraduate transcripts (minimum grade point average of 3.0 on a 4-point scale)
- Online application and application fee
- A writing sample (preferably a research paper that demonstrates the applicant’s ability to synthesize and criticize scholarly work)
- Four personal essays (see online application packet).
- Two current letters of recommendation written by faculty members and/or work supervisors familiar with the applicant’s academic and/or professional achievements.
- A professional resume
- GRE scores are not required, but may be submitted to strengthen an application.
- Conditional acceptance may require receiving a B or better in one or more of the following:
  - CMNS 501: Communication in Cultural Contexts – one of the core classes
  - CMNS 541: Organizational Communication and Culture – one of the core classes
An English language examination is required for applicants who have completed their undergraduate education outside the USA; a minimum TOEFL score of 96 (internet version) with each section score at 22 or higher; 243 (computer version) or 590 (paper version) is necessary for admission.

We currently admit students during Autumn, Winter, and Spring Quarters. The application deadline for Autumn Quarter is May 15. The application deadline for Winter Quarter is November 2. The application deadline for Spring Quarter is February 15. Applications received after these dates will be considered for the following quarter admission.

Degree Requirements

Course Requirements

The Master of Arts in Organizational and Multicultural Communication requires 12 courses—three core courses common to all tracks and seven courses in the student’s chosen concentration (organizational, multicultural, training and development or dual), two graduate electives inside or outside the program and a comprehensive final examination. Students who attain a 3.70 GPA or higher have the option to complete a culminating project or thesis rather than the 12th course and the comprehensive final exam.

Students must maintain a 3.0 average in their graduate work to remain in good standing. Students who drop below this average will be put on academic probation and expected to attain the minimum requirement within two quarters. Failure to do so will result in dismissal from the program. Students may take one or two courses per quarter to complete the program.

Core Courses

- CMNS 501 COMMUNICATION IN CULTURAL CONTEXTS
- CMNS 541 ORGANIZATIONAL COMMUNICATION AND CULTURE

Methods Requirement

Students choose one of the following:

- CMNS 581 QUALITATIVE RESEARCH METHODS
- CMNS 582 QUANTITATIVE RESEARCH METHODS

Track Courses

Students choose seven courses within their chosen track.

Organizational Track

- CMNS 525 COMPARATIVE MANAGEMENT COMMUNICATION
- CMNS 526 COMMUNICATION IN ORGANIZATIONAL ASSIMILATION
- CMNS 527 ASSESSMENT AND INTERVENTION IN ORGANIZATIONS
- CMNS 529 TOPICS IN ORGANIZATIONAL AND MULTICULTURAL COMMUNICATION
- CMNS 530 INSTRUCTIONAL DEVELOPMENT
- CMNS 531 INSTRUCTIONAL DEVELOPMENT PRACTICUM
- CMNS 542 MULTICULTURAL COMMUNICATION IN THE WORKPLACE
- CMNS 543 COMMUNICATION AND ORGANIZATIONAL CHANGE
- CMNS 544 POLITICS AND POWER IN ORGANIZATIONS
- CMNS 545 COMMUNICATION AND TECHNOLOGY
- CMNS 547 COMMUNICATION IN CUSTOMER SERVICE
- CMNS 548 TEAMS AND LEADERSHIP
- CMNS 549 SPECIAL TOPICS IN ORGANIZATIONAL COMMUNICATION
- CMNS 550 ORGANIZATIONAL DIVERSITY & LEADERSHIP
- CMNS 552 STRATEGIC COMMUNICATION
- CMNS 590 COMMUNICATION WORKSHOP (VARIABLE TOPICS)
Multicultural Track

- CMNS 502 INTERCULTURAL COMMUNICATION THEORIES
- CMNS 503 Communication and Cultures in Transition
- CMNS 504 LANGUAGE, THOUGHT AND CULTURE
- CMNS 509 SPECIAL TOPICS IN MULTICULTURAL COMMUNICATION
- CMNS 521 LANGUAGE AND POWER
- CMNS 522 RHETORICAL CONSTRUCTIONS OF IDENTITY
- CMNS 523 GENDERED COMMUNICATION
- CMNS 525 COMPARATIVE MANAGEMENT COMMUNICATION
- CMNS 526 COMMUNICATION IN ORGANIZATIONAL ASSIMILATION
- CMNS 527 ASSESSMENT AND INTERVENTION IN ORGANIZATIONS
- CMNS 529 TOPICS IN ORGANIZATIONAL AND MULTICULTURAL COMMUNICATION
- CMNS 530 INSTRUCTIONAL DEVELOPMENT
- CMNS 531 INSTRUCTIONAL DEVELOPMENT PRACTICUM
- CMNS 542 MULTICULTURAL COMMUNICATION IN THE WORKPLACE
- CMNS 550 ORGANIZATIONAL DIVERSITY & LEADERSHIP
- CMNS 561 INTERNATIONAL MEDIA
- CMNS 563 MULTICULTURAL MEDIA REPRESENTATIONS
- CMNS 590 COMMUNICATION WORKSHOP (VARIABLE TOPICS)
- CMN 591 INTERNSHIP

Training and Development Track

- CMNS 527 ASSESSMENT AND INTERVENTION IN ORGANIZATIONS
- CMNS 530 INSTRUCTIONAL DEVELOPMENT
- CMNS 531 INSTRUCTIONAL DEVELOPMENT PRACTICUM
- CMNS 532 INTRODUCTION TO TRAINING AND DEVELOPMENT (required course)
- CMNS 542 MULTICULTURAL COMMUNICATION IN THE WORKPLACE
- CMNS 543 COMMUNICATION AND ORGANIZATIONAL CHANGE
- CMNS 548 TEAMS AND LEADERSHIP
- CMNS 550 ORGANIZATIONAL DIVERSITY & LEADERSHIP
- CMNS 554 TECHNOLOGY & COMMUNICATION TRAINING STRATEGIES
- CMNS 555 ADULT LEARNING THEORIES AND STRATEGIES
- CMNS 556 INTERCULTURAL CONFLICT AND NEGOTIATION STRATEGIES
- CMNS 557 SPECIAL TOPICS IN TRAINING AND DEVELOPMENT
- CMNS 590 COMMUNICATION WORKSHOP (VARIABLE TOPICS)
- CMN 591 INTERNSHIP

Students electing the dual track take 3-4 courses in each of the two tracks they choose.

Graduate Electives

With the approval of the graduate program director, students can choose two relevant electives from other programs within CMN or from other departments outside of CMN.

Comprehensive Final Examination or Thesis

Students in the Master of Arts in Organizational and Multicultural Communication complete their degree requirements by writing a thesis or through completing a comprehensive final examination.

Organizational Diversity (MBA)

The concentration in Organizational Diversity is an interdisciplinary concentration bringing course offerings from the Driehaus College of Business and the College of Communication together in order to meet the professional needs of diversity practitioners and chief diversity officers. The organizational diversity concentration explores the many dimensions, policies, and procedures that encompass a strategic diversity initiative for organizations.
across sectors, including industry, not-for-profit and public policy organizations, government, health care organizations, education and more. The program is designed and delivered by practiced diversity professionals and scholars in the field of multicultural communication, organizational behavior, and strategic human resource management.

The concentration in Organizational Diversity will:

- Provide students with a foundation in organization diversity.
- Prepare students the foundation to develop comprehensive diversity initiative.
- Provide students with multiple opportunities to acquire knowledge, competencies, and skills related to effective diversity management.
- Provide students with the legal and ethical principles needed to be a diversity practitioner or a chief diversity officer.
- Teach students the principles needed to attract, hire, promote, and create a welcoming environment for diverse employees.
- Provide students the framework for developing diverse training and development programs that emphasize diversity competencies for all employees.
- Provide the skills for working in diverse teams, empowerment, and conflict resolution and negotiation.
- Prepare students to be able to implement change models to increase diversity in organizations, and demonstrate the applicability of core diversity concepts in various business functions including but not limited to human resources, supply chain management and sales/marketing.

Admission Information

Applicants must possess the equivalent of a bachelor's degree from a regionally accredited institution. A prospective graduate student is expected to present a superior overall previous academic record and an above average total GMAT score (or GRE score where appropriate) including high achievement on the verbal, quantitative, and on the analytical writing assessment. The examination must have been taken no earlier than five years prior to the date of admission to the program.

Other factors, such as work experience and career progression, are also important and will be considered by the Admissions Committee. All applicants are required to submit two professional letters of recommendation as well as a current resume.

All prospective students are welcome to arrange a meeting with an admissions counselor. Please phone the graduate school office for an informal appointment. Interviews are not required as part of the admissions process for the part-time M.B.A. program, but may be requested by the Admissions Committee. Interviews for the full-time M.B.A. and weekend M.B.A. programs are on an invitation-only basis. Once a completed application has been received, a preliminary review is completed and selected candidates are invited to interview.

Each applicant is considered on an individual basis. The full-time and weekend M.B.A. programs do have limited enrollments, but for the other graduate business programs there currently is no predetermined limit to the number of students who can be admitted. Thus, for these programs, all students who are judged eligible by the Admissions Committee will be invited to matriculate.

Graduate Management Admission Test (GMAT)

To be considered for admission as a degree seeking student, an applicant will be required to submit a score from the Graduate Management Admission Test (GMAT). GMAT information including dates, a list of test centers, and applications for the exam may be obtained at www.mba.com or by contacting Pearsonvue at 1-800-717-4628. The GMAT score report must come directly from Pearsonvue. A test taken more than five years prior to the date of application is not considered valid for admission purposes and would have to be retaken. An exception may be made for individuals who hold a doctoral or other terminal degree awarded by an appropriately accredited institution. An exception may also be made for fully certified CPA's applying to the Master of Science in Taxation program. Applicants to the Master of Science in Human Resources Management and the Master of Science in Economics and Policy Analysis may submit either a GMAT or GRE (Graduate Records Examinations) score. As with the GMAT, GRE scores are valid for five years.

Application Deadlines

For the day MBA program (Full-time):
Admission to the Day M.B.A. program is competitive and is limited to the Autumn Quarter. There are three application rounds, with deadlines of February 1, April 1 and July 1. Application review begins in January, and you are encouraged to apply as early as possible. Decisions are mailed on an ongoing basis beginning in January, and applicants should expect to receive an admission decision approximately 4 weeks after their application becomes complete.

Applicants who wish to be considered for scholarships and graduate assistantships should apply during the first two application rounds. These awards are generally not available to applicants who apply after April 1.

Late applications submitted after the final July 1 deadline may be considered if space remains available in the incoming class.

For the weekend MBA and MS in Economic Policy Analysis programs:

Applications must be submitted by July 1st. Applications received after July 1st will be considered on a space available basis.

For all other graduate business programs:

Applications must be submitted by:

- July 1st for the Autumn Quarter
- October 1st for the Winter Quarter
- February 1st for the Spring Quarter
- April 1st for the Summer Quarter

Applicants educated outside the United States must submit their applications one month prior to the above deadlines.

Transcripts

Degree seeking applicants must present official transcripts from each junior college, college, and university attended (even if only for one course) including DePaul University, if applicable. Credits transferred and posted on the record of a second school do not constitute an official transcript of the original school. Transcripts that are already on file as part of a student record in another College Office at DePaul may be required to remain there and in that case cannot be transferred to the Graduate School of Business Office.

Applicants should write to the Registrar of each school attended, requesting that an official transcript be sent to the student. Once all of the transcripts have been received applicants should submit them to the graduate school office in their original envelopes with the applicant's name, date of birth and program of interest noted on the envelope. We will then add the transcripts to the applicant's admission file.

An applicant who is still taking courses or completing a program at the time he/she submits an application to the Graduate School of Business will not receive full admission until a final and official transcript listing the degree awarded has been submitted to the Admissions Committee. Please see Conditional Admission and Non-degree Status for more information regarding admission prior to posting of an undergraduate degree.

Readmission

A student previously admitted who has been absent from DePaul for one year or longer must complete the application form and submit a transcript of any courses taken elsewhere during his/her absence. A student must submit a written explanation of his/her absence from the program and an updated resume. A $30 application fee is required.

If the original application has been destroyed (after an absence of two years), the student may be required to complete a new application in full.

Special Instructions for International Applicants

Educational Credentials For International Students or Programs

Applicants must submit transcripts from all colleges and universities attended, including those attended but from which no credit was earned. Exceptions may be permitted for study-abroad credit when that credit is clearly defined and displayed on the home institution transcript. Applicants with non-U.S. educational credentials for Winter term 2012 and beyond are required to submit their official educational credentials (e.g., transcripts, mark sheets, degree certificates, graduation diplomas) and evaluation fee directly to one of the three evaluation companies below:
These evaluators will then provide DePaul with a general evaluation of their studies and certified copies of their international educational credentials which will be used during admission review. Please direct any questions about required credentials to the evaluation company you have selected and not to the Kellstadt Graduate School of Business. DePaul will not accept evaluations from any other evaluation companies and will not accept any educational credentials without an evaluation from ECE, EP or One Earth.

**English Proficiency**

Non-native English speakers who have not completed a bachelor’s or master’s degree in the United States should submit scores from a recognized English proficiency test. The Kellstadt Graduate School of Business accepts results from TOEFL, IELTS and the Pearson Test of English (PTE).

**MBA Core Requirements**

**Course Requirements**

- ACC 500 FINANCIAL ACCOUNTING
- ACC 555 MANAGEMENT ACCOUNTING FOR DECISION-MAKING
- ECO 509 BUSINESS CONDITIONS ANALYSIS
- ECO 555 ECONOMICS FOR DECISION-MAKING
- FIN 555 FINANCIAL MANAGEMENT
- GSB 420 APPLIED QUANTITATIVE ANALYSIS
- GSB 599 STRATEGIC ANALYSIS FOR COMPETING GLOBALLY
- MGT 500 MANAGING FOR EFFECTIVE AND ETHICAL ORGANIZATIONAL BEHAVIOR
- MGT 502 OPERATIONS MANAGEMENT
- MGT 555 STRATEGIC MANAGEMENT OF HUMAN RESOURCES
- MIS 555 MANAGEMENT OF INFORMATION TECHNOLOGY
- MKT 555 DECISIONS IN MARKETING MANAGEMENT

**Concentrations**

In addition to the required core courses, students have six electives they can use to take courses in a specific area of interest. These electives are typically used by students to select one or more concentrations in the area(s) that offer the knowledge, skills, and abilities that best fit the student’s educational needs and interests.

While many students choose to have a specific area of concentration, those who would like more flexibility in selecting courses may choose the general business concentration instead. With this option, the student is free to choose six courses from several different areas of study within the graduate school of business.

If a student does not indicate a specific concentration of interest in the application for admission the student will be assigned to the general business concentration.

**M.B.A. Options**

**Day M.B.A. (Full-time Accelerated)**

The Day M.B.A. Program fulfills the business world’s demand for M.B.A. graduates with the ability to understand and manage complex business processes. Students who choose this program option will take all of their foundation and core classes in a full-time, lock step format during the first four terms of the program. Upon completion of the prerequisite core courses, students may begin taking their concentration classes at their own pace. Students in the Day M.B.A. Program may choose to specialize in any of the generally available MBA concentrations offered by the Kellstadt Graduate School of Business.

**Evening M.B.A. (All Campuses)**
All of the core course requirements for the M.B.A. are offered at the Loop and the Naperville and O'Hare suburban campuses. Required core courses are offered every quarter at the Loop campus but variably at the suburban campuses. All requirements are offered at least once each year at each of these locations.

Three full concentrations are available at each of the suburban campuses. These are Finance, Marketing Management and General Business. Electives applicable to other concentrations will be offered variably at the suburban locations but it may be necessary to travel to Loop campus to complete concentrations other than these three.

**Weekend M.B.A. at O'Hare Campus**

The Weekend M.B.A. Program is a rigorous yet rewarding program designed for the self-directed manager with an interest in using technology to supplement traditional M.B.A. course work. The curriculum provides knowledge in each of the major business functions along with specialized courses in Management and Finance such that students may earn concentrations in Finance and/or Operations Management as part of the weekend program. Upon completion of the required core sequence of courses, students are able to select concentration courses from among the more than 35 concentrations available to part-time M.B.A. students. Please note that only the Finance and Operations Management concentrations are available in the weekend format.

Each course is taught as a blend of traditional lecture and distance learning formats. Classes meet on alternate Saturdays at the O'Hare Campus. Students will work via distance learning in the weeks between class meetings. Admitted students will proceed through the program as a cohort group. Admission to the program is for fall quarter only.

**Concentration Requirements**

**Course Requirements**

To complete a concentration in Organizational Diversity students must take three classes as outlined below:

- MGT 798 SPECIAL TOPICS: Management and Organizational Diversity
- CMNS 550 ORGANIZATIONAL DIVERSITY & LEADERSHIP
- Choose at least one from the following:
  - CMNS 525 COMPARATIVE MANAGEMENT COMMUNICATION
  - CMNS 542 MULTICULTURAL COMMUNICATION IN THE WORKPLACE
  - MGT 552 MANAGING CULTURAL DIFFERENCES FOR GLOBAL SUCCESS
  - MGT 798 SPECIAL TOPICS: Global Workforce Management

**Philosophy (MA)**

The department offers two distinct Master's degrees. The majority of students pursue the Master's as a step on the way to attaining a Ph.D. These students apply directly into the M.A./Ph.D. The department also offers a terminal Master's degree that is intended only for students who do not plan on pursuing a doctorate. Requirements are the same for the two programs.
Admission Information

For full admission, students must have the following:

- Bachelor’s degree in Philosophy or a related field, with evidence of excellent undergraduate performance.
- Satisfactory completion of a minimum of 44 quarter hours (or its equivalent) in a major sequence in philosophy. Students who did not major in philosophy may be admitted conditionally, with the requirement that they complete certain undergraduate courses or directed study before being fully admitted into the program.

All applicants must submit the following materials:

1. A completed University Graduate Application Form.
2. Official transcripts of all previous academic work.
3. Graduate Record Examination general aptitude scores (Verbal, Quantitative, & Analytical Writing): DePaul’s institution code is 1165.
4. Three letters of recommendation from professors familiar with the applicant’s work.
5. A personal statement indicating why the applicant desires to pursue graduate work in this program, including areas of proposed research.
6. A writing sample (e.g., a term paper, seminar paper, senior thesis, or M.A. thesis or portion thereof). A standard writing sample is 15-20 pages long (3750-5000 words).
7. Proof of English proficiency (required for all students educated outside of the U.S. at a non-English speaking institution). The minimum requirement is a TOEFL score of 80 (ibt) -- with all section scores at 17 or better -- or a 6.5 on the IELTS. The English program prefers to see scores of 96 (ibt) with all section scores at 22 or better -- or a 7.5 on the IELTS.*

Please note that if you wish to be considered for a Teaching Fellowship with tuition waivers and stipend, you must apply to the M.A./Ph.D. program (even if you do not yet have a M.A.). The M.A. program is a terminal degree program for which there is no funding available. Except under extraordinary circumstances, a student in the terminal M.A. program will not be considered for acceptance into the Ph.D. program.

Please see the department website for the application deadline.

Degree Requirements

Course Requirements

Of the 44 quarter hours of graduate philosophy courses numbered 400 and over (11 courses) required for the M.A. degree, 16 quarter hours (4 courses) must be taken in accordance with the following distribution requirements:

- Two History of Western Philosophy Courses
  - One in Ancient or Medieval: 4 quarter hours
  - One in Modern or Nineteenth Century: 4 quarter hours
- One Contemporary European Philosophy Course: 4 quarter hours
- One Normative Philosophy Course: 4 quarter hours

Course Distribution List

History of Western Philosophy - Ancient or Medieval

- PHL 400 SPECIAL TOPICS IN TRADITIONAL PHILOSOPHERS
- PHL 410 PLATO I
- PHL 411 PLATO II
- PHL 415 ARISTOTLE I
- PHL 416 ARISTOTLE II
- PHL 420 AUGUSTINE
• PHL 425 AQUINAS
• PHL 500 SPECIAL TOPICS IN THE HISTORY OF PHILOSOPHY

**History of Western Philosophy - Modern or Nineteenth Century**

• PHL 400 SPECIAL TOPICS IN TRADITIONAL PHILOSOPHERS
• PHL 434 HOBBES
• PHL 435 DESCARTES
• PHL 436 MALEBRANCHE
• PHL 437 LOCKE
• PHL 438 LEIBNIZ
• PHL 440 SPINOZA
• PHL 441 ROUSSEAU
• PHL 445 HUME
• PHL 500 SPECIAL TOPICS IN THE HISTORY OF PHILOSOPHY
• PHL 510 KANT I
• PHL 511 KANT II
• PHL 512 KANT III
• PHL 515 HEGEL I
• PHL 516 HEGEL II
• PHL 517 HOLDERLIN
• PHL 518 SCHELLING
• PHL 520 MARX I
• PHL 521 MARX II
• PHL 525 NIETZSCHE

**Contemporary European Philosophy**

• PHL 470 PHILOSOPHY OF WITTGENSTEIN
• PHL 535 HUSSERL I
• PHL 536 HUSSERL II
• PHL 550 HEIDEGGER I
• PHL 551 HEIDEGGER II
• PHL 552 HEIDEGGER III
• PHL 557 TOPICS IN CONTINENTAL PHILOSOPHY
• PHL 559 FOUCAULT
• PHL 560 THE PHILOSOPHY OF GABRIEL MARCEL
• PHL 561 LYOTARD
• PHL 565 MERLEAU-PONTY I
• PHL 566 MERLEAU-PONTY II
• PHL 570 SARTRE I
• PHL 571 SARTRE II
• PHL 575 RESPONSES TO SADE
• PHL 577 DERRIDA I
• PHL 578 DERRIDA II
• PHL 584 RICOEUR NARRATIVE
• PHL 585 RICOEUR
• PHL 586 METAPHOR AND POETIC LANGUAGE
• PHL 587 READING LEVINAS I
• PHL 588 READING LEVINAS II
• PHL 589 PHILOSOPHY, LITERATURE, COMMUNITY
• PHL 590 TRENDS IN CONTEMPORARY FRENCH PHILOSOPHY

**Normative Philosophy**

• PHL 443 MEDICAL LEGAL ETHICS
• PHL 513 THEORETICAL FOUNDATIONS OF NORMATIVE ETHICS I
• PHL 514 THEORETICAL FOUNDATIONS OF NORMATIVE ETHICS II
• PHL 522 SOCIAL AND POLITICAL PHILOSOPHY
• PHL 527 PHILOSOPHY, ETHICS, AND ECONOMICS
• PHL 540 SCHELER I
• PHL 541 SCHELER II
• PHL 591 CRITICAL RACE THEORY
• PHL 601 SEMINAR ON AESTHETICS
• PHL 629 SEMINAR ON CONTEMPORARY PROBLEMS
• PHL 639 SEMINAR ON RAWLS, NOZICK, AND THE CONTRACTUAL TRADITION
• PHL 640 PROBLEMS IN ETHICS (CROSS-LISTED AS GSB 640)
• PHL 641 SEMINAR ON THE CONTINENTAL TRADITION IN ETHICS
• PHL 650 TOPICS IN RELIGIOUS ETHICS (CROSS-LISTED AS MLS 442 & GSB 650)
**File Paper Requirement**

Each year the full-time student will submit two file papers which will be kept in the student's ongoing portfolio. These papers will be read by a second member of the faculty who will judge whether the paper meets the standards of the graduate program. The Graduate Affairs Committee will review every student's progress toward the degree once a year, normally at the beginning of the Spring quarter. Students deemed not to be making satisfactory progress may be placed on probation or required to leave the program.

**Foreign Language Requirement**

Competence in one of French, German, Latin, or Greek is required. On approval of the Graduate Affairs Committee competence in another language may be used to fulfill the language requirement if deemed appropriate to the research undertaken.

**Time Limitation**

From entrance into the M.A. program to completion of the degree, no more than six years.

---

**Student Handbook**

**Probation and Dismissal**

The Graduate Affairs Committee will review every student's progress toward the degree once a year, normally at the beginning of the Spring quarter. Students deemed not to be making satisfactory progress may be placed on probation or required to leave the program.

**Readmission**

Students can petition the Graduate Affairs Committee in the Philosophy Department for readmission. Petitions should be sent to the Director of Graduate Studies.

**Transfer Credit**

Ph.D. students may request to transfer up to 12 quarter hours either from courses taken while a non-degree-seeking student at DePaul or from other universities if they have already done graduate study elsewhere. M.A. students may request to transfer up to 8 quarter hours. These credits must not have been counted toward any other degree the student has received. In exceptional cases, the Graduate Affairs Committee may recommend to the Graduate School that more hours of transfer credit be allowed, but in no case more than 25% of the hours required for the DePaul degree.

**Non-Curricular Courses**

Ph.D. students may take up to three courses during their studies outside of the graduate offerings in Philosophy for credit towards Ph.D. course requirements (12 credit hours). These non-curricular courses may include graduate courses at other universities, graduate courses at DePaul in other fields relevant for student research, or 300 level undergraduate courses in Philosophy or in other fields relevant for student research. On rare occasions students may take independent studies with faculty members on topics that would not otherwise be offered as graduate courses. All such non-curricular courses must be approved by the Director of Graduate Studies. M.A. students cannot typically get credit for such non-curricular courses, but they can petition the Graduate Affairs Committee to have such a course count.
Time Limitations

For the M.A., from entrance into the program to completion of the degree, no more than six years. For the Ph.D., between admission to the program and admission to doctoral candidacy (ABD status), not more than four years; between admission to doctoral candidacy and the dissertation defense, not less than eight months, and not more than five years.

Philosophy (PhD)

The department offers courses, seminars, and dissertation direction culminating in the award of a Ph.D. in philosophy. While the program touches diverse areas of philosophy, its chief orientation is toward Continental Philosophy, with many members of the department concentrating on issues in ethics and values studies within this tradition or in relation to the broader philosophical tradition.

Admission Information

For full admission, students must have a Master of Arts degree in Philosophy or its satisfactory equivalent. Those applying with Master of Arts degrees from other institutions may be asked to redo their graduate level work at DePaul. Previous academic work must present clear evidence of the applicant’s ability to pursue successfully the doctoral program. All applicants must submit the following material:

For full admission, students must have the following:

- Bachelor’s degree in Philosophy or a related field, with evidence of excellent undergraduate performance.
- Satisfactory completion of a minimum of 44 quarter hours (or its equivalent) in a major sequence in philosophy. Students who did not major in philosophy may be admitted conditionally, with the requirement that they complete certain undergraduate courses or directed study before being fully admitted into the program.

All applicants must submit the following materials:

1. A completed University Graduate Application Form.
2. Official transcripts from all previous college course work.
3. Graduate Record Examination general aptitude scores (Verbal, Quantitative, & Analytical Writing): DePaul’s institution code is 1165.
4. Three letters of recommendation from professors familiar with the applicant’s work.
5. A personal statement indicating why the applicant desires to pursue graduate work in this program, including areas of proposed research.
6. A writing sample (e.g., a term paper, seminar paper, senior thesis, or M.A. thesis or portion thereof). A standard writing sample is 15-20 pages long (3750-5000 words).
7. Proof of English proficiency (required for all students educated outside of the U.S. at a non-English speaking institution). The minimum requirement is a TOEFL score of 80 (ibt) -- with all section scores at 17 or better -- or a 6.5 on the IELTS. The English program prefers to see scores of 96 (ibt) with all section scores at 22 or better – or a 7.5 on the IELTS.*

Please see the department website for the application deadline.
Degree Requirements

The following are the minimal degree requirements. Additional study may be required depending on the student’s academic background and his or her achievement in the program.

Course Requirements

A minimum of 112 quarter hours of post-baccalaureate credit, including:

- For students who completed an M.A. in Philosophy at DePaul
  - 68 quarter hours in addition to the 44 quarter hours of course work required for the M.A. at DePaul, to be comprised of:
    - 60 quarter hours of course work
    - PHL 697 GRADUATE TEACHING PRACTICUM
    - PHL 699 DISSERTATION RESEARCH
- For those given credit for an M.A. in philosophy from another institution
  - 80 quarter hours, to be comprised of:
    - 72 quarter hours of course work
    - PHL 697 GRADUATE TEACHING PRACTICUM
    - PHL 699 DISSERTATION RESEARCH

Of the 68 quarter hours (17 courses) required for the Ph.D., 16 quarter-hours (4 courses) must be taken in accordance with the following distribution requirements:

- Two History of Western Philosophy Courses
  - One in Ancient or Medieval: 4 quarter hours
  - One in Modern or Nineteenth Century: 4 quarter hours
- One Contemporary European Philosophy Course: 4 quarter hours
- One Normative Philosophy Course: 4 quarter hours

- PHL 660 SEMINAR IN FEMINIST ETHICS (CROSS-LISTED AS MLS 477/WMS 410)
- PHL 661 TOPICS IN FEMINIST THEORY

Residency Requirement

Three consecutive quarters of full-time residence, i.e., registration for eight credit hours each quarter.

File Paper Requirements

Until all course work is completed, students will be required to submit two file papers per year. These papers will be read by a second member of the faculty who will judge whether the papers meet the standards of the graduate program. The Graduate Affairs Committee will review every student's progress toward the degree once a year, normally at the beginning of the Spring quarter. Students deemed not to be making satisfactory progress may be placed on probation or required to leave the program.

Foreign Language Requirements

Competence in two of French, German, Latin, or Greek are required. On approval of the Graduate Affairs Committee, competence in other languages may be used to fulfill the language requirements if deemed appropriate to the research undertaken.
Admission to Doctoral Candidacy

A student will be recommended to the graduate school for admission to doctoral candidacy when he or she has: 1) completed the residency requirement; 2) completed all course requirements (excluding PHL 699: Dissertation Research) and the submission of required file papers (which shall count as fulfilling the University’s qualifying examination requirement); 3) completed the foreign language requirements; 4) submitted a dissertation proposal (approximately 10-15 pages in length, including critical bibliography); and 5) successfully defended the dissertation proposal during a public oral defense before the dissertation committee.

Candidacy Continuation

Registration for PHL 701 Candidacy Continuation is required each quarter of the regular academic year between admission to candidacy and graduation. Permission of the dissertation director is required once each academic year for registration for Candidacy Continuation. The Dissertation Research course shall also count toward meeting this requirement. Completion of the doctoral dissertation, ordinarily of 200-275 pages, including scholarly apparatus, and a public oral defense of this work before the dissertation committee.

The dissertation committee will consist minimally of three members, including a director and two readers, all of whom must be permanent, full-time members of the DePaul Philosophy Department. Other members of DePaul faculties, or philosophers and scholars from outside the University, whose expertise is pertinent to the topic of the dissertation, may serve as extra readers upon the consent of the dissertation director and the Director of Graduate Studies.

Submission of a dissertation abstract of up to 350 words and filing of the completed final version of the dissertation with the Graduate Division by the required date prior to graduation.

Time Limitations

Between admission to the doctoral program and admission to doctoral candidacy: not more than four years; between admission to doctoral candidacy and the dissertation defense, not less than eight months, and not more than five years.

Student Handbook

Probation and Dismissal

The Graduate Affairs Committee will review every student’s progress toward the degree once a year, normally at the beginning of the Spring quarter. Students deemed not to be making satisfactory progress may be placed on probation or required to leave the program.

Readmission

Students can petition the Graduate Affairs Committee in the Philosophy Department for readmission. Petitions should be sent to the Director of Graduate Studies.

Transfer Credit

Ph.D. students may request to transfer up to 12 quarter hours either from courses taken while a non-degree-seeking student at DePaul or from other universities if they have already done graduate study elsewhere. M.A. students may request to transfer up to 8 quarter hours. These credits must not have been counted toward any other degree the student has received. In exceptional cases, the Graduate Affairs Committee may recommend to the Graduate School that more hours of transfer credit be allowed, but in no case more than 25% of the hours required for the DePaul degree.

Non-Curricular Courses

Ph.D. students may take up to three courses during their studies outside of the graduate offerings in Philosophy for credit towards Ph.D. course requirements (12 credit hours). These non-curricular courses may include graduate courses at other universities, graduate courses at DePaul in other fields relevant for student research, or 300 level undergraduate courses in Philosophy or in other fields relevant for student research. On rare occasions
students may take independent studies with faculty members on topics that would not otherwise be offered as graduate courses. All such non-curricular courses must be approved by the Director of Graduate Studies. M.A. students cannot typically get credit for such non-curricular courses, but they can petition the Graduate Affairs Committee to have such a course count.

**Time Limitations**

For the M.A., from entrance into the program to completion of the degree, no more than six years. For the Ph.D., between admission to the program and admission to doctoral candidacy (ABD status), not more than four years; between admission to doctoral candidacy and the dissertation defense, not less than eight months, and not more than five years.

---

**Physics (MS)**

The Graduate Physics program is intended to serve the needs of students who wish to enhance their preparation for a doctoral degree in physics or applied science, students who wish to obtain a terminal masters degree in order to work in a physics or engineering related industry, and students who wish to enhance their teaching of physics at the secondary level. To fulfill these purposes, the department offers a degree program: Master of Science in Physics.

The M.S. in Physics program is built around a core of five graduate courses and a selection of applied courses in the faculty’s areas of expertise that are designed to tie into current areas of research and interest within both academia and industry.

In order to maximize the availability of our offerings, graduate courses in our program are taught in the evening.

---

**Admission Information**

For full admission, students must have the following:

- Bachelor’s degree: satisfactory completion of a suitable program in physics or a closely related field. Candidates having a less extensive background in physics should consult with the chairperson of the departmental graduate committee about possible prerequisite(s) to graduate study.
- Two letters of recommendation are strongly recommended for all applicants and required for a graduate teaching assistantship.

---

**Degree Requirements**

**Course Requirements**

**Core Requirements**

- PHY 411 ELECTRODYNAMICS I
- PHY 412 QUANTUM MECHANICS I
Thesis Requirement

A thesis based on independent research in theoretical or experimental physics is generally required. However, a review thesis reflecting study of a broad subject or development of an interdisciplinary, historical or educational theme is also acceptable with permission from the Graduate Committee.

As a rule, one course credit of 4 quarter-hours in PHY 480 THESIS RESEARCH is applicable to the thesis research. An additional PHY 480 THESIS RESEARCH course (4 credit hours) may be allowed with the written approval of the student’s faculty advisor. In no case will more than two PHY 480 THESIS RESEARCH courses (4 credit hours each) be applied toward the Master of Science degree.

Students are advanced to candidacy upon the written approval of their thesis proposal by the graduate committee, subject to the rules and conditions given below. An oral examination on the thesis is required, eligibility and rules are given below.

Thesis Procedures and Timelines

1. A committee with the advisor as Chair and two other members of the DePaul Physics department must be constituted three months prior to the M.S. Thesis Defense. Committee members (from outside the Physics Department, or outside DePaul) are allowed by permission of the Graduate Director, but cannot function as Committee Chairs.
2. A written report on the thesis project must be furnished to the Committee three months prior to the planned M.S. Thesis Defense. The written report should include: Title of the thesis project, abstract of the research, a 1-page update on what work has been accomplished so far, and what work remains to be done. The committee members reserve the right to meet with the student and seek clarification and information orally at this time.
3. Following submission of the written report described in (2) above, the committee members will sign the College of Science and Health’s (CSH) Approval of Proposal for Final Project form found on the website for the CSH’s Office of Advising and Student Services. A signature on this form does not constitute permission to defend in another three months, nor does it make any judgment in this regard. Instead, the signatures attest to the fact that the committee has been constituted, and that the committee members have received a written report on the thesis project described in (2) above from the student.
4. The signed CSH Approval of Proposal for Final Project form found on the website for the CSH’s Office of Advising and Student Services will then be submitted to the Program Director who will, upon receipt of this form, make known to the thesis advisor and student the earliest date on which they are eligible to schedule a thesis defense if (5) and (6) below are satisfactorily fulfilled.
5. A written version of the thesis that is in reasonably final form must be furnished to all the three members of the committee by the student two weeks prior to the planned M.S. Thesis Defense. No exceptions will be granted on this rule.
6. Within a week of having received the thesis mentioned in (5) above, that is, one week prior to the planned thesis defense, all committee members must sign the Physics Department Approval of Scheduling of Thesis Defense form giving the student permission to proceed with the thesis defense. A signature on this form does not reflect a judgment on, or acceptance of, the thesis; it constitutes only an approval for the date of the defense. If the committee members feel that the student is not ready to defend, based on their reading of the thesis (which case may be either because the thesis is not written in a satisfactory manner, or because they feel more work needs to be done on the project), they can choose to withhold their signature; the committee member(s) withholding his/her signature(s) must provide a written explanation of why they did not sign, and what changes and corrections, if any, would be required to obtain their signature. This will automatically mean that the student cannot defend during the next week. In such a case, the cycle will start from (5) again, whenever the advisor and student feel they have addressed satisfactorily the concerns of their committee member(s).
7. The signed Physic Department Approval of Scheduling of Thesis Defense form will then be submitted to the Program Director who will, upon receipt of this form, make known to the thesis advisor and student

DePaul University Winter/Spring 2013 Page 375 of 2244
the earliest date on which they are eligible to schedule a thesis defense.
8. Following the thesis defense, the committee members will render a decision as to the outcome of the defense in one of the two following ways:
   1. If they believe the student has satisfactorily defended his/her thesis and the thesis requires no modifications or only minor modifications, meaning that they wish to pass the student immediately, they will sign the CSH's Final Requirements Report form found on the website for the CSH's Office of Advising and Student Services.
   2. In all other cases, they will sign the Physics Department Interim Thesis Defense Report form. Further action will be determined by the actions recommended in this form.
9. The signed form (CSH Final Requirements Report or Physics Department Interim Thesis Defense Report) should be forwarded to the Program Director, the former for forwarding to the CSH's Office of Advising and Student Services, the latter for student file purposes.
10. If, at any time during this period, the student and/or advisor reconstitute a committee by changing the committee members, the process will restart from (1) above. The only exception to this rule will be if a committee member (but not the Committee Chair) takes an emergency leave of absence or is otherwise unable to discharge their duties, in which case the process may be allowed to restart from (5) above with permission from the Graduate Committee.

**Program Graduate Academic Student Handbook**

**Probation**

A graduate student in the Physics department is subject to probation as soon as his/her cumulative graduate GPA falls below 2.75. The student remains on probation until four more courses are taken, at which time another evaluation is made. If, at that time, the student has failed to raise his/her cumulative GPA to the required level of 2.75 the student may be dismissed for poor scholarship, and prohibited from registering for additional course work.

**Dismissal**

A graduate student who is not making satisfactory progress toward the degree may be dismissed upon the recommendation of the Graduate Committee of the Physics Department. Instances of not making satisfactory progress toward the degree include being placed on probation for more than two consecutive quarters or four courses, whichever is later, failing grades in two or more graduate courses, or any other situation that has been deemed by a majority of the Graduate Committee to constitute an instance of not making satisfactory progress toward the degree.

**Readmission**

A student who has been dismissed may, after a period of time, petition for reinstatement. The petition, addressed to the Dean of the College of Science and Health, would provide information that would demonstrate a change in the student's circumstances to an extent that would support successful completion of the student's degree program. The Dean's decision, based upon the merits of the petition and the recommendation of the Graduate Committee of the Physics department, may, if favorable, stipulate conditions of reinstatement. The Dean has the discretion to reject the recommendation for reinstatement.

**Transfer Credit**

A maximum of three courses (12 quarter credit hours) may be transferred from another university or program, subject to the following: The determination of whether or not a particular course is deemed suitable for transfer will be made by the Program Director who may, at his/her discretion, consult the Graduate Committee for assistance in making this decision.

**Undergraduate Courses**

Students who are deemed to have inadequate undergraduate preparation in physics may be required to take undergraduate courses in Physics. Such courses will be specified by the Program Director in consultation with the Graduate Committee. A maximum of two such courses may be counted toward the graduate degree, but undergraduate courses cannot substitute for any required (core) courses in the graduate program.
Graduation Requirements

Requirements include, but are not limited to earning a minimum cumulative GPA of 2.0, completing a minimum of 44 quarter hours as eleven graduate courses, and completing and defending a thesis.

Thesis

A thesis based on independent research in theoretical or experimental physics is generally required. An oral examination on the thesis is also required. The thesis and the defense will be evaluated by a committee consisting of three faculty members from the Physics department at DePaul, who may judge the thesis and/or oral examination to be satisfactory or may require the student to submit changes to the thesis, and go through more cycles of oral examination. Committee members from outside the Physics department (whether DePaul faculty, or external to DePaul) are allowed only by consent of the Program Director.

Thesis Proposal

A proposal (minimum one page) stating the broad outlines of the project, and signed by both the thesis advisor (deemed Thesis Committee Chair) and the student must be completed per the schedule below. A copy of this signed proposal, together with a copy of the Approval of Proposal for Final Project must be kept on file in the Physics department for reference. The thesis advisor may, at his/her discretion, prepare a longer, more comprehensive proposal.

<table>
<thead>
<tr>
<th>Student plans oral defense of thesis no earlier than:</th>
<th>Student must submit Thesis Proposal no later than:</th>
</tr>
</thead>
<tbody>
<tr>
<td>Spring/Summer term of immediately following calendar year</td>
<td>Autumn term</td>
</tr>
<tr>
<td>Winter term of immediately following calendar year</td>
<td>Summer term</td>
</tr>
<tr>
<td>Autumn term of immediately following calendar year</td>
<td>Winter term</td>
</tr>
</tbody>
</table>

The thesis proposal is a document that records the broad outline of the project only. The determination of when a student has completed the necessary work to be able to finish and defend the thesis will rest solely with the thesis advisor, and the thesis proposal cannot be used as a basis for determining the same. Changes to the thesis proposal may be carried out at the discretion of the thesis advisor. Changes proposed by the student will only be allowed if the thesis advisor agrees to make those changes.

Graduation with distinction

Graduating students will be deemed to have graduated with distinction if they earn a minimum cumulative GPA of 3.5 in coursework applied toward their graduate physics program and their thesis committee declares their project to have been completed with distinction (as evidenced by their signature on the Final Requirements Report form).

Predictive Analytics (MS)

The MS in Predictive Analytics program provides students with the knowledge and skills necessary to become successful professionals in the field of predictive analytics. The degree prepares students for a career as a data scientist, data miner or predictive modeler, a profession that is in high-demand and that offers many career opportunities. Graduates learn advanced statistical methods, data mining and machine learning techniques to extract meaningful information from vast amounts of data. Students gain practical experience in analytics by working on real data analysis projects sponsored by companies or as part of research projects, under the supervision of DePaul faculty. Students have the option to choose between two concentrations.
Admission Information

Admission information for this program can be found in the Graduate Admission page on the CDM web site under Prospective Students. (http://www.cdm.depaul.edu/Prospective%20Students/Pages/GraduateAdmissions.aspx)

Degree Requirements

Course Requirements

Introductory, Foundation, Advanced, and Elective course selections are determined by the concentration chosen.

Introductory Courses

Introductory courses may be waived for any of the following conditions:

- The student has the appropriate course work to satisfy an Introductory Course.
- The student has appropriate and verified professional experience to satisfy an Introductory Course.
- The student passes a Graduate Assessment Examination (GAE) in the Introductory Course area.

Degree Requirements

Students in this degree program must meet the following requirements:

- Complete a minimum of 52 graduate credit hours in addition to any required introductory courses of the designated degree program.
- Complete all graduate courses and requirements listed in the designated degree program.
- Earn a grade of B- or better in each introductory course of the designated degree program.
- Earn a grade of C- or better in all courses beyond the introductory courses of the designated degree program.
- Maintain a cumulative GPA of 2.5 or higher.
- Students pursuing a second master's degree must complete a minimum of 52 graduate credit hours beyond their first designated degree program in addition to any required introductory courses in their second designated degree program.

*53 graduate credit hours required for MS Information Systems.

Students with a GPA of 3.9 or higher will graduate with distinction.

Computational Methods Concentration

Course Requirements

The MS in Predictive Analytics - Computational Methods Concentration provides students with the knowledge and skills necessary to become successful professionals in the field of predictive analytics. The degree prepares students for a career as a data scientist, data miner or predictive modeler, a profession that is in high-demand and that offers many career opportunities. Graduates obtain the technical skills and the statistical and quantitative knowledge needed to manage and extract information from massive amounts of data. Students learn the newest
tools and techniques to mine big data, and to help companies make sense of their data. Students gain practical experience in analytics by working on real data analysis projects sponsored by companies or as part of research projects, under the supervision of DePaul faculty. This concentration is recommended for students with programming experience.

**Introductory Courses**

- IT 403 STATISTICS AND DATA ANALYSIS
- CSC 412 TOOLS AND TECHNIQUES FOR COMPUTATIONAL ANALYSIS
- CSC 401 INTRODUCTION TO PROGRAMMING

**Foundation Courses**

- CSC 451 DATABASE DESIGN
- CSC 423 DATA ANALYSIS AND REGRESSION
- CSC 424 ADVANCED DATA ANALYSIS
- IS 567 KNOWLEDGE DISCOVERY TECHNOLOGIES
- Choose 1 course in applied analytics from among:
  - CSC 495 SOCIAL NETWORK ANALYSIS
  - ECT 584 WEB DATA MINING FOR BUSINESS INTELLIGENCE
  - CSC 575 INTELLIGENT INFORMATION RETRIEVAL

**Advanced Courses**

- CSC 478 PROGRAMMING DATA MINING APPLICATIONS
- CSC 555 MINING BIG DATA
- CSC 529 ADVANCED DATA MINING
- Choose 1 course among the following:
  - CSC 521 MONTE CARLO ALGORITHMS
  - CSC 433 SCRIPTING FOR DATA ANALYSIS
  - CSC 578 NEURAL NETWORKS AND MACHINE LEARNING

**Elective Courses**

Students must take 3 graduate level elective courses in the areas of statistical modeling, data mining or database technologies according to the following rules:

- Students must take 1 500-level CDM elective. ANI, DC, TV, and VFX courses do not qualify.
- Choose 2 courses from the following:
  - CSC 425 TIME SERIES ANALYSIS AND FORECASTING
  - ECT 584 WEB DATA MINING FOR BUSINESS INTELLIGENCE
  - CSC 495 SOCIAL NETWORK ANALYSIS
  - CSC 433 SCRIPTING FOR DATA ANALYSIS
  - CSC 478 PROGRAMMING DATA MINING APPLICATIONS
  - CSC 529 ADVANCED DATA MINING
  - CSC 575 INTELLIGENT INFORMATION RETRIEVAL
  - CSC 521 MONTE CARLO ALGORITHMS
  - CSC 481 INTRODUCTION TO IMAGE PROCESSING
  - CSC 482 APPLIED IMAGE ANALYSIS
  - GPH 465 SURVEY OF VISUALIZATION APPLICATIONS
  - GPH 565 DESIGNING FOR VISUALIZATION
  - CSC 453 DATABASE TECHNOLOGIES
  - CSC 452 DATABASE PROGRAMMING
  - CSC 543 SPATIAL DATABASES & GEOGRAPHIC INFORMATION SYSTEMS
  - GEO 441 GEOGRAPHIC INFORMATION SYSTEMS (GIS) FOR COMMUNITY DEVELOPMENT
  - CSC 598 TOPICS IN DATA ANALYSIS
  - IS 549 DATA WAREHOUSING AND DATA MINING
  - IS 574 BUSINESS INTELLIGENCE
  - IS 578 INFORMATION TECHNOLOGY CONSULTING

**Capstone**

- CSC 695 MASTER'S INDEPENDENT STUDY (1 - 4 CREDITS)
- or CSC 697 GRADUATE INTERNSHIP
Marketing Concentration

Course Requirements

The MS in Predictive Analytics - Marketing Concentration provides students with the quantitative knowledge and analytical skills necessary to become successful professionals in the field of predictive analytics. Students take courses in multivariate statistics, advanced data mining and machine learning together with courses in marketing analytics and customer relationship management to gain a deep understanding of the challenges and goals of business applications. The program teaches students the analytic skills that are needed to extract information from large amounts of data, to develop modeling solutions to support business decision making, and to present results effectively to a non-technical business audience. Students gain practical experience in analytics by working on real data analysis projects sponsored by companies or as part of research projects under the supervision of DePaul faculty. The degree prepares students for a career as a data scientist, data miner or predictive modeler.

Introductory Courses

- IT 403 STATISTICS AND DATA ANALYSIS
- CSC 412 TOOLS AND TECHNIQUES FOR COMPUTATIONAL ANALYSIS
- CSC 401 INTRODUCTION TO PROGRAMMING

Foundation Courses

- CSC 451 DATABASE DESIGN
- CSC 423 DATA ANALYSIS AND REGRESSION
- CSC 424 ADVANCED DATA ANALYSIS
- IS 567 KNOWLEDGE DISCOVERY TECHNOLOGIES
- Choose 1 course in applied analytics from among:
  - CSC 495 SOCIAL NETWORK ANALYSIS
  - ECT 584 WEB DATA MINING FOR BUSINESS INTELLIGENCE
  - CSC 575 INTELLIGENT INFORMATION RETRIEVAL

Advanced Courses

- MKT 555 DECISIONS IN MARKETING MANAGEMENT
- MKT 530 CUSTOMER RELATIONSHIP MANAGEMENT
- MKT 534 ANALYTICAL TOOLS FOR MARKETERS
- Choose 1 course among the following:
  - MKT 529 PRECISION MARKETING
  - MKT 595 INTERNET AND INTERACTIVE MARKETING
  - MKT 798 SPECIAL TOPICS*
  *Note MKT 798 must be approved by program coordinator.

Elective Courses

Students must take 3 graduate level elective courses in the areas of statistical modeling, data mining or database technologies according to the following rules:

- Students must take 1 500-level CDM elective. ANI, DC, TV, and VFX courses do not qualify.
- Students must take 2 courses among the following:
  - CSC 425 TIME SERIES ANALYSIS AND FORECASTING
  - ECT 584 WEB DATA MINING FOR BUSINESS INTELLIGENCE
  - CSC 495 SOCIAL NETWORK ANALYSIS
  - CSC 433 SCRIPTING FOR DATA ANALYSIS
  - CSC 478 PROGRAMMING DATA MINING APPLICATIONS
  - CSC 529 ADVANCED DATA MINING
  - CSC 575 INTELLIGENT INFORMATION RETRIEVAL
  - CSC 521 MONTE CARLO ALGORITHMS
  - CSC 481 INTRODUCTION TO IMAGE PROCESSING
  - CSC 482 APPLIED IMAGE ANALYSIS
  - GPH 465 SURVEY OF VISUALIZATION APPLICATIONS
  - GPH 565 DESIGNING FOR VISUALIZATION
  - CSC 453 DATABASE TECHNOLOGIES
  - CSC 452 DATABASE PROGRAMMING
  - CSC 543 SPATIAL DATABASES & GEOGRAPHIC INFORMATION SYSTEMS
Psychology (MS)

This program offers a terminal Master of Science degree which prepares the student for a range of occupations in business, government, and human services, but excludes the provision of clinical services. In addition, it provides the student with the basic knowledge and skills appropriate for a graduate education which may serve as a foundation for programs offering doctoral training.

The Master's program has two goals. The first is to provide the student with sufficient breadth in the methodology and content of psychology to demonstrate competence in two major areas: (1) Core areas of the discipline of psychology; and (2) Methods of the discipline of psychology. A second goal of the program is to provide the student with sufficient information and skills to apply the knowledge of the discipline competently in their daily lives and careers. This includes course work in the theory and techniques of the application of psychological principles, and also includes a thorough grounding in ethical and professional standards of psychologists. Although the program builds upon a core of basic courses, it provides some flexibility for students (with the approval of their advisors) to shape their course of study to fit special interests and needs.

Admission Information

The department accepts as graduate students only those who show definite promise for completing the requirements for this advanced degree. Preference is given to those applicants who have a well-balanced background of psychology courses and some background in science and mathematics. Students who do not have an undergraduate major in psychology but who otherwise satisfy the following requirements may apply.

Completeness of Credentials

Applications must be completed by May 1. Missing transcripts, letters of reference, etc., may cause an applicant to be rejected.

Grade Point Average

Satisfactory undergraduate scholastic average.

Undergraduate Preparation

A minimum of six courses in psychology, including a four quarter hour (three semester hour) elementary statistics course, as well as a course in research methods or experimental psychology. The student judged to be deficient in prerequisites will be required to take, without graduate credit, such courses as are necessary to remedy any deficiencies before entering graduate school.

Graduate Record Examination
Official results of the General test and the Subject test in Psychology.

**Letters of Recommendation**

The three required letters should be from persons who are in a position to evaluate the applicant's academic background and achievements.

**Personal Statement**

Including top two to three faculty choices clearly identified with area of interest

**Minority Status**

Applications from minority students are encouraged.

**Students with Disabilities**

Applications from students with disabilities are encouraged.

---

**Degree Requirements**

**Course Requirements**

Formal requirements for the M.S. degree include satisfactory completion of 48 quarter hours and maintaining at least a 3.00 cumulative GPA.

**Core Courses (7 courses / 28 credit hours)**

- PSY 404 LEARNING AND COGNITIVE PROCESSES
- PSY 406 PHYSIOLOGICAL PROCESSES
- PSY 410 ADVANCED STATISTICS I
- PSY 411 ADVANCED STATISTICS II
- PSY 420 ADVANCED RESEARCH METHODOLOGY
- PSY 430 ADVANCED SOCIAL PSYCHOLOGY
- PSY 461 HISTORY AND SYSTEMS OF PSYCHOLOGY (unless waived by passing a special exam in this area or the equivalent undergraduate course)

**Diversity Core Courses (1 course / 4 credit hours)**

- One course from the following list:
  - PSY 345 CULTURAL ISSUES IN PSYCHOLOGY
  - PSY 520 PRINCIPLES OF HUMAN DIVERSITY
  - PSY 521 PSYCHOLOGY OF THE AFRICAN-AMERICAN CHILD (when taught by faculty)
  - PSY 561 ADVANCED PSYCHOLOGY OF WOMEN AND GENDER (CROSS-LISTED WITH MLS 478/WGS 470)
  - May substitute a non-psychology course with Program Director’s approval

**Quantitative Core Courses (1 course / 4 credit hours)**

- One course from the following list:
  - PSY 343 INTRODUCTION TO PSYCHOLOGICAL MEASUREMENT
  - PSY 416 METHODS IN QUALITATIVE RESEARCH
  - PSY 418 MULTIVARIATE STATISTICAL ANALYSIS
  - PSY 419 FACTOR ANALYSIS AND PATH MODELING
  - PSY 422 COMPUTING FOR THE BEHAVIORAL SCIENTIST
  - PSY 450 PSYCHOLOGICAL MEASUREMENT
  - May substitute a non-psychology course with Program Director’s approval

**Graduate Capstone (1 course / 4 credit hours)**
Sample Psychology Elective Courses (2 courses / 8/ credit hours)

- PSY 354 COMMUNITY PSYCHOLOGY
- PSY 363 ALCOHOLISM, DRUG ADDICTION AND RECOVERY
- PSY 364 HEALTH PSYCHOLOGY AND STRESS MANAGEMENT
- PSY 402 PERCEPTUAL PROCESSES
- PSY 435 PSYCHOLOGY OF INTERPERSONAL RELATIONSHIPS
- PSY 439 ADVANCED DEVELOPMENTAL PSYCHOLOGY
- PSY 440 PSYCHOLOGY OF WORK AND MOTIVATION
- PSY 444 PERFORMANCE APPRAISAL
- PSY 473 THE PSYCHOLOGY OF JUDGMENT AND DECISION-MAKING
- PSY 486 ADVANCED PSYCHOPATHOLOGY
- PSY 487 PSYCHOPATHOLOGY OF THE CHILD
- PSY 492 PRINCIPLES OF CONSULTATION
- PSY 493 ADVANCED COMMUNITY PSYCHOLOGY
- PSY 511 HEALTH PSYCHOLOGY
- PSY 555 SOCIAL AND EMOTIONAL DEVELOPMENT
- PSY 556 SEMINAR IN SOCIAL PSYCHOLOGY
- PSY 557 SEMINAR IN LEARNING AND COGNITIVE PROCESSES
- PSY 558 SEMINAR IN ADVANCED STATISTICS
- PSY 560 SOCIAL COGNITION
- PSY 680 INDUSTRIAL AND ORGANIZATIONAL PSYCHOLOGY
- Student may substitute a non-psychology graduate course, with Program Director’s approval

Additional Requirements

In addition, program requirements include two mechanisms for demonstrating successful completion of the program: 1) a traditional Master's thesis, perhaps involving an empirical study; or 2) a research study or program evaluation "Capstone" project based upon the student's internship or employment experience. Upon completion of course work, students are required to maintain active student registration status until graduation.

All degree requirements must be successfully completed within a six-year period of time.

Public Administration (MPA)

The Master of Public Administration (M.P.A.) at DePaul University is designed for government professionals or individuals wanting to transition into government careers. The degree equips students with broad public administration knowledge in government—local, federal and international.

The M.P.A. program offers three specializations: public management, international public management and metropolitan planning, and urban affairs.

This degree is accredited by National Association of Schools of Public Affairs and Administration (NASPAA).

Mission Statement

The Master in Public Administration educates ethical leaders to work in local, state, and federal government. Through our cross-sectoral approach to learning, research, and service we help government leaders to connect domestic and global issues, alleviate poverty, and build responsive government. We promote compassion for marginalized communities and service to all people with accountability, justice, professionalism, sensitivity, and transparency.
Admission Information

Admission Requirements

To be eligible for the public administration program, students must hold a bachelor’s degree from a regionally accredited college or university. In addition, students must demonstrate, through past academic or professional work, a capacity for achievement.

To apply, please submit the following:

- A completed online application
- Official transcripts from all colleges and/or universities attended
- Two-page personal statement describing your educational and career goals, relevant work or volunteer experience, and any special circumstances affecting past or prospective academic performance
- Current resume or curriculum vitae

Students educated outside the U.S. must present proof of English proficiency. A minimum TOEFL score of 590 (paper-based), 243 (computer-based), 96 (Internet-based) or a minimum 7.5 on the IELTS may be submitted for this requirement.

Degree Requirements

Course Requirements

Students complete a total of 13 courses (52 quarter hours). Ten courses (40 quarter hours) of core course work and three courses (12 quarter hours) in a specialization are required.

Core Courses

- MPS 500 INTRODUCTION TO PUBLIC SERVICE MANAGEMENT
- MPS 501 CROSS-SECTOR ANALYSIS
- MPS 514 GOVERNMENT FINANCIAL ADMINISTRATION
- MPS 522 FUNDAMENTALS OF HUMAN RESOURCE MANAGEMENT
- MPS 541 ECONOMIC FOUNDATIONS OF PUBLIC SERVICE
- MPS 542 POLICY DESIGN AND ANALYSIS
- MPS 586 RESEARCH METHODS I, INTRODUCTION TO APPLIED RESEARCH AND STATISTICS
- MPS 587 RESEARCH METHODS II, ADVANCED APPLIED RESEARCH AND STATISTICS
- MPS 593 INTEGRATIVE SEMINAR
- MPS 594 ETHICAL LEADERSHIP IN PUBLIC SERVICE

Thesis Option

- MPS 598 THESIS

Students with a grade point average of 3.5 or above may choose the thesis option and replace MPS 593 with MPS 598. To qualify for the thesis option students must take research sequence MPS 586/MPS 587.

Specialization

Students in this program are required to choose a three course specialization. Students interested in pursuing the online degree must choose the International Public Management Specialization.

Internship Requirement

Students are required to complete substantial professional experience in a government setting. Students with such experience may request a waiver by
submitting a letter describing the extent of their work in a government organization. Applicants without sufficient experience complete an internship.

Specialization Requirements

Public Management Specialization

For those who aspire to become city managers, chief administrative officers, department directors, and senior project managers, this specialization focuses on the roles, requirements, challenges, and processes of running a public organization. Students gain the knowledge and skills needed to work successfully with professional staff, an elected governing board, consultants, and the public in the implementation of broad policy decisions. Legal issues of interest to public managers are also included.

- MPS 526 LOCAL GOVERNMENT ADMINISTRATION
- MPS 560 ADMINISTRATIVE LAW
- One elective chosen from the following list
  - MPS 520 VALUES-CENTERED LEADERSHIP
  - MPS 529 STRATEGIC MANAGEMENT AND PLANNING
  - MPS 543 POLICY IMPLEMENTATION IN A BUREAUCRATIC CONTEXT
  - MPS 546 ADVOCACY AND LOBBYING
  - MPS 573 URBAN AND COMMUNITY DEVELOPMENT
  - MPS 575 SEMINAR IN ADMINISTRATION/BRUSSELS
  - MPS 597 PUBLIC SERVICE FELLOWS SEMINAR

Metropolitan Planning and Urban Affairs Specialization

This specialization is for students wanting to work in land use, transportation, economic development, zoning, housing, and other areas of community development. Coursework emphasizes the technical skills of public administration and the tools of analyses and development as applied in a broad public setting. Students study best practices to illustrate the effectiveness of alternative designs and models.

- MPS 571 METROPOLITAN PLANNING
- MPS 573 URBAN AND COMMUNITY DEVELOPMENT
- One elective chosen from the following list
  - MPS 526 LOCAL GOVERNMENT ADMINISTRATION
  - MPS 560 ADMINISTRATIVE LAW
  - MPS 572 URBAN POVERTY SEMINAR
  - MPS 575 SEMINAR IN ADMINISTRATION/BRUSSELS
  - MPS 597 PUBLIC SERVICE FELLOWS SEMINAR
  - MPS 604 SPECIAL TOPICS: GEOGRAPHIC INFORMATION SYSTEMS

International Public Management Specialization

Students intending to work in international organizations require a special understanding of how public and non-profit institutional structures and managerial processes vary around the world. This concentration emphasizes the interdependence of government and non-government organizations (NGOs), while addressing a variety of management, ethics, and policy issues.

- MPS 612 INTERNATIONAL POLITICAL ECONOMY
- MPS 616 INTERNATIONAL RELATIONS AND CONFLICT MANAGEMENT
- One elective chosen from the following list
  - MPS 511 SUSTAINABLE DEVELOPMENT AND NON-GOVERNMENTAL ORGANIZATIONS
  - MPS 573 URBAN AND COMMUNITY DEVELOPMENT
  - MPS 575 SEMINAR IN ADMINISTRATION/BRUSSELS
  - MPS 597 PUBLIC SERVICE FELLOWS SEMINAR
  - MPS 611 MANAGEMENT OF INTERNATIONAL NGOs
  - MPS 615 INTERCULTURAL COMMUNICATION IN ORGANIZATIONS
Students pursuing the online degree option must choose MPS 611.

Public Health (MPH)

The mission of the Master of Public Health Program is the preservation, enrichment, transmission, and application of interdisciplinary knowledge in public health that emphasizes social justice, service to vulnerable populations and excellence in public health practice.

The Master of Public Health Program is an interdisciplinary program in which students take classes based in a number of departments and programs throughout the University. These include: anthropology, applied statistics, biology, communication, environmental sciences, law, nursing, psychology, public services, social work and sociology. The interdisciplinary program has one focus—community health practice.

The MPH program requires completion of 56 credit hours. All courses are offered during the evening. The program is designed as a cohort program based on fifteen required MPH courses and one elective course. The course offerings are scheduled so that a student could complete the program over a two year, three year, or four year period. During the final year, regardless of the number of years it takes the student to complete the program, the student is expected to gain practical experience working in the field and completing a field based final project.

Admission Information

Students applying to this program are required to:

- Possess a bachelor’s degree from an accredited college or university. A GPA of 3.0 or above (on a 4 point scale) is recommended, but not required for admission.
- Submit Graduate Record Examinations® (GRE®) General Test scores if their GPA falls below 3.0. Medical College Admission Test (MCAT), Dental Admission Test (DAT), or Pharmacology College Admission Test (PCAT) scores may be substituted for GRE scores (Institution Code: 1165).
- Submit a 1-2 page personal statement that describes the applicant’s prior/current experiences related to the public health field and explains the applicant’s desire to earn a master’s degree in public health. The DePaul University Master of Public Health Program is a rigorous, professional graduate program. The personal statement should also address how applicants plan to integrate the necessary time commitments of this program with one’s existing professional and/or personal duties and responsibilities.
- Submit a current résumé or curriculum vitae.
- Have successfully completed one (1) semester of an introductory biology course OR two (2) trimesters or quarter classes of introductory biology courses.
- Have successfully completed an introductory level statistics course.
- Submit a TOEFL score if they are a foreign student for whom English is a second language. DePaul will consider applicants who receive a score 96 or higher on the new internet-Based Test (iBT) test—590 or higher on the traditional Paper-Based Test (PBT/ITP) or 243 on the Computer Based Test (CBT). TOEFL scores are good for only two years.
- Take additional steps to be considered for admission if they are international students (those who were educated outside of the U.S. and/or require an F1 visa).
Degree Requirements

Course Requirements

- MPH 501 INTRODUCTION TO PUBLIC HEALTH CONCEPTS AND PRACTICES
- MPH 502 INTRODUCTION TO EPIDEMIOLOGY
- MPH 511 HEALTH AND BEHAVIOR THEORIES AND COMMUNITY INTERVENTION (CROSS-LISTED WITH PSY 511)
- MPH 503 INTRODUCTION TO ENVIRONMENTAL HEALTH
- MPH 541 APPLIED STATISTICS FOR PUBLIC HEALTH / MAT 441 APPLIED STATISTICS I
- MPH 512 APPLIED COMMUNITY PUBLIC HEALTH RESEARCH METHODS
- MPH 522 PROGRAM DEVELOPMENT IN COMMUNITY HEALTH
- MPH 525 PROGRAM EVALUATION IN COMMUNITY HEALTH
- MPH 513 PRINCIPLES OF PUBLIC HEALTH ADMINISTRATION
- MPH 515 PUBLIC HEALTH ETHICS AND POLICY
- MPH 602 COMMUNITY HEALTH ASSESSMENT
- MPH 603 APPLIED COMMUNITY HEALTH INTERVENTIONS
- MPH 604 CAPSTONE SEMINAR IN COMMUNITY PUBLIC HEALTH PRACTICE
- MPH 600 PREPARATION FOR PUBLIC HEALTH PRACTICE (0 credit course)
- MPH 699 COMMUNITY PUBLIC HEALTH PRACTICUM (0 credit course)
- One (4 credit) Elective Course Students are encouraged to select an elective course that is aligned with their interests and career objectives. Students are required to write a brief statement explaining why they are choosing to enroll in a particular elective course and submit that statement to the academic advisor. (4 credits)

Public Relations and Advertising (MA)

The M.A. in Public Relations and Advertising equips students with the expertise and skills necessary to strategically manage an organization’s communication with its publics. The public relations component stresses counseling and relationship management, while advertising combines the management and creative aspects of persuasive communication. The development, implementation and evaluation of research-based programs and campaigns are emphasized throughout the curriculum. Students who complete this course of study gain an understanding of the key principles and theories of public relations and advertising and an appreciation for the ethical requirements of responsible practice in these media-related fields. Additionally, the program offers skills-based training in such areas as speechwriting, media relations, crisis management and creative strategies. Most graduates of this program are industry-bound for successful careers in business, government, non-profit organizations and/or associations.

Admission Information

A bachelor’s degree, or equivalent, is required for admission to this program. To be admitted, applicants must demonstrate, through past academic or professional work, a capacity for achievement. The College of Communication looks at each application as a unique presentation of a candidate's profile and will consider a variety of information sources. Admission decisions are based on the following:

- One official undergraduate transcript (minimum grade point average 3.0 on a 4-point scale).
- Online application form and fee.
Graduate Record Exam (GRE) scores in verbal, quantitative, and analytical writing.
Professional resume.
Two writing samples that demonstrate an applicant’s ability to communicate clearly and concisely with a variety of audiences. One wro
Applicant responses to four personal essay questions.
Three recommendation forms, along with current letters of recommendation, written by faculty members and/or work supervisors familiar with the applicant's academic and/or professional achievements.
The graduate program director and/or the admission committee may request an interview.

An English language examination is required for applicants who have completed their undergraduate education outside the USA; a minimum TOEFL paper-based score of 590 (or 243 computer-based or 96 for an Internet test with no section under 22) is necessary for admission.

Priority consideration is given to applicants who submit application materials by March 15 for Fall admission and October 1 for Winter admission. Applications received after the deadline will be considered on a space available basis. New students begin the program in the Fall Quarter or Winter Quarter only.

Degree Requirements

Course Requirements

The Master of Arts in Public Relations and Advertising requires 12 courses and a degree completion requirement. Coursework includes four core courses that are common to the study of public relations and advertising, six PRAD elective courses and two electives. The options for degree completion are the professional project, e-portfolio, or research thesis. If the student chooses the thesis or project option, he/she must take PRAD 599 as an elective.

Core Courses

- PRAD 553 ADVERTISING
- PRAD 555 PUBLIC RELATIONS
- PRAD 575 COMMUNICATION LAW AND ETHICS
- PRAD 585 RESEARCH METHODS FOR THE COMMUNICATION PROFESSIONAL

PRAD Elective Courses

Students choose six courses from the following list

- PRAD 505 CRITICAL PERSPECTIVES ON PUBLIC RELATIONS AND ADVERTISING
- PRAD 510 SPEECH WRITING AND PRESENTATION
- PRAD 514 CONTEMPORARY ISSUES IN PUBLIC RELATIONS AND ADVERTISING
- PRAD 515 PUBLIC RELATIONS WRITING
- PRAD 530 PUBLIC RELATIONS AND ADVERTISING AGENCY MANAGEMENT
- PRAD 535 PUBLIC RELATIONS IN HEALTH CARE
- PRAD 540 CRISIS COMMUNICATION MANAGEMENT
- PRAD 550 INTEGRATED COMMUNICATION CAMPAIGNS
- PRAD 551 ADVERTISING AND COPYWRITING
- PRAD 554 CREATIVE PROCESSES
- PRAD 556 STRATEGIC PLANNING IN PUBLIC RELATIONS
- PRAD 557 ADVERTISING COMMUNICATION STRATEGY
- PRAD 560 POLITICAL AND GOVERNMENT PUBLIC RELATIONS
- PRAD 562 MEDIA RELATIONS
- PRAD 563 MEDIA PLANNING
- PRAD 564 CORPORATE COMMUNICATION
- PRAD 590 PUBLIC RELATION & ADVERTISING WORKSHOP (Topics vary) (2 credit course)
- PRAD 595 SPECIAL TOPICS IN PUBLIC RELATIONS & ADVERTISING
- PRAD 597 COLLOQUIUM ON PUBLIC RELATIONS AND ADVERTISING
- PRAD 599 RESEARCH THESIS
- CMN 591 INTERNSHIP
Additional Electives

Students choose two additional elective courses. With approval from the graduate program director, these courses can be PRAD electives, relevant courses from other CMN graduate programs, or relevant graduate courses from outside CMN.

Grade and Completion Requirements

Admitted students must maintain a 3.0 average in their graduate work to remain in good standing. Students who drop below this average will be put on academic probation and expected to achieve the minimum requirement in two quarters. Failure to do so will result in dismissal from the program. In addition, if a student is admitted conditionally, he or she must receive a 3.0 or higher in each of the first four courses taken in the program. Failure to do so will result in immediate dismissal. Conditionally admitted students will be dismissed immediately if they do not meet the conditions of their admission.

Public Service Management (MS)

The Master of Science in public service management at DePaul University offers students a broad-based education with which they can pursue careers in fund raising and philanthropy, health care administration, higher education administration, metropolitan planning and urban affairs, nonprofit administration and public policy.

The degree offers four concentrations: health care administration, higher education administration, and metropolitan planning and urban affairs. Students also can pursue a standard concentration.

This degree is accredited by National Association of Schools of Public Affairs and Administration (NASPAA).

Admission Information

Admission Requirements

To be eligible for the public administration program, students must hold a bachelor’s degree from a regionally accredited college or university. In addition, students must demonstrate, through past academic or professional work, a capacity for achievement.

- A completed online application
- Official transcripts from all colleges or universities attended
- Two-page personal statement describing educational and career goals, relevant work or volunteer experience, and any special circumstances affecting past or prospective academic performance
- Current resume or curriculum vitae

Students educated outside the U.S. must present proof of English proficiency. A minimum TOEFL score of 590 (paper-based), 243 (computer-based), 96 (Internet-based) or a minimum 7.5 on the IELTS may be submitted for this requirement.
Degree Requirements

Course Requirements

- MPS 500 INTRODUCTION TO PUBLIC SERVICE MANAGEMENT
- MPS 501 CROSS-SECTOR ANALYSIS
- One Course from the following list:
  - MPS 514 GOVERNMENT FINANCIAL ADMINISTRATION *
  - MPS 515 NONPROFIT FINANCIAL ADMINISTRATION
  - MPS 541 ECONOMIC FOUNDATIONS OF PUBLIC SERVICE *
- MPS 522 FUNDAMENTALS OF HUMAN RESOURCE MANAGEMENT
- MPS 542 POLICY DESIGN AND ANALYSIS
- Choose one of the following two course sequences
  - Research Sequence for Policy Based Research*
    - MPS 586 RESEARCH METHODS I, INTRODUCTION TO APPLIED RESEARCH AND STATISTICS*
    - MPS 587 RESEARCH METHODS II, ADVANCED APPLIED RESEARCH AND STATISTICS*
  - Research Sequence for Management Based Research
    - MPS 588 INTRODUCTION TO RESEARCH AND STATISTICS FOR MANAGEMENT
    - MPS 589 ADVANCED RESEARCH METHODS AND STATISTICS FOR MANAGEMENT
- MPS 593 INTEGRATIVE SEMINAR
- MPS 594 ETHICAL LEADERSHIP IN PUBLIC SERVICE

* Students pursuing the online degree must choose these courses.

Elective Courses

16 credit hours chosen from more than 60 courses based on a student's professional goals and personal interests. If warranted by special needs or interests, students may take up to two elective courses in other departments of the university. Permission of the director is required before registration for such courses.

Thesis Option

- MPS 598 THESIS

Students with a grade point average of 3.5 or above may choose the thesis option and replace MPS 593 with MPS 598. To qualify for the thesis option you must take research sequence MPS 586/MPS 587.

Concentrations

Students may choose concentrations in a variety of public service fields. While not required, concentrations are available for students in the Master of Science in Public Service Management degree with specialized interests and careers. The concentrations are: Health Care Administration, Higher Education Administration, and Metropolitan Planning and Urban Affairs.

Concentration Requirements

If a student chooses to pursue one of the following concentrations, their course selections are dictated by the requirements below (4 courses, 16 quarter hours) Students choose four electives from one concentration below.

Health Care Administration Concentration

The Health Care Administration concentration provides students with the managerial and analytical skills necessary to understand and influence the processes through which hospitals, associated health care organizations, and public and private agencies provide health care opportunities to explore the roles of specific nonprofit and governmental health care providers and regulatory agencies.
Core Courses

- MPS 514 GOVERNMENT FINANCIAL ADMINISTRATION
  or MPS 515 NONPROFIT FINANCIAL ADMINISTRATION
- MPS 537 HEALTH CARE DELIVERY SYSTEMS (CROSS-LISTED AS SOC 437)
  or MPS 535 HEALTH CARE ISSUES

Electives

- Choose three courses from the following list:
  - MPS 513 VOLUNTEERISM
  - MPS 519 RESOURCE DEVELOPMENT
  - MPS 523 GROUP DYNAMICS FOR LEADERS
  - MPS 529 STRATEGIC MANAGEMENT AND PLANNING
  - MPS 531 FINANCING AND COSTING IN HEALTH CARE
  - MPS 535 HEALTH CARE ISSUES
  - MPS 537 HEALTH CARE DELIVERY SYSTEMS (CROSS-LISTED AS SOC 437)
  - MPS 546 ADVOCACY AND LOBBYING
  - MPS 562 INTRODUCTION TO HEALTH LAW (FORMERLY MPS 570)
  - MPS 597 PUBLIC SERVICE FELLOWS SEMINAR
  - MPS 600 INDEPENDENT STUDY
  - MPS 601 INTERNSHIP

Higher Education Administration Concentration

The Higher Education Administration concentration provides students with the analytical and administrative skills necessary for managers in post-secondary institutions of learning. Coursework helps students develop an understanding of management principles, policy analysis and research within higher education. Electives provide opportunities to explore government relations and advancement topics as well as administration.

Core Courses

- MPS 514 GOVERNMENT FINANCIAL ADMINISTRATION
  or MPS 515 NONPROFIT FINANCIAL ADMINISTRATION
- MPS 606 SEMINAR IN HIGHER EDUCATION ADMINISTRATION

Electives

- Choose three courses from the following list:
  - MPS 519 RESOURCE DEVELOPMENT
  - MPS 521 LEADERSHIP AND MANAGEMENT
  - MPS 523 GROUP DYNAMICS FOR LEADERS
  - MPS 524 MARKETING FOR SERVICE ORGANIZATIONS
  - MPS 529 STRATEGIC MANAGEMENT AND PLANNING
  - MPS 561 LAW AND NONPROFIT ORGANIZATIONS (FORMERLY MPS 532)
  - MPS 597 PUBLIC SERVICE FELLOWS SEMINAR
  - MPS 600 INDEPENDENT STUDY
  - MPS 601 INTERNSHIP

Metropolitan Planning and Urban Affairs Concentration

The Metropolitan Planning and Urban Affairs concentration provides students with a broad perspective on the issues relating to land use, transportation, housing, economic development, and related social problems. It instills an understanding of the institutional and analytical issues affecting units of government, planning agencies, and other urban public service institutions.

Core Courses

- MPS 541 ECONOMIC FOUNDATIONS OF PUBLIC SERVICE
- MPS 571 METROPOLITAN PLANNING

Electives

- Choose three from the following list:
  - MPS 514 GOVERNMENT FINANCIAL ADMINISTRATION
  - MPS 526 LOCAL GOVERNMENT ADMINISTRATION
  - MPS 529 STRATEGIC MANAGEMENT AND PLANNING
Pure Mathematics (MS)

The Department of Mathematical Sciences offers a program of study leading to the Master of Science degree in Pure Mathematics. The program provides students with rigorous training in Pure Mathematics as well as a solid foundation for pursuing a Ph.D. degree in Mathematics or teaching Mathematics at the college level. This is an evening program offered at the Lincoln Park campus. The program can be completed in two academic years by taking two classes per quarter or in four quarters by taking three classes per quarter.

Admission Information

For full admission, students must have the following:

- Bachelor's degree
- Two years of calculus and linear algebra (the equivalent of the undergraduate sequences MAT 150-152 or 160-162, and 260-262)
- A course in logic and proofs
- One semester or two quarters of abstract algebra
- One semester or two quarters of real analysis

Applicants who do not have this minimal preparation may be admitted on a conditional basis until completion of the prerequisite requirements - as conditions - with a grade of B or better.

Degree Requirements

Course Requirements

At least 48 quarter hours of graduate level work in mathematics and passing two comprehensive examinations in Algebra and Analysis.

Core Courses

- MAT 470 ADVANCED LINEAR ALGEBRA (CROSS-LISTED AS MAT 370)
- MAT 471 GROUP THEORY
MAT 472 FIELDS AND GALOIS THEORY (CROSS-LISTED AT MAT 312)
MAT 473 RINGS AND MODULES
MAT 434 TOPOLOGY (CROSS-LISTED AS MAT 340)
MAT 435 MEASURE THEORY
MAT 436 FUNCTIONAL ANALYSIS
MAT 437 COMPLEX ANALYSIS (CROSS-LISTED AS MAT 337)

**Elective Classes**

- Choose sixteen quarter hours from the following list:
  - MAT 451 PROBABILITY AND STATISTICS I
  - MAT 452 PROBABILITY AND STATISTICS II
  - MAT 453 PROBABILITY AND STATISTICS III
  - MAT 481 FOURIER ANALYSIS AND SPECIAL FUNCTIONS
  - MAT 484 MATHEMATICAL MODELING (CROSS-LISTED AS MAT 384)
  - MAT 485 NUMERICAL ANALYSIS I (CROSS-LISTED AT MAT 485)
  - MAT 486 NUMERICAL ANALYSIS II (CROSS-LISTED WITH CSC 386/486, MAT 386)
  - MAT 494 GRAPH THEORY AND NETWORK FLOWS
  - MAT 498 PROBLEM SOLVING IN MATHEMATICS
  - MAT 596 ADVANCED TOPICS IN ALGEBRA
  - MAT 597 ADVANCED TOPICS IN ANALYSIS
  - MAT 598 ADVANCED PROBLEM SOLVING IN ALGEBRA AND ANALYSIS

With faculty advisor’s written approval two of the elective courses can be substituted with graduate courses in allied fields, such as Computer Science, Physics, or Mathematical Education.

---

**Program Graduate Academic Student Handbook**

**Probation**

A student will be placed on probation if his/her cumulative GPA falls below 2.7.

**Dismissal**

A graduate student will be dismissed under one or more of the following conditions: his/her GPA continues to fall below 2.7 after one year of being on probation, lack of progress toward degree completion, or failing the comprehensive examinations twice.

**Conditional Admission**

Students whose undergraduate degrees were in majors other than mathematics or related fields may be conditionally admitted provided they complete the following minimum prerequisites as conditions: two years of calculus [the equivalent of MAT-150-152], multivariable calculus and linear algebra [the equivalent of MAT-260-262], and a course in statistics.

**Readmission**

The same re-admission standards outlined in the Graduate Student Handbook and approval of the program director are observed for students in these programs.

**Transfer Credit**

No more than two graduate courses (8 quarter credit hours) may be transferred from another program or institution provided that they are equivalent to courses offered in DePaul’s graduate program, and they did not count toward another degree.

**Undergraduate Courses**

No undergraduate courses shall count toward the graduate degree.
Graduation Requirements

Requirements include, but are not limited to, twelve graduate courses (48 credit hours) at a minimum GPA of 2.7, and passing of Part-I and Part-II comprehensive examinations.

Graduation with Distinction

A minimum GPA of 3.7 for coursework applied toward the pure mathematics degree and high performance on the comprehensive examinations are required for graduation with distinction.

Time Limit

The degree is expected to be completed in a maximum of six years.

Real Estate (MS)

At DePaul, we've studied and taught real estate trends for more than 90 years. In fact, we currently offer the most comprehensive array of real estate courses in Chicago, and the academic and practical qualifications of our faculty allow us to offer an unparalleled real estate education. Courses are frequently team taught by full time faculty and leading Chicago area professionals, with a strong emphasis on case discussion that links theory with pragmatic approaches to problem solving. Individuals with an M.B.A. degree or students currently enrolled in the M.B.A. program may have up to six of their M.B.A. courses count toward the requirements of the Master of Science in Real Estate degree. The exact number of courses that can be double-counted in this manner depends upon the specific coursework of each individual.

Graduates of the program will possess an array of tools with which they will be able to adapt to the evolving and inherently multi-disciplinary industry. More specifically, MS in Real Estate students will obtain:

- Financial and quantitative decision-making skills,
- Critical thinking, evaluation and analysis skills,
- Oral and written communication skills, and
- Technology and geographical information system skills.

Admission Information

Applicants must possess the equivalent of a bachelor's degree from a regionally accredited institution. A prospective graduate student is expected to present a superior overall previous academic record and an above average total GMAT score (or GRE score where appropriate) including high achievement on the verbal, quantitative, and on the analytical writing assessment. The examination must have been taken no earlier than five years prior to the date of admission to the program.

Other factors, such as work experience and career progression, are also important and will be considered by the Admissions Committee. All applicants are required to submit two professional letters of recommendation as well as a current resume.

All prospective students are welcome to arrange a meeting with an admissions counselor. Please phone the graduate school office for an informal appointment. Interviews are not required as part of the admissions process for the part-time M.B.A. program, but may be requested by the Admissions Committee. Interviews for the full-time M.B.A. and weekend M.B.A. programs are on an invitation-only basis. Once a completed application has been received, a preliminary review is completed and selected candidates are invited to interview.

Each applicant is considered on an individual basis. The full-time and weekend M.B.A. programs do have limited enrollments, but for the other graduate business programs there currently is no predetermined limit to the number of students who can be admitted. Thus, for these programs, all students who are judged eligible by the
Graduate Management Admission Test (GMAT)

To be considered for admission as a degree seeking student, an applicant will be required to submit a score from the Graduate Management Admission Test (GMAT). GMAT information including dates, a list of test centers, and applications for the exam may be obtained at www.mba.com or by contacting Pearsonvue at 1-800-717-4628. The GMAT score report must come directly from Pearsonvue. A test taken more than five years prior to the date of application is not considered valid for admission purposes and would have to be retaken. An exception may be made for individuals who hold a doctoral or other terminal degree awarded by an appropriately accredited institution. An exception may also be made for fully certified CPA’s applying to the Master of Science in Taxation program. Applicants to the Master of Science in Human Resources Management and the Master of Science in Economics and Policy Analysis may submit either a GMAT or GRE (Graduate Records Examinations) score. As with the GMAT, GRE scores are valid for five years.

Application Deadlines

For the day MBA program (Full-time):

Admission to the Day M.B.A. program is competitive and is limited to the Autumn Quarter. There are three application rounds, with deadlines of February 1, April 1 and July 1. Application review begins in January, and you are encouraged to apply as early as possible. Decisions are mailed on an ongoing basis beginning in January, and applicants should expect to receive an admission decision approximately 4 weeks after their application becomes complete.

Applicants who wish to be considered for scholarships and graduate assistantships should apply during the first two application rounds. These awards are generally not available to applicants who apply after April 1.

Late applications submitted after the final July 1 deadline may be considered if space remains available in the incoming class.

For the weekend MBA and MS in Economic Policy Analysis programs:

Applications must be submitted by July 1st. Applications received after July 1st will be considered on a space available basis.

For all other graduate business programs:

Applications must be submitted by:

- July 1st for the Autumn Quarter
- October 1st for the Winter Quarter
- February 1st for the Spring Quarter
- April 1st for the Summer Quarter

Applicants educated outside the United States must submit their applications one month prior to the above deadlines.

Transcripts

Degree seeking applicants must present official transcripts from each junior college, college, and university attended (even if only for one course) including DePaul University, if applicable. Credits transferred and posted on the record of a second school do not constitute an official transcript of the original school. Transcripts that are already on file as part of a student record in another College Office at DePaul may be required to remain there and in that case cannot be transferred to the Graduate School of Business Office.

Applicants should write to the Registrar of each school attended, requesting that an official transcript be sent to the student. Once all of the transcripts have been received applicants should submit them to the graduate school office in their original envelopes with the applicant's name, date of birth and program of interest noted on the envelope. We will then add the transcripts to the applicant's admission file.

An applicant who is still taking courses or completing a program at the time he/she submits an application to the Graduate School of Business will not receive full admission until a final and official transcript listing the degree awarded has been submitted to the Admissions Committee. Please see Conditional Admission and Non-degree Status for more information regarding admission prior to posting of an undergraduate degree.

Readmission
A student previously admitted who has been absent from DePaul for one year or longer must complete the application form and submit a transcript of any courses taken elsewhere during his/her absence. A student must submit a written explanation of his/her absence from the program and an updated resume. A $30 application fee is required.

If the original application has been destroyed (after an absence of two years), the student may be required to complete a new application in full.

**Special Instructions for International Applicants**

**Educational Credentials For International Students or Programs**

Applicants must submit transcripts from all colleges and universities attended, including those attended but from which no credit was earned. Exceptions may be permitted for study-abroad credit when that credit is clearly defined and displayed on the home institution transcript. Applicants with non-U.S. educational credentials for Winter term 2012 and beyond are required to submit their official educational credentials (e.g., transcripts, mark sheets, degree certificates, graduation diplomas) and evaluation fee directly to one of the three evaluation companies below:

- Educational Credential Evaluators, Inc.
- Educational Perspectives
- One Earth International Credential Evaluation

These evaluators will then provide DePaul with a general evaluation of their studies and certified copies of their international educational credentials which will be used during admission review. Please direct any questions about required credentials to the evaluation company you have selected and not to the Kellstadt Graduate School of Business. DePaul will not accept evaluations from any other evaluation companies and will not accept any educational credentials without an evaluation from ECE, EP or One Earth.

**English Proficiency**

Non-native English speakers who have not completed a bachelor's or master's degree in the United States should submit scores from a recognized English proficiency test. The Kellstadt Graduate School of Business accepts results from TOEFL, IELTS and the Pearson Test of English (PTE).

**Degree Requirements**

**Course Requirements**

Each candidate must be competent in financial accounting, microeconomics and calculus and statistics prior to registration for Financial Management FIN 555. To ensure competence, students who have not completed the equivalent of Principles of Accounting I and II at the undergraduate level will be required to take Financial Accounting ACC 500. Students who have not completed Intermediate Microeconomics at the undergraduate level will be required to take Economics for Decision Making ECO 555. Students who do not pass a competency examination in calculus and statistics will be required to take Applied Quantitative Analysis GSB 420.

Students complete the MS in Real Estate by taking the seven required courses and at least five elective courses from the list of courses approved for elective credit.

- GSB 420 APPLIED QUANTITATIVE ANALYSIS
- RE 521 LEGAL ISSUES IN REAL ESTATE
- FIN 555 FINANCIAL MANAGEMENT
- RE 530 REAL ESTATE INVESTMENT AND FINANCE
- RE 531 REAL ESTATE FINANCE
- RE 533 REAL ESTATE MARKET ANALYSIS AND VALUATION
- RE 535 REAL ESTATE INVESTMENT
- Choose five from the following
  - RE 520 URBAN PLANNING AND PUBLIC POLICY
Degree Requirements

- Satisfactory completion of the college residency requirement.
- Satisfactory completion of the seven required courses, or their substitutes as approved by the Chair of Department of Real Estate.
- Satisfactory completion of at least five approved elective courses such that at least 48 quarter hours of applicable course work are completed toward the degree.
- All courses for credit toward the degree must be completed within six calendar years after the candidate’s first term of enrollment in the Kellstadt Graduate School of Business. After a lapse of six years a course is expired. An expired course is not acceptable for the purpose of satisfaction of degree requirements and is not applicable to the degree without the written approval of the director of the program or the Kellstadt Graduate School of Business.

Real Estate Finance and Investment (MBA)

The Real Estate Finance and Investment concentration is designed for students with a career interest in one of the five specializations in real estate: management and operations; finance and transactions; urban planning and management of public sector enterprises; research, market analysis and decision support; or development and entrepreneurship.

Admission Information

Applicants must possess the equivalent of a bachelor's degree from a regionally accredited institution. A prospective graduate student is expected to present a superior overall previous academic record and an above average total GMAT score (or GRE score where appropriate) including high achievement on the verbal, quantitative, and on the analytical writing assessment. The examination must have been taken no earlier than five years prior to the date of admission to the program.

Other factors, such as work experience and career progression, are also important and will be considered by the Admissions Committee. All applicants are required to submit two professional letters of recommendation as well as a current resume.

Non-native English speakers who have not completed a bachelor's or master's degree in the United States should submit scores from a recognized English proficiency test. The Kellstadt Graduate School of Business accepts results from TOEFL, IELTS and the Pearson Test of English (PTE).

**MBA Core Requirements**

**Course Requirements**

- ACC 500 FINANCIAL ACCOUNTING
- ACC 555 MANAGEMENT ACCOUNTING FOR DECISION-MAKING
- ECO 509 BUSINESS CONDITIONS ANALYSIS
- ECO 555 ECONOMICS FOR DECISION-MAKING
- FIN 555 FINANCIAL MANAGEMENT
- GSB 420 APPLIED QUANTITATIVE ANALYSIS
- GSB 599 STRATEGIC ANALYSIS FOR COMPETING GLOBALLY
- MGT 500 MANAGING FOR EFFECTIVE AND ETHICAL ORGANIZATIONAL BEHAVIOR
- MGT 502 OPERATIONS MANAGEMENT
- MGT 555 STRATEGIC MANAGEMENT OF HUMAN RESOURCES
Concentrations

In addition to the required core courses, students have six electives they can use to take courses in a specific area of interest. These electives are typically used by students to select one or more concentrations in the area(s) that offer the knowledge, skills, and abilities that best fit the student’s educational needs and interests.

While many students choose to have a specific area of concentration, those who would like more flexibility in selecting courses may choose the general business concentration instead. With this option, the student is free to choose six courses from several different areas of study within the graduate school of business.

If a student does not indicate a specific concentration of interest in the application for admission the student will be assigned to the general business concentration.

M.B.A. Options

Day M.B.A. (Full-time Accelerated)

The Day M.B.A. Program fulfills the business world’s demand for M.B.A. graduates with the ability to understand and manage complex business processes. Students who choose this program option will take all of their foundation and core classes in a full-time, lock step format during the first four terms of the program. Upon completion of the prerequisite core courses, students may begin taking their concentration classes at their own pace. Students in the Day M.B.A. Program may choose to specialize in any of the generally available MBA concentrations offered by the Kellstadt Graduate School of Business.

Evening M.B.A. (All Campuses)

All of the core course requirements for the M.B.A. are offered at the Loop and the Naperville and O'Hare suburban campuses. Required core courses are offered every quarter at the Loop campus but variably at the suburban campuses. All requirements are offered at least once each year at each of these locations.

Three full concentrations are available at each of the suburban campuses. These are Finance, Marketing Management and General Business. Electives applicable to other concentrations will be offered variably at the suburban locations but it may be necessary to travel to Loop campus to complete concentrations other than these three.

Weekend M.B.A. at O'Hare Campus

The Weekend M.B.A. Program is a rigorous yet rewarding program designed for the self-directed manager with an interest in using technology to supplement traditional M.B.A. course work. The curriculum provides knowledge in each of the major business functions along with specialized courses in Management and Finance such that students may earn concentrations in Finance and/or Operations Management as part of the weekend program. Upon completion of the required core sequence of courses, students are able to select concentration courses from among the more than 35 concentrations available to part-time M.B.A. students. Please note that only the Finance and Operations Management concentrations are available in the weekend format.

Each course is taught as a blend of traditional lecture and distance learning formats. Classes meet on alternate Saturdays at the O'Hare Campus. Students will work via distance learning in the weeks between class meetings. Admitted students will proceed through the program as a cohort group. Admission to the program is for fall quarter only.

Concentration Requirements

Course Requirements

The concentration is composed of four courses.
Relational Communication (MA)

The M.A. in Relational Communication will provide students with an understanding of communication across a variety of interpersonal contexts (e.g., close relationships, family communication, workplace relationships). The program is designed to help students learn how to effectively pursue their professional and personal goals through interpersonal communication. Through a blend of theory and practice, students will identify, analyze and understand how to manage relationships in both personal and professional contexts. This program will be of interest to individuals who either want to pursue an advanced graduate degree or are interested in broad range of careers across sales, management, and the service sector.

Admission Information

A bachelor’s degree from a regionally accredited college or university, or equivalent, is required for admission to the M.A. program. To be admitted, applicants must demonstrate, through past academic work, a capacity for achievement. The College of Communication looks at each application as a unique presentation of a candidate’s profile and will consider a variety of information sources. Admission decisions for the Relational Communication program will be based on the following:

- Official undergraduate transcripts (minimum grade point average of 3.0 on a 4-point scale).
- Application form and application fee.
- A writing sample (preferably a research paper that demonstrates the applicant’s ability to synthesize and criticize scholarly work).
- Personal essays (see application packet).
- Two current letters of recommendation written by faculty members and/or work supervisors familiar with the applicant’s academic and/or professional achievements.
- A professional resume.
- GRE scores are not required, but may be submitted to strengthen an application.
- An English language examination is required for applicants who have completed their undergraduate education outside the USA; a minimum TOEFL score of 96 (internet version) with each section score at 22 or higher; 243 (computer version) or 590 (paper version) is necessary for admission.

We currently admit students during Autumn, Winter, and Spring Quarters. The application deadline for Autumn Quarter is May 15. The application deadline for Winter Quarter is November 2. The application deadline for Spring Quarter is February 15. Applications received after these dates will be considered for the following quarter admission.
Degree Requirements

Course Requirements
The Master of Arts in Relational Communication requires 12 courses - two core courses, ten relational communication electives, plus a comprehensive final examination. Students who attain a 3.7 GPA or higher have the option to complete a culminating thesis rather than the 12th course and the comprehensive final exam.

Core Course
- RELC 500 RELATIONAL COMMUNICATION THEORIES

Methods Courses
Students choose one of the following:
- CMNS 581 QUALITATIVE RESEARCH METHODS
- CMNS 582 QUANTITATIVE RESEARCH METHODS

Elective Courses
Students choose ten courses from the following list:
- RELC 501 RELATIONSHIP MAINTENANCE
- RELC 502 ATTACHMENT & RELATIONAL COMMUNICATION
- RELC 503 READINGS IN INTERPERSONAL COMMUNICATION
- RELC 511 TOPICS IN INTERPERSONAL COMMUNICATION
- RELC 513 NONVERBAL COMMUNICATION
- RELC 514 FAMILY COMMUNICATION
- RELC 519 DARK SIDE OF INTERPERSONAL COMMUNICATION
- CMNS 530 INSTRUCTIONAL DEVELOPMENT
- CMNS 523 GENDERED COMMUNICATION
- CMN 591 INTERNSHIP

Students can take up to three elective courses outside of the program with permission from the graduate program director.

Comprehensive Final Examination or Thesis
Students in the Master of Arts in Relational Communication complete their degree requirements by writing a thesis or by completing a comprehensive final examination.

Grade Requirements
Students must maintain a 3.0 average in their graduate work to remain in good standing. Students who drop below this average will be placed on academic probation and expected to attain the minimum requirement within two quarters. Failure to do so will result in dismissal from the program. Students may take one or two courses per quarter to complete the program.

Revenue Management (MBA)
Revenue Management is an approach adopted by businesses that want to optimize their revenue stream. This is achieved by gaining a thorough understanding of the marketplace, the manipulation of product supply and demand, careful competitive positioning, and timing. The goal is to optimize income revenue from a fixed, but perishable inventory and use information to segment markets and adjust products through distribution channels. The ultimate challenge is to sell the right product to the right customer at the right time for the right price.
The revenue management concentration area focuses on the evolution of revenue management principles and practices within the hospitality sector. Revenue management concepts are addressed from a comprehensive perspective as they pertain to the importance of generating business revenues and contribution to overall financial performance within the hospitality industry. This field has advanced in both sophistication and complexity, increasing the need for enhanced development of human capital, investments in data analytics, and systems integrated approaches to successful revenue generation.

**Admission Information**

Applicants must possess the equivalent of a bachelor's degree from a regionally accredited institution. A prospective graduate student is expected to present a superior overall previous academic record and an above average total GMAT score (or GRE score where appropriate) including high achievement on the verbal, quantitative, and on the analytical writing assessment. The examination must have been taken no earlier than five years prior to the date of admission to the program.

Other factors, such as work experience and career progression, are also important and will be considered by the Admissions Committee. All applicants are required to submit two professional letters of recommendation as well as a current resume.

All prospective students are welcome to arrange a meeting with an admissions counselor. Please phone the graduate school office for an informal appointment. Interviews are not required as part of the admissions process for the part-time M.B.A. program, but may be requested by the Admissions Committee. Interviews for the full-time M.B.A. and weekend M.B.A. programs are on an invitation-only basis. Once a completed application has been received, a preliminary review is completed and selected candidates are invited to interview.

Each applicant is considered on an individual basis. The full-time and weekend M.B.A. programs do have limited enrollments, but for the other graduate business programs there currently is no predetermined limit to the number of students who can be admitted. Thus, for these programs, all students who are judged eligible by the Admissions Committee will be invited to matriculate.

**Graduate Management Admission Test (GMAT)**

To be considered for admission as a degree seeking student, an applicant will be required to submit a score from the Graduate Management Admission Test (GMAT). GMAT information including dates, a list of test centers, and applications for the exam may be obtained at www.mba.com or by contacting Pearsonvue at 1-800-717-4628. The GMAT score report must come directly from Pearsonvue. A test taken more than five years prior to the date of application is not considered valid for admission purposes and would have to be retaken. An exception may be made for individuals who hold a doctoral or other terminal degree awarded by an appropriately accredited institution. An exception may also be made for fully certified CPA's applying to the Master of Science in Taxation program. Applicants to the Master of Science in Human Resources Management and the Master of Science in Economics and Policy Analysis may submit either a GMAT or GRE (Graduate Records Examinations) score. As with the GMAT, GRE scores are valid for five years.

**Application Deadlines**

**For the day MBA program (Full-time):**

Admission to the Day M.B.A. program is competitive and is limited to the Autumn Quarter. There are three application rounds, with deadlines of February 1, April 1 and July 1. Application review begins in January, and you are encouraged to apply as early as possible. Decisions are mailed on an ongoing basis beginning in January, and applicants should expect to receive an admission decision approximately 4 weeks after their application becomes complete.

Applicants who wish to be considered for scholarships and graduate assistantships should apply during the first two application rounds. These awards are generally not available to applicants who apply after April 1.

Late applications submitted after the final July 1 deadline may be considered if space remains available in the incoming class.

**For the weekend MBA and MS in Economic Policy Analysis programs:**
Applications must be submitted by July 1st. Applications received after July 1st will be considered on a space available basis.

For all other graduate business programs:
Applications must be submitted by:

- July 1st for the Autumn Quarter
- October 1st for the Winter Quarter
- February 1st for the Spring Quarter
- April 1st for the Summer Quarter

Applicants educated outside the United States must submit their applications one month prior to the above deadlines.

Transcripts

Degree seeking applicants must present official transcripts from each junior college, college, and university attended (even if only for one course) including DePaul University, if applicable. Credits transferred and posted on the record of a second school do not constitute an official transcript of the original school. Transcripts that are already on file as part of a student record in another College Office at DePaul may be required to remain there and in that case cannot be transferred to the Graduate School of Business Office.

Applicants should write to the Registrar of each school attended, requesting that an official transcript be sent to the student. Once all of the transcripts have been received applicants should submit them to the graduate school office in their original envelopes with the applicant's name, date of birth and program of interest noted on the envelope. We will then add the transcripts to the applicant's admission file.

An applicant who is still taking courses or completing a program at the time he/she submits an application to the Graduate School of Business will not receive full admission until a final and official transcript listing the degree awarded has been submitted to the Admissions Committee. Please see Conditional Admission and Non-degree Status for more information regarding admission prior to posting of an undergraduate degree.

Readmission

A student previously admitted who has been absent from DePaul for one year or longer must complete the application form and submit a transcript of any courses taken elsewhere during his/her absence. A student must submit a written explanation of his/her absence from the program and an updated resume. A $30 application fee is required.

If the original application has been destroyed (after an absence of two years), the student may be required to complete a new application in full.

Special Instructions for International Applicants

Educational Credentials For International Students or Programs

Applicants must submit transcripts from all colleges and universities attended, including those attended but from which no credit was earned. Exceptions may be permitted for study-abroad credit when that credit is clearly defined and displayed on the home institution transcript.

Applicants with non-U.S. educational credentials for Winter term 2012 and beyond are required to submit their official educational credentials (e.g., transcripts, mark sheets, degree certificates, graduation diplomas) and evaluation fee directly to one of the three evaluation companies below:

- Educational Credential Evaluators, Inc.
- Educational Perspectives
- One Earth International Credential Evaluation

These evaluators will then provide DePaul with a general evaluation of their studies and certified copies of their international educational credentials which will be used during admission review. Please direct any questions about required credentials to the evaluation company you have selected and not to the Kellstadt Graduate School of Business. DePaul will not accept evaluations from any other evaluation companies and will not accept any educational credentials without an evaluation from ECE, EP or One Earth.

English Proficiency
Non-native English speakers who have not completed a bachelor's or master's degree in the United States should submit scores from a recognized English proficiency test. The Kellstadt Graduate School of Business accepts results from TOEFL, IELTS and the Pearson Test of English (PTE).

**MBA Core Requirements**

**Course Requirements**

- ACC 500 FINANCIAL ACCOUNTING
- ACC 555 MANAGEMENT ACCOUNTING FOR DECISION-MAKING
- ECO 509 BUSINESS CONDITIONS ANALYSIS
- ECO 555 ECONOMICS FOR DECISION-MAKING
- FIN 555 FINANCIAL MANAGEMENT
- GSB 420 APPLIED QUANTITATIVE ANALYSIS
- GSB 599 STRATEGIC ANALYSIS FOR COMPETING GLOBALLY
- MGT 500 MANAGING FOR EFFECTIVE AND ETHICAL ORGANIZATIONAL BEHAVIOR
- MGT 502 OPERATIONS MANAGEMENT
- MGT 555 STRATEGIC MANAGEMENT OF HUMAN RESOURCES
- MIS 555 MANAGEMENT OF INFORMATION TECHNOLOGY
- MKT 555 DECISIONS IN MARKETING MANAGEMENT

**Concentrations**

In addition to the required core courses, students have six electives they can use to take courses in a specific area of interest. These electives are typically used by students to select one or more concentrations in the area(s) that offer the knowledge, skills, and abilities that best fit the student’s educational needs and interests.

While many students choose to have a specific area of concentration, those who would like more flexibility in selecting courses may choose the general business concentration instead. With this option, the student is free to choose six courses from several different areas of study within the graduate school of business.

If a student does not indicate a specific concentration of interest in the application for admission the student will be assigned to the general business concentration.

**M.B.A. Options**

**Day M.B.A. (Full-time Accelerated)**

The Day M.B.A. Program fulfills the business world’s demand for M.B.A. graduates with the ability to understand and manage complex business processes. Students who choose this program option will take all of their foundation and core classes in a full-time, lock step format during the first four terms of the program. Upon completion of the prerequisite core courses, students may begin taking their concentration classes at their own pace. Students in the Day M.B.A. Program may choose to specialize in any of the generally available MBA concentrations offered by the Kellstadt Graduate School of Business.

**Evening M.B.A. (All Campuses)**

All of the core course requirements for the M.B.A. are offered at the Loop and the Naperville and O'Hare suburban campuses. Required core courses are offered every quarter at the Loop campus but variably at the suburban campuses. All requirements are offered at least once each year at each of these locations.

Three full concentrations are available at each of the suburban campuses. These are Finance, Marketing Management and General Business. Electives applicable to other concentrations will be offered variably at the suburban locations but it may be necessary to travel to Loop campus to complete concentrations other than these three.

**Weekend M.B.A. at O'Hare Campus**

The Weekend M.B.A. Program is a rigorous yet rewarding program designed for the self-directed manager with an interest in using technology to supplement traditional M.B.A. course work. The curriculum provides knowledge in each of the major business functions along with specialized courses in Management and Finance
such that students may earn concentrations in Finance and/or Operations Management as part of the weekend program. Upon completion of the required core sequence of courses, students are able to select concentration courses from among the more than 35 concentrations available to part-time M.B.A. students. Please note that only the Finance and Operations Management concentrations are available in the weekend format.

Each course is taught as a blend of traditional lecture and distance learning formats. Classes meet on alternate Saturdays at the O'Hare Campus. Students will work via distance learning in the weeks between class meetings. Admitted students will proceed through the program as a cohort group. Admission to the program is for fall quarter only.

Concentration Requirements

Course Requirements

- HSP 561 REVENUE MANAGEMENT
- HSP 562 HOSPITALITY DISTRIBUTION CHANNELS
- Choose one from the following
  - MKT 534 ANALYTICAL TOOLS FOR MARKETERS
  - MKT 530 CUSTOMER RELATIONSHIP MANAGEMENT
  - MKT 545 CONSUMER BEHAVIOR
  - MKT 595 INTERNET AND INTERACTIVE MARKETING
  - MKT 798 SPECIAL TOPICS : PRICING STRATEGY

Science Education (MS)

The Master of Science in Science Education (MSSE) program provides a broad content-based science curriculum for the preparation of master teachers of science. The program is focused on contemporary, inquiry based science content and integrates the most current research findings on how students learn science. It encourages and models the skills of scientific inquiry, as well as the curiosity, openness to new ideas, and skepticism that characterize science. Some of the unique features of the program include a strong emphasis on contemporary science content; the use of inquiry-based learning; the integration of mathematics and technology; and the incorporation of the Next Generation Science Standards.

The Program requires 12 courses (48 credit hours) and draws upon faculty in both the College of Science and Health and the College of Education. The first three courses, Ecology and the Nature of Science, Mathematical Modeling for Middle School Teachers, and Foundations of Physical Science II, are foundational and are intended to be taken early in the program. These courses explore the nature of scientific inquiry from both a historical and contemporary perspective, and they introduce key quantitative concepts and methods in science. The following eight courses, focusing on specific scientific disciplines, can be taken in any order. Reflecting increased emphasis on earth and space science in state and national science standards in the grades 6-9, this set of courses include Astronomy, Geology and Planetary Science, Environmental Science, and Heat and Energy, and in addition to the core subjects of Physics, Chemistry, and Biology. A capstone course in the teaching of science specifically focusing on national and state standards for science and on the latest research in science teaching and learning concludes the program. The capstone course includes action research in the classroom.

The MSSE was designed to help currently certified teachers advance toward endorsement in Middle School General Science and NCLB "highly qualified" status in the State of Illinois. Endorsement is based on a transcript evaluation of university level work in science and education.

Support of the program is managed through DePaul University's STEM (Science, Technology, Engineering, and Mathematics) Center.
The program provides a supportive environment for all teachers, including members of groups traditionally underrepresented in science, and encourages a broad perspective on science and its continuing important role in our society.

**Admission Information**

For full admission into the Master of Science in Science Education (MSSE) program, students must have a Bachelor’s degree with evidence of excellent undergraduate performance.

All applicants must provide the following materials in the application process:

1. a completed University on-line graduate application including official transcripts
2. an MSSE supplemental application form which can be obtained from the DePaul University STEM Center, 990 W. Fullerton Suite 4400, Chicago, IL, 60614.

**Degree Requirements**

**Course Requirements**

**Core Courses**

- STEM 405 ECOLOGY FOR TEACHERS
- STEM 412 FOUNDATIONS OF PHYSICAL SCIENCE II
- STEM 490 SCIENCE TEACHING CAPSTONE

**Additional Courses**

- Nine courses chosen from the following list:
  - STEM 409 MATHEMATICAL METHODS FOR MIDDLE SCHOOL SCIENCE TEACHERS
  - STEM 410 TOPICS FOR TEACHERS
  - STEM 411 FOUNDATIONS OF PHYSICAL SCIENCE I
  - STEM 413 LIGHT AND WAVES
  - STEM 420 CHEMISTRY FOR TEACHERS
  - STEM 421 CELL BIOLOGY FOR TEACHERS
  - STEM 422 EVOLUTION AND DIVERSITY FOR TEACHERS
  - STEM 423 PLANT AND ANIMAL BIOLOGY FOR TEACHERS
  - STEM 425 TOPICS IN LIFE SCIENCES FOR TEACHERS
  - STEM 430 ASTROBIOLOGY FOR TEACHERS
  - STEM 431 ASTRONOMY FOR TEACHERS
  - STEM 432 GEOLOGY AND PLANETARY SCIENCE FOR TEACHERS
  - STEM 440 HEAT AND ENERGY FOR TEACHERS
  - STEM 441 WEATHER AND CLIMATE FOR TEACHERS
  - STEM 442 ENVIRONMENTAL SCIENCE FOR TEACHERS
Probation and Dismissal

A student is subject to probation as soon as his/her graduate cumulative GPA falls below 2.500. The student remains on probation until four more courses are taken, at which time another evaluation is made. If, at that time, the student has failed to raise his/her cumulative GPA to the required level of 2.500 the student may be dismissed for poor scholarship, and prohibited from registering for additional course work.

A student who has been dismissed may, after a period of time, petition for reinstatement. The petition, addressed to the dean of the college, would provide information that would demonstrate a change in the student's circumstances to an extent that would support successful completion of the student's degree program. The dean's decision, based upon the merits of the petition and the recommendation of program director, may, if favorable, stipulate conditions of reinstatement. The dean has the discretion to reject the recommendation for reinstatement.

Readmission

If you were previously enrolled in a graduate program in the College of Science and Health but have not been in attendance for a period of one calendar year or longer, but not more than four calendar years, you must complete a readmission application with the Office of Graduate Admission. (If more than four years have elapsed since you have been in attendance, you must file a new application.) The application must be submitted at least two weeks prior to the day of registration for the term in which you expect to resume your studies. Official copies of transcripts recording scholastic work taken while not enrolled at DePaul University must be submitted. As a policy, students are held to the degree requirements that are in force at the time of readmission.

Transfer Credit

In general, it is not encouraged that students seek to transfer in credit for the Master of Science in Science Education (MSSE) program. In exceptional cases, a maximum of eight quarter hours (or six semester system courses) may be transferred from another institution or program to count toward the graduate degree. Requests to transfer courses must be approved by the program director. Students may not substitute any other course for the capstone requirement.

Undergraduate Courses

No undergraduate-level courses or credit may count toward MSSE graduate course requirements.

Graduation Requirements

You must have successfully completed all of the degree requirements as listed in the catalog under which you were admitted. Students need to achieve a minimum cumulative grade point average of 2.500 to graduate.

Graduation with Distinction

To graduate with distinction from the MSSE program, students must have earned a cumulative 3.75 GPA or higher for coursework applied toward the MSSE degree.

Program Time Limitation

Graduate students in master's programs are expected to complete their program degree requirements within a six-year period from the first registration date for a course in the program. When a graduate student fails to finish before the end of the sixth year, the department or program director may recommend, on receipt of the student's petition, in writing, an extension of time with or without additional courses, examinations, or other conditions.
Screenwriting (MFA)

The Master of Fine Arts (MFA) in Screenwriting is a terminal degree in writing for film and television. The program provides aspiring writers with a demanding curriculum designed to cultivate their talents and provide them with the skills necessary to become successful members of the film and television industry. This highly selective program culminates in the completion of an MFA thesis screenplay or teleplay.

Admission Information

Admission information for this program can be found in the Graduate Admission page on the CDM web site under Prospective Students. (http://www.cdm.depaul.edu/Prospective%20Students/Pages/GraduateAdmissions.aspx)

Degree Requirements

Course Requirements

- DC 501 STORYTELLING FOR THE SCREENWRITER
- DC 502 STORY STRUCTURES
- DC 503 FEATURE FILM DEVELOPMENT
- DC 402 WRITING THE FEATURE I
- DC 400 WRITING THE TELEVISION SPEC SCRIPT
- DC 403 WRITING THE FEATURE II
- DC 405 TOPICS IN SCREENWRITING
- DC 480 PROJECT BLUELIGHT
- DC 561 THESIS I
- DC 406 WRITING THE SITCOM
  or DC 407 WRITING THE EPISODIC DRAMA
- DC 562 THESIS II
- DC 408 WRITING ON ASSIGNMENT
- DC 563 THESIS III
- DC 505 INDUSTRY SEMINAR
- 2 CIM or MCS Electives

CIM or MCS Electives

CIM or MCS electives include any graduate level ANI, DC, GAM, GD, GPH, HCI, MCS or VFX courses.

MFA Thesis

Students in the MFA in Screenwriting program must complete a MFA Thesis project which consists of a feature length screenplay or original television pilot and future episode. We expect the thesis projects to be at a level of quality that would warrant representation by literary agents and managers. Satisfactory completion of the MFA Thesis project is determined by the MFA Advisor Committee (see below).

Student’s MFA Advisor Committee

Prior to beginning their second year, all MFA candidates will be assigned two thesis committee members. The
candidate will select a third thesis committee member from all CIM faculty and, upon acceptance of the student's request, this faculty member will make up the third member of the candidate's MFA Advisor Committee. This committee will conduct a portfolio review prior to the beginning of the second year to ensure the student is making proper progress towards his or her degree. The MFA Advisor Committee will offer suggestions and feedback on the student's work and help guide the student during the thesis phase of the program.

**MFA Thesis Timeline**

MFA in Screenwriting students are required to turn in a first draft of their thesis project by December 31st following the fall quarter of their final year. The thesis committee will provide notes on the project by January 31st. Candidates will turn in a final draft of their project by May 1st during their final year. The thesis committee will review the thesis project and decide whether the MFA candidate should be awarded the degree. If the committee does not deem the project ready for approval, the student will be given notes and asked to resubmit their project. Students may resubmit up to three additional times. If a student's project is not deemed passable after the fourth time, the student will not receive the MFA. Students have eighteen months from the submission of their first draft to obtain the committee's approval or the degree will not be awarded.

**Degree Requirements**

Students in the MFA in Animation degree program must meet the following requirements:

- Complete a minimum of 64 graduate credit hours in the designated degree program.
- Complete all graduate courses and requirements listed in the designated degree program.
- Earn a grade of C- or better in all graduate courses of the designated degree program.
- Maintain a cumulative GPA of 2.5 or higher.
- Satisfactorily complete the MFA thesis as determined by the student's MFA Advisor Committee.
- Students cannot count credit earned towards a previously awarded master's or MFA degree toward the completion of this MFA program.

For DePaul's policy on repeat graduate courses and a complete list of academic policies see the DePaul Graduate Handbook

**Sample Schedule**

**First Year**

**Fall Quarter**

- DC 501 STORYTELLING FOR THE SCREENWRITER
- DC 502 STORY STRUCTURES
- **DC 503 FEATURE FILM DEVELOPMENT**

**Winter Quarter**

- DC 402 WRITING THE FEATURE I
- DC 400 WRITING THE TELEVISION SPEC SCRIPT

**Spring Quarter**

- DC 403 WRITING THE FEATURE II
- DC 405 TOPICS IN SCREENWRITING
- 1 CIM or MCS Elective

**Summer Quarter**

- DC 480 PROJECT BLUELIGHT

**Second Year**
Fall Quarter

- DC 561 THESIS I
- DC 406 WRITING THE SITCOM
- or DC 407 WRITING THE EPISODIC DRAMA
- 1 CIM or MCS Elective

Winter Quarter

- DC 562 THESIS II
- DC 408 WRITING ON ASSIGNMENT

Spring Quarter

- DC 563 THESIS III
- DC 505 INDUSTRY SEMINAR

Social and Cultural Foundations in Education (MA)

The Social and Cultural Foundations Program is committed to inquiry that examines the relationship of schooling, education, and educational policy to social justice and cultural democracy. The program is an interdisciplinary one, designed to appeal to students seeking alternatives to more specialized or technical programs of study in education. This program is designed to attract educators, leaders, and individuals with bachelor’s degrees who have broad interests in educational policy but who may not be professional educators. This program anticipates that students pursuing this degree will come from a variety of professional backgrounds involving different forms of educational work such as media, private foundations, museums, community organizations, labor unions, higher education, K-12 schools, and others. Reasons for pursuing a Master's degree in Social and Cultural Foundations in Education include personal and professional enhancement, research for private foundations, adult education and training, preparation for doctoral work for university teaching, careers in higher education, and others.

The program provides students the opportunity to study education, not only as schooling, but broadly as a dynamic cultural and political force that unfolds in a wide range of shifting and overlapping sites of learning. Students will consider education as a dynamic process that shapes social identities and social life as well as the learning of values and beliefs, all of which are central to how people make cognitive and emotional investments and act in the world. As such, education is a significant force in creating, maintaining, and challenging assumptions of neutrality and hierarchies of race, ethnicity, gender, class, and sexual difference. From this perspective, education is an indispensable tool for creating conditions for social justice and democratic life. In
this context, students investigate the pedagogical and cultural conditions necessary for supporting the flourishing of human agency and the redefinition of human engagement in social life.

The EPSR faculty bring expertise from a variety of disciplines and fields within educational policy studies: the sociology of education, the philosophy of education, the history of education, the psychology of education and human development, critical pedagogy, cultural studies, feminist studies, urban studies, critical race studies, research methods and more. The faculty also has a diverse range of interests in areas such as globalization, peace and human rights education, social theory and social construction of knowledge; the role of education in the production of inequalities of race, gender, class, sexuality, and language; socially situated theories of learning and teaching; and the role of education in the construction of culture and social identities.

Given the interdisciplinary approach to the study of education of this degree program, students have the opportunity with the approval of their faculty advisor to take at least 20 hours of elective courses outside of the Social and Cultural Foundations in Education Program as well as the College of Education. Choices of electives include, but are not limited to, courses in departments and programs such as Communication, Philosophy, Women’s Studies, American Studies, International Studies, Public Policy, and Sociology.

Certification Option

Students seeking the Master's degree in Social and Cultural Foundations in Education have the option to also pursue an Illinois initial or subsequent teaching certificate. Please consult your academic advisor as an additional program application may be required.

Admission Information

Admission Requirements

Students entering the program must be able and willing to commit themselves to a program that requires time and intense work. Students must show strong promise to do rigorous, critical, and creative intellectual work; be critically self-reflective about their ideas, attitudes, and values; and be committed to the academic goals of the program.

- A completed College of Education graduate application
- A bachelor's degree conferred by an accredited, recognized institution
- A previous grade point average of 2.75 or above on a 4.0 scale
- One official transcript from each college or university attended
- Three academic letters of reference
- Resume
- A written, personal statement indicating reasons for wanting to enter the program and what the candidate has done since receiving a bachelor's degree
- An interview with the admissions committee of the Social and Cultural Foundations in Education Master's Program may be requested
- A writing sample (e.g., a term paper, seminar paper, or senior thesis or portion thereof)

College Requirements

Dispositions

The academic programs within the College of Education have set forth these dispositions as educational and professional expectations for all students. Students should be aware that failing to abide by DePaul University or College of Education policies including, under certain circumstances, these dispositions, could result in adverse consequences for the student, including removal from his or her program, the College of Education, or the
University.

- Values and is committed to a critical orientation toward understanding key theories and concepts in the foundations of education
- Is receptive to faculty feedback and acts meaningfully and professionally upon suggestions
- Understands the importance of and is committed to clear oral and written communication, both in traditional and in new and emerging digital formats
- Demonstrates a willingness to engage course texts and requirements
- Demonstrates sensitivity to and respect for diverse identities, cultures, and lived experiences
- Demonstrates and advocates social justice principles in the classroom with students and colleagues and in clinical settings
- Is committed to collaboration with colleagues, families, and communities in order to promote all students' learning and development
- Recognizes and fulfills professional responsibilities and habits of conduct (e.g., dress, language, preparedness, attendance, punctuality, etc.)
- Demonstrates collegiality, honesty, good judgment, courtesy, respect, and diplomacy in relationships with student colleagues and faculty

Degree Conferral and Graduation

The awarding of a degree is not automatic. You must submit an application to be considered for the degree. DePaul awards and posts degrees at the end of each regular academic term (autumn, winter, spring, summer I and summer II).

It is your responsibility to initiate the degree conferral application process by submitting an online application. Submitting an application means you intend to finish your degree requirements by the end of the term for which you have applied.

Graduate students must be approved for student teaching and complete student teaching, seminar, and induction courses to be cleared for the degree. Student must submit graduation application for the quarter you are completing the final course (student teaching is considered a course).

After you submit the application, you cannot register for any term after the one selected in the application.

Application deadlines are as follows:
- Fall Quarter - October 1st
- Winter Quarter - January 15th
- Spring Quarter - February 1st
- Summer I Quarter - June 1st
- Summer II Quarter - July 15th

To apply for degree conferral, log on to Campus Connection. Select FOR STUDENTS, then GRADUATION, then APPLY FOR DEGREE CONFERRAL. On screen instructions will take you through the application process.

Provided that all requirements and financial obligations are met, degrees are posted 30 days after the official end of the term. Official dates are listed on the Academic Calendar.

DePaul holds one commencement ceremony each year in June. If you intend to participate, you must first apply for degree conferral for the current academic year and then submit a cap and gown order. Honors are not announced at the ceremony for undergraduates completing their final courses in spring quarter because a final GPA is not available at the time of the ceremony.

Additional information about degree conferral and graduation can be found on the College of Education website.
Degree Requirements

Course Requirements

Theoretical Core Courses: 20 quarter hours required, grade of C or better required

- SCG 527 GLOBAL ISSUES IN EDUCATION
- SCG 603 PROSEMINAR: CULTURE AND EDUCATION
- SCG 604 PROSEMINAR: IDENTITY CONSTRUCTIONS AND NEGOTIATIONS
- SCG 608 PROSEMINAR: IDEOLOGY, POWER AND POLITICS
- SCG 611 PROSEMINAR: PHILOSOPHICAL STUDIES IN EDUCATION, CULTURE AND ETHICS

Research Inquiry Core Courses: 8 quarter hours required, grade of C or better required

- SCG 610 INTRODUCTION TO RESEARCH METHODS
- SCG 635 ADVANCED QUALITATIVE RESEARCH METHODOLOGIES

Five Elective Courses with Faculty Advisor Approval: 20 quarter hours required, grade of C or better required

*Prior to selecting electives, students are required to complete the first 4 Proseminar courses: SCG 527, 603, 604 and 608. In the Spring Term of their first year in addition to SCG 611, students are allowed to sign up for one elective course.

- College of Education Electives (8 quarter hours)
- Non-College of Education Electives (12 quarter hours)

Students have the option to pursue the Education Technology and Society concentration to complete 5 prescribed courses in lieu of the electives. Please see the separate concentration section for course information.

Thesis Course: 4 quarter hours, grade of C or better required

- SCG 636 THESIS RESEARCH (4 quarter hours)

The student prepares a thesis, which is a report of the results of an original investigation. Before beginning work on the thesis, the student must obtain approval of the subject and general plan from their Thesis Advisor. The Thesis Advisor must be an EPSR faculty member (and not necessarily the originally assigned Faculty Advisor). Additional Thesis Committee members are optional based upon discussion between a student and his/her Thesis Advisor. It is advised that students select their thesis chair no later than the spring quarter of the second year. The College of Education Thesis Handbook outlines the policies and procedures needed to successfully satisfy the thesis requirement. The College of Education Thesis Handbook can be obtained from the Department of Educational Policy Studies and Research office or on the College of Education website.

Course Registration

Registration for SCFE Master's degree core courses is different from regular registration. The SCFE students are granted access to registration for SCFE core courses. If a student has special circumstances and cannot register for all cores offered in a term, this must be discussed with and approved by that student's SCFE faculty advisor prior to the start of the term. Course registration for electives is the same as for all College of Education students.
Concentration Requirements

SCFE Education, Technology and Society Concentration

Students may elect to declare the Education, Technology and Society Concentration. These courses take the place of the Five Elective Courses.

20 quarter hours required, grade of C or better required

- CS 460 LEARNING IN A TECHNOLOGY-SUPPORTED CLASSROOM
- SCG 402 PSYCHOLOGY OF LEARNING
- SCG 614 CRITICAL MEDIA LITERACY
- SCG 615 THEORIZING IN EDUCATION, TECHNOLOGY AND SOCIETY
- SCG 582 PRACTICUM IN EDUCATIONAL TECHNOLOGY AND NEW MEDIA

Social and Cultural Foundations in Education (MED)

The Social and Cultural Foundations Program is committed to inquiry that examines the relationship of schooling, education, and educational policy to social justice and cultural democracy. The program is an interdisciplinary one, designed to appeal to students seeking alternatives to more specialized or technical programs of study in education. This program is designed to attract educators, leaders, and individuals with bachelor’s degrees who have broad interests in educational policy but who may not be professional educators. This program anticipates that students pursuing this degree will come from a variety of professional backgrounds involving different forms of educational work such as media, private foundations, museums, community organizations, labor unions, higher education, K-12 schools, and others. Reasons for pursuing a Master's degree in Social and Cultural Foundations in Education include personal and professional enhancement, research for private foundations, adult education and training, preparation for doctoral work for university teaching, careers in higher education, and others.

The program provides students the opportunity to study education, not only as schooling, but broadly as a dynamic cultural and political force that unfolds in a wide range of shifting and overlapping sites of learning. Students will consider education as a dynamic process that shapes social identities and social life as well as the learning of values and beliefs, all of which are central to how people make cognitive and emotional investments and act in the world. As such, education is a significant force in creating, maintaining, and challenging assumptions of neutrality and hierarchies of race, ethnicity, gender, class, and sexual difference. From this perspective, education is an indispensable tool for creating conditions for social justice and democratic life. In this context, students investigate the pedagogical and cultural conditions necessary for supporting the flourishing of human agency and the redefinition of human engagement in social life.

The EPSR faculty bring expertise from a variety of disciplines and fields within educational policy studies: the sociology of education, the philosophy of education, the history of education, the psychology of education and human development, critical pedagogy, cultural studies, feminist studies, urban studies, critical race studies, research methods and more. The faculty also has a diverse range of interests in areas such as globalization, peace and human rights education, social theory and social construction of knowledge; the role of education in the production of inequalities of race, gender, class, sexuality, and language; socially situated theories of learning and teaching; and the role of education in the construction of culture and social identities.

Given the interdisciplinary approach to the study of education of this degree program, students have the opportunity with the approval of their faculty advisor to take at least 20 hours of elective courses outside of the Social and Cultural Foundations in Education Program as well as the College of Education. Choices of electives include, but are not limited to, courses in departments and programs such as Communication, Philosophy, Women’s Studies, American Studies, International Studies, Public Policy, and Sociology.

Certification Option

Students seeking the Master’s degree in Social and Cultural Foundations in Education have the option to also
pursue an Illinois initial or subsequent teaching certificate. Please consult your academic advisor as an additional program application may be required.

Admission Information

Admission Requirements

Students entering the program must be able and willing to commit themselves to a program that requires time and intense work. Students must show strong promise to do rigorous, critical, and creative intellectual work; be critically self-reflective about their ideas, attitudes, and values; and be committed to the academic goals of the program.

- A completed College of Education graduate application
- A bachelor’s degree conferred by an accredited, recognized institution
- A previous grade point average of 2.75 or above on a 4.0 scale
- One official transcript from each college or university attended
- Three academic letters of reference
- Resume
- A written, personal statement indicating reasons for wanting to enter the program and what the candidate has done since receiving a bachelor’s degree
- An interview with the admissions committee of the Social and Cultural Foundations in Education Master’s Program may be requested
- A writing sample (e.g., a term paper, seminar paper, or senior thesis or portion thereof)

College Requirements

Dispositions

The academic programs within the College of Education have set forth these dispositions as educational and professional expectations for all students. Students should be aware that failing to abide by DePaul University or College of Education policies including, under certain circumstances, these dispositions, could result in adverse consequences for the student, including removal from his or her program, the College of Education, or the University.

- Values and is committed to a critical orientation toward understanding key theories and concepts in the foundations of education
- Is receptive to faculty feedback and acts meaningfully and professionally upon suggestions
- Understands the importance of and is committed to clear oral and written communication, both in traditional and in new and emerging digital formats
- Demonstrates a willingness to engage course texts and requirements
- Demonstrates sensitivity to and respect for diverse identities, cultures, and lived experiences
- Demonstrates and advocates social justice principles in the classroom with students and colleagues and in clinical settings
- Is committed to collaboration with colleagues, families, and communities in order to promote all students’ learning and development
- Recognizes and fulfills professional responsibilities and habits of conduct (e.g., dress, language, preparedness, attendance, punctuality, etc.)
- Demonstrates collegiality, honesty, good judgment, courtesy, respect, and diplomacy in relationships with student colleagues and faculty

Degree Conferral and Graduation
The awarding of a degree is not automatic. You must submit an application to be considered for the degree. DePaul awards and posts degrees at the end of each regular academic term (autumn, winter, spring, summer I and summer II).

It is your responsibility to initiate the degree conferral application process by submitting an online application. Submitting an application means you intend to finish your degree requirements by the end of the term for which you have applied.

Graduate students must be approved for student teaching and complete student teaching, seminar, and induction courses to be cleared for the degree. Student must submit graduation application for the quarter you are completing the final course (student teaching is considered a course).

After you submit the application, you cannot register for any term after the one selected in the application.

Application deadlines are as follows:
Fall Quarter - October 1st
Winter Quarter - January 15th
Spring Quarter - February 1st
Summer I Quarter - June 1st
Summer II Quarter - July 15th

To apply for degree conferral, log on to Campus Connection. Select FOR STUDENTS, then GRADUATION, then APPLY FOR DEGREE CONFERRAL. On screen instructions will take you through the application process.

Provided that all requirements and financial obligations are met, degrees are posted 30 days after the official end of the term. Official dates are listed on the Academic Calendar.

DePaul holds one commencement ceremony each year in June. If you intend to participate, you must first apply for degree conferral for the current academic year and then submit a cap and gown order. Honors are not announced at the ceremony for undergraduates completing their final courses in spring quarter because a final GPA is not available at the time of the ceremony.

Additional information about degree conferral and graduation can be found on the College of Education website.

Degree Requirements

Course Requirements

Theoretical Core Courses: 20 quarter hours required, grade of C or better required

- SCG 527 GLOBAL ISSUES IN EDUCATION
- SCG 603 PROSEMINAR: CULTURE AND EDUCATION
- SCG 604 PROSEMINAR: IDENTITY CONSTRUCTIONS AND NEGOTIATIONS
- SCG 608 PROSEMINAR: IDEOLOGY, POWER AND POLITICS
- SCG 611 PROSEMINAR: PHILOSOPHICAL STUDIES IN EDUCATION, CULTURE AND ETHICS

Research Inquiry Core Courses: 8 quarter hours required, grade of C or better required

- SCG 610 INTRODUCTION TO RESEARCH METHODS
- SCG 635 ADVANCED QUALITATIVE RESEARCH METHODOLOGIES

Seven Elective Courses with Faculty Advisor Approval: 28 quarter hours required, grade of C or better required

*Prior to selecting electives, students are required to complete the first 4 Proseminar courses: SCG 527, 603, 604 and 608. In the Spring Term of their first year in addition to SCG 611, students are allowed to sign up for one elective course.
College of Education Electives (8 quarter hours required; 4-8 quarter additional hours optional)

Non-College of Education Electives (12 quarter hours required; 4-8 quarter additional hours optional)

Students have the option to pursue the Education Technology and Society concentration to complete 5 required courses in lieu of five of the electives. Please see the separate concentration section for course information.

**Capstone Course: Non-credit, non-tuition, PA grade required**

- SCG 637 CAPSTONE: SOCIAL AND CULTURAL FOUNDATIONS IN EDUCATION

Upon completion of all course work the student will work with a Capstone Advisor to discuss possible paper topics. The Capstone Advisor must be an EPSR faculty member (and not necessarily the originally assigned Faculty Advisor). The paper will generally consist of library-based research and will typically be 20-25 pages in length.

**Course Registration**

Registration for SCFE Master’s degree core courses is different from regular registration. The SCFE students are granted access to registration for SCFE core courses. If a student has special circumstances and cannot register for all cores offered in a term, this must be discussed with and approved by that student's SCFE faculty advisor prior to the start of the term. Course registration for electives is the same as for all College of Education students.

**Concentration Requirements**

SCFE Education, Technology and Society Concentration

20 quarter hours required, grade of C or better required

- CS 460 LEARNING IN A TECHNOLOGY-SUPPORTED CLASSROOM
- SCG 402 PSYCHOLOGY OF LEARNING
- SCG 614 CRITICAL MEDIA LITERACY
- SCG 615 THEORIZING IN EDUCATION, TECHNOLOGY AND SOCIETY
- SCG 582 PRACTICUM IN EDUCATIONAL TECHNOLOGY AND NEW MEDIA

**Social Work (MSW)**

The Master of Social Work (M.S.W.) degree program is designed to prepare students for advanced social work, with an emphasis on community practice. The M.S.W. degree prepares its graduates for work and leadership in broad and varied human service organizations which span child welfare, health and mental health, community planning, family services and the like.

All students are required to complete 92 quarter hour credits; this includes 24 hours of field education. The program can be completed in either a full-time (two years) or part-time (four years) basis. The curriculum consists of foundation (beginning) and concentration (or advanced) content ranging from professional writing, human behavior, social welfare policy, social work research, program evaluation, fund development, and beginning and advanced community practice.
Admission Information

Applicants for the M.S.W. program must have a baccalaureate degree from an accredited institution (in any field) and submit a completed admissions application (which requires transcripts, references, an updated resume, personal statement, and a processing fee). Graduates of CSWE-accredited baccalaureate programs have the opportunity to apply for advanced standing admissions. Students must indicate which option (full-time, part-time or advanced standing) they are requesting at the time of application.

Degree Requirements

Course Requirements

- MSW 401 PROFESSIONAL WRITING AND DEVELOPMENT
- MSW 411 HUMAN BEHAVIOR AND THE SOCIAL ENVIRONMENT I
- MSW 412 HUMAN BEHAVIOR AND THE SOCIAL ENVIRONMENT II
- MSW 421 INTRODUCTION TO SOCIAL WORK RESEARCH I
- MSW 422 ADVANCED SOCIAL WORK RESEARCH II
- MSW 431 SOCIAL WELFARE POLICY I
- MSW 432 ADVANCED SOCIAL WELFARE POLICY II
- MSW 450 SPECIAL TOPICS IN SOCIAL WORK
- MSW 481 FOUNDATION PRACTICE I
- MSW 491 FOUNDATION FIELD EDUCATION I
- MSW 482 FOUNDATION PRACTICE II
- MSW 492 FOUNDATION FIELD EDUCATION II
- MSW 483 FOUNDATION PRACTICE III
- MSW 493 FOUNDATION FIELD EDUCATION III
- MSW 484 ADVANCED STANDING FOUNDATION PRACTICE
- MSW 494 ADVANCED STANDING FOUNDATION FIELD EDUCATION
- MSW 499 INDEPENDENT STUDY
- MSW 501 PROGRAM EVALUATION
- MSW 521 FUND DEVELOPMENT AND MANAGEMENT I
- MSW 522 FUND DEVELOPMENT AND MANAGEMENT II
- MSW 581 COMMUNITY PRACTICE I
- MSW 591 ADVANCED FIELD EDUCATION I
- MSW 582 COMMUNITY PRACTICE II
- MSW 592 ADVANCED FIELD EDUCATION II
- MSW 583 COMMUNITY PRACTICE III
- MSW 593 ADVANCED FIELD EDUCATION III
- 4 credit hours of graduate level study (400 and above) as an elective

Notice for Graduates of CSWE-Accredited Baccalaureate Programs

Every candidate for the M.S.W. degree has to demonstrate competencies in the professional foundation of social work. Graduates of CSWE-accredited baccalaureate programs have the opportunity to apply for advanced standing admissions in which some of the required, foundation coursework can be waived if applicants received a grade of ‘B’ or better. These courses are limited to the following:

- MSW 411
- MSW 412
- MSW 481
- MSW 482
- MSW 483
- MSW 491
- MSW 492
- MSW 493
- MSW 421 (Introduction to Social Work Research)
- MSW 431 (Social Welfare Policy I)
Applicants are assessed at the time of admissions. Students who do not qualify for advanced standing consideration may nonetheless be eligible for individual course waivers for MSW 411, MSW 421, and MSW 431. The waivers will not count as graduate credits earned and all students granted course waivers status must meet all other requirements of the program, including a minimum of 56 earned graduate credit hours for degree completion.

Sociology (MA)

The graduate program in Sociology enables students to study sociological principles, ways of knowing, and sociological findings in areas of current interest and commitment. Training at the master’s level in sociology is applicable to employment in such areas as law enforcement, corrections services, urban planning, public and private administration, marketing, health and welfare services, youth services, community organizations, and education. The M.A. in Sociology can serve as preparation for entry into Ph.D. programs and professional training.

A limited number of assistantships and tuition remission scholarships are available to graduate students. Additional information is available upon written or e-mail request to the chair or graduate program director of the Department of Sociology.

Admission Information

Application materials required are

- official transcripts from every college and university attended and
- a written personal statement.

The personal statement should reflect on past coursework and/or experiences in sociology and related fields; discuss future goals; and explain why this particular program appeals to you. We do not require the GRE or letters of recommendation but feel free to submit these with your other materials.

Prospective students should fill out the online application at http://www.depaul.edu/admission-and-aid/types-of-admission/graduate-student/Pages/las.aspx

New students will be admitted for either autumn or winter quarter. Application deadlines are as follows:
Autumn Quarter: July 15
Winter Quarter: December 1

The department of sociology admits students with a bachelor’s degree who show definite promise for completing the requirements for the advanced degree. Successful applicants will demonstrate a strong academic record, past courses and/or experience in sociology or related fields, and an interest in pursuing a career related to sociology.

Students who have not taken undergraduate statistics with a B- or better will be required to complete SOC 402 STATISTICS FOR THE SOCIAL SCIENCES. SOC 402 carries graduate credit and can be counted among the twelve courses for the degree.

Graduate Admissions
College of Liberal Arts and Social Sciences
DePaul University
2400 N. Sheffield Ave.
Chicago, IL 60614
Degree Requirements

Course Requirements

- SOC 404 CLASSICAL AND MODERN THEORY
- SOC 405 SOCIOLOGICAL PERSPECTIVES
- SOC 411 SOCIAL RESEARCH
- SOC 412 DATA ANALYSIS
  or SOC 413 QUALITATIVE METHODS
- Eight Sociology electives

Those students desiring to complete the Thesis Option are required to take SOC 500 Thesis Research as one of their twelve courses.

Students entering without an undergraduate course in introductory statistics with a grade of B- or better are required to take SOC 402 STATISTICS FOR THE SOCIAL SCIENCES. SOC 402 carries graduate credit and can be counted among the 12 courses for the degree.

Students receiving more than two incompletes will not be allowed to register for courses until the incompletes are resolved.

The Writing Project

Master of Arts in Sociology with Thesis

The design for the thesis project may be developed in SOC 411 and SOC 412 or SOC 413. A student selects a faculty mentor and together they set up a committee with two additional faculty members. A thesis proposal hearing is required at the start of the project and an oral presentation at its completion.

Master of Arts in Sociology with Research Project

Students design and carry out a research project and prepare a final research report. The student selects a faculty mentor and a second reader. This project can be based on research begun in SOC 412, SOC 413, or a substantive course.

Master of Arts in Sociology with Literature Review or Analytical Essay

The student prepares a literature review or analytical essay indicating mastery of a body of literature. It is often started in conjunction with one of the specialized courses. The student selects a faculty mentor and a second reader. This project can be developed in SOC 414 Literature Review Writing Project.

Software Engineering (MS)

The MS in Software Engineering provides students with skills that are widely applicable, highly in demand and richly rewarded. Software engineering is a discipline concerned with the processes, methodologies, techniques, and tools of developing high-quality software systems in a cost-effective manner. The Software Engineering program emphasizes the best software engineering practices, current methodologies, emerging technologies, and their applications. It also emphasizes the development of communication and presentation skills in a team-based software development environment. The Software Engineering curriculum encompasses all important aspects of software engineering, including:

- Software engineering processes
Graduates of the program will have acquired:

- Technical foundations in object-oriented analysis, modeling, architecture, design, and construction
- Communication skills and experiences in collaborative and team-based software development
- Knowledge and skills in software project management, configuration management, and quality assurance
- Knowledge in software development process improvement and experience in agile and iterative software development process
- Technical know-how in developing, integrating, and deploying web-based enterprise applications and service oriented architecture (SOA)

**Admission Information**

Admission information for this program can be found in the Graduate Admission page on the CDM web site under Prospective Students. (http://www.cdm.depaul.edu/Prospective%20Students/Pages/GraduateAdmissions.aspx)

**Degree Requirements**

**Course Requirements**

Introductory, Foundation, Advanced, and Elective course selections are determined by the concentration chosen.

**Introductory Courses**

Introductory courses may be waived for any of the following conditions:

- The student has the appropriate course work to satisfy an Introductory Course.
- The student has appropriate and verified professional experience to satisfy an Introductory Course.
- The student passes a Graduate Assessment Examination (GAE) in the Introductory Course area.

**Degree Requirements**

Students in this degree program must meet the following requirements:

- Complete a minimum of 52 graduate credit hours in addition to any required introductory courses of the designated degree program.
- Complete all graduate courses and requirements listed in the designated degree program.
- Earn a grade of C- or better in all courses of the designated degree program.
- Maintain a cumulative GPA of 2.5 or higher.
- Students pursuing a second master's degree must complete a minimum of *52 graduate credit hours beyond their first designated degree program in addition to any required introductory courses in their second designated degree program.

*53 graduate credit hours required for MS Information Systems.
Entrepreneurship and Technology Leadership Concentration

In the current IT environment, software development projects are increasingly treated as business propositions in which the product under development must deliver real and measurable value to the organization. As such, Software Engineers often need increasingly sophisticated knowledge of the business environment in order to advance in their careers beyond the purely technical track. This concentration will bridge the areas of software engineering and business, by equipping students to understand the financial, marketing, management, and entrepreneurial context in which most software development projects are executed.

The concentration will include course offerings from both CDM and Kellstadt Graduate School of Business. It offers the Software Engineering students the opportunities of immersing themselves in a classroom setting in which the focus is purely business oriented, as opposed to technology oriented. This concentration aims to prepare Software Engineering students for career paths in software technology focused entrepreneurship or senior technology leadership positions (CIO’s, CTO’s) in businesses.

Course Requirements

Introductory Courses

- CSC 400 DISCRETE STRUCTURES FOR COMPUTER SCIENCE
- CSC 401 INTRODUCTION TO PROGRAMMING
- CSC 402 DATA STRUCTURES I
- CSC 403 DATA STRUCTURES II
- CSC 406 SYSTEMS I
- CSC 407 SYSTEMS II

CDM Foundation Courses

- SE 430 OBJECT ORIENTED MODELING
- SE 450 OBJECT-ORIENTED SOFTWARE DEVELOPMENT
- SE 477 SOFTWARE AND SYSTEMS PROJECT MANAGEMENT

Business (Kellstadt) Foundation Courses

- MGT 500 MANAGING FOR EFFECTIVE AND ETHICAL ORGANIZATIONAL BEHAVIOR
- MGT 570 ENTREPRENEURSHIP AND NEW VENTURE MANAGEMENT

Major Elective Courses

Students must take 3 courses from the list of CDM electives below and 2 courses from the list of Kellstadt courses listed below.

CDM Electives

Students may select any SE elective or the following courses:

- CSC 453 DATABASE TECHNOLOGIES
- HCI 440 INTRODUCTION TO USER-CENTERED DESIGN

The following courses are recommended:

- SE 433 SOFTWARE TESTING AND QUALITY ASSURANCE
- SE 452 OBJECT-ORIENTED ENTERPRISE COMPUTING
- SE 468 SOFTWARE MEASUREMENT/PROJECT ESTIMATION
- SE 482 REQUIREMENTS ENGINEERING
- SE 475 MANAGING GLOBALLY DISTRIBUTED SOFTWARE DEVELOPMENT
- SE 529 SOFTWARE RISK MANAGEMENT
- SE 554 ENTERPRISE COMPONENT ARCHITECTURE
Business (Kellstadt) Elective Courses

- MGT 502 OPERATIONS MANAGEMENT
- MGT 530 LEADERSHIP IN ORGANIZATIONS
- MGT 535 CHANGE MANAGEMENT
- MKT 555 DECISIONS IN MARKETING MANAGEMENT
- ACC 500 FINANCIAL ACCOUNTING
- ACC 555 MANAGEMENT ACCOUNTING FOR DECISION-MAKING
- IS 535 INFORMATION TECHNOLOGY INVESTMENT FINANCIAL ANALYSIS
- IS 570 ENTERPRISE SYSTEM IMPLEMENTATION

CDM Open Elective Courses

Students must complete one CDM Open Elective Course in the 421-699 range. ANI, DC and VFX courses do not qualify. Credit for courses taken outside of the school will only be given if approved by a faculty advisor.

Capstone

Students must complete the following courses as a sequence in consecutive quarters.

- SE 491 SOFTWARE ENGINEERING STUDIO
- SE 591 SOFTWARE ENGINEERING STUDIO II

Gaming and Entertainment Technologies Concentration

This concentration addresses the foundations, methodologies, and tools for developing large-scale computer games and entertainment software systems.

Course Requirements

Introductory Courses

- CSC 400 DISCRETE STRUCTURES FOR COMPUTER SCIENCE
- CSC 401 INTRODUCTION TO PROGRAMMING
- CSC 402 DATA STRUCTURES I
- CSC 403 DATA STRUCTURES II
- CSC 406 SYSTEMS I
- CSC 407 SYSTEMS II

Foundation Courses

- SE 430 OBJECT ORIENTED MODELING
- SE 433 SOFTWARE TESTING AND QUALITY ASSURANCE
- SE 450 OBJECT-ORIENTED SOFTWARE DEVELOPMENT
- SE 475 MANAGING GLOBALLY DISTRIBUTED SOFTWARE DEVELOPMENT
  or SE 477 SOFTWARE AND SYSTEMS PROJECT MANAGEMENT

Advanced Courses

- SE 456 ARCHITECTURE OF COMPUTER GAMES
- SE 558 ARCHITECTURE AND DESIGN FOR MULTIPLAYER GAMES
- GAM 475 GAME ENGINE PROGRAMMING I

Major Elective Courses

SE courses in the 421-699 range and courses from the list below qualify as Major Elective Courses. Students must take 3 Major Elective Courses. At least 2 must be SE courses.
Enterprise Software Development

- SE 452 OBJECT-ORIENTED ENTERPRISE COMPUTING
- SE 554 ENTERPRISE COMPONENT ARCHITECTURE
- SE 453 ARCHITECTURE AND FRAMEWORKS FOR DEVELOPING CLIENT APPLICATIONS
- SE 482 REQUIREMENTS ENGINEERING
- SE 533 SOFTWARE VALIDATION AND VERIFICATION
- SE 560 STRUCTURED DOCUMENT INTERCHANGE AND PROCESSING
- CSC 438 FRAMEWORK FOR WEB APPLICATION DEVELOPMENT
- CSC 453 DATABASE TECHNOLOGIES

Software Architecture

- SE 457 SERVICE-ORIENTED ARCHITECTURE
- SE 480 SOFTWARE ARCHITECTURE I
- SE 456 ARCHITECTURE OF COMPUTER GAMES
- SE 549 MODEL-DRIVEN SOFTWARE DEVELOPMENT
- SE 558 ARCHITECTURE AND DESIGN FOR MULTIPLAYER GAMES
- SE 581 SOFTWARE ARCHITECTURE II

Computer Security

- CNS 450 COMPUTER FORENSICS
- SE 525 SOFTWARE SECURITY ARCHITECTURE
- SE 526 SOFTWARE SECURITY ASSESSMENT
- CSC 439 COMPUTER SECURITY

Distributed Systems

- CSC 435 DISTRIBUTED SYSTEMS I (FORMERLY SE 435)
- CSC 536 DISTRIBUTED SYSTEMS II (FORMERLY SE 536)
- CSC 552 CONCURRENT SOFTWARE DEVELOPMENT (Formerly SE 552)
- SE 558 ARCHITECTURE AND DESIGN FOR MULTIPLAYER GAMES

Project Management

- SE 468 SOFTWARE MEASUREMENT/PROJECT ESTIMATION
- SE 475 MANAGING GLOBALLY DISTRIBUTED SOFTWARE DEVELOPMENT
- SE 529 SOFTWARE RISK MANAGEMENT
- IS 556 ENTERPRISE PROJECT MANAGEMENT
- IS 535 INFORMATION TECHNOLOGY INVESTMENT FINANCIAL ANALYSIS
- IS 533 ENTERPRISE SECURITY INFRASTRUCTURE CONTROLS AND REGULATORY COMPLIANCE
- IS 565 IT OUTSOURCING
- IS 560 ENTERPRISE SYSTEMS

User Centered Development

- HCI 430 PROTOTYPING AND IMPLEMENTATION
- HCI 440 INTRODUCTION TO USER-CENTERED DESIGN
- SE 453 ARCHITECTURE AND FRAMEWORKS FOR DEVELOPING CLIENT APPLICATIONS
- SE 546 SOFTWARE ARCHITECTURE AND DESIGN FOR DESKTOP APPLICATIONS

Programming Languages and Compiler

- SE 533 SOFTWARE VALIDATION AND VERIFICATION
- CSC 447 CONCEPTS OF PROGRAMMING LANGUAGES

**Major Elective Courses**

SE courses in the 421-699 range and courses from the list below qualify as Major Elective Courses. Students must take 3 Major Elective Courses. At least 2 must be SE courses.

**Enterprise Software Development**

- SE 452 OBJECT-ORIENTED ENTERPRISE COMPUTING
- SE 554 ENTERPRISE COMPONENT ARCHITECTURE
- SE 453 ARCHITECTURE AND FRAMEWORKS FOR DEVELOPING CLIENT APPLICATIONS
- SE 482 REQUIREMENTS ENGINEERING
● SE 533 SOFTWARE VALIDATION AND VERIFICATION
● SE 560 STRUCTURED DOCUMENT INTERCHANGE AND PROCESSING
● CSC 438 FRAMEWORK FOR WEB APPLICATION DEVELOPMENT
● CSC 453 DATABASE TECHNOLOGIES

**Software Architecture**

● SE 457 SERVICE-ORIENTED ARCHITECTURE
● SE 480 SOFTWARE ARCHITECTURE I
● SE 456 ARCHITECTURE OF COMPUTER GAMES
● SE 549 MODEL-DRIVEN SOFTWARE DEVELOPMENT
● SE 558 ARCHITECTURE AND DESIGN FOR MULTIPLAYER GAMES
● SE 581 SOFTWARE ARCHITECTURE II

**Computer Security**

● CNS 450 COMPUTER FORENSICS
● SE 525 SOFTWARE SECURITY ARCHITECTURE
● SE 526 SOFTWARE SECURITY ASSESSMENT
● CSC 439 COMPUTER SECURITY

**Distributed Systems**

● CSC 435 DISTRIBUTED SYSTEMS I (FORMERLY SE 435)
● CSC 536 DISTRIBUTED SYSTEMS II (FORMERLY SE 536)
● CSC 552 CONCURRENT SOFTWARE DEVELOPMENT (Formerly SE 552)
● SE 558 ARCHITECTURE AND DESIGN FOR MULTIPLAYER GAMES

**Project Management**

● SE 468 SOFTWARE MEASUREMENT/PROJECT ESTIMATION
● SE 475 MANAGING GLOBALLY DISTRIBUTED SOFTWARE DEVELOPMENT
● SE 529 SOFTWARE RISK MANAGEMENT
● IS 556 ENTERPRISE PROJECT MANAGEMENT
● IS 535 INFORMATION TECHNOLOGY INVESTMENT FINANCIAL ANALYSIS
● IS 533 ENTERPRISE SECURITY INFRASTRUCTURE CONTROLS AND REGULATORY COMPLIANCE
● IS 565 IT OUTSOURCING
● IS 560 ENTERPRISE SYSTEMS

**User Centered Development**

● HCI 430 PROTOTYPING AND IMPLEMENTATION
● HCI 440 INTRODUCTION TO USER-CENTERED DESIGN
● SE 453 ARCHITECTURE AND FRAMEWORKS FOR DEVELOPING CLIENT APPLICATIONS
● SE 546 SOFTWARE ARCHITECTURE AND DESIGN FOR DESKTOP APPLICATIONS

**Programming Languages and Compiler**

● SE 533 SOFTWARE VALIDATION AND VERIFICATION
● CSC 447 CONCEPTS OF PROGRAMMING LANGUAGES
● CSC 448 COMPILER DESIGN
● CSC 548 ADVANCED COMPILER DESIGN
● CSC 535 FORMAL SEMANTICS OF PROGRAMMING LANGUAGES

**Gaming and Entertainment Technology**

● SE 456 ARCHITECTURE OF COMPUTER GAMES
● SE 558 ARCHITECTURE AND DESIGN FOR MULTIPLAYER GAMES
● GAM 453 TOOL PROGRAMMING FOR GAME DEVELOPMENT
● GAM 475 GAME ENGINE PROGRAMMING I
● GAM 490 MULTIPLAYER GAME DEVELOPMENT
● GAM 575 GAME ENGINE PROGRAMMING II

**Software Engineering Research**

● SE 690 RESEARCH SEMINAR and
● SE 696 MASTER'S PROJECT or SE 698 MASTER'S THESIS
  ○ The Master's Project or Thesis must represent an original contribution to the area, and may include
system development, empirical studies, or theoretical work. The scope and the details of the research project will be determined by the research supervisor, and must be approved by the student's academic advisor.

**CDM Open Elective Courses**

Students must complete one CDM Open Elective Course in the 421-699 range. ANI, DC, TV, and VFX courses do not qualify. Credit for courses taken outside of the school will only be given if approved by a faculty advisor.

**Capstone**

Students must complete the following courses as a sequence in consecutive quarters.

- SE 491 SOFTWARE ENGINEERING STUDIO
- SE 591 SOFTWARE ENGINEERING STUDIO II

**Software Development Concentration**

This concentration addresses the foundations, methodologies, and tools for developing high quality large-scale software systems, with an emphasis on the technical issues of software development.

**Course Requirements**

**Introductory Courses**

- CSC 400 DISCRETE STRUCTURES FOR COMPUTER SCIENCE
- CSC 401 INTRODUCTION TO PROGRAMMING
- CSC 402 DATA STRUCTURES I
- CSC 403 DATA STRUCTURES II
- CSC 406 SYSTEMS I
- CSC 407 SYSTEMS II

**Foundation Courses**

- SE 430 OBJECT ORIENTED MODELING
- SE 433 SOFTWARE TESTING AND QUALITY ASSURANCE
- SE 450 OBJECT-ORIENTED SOFTWARE DEVELOPMENT
- SE 475 MANAGING GLOBALLY DISTRIBUTED SOFTWARE DEVELOPMENT
  - or SE 477 SOFTWARE AND SYSTEMS PROJECT MANAGEMENT

**Advanced Courses**

- CSC 435 DISTRIBUTED SYSTEMS I (FORMERLY SE 435)
- SE 480 SOFTWARE ARCHITECTURE I
- SE 459 AGILE SOFTWARE DEVELOPMENT

**Major Elective Courses**

SE courses in the 421-699 range and courses from the list below qualify as Major Elective Courses. Students must take 3 major elective courses. At least 2 must be SE courses.

**Enterprise Software Development**

- SE 452 OBJECT-ORIENTED ENTERPRISE COMPUTING
- SE 554 ENTERPRISE COMPONENT ARCHITECTURE
- SE 453 ARCHITECTURE AND FRAMEWORKS FOR DEVELOPING CLIENT APPLICATIONS
- SE 482 REQUIREMENTS ENGINEERING
- SE 553 SOFTWARE VALIDATION AND VERIFICATION
Software Architecture

- SE 457 SERVICE-ORIENTED ARCHITECTURE
- SE 480 SOFTWARE ARCHITECTURE I
- SE 456 ARCHITECTURE OF COMPUTER GAMES
- SE 549 MODEL-DRIVEN SOFTWARE DEVELOPMENT
- SE 558 ARCHITECTURE AND DESIGN FOR MULTIPLAYER GAMES
- SE 581 SOFTWARE ARCHITECTURE II

Computer Security

- CNS 450 COMPUTER FORENSICS
- SE 525 SOFTWARE SECURITY ARCHITECTURE
- SE 526 SOFTWARE SECURITY ASSESSMENT
- CSC 439 COMPUTER SECURITY

Distributed Systems

- CSC 435 DISTRIBUTED SYSTEMS I (FORMERLY SE 435)
- CSC 536 DISTRIBUTED SYSTEMS II (FORMERLY SE 536)
- CSC 552 CONCURRENT SOFTWARE DEVELOPMENT (Formerly SE 552)
- SE 558 ARCHITECTURE AND DESIGN FOR MULTIPLAYER GAMES

Project Management

- SE 468 SOFTWARE MEASUREMENT/PROJECT ESTIMATION
- SE 475 MANAGING GLOBALLY DISTRIBUTED SOFTWARE DEVELOPMENT
- SE 529 SOFTWARE RISK MANAGEMENT
- IS 556 ENTERPRISE PROJECT MANAGEMENT
- IS 535 INFORMATION TECHNOLOGY INVESTMENT FINANCIAL ANALYSIS
- IS 533 ENTERPRISE SECURITY INFRASTRUCTURE CONTROLS AND REGULATORY COMPLIANCE
- IS 565 IT OUTSOURCING
- IS 560 ENTERPRISE SYSTEMS

User Centered Development

- HCI 430 PROTOTYPING AND IMPLEMENTATION
- HCI 440 INTRODUCTION TO USER-CENTERED DESIGN
- SE 453 ARCHITECTURE AND FRAMEWORKS FOR DEVELOPING CLIENT APPLICATIONS
- SE 546 SOFTWARE ARCHITECTURE AND DESIGN FOR DESKTOP APPLICATIONS

Programming Languages and Compiler

- SE 533 SOFTWARE VALIDATION AND VERIFICATION
- CSC 447 CONCEPTS OF PROGRAMMING LANGUAGES
- CSC 448 COMPILER DESIGN
- CSC 548 ADVANCED COMPILER DESIGN
- CSC 535 FORMAL SEMANTICS OF PROGRAMMING LANGUAGES

Gaming and Entertainment Technology

- SE 456 ARCHITECTURE OF COMPUTER GAMES
- SE 558 ARCHITECTURE AND DESIGN FOR MULTIPLAYER GAMES
- GAM 453 TOOL PROGRAMMING FOR GAME DEVELOPMENT
- GAM 475 GAME ENGINE PROGRAMMING I
- GAM 490 MULTIPLAYER GAME DEVELOPMENT
- GAM 575 GAME ENGINE PROGRAMMING II

Software Engineering Research

- SE 690 RESEARCH SEMINAR and
- SE 696 MASTER'S PROJECT or SE 698 MASTER'S THESIS
  - The Master's Project or Thesis must represent an original contribution to the area, and may include system development, empirical studies, or theoretical work. The scope and the details of the research
project will be determined by the research supervisor, and must be approved by the student’s academic advisor.

**CDM Open Electives**

Students must complete one CDM Open Elective Course in the 421-699 range. ANI, DC, TV, and VFX courses do not qualify. Credit for courses taken outside of the school will only be given if approved by a faculty advisor.

**Capstone**

Students must complete the following courses as a sequence in consecutive quarters.

- SE 491 SOFTWARE ENGINEERING STUDIO
- SE 591 SOFTWARE ENGINEERING STUDIO II

**Sports Management (MBA)**

Sports Management is the combination of planning, organizing, directing, controlling, and leading for sports organizations. Sports-related businesses include professional and collegiate athletics, fitness and racquet clubs, hotels and resorts, and sports-related consumer businesses (athletic apparel, sports drinks and nutrition, etc.).

Lessons from leading sports coaches may be applied in the workplace, where managers motivate employees to perform to their potential. Coaching in organizations may be defined as a management style, or as a subset of behaviors that managers perform, that enable people to learn lessons from their experience.

**Admission Information**

Applicants must possess the equivalent of a bachelor’s degree from a regionally accredited institution. A prospective graduate student is expected to present a superior overall previous academic record and an above average total GMAT score (or GRE score where appropriate) including high achievement on the verbal, quantitative, and on the analytical writing assessment. The examination must have been taken no earlier than five years prior to the date of admission to the program.

Other factors, such as work experience and career progression, are also important and will be considered by the Admissions Committee. All applicants are required to submit two professional letters of recommendation as well as a current resume.

All prospective students are welcome to arrange a meeting with an admissions counselor. Please phone the graduate school office for an informal appointment. Interviews are not required as part of the admissions process for the part-time M.B.A. program, but may be requested by the Admissions Committee. Interviews for the full-time M.B.A. and weekend M.B.A. programs are on an invitation-only basis. Once a completed application has been received, a preliminary review is completed and selected candidates are invited to interview.

Each applicant is considered on an individual basis. The full-time and weekend M.B.A. programs do have limited enrollments, but for the other graduate business programs there currently is no predetermined limit to the number of students who can be admitted. Thus, for these programs, all students who are judged eligible by the Admissions Committee will be invited to matriculate.

**Graduate Management Admission Test (GMAT)**

To be considered for admission as a degree seeking student, an applicant will be required to submit a score from the Graduate Management Admission Test (GMAT). GMAT information including dates, a list of test centers, and applications for the exam may be obtained at www.mba.com or by contacting Pearsonvue at 1-800-717-4628.
The GMAT score report must come directly from Pearsonvue. A test taken more than five years prior to the date of application is not considered valid for admission purposes and would have to be retaken. An exception may be made for individuals who hold a doctoral or other terminal degree awarded by an appropriately accredited institution. An exception may also be made for fully certified CPA’s applying to the Master of Science in Taxation program. Applicants to the Master of Science in Human Resources Management and the Master of Science in Economics and Policy Analysis may submit either a GMAT or GRE (Graduate Records Examinations) score. As with the GMAT, GRE scores are valid for five years.

**Application Deadlines**

**For the day MBA program (Full-time):**

Admission to the Day M.B.A. program is competitive and is limited to the Autumn Quarter. There are three application rounds, with deadlines of February 1, April 1 and July 1. Application review begins in January, and you are encouraged to apply as early as possible. Decisions are mailed on an ongoing basis beginning in January, and applicants should expect to receive an admission decision approximately 4 weeks after their application becomes complete.

Applicants who wish to be considered for scholarships and graduate assistantships should apply during the first two application rounds. These awards are generally not available to applicants who apply after April 1.

Late applications submitted after the final July 1 deadline may be considered if space remains available in the incoming class.

**For the weekend MBA and MS in Economic Policy Analysis programs:**

Applications must be submitted by July 1st. Applications received after July 1st will be considered on a space available basis.

**For all other graduate business programs:**

Applications must be submitted by:

- July 1st for the Autumn Quarter
- October 1st for the Winter Quarter
- February 1st for the Spring Quarter
- April 1st for the Summer Quarter

Applicants educated outside the United States must submit their applications one month prior to the above deadlines.

**Transcripts**

Degree seeking applicants must present official transcripts from each junior college, college, and university attended (even if only for one course) including DePaul University, if applicable. Credits transferred and posted on the record of a second school do not constitute an official transcript of the original school. Transcripts that are already on file as part of a student record in another College Office at DePaul may be required to remain there and in that case cannot be transferred to the Graduate School of Business Office.

Applicants should write to the Registrar of each school attended, requesting that an official transcript be sent to the student. Once all of the transcripts have been received applicants should submit them to the graduate school office in their original envelopes with the applicant’s name, date of birth and program of interest noted on the envelope. We will then add the transcripts to the applicant’s admission file.

An applicant who is still taking courses or completing a program at the time he/she submits an application to the Graduate School of Business will not receive full admission until a final and official transcript listing the degree awarded has been submitted to the Admissions Committee. Please see Conditional Admission and Non-degree Status for more information regarding admission prior to posting of an undergraduate degree.

**Readmission**

A student previously admitted who has been absent from DePaul for one year or longer must complete the application form and submit a transcript of all courses taken elsewhere during his/her absence. A student must submit a written explanation of his/her absence from the program and an updated resume. A $30 application fee is required.

If the original application has been destroyed (after an absence of two years), the student may be required to complete a new application in full.
Special Instructions for International Applicants

Educational Credentials For International Students or Programs

Applicants must submit transcripts from all colleges and universities attended, including those attended but from which no credit was earned. Exceptions may be permitted for study-abroad credit when that credit is clearly defined and displayed on the home institution transcript.

Applicants with non-U.S. educational credentials for Winter term 2012 and beyond are required to submit their official educational credentials (e.g., transcripts, mark sheets, degree certificates, graduation diplomas) and evaluation fee directly to one of the three evaluation companies below:

- Educational Credential Evaluators, Inc.
- Educational Perspectives
- One Earth International Credential Evaluation

These evaluators will then provide DePaul with a general evaluation of their studies and certified copies of their international educational credentials which will be used during admission review. Please direct any questions about required credentials to the evaluation company you have selected and not to the Kellstadt Graduate School of Business. DePaul will not accept evaluations from any other evaluation companies and will not accept any educational credentials without an evaluation from ECE, EP or One Earth.

English Proficiency

Non-native English speakers who have not completed a bachelor’s or master’s degree in the United States should submit scores from a recognized English proficiency test. The Kellstadt Graduate School of Business accepts results from TOEFL, IELTS and the Pearson Test of English (PTE).

MBA Core Requirements

Course Requirements

- ACC 500 FINANCIAL ACCOUNTING
- ACC 555 MANAGEMENT ACCOUNTING FOR DECISION-MAKING
- ECO 509 BUSINESS CONDITIONS ANALYSIS
- ECO 555 ECONOMICS FOR DECISION-MAKING
- FIN 555 FINANCIAL MANAGEMENT
- GSB 420 APPLIED QUANTITATIVE ANALYSIS
- GSB 599 STRATEGIC ANALYSIS FOR COMPETING GLOBALLY
- MGT 500 MANAGING FOR EFFECTIVE AND ETHICAL ORGANIZATIONAL BEHAVIOR
- MGT 502 OPERATIONS MANAGEMENT
- MGT 555 STRATEGIC MANAGEMENT OF HUMAN RESOURCES
- MIS 555 MANAGEMENT OF INFORMATION TECHNOLOGY
- MKT 555 DECISIONS IN MARKETING MANAGEMENT

Concentrations

In addition to the required core courses, students have six electives they can use to take courses in a specific area of interest. These electives are typically used by students to select one or more concentrations in the area(s) that offer the knowledge, skills, and abilities that best fit the student’s educational needs and interests.

While many students choose to have a specific area of concentration, those who would like more flexibility in selecting courses may choose the general business concentration instead. With this option, the student is free to choose six courses from several different areas of study within the graduate school of business.

If a student does not indicate a specific concentration of interest in the application for admission the student will be assigned to the general business concentration.
M.B.A. Options

Day M.B.A. (Full-time Accelerated)

The Day M.B.A. Program fulfills the business world’s demand for M.B.A. graduates with the ability to understand and manage complex business processes. Students who choose this program option will take all of their foundation and core classes in a full-time, lock step format during the first four terms of the program. Upon completion of the prerequisite core courses, students may begin taking their concentration classes at their own pace. Students in the Day M.B.A. Program may choose to specialize in any of the generally available MBA concentrations offered by the Kellstadt Graduate School of Business.

Evening M.B.A. (All Campuses)

All of the core course requirements for the M.B.A. are offered at the Loop and the Naperville and O’Hare suburban campuses. Required core courses are offered every quarter at the Loop campus but variably at the suburban campuses. All requirements are offered at least once each year at each of these locations.

Three full concentrations are available at each of the suburban campuses. These are Finance, Marketing Management and General Business. Electives applicable to other concentrations will be offered variably at the suburban locations but it may be necessary to travel to Loop campus to complete concentrations other than these three.

Weekend M.B.A. at O’Hare Campus

The Weekend M.B.A. Program is a rigorous yet rewarding program designed for the self-directed manager with an interest in using technology to supplement traditional M.B.A. course work. The curriculum provides knowledge in each of the major business functions along with specialized courses in Management and Finance such that students may earn concentrations in Finance and/or Operations Management as part of the weekend program. Upon completion of the required core sequence of courses, students are able to select concentration courses from among the more than 35 concentrations available to part-time M.B.A. students. Please note that only the Finance and Operations Management concentrations are available in the weekend format.

Each course is taught as a blend of traditional lecture and distance learning formats. Classes meet on alternate Saturdays at the O’Hare Campus. Students will work via distance learning in the weeks between class meetings. Admitted students will proceed through the program as a cohort group. Admission to the program is for fall quarter only.

Concentration Requirements

Course Requirements

Students complete the Sports Management concentration by taking the following three courses:

- MGT 519 SPORTS MANAGEMENT
- Choose two from the following
  - MGT 508 QUALITY MANAGEMENT SYSTEMS
  - MGT 523 RECRUITMENT AND SELECTION
  - MGT 524 LEADERSHIP IN SPORTS: LESSONS FOR COACHING IN THE WORKPLACE
  - MGT 545 MANAGING SERVICE OPERATIONS
  - MGT 563 NEGOTIATION SKILLS
  - MGT 598 PROJECT MANAGEMENT: SEMINAR IN OPERATIONS MANAGEMENT
  - MGT 798 SPECIAL TOPICS or MKT 798 SPECIAL TOPICS When topic pertains to concentration
Strategic Global Marketing (MBA)

The Strategic Global Marketing concentration is designed to help students learn to incorporate into their decision-making the issues that arise from the interconnected, multidimensional, and complex global marketplace. It is imperative that business students be educated to respond to an interdependent world of marketing challenges and opportunities. After completing the concentration, students will be able to:

- Develop and implement marketing strategies and programs in an international context.
- Apply analytical approaches for systematically examining target-country macro and market environments.
- Gain insights into alternative marketing approaches to emerging markets.
- Understand intercultural and cross-cultural approaches for the preparation and implementation of marketing programs in an international context.
- Analyze, assess, and manage political risk in an international context.

Admission Information

Applicants must possess the equivalent of a bachelor's degree from a regionally accredited institution. A prospective graduate student is expected to present a superior overall previous academic record and an above average total GMAT score (or GRE score where appropriate) including high achievement on the verbal, quantitative, and on the analytical writing assessment. The examination must have been taken no earlier than five years prior to the date of admission to the program.

**Degree Requirements**

**Strategy, Execution and Valuation (MBA)**

Designed for MBA candidates destined for higher levels of corporate management, management consulting, investment banking, equity research, or money management, the Strategy, Execution, and Valuation (SEV) concentration immerses MBA candidates in deep financial analysis that supports business strategy, the seamless connection necessary between strategy and execution, and advanced applications for bridging strategic analysis to financial forecasts and valuation.

**Admission Information**

**For the weekend MBA and MS in Economic Policy Analysis programs:**

Applications must be submitted by July 1st. Applications received after July 1st will be considered on a space available basis.

**For all other graduate business programs:**

Applications must be submitted by:

- July 1st for the Autumn Quarter
- October 1st for the Winter Quarter
- February 1st for the Spring Quarter
- April 1st for the Summer Quarter

Applicants educated outside the United States must submit their applications one month prior to the above deadlines.

**Transcripts**

Degree seeking applicants must present official transcripts from each junior college, college, and university attended (even if only for one course) including DePaul University, if applicable. Credits transferred and posted on the record of a second school do not constitute an official transcript of the original school. Transcripts that are already on file as part of a student record in another College Office at DePaul may be required to remain there and in that case cannot be transferred to the Graduate School of Business Office.

Applicants should write to the Registrar of each school attended, requesting that an official transcript be sent to the student. Once all of the transcripts have been received applicants should submit them to the graduate school office in their original envelopes with the applicant's name, date of birth and program of interest noted on the
envelope. We will then add the transcripts to the applicant's admission file.

An applicant who is still taking courses or completing a program at the time he/she submits an application to the Graduate School of Business will not receive full admission until a final and official transcript listing the degree awarded has been submitted to the Admissions Committee. Please see Conditional Admission and Non-degree Status for more information regarding admission prior to posting of an undergraduate degree.

**Readmission**

A student previously admitted who has been absent from DePaul for one year or longer must complete the application form and submit a transcript of any courses taken elsewhere during his/her absence. A student must submit a written explanation of his/her absence from the program and an updated resume. A $30 application fee is required.

If the original application has been destroyed (after an absence of two years), the student may be required to complete a new application in full.

**Special Instructions for International Applicants**

**Educational Credentials For International Students or Programs**

Applicants must submit transcripts from all colleges and universities attended, including those attended but from which no credit was earned. Exceptions may be permitted for study-abroad credit when that credit is clearly defined and displayed on the home institution transcript. Applicants with non-U.S. educational credentials for Winter term 2012 and beyond are required to submit their official educational credentials (e.g., transcripts, mark sheets, degree certificates, graduation diplomas) and evaluation fee directly to one of the three evaluation companies below:

- Educational Credential Evaluators, Inc.
- Educational Perspectives
- One Earth International Credential Evaluation

These evaluators will then provide DePaul with a general evaluation of their studies and certified copies of their international educational credentials which will be used during admission review. Please direct any questions about required credentials to the evaluation company you have selected and not to the Kellstadt Graduate School of Business. DePaul will not accept evaluations from any other evaluation companies and will not accept any educational credentials without an evaluation from ECE, EP or One Earth.

**English Proficiency**

Non-native English speakers who have not completed a bachelor's or master's degree in the United States should submit scores from a recognized English proficiency test. The Kellstadt Graduate School of Business accepts results from TOEFL, IELTS and the Pearson Test of English (PTE).

**MBA Core Requirements**

**Course Requirements**

- ACC 500 FINANCIAL ACCOUNTING
- ACC 555 MANAGEMENT ACCOUNTING FOR DECISION-MAKING
- ECO 509 BUSINESS CONDITIONS ANALYSIS
- ECO 555 ECONOMICS FOR DECISION-MAKING
- FIN 555 FINANCIAL MANAGEMENT
- GSB 420 APPLIED QUANTITATIVE ANALYSIS
- GSB 599 STRATEGIC ANALYSIS FOR COMPETING GLOBALLY
- MGT 500 MANAGING FOR EFFECTIVE AND ETHICAL ORGANIZATIONAL BEHAVIOR
- MGT 502 OPERATIONS MANAGEMENT
- MGT 555 STRATEGIC MANAGEMENT OF HUMAN RESOURCES
- MIS 555 MANAGEMENT OF INFORMATION TECHNOLOGY
Concentrations

In addition to the required core courses, students have six electives they can use to take courses in a specific area of interest. These electives are typically used by students to select one or more concentrations in the area(s) that offer the knowledge, skills, and abilities that best fit the student’s educational needs and interests.

While many students choose to have a specific area of concentration, those who would like more flexibility in selecting courses may choose the general business concentration instead. With this option, the student is free to choose six courses from several different areas of study within the graduate school of business.

If a student does not indicate a specific concentration of interest in the application for admission the student will be assigned to the general business concentration.

M.B.A. Options

Day M.B.A. (Full-time Accelerated)

The Day M.B.A. Program fulfills the business world’s demand for M.B.A. graduates with the ability to understand and manage complex business processes. Students who choose this program option will take all of their foundation and core classes in a full-time, lock step format during the first four terms of the program. Upon completion of the prerequisite core courses, students may begin taking their concentration classes at their own pace. Students in the Day M.B.A. Program may choose to specialize in any of the generally available MBA concentrations offered by the Kellstadt Graduate School of Business.

Evening M.B.A. (All Campuses)

All of the core course requirements for the M.B.A. are offered at the Loop and the Naperville and O’Hare suburban campuses. Required core courses are offered every quarter at the Loop campus but variably at the suburban campuses. All requirements are offered at least once each year at each of these locations.

Three full concentrations are available at each of the suburban campuses. These are Finance, Marketing Management and General Business. Electives applicable to other concentrations will be offered variably at the suburban locations but it may be necessary to travel to Loop campus to complete concentrations other than these three.

Weekend M.B.A. at O’Hare Campus

The Weekend M.B.A. Program is a rigorous yet rewarding program designed for the self-directed manager with an interest in using technology to supplement traditional M.B.A. course work. The curriculum provides knowledge in each of the major business functions along with specialized courses in Management and Finance such that students may earn concentrations in Finance and/or Operations Management as part of the weekend program. Upon completion of the required core sequence of courses, students are able to select concentration courses from among the more than 35 concentrations available to part-time M.B.A. students. Please note that only the Finance and Operations Management concentrations are available in the weekend format.

Each course is taught as a blend of traditional lecture and distance learning formats. Classes meet on alternate Saturdays at the O’Hare Campus. Students will work via distance learning in the weeks between class meetings. Admitted students will proceed through the program as a cohort group. Admission to the program is for fall quarter only.

Concentration Requirements

Course Requirements

The SEV concentration is comprised of three advanced courses, focused on practical application:
Sustainable Management (MBA)

In these rapidly changing times, the growing awareness of environmental, social and financial crises have highlighted the need for a more integrative way to understand management's tasks, responsibilities and practices. In response, businesses and organizations of all kinds are coming to realize the need to develop sustainable strategies for responsibly managing their human, social, financial and natural resources (capital). In addition, organizations are responding to growing market demand for sustainable products and services.

Therefore, beyond pursuing material and energy efficiencies, emerging leaders are finding that the global challenges of the 21st century call for potentially radical innovation that puts sustainability as a fundamental, integrative strategy. This kind of innovation requires leaders to re-examine and test virtually every phase of their organization: from processes, practices and partnerships to basic models, mission, vision, purpose and values.

Admission Information

Applicants must possess the equivalent of a bachelor's degree from a regionally accredited institution. A prospective graduate student is expected to present a superior overall previous academic record and an above average total GMAT score (or GRE score where appropriate) including high achievement on the verbal, quantitative, and on the analytical writing assessment. The examination must have been taken no earlier than five years prior to the date of admission to the program.

Other factors, such as work experience and career progression, are also important and will be considered by the Admissions Committee. All applicants are required to submit two professional letters of recommendation as well as a current resume.

All prospective students are welcome to arrange a meeting with an admissions counselor. Please phone the graduate school office for an informal appointment. Interviews are not required as part of the admissions process for the part-time M.B.A. program, but may be requested by the Admissions Committee. Interviews for the full-time M.B.A. and weekend M.B.A. programs are on an invitation-only basis. Once a completed application has been received, a preliminary review is completed and selected candidates are invited to interview.

Each applicant is considered on an individual basis. The full-time and weekend M.B.A. programs do have limited enrollments, but for the other graduate business programs there currently is no predetermined limit to the number of students who can be admitted. Thus, for these programs, all students who are judged eligible by the Admissions Committee will be invited to matriculate.

Graduate Management Admission Test (GMAT)

To be considered for admission as a degree seeking student, an applicant will be required to submit a score from the Graduate Management Admission Test (GMAT). GMAT information including dates, a list of test centers, and applications for the exam may be obtained at www.mba.com or by contacting Pearsonvue at 1-800-717-4628. The GMAT score report must come directly from Pearsonvue. A test taken more than five years prior to the date of application is not considered valid for admission purposes and would have to be retaken. An exception may be made for individuals who hold a doctoral or other terminal degree awarded by an appropriately accredited institution. An exception may also be made for fully certified CPA's applying to the Master of Science in Taxation program. Applicants to the Master of Science in Human Resources Management and the Master of Science in Economics and Policy Analysis may submit either a GMAT or GRE (Graduate Records Examinations) score. As with the GMAT, GRE scores are valid for five years.
Application Deadlines

For the day MBA program (Full-time):

Admission to the Day M.B.A. program is competitive and is limited to the Autumn Quarter. There are three application rounds, with deadlines of February 1, April 1 and July 1. Application review begins in January, and you are encouraged to apply as early as possible. Decisions are mailed on an ongoing basis beginning in January, and applicants should expect to receive an admission decision approximately 4 weeks after their application becomes complete.

Applicants who wish to be considered for scholarships and graduate assistantships should apply during the first two application rounds. These awards are generally not available to applicants who apply after April 1.

Late applications submitted after the final July 1 deadline may be considered if space remains available in the incoming class.

For the weekend MBA and MS in Economic Policy Analysis programs:

Applications must be submitted by July 1st. Applications received after July 1st will be considered on a space available basis.

For all other graduate business programs:

Applications must be submitted by:

- July 1st for the Autumn Quarter
- October 1st for the Winter Quarter
- February 1st for the Spring Quarter
- April 1st for the Summer Quarter

Applicants educated outside the United States must submit their applications one month prior to the above deadlines.

Transcripts

Degree seeking applicants must present official transcripts from each junior college, college, and university attended (even if only for one course) including DePaul University, if applicable. Credits transferred and posted on the record of a second school do not constitute an official transcript of the original school. Transcripts that are already on file as part of a student record in another College Office at DePaul may be required to remain there and in that case cannot be transferred to the Graduate School of Business Office.

Applicants should write to the Registrar of each school attended, requesting that an official transcript be sent to the student. Once all of the transcripts have been received applicants should submit them to the graduate school office in their original envelopes with the applicant's name, date of birth and program of interest noted on the envelope. We will then add the transcripts to the applicant's admission file.

An applicant who is still taking courses or completing a program at the time he/she submits an application to the Graduate School of Business will not receive full admission until a final and official transcript listing the degree awarded has been submitted to the Admissions Committee. Please see Conditional Admission and Non-degree Status for more information regarding admission prior to posting of an undergraduate degree.

Readmission

A student previously admitted who has been absent from DePaul for one year or longer must complete the application form and submit a transcript of any courses taken elsewhere during his/her absence. A student must submit a written explanation of his/her absence from the program and an updated resume. A $30 application fee is required.

If the original application has been destroyed (after an absence of two years), the student may be required to complete a new application in full.

Special Instructions for International Applicants

Educational Credentials For International Students or Programs

Applicants must submit transcripts from all colleges and universities attended, including those attended but from which no credit was earned. Exceptions may be permitted for study-abroad credit when that credit is clearly defined and displayed on the home institution transcript.
Applicants with non-U.S. educational credentials for Winter term 2012 and beyond are required to submit their official educational credentials (e.g., transcripts, mark sheets, degree certificates, graduation diplomas) and evaluation fee directly to one of the three evaluation companies below:

- Educational Credential Evaluators, Inc.

**Concentration Requirements**

**Course Requirements**

- MGT 515 SUSTAINABLE MANAGEMENT
- Select any two of the following five courses:
  - FIN 559 SUSTAINABLE VALUE CREATION
  - ENV 506 EARTH RESOURCES AND HUMAN SOCIETY
  - CMNS 529 TOPICS IN ORGANIZATIONAL AND MULTICULTURAL COMMUNICATION: Environmental Rhetoric and Politics
  - MGT 595 SOCIAL ENTREPRENEURSHIP
  - GSB 595 DEVELOPING SUSTAINABLE STRATEGIES: PRACTICUM

**Sustainable Management (MS)**

The growing awareness of environmental, social and financial crises have highlighted the need for a more integrative way to understand management's tasks, responsibilities and practices. In response, businesses and organizations of all kinds are coming to realize the need to develop sustainable strategies for responsibly managing their human, social, financial and natural resources (capital). In addition, organizations are responding to growing market demand for sustainable products and services.

Therefore, beyond pursuing material and energy efficiencies, emerging leaders are finding that the global challenges of the 21st century call for potentially radical innovation that puts sustainability as a fundamental, integrative strategy. This kind of innovation requires leaders to re-examine and test virtually every phase of their
Learning Goals

The Master of Science in Sustainable Management will prepare students to successfully respond to today’s challenges by developing new skills and approaches. Students will have the opportunity to do the following:

- Employ an **orienting method** for assessing, challenging and re-framing the traditional practices of management through the lens of sustainability to better understand the impact organizations have on the social and ecological environment. Students will learn how to challenge their own assumptions and see their thinking as an arc of pragmatic inquiry.
- Demonstrate the capacity for **systems-thinking** as a perspective for interdisciplinary analysis and decision-making to develop organizational strategies. Students will learn how to take multiple stakeholder perspectives when addressing complex systems and complex problems.
- Demonstrate the capacity to analyze the way societies and organizations **use and value** the natural, financial, social and human resources (capital) required to deliver the needed goods and services. Students will learn how to analyze the values and assumptions at work in any business enterprise.
- Develop the technical competence to account for, connect, and measure the economic, social and environmental **impacts** of organizational decisions.

Admission

Applicants must possess the equivalent of a bachelor’s degree from a regionally accredited institution. A prospective graduate student is expected to present a superior overall previous academic record and an above average total GMAT score (or GRE score where appropriate) including high achievement on the verbal, quantitative, and on the analytical writing assessment. The examination must have been taken no earlier than five years prior to the date of admission to the program.

Non-native English speakers who have not completed a bachelor's or master's degree in the United States should submit scores from a recognized English proficiency test. The Kellstadt Graduate School of Business accepts results from TOEFL, IELTS and the Pearson Test of English (PTE).

Degree Requirements

Course Requirements

To complete the Master of Science in Sustainable Management students must complete a total of 12 courses. Six courses are required core courses, three are selected from the list of business foundation electives and three are selected from the list of interdisciplinary electives.

Required Core Courses (6 courses)

- MGT 515 SUSTAINABLE MANAGEMENT
- ACC 500 FINANCIAL ACCOUNTING
- ENV 506 EARTH RESOURCES AND HUMAN SOCIETY
- FIN 559 SUSTAINABLE VALUE CREATION
- ENV 506 EARTH RESOURCES AND HUMAN SOCIETY
- MKT 798 SPECIAL TOPICS- Green Marketing
- GSB 595 DEVELOPING SUSTAINABLE STRATEGIES: PRACTICUM

Business Foundation Electives (3 courses)

- ECO 509 BUSINESS CONDITIONS ANALYSIS
- GSB 420 APPLIED QUANTITATIVE ANALYSIS
- MGT 500 MANAGING FOR EFFECTIVE AND ETHICAL ORGANIZATIONAL BEHAVIOR
- MGT 502 OPERATIONS MANAGEMENT
- MGT 508 QUALITY MANAGEMENT SYSTEMS
- MGT 535 CHANGE MANAGEMENT
- MGT 556 ETHICS AND LEADERSHIP: STREETS OF CHICAGO
- MGT 595 SOCIAL ENTREPRENEURSHIP
- MKT 798 SPECIAL TOPICS- EMERGING MARKETS

Interdisciplinary Electives (3 courses)

- ECO 423 ENVIRONMENTAL ECONOMICS AND PUBLIC POLICY
- ECO 424 MICROECONOMIC THEORY
- ECO 425 PUBLIC ECONOMICS
- CMNS 529 TOPICS IN ORGANIZATIONAL AND MULTICULTURAL COMMUNICATION- Environmental Rhetoric and Politics
- GEO 441 GEOGRAPHIC INFORMATION SYSTEMS (GIS) FOR COMMUNITY DEVELOPMENT
- MPS 511 SUSTAINABLE DEVELOPMENT AND NON-GOVERNMENTAL ORGANIZATIONS
- MPS 604 SPECIAL TOPICS- Environmental policy and Sustainability
- MPS 611 MANAGEMENT OF INTERNATIONAL NGOs
- RE 798 SPECIAL TOPICS- Sustainable Building and Real Estate
- MLS 409 ENVIRONMENT AND SOCIETY
- GSB 650 RELIGIOUS ETHICS AND ECONOMICS (CROSS-LISTED AS PHL 650 & MLS 442)
Taxation (MS)

The Master of Science in Taxation program provides an integrated program of study that provides the foundation for exceptional performance and leadership in the field of taxation. Students admitted to the program are presumed to aspire to attain the highest levels of responsibility in their firms, businesses, and organizations by adding value through technical competencies; analytical, communications and interpretive skills; and leadership to their clients or organizations.

Individuals with an M.B.A. degree or students currently enrolled in the M.B.A. program may have up to six of their M.B.A. courses count toward the requirements of the Master of Science in Taxation degree. The exact number of courses that can be double-counted in this manner depends upon the specific content and age of coursework.

Admission Information

Applicants must possess the equivalent of a bachelor’s degree from a regionally accredited institution. A prospective graduate student is expected to present a superior overall previous academic record and an above average total GMAT score (or GRE score where appropriate) including high achievement on the verbal, quantitative, and on the analytical writing assessment. The examination must have been taken no earlier than five years prior to the date of admission to the program.

Other factors, such as work experience and career progression, are also important and will be considered by the Admissions Committee. All applicants are required to submit two professional letters of recommendation as well as a current resume.

All prospective students are welcome to arrange a meeting with an admissions counselor. Please phone the graduate school office for an informal appointment. Interviews are not required as part of the admissions process for the part-time M.B.A. program, but may be requested by the Admissions Committee. Interviews for the full-time M.B.A. and weekend M.B.A. programs are on an invitation-only basis. Once a completed application has been received, a preliminary review is completed and selected candidates are invited to interview.

Each applicant is considered on an individual basis. The full-time and weekend M.B.A. programs do have limited enrollments, but for the other graduate business programs there currently is no predetermined limit to the number of students who can be admitted. Thus, for these programs, all students who are judged eligible by the Admissions Committee will be invited to matriculate.

Graduate Management Admission Test (GMAT)

To be considered for admission as a degree seeking student, an applicant will be required to submit a score from the Graduate Management Admission Test (GMAT). GMAT information including dates, a list of test centers, and applications for the exam may be obtained at www.mba.com or by contacting Pearsonvue at 1-800-717-4628. The GMAT score report must come directly from Pearsonvue. A test taken more than five years prior to the date of application is not considered valid for admission purposes and would have to be retaken. An exception may be made for individuals who hold a doctoral or other terminal degree awarded by an appropriately accredited institution. An exception may also be made for fully certified CPA’s applying to the Master of Science in Taxation program. Applicants to the Master of Science in Human Resources Management and the Master of Science in Economics and Policy Analysis may submit either a GMAT or GRE (Graduate Records Examinations) score. As with the GMAT, GRE scores are valid for five years.
Application Deadlines

For the day MBA program (Full-time):

Admission to the Day M.B.A. program is competitive and is limited to the Autumn Quarter. There are three application rounds, with deadlines of February 1, April 1 and July 1. Application review begins in January, and you are encouraged to apply as early as possible. Decisions are mailed on an ongoing basis beginning in January, and applicants should expect to receive an admission decision approximately 4 weeks after their application becomes complete.

Applicants who wish to be considered for scholarships and graduate assistantships should apply during the first two application rounds. These awards are generally not available to applicants who apply after April 1.

Late applications submitted after the final July 1 deadline may be considered if space remains available in the incoming class.

For the weekend MBA and MS in Economic Policy Analysis programs:

Applications must be submitted by July 1st. Applications received after July 1st will be considered on a space available basis.

For all other graduate business programs:

Applications must be submitted by:

- July 1st for the Autumn Quarter
- October 1st for the Winter Quarter
- February 1st for the Spring Quarter
- April 1st for the Summer Quarter

Applicants educated outside the United States must submit their applications one month prior to the above deadlines.

Transcripts

Degree seeking applicants must present official transcripts from each junior college, college, and university attended (even if only for one course) including DePaul University, if applicable. Credits transferred and posted on the record of a second school do not constitute an official transcript of the original school. Transcripts that are already on file as part of a student record in another College Office at DePaul may be required to remain there and in that case cannot be transferred to the Graduate School of Business Office.

Applicants should write to the Registrar of each school attended, requesting that an official transcript be sent to the student. Once all of the transcripts have been received applicants should submit them to the graduate school office in their original envelopes with the applicant’s name, date of birth and program of interest noted on the envelope. We will then add the transcripts to the applicant’s admission file.

An applicant who is still taking courses or completing a program at the time he/she submits an application to the Graduate School of Business will not receive full admission until a final and official transcript listing the degree awarded has been submitted to the Admissions Committee. Please see Conditional Admission and Non-degree Status for more information regarding admission prior to posting of an undergraduate degree.

Readmission

A student previously admitted who has been absent from DePaul for one year or longer must complete the application form and submit a transcript of any courses taken elsewhere during his/her absence. A student must submit a written explanation of his/her absence from the program and an updated resume. A $30 application fee is required.

If the original application has been destroyed (after an absence of two years), the student may be required to complete a new application in full.

Special Instructions for International Applicants

Educational Credentials For International Students or Programs

Applicants must submit transcripts from all colleges and universities attended, including those attended but from which no credit was earned. Exceptions may be permitted for study-abroad credit when that credit is clearly
defined and displayed on the home institution transcript. Applicants with non-U.S. educational credentials for Winter term 2012 and beyond are required to submit their official educational credentials (e.g., transcripts, mark sheets, degree certificates, graduation diplomas) and evaluation fee directly to one of the three evaluation companies below:

- Educational Credential Evaluators, Inc.
- Educational Perspectives
- One Earth International Credential Evaluation

These evaluators will then provide DePaul with a general evaluation of their studies and certified copies of their international educational credentials which will be used during admission review. Please direct any questions about required credentials to the evaluation company you have selected and not to the Kellstadt Graduate School of Business. DePaul will not accept evaluations from any other evaluation companies and will not accept any educational credentials without an evaluation from ECE, EP or One Earth.

**English Proficiency**

Non-native English speakers who have not completed a bachelor’s or master’s degree in the United States should submit scores from a recognized English proficiency test. The Kellstadt Graduate School of Business accepts results from TOEFL, IELTS and the Pearson Test of English (PTE).

**Degree Requirements**

**Course Requirements**

Students complete the M.S. in Taxation degree by taking 12 courses. Five of the 12 courses are required. Three of the 12 are selected from among a list of electives in Taxation. Four of the 12 courses may be electives selected from any area of the Kellstadt Graduate School of Business, with exceptions and restrictions as noted below. Students are expected to choose their electives in consultation with the faculty director of the program.

The following five courses are required:

- ACC 558 TAX RESEARCH
- ACC 560 TAXATION OF CORPORATIONS AND SHAREHOLDERS
- ACC 565 TAX ACCOUNTING, PERIODS, AND METHODS
- ACC 566 FEDERAL INCOME TAX PROCEDURES
- ACC 598 SEMINAR ON CURRENT PROBLEMS IN TAXATION

Choose at least three from among the following:

- ACC 559 TOPICS IN INDIVIDUAL AND CORPORATE TAXATION
- ACC 561 CORPORATE REORGANIZATIONS
- ACC 562 CONSOLIDATED RETURNS
- ACC 563 PARTNERSHIPS
- ACC 564 TRANSACTIONS IN PROPERTY
- ACC 567 INTERNATIONAL ASPECTS OF U.S. TAXATION
- ACC 568 TAXATION OF CLOSELY HELD CORPORATIONS
- ACC 569 CONCEPTS OF DEFERRED COMPENSATION
- ACC 570 STATE AND LOCAL INCOME AND FRANCHISE TAXATION
- ACC 571 ESTATE AND GIFT TAXATION
- ACC 572 CONCEPTS OF STATE PROPERTY AND TRANSACTION TAXATION
- ACC 573 INCOME TAXATION OF ESTATES, TRUSTS AND DECEDEXTENTS
- ACC 574 ESTATE PLANNING
- ACC 576 FEDERAL TAX VALUATION
- ACC 580 ACCOUNTING FOR INCOME TAXES
- ACC 581 TAXATION OF REAL ESTATE
- ACC 582 ADVANCED CONCEPTS IN INTERNATIONAL TAXATION
- ACC 591 TAX EXEMPT ORGANIZATIONS
- ACC 798 SPECIAL TOPICS SPECIAL TOPICS IN TAXATION
Choose four free electives from the list above or in accordance with the statement on free electives found below.

**Free Electives**

May be tax courses, or non-tax courses with the approval of the faculty director, but may not include ACC 500, ACC 541, ACC 542, ACC 543, ACC 545, ACC 547, ACC 548, ACC 550, ACC 551, ACC 552, ACC 555, ACC 584, ACC 690, BLW 500, ECO 500, ECO 509, MGT 500, MGT 502 and MGT 529.

**Degree Requirements**

- Satisfactory completion of the college residency requirement.
- Satisfactory completion of 45 quarter hours applicable to the degree.
- Satisfactory completion of at least eight taxation courses or a minimum of 32 quarter hours in taxation.
- All courses for credit toward the degree must be completed with satisfactory grades within six calendar years after the candidate’s first term of enrollment in the Kellstadt Graduate School of Business. After a lapse of six years a course is expired. An expired course is not acceptable for the purpose of satisfaction of degree requirements and is not applicable to the degree without the written permission of the program director or the Kellstadt Graduate School of Business.

**Secondary Education Biology (MED)**

The TEACH Program combines a College of Science and Health (CSH) undergraduate Biology major or some other disciplinary major with a graduate level College of Education (COE) Master’s in Education Program. Students graduate with a BS in their CSH disciplinary major and a MEd in Education with a State of Illinois Secondary Biology Certification.

The Program features the integration of disciplinary content with educational foundations and pedagogical content knowledge. The Junior Year Experiential Course, Senior Capstone Course, and three double-counted undergraduate/graduate courses offer students a seamless transition from undergraduate to graduate studies and from major-field coursework to teacher-preparation coursework. For undergraduate disciplinary major requirements, please refer to the appropriate undergraduate program website.

The 5th-year Master's level coursework builds on students' undergraduate experiences through a series of integrated courses that include consistent and long-term field experiences culminating in a student-teaching experience during the Spring of students’ fifth year. Within the COE, the Junior Year Experiential Course, Capstone Course, and Master’s level coursework are part of the Department of Teacher Education. This coursework is designed to immerse students into the teaching profession by linking and integrating disciplinary content with an understanding of human development; diverse students; middle-school and secondary education, research on pedagogical content knowledge; the social and cultural contexts of education; and the development and assessment of content-area curricula. The Program engages teacher candidates in critical reflection on their teacher development and practice. It fosters engagement in schools through placement of students in field experiences in schools and community agencies. Upon completion of the TEACH Program, teacher candidates measure themselves against the values of the COE conceptual framework through the development of professional portfolios. Values that are part of this framework include: commitment to social justice, critical pedagogy, and positive educational transformation within the context of a Vincentian personalism that honors the dignity of each person.

Students entering the program must be able and willing to participate in a minimum of 140 hours of field experiences in schools and community sites. These field experience hours are completed in conjunction with coursework and are integral to successful completion of the Program. In addition, students must complete a minimum of 10 weeks of full-time student teaching in a designated middle or high school.

**Certification**

Type 09 Secondary Education Science-Biology (grades 9-12 or grades 6-12) Illinois State Board of Education (ISBE) approved program
Admission Information

Criteria for admission to the TEACH Program

During Junior year

- Junior standing (88 or more credit hours)
- Declared, relevant CSH major
- Completion of at least 16 credit hours here at DePaul
- Completion of TCH 320 (JYEL course)
- Overall gpa of 3.0

Application process

- Submit a completed COE application form
- Submit DePaul University unofficial transcripts
- Submit two letters of recommendation (at least one from a faculty member in disciplinary major)
- Submit a 750-word essay on teaching interests and goals

A subcommittee of the Program’s Coordinating Committee with expertise in the student’s undergraduate disciplinary major reviews all applications. Upon acceptance to the Program, students will be notified via email and letter and assigned a CSH disciplinary advisor and COE academic advisor.

Admission to the TEACH Program does not constitute admission to the 5th Year Master’s level coursework.

Criteria for admission to 5th year Master’s year

Upon completion of undergraduate major program

- Completion of undergraduate degree audit
- Completion of TCH sequence and capstone coursework (during Senior Year)
- Completion of ISBE Basic Skills Test or Test of Academic Proficiency (TAP) (during Senior Year or earlier)
- Completion of COE Technology skills assessment (EDU 025) (during Senior Year or earlier)
- Maintenance of a 3.0 GPA

College Requirements

Dispositions

The academic programs within the College of Education have set forth these dispositions as educational and professional expectations for all students. Students should be aware that failing to abide by DePaul University or College of Education policies including, under certain circumstances, these dispositions, could result in adverse consequences for the student, including removal from his or her program, the College of Education, or the University.

- Reflects on progress and identifies strengths and weaknesses, including evaluating strategies for success, finding alternatives for inappropriate strategies, and modifying future practices
- Is receptive to faculty feedback and acts meaningfully and professionally upon suggestions
- Values critical thinking, including engaging theoretical and philosophical frameworks and shows evidence of critical thinking through discussion and writing (e.g., journals, response to prompts)
- Understands the importance of and is committed to communicating clearly orally and in writing both in traditional and in new and emerging digital formats
- Values and is committed to continually developing strong content area knowledge and/or knowledge of the professional field, including pedagogical content knowledge
• Takes initiative, uses imagination and creativity, and seeks out information using a variety of human and material resources and technology to inform his or her teaching.
• Is aware of the role of classroom environment and uses management procedures that reflect respect and care for learners and concern for their emotional and physical well being.
• Takes the time and effort needed to understand how students learn, including discovering their interests and experiences and determining how to shape teaching acts (using technology as appropriate) that engage learners meaningfully and actively.
• Values and is committed to using assessment to evaluate and ensure the continuous intellectual, social, emotional, and physical development of the learner.
• Respects and considers cultural contexts in order to determine how to be responsive to learners and to proactively promote all students' learning.
• Values and is responsive to diverse learners' academic, emotional, and social needs through teaching acts (including careful instructional planning, implementation, and differentiation) and through everyday interactions with students.
• Is committed to collaboration with colleagues, families, and communities in order to promote all students' learning and development.
• Recognizes and fulfills professional responsibilities and habits of conduct (e.g., dress, language, preparedness, attendance, punctuality, etc.).
• Demonstrates collegiality, honesty, good judgment, courtesy, respect, and diplomacy.
• Balances self-confidence and assertiveness with respect for others' perspectives.
• Respects the requirements, expectations, and procedures of both the College of Education and of our field partners and appreciates the issues of trust, fairness, and professionalism involved.

**Advanced Standing**

Students are conditionally admitted to the College of Education. There are additional requirements to reach Advanced Standing in your program in the College of Education. Requirements must be met to progress in the major and take courses in the Advanced Standing category.

Advanced Standing requirements are:

- Maintain a DePaul Graduate 3.00 GPA
- Pass the Illinois Certification Basic Skills Test or Test of Academic Proficiency (TAP)
- Pass the COE basic computer competency assessment (EDU 25 registration required)
- Pass the minimum of 8 credit hours
- Submit a petition for advanced standing form

Students should attempt to complete the Advanced Standing requirements soon after beginning the program. There is no time limit to meet these criteria; however, students will only be able to take pre-education courses until requirements have been met. Students can also take liberal studies or content area courses before or after meeting Advanced Standing requirements.

**Certification Tests**

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate.

**Field Experiences**

Each student seeking certification from the College of Education / Professional Education Unit must complete supervised field experiences in appropriate settings in conjunction with education courses. The field experiences must include a variety of grade levels, multicultural experiences, and a minimum of 15 hours in special education settings. All field experiences must be completed prior to final approval for student teaching. Field experience hours should be entered by the student into the FEDS system when completing courses with field experience requirements.

**Endorsements**

An endorsement is a subject area that you can qualify for to teach full time, in addition to your main certification area. Endorsements are issued at three levels: primary, middle school, and high school.

The Illinois State Board of Education (ISBE) issues endorsements in various subject areas. To view the full list and requirements, visit the ISBE website.

Qualifying for an endorsement at the middle school level requires 18 semester hours (27 quarter hours) in a teachable subject area and complete SCG 439. Some areas (like math) have specifically required courses. Courses must have a grade of C or better to qualify for endorsements and must be earned credit listed on a college transcript.
Consult with your advisor regarding endorsements. DePaul will only recommend individuals for endorsements in the following middle school areas: Arabic, art, biological science, Chinese, French, general science, German, Italian, Japanese, language arts, math, physical science, social science, and Spanish.

Endorsement requirements for the primary level are identical to the middle school requirements except that they do not require SCG 439. There are a limited number of areas available at the primary level.

Qualifying for most endorsements at the high school level requires 24 semester hours (48 quarter hours) in a teachable subject area* and passing the relevant content area test. DePaul will only recommend individuals for endorsements in the following high school areas: art, Arabic, Chinese, English, French, German, Italian, Japanese, math, Russian, science**, social science**, and Spanish.

* Exceptions to the basic requirements for high school level endorsements include the subject areas of foreign language, science, and social science. For foreign language, 32 semester hours (48 quarter hours) or the content area test in the language is required.

** For science and social science, 32 semester hours (48 quarter hours) in the broad area of either science or social science, and 12 semester hours in the specific endorsement designation area, plus the content area test are required. To qualify for additional science and social science designations, individuals applying after February 1, 2012 need both the content test and 12 semester hours in the additional designation area.

### Student Teaching Requirements

Student Teaching is the culminating clinical experience in the student’s program. All students in teacher preparation programs must meet the following requirements before applying for student teaching:

#### Academic Requirements:

- Completion of all Pre-Education, Advanced Standing, Content Area, and Graduate level Content Area courses
- Overall cumulative G.P.A. of 3.00 or better
- Cumulative GPA of 2.75 or better in all education courses
- Meet all other program requirements (e.g., residency requirements)
- Meet designated program standards
- Pass the required Illinois certification content area test

#### Clinical Requirements:

- Completion of all required field experiences
- Three satisfactory evaluations in field experiences
- Three satisfactory faculty recommendations
- Attendance at mandatory meeting for student teaching
- Application for student teaching, resume, transcripts, and writing sample (check deadlines)
- Review and approval by Student Teaching Committee of the College of Education

#### Student Teaching Timeline and Deadlines:

- Attend a Mandatory Meeting approximately 1 year prior to expected quarter of student teaching.
- Submit application for student teaching after attending Mandatory Meeting, approximately 1 year prior to student teaching.
- Academic requirements are due one quarter before expected quarter of student teaching.
- Clinical requirements are completed as course requirements. Field experience hours are entered by the student as coursework is completed.

Online Faculty Evaluations are entered by the instructor of relevant courses. All data must be entered in the Field Experience Documentation System (FEDS) due one month prior to student teaching.

Individual child care agencies and public and private school districts may have additional requirements (application, training, background check, etc.).

### Degree Conferral and Graduation

The awarding of a degree is not automatic. You must submit an application to be considered for the degree. DePaul awards and posts degrees at the end of each regular academic term (autumn, winter, spring, summer I and summer II).

It is your responsibility to initiate the degree conferral application process by submitting an online application. Submitting an application means you intend to finish your degree requirements by the end of the term for which you have applied.
Graduate students must be approved for student teaching and complete student teaching, seminar, and induction courses to be cleared for the degree. Student must submit graduation application for the quarter you are completing the final course (student teaching is considered a course).

After you submit the application, you cannot register for any term after the one selected in the application.

Application deadlines are as follows:

- Fall Quarter - October 1st
- Winter Quarter - January 15th
- Spring Quarter - February 1st
- Summer I Quarter - June 1st
- Summer II Quarter - July 15th

To apply for degree conferral, log on to Campus Connection. Select FOR STUDENTS, then GRADUATION, then APPLY FOR DEGREE CONFERRAL. On screen instructions will take you through the application process.

Provided that all requirements and financial obligations are met, degrees are posted 30 days after the official end of the term. Official dates are listed on the Academic Calendar.

DePaul holds one commencement ceremony each year in June. If you intend to participate, you must first apply for degree conferral for the current academic year and then submit a cap and gown order. Honors are not announced at the ceremony for undergraduates completing their final courses in spring quarter because a final GPA is not available at the time of the ceremony.

Additional information about degree conferral and graduation can be found on the College of Education website.

**Certification**

Requirements for certification include completion of the full certification program and all certification tests (including OPI for world language majors). A bachelor's degree is required; a master's degree is not.

Individuals must submit an application directly to the Illinois State Board of Education after completion of requirements and after DePaul has submitted notification to ISBE. Application requirements include application form, application fee, official transcripts, and registration fee.

All individuals must meet ISBE requirements in place at the time of application for the certificate. Requirements are subject to change per the discretion of ISBE.

Individuals seeking additional endorsements after applying for the certificate must contact ISBE directly for an evaluation request.

**Degree Requirements**

**Course Requirements**

All students need to have sufficient knowledge of the subject they will be teaching. Illinois State Board of Education requires a minimum of 48 quarter hours (32 semester hours) in the content area subject. Typically these requirements are met concurrently with the completion of the CSH undergraduate degree program. Prior to admission to the 5th Year Master's Year, students must meet with their CSH academic advisor to complete an undergraduate degree audit that will include an official written content area evaluation. Any areas of deficiency must be completed prior to beginning student teaching.

All coursework in the content area must earn a grade of C or better.

- General Biology I
- General Biology II
- General Biology III
- Ecology
Junior Year Coursework: 4 undergraduate quarter hours required

- TCH 320 EXPLORING TEACHING IN THE URBAN HIGH SCHOOL (fulfills undergraduate Junior Year Experiential Course requirement)

Senior Year Coursework: 16 quarter hours required

- TCH 390 CAPSTONE: INTEGRATING EDUCATION & DISCIPLINARY FOUNDATIONS (fulfills undergraduate Capstone requirement; major area may require a separate Capstone course)

Undergraduate/Graduate Double-Counted Courses: 12 undergraduate/graduate quarter hours required

- TCH 401 TEACHING AS A PROFESSION IN SECONDARY SCHOOL
- TCH 414 THE NATURE OF SCIENCE
- TCH 424 INQUIRY & APPLICATION IN DEVELOPING SECONDARY SCIENCE PEDAGOGY

5th Year Master’s Year Coursework, excluding Student Teaching: 28 graduate quarter hours required

- SCG 406 HUMAN DEVELOPMENT AND LEARNING: SECONDARY
- LSI 446 PSYCHOLOGY AND EDUCATION OF THE EXCEPTIONAL CHILD
- TCH 454 RESEARCH METHODS & DISCIPLINARY INQUIRY: SCIENCE
- TCH 464 INQUIRY & TEACHING OF MIDDLE SCHOOL SCIENCE
- TCH 474 TEACHING THE SCIENCES IN THE HIGH SCHOOL 1
- TCH 484 TEACHING THE SCIENCES IN THE HIGH SCHOOL 2
- TCH 495 ASSESSMENT ISSUES IN SECONDARY EDUCATION

Student Teaching: 10 graduate quarter hours required

Registration in student teaching requires completion of all requirements and procedures listed in the college core section. EDU 95 indicates to the Illinois State Board of Education that all field experience hours are complete. It is a non-credit, non-tuition course.

- TCH 590 STUDENT TEACHING (6 hours, grade of B- or better required)
- TCH 591 STUDENT TEACHING SEMINAR (4 hours)
- EDU 95 CLINICAL EXPERIENCE WITH CHILDREN AND YOUTH (non-credit, non-tuition, PA grade required)

Certification Tests

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate. Secondary Education Biology students must complete the following tests:

- Test of Academic Proficiency (TAP) (test #400) - assesses knowledge of reading comprehension, language arts, writing, and math. Test is required to qualify for Advanced Standing.
- Science: Biology Content Area Test (test #105) – assesses knowledge of biological and physical science. Test is required before Student Teaching (deadlines apply)
- Assessment of Professional Teaching (APT) (test #103, grade 6-12) – assesses knowledge of teaching planning, delivery, assessment, professionalism, and technology. Test is required to be certified, recommended to take before Student Teaching.
Field Experiences

Each student seeking certification from the College of Education/Professional Education Unit must complete supervised field experiences in appropriate settings in conjunction with education courses. The field experiences must include a variety of grade levels, multicultural experiences, and a minimum of 15 hours in special education settings. All field experiences must be completed prior to final approval for student teaching. Students should enter field experience hours into the FEDS system upon completion of each course with field experience requirements. For details on requirements, expectations, documentation, & courses in your program that require hours, visit the College of Education website.

Secondary Education Chemistry (MED)

The TEACH Program combines a College of Science and Health (CSH) undergraduate Chemistry major or some other disciplinary major with a graduate level College of Education (COE) Master’s in Education Program. Students graduate with a BS in their CSH disciplinary major and a MEd in Education with a State of Illinois Secondary Chemistry Certification.

The Program features the integration of disciplinary content with educational foundations and pedagogical content knowledge. The Junior Year Experiential Course, Senior Capstone Course, and three double-counted undergraduate/graduate courses offer students a seamless transition from undergraduate to graduate studies and from major-field coursework to teacher-preparation coursework. For undergraduate disciplinary major requirements, please refer to the appropriate undergraduate program website.

The 5th-year Master’s level coursework builds on students’ undergraduate experiences through a series of integrated courses that include consistent and long-term field experiences culminating in a student-teaching experience during the Spring of students’ fifth year. The field experiences must include a variety of grade levels, multicultural experiences, and a minimum of 15 hours in special education settings. All field experiences must be completed prior to final approval for student teaching. Field experience hours should be entered by the student into the FEDS system when completing courses with field experience requirements.

Endorsements

An endorsement is a subject area that you can qualify for to teach full time, in addition to your main certification area. Endorsements are issued at three levels: primary, middle school, and high school.

The Illinois State Board of Education (ISBE) issues endorsements in various subject areas. To view the full list and requirements, visit the ISBE website.

Qualifying for an endorsement at the middle school level requires 18 semester hours (27 quarter hours) in a teachable subject area and complete SCG 439. Some areas (like math) have specifically required courses. Courses must have a grade of C or better to qualify for endorsements and must be earned credit listed on a college transcript.

Consult with your advisor regarding endorsements. DePaul will only recommend individuals for endorsements.
in the following middle school areas: Arabic, art, biological science, Chinese, French, general science, German, Italian, Japanese, language arts, math, physical science, social science, and Spanish.

Endorsement requirements for the primary level are identical to the middle school requirements except that they do not require SCG 439. There are a limited number of areas available at the primary level.

Qualifying for most endorsements at the high school level requires 24 semester hours (48 quarter hours) in a teachable subject area* and passing the relevant content area test. DePaul will only recommend individuals for endorsements in the following high school areas: art, Arabic, Chinese, English, French, German, Italian, Japanese, math, Russian, science**, social science**, and Spanish.

* Exceptions to the basic requirements for high school level endorsements include the subject areas of foreign language, science, and social science. For foreign language, 32 semester hours (48 quarter hours) OR the content area test in the language is required.

** For science and social science, 32 semester hours (48 quarter hours) in the broad area of either science or social science, and 12 semester hours in the specific endorsement designation area, plus the content area test are required. To qualify for additional science and social science designations, individuals applying after February 1, 2012 need both the content test and 12 semester hours in the additional designation area.

Student Teaching Requirements

Student Teaching is the culminating clinical experience in the student's program. All students in teacher preparation programs must meet the following requirements before applying for student teaching:

Academic Requirements:

- Completion of all Pre-Education, Advanced Standing, Content Area, and Graduate level Content Area courses
- Overall cumulative G.P.A. of 3.00 or better
- Cumulative GPA. of 2.75 or better in all education courses
- Meet all other program requirements (e.g., residency requirements)
- Meet designated program standards
- Pass the required Illinois certification content area test

Clinical Requirements:

- Completion of all required field experiences
- Three satisfactory evaluations in field experiences
- Three satisfactory faculty recommendations
- Attendance at mandatory meeting for student teaching
- Application for student teaching, resume, transcripts, and writing sample (check deadlines)
- Review and approval by Student Teaching Committee of the College of Education

Student Teaching Timeline and Deadlines:

- Attend a Mandatory Meeting approximately 1 year prior to expected quarter of student teaching.
- Submit application for student teaching after attending Mandatory Meeting, approximately 1 year prior to student teaching.
- Academic requirements are due one quarter before expected quarter of student teaching.
- Clinical requirements are completed as course requirements. Field experience hours are entered by the student as coursework is completed.

Online Faculty Evaluations are entered by the instructor of relevant courses. All data must be entered in the Field Experience Documentation System (FEDS) due one month prior to student teaching.

Individual child care agencies and public and private school districts may have additional requirements (application, training, background check, etc.).

Degree Conferral and Graduation

The awarding of a degree is not automatic. You must submit an application to be considered for the degree. DePaul awards and posts degrees at the end of each regular academic term (autumn, winter, spring, summer I and summer II).

It is your responsibility to initiate the degree conferral application process by submitting an online application. Submitting an application means you intend to finish your degree requirements by the end of the term for which you have applied.
Graduate students must be approved for student teaching and complete student teaching, seminar, and induction courses to be cleared for the degree. Student must submit graduation application for the quarter you are completing the final course (student teaching is considered a course).

After you submit the application, you cannot register for any term after the one selected in the application.

Application deadlines are as follows:

- Fall Quarter - October 1st
- Winter Quarter - January 15th
- Spring Quarter - February 1st
- Summer I Quarter - June 1st
- Summer II Quarter - July 15th

To apply for degree conferral, log on to Campus Connection. Select FOR STUDENTS, then GRADUATION, then APPLY FOR DEGREE CONFERRAL. On screen instructions will take you through the application process.

Provided that all requirements and financial obligations are met, degrees are posted 30 days after the official end of the term. Official dates are listed on the Academic Calendar.

DePaul holds one commencement ceremony each year in June. If you intend to participate, you must first apply for degree conferral for the current academic year and then submit a cap and gown order. Honors are not announced at the ceremony for undergraduates completing their final courses in spring quarter because a final GPA is not available at the time of the ceremony.

Additional information about degree conferral and graduation can be found on the College of Education website.

**Certification**

Requirements for certification include completion of the full certification program and all certification tests (including OPI for world language majors). A bachelor's degree is required; a master's degree is not.

Individuals must submit an application directly to the Illinois State Board of Education after completion of requirements and after DePaul has submitted notification to ISBE. Application requirements include application form, application fee, official transcripts, and registration fee.

All individuals must meet ISBE requirements in place at the time of application for the certificate. Requirements are subject to change per the discretion of ISBE.

Individuals seeking additional endorsements after applying for the certificate must contact ISBE directly for an evaluation request.

**Degree Requirements**

**Course Requirements**

All students need to have sufficient knowledge of the subject they will be teaching. Illinois State Board of Education requires a minimum of 48 quarter hours (32 semester hours) in the content area subject. Typically these requirements are met concurrently with the completion of the CSH undergraduate degree program. Prior to admission to the 5th Year Master's Year, students must meet with their CSH academic advisor to complete an undergraduate degree audit that will include an official written content area evaluation. Any areas of deficiency must be completed prior to beginning student teaching.

**Content Area Requirements for Secondary Chemistry Education:**

All coursework in the content area must earn a grade of C or better.

- General Chemistry I
- General Chemistry II
General Chemistry III  
Organic Chemistry I  
Organic Chemistry II  
Analytical Chemistry  
Physical Chemistry I  
Physical Chemistry II  
Applied Probability and Statistics (2 qh)  
Chemistry Seminar (2qh)  
Calculus I  
Calculus II  
Calculus III  
General Physics I  
General Physics II  
General Physics III  

Choose three of the following Chemistry courses: 12 quarter hours  
- Organic Chemistry III  
- Air Chemistry  
- Solid Waste Chemistry  
- Physical Chemistry III  
- Intermediate Inorganic Chemistry  
- Intermediate Organic Chemistry  
- Biochemistry I  
- Biochemistry II  
- Biochemistry III  
- Nuclear Chemistry  
- Biophysical Chemistry  
- Medicinal Chemistry  
- Drugs and Toxicology  
- Nutrition  
- Applied Spectroscopy  

**Junior Year Coursework : 4 undergraduate quarter hours required**  
- TCH 320 EXPLORING TEACHING IN THE URBAN HIGH SCHOOL (fulfills undergraduate Junior Year Experiential Course requirement)  

**Senior Year Coursework : 16 quarter hours required**  
- TCH 390 CAPSTONE: INTEGRATING EDUCATION & DISCIPLINARY FOUNDATIONS (fulfills undergraduate Capstone requirement; major area may require a separate Capstone course)  

**Undergraduate/ Graduate Double-Counted Courses: 12 undergraduate/ graduate quarter hours required**  
- TCH 401 TEACHING AS A PROFESSION IN SECONDARY SCHOOL  
- TCH 414 THE NATURE OF SCIENCE  
- TCH 424 INQUIRY & APPLICATION IN DEVELOPING SECONDARY SCIENCE PEDAGOGY  

**5th Year Master’s Year Coursework, excluding Student Teaching : 28 graduate quarter hours required**  
- SCG 406 HUMAN DEVELOPMENT AND LEARNING:SECONDARY  
- LSI 446 PSYCHOLOGY AND EDUCATION OF THE EXCEPTIONAL CHILD  
- TCH 454 RESEARCH METHODS & DISCIPLINARY INQUIRY: SCIENCE  
- TCH 464 INQUIRY & TEACHING OF MIDDLE SCHOOL SCIENCE  
- TCH 474 TEACHING THE SCIENCES IN THE HIGH SCHOOL 1  
- TCH 484 TEACHING THE SCIENCES IN THE HIGH SCHOOL 2  
- TCH 495 ASSESSMENT ISSUES IN SECONDARY EDUCATION  

**Student Teaching : 10 graduate quarter hours required**  
Registration in student teaching requires completion of all requirements and procedures listed in the college core section. EDU 95 indicates to the Illinois State Board of Education that all field experience hours are complete. It is a non-credit, non-tuition course.  
- TCH 590 STUDENT TEACHING (6 hours, grade of B- or better required)  
- TCH 591 STUDENT TEACHING SEMINAR (4 hours)
Certification Tests

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate. Secondary Education Biology students must complete the following tests:

- Test of Academic Proficiency (TAP) (test #400) - assesses knowledge of reading comprehension, language arts, writing, and math. Test is required to qualify for Advanced Standing.
- Science: Chemistry Content Area Test (test #106) – assesses knowledge of both geological and chemical science as well as general biological and physical sciences. Test is required before Student Teaching (deadlines apply)
- Assessment of Professional Teaching (APT) (test #103, grade 6-12) – assesses knowledge of teaching planning, delivery, assessment, professionalism, and technology. Test is required to be certified, recommended to take before Student Teaching.

Field Experiences

Each student seeking certification from the College of Education/Professional Education Unit must complete supervised field experiences in appropriate settings in conjunction with education courses. The field experiences must include a variety of grade levels, multicultural experiences, and a minimum of 15 hours in special education settings. All field experiences must be completed prior to final approval for student teaching. Students should enter field experience hours into the FEDS system upon completion of each course with field experience requirements. For details on requirements, expectations, documentation, & courses in your program that require hours, visit the College of Education website.

Secondary Education English (MED)

The TEACH Program combines a College of Liberal Arts and Social Sciences (LAS) undergraduate English major or some other disciplinary major with a graduate level College of Education (COE) Master’s in Education Program. Students graduate with a BS in their CSH disciplinary major and a MEd in Education with a State of Illinois Secondary English Certification.

The Program features the integration of disciplinary content with educational foundations and pedagogical content knowledge. The Junior Year Experiential Course, Senior Capstone Course, and three double-counted undergraduate/graduate courses offer students a seamless transition from undergraduate to graduate studies and from major-field coursework to teacher-preparation coursework. For undergraduate disciplinary major requirements, please refer to the appropriate undergraduate program website.

The 5th year Master’s level coursework builds on students' undergraduate experiences through a series of integrated courses that include consistent and long-term field experiences culminating in a student-teaching experience during the Spring of students' fifth year. Within the COE, the Junior Year Experiential Course, Senior Capstone Course, and Master's level coursework are part of the Department of Teacher Education. This coursework is designed to immerse students into the teaching profession by linking and integrating disciplinary content with an understanding of human development; diverse students; middle-school and secondary education; research on pedagogical content knowledge; the social and cultural contexts of education; and the development and assessment of content-area curricula. The Program engages teacher candidates in critical reflection on their teacher development and practice. It fosters engagement in schools through placement of students in field experiences in schools and community agencies. Upon completion of the TEACH Program, teacher candidates measure themselves against the values of the COE conceptual framework through the development of professional portfolios. Values that are part of this framework include: commitment to social justice, critical pedagogy, and positive educational transformation within the context of a Vincentian personalism that honors the dignity of each person.

Students entering the program must be able and willing to participate in a minimum of 140 hours of field experiences in schools and community sites. These field experience hours are completed in conjunction with coursework and are integral to successful completion of the Program. In addition, students must complete a minimum of 10 weeks of full-time student teaching in a designated middle or high school.
Certification
Type 09 Secondary Education English Language Arts (grades 9-12 or grades 6-12) Illinois State Board of Education (ISBE) approved program

Admission Information

Criteria for admission to the TEACH Program

During Junior Year

- Junior standing (88 or more credit hours)
- Declared, relevant LAS major
- Completion of at least 16 credit hours here at DePaul
- Completion of TCH 320 (JYEL course)
- Overall gpa of 3.0

Application process

- Submit a completed COE application form
- Submit DePaul University unofficial transcripts
- Submit two letters of recommendation (at least one from a faculty member in disciplinary major)
- Submit a 750-word essay on teaching interests and goals

A subcommittee of the Program’s Coordinating Committee with expertise in the student’s undergraduate disciplinary major reviews all applications. Upon acceptance to the Program, students will be notified via email and letter and assigned a CSH disciplinary advisor and COE academic advisor.

Admission to the TEACH Program does not constitute admission to the 5th Year Master’s level coursework.

Criteria for admission to 5th year Master’s year

Upon completion of undergraduate major program

- Completion of undergraduate degree audit
- Completion of TCH sequence and capstone coursework (during Senior Year)
- Completion of ISBE Basic Skills Test or Test of Academic Proficiency (TAP) (during Senior Year or earlier)
- Completion of COE Technology skills assessment (EDU 025) (during Senior Year or earlier)
- Maintenance of a 3.0 GPA

College Requirements

Dispositions

The academic programs within the College of Education have set forth these dispositions as educational and professional expectations for all students. Students should be aware that failing to abide by DePaul University or College of Education policies including, under certain circumstances, these dispositions, could result in adverse consequences for the student, including removal from his or her program, the College of Education, or the University.
Reflects on progress and identifies strengths and weaknesses, including evaluating strategies for success, finding alternatives for inappropriate strategies, and modifying future practices

Is receptive to faculty feedback and acts meaningfully and professionally upon suggestions

Values critical thinking, including engaging theoretical and philosophical frameworks and shows evidence of critical thinking through discussion and writing (e.g., journals, response to prompts)

Understands the importance of and is committed to communicating clearly orally and in writing both in traditional and in new and emerging digital formats

Values and is committed to continually developing strong content area knowledge and/or knowledge of the professional field, including pedagogical content knowledge

 Takes initiative, uses imagination and creativity, and seeks out information using a variety of human and material resources and technology to inform his or her teaching

Is aware of the role of classroom environment and uses management procedures that reflect respect and care for learners and concern for their emotional and physical well being

 Takes the time and effort needed to understand how students learn, including discovering their interests and experiences and determining how to shape teaching acts (using technology as appropriate) that engage learners meaningfully and actively

Values and is committed to using assessment to evaluate and ensure the continuous intellectual, social, emotional, and physical development of the learner

Respects and considers cultural contexts in order to determine how to be responsive to learners and to proactively promote all students' learning

Values and is responsive to diverse learners' academic, emotional, and social needs through teaching acts (including careful instructional planning, implementation, and differentiation) and through everyday interactions with students

Is committed to collaboration with colleagues, families, and communities in order to promote all students' learning and development

Recognizes and fulfills professional responsibilities and habits of conduct (e.g., dress, language, preparedness, attendance, punctuality, etc.)

Demonstrates collegiality, honesty, good judgment, courtesy, respect, and diplomacy

Balances self-confidence and assertiveness with respect for others' perspectives

Respects the requirements, expectations, and procedures of both the College of Education and of our field partners and appreciates the issues of trust, fairness, and professionalism involved

Advanced Standing

Students are conditionally admitted to the College of Education. There are additional requirements to reach Advanced Standing in your program in the College of Education. Requirements must be met to progress in the major and take courses in the Advanced Standing category.

Advanced Standing requirements are:

- Maintain a DePaul Graduate 3.00 GPA
- Pass the Illinois Certification Basic Skills Test or Test of Academic Proficiency (TAP)
- Pass the COE basic computer competency assessment (EDU 25 registration required)
- Pass the minimum of 8 credit hours
- Submit a petition for advanced standing form

Students should attempt to complete the Advanced Standing requirements soon after beginning the program. There is no time limit to meet these criteria; however, students will only be able to take pre-education courses until requirements have been met. Students can also take liberal studies or content area courses before or after meeting Advanced Standing requirements.

Certification Tests

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate.

Field Experiences

Each student seeking certification from the College of Education / Professional Education Unit must complete supervised field experiences in appropriate settings in conjunction with education courses. The field experiences must include a variety of grade levels, multicultural experiences, and a minimum of 15 hours in special education settings. All field experiences must be completed prior to final approval for student teaching. Field experience hours should be entered by the student into the FEDS system when completing courses with field experience requirements.

Endorsements

An endorsement is a subject area that you can qualify for to teach full time, in addition to your main certification area. Endorsements are issued at three levels: primary, middle school, and high school.
The Illinois State Board of Education (ISBE) issues endorsements in various subject areas. To view the full list and requirements, visit the ISBE website.

Qualifying for an endorsement at the middle school level requires 18 semester hours (27 quarter hours) in a teachable subject area and complete SCG 439. Some areas (like math) have specifically required courses. Courses must have a grade of C or better to qualify for endorsements and must be earned credit listed on a college transcript.

Consult with your advisor regarding endorsements. DePaul will only recommend individuals for endorsements in the following middle school areas: Arabic, art, biological science, Chinese, French, general science, German, Italian, Japanese, language arts, math, physical science, social science, and Spanish.

Endorsement requirements for the primary level are identical to the middle school requirements except that they do not require SCG 439. There are a limited number of areas available at the primary level.

Qualifying for most endorsements at the high school level requires 24 semester hours (48 quarter hours) in a teachable subject area* and passing the relevant content area test. DePaul will only recommend individuals for endorsements in the following high school areas: art, Arabic, Chinese, English, French, German, Italian, Japanese, math, Russian, science**, social science**, and Spanish.

* Exceptions to the basic requirements for high school level endorsements include the subject areas of foreign language, science, and social science. For foreign language, 32 semester hours (48 quarter hours) OR the content area test in the language is required.

** For science and social science, 32 semester hours (48 quarter hours) in the broad area of either science or social science, and 12 semester hours in the specific endorsement designation area, plus the content area test are required. To qualify for additional science and social science designations, individuals applying after February 1, 2012 need both the content test and 12 semester hours in the additional designation area.

### Student Teaching Requirements

Student Teaching is the culminating clinical experience in the student's program. All students in teacher preparation programs must meet the following requirements before applying for student teaching:

### Academic Requirements:

- Completion of all Pre-Education, Advanced Standing, Content Area, and Graduate level Content Area courses
- Overall cumulative G.P.A. of 3.00 or better
- Cumulative GPA of 2.75 or better in all education courses
- Meet all other program requirements (e.g., residency requirements)
- Meet designated program standards
- Pass the required Illinois certification content area test

### Clinical Requirements:

- Completion of all required field experiences
- Three satisfactory evaluations in field experiences
- Three satisfactory faculty recommendations
- Attendance at mandatory meeting for student teaching
- Application for student teaching, resume, transcripts, and writing sample (check deadlines)
- Review and approval by Student Teaching Committee of the College of Education

### Student Teaching Timeline and Deadlines:

- Attend a Mandatory Meeting approximately 1 year prior to expected quarter of student teaching.
- Submit application for student teaching after attending Mandatory Meeting, approximately 1 year prior to student teaching.
- Academic requirements are due one quarter before expected quarter of student teaching.
- Clinical requirements are completed as course requirements. Field experience hours are entered by the student as coursework is completed.

Online Faculty Evaluations are entered by the instructor of relevant courses. All data must be entered in the Field Experience Documentation System (FEDS) due one month prior to student teaching.

Individual child care agencies and public and private school districts may have additional requirements (application, training, background check, etc.).

### Degree Conferral and Graduation
The awarding of a degree is not automatic. You must submit an application to be considered for the degree. DePaul awards and posts degrees at the end of each regular academic term (autumn, winter, spring, summer I and summer II).

It is your responsibility to initiate the degree conferral application process by submitting an online application. Submitting an application means you intend to finish your degree requirements by the end of the term for which you have applied.

Graduate students must be approved for student teaching and complete student teaching, seminar, and induction courses to be cleared for the degree. Student must submit graduation application for the quarter you are completing the final course (student teaching is considered a course).

After you submit the application, you cannot register for any term after the one selected in the application.

Application deadlines are as follows:

- Fall Quarter - October 1st
- Winter Quarter - January 15th
- Spring Quarter - February 1st
- Summer I Quarter - June 1st
- Summer II Quarter - July 15th

To apply for degree conferral, log on to Campus Connection. Select FOR STUDENTS, then GRADUATION, then APPLY FOR DEGREE CONFERRAL. On screen instructions will take you through the application process.

Provided that all requirements and financial obligations are met, degrees are posted 30 days after the official end of the term. Official dates are listed on the Academic Calendar.

DePaul holds one commencement ceremony each year in June. If you intend to participate, you must first apply for degree conferral for the current academic year and then submit a cap and gown order. Honors are not announced at the ceremony for undergraduates completing their final courses in spring quarter because a final GPA is not available at the time of the ceremony.

Additional information about degree conferral and graduation can be found on the College of Education website.

**Certification**

Requirements for certification include completion of the full certification program and all certification tests (including OPI for world language majors). A bachelor’s degree is required; a master’s degree is not.

Individuals must submit an application directly to the Illinois State Board of Education after completion of requirements and after DePaul has submitted notification to ISBE. Application requirements include application form, application fee, official transcripts, and registration fee.

All individuals must meet ISBE requirements in place at the time of application for the certificate. Requirements are subject to change per the discretion of ISBE.

Individuals seeking additional endorsements after applying for the certificate must contact ISBE directly for an evaluation request.

**Degree Requirements**

**Course Requirements**

All students need to have sufficient knowledge of the subject they will be teaching. Illinois State Board of Education requires a minimum of 48 quarter hours (32 semester hours) in the content area subject. Typically these requirements are met concurrently with the completion of the CSH undergraduate degree program. Prior to admission to the 5th Year Master’s Year, students must meet with their LAS academic advisor to complete an undergraduate degree audit that will include an official written content area evaluation. Any areas of deficiency
must be completed prior to beginning student teaching.

Content Area Requirements for Secondary English Education

All coursework in the content area must earn a grade of C or better. and a minimum of 18 quarter hours must be coursework at an undergraduate upper level or graduate level

- Introduction to Literature course
- Reading Poetry course
- Shakespeare course
- Literary Research and Writing/Reading Prose course
- Linguistics/Grammar/History of the English Language course
- 3 British Literature courses
- Romanticism in American Literature course
- 2 American Literature courses
- 2 300-level Literature elective courses

Junior Year Coursework: 4 undergraduate quarter hours required

- TCH 320 EXPLORING TEACHING IN THE URBAN HIGH SCHOOL (fulfills undergraduate Junior Year Experiential Course requirement)

Senior Year Coursework: 16 quarter hours required

- TCH 390 CAPSTONE: INTEGRATING EDUCATION & DISCIPLINARY FOUNDATIONS (fulfills undergraduate Capstone requirement; major area may require a separate Capstone course)

Undergraduate/ Graduate Double-Counted Courses: 12 undergraduate/ graduate quarter hours required

- TCH 401 TEACHING AS A PROFESSION IN SECONDARY SCHOOL
- TCH 411 THE NATURE OF ENGLISH
- TCH 421 INQUIRY & APPLICATION IN DEVELOPING SECONDARY ENGLISH PEDAGOGY

5th Year Master’s Year Coursework, excluding Student Teaching: 28 graduate quarter hours required

- SCG 406 HUMAN DEVELOPMENT AND LEARNING:SECONDARY
- LSI 446 PSYCHOLOGY AND EDUCATION OF THE EXCEPTIONAL CHILD
- TCH 451 RESEARCH METHODS & DISCIPLINARY INQUIRY: ENGLISH
- TCH 461 INQUIRY & TEACHING OF MIDDLE SCHOOL ENGLISH
- TCH 471 TEACHING ENGLISH IN THE HIGH SCHOOL 1
- TCH 481 TEACHING ENGLISH IN THE HIGH SCHOOL 2
- TCH 495 ASSESSMENT ISSUES IN SECONDARY EDUCATION

Student Teaching: 10 graduate quarter hours required

Registration in student teaching requires completion of all requirements and procedures listed in the college core section EDU 095 indicates to the Illinois State Board of Education that all field experience hours are complete. It is a non-credit, non-tuition course.

- TCH 590 STUDENT TEACHING (6 hours, grade of B- or better required)
- TCH 591 STUDENT TEACHING SEMINAR (4 hours)
- EDU 95 CLINICAL EXPERIENCE WITH CHILDREN AND YOUTH (non-credit, non-tuition, PA grade required)

Certification Tests

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate. Secondary Education English students must complete the following tests:

- Test of Academic Proficiency (TAP) (test #400) - assesses knowledge of reading comprehension, language arts, writing, and math. Test is required to qualify for Advanced Standing.
- English Language Arts Content Area Test (test #111) – assesses reading, writing and research, speaking and listening, and literature. Test is required before Student Teaching (deadlines apply)
- Assessment of Professional Teaching (APT) (test #103, grade 6-12) – assesses knowledge of teaching planning, delivery, assessment, professionalism, and technology. Test is required to be certified, recommended to take before Student Teaching.

Advanced Standing

Students are conditionally admitted to the College of Education. There are additional requirements to reach Advanced Standing in your program in the College of Education. Requirements must be met to progress in the major and take courses in the Advanced Standing category.

Advanced Standing requirements are:

- Maintain a DePaul Graduate 3.00 GPA
- Pass the Illinois Certification Basic Skills Test or Test of Academic Proficiency (TAP)
- Pass the COE basic computer competency assessment (EDU 25 registration required)
- Pass the minimum of 8 credit hours
- Submit a petition for advanced standing form

Students should attempt to complete the Advanced Standing requirements soon after beginning the program. There is no time limit to meet these criteria; however, students will only be able to take pre-education courses until requirements have been met. Students can also take liberal studies or content area courses before or after meeting Advanced Standing requirements.

Certification Tests

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate.

Field Experiences

Each student seeking certification from the College of Education / Professional Education Unit must complete supervised field experiences in appropriate settings in conjunction with education courses. The field experiences must include a variety of grade levels, multicultural experiences, and a minimum of 15 hours in special education settings. All field experiences must be completed prior to final approval for student teaching. Field experience hours should be entered by the student into the FEDS system when completing courses with field experience requirements.

Endorsements

An endorsement is a subject area that you can qualify for to teach full time, in addition to your main certification area. Endorsements are issued at three levels: primary, middle school, and high school.

The Illinois State Board of Education (ISBE) issues endorsements in various subject areas. To view the full list and requirements, visit the ISBE website.

Qualifying for an endorsement at the middle school level requires 18 semester hours (27 quarter hours) in a teachable subject area and complete SCG 439. Some areas (like math) have specifically required courses. Courses must have a grade of C or better to qualify for endorsements and must be earned credit listed on a college transcript.

Consult with your advisor regarding endorsements. DePaul will only recommend individuals for endorsements in the following middle school areas: Arabic, art, biological science, Chinese, French, general science, German,
Italian, Japanese, language arts, math, physical science, social science, and Spanish.

Endorsement requirements for the primary level are identical to the middle school requirements except that they do not require SCG 439. There are a limited number of areas available at the primary level.

Qualifying for most endorsements at the high school level requires 24 semester hours (48 quarter hours) in a teachable subject area* and passing the relevant content area test. DePaul will only recommend individuals for endorsements in the following high school areas: art, Arabic, Chinese, English, French, German, Italian, Japanese, math, Russian, science**, social science**, and Spanish.

* Exceptions to the basic requirements for high school level endorsements include the subject areas of foreign language, science, and social science. For foreign language, 32 semester hours (48 quarter hours) OR the content area test in the language is required.

** For science and social science, 32 semester hours (48 quarter hours) in the broad area of either science or social science, and 12 semester hours in the specific endorsement designation area, plus the content area test are required. To qualify for additional science and social science designations, individuals applying after February 1, 2012 need both the content test and 12 semester hours in the additional designation area.

Student Teaching Requirements

Student Teaching is the culminating clinical experience in the student’s program. All students in teacher preparation programs must meet the following requirements before applying for student teaching:

Academic Requirements:

- Completion of all Pre-Education, Advanced Standing, Content Area, and Graduate level Content Area courses
- Overall cumulative G.P.A. of 3.00 or better
- Cumulative GPA. of 2.75 or better in all education courses
- Meet all other program requirements (e.g., residency requirements)
- Meet designated program standards
- Pass the required Illinois certification content area test

Clinical Requirements:

- Completion of all required field experiences
- Three satisfactory evaluations in field experiences
- Three satisfactory faculty recommendations
- Attendance at mandatory meeting for student teaching
- Application for student teaching, resume, transcripts, and writing sample (check deadlines)
- Review and approval by Student Teaching Committee of the College of Education

Student Teaching Timeline and Deadlines:

- Attend a Mandatory Meeting approximately 1 year prior to expected quarter of student teaching.
- Submit application for student teaching after attending Mandatory Meeting, approximately 1 year prior to student teaching.
- Academic requirements are due one quarter before expected quarter of student teaching.
- Clinical requirements are completed as course requirements. Field experience hours are entered by the student as coursework is completed.

Online Faculty Evaluations are entered by the instructor of relevant courses. All data must be entered in the Field Experience Documentation System (FEDS) due one month prior to student teaching.

Individual child care agencies and public and private school districts may have additional requirements (application, training, background check, etc.).

Degree Conferral and Graduation

The awarding of a degree is not automatic. You must submit an application to be considered for the degree. DePaul awards and posts degrees at the end of each regular academic term (autumn, winter, spring, summer I and summer II).

It is your responsibility to initiate the degree conferral application process by submitting an online application. Submitting an application means you intend to finish your degree requirements by the end of the term for which you have applied.

Graduate students must be approved for student teaching and complete student teaching, seminar, and induction
courses to be cleared for the degree. Student must submit graduation application for the quarter you are completing the final course (student teaching is considered a course).

After you submit the application, you cannot register for any term after the one selected in the application.

Application deadlines are as follows:

- Fall Quarter - October 1st
- Winter Quarter - January 15th
- Spring Quarter - February 1st
- Summer I Quarter - June 1st
- Summer II Quarter - July 15th

To apply for degree conferral, log on to Campus Connection. Select FOR STUDENTS, then GRADUATION, then APPLY FOR DEGREE CONFERRAL. On screen instructions will take you through the application process.

Provided that all requirements and financial obligations are met, degrees are posted 30 days after the official end of the term. Official dates are listed on the Academic Calendar.

DePaul holds one commencement ceremony each year in June. If you intend to participate, you must first apply for degree conferral for the current academic year and then submit a cap and gown order. Honors are not announced at the ceremony for undergraduates completing their final courses in spring quarter because a final GPA is not available at the time of the ceremony.

Additional information about degree conferral and graduation can be found on the College of Education website.

**Certification**

Requirements for certification include completion of the full certification program and all certification tests (including OPI for world language majors). A bachelor's degree is required; a master's degree is not.

Individuals must submit an application directly to the Illinois State Board of Education after completion of requirements and after DePaul has submitted notification to ISBE. Application requirements include application form, application fee, official transcripts, and registration fee.

All individuals must meet ISBE requirements in place at the time of application for the certificate. Requirements are subject to change per the discretion of ISBE.

Individuals seeking additional endorsements after applying for the certificate must contact ISBE directly for an evaluation request.

---

**Degree Requirements**

**Course Requirements**

All students need to have sufficient knowledge of the subject they will be teaching. Illinois State Board of Education requires a minimum of 48 quarter hours (32 semester hours) in the content area subject. Typically these requirements are met concurrently with the completion of the CSH undergraduate degree program. Prior to admission to the 5th Year Master’s Year, students must meet with their CSH academic advisor to complete an undergraduate degree audit that will include an official written content area evaluation. Any areas of deficiency must be completed prior to beginning student teaching.

All coursework in the content area must earn a grade of C or better

- General Biology I
- General Biology II
- General Biology III
- General Chemistry I
- General Chemistry II
Junior Year Coursework: 4 undergraduate quarter hours required

- TCH 320 EXPLORING TEACHING IN THE URBAN HIGH SCHOOL (fulfills undergraduate Junior Year Experiential Course requirement)

Senior Year Coursework: 16 quarter hours required

- TCH 390 CAPSTONE: INTEGRATING EDUCATION & DISCIPLINARY FOUNDATIONS (fulfills undergraduate Capstone requirement; major area may require a separate Capstone course)

Undergraduate/ Graduate Double-Counted Courses: 12 undergraduate/ graduate quarter hours required

- TCH 401 TEACHING AS A PROFESSION IN SECONDARY SCHOOL
- TCH 414 THE NATURE OF SCIENCE
- TCH 424 INQUIRY & APPLICATION IN DEVELOPING SECONDARY SCIENCE PEDAGOGY

5th Year Master’s Year Coursework, excluding Student Teaching: 28 graduate quarter hours required

- SCG 406 HUMAN DEVELOPMENT AND LEARNING:SECONDARY
- LSI 446 PSYCHOLOGY AND EDUCATION OF THE EXCEPTIONAL CHILD
- TCH 454 RESEARCH METHODS & DISCIPLINARY INQUIRY: SCIENCE
- TCH 464 INQUIRY & TEACHING OF MIDDLE SCHOOL SCIENCE
- TCH 474 TEACHING THE SCIENCES IN THE HIGH SCHOOL 1
- TCH 484 TEACHING THE SCIENCES IN THE HIGH SCHOOL 2
- TCH 495 ASSESSMENT ISSUES IN SECONDARY EDUCATION

Student Teaching: 10 graduate quarter hours required

Registration in student teaching requires completion of all requirements and procedures listed in the college core section. EDU 95 indicates to the Illinois State Board of Education that all field experience hours are complete. It is a non-credit, non-tuition course.

- TCH 590 STUDENT TEACHING (6 hours, grade of B- or better required)
- TCH 591 STUDENT TEACHING SEMINAR (4 hours)
- EDU 95 CLINICAL EXPERIENCE WITH CHILDREN AND YOUTH (non-credit, non-tuition, PA grade required)

Certification Tests

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate. Secondary Education Environmental Science students must complete the following tests:

- Test of Academic Proficiency (TAP) (test #400) - assesses knowledge of reading comprehension, language arts, writing, and math. Test is required to qualify for Advanced Standing.
- Science: Environmental Science Content Area Test (test #112) – assesses knowledge life science, physical science, and the living environment. Test is required before Student Teaching (deadlines apply)
- Assessment of Professional Teaching (APT) (test #103, grade 6-12) – assesses knowledge of teaching planning, delivery, assessment, professionalism, and technology. Test is required to be certified, recommended to take before Student Teaching.

Field Experiences

Each student seeking certification from the College of Education/Professional Education Unit must complete
supervised field experiences in appropriate settings in conjunction with education courses. The field experiences must include a variety of grade levels, multicultural experiences, and a minimum of 15 hours in special education settings. All field experiences must be completed prior to final approval for student teaching. Students should enter field experience hours into the FEDS system upon completion of each course with field experience requirements. For details on requirements, expectations, documentation, & courses in your program that require hours, visit the College of Education website.

**Secondary Education History (MED)**

The TEACH Program combines a College of Liberal Arts and Social Sciences (LAS) undergraduate History major or some other disciplinary major with a graduate level College of Education (COE) Master’s in Education Program. Students graduate with a BS in their CSH disciplinary major and a MEd in Education with a State of Illinois Secondary History Certification.

The Program features the integration of disciplinary content with educational foundations and pedagogical content knowledge. The Junior Year Experiential Course, Senior Capstone Course, and three double-counted undergraduate/graduate courses offer students a seamless transition from undergraduate to graduate studies and from major-field coursework to teacher-preparation coursework. For undergraduate disciplinary major requirements, please refer to the appropriate undergraduate program website.

The 5th-year Master's level coursework builds on students' undergraduate experiences through a series of integrated courses that include consistent and long-term field experiences culminating in a student-teaching experience during the Spring of students' fifth year. Within the COE, the Junior Year Experiential Course, Capstone Course, and Master's level coursework are part of the Department of Teacher Education. This coursework is designed to immerse students into the teaching profession by linking and integrating disciplinary content with an understanding of human development; diverse students; middle-school and secondary education, research on pedagogical content knowledge; the social and cultural contexts of education; and the development and assessment of content-area curricula. The Program engages teacher candidates in critical reflection on their teacher development and practice. It fosters engagement in schools through placement of students in field experiences in schools and community agencies. Upon completion of the TEACH Program, teacher candidates measure themselves against the values of the COE conceptual framework through the development of professional portfolios. Values that are part of this framework include: commitment to social justice, critical pedagogy, and positive educational transformation within the context of a Vincentian personalism that honors the dignity of each person.

Students entering the program must be able and willing to participate in a minimum of 140 hours of field experiences in schools and community sites. These field experience hours are completed in conjunction with coursework and are integral to successful completion of the Program. In addition, students must complete a minimum of 10 weeks of full-time student teaching in a designated middle or high school.

**Certification**

Type 09 Secondary Education Social Science-History (grades 9-12 or grades 6-12) Illinois State Board of Education (ISBE) approved program
Admission Information

Criteria for admission to the TEACH Program

During Junior Year

- Junior standing (88 or more credit hours)
- Declared, relevant LAS major
- Completion of at least 16 credit hours here at DePaul
- Completion of TCH 320 (JYEL course)
- Overall GPA of 3.0

Application process

- Submit a completed COE application form
- Submit DePaul University unofficial transcripts
- Submit two letters of recommendation (at least one from a faculty member in disciplinary major)
- Submit a 750-word essay on teaching interests and goals

A subcommittee of the Program’s Coordinating Committee with expertise in the student’s undergraduate disciplinary major reviews all applications. Upon acceptance to the Program, students will be notified via email and letter and assigned a CSH disciplinary advisor and COE academic advisor.

Admission to the TEACH Program does not constitute admission to the 5th Year Master’s level coursework.

Criteria for admission to 5th year Master’s year

Upon completion of undergraduate major program

- Completion of undergraduate degree audit
- Completion of TCH sequence and capstone coursework (during Senior Year)
- Completion of ISBE Basic Skills Test or Test of Academic Proficiency (TAP) (during Senior Year or earlier)
- Completion of COE Technology skills assessment (EDU 025) (during Senior Year or earlier)
- Maintenance of a 3.0 GPA

College Requirements

Dispositions

The academic programs within the College of Education have set forth these dispositions as educational and professional expectations for all students. Students should be aware that failing to abide by DePaul University or College of Education policies including, under certain circumstances, these dispositions, could result in adverse consequences for the student, including removal from his or her program, the College of Education, or the University.

- Reflects on progress and identifies strengths and weaknesses, including evaluating strategies for success, finding alternatives for inappropriate strategies, and modifying future practices
- Is receptive to faculty feedback and acts meaningfully and professionally upon suggestions
- Values critical thinking, including engaging theoretical and philosophical frameworks and shows evidence of critical thinking through discussion and writing (e.g., journals, response to prompts)
- Understands the importance of and is committed to communicating clearly orally and in writing both in traditional and in new and emerging digital formats
- Values and is committed to continually developing strong content area knowledge and/or knowledge of the professional field, including pedagogical content knowledge
- Takes initiative, uses imagination and creativity, and seeks out information using a variety of human and material resources and technology to inform his or her teaching
• Is aware of the role of classroom environment and uses management procedures that reflect respect and care for learners and concern for their emotional and physical well-being
• Takes the time and effort needed to understand how students learn, including discovering their interests and experiences and determining how to shape teaching acts (using technology as appropriate) that engage learners meaningfully and actively
• Values and is committed to using assessment to evaluate and ensure the continuous intellectual, social, emotional, and physical development of the learner
• Respects and considers cultural contexts in order to determine how to be responsive to learners and to proactively promote all students' learning
• Values and is responsive to diverse learners' academic, emotional, and social needs through teaching acts (including careful instructional planning, implementation, and differentiation) and through everyday interactions with students
• Is committed to collaboration with colleagues, families, and communities in order to promote all students' learning and development
• Recognizes and fulfills professional responsibilities and habits of conduct (e.g., dress, language, preparedness, attendance, punctuality, etc.)
• Demonstrates collegiality, honesty, good judgment, courtesy, respect, and diplomacy
• Balances self-confidence and assertiveness with respect for others' perspectives
• Respects the requirements, expectations, and procedures of both the College of Education and of our field partners and appreciates the issues of trust, fairness, and professionalism involved

Advanced Standing

Students are conditionally admitted to the College of Education. There are additional requirements to reach Advanced Standing in your program in the College of Education. Requirements must be met to progress in the major and take courses in the Advanced Standing category.

Advanced Standing requirements are:

- Maintain a DePaul Graduate 3.00 GPA
- Pass the Illinois Certification Basic Skills Test or Test of Academic Proficiency (TAP)
- Pass the COE basic computer competency assessment (EDU 25 registration required)
- Pass the minimum of 8 credit hours
- Submit a petition for advanced standing form

Students should attempt to complete the Advanced Standing requirements soon after beginning the program. There is no time limit to meet these criteria; however, students will only be able to take pre-education courses until requirements have been met. Students can also take liberal studies or content area courses before or after meeting Advanced Standing requirements.

Certification Tests

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate.

Field Experiences

Each student seeking certification from the College of Education / Professional Education Unit must complete supervised field experiences in appropriate settings in conjunction with education courses. The field experiences must include a variety of grade levels, multicultural experiences, and a minimum of 15 hours in special education settings. All field experiences must be completed prior to final approval for student teaching. Field experience hours should be entered by the student into the FEDS system when completing courses with field experience requirements.

Endorsements

An endorsement is a subject area that you can qualify for to teach full time, in addition to your main certification area. Endorsements are issued at three levels: primary, middle school, and high school.

The Illinois State Board of Education (ISBE) issues endorsements in various subject areas. To view the full list and requirements, visit the ISBE website.

Qualifying for an endorsement at the middle school level requires 18 semester hours (27 quarter hours) in a teachable subject area and complete SCG 439. Some areas (like math) have specifically required courses. Courses must have a grade of C or better to qualify for endorsements and must be earned credit listed on a college transcript.

Consult with your advisor regarding endorsements. DePaul will only recommend individuals for endorsements in the following middle school areas: Arabic, art, biological science, Chinese, French, general science, German,
Italian, Japanese, language arts, math, physical science, social science, and Spanish.

Endorsement requirements for the primary level are identical to the middle school requirements except that they do not require SCG 439. There are a limited number of areas available at the primary level.

Qualifying for most endorsements at the high school level requires 24 semester hours (48 quarter hours) in a teachable subject area* and passing the relevant content area test. DePaul will only recommend individuals for endorsements in the following high school areas: art, Arabic, Chinese, English, French, German, Italian, Japanese, math, Russian, science**, social science**, and Spanish.

* Exceptions to the basic requirements for high school level endorsements include the subject areas of foreign language, science, and social science. For foreign language, 32 semester hours (48 quarter hours) OR the content area test in the language is required.

** For science and social science, 32 semester hours (48 quarter hours) in the broad area of either science or social science, and 12 semester hours in the specific endorsement designation area, plus the content area test are required. To qualify for additional science and social science designations, individuals applying after February 1, 2012 need both the content test and 12 semester hours in the additional designation area.

**Student Teaching Requirements**

Student Teaching is the culminating clinical experience in the student's program. All students in teacher preparation programs must meet the following requirements before applying for student teaching:

**Academic Requirements:**

- Completion of all Pre-Education, Advanced Standing, Content Area, and Graduate level Content Area courses
- Overall cumulative G.P.A. of 3.00 or better
- Cumulative GPA of 2.75 or better in all education courses
- Meet all other program requirements (e.g., residency requirements)
- Meet designated program standards
- Pass the required Illinois certification content area test

**Clinical Requirements:**

- Completion of all required field experiences
- Three satisfactory evaluations in field experiences
- Three satisfactory faculty recommendations
- Attendance at mandatory meeting for student teaching
- Application for student teaching, resume, transcripts, and writing sample (check deadlines)
- Review and approval by Student Teaching Committee of the College of Education

**Student Teaching Timeline and Deadlines:**

- Attend a Mandatory Meeting approximately 1 year prior to expected quarter of student teaching.
- Submit application for student teaching after attending Mandatory Meeting, approximately 1 year prior to student teaching.
- Academic requirements are due one quarter before expected quarter of student teaching.
- Clinical requirements are completed as course requirements. Field experience hours are entered by the student as coursework is completed.

Online Faculty Evaluations are entered by the instructor of relevant courses. All data must be entered in the Field Experience Documentation System (FEDS) due one month prior to student teaching.

Individual child care agencies and public and private school districts may have additional requirements (application, training, background check, etc.).

**Degree Conferral and Graduation**

The awarding of a degree is not automatic. You must submit an application to be considered for the degree. DePaul awards and posts degrees at the end of each regular academic term (autumn, winter, spring, summer I and summer II).

It is your responsibility to initiate the degree conferral application process by submitting an online application. Submitting an application means you intend to finish your degree requirements by the end of the term for which you have applied.

Graduate students must be approved for student teaching and complete student teaching, seminar, and induction
courses to be cleared for the degree. Student must submit graduation application for the quarter you are completing the final course (student teaching is considered a course).

After you submit the application, you cannot register for any term after the one selected in the application.

Application deadlines are as follows:

- Fall Quarter - October 1st
- Winter Quarter - January 15th
- Spring Quarter - February 1st
- Summer I Quarter - June 1st
- Summer II Quarter - July 15th

To apply for degree conferral, log on to Campus Connection. Select FOR STUDENTS, then GRADUATION, then APPLY FOR DEGREE CONFERRAL. On screen instructions will take you through the application process.

Provided that all requirements and financial obligations are met, degrees are posted 30 days after the official end of the term. Official dates are listed on the Academic Calendar.

DePaul holds one commencement ceremony each year in June. If you intend to participate, you must first apply for degree conferral for the current academic year and then submit a cap and gown order. Honors are not announced at the ceremony for undergraduates completing their final courses in spring quarter because a final GPA is not available at the time of the ceremony.

Additional information about degree conferral and graduation can be found on the College of Education website.

**Certification**

Requirements for certification include completion of the full certification program and all certification tests (including OPI for world language majors). A bachelor's degree is required; a master's degree is not.

Individuals must submit an application directly to the Illinois State Board of Education after completion of requirements and after DePaul has submitted notification to ISBE. Application requirements include application form, application fee, official transcripts, and registration fee.

All individuals must meet ISBE requirements in place at the time of application for the certificate. Requirements are subject to change per the discretion of ISBE.

Individuals seeking additional endorsements after applying for the certificate must contact ISBE directly for an evaluation request.

**Course Requirements**

All students need to have sufficient knowledge of the subject they will be teaching. Illinois State Board of Education requires a minimum of 48 quarter hours (32 semester hours) in the content area subject. Typically these requirements are met concurrently with the completion of the LAS undergraduate degree program. Prior to admission to the 5th Year Master's Year, students must meet with their LAS academic advisor to complete an undergraduate degree audit that will include an official written content area evaluation. Any areas of deficiency must be completed prior to beginning student teaching.

**Content Area Requirements for Secondary History Education**

All coursework in the content area must earn a grade of C or better.

- HST 298 INTRODUCTION TO HISTORICAL SOURCES AND METHODS (serves as prerequisite for HST 299)
- HST 299 CRAFT OF HISTORY (serves as prerequisite for upper division History courses)
- 4 US History courses
- 4 Non-US History courses
  *A minimum of four History courses must be at the upper division level (300-level) with at least one of those courses in non-US History.
- Additional certification requirements (minimum of one course in each discipline required):
  - GEO 101 EARTH’S PHYSICAL LANDSCAPE: LITHOSPHERE, HYDROSPHERE, BIOSPHERE
  - ECO 106 PRINCIPLES OF MACROECONOMICS
  - PSC 120 THE AMERICAN POLITICAL SYSTEM
  - SOC 101 INTRODUCTION TO SOCIOLOGY
  - ANT 102 CULTURAL ANTHROPOLOGY
  - PSY 105 INTRODUCTORY PSYCHOLOGY I

**Junior Year Coursework : 4 undergraduate quarter hours required**

- TCH 320 EXPLORING TEACHING IN THE URBAN HIGH SCHOOL (fulfills undergraduate Junior Year Experiential Course requirement)

**Senior Year Coursework: 16 quarter hours required**

- TCH 390 CAPSTONE: INTEGRATING EDUCATION & DISCIPLINARY FOUNDATIONS (fulfills undergraduate Capstone requirement; major area may require a separate Capstone course)

**Undergraduate/ Graduate Double-Counted Courses: 12 undergraduate/ graduate quarter hours required**

- TCH 401 TEACHING AS A PROFESSION IN SECONDARY SCHOOL
- TCH 412 THE NATURE OF HISTORY AND THE SOCIAL SCIENCES
- TCH 422 INQUIRY & APPLICATION IN DEVELOPING SECONDARY HISTORY AND SOCIAL SCIENCES PEDAGOGY

**5th Year Master’s Year Coursework, excluding Student Teaching: 28 graduate quarter hours required**

- SCG 406 HUMAN DEVELOPMENT AND LEARNING:SECONDARY
- LSI 446 PSYCHOLOGY AND EDUCATION OF THE EXCEPTIONAL CHILD
- TCH 452 RESEARCH METHODS & DISCIPLINARY INQUIRY: HISTORY AND THE SOCIAL SCIENCES
- TCH 462 INQUIRY & TEACHING OF MIDDLE SCHOOL HISTORY AND THE SOCIAL SCIENCE

DePaul holds one commencement ceremony each year in June. If you intend to participate, you must first apply for degree conferral for the current academic year and then submit a cap and gown order. Honors are not announced at the ceremony for undergraduates completing their final courses in spring quarter because a final GPA is not available at the time of the ceremony.

Additional information about degree conferral and graduation can be found on the College of Education website.

Certification

Requirements for certification include completion of the full certification program and all certification tests (including OPI for world language majors). A bachelor’s degree is required; a master’s degree is not.

Individuals must submit an application directly to the Illinois State Board of Education after completion of requirements and after DePaul has submitted notification to ISBE. Application requirements include application form, application fee, official transcripts, and registration fee.

All individuals must meet ISBE requirements in place at the time of application for the certificate. Requirements are subject to change per the discretion of ISBE.

Individuals seeking additional endorsements after applying for the certificate must contact ISBE directly for an evaluation request.

Degree Requirements

Course Requirements

All students need to have sufficient knowledge of the subject they will be teaching. Illinois State Board of Education requires a minimum of 48 quarter hours (32 semester hours) in the content area subject. Typically these requirements are met concurrently with the completion of the CSH undergraduate degree program. Prior to admission to the 5th Year Master’s Year, students must meet with their CSH academic advisor to complete an undergraduate degree audit that will include an official written content area evaluation. Any areas of deficiency must be completed prior to beginning student teaching.

Content Area Requirements for Secondary Mathematics Education:

All coursework in the content area must earn a grade of C or better and a minimum of 18 quarter hours (12 semester hours) must be coursework at an undergraduate upper level or graduate level.

- Calculus I
- Calculus II
- Calculus III
- Intro to Math Reasoning
  or Discrete Math I and Discrete Math II
- Multivariable Calculus I
- Multivariable Calculus II
- Linear Algebra
- Programming Language
- Abstract Algebra I
- Theory of Numbers I
  or Abstract Algebra II
- Geometry I
- Geometry II
Junior Year Coursework: 4 undergraduate quarter hours required

- TCH 320 EXPLORING TEACHING IN THE URBAN HIGH SCHOOL (fulfills undergraduate Junior Year Experiential Course requirement)

Senior Year Coursework: 16 quarter hours required

- TCH 390 CAPSTONE: INTEGRATING EDUCATION & DISCIPLINARY FOUNDATIONS (fulfills undergraduate Capstone requirement; major area may require a separate Capstone course)

Undergraduate/Graduate Double-Counted Courses: 12 undergraduate/graduate quarter hours required

- TCH 401 TEACHING AS A PROFESSION IN SECONDARY SCHOOL
- TCH 413 THE NATURE OF MATHEMATICS
- TCH 423 INQUIRY & APPLICATION IN DEVELOPING SECONDARY MATHEMATICS PEDAGOGY

5th Year Master’s Year Coursework, excluding Student Teaching: 28 graduate quarter hours required

- SCG 406 HUMAN DEVELOPMENT AND LEARNING: SECONDARY
- LSI 446 PSYCHOLOGY AND EDUCATION OF THE EXCEPTIONAL CHILD
- TCH 453 RESEARCH METHODS & DISCIPLINARY INQUIRY: MATHEMATICS
- TCH 463 INQUIRY & TEACHING OF MIDDLE SCHOOL MATHEMATICS
- TCH 473 TEACHING MATHEMATICS IN THE HIGH SCHOOL 1
- TCH 483 TEACHING MATHEMATICS IN THE HIGH SCHOOL 2
- TCH 495 ASSESSMENT ISSUES IN SECONDARY EDUCATION

Student Teaching: 10 graduate quarter hours required

Registration in student teaching requires completion of all requirements and procedures listed in the college core section. EDU 25 indicates to the Illinois State Board of Education that all field experience hours are complete. It is a non-credit, non-tuition course.

- TCH 590 STUDENT TEACHING (6 hours, grade of B- or better required)
- TCH 591 STUDENT TEACHING SEMINAIR (4 hours)
- EDU 95 CLINICAL EXPERIENCE WITH CHILDREN AND YOUTH (non-credit, non-tuition, PA grade required)

Certification Tests

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate. Secondary Education History students must complete the following tests:

- Test of Academic Proficiency (TAP) (test #400) – assesses knowledge of reading comprehension, language arts, writing, and math. Test is required to qualify for Advanced Standing.
- Mathematics Content Area Test (test #115) – assesses knowledge of processes and applications of mathematics. Test is required before Student Teaching (deadlines apply)
- Assessment of Professional Teaching (APT) (test #103, grade 6-12) – assesses knowledge of teaching planning, delivery, assessment, professionalism, and technology. Test is required to be certified, recommended to take before Student Teaching.

Field Experiences

Each student seeking certification from the College of Education/Professional Education Unit must complete supervised field experiences in appropriate settings in conjunction with education courses. The field experiences must include a variety of grade levels, multicultural experiences, and a minimum of 15 hours in special education settings. All field experiences must be completed prior to final approval for student teaching. Students should enter field experience hours into the FEDS system upon completion of each course with field experience requirements. For details on requirements, expectations, documentation, & courses in your program that require hours, visit the College of Education website.
Secondary Education Physics (MED)

The TEACH Program combines a College of Science and Health (CSH) undergraduate Physics major or some other disciplinary major with a graduate level College of Education (COE) Master's in Education Program. Students graduate with a BS in their CSH disciplinary major and a MEd in Education with a State of Illinois Secondary Physics Certification.

The Program features the integration of disciplinary content with educational foundations and pedagogical content knowledge. The Junior Year Experiential Course, Senior Capstone Course, and three double-counted undergraduate/graduate courses offer students a seamless transition from undergraduate to graduate studies and from major-field coursework to teacher-preparation coursework. For undergraduate disciplinary major requirements, please refer to the appropriate undergraduate program website.

The 5th-year Master's level coursework builds on students' undergraduate experiences through a series of integrated courses that include consistent and long-term field experiences culminating in a student-teaching experience during the Spring of students' fifth year. Within the COE, the Junior Year Experiential Course, Capstone Course, and Master's level coursework are part of the Department of Teacher Education. This coursework is designed to immerse students into the teaching profession by linking and integrating disciplinary content with an understanding of human development; diverse students; middle-school and secondary education, research on pedagogical content knowledge; the social and cultural contexts of education; and the development and assessment of content-area curricula. The Program engages teacher candidates in critical reflection on their teacher development and practice. It fosters engagement in schools through placement of students in field experiences in schools and community agencies. Upon completion of the TEACH Program, teacher candidates measure themselves against the values of the COE conceptual framework through the development of professional portfolios. Values that are part of this framework include: commitment to social justice, critical pedagogy, and positive educational transformation within the context of a Vincentian personalism that honors the dignity of each person.

Students entering the program must be able and willing to participate in a minimum of 140 hours of field experiences in schools and community sites. These field experience hours are completed in conjunction with coursework and are integral to successful completion of the Program. In addition, students must complete a minimum of 10 weeks of full-time student teaching in a designated middle or high school.

Certification

Type 09 Secondary Education Science-Physics (grades 9-12 or grades 6-12) Illinois State Board of Education (ISBE) approved program

Admission Information

Criteria for admission to the TEACH Program

During Junior Year

- Junior standing (88 or more credit hours)
- Declared, relevant CSH major
- Completion of at least 16 credit hours here at DePaul
- Completion of TCH 320 (JYEL course)
- Overall GPA of 3.0

Application process
Submit a completed COE application form
Submit DePaul University unofficial transcripts
Submit two letters of recommendation (at least one from a faculty member in disciplinary major)
Submit a 750-word essay on teaching interests and goals

A subcommittee of the Program’s Coordinating Committee with expertise in the student's undergraduate disciplinary major reviews all applications. Upon acceptance to the Program, students will be notified via email and letter and assigned a CSH disciplinary advisor and COE academic advisor.

Admission to the TEACH Program does not constitute admission to the 5th Year Master’s level coursework.

Criteria for admission to 5th year Master’s year

Upon completion of undergraduate major program

- Completion of undergraduate degree audit
- Completion of TCH sequence and capstone coursework (during Senior Year)
- Completion of ISBE Basic Skills Test or Test of Academic Proficiency (TAP) (during Senior Year or earlier)
- Completion of COE Technology skills assessment (EDU 025) (during Senior Year or earlier)
- Maintenance of a 3.0 GPA

College Requirements

Dispositions

The academic programs within the College of Education have set forth these dispositions as educational and professional expectations for all students. Students should be aware that failing to abide by DePaul University or College of Education policies including, under certain circumstances, these dispositions, could result in adverse consequences for the student, including removal from his or her program, the College of Education, or the University.

- Reflects on progress and identifies strengths and weaknesses, including evaluating strategies for success, finding alternatives for inappropriate strategies, and modifying future practices
- Is receptive to faculty feedback and acts meaningfully and professionally upon suggestions
- Values critical thinking, including engaging theoretical and philosophical frameworks and shows evidence of critical thinking through discussion and writing (e.g., journals, response to prompts)
- Understands the importance of and is committed to communicating clearly orally and in writing both in traditional and in new and emerging digital formats
- Values and is committed to continually developing strong content area knowledge and/or knowledge of the professional field, including pedagogical content knowledge
- Takes initiative, uses imagination and creativity, and seeks out information using a variety of human and material resources and technology to inform his or her teaching
- Is aware of the role of classroom environment and uses management procedures that reflect respect and care for learners and concern for their emotional and physical well being
- Takes the time and effort needed to understand how students learn, including discovering their interests and experiences and determining how to shape teaching acts (using technology as appropriate) that engage learners meaningfully and actively
- Values and is committed to using assessment to evaluate and ensure the continuous intellectual, social, emotional, and physical development of the learner
- Respects and considers cultural contexts in order to determine how to be responsive to learners and to proactively promote all students' learning
- Values and is responsive to diverse learners' academic, emotional, and social needs through teaching acts (including careful instructional planning, implementation, and differentiation) and through everyday interactions with students
- Is committed to collaboration with colleagues, families, and communities in order to promote all students' learning and development
- Recognizes and fulfills professional responsibilities and habits of conduct (e.g., dress, language, preparedness, attendance, punctuality, etc.)
- Demonstrates collegiality, honesty, good judgment, courtesy, respect, and diplomacy
- Balances self-confidence and assertiveness with respect for others' perspectives
- Respects the requirements, expectations, and procedures of both the College of Education and of our field
partners and appreciates the issues of trust, fairness, and professionalism involved

Advanced Standing

Students are conditionally admitted to the College of Education. There are additional requirements to reach Advanced Standing in your program in the College of Education. Requirements must be met to progress in the major and take courses in the Advanced Standing category.

Advanced Standing requirements are:

- Maintain a DePaul Graduate 3.00 GPA
- Pass the Illinois Certification Basic Skills Test or Test of Academic Proficiency (TAP)
- Pass the COE basic computer competency assessment (EDU 25 registration required)
- Pass the minimum of 8 credit hours
- Submit a petition for advanced standing form

Students should attempt to complete the Advanced Standing requirements soon after beginning the program. There is no time limit to meet these criteria; however, students will only be able to take pre-education courses until requirements have been met. Students can also take liberal studies or content area courses before or after meeting Advanced Standing requirements.

Certification Tests

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate.

Field Experiences

Each student seeking certification from the College of Education / Professional Education Unit must complete supervised field experiences in appropriate settings in conjunction with education courses. The field experiences must include a variety of grade levels, multicultural experiences, and a minimum of 15 hours in special education settings. All field experiences must be completed prior to final approval for student teaching. Field experience hours should be entered by the student into the FEDS system when completing courses with field experience requirements.

Endorsements

An endorsement is a subject area that you can qualify for to teach full time, in addition to your main certification area. Endorsements are issued at three levels: primary, middle school, and high school.

The Illinois State Board of Education (ISBE) issues endorsements in various subject areas. To view the full list and requirements, visit the ISBE website.

Qualifying for an endorsement at the middle school level requires 18 semester hours (27 quarter hours) in a teachable subject area and complete SCG 439. Some areas (like math) have specifically required courses. Courses must have a grade of C or better to qualify for endorsements and must be earned credit listed on a college transcript.

Consult with your advisor regarding endorsements. DePaul will only recommend individuals for endorsements in the following middle school areas: Arabic, art, biological science, Chinese, French, general science, German, Italian, Japanese, language arts, math, physical science, social science, and Spanish.

Endorsement requirements for the primary level are identical to the middle school requirements except that they do not require SCG 439. There are a limited number of areas available at the primary level.

Qualifying for most endorsements at the high school level requires 24 semester hours (48 quarter hours) in a teachable subject area* and passing the relevant content area test. DePaul will only recommend individuals for endorsements in the following high school areas: art, Arabic, Chinese, English, French, German, Italian, Japanese, math, Russian, science**, social science**, and Spanish.

* Exceptions to the basic requirements for high school level endorsements include the subject areas of foreign language, science, and social science. For foreign language, 32 semester hours (48 quarter hours) OR the content area test in the language is required.

**For science and social science, 32 semester hours (48 quarter hours) in the broad area of either science or social science, and 12 semester hours in the specific endorsement designation area, plus the content area test are required. To qualify for additional science and social science designations, individuals applying after February 1, 2012 need both the content test and 12 semester hours in the additional designation area.

Student Teaching Requirements
Student Teaching is the culminating clinical experience in the student's program. All students in teacher preparation programs must meet the following requirements before applying for student teaching:

**Academic Requirements:**

- Completion of all Pre-Education, Advanced Standing, Content Area, and Graduate level Content Area courses
- Overall cumulative G.P.A. of 3.00 or better
- Cumulative GPA. of 2.75 or better in all education courses
- Meet all other program requirements (e.g., residency requirements)
- Meet designated program standards
- Pass the required Illinois certification content area test

**Clinical Requirements:**

- Completion of all required field experiences
- Three satisfactory evaluations in field experiences
- Three satisfactory faculty recommendations
- Attendence at mandatory meeting for student teaching
- Application for student teaching, resume, transcripts, and writing sample (check deadlines)
- Review and approval by Student Teaching Committee of the College of Education

**Student Teaching Timeline and Deadlines:**

- Attend a Mandatory Meeting approximately 1 year prior to expected quarter of student teaching.
- Submit application for student teaching after attending Mandatory Meeting, approximately 1 year prior to student teaching.
- Academic requirements are due one quarter before expected quarter of student teaching.
- Clinical requirements are completed as course requirements. Field experience hours are entered by the student as coursework is completed.

Online Faculty Evaluations are entered by the instructor of relevant courses. All data must be entered in the Field Experience Documentation System (FEDS) due one month prior to student teaching.

Individual child care agencies and public and private school districts may have additional requirements (application, training, background check, etc.).

**Degree Conferral and Graduation**

The awarding of a degree is not automatic. You must submit an application to be considered for the degree. DePaul awards and posts degrees at the end of each regular academic term (autumn, winter, spring, summer I and summer II).

It is your responsibility to initiate the degree conferral application process by submitting an online application. Submitting an application means you intend to finish your degree requirements by the end of the term for which you have applied.

Graduate students must be approved for student teaching and complete student teaching, seminar, and induction courses to be cleared for the degree. Student must submit graduation application for the quarter you are completing the final course (student teaching is considered a course).

After you submit the application, you cannot register for any term after the one selected in the application.

Application deadlines are as follows:

- Fall Quarter - October 1st
- Winter Quarter - January 15th
- Spring Quarter - February 1st
- Summer I Quarter - June 1st
- Summer II Quarter - July 15th

To apply for degree conferral, log on to Campus Connection. Select FOR STUDENTS, then GRADUATION, then APPLY FOR DEGREE CONFERRAL. On screen instructions will take you through the application process.

Provided that all requirements and financial obligations are met, degrees are posted 30 days after the official end of the term. Official dates are listed on the Academic Calendar.

DePaul holds one commencement ceremony each year in June. If you intend to participate, you must first apply for degree conferral for the current academic year and then submit a cap and gown order. Honors are not
announced at the ceremony for undergraduates completing their final courses in spring quarter because a final GPA is not available at the time of the ceremony.

Additional information about degree conferral and graduation can be found on the College of Education website.

**Certification**

Requirements for certification include completion of the full certification program and all certification tests (including OPI for world language majors). A bachelor’s degree is required; a master’s degree is not.

Individuals must submit an application directly to the Illinois State Board of Education after completion of requirements and after DePaul has submitted notification to ISBE. Application requirements include application form, application fee, official transcripts, and registration fee.

All individuals must meet ISBE requirements in place at the time of application for the certificate. Requirements are subject to change per the discretion of ISBE.

Individuals seeking additional endorsements after applying for the certificate must contact ISBE directly for an evaluation request.

Spring Quarter - February 1st
Summer I Quarter - June 1st
Summer II Quarter - July 15th

To apply for degree conferral, log on to Campus Connection. Select FOR STUDENTS, then GRADUATION, then APPLY FOR DEGREE CONFERRAL. On screen instructions will take you through the application process.

Provided that all requirements and financial obligations are met, degrees are posted 30 days after the official end of the term. Official dates are listed on the Academic Calendar.

DePaul holds one commencement ceremony each year in June. If you intend to participate, you must first apply for degree conferral for the current academic year and then submit a cap and gown order. Honors are not announced at the ceremony for undergraduates completing their final courses in spring quarter because a final GPA is not available at the time of the ceremony.

Additional information about degree conferral and graduation can be found on the College of Education website.

Certification

Requirements for certification include completion of the full certification program and all certification tests (including OPI for world language majors). A bachelor’s degree is required; a master’s degree is not.

Individuals must submit an application directly to the Illinois State Board of Education after completion of requirements and after DePaul has submitted notification to ISBE. Application requirements include application form, application fee, official transcripts, and registration fee.
Degree Requirements

Course Requirements

All students need to have sufficient knowledge of the subject they will be teaching. Illinois State Board of Education requires a minimum of 48 quarter hours (32 semester hours) in the content area subject. Typically these requirements are met concurrently with the completion of the LAS undergraduate degree program. Prior to admission to the 5th Year Master’s Year, students must meet with their LAS academic advisor to complete an undergraduate degree audit that will include an official written content area evaluation. Any areas of deficiency must be completed prior to beginning student teaching.

Content Area Requirements for Secondary History Education:

All coursework in the content area must earn a grade of C or better.

- HST 298 INTRODUCTION TO HISTORICAL SOURCES AND METHODS
- HST 299 CRAFT OF HISTORY
- 3 US History courses
- 2 Non-US History courses
- Secondary Field (6 courses minimum): Choose single field from Anthropology, Economics, Geography, Political Science, Psychology, or Sociology.
- Additional certification requirements: (one course in each area required)
  - GEO 101 EARTH’S PHYSICAL LANDSCAPE: LITHOSPHERE, HYDROSPHERE, BIOSPHERE
  - ECO 106 PRINCIPLES OF MACROECONOMICS
  - PSC 120 THE AMERICAN POLITICAL SYSTEM
  - SOC 101 INTRODUCTION TO SOCIOLOGY
  - ANT 102 CULTURAL ANTHROPOLOGY
  - PSY 105 INTRODUCTORY PSYCHOLOGY I

Junior Year Coursework: 4 undergraduate quarter hours required

- TCH 320 EXPLORING TEACHING IN THE URBAN HIGH SCHOOL (fulfills undergraduate Junior Year Experiential Course requirement)

Senior Year Coursework: 16 quarter hours required

- TCH 390 CAPSTONE: INTEGRATING EDUCATION & DISCIPLINARY FOUNDATIONS (fulfills undergraduate Capstone requirement; major area may require a separate Capstone course)

Undergraduate/Graduate Double-Counted Courses: 12 undergraduate/graduate quarter hours required

- TCH 401 TEACHING AS A PROFESSION IN SECONDARY SCHOOL
- TCH 412 THE NATURE OF HISTORY AND THE SOCIAL SCIENCES
- TCH 422 INQUIRY & APPLICATION IN DEVELOPING SECONDARY HISTORY AND SOCIAL SCIENCES PEDAGOGY

5th Year Master’s Year Coursework, excluding Student Teaching: 28 graduate quarter hours required
- SCG 406 HUMAN DEVELOPMENT AND LEARNING: SECONDARY
- LSI 446 PSYCHOLOGY AND EDUCATION OF THE EXCEPTIONAL CHILD
- TCH 452 RESEARCH METHODS & DISCIPLINARY INQUIRY: HISTORY AND THE SOCIAL SCIENCES
- TCH 462 INQUIRY & TEACHING OF MIDDLE SCHOOL HISTORY AND THE SOCIAL SCIENCE
- TCH 472 TEACHING HISTORY AND THE SOCIAL SCIENCES IN THE HIGH SCHOOL 1
- TCH 482 TEACHING HISTORY AND THE SOCIAL SCIENCES IN THE HIGH SCHOOL 2
- TCH 495 ASSESSMENT ISSUES IN SECONDARY EDUCATION

**Student Teaching: 10 graduate quarter hours required**

Registration in student teaching requires completion of all requirements and procedures listed in the college core section. EDU 95 indicates to the Illinois State Board of Education that all field experience hours are complete. It is a non-credit, non-tuition course.

- TCH 590 STUDENT TEACHING (6 hours, grade of B- or better required)
- TCH 591 STUDENT TEACHING SEMINAR (4 hours)
- EDU 95 CLINICAL EXPERIENCE WITH CHILDREN AND YOUTH (non-credit, non-tuition, PA grade required)

**Certification Tests**

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate. Secondary Education History students must complete the following tests:

- Test of Academic Proficiency (TAP) (test #400) - assesses knowledge of reading comprehension, language arts, writing, and math. Test is required to qualify for Advanced Standing.
- Social Science History Test (test #114) – assesses core knowledge of history and social science fields. Test is required before Student Teaching (deadlines apply)
- Assessment of Professional Teaching (APT) (test #103, grade 6-12) – assesses knowledge of teaching planning, delivery, assessment, professionalism, and technology. Test is required to be certified, recommended to take before Student Teaching.

**Field Experiences**

Each student seeking certification from the College of Education/Professional Education Unit must complete supervised field experiences in appropriate settings in conjunction with education courses. The field experiences must include a variety of grade levels, multicultural experiences, and a minimum of 15 hours in special education settings. All field experiences must be completed prior to final approval for student teaching. Students should enter field experience hours into the FEDS system upon completion of each course with field experience requirements. For details on requirements, expectations, documentation, & courses in your program that require hours, visit the College of Education website.

**Teaching and Learning: Early Childhood Education (MA)**

The Department of Teacher Education prepares Urban Professional Multicultural Educators through an integrated program of courses and field experiences. Programs offered are designed for the preparation of future educators. The programs of study center around our commitment to excellence in teaching in today's diverse society through the investigation of significant educational issues, inquiry into student learning and effective teaching practices, and the use of technology in teaching and learning. We engage teacher candidates in critical reflection upon their practice throughout the program. We foster engagement in schools through our Partnership Schools and other school and agency affiliations. Upon completion of the program, teacher candidates measure themselves against the values of our guiding conceptual framework through the completion of professional portfolios. Values that are part of this framework include: commitment to social justice, critical pedagogy, and positive educational transformation within the context of a Vincentian personalism that honors the dignity of each person.
Students entering the program must be able and willing to devote themselves to a program requiring a minimum of 145 hours of daytime field experiences in schools. These school-based clinical hours are completed in conjunction with curriculum and theory courses that require students to spend a half-day each week in a child care center or school; some of the field experience can be completed in worksite locations. Twenty-five the hours that apply to working with families may be completed in evenings or weekends. In addition, the student must spend a minimum of 12 weeks in full-time student teaching.

The program includes five distinctive features: 1) Becoming a teacher is viewed as a developmental process continuing at least through the first year of teaching; 2) Multiculturalism is infused throughout the curriculum; 3) Field experiences are an integral part of the curriculum; 4) Students are exposed to a variety of educational theories; 5) The program includes a research component as a basis for further professional development.

The program in early childhood education prepares students to teach children in a variety of urban and suburban educational settings, including public and private elementary schools and child care centers. Graduates earn the Master of Arts or Master of Education degree and are entitled to apply for the IL Type 04 Certificate. In addition, teacher candidates meet IL Approval for Teaching Young Children with Special Needs, ages 3-6. All of these elements are built into the required curriculum.

An additional Early Childhood Bilingual/ESL endorsement option of seven courses including a practicum is available.

Certification

Type 04 Early Childhood Education (Birth-grade 3) Illinois State Board of Education (ISBE) approved program and Early Childhood Special Education Approval for Preschool (ages 3-6)

Admission Information

Students are conditionally admitted to the College of Education as a pre-education student. There are additional requirements to reach Advanced Standing in your program in the College of Education.

Admission Requirements for Pre-Education Status

- A completed College of Education graduate application
- A bachelor’s degree conferred by an accredited, recognized institution
- A previous grade point average of 2.75 or above on a 4.0 scale
- Two letters of recommendation from professors or supervisors
- One official transcript from each college or university attended
- Statement of purpose (see application for details)
- Interview with faculty program advisor, upon request
- Evidence of adequate background for the program
- Resume

College Requirements

Dispositions

The academic programs within the College of Education have set forth these dispositions as educational and professional expectations for all students. Students should be aware that failing to abide by DePaul University or College of Education policies including, under certain circumstances, these dispositions, could result in adverse consequences for the student, including removal from his or her program, the College of Education, or the
University.

- Reflects on progress and identifies strengths and weaknesses, including evaluating strategies for success, finding alternatives for inappropriate strategies, and modifying future practices
- Is receptive to faculty feedback and acts meaningfully and professionally upon suggestions
- Values critical thinking, including engaging theoretical and philosophical frameworks and shows evidence of critical thinking through discussion and writing (e.g., journals, response to prompts)
- Understands the importance of and is committed to communicating clearly orally and in writing both in traditional and in new and emerging digital formats
- Values and is committed to continually developing strong content area knowledge and/or knowledge of the professional field, including pedagogical content knowledge
- Takes initiative, uses imagination and creativity, and seeks out information using a variety of human and material resources and technology to inform his or her teaching
- Is aware of the role of classroom environment and uses management procedures that reflect respect and care for learners and concern for their emotional and physical well being
- Takes the time and effort needed to understand how students learn, including discovering their interests and experiences and determining how to shape teaching acts (using technology as appropriate) that engage learners meaningfully and actively
- Values and is committed to using assessment to evaluate and ensure the continuous intellectual, social, emotional, and physical development of the learner
- Respects and considers cultural contexts in order to determine how to be responsive to learners and to proactively promote all students' learning
- Values and is responsive to diverse learners' academic, emotional, and social needs through teaching acts (including careful instructional planning, implementation, and differentiation) and through everyday interactions with students
- Is committed to collaboration with colleagues, families, and communities in order to promote all students' learning and development
- Recognizes and fulfills professional responsibilities and habits of conduct (e.g., dress, language, preparedness, attendance, punctuality, etc.)
- Demonstrates collegiality, honesty, good judgment, courtesy, respect, and diplomacy
- Balances self-confidence and assertiveness with respect for others' perspectives
- Respects the requirements, expectations, and procedures of both the College of Education and of our field partners and appreciates the issues of trust, fairness, and professionalism involved

**Advanced Standing**

Students are conditionally admitted to the College of Education. There are additional requirements to reach Advanced Standing in your program in the College of Education. Requirements must be met to progress in the major and take courses in the Advanced Standing category. Advanced Standing requirements are:

- Maintain a DePaul Graduate 3.00 GPA
- Pass the Illinois Certification Basic Skills Test or Test of Academic Proficiency (TAP)
- Pass the COE basic computer competency assessment (EDU 25 registration required)
- Pass the minimum of 8 credit hours
- Submit a petition for advanced standing form

Students should attempt to complete the Advanced Standing requirements soon after beginning the program. There is no time limit to meet these criteria; however, students will only be able to take pre-education courses until requirements have been met. Students can also take liberal studies or content area courses before or after meeting Advanced Standing requirements.

**Certification Tests**

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate.

**Field Experiences**

Each student seeking certification from the College of Education / Professional Education Unit must complete supervised field experiences in appropriate settings in conjunction with education courses. The field experiences must include a variety of grade levels, multicultural experiences, and a minimum of 15 hours in special education settings. All field experiences must be completed prior to final approval for student teaching. Field experience hours should be entered by the student into the FEDS system when completing courses with field experience requirements.

**Endorsements**

An endorsement is a subject area that you can qualify for to teach full time, in addition to your main certification
Endorsements are issued at three levels: primary, middle school, and high school.

The Illinois State Board of Education (ISBE) issues endorsements in various subject areas. To view the full list and requirements, visit the ISBE website.

Qualifying for an endorsement at the middle school level requires 18 semester hours (27 quarter hours) in a teachable subject area and complete SCG 439. Some areas (like math) have specifically required courses. Courses must have a grade of C or better to qualify for endorsements and must be earned credit listed on a college transcript.

Consult with your advisor regarding endorsements. DePaul will only recommend individuals for endorsements in the following middle school areas: Arabic, art, biological science, Chinese, French, general science, German, Italian, Japanese, language arts, math, physical science, social science, and Spanish.

Endorsement requirements for the primary level are identical to the middle school requirements except that they do not require SCG 439. There are a limited number of areas available at the primary level.

Qualifying for most endorsements at the high school level requires 24 semester hours (48 quarter hours) in a teachable subject area* and passing the relevant content area test. DePaul will only recommend individuals for endorsements in the following high school areas: art, Arabic, Chinese, English, French, German, Italian, Japanese, math, Russian, science**, social science**, and Spanish.

* Exceptions to the basic requirements for high school level endorsements include the subject areas of foreign language, science, and social science. For foreign language, 32 semester hours (48 quarter hours) OR the content area test in the language is required.

** For science and social science, 32 semester hours (48 quarter hours) in the broad area of either science or social science, and 12 semester hours in the specific endorsement designation area, plus the content area test are required. To qualify for additional science and social science designations, individuals applying after February 1, 2012 need both the content test and 12 semester hours in the additional designation area.

Student Teaching Requirements

Student Teaching is the culminating clinical experience in the student’s program. All students in teacher preparation programs must meet the following requirements before applying for student teaching:

Academic Requirements:

- Completion of all Pre-Education, Advanced Standing, Content Area, and Graduate level Content Area courses
- Overall cumulative G.P.A. of 3.00 or better
- Cumulative GPA. of 2.75 or better in all education courses
- Meet all other program requirements (e.g., residency requirements)
- Meet designated program standards
- Pass the required Illinois certification content area test

Clinical Requirements:

- Completion of all required field experiences
- Three satisfactory evaluations in field experiences
- Three satisfactory faculty recommendations
- Attendance at mandatory meeting for student teaching
- Application for student teaching, resume, transcripts, and writing sample (check deadlines)
- Review and approval by Student Teaching Committee of the College of Education

Student Teaching Timeline and Deadlines:

- Attend a Mandatory Meeting approximately 1 year prior to expected quarter of student teaching.
- Submit application for student teaching after attending Mandatory Meeting, approximately 1 year prior to student teaching.
- Academic requirements are due one quarter before expected quarter of student teaching.
- Clinical requirements are completed as course requirements. Field experience hours are entered by the student as coursework is completed.

Online Faculty Evaluations are entered by the instructor of relevant courses. All data must be entered in the Field Experience Documentation System (FEDS) due one month prior to student teaching.

Individual child care agencies and public and private school districts may have additional requirements (application, training, background check, etc.).
**Degree Conferral and Graduation**

The awarding of a degree is not automatic. You must submit an application to be considered for the degree. DePaul awards and posts degrees at the end of each regular academic term (autumn, winter, spring, summer I and summer II).

It is your responsibility to initiate the degree conferral application process by submitting an online application. Submitting an application means you intend to finish your degree requirements by the end of the term for which you have applied.

Graduate students must be approved for student teaching and complete student teaching, seminar, and induction courses to be cleared for the degree. Student must submit graduation application for the quarter you are completing the final course (student teaching is considered a course).

After you submit the application, you cannot register for any term after the one selected in the application.

Application deadlines are as follows:

- Fall Quarter - October 1st
- Winter Quarter - January 15th
- Spring Quarter - February 1st
- Summer I Quarter - June 1st
- Summer II Quarter - July 15th

To apply for degree conferral, log on to Campus Connection. Select FOR STUDENTS, then GRADUATION, then APPLY FOR DEGREE CONFERRAL. On screen instructions will take you through the application process.

Provided that all requirements and financial obligations are met, degrees are posted 30 days after the official end of the term. Official dates are listed on the Academic Calendar.

DePaul holds one commencement ceremony each year in June. If you intend to participate, you must first apply for degree conferral for the current academic year and then submit a cap and gown order. Honors are not announced at the ceremony for undergraduates completing their final courses in spring quarter because a final GPA is not available at the time of the ceremony.

Additional information about degree conferral and graduation can be found on the College of Education website.

**Certification**

Requirements for certification include completion of the full certification program and all certification tests (including OPI for world language majors). A bachelor's degree is required; a master's degree is not.

Individuals must submit an application directly to the Illinois State Board of Education after completion of requirements and after DePaul has submitted notification to ISBE. Application requirements include application form, application fee, official transcripts, and registration fee.

All individuals must meet ISBE requirements in place at the time of application for the certificate. Requirements are subject to change per the discretion of ISBE.

Individuals seeking additional endorsements after applying for the certificate must contact ISBE directly for an evaluation request.

---

**Degree Requirements**

**Course Requirements**

**Pre-Education Introductory Courses: 16 quarter hours required**
EDU 25 BASIC TECHNOLOGY LITERACY (non-credit, non-tuition, PA grade required)
SCG 404 HUMAN DEVELOPMENT AND LEARNING: THE EARLY YEARS
T&L 421 CHILD AND FAMILY IN THE MULTICULTURAL COMMUNITY
T&L 423 UNDERSTANDING YOUNG CHILDREN'S BEHAVIOR
T&L 431 EARLY LANGUAGE AND LITERACY DEVELOPMENT (T&L 401 is co-requisite)

Advanced Standing Courses: 32 quarter hours required

- T&L 410 CHILDREN'S LITERATURE AND FAMILY LITERACY
- T&L 411 ASSESSMENT IN EARLY CHILDHOOD SPECIAL EDUCATION
- T&L 420 MATH AND SCIENCE IN EARLY CHILDHOOD
- T&L 427 YOUNG EXCEPTIONAL CHILD
- T&L 432 EARLY CHILDHOOD CURRICULUM STRATEGIES AND PHILOSOPHY (BIRTH-8)
- T&L 481 INTERNSHIP IN PRESCHOOL SETTING (75 CLOCK HOURS OF SUPERVISED EXPERIENCE) (T&L 432 is prerequisite)
- T&L 482 INTERNSHIP IN PRIMARY SETTING (75 CLOCK HOURS OF SUPERVISED EXPERIENCE) (T&L 432 is co-requisite)
- SCG 410 INTRODUCTION TO RESEARCH: PURPOSES, ISSUES, AND METHODOLOGIES
- One course from the following list:
  - SCG 408 EDUCATION AND SOCIETY
  - SCG 409 SOCIOLOGY OF EDUCATION
  - SCG 411 PHILOSOPHY OF EDUCATION

Heath, Safety and Child Nutrition Requirement

Candidates should be prepared to document course or other experience that shows they meet the knowledge and skills to provide experiences for young, which appreciates the interrelationships among child, family and the areas of health, safety and nutrition. Candidates should demonstrate comprehension of the issues of health, safety and nutrition that affect young children from the ages of birth through age 8. In addition, candidates are expected to demonstrate understanding of cultural issues and special needs of children with health impairments. Finally, candidates should be familiar with the knowledge and application of practices that promote good nutrition, dental health, physical, social and emotional well being of young children.

- Can be completed by ECE 298 CHILD HEALTH SAFETY AND NUTRITION, transferred equivalent, or by individual competency experience with a full-time early childhood faculty member.

Student Teaching: 8 quarter hours required

Registration in student teaching requires completion of all requirements and procedures listed in the college core section. EDU 95 indicates to the Illinois State Board of Education that all field experience hours are complete.

- T&L 595 EARLY CHILDHOOD STUDENT TEACHING (6 hours, grade of B- or better required)
- T&L 596 EARLY CHILDHOOD STUDENT TEACHING SEMINAR (2 hours)
- EDU 95 CLINICAL EXPERIENCE WITH CHILDREN AND YOUTH (non-credit, non-tuition, PA grade required)

Master of Arts (M.A.) Degree Requirements: 4 quarter hours required

A master's thesis is written to fulfill the requirements of this course. An oral examination on the thesis is required.

- T&L 589 THESIS RESEARCH IN TEACHING AND LEARNING

Certification Tests

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate. Early Childhood majors must complete the following tests:

- Test of Academic Proficiency (TAP) (test #400) - assesses knowledge of reading comprehension, language arts, writing, and math. Test is required to qualify for Advanced Standing.
- Early Childhood Content Area Test (test #107) – assesses knowledge of language and literacy development, learning across the curriculum, diversity, collaboration, and professionalism in the early childhood program. Test is required before Student Teaching (deadlines apply).
- Assessment of Professional Teaching (APT) (test #103, grade 6-12) – assesses knowledge of teaching planning, delivery, assessment, professionalism, and technology. Test is required to be certified, recommended that it be taken before Student Teaching.

Field Experiences
Each student seeking certification from the College of Education/Professional Education Unit must complete supervised field experiences in appropriate settings in conjunction with education courses. The field experiences must include a variety of age levels (birth-age 8), multicultural experiences, and a minimum of 15 hours in special education settings. All field experiences must be completed prior to final approval for student teaching. Field experience hours should be entered by the student into the FEDS system when completing courses with field experience requirements. Four special field experience courses (T&L 400, T&L 401, T&L 402, and T&L 403) are associated with theory courses and should be taken concurrently with the specified theory courses. FEDS entry of these clinical hours is not required. For details on requirements, expectations, documentation, & courses in your program that require hours, visit the College of Education website.

- Fall Quarter - October 1st
- Winter Quarter - January 15th
- Spring Quarter - February 1st
- Summer I Quarter - June 1st
- Summer II Quarter - July 15th

To apply for degree conferral, log on to Campus Connection. Select FOR STUDENTS, then GRADUATION, then APPLY FOR DEGREE CONFERRAL. On screen instructions will take you through the application process.

Provided that all requirements and financial obligations are met, degrees are posted 30 days after the official end of the term. Official dates are listed on the Academic Calendar.

DePaul holds one commencement ceremony each year in June. If you intend to participate, you must first apply for degree conferral for the current academic year and then submit a cap and gown order. Honors are not
announced at the ceremony for undergraduates completing their final courses in spring quarter because a final GPA is not available at the time of the ceremony.

Additional information about degree conferral and graduation can be found on the College of Education website.

**Certification**

Requirements for certification include completion of the full certification program and all certification tests (including OPI for world language majors). A bachelor’s degree is required; a master’s degree is not.

Individuals must submit an application directly to the Illinois State Board of Education after completion of requirements and after DePaul has submitted notification to ISBE. Application requirements include application form, application fee, official transcripts, and registration fee.

All individuals must meet ISBE requirements in place at the time of application for the certificate. Requirements are subject to change per the discretion of ISBE.

Individuals seeking additional endorsements after applying for the certificate must contact ISBE directly for an evaluation request.

---

### Degree Requirements

#### Course Requirements

**Pre-Education Introductory Courses: 16 quarter hours required**

- EDU 25 BASIC TECHNOLOGY LITERACY (non-credit, non-tuition, PA grade required)
- SCG 404 HUMAN DEVELOPMENT AND LEARNING: THE EARLY YEARS
- T&L 421 CHILD AND FAMILY IN THE MULTICULTURAL COMMUNITY
- T&L 423 UNDERSTANDING YOUNG CHILDREN’S BEHAVIOR
- T&L 431 EARLY LANGUAGE AND LITERACY DEVELOPMENT (T&L 401 is co-requisite)

**Advanced Standing Courses: 32 quarter hours required**

- T&L 410 CHILDREN’S LITERATURE AND FAMILY LITERACY
- T&L 411 ASSESSMENT IN EARLY CHILDHOOD SPECIAL EDUCATION
- T&L 420 MATH AND SCIENCE IN EARLY CHILDHOOD
- T&L 427 YOUNG EXCEPTIONAL CHILD
- T&L 432 EARLY CHILDHOOD CURRICULUM STRATEGIES AND PHILOSOPHY (BIRTH-8) (T&L 432 is prerequisite)
- T&L 481 INTERNSHIP IN PRESCHOOL SETTING (75 CLOCK HOURS OF SUPERVISED EXPERIENCE) (T&L 432 is prerequisite)
- T&L 482 INTERNSHIP IN PRIMARY SETTING (75 CLOCK HOURS OF SUPERVISED EXPERIENCE) (T&L 432 is co-requisite)
- SCG 410 INTRODUCTION TO RESEARCH: PURPOSES, ISSUES, AND METHODOLOGIES
- One course from the following list:
  - SCG 408 EDUCATION AND SOCIETY
  - SCG 409 SOCIOLOGY OF EDUCATION
  - SCG 411 PHILOSOPHY OF EDUCATION

#### Heath, Safety and Child Nutrition Requirement

Candidates should be prepared to document course or other experience that shows they meet the knowledge and skills to provide experiences for young, which appreciates the interrelationships among child, family and the areas of health, safety and nutrition. Candidates should demonstrate comprehension of the issues of health, safety and nutrition that affect young children from the ages of birth through age 8. In addition, candidates are expected to demonstrate understanding of cultural issues and special needs of children with health impairments. Finally candidates should be familiar with the knowledge and application of practices that promote good nutrition, dental health, physical, social and emotional well being of young children.

- Can be completed by ECE 298 CHILD HEALTH SAFETY AND NUTRITION, a transferred equivalent, or by individual competency experience with a full-time early childhood faculty member.

#### Student Teaching: 8 quarter hours required
Registration in student teaching requires completion of all requirements and procedures listed in the college core section. EDU 95 indicates to the Illinois State Board of Education that all field experience hours are complete.

- T&L 595 EARLY CHILDHOOD STUDENT TEACHING (6 hours, grade of B- or better required)
- T&L 596 EARLY CHILDHOOD STUDENT TEACHING SEMINAR (2 hours)
- EDU 95 CLINICAL EXPERIENCE WITH CHILDREN AND YOUTH (non-credit, non-tuition, PA grade required)

Certification Tests

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate. Early Childhood majors must complete the following tests:

- Test of Academic Proficiency (TAP) (test #400) - assesses knowledge of reading comprehension, language arts, writing, and math. Test is required to qualify for Advanced Standing.
- Early Childhood Content Area Test (test #107) – assesses knowledge of language and literacy development, learning across the curriculum, diversity, collaboration, and professionalism in the early childhood program. Test is required before Student Teaching (deadlines apply).
- Assessment of Professional Teaching (APT) (test #103, grade 6-12) – assesses knowledge of teaching planning, delivery, assessment, professionalism, and technology. Test is required to be certified, recommended that it be taken before Student Teaching.

Field Experiences

Each student seeking certification from the College of Education/Professional Education Unit must complete supervised field experiences in appropriate settings in conjunction with education courses. The field experiences must include a variety of age levels (birth-age 8), multicultural experiences, and a minimum of 15 hours in special education settings. All field experiences must be completed prior to final approval for student teaching. Field experience hours should be entered by the student into the FEDS system when completing courses with field experience requirements. Four special field experience courses T&L 400, T&L 401, T&L 402, and T&L 403) are associated with theory courses and should be taken concurrently with the specified theory courses. FEDS entry of these clinical hours is not required. For details on requirements, expectations, documentation, & courses in your program that require hours, visit the College of Education website.

Teaching and Learning: Elementary Education (MA)

The Department of Teacher Education prepares Urban Professional Multicultural Educators through an integrated program of courses and field experiences. Programs offered are designed for the preparation of future educators. The programs of study center around our commitment to excellence in teaching in today’s diverse society through the investigation of significant educational issues, inquiry into student learning and effective teaching practices, and the use of technology in teaching and learning. We engage teacher candidates in critical reflection upon their practice throughout the program. We foster engagement in schools through our Partnership Schools and other school and agency affiliations. Upon completion of the program, teacher candidates measure themselves against the values of our guiding conceptual framework through the completion of professional portfolios. Values that are part of this framework include: commitment to social justice, critical pedagogy, and positive educational transformation within the context of a Vincentian personalism that honors the dignity of each person.

The program includes five distinctive features: 1) Becoming a teacher is viewed as a developmental process continuing at least through the first year of teaching; 2) Multiculturalism is infused throughout the curriculum; 3) Field experiences are an integral part of the curriculum; 4) Students are exposed to a variety of educational theories; 5) The program includes a research component as a basis for further professional development.

The program in elementary education prepares students to teach children in a variety of educational settings, including urban and suburban as well as public and private elementary schools. Students follow a suggested course of study for elementary and middle school levels with corresponding field experiences. Graduates earn the Master of Arts or Master of Education degree and are qualified for elementary school certification. Yet, not all graduates follow a career in teaching. A number of DePaul graduates in elementary education work in
diverse settings such as museums, corporations, media and the arts.

Students entering the program must be able and willing to devote themselves to a program requiring a minimum of 125-135 hours of daytime field experiences in schools. These school-based clinical experiences are completed in conjunction with methodology courses that require students to spend a regular periods of time in schools. In addition, the student must spend a minimum of 10 weeks in full-time student teaching.

**Certification**

Type 03 Elementary Education (Self-Contained) (Kindergarten-grade 9) Illinois State Board of Education (ISBE) approved program

---

**Admission Information**

Students are conditionally admitted to the College of Education as a pre-education student. There are additional requirements to reach Advanced Standing in your program in the College of Education.

**Admission Requirements for Pre-Education Status**

- A completed College of Education graduate application
- A bachelor’s degree conferred by an accredited, recognized institution
- A previous grade point average of 2.75 or above on a 4.0 scale
- Two letters of recommendation from professors or supervisors
- One official transcript from each college or university attended
- Statement of purpose (see application for details)
- Interview with faculty program advisor, upon request
- Evidence of adequate background for the program
- Resume

---

**College Requirements**

**Dispositions**

The academic programs within the College of Education have set forth these dispositions as educational and professional expectations for all students. Students should be aware that failing to abide by DePaul University or College of Education policies including, under certain circumstances, these dispositions, could result in adverse consequences for the student, including removal from his or her program, the College of Education, or the University.

- Reflects on progress and identifies strengths and weaknesses, including evaluating strategies for success, finding alternatives for inappropriate strategies, and modifying future practices
- Is receptive to faculty feedback and acts meaningfully and professionally upon suggestions
- Values critical thinking, including engaging theoretical and philosophical frameworks and shows evidence of critical thinking through discussion and writing (e.g., journals, response to prompts)
- Understands the importance of and is committed to communicating clearly orally and in writing both in traditional and in new and emerging digital formats
- Values and is committed to continually developing strong content area knowledge and/or knowledge of the professional field, including pedagogical content knowledge
- Takes initiative, uses imagination and creativity, and seeks out information using a variety of human and material resources and technology to inform his or her teaching
- Is aware of the role of classroom environment and uses management procedures that reflect respect and
care for learners and concern for their emotional and physical well being

- Takes the time and effort needed to understand how students learn, including discovering their interests and experiences and determining how to shape teaching acts (using technology as appropriate) that engage learners meaningfully and actively
- Values and is committed to using assessment to evaluate and ensure the continuous intellectual, social, emotional, and physical development of the learner
- Respects and considers cultural contexts in order to determine how to be responsive to learners and to proactively promote all students' learning
- Values and is responsive to diverse learners' academic, emotional, and social needs through teaching acts (including careful instructional planning, implementation, and differentiation) and through everyday interactions with students
- Is committed to collaboration with colleagues, families, and communities in order to promote all students' learning and development
- Recognizes and fulfills professional responsibilities and habits of conduct (e.g., dress, language, preparedness, attendance, punctuality, etc.)
- Demonstrates collegiality, honesty, good judgment, courtesy, respect, and diplomacy
- Balances self-confidence and assertiveness with respect for others' perspectives
- Respects the requirements, expectations, and procedures of both the College of Education and of our field partners and appreciates the issues of trust, fairness, and professionalism involved

Advanced Standing

Students are conditionally admitted to the College of Education. There are additional requirements to reach Advanced Standing in your program in the College of Education. Requirements must be met to progress in the major and take courses in the Advanced Standing category.

Advanced Standing requirements are:

- Maintain a DePaul Graduate 3.00 GPA
- Pass the Illinois Certification Basic Skills Test or Test of Academic Proficiency (TAP)
- Pass the COE basic computer competency assessment (EDU 25 registration required)
- Pass the minimum of 8 credit hours
- Submit a petition for advanced standing form

Students should attempt to complete the Advanced Standing requirements soon after beginning the program. There is no time limit to meet these criteria; however, students will only be able to take pre-education courses until requirements have been met. Students can also take liberal studies or content area courses before or after meeting Advanced Standing requirements.

Certification Tests

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate.

Field Experiences

Each student seeking certification from the College of Education / Professional Education Unit must complete supervised field experiences in appropriate settings in conjunction with education courses. The field experiences must include a variety of grade levels, multicultural experiences, and a minimum of 15 hours in special education settings. All field experiences must be completed prior to final approval for student teaching. Field experience hours should be entered by the student into the FEDS system when completing courses with field experience requirements.

Endorsements

An endorsement is a subject area that you can qualify for to teach full time, in addition to your main certification area. Endorsements are issued at three levels: primary, middle school, and high school.

The Illinois State Board of Education (ISBE) issues endorsements in various subject areas. To view the full list and requirements, visit the ISBE website.

Qualifying for an endorsement at the middle school level requires 18 semester hours (27 quarter hours) in a teachable subject area and complete SCG 439. Some areas (like math) have specifically required courses. Courses must have a grade of C or better to qualify for endorsements and must be earned credit listed on a college transcript.

Consult with your advisor regarding endorsements. DePaul will only recommend individuals for endorsements in the following middle school areas: Arabic, art, biological science, Chinese, French, general science, German, Italian, Japanese, language arts, math, physical science, social science, and Spanish.
Endorsement requirements for the primary level are identical to the middle school requirements except that they do not require SCG 439. There are a limited number of areas available at the primary level.

Qualifying for most endorsements at the high school level requires 24 semester hours (48 quarter hours) in a teachable subject area* and passing the relevant content area test. DePaul will only recommend individuals for endorsements in the following high school areas: art, Arabic, Chinese, English, French, German, Italian, Japanese, math, Russian, science**, social science**, and Spanish.

* Exceptions to the basic requirements for high school level endorsements include the subject areas of foreign language, science, and social science. For foreign language, 32 semester hours (48 quarter hours) or the content area test in the language is required.

**For science and social science, 32 semester hours (48 quarter hours) in the broad area of either science or social science, and 12 semester hours in the specific endorsement designation area, plus the content area test are required. To qualify for additional science and social science designations, individuals applying after February 1, 2012 need both the content test and 12 semester hours in the additional designation area.

Student Teaching Requirements

Student Teaching is the culminating clinical experience in the student's program. All students in teacher preparation programs must meet the following requirements before applying for student teaching:

Academic Requirements:

- Completion of all Pre-Education, Advanced Standing, Content Area, and Graduate level Content Area courses
- Overall cumulative G.P.A. of 3.00 or better
- Cumulative GPA. of 2.75 or better in all education courses
- Meet all other program requirements (e.g., residency requirements)
- Meet designated program standards
- Pass the required Illinois certification content area test

Clinical Requirements:

- Completion of all required field experiences
- Three satisfactory evaluations in field experiences
- Three satisfactory faculty recommendations
- Attendance at mandatory meeting for student teaching
- Application for student teaching, resume, transcripts, and writing sample (check deadlines)
- Review and approval by Student Teaching Committee of the College of Education

Student Teaching Timeline and Deadlines:

- Attend a Mandatory Meeting approximately 1 year prior to expected quarter of student teaching.
- Submit application for student teaching after attending Mandatory Meeting, approximately 1 year prior to student teaching.
- Academic requirements are due one quarter before expected quarter of student teaching.
- Clinical requirements are completed as course requirements. Field experience hours are entered by the student as coursework is completed.

Online Faculty Evaluations are entered by the instructor of relevant courses. All data must be entered in the Field Experience Documentation System (FEDS) due one month prior to student teaching.

Individual child care agencies and public and private school districts may have additional requirements (application, training, background check, etc.).

Degree Conferral and Graduation

The awarding of a degree is not automatic. You must submit an application to be considered for the degree. DePaul awards and posts degrees at the end of each regular academic term (autumn, winter, spring, summer I and summer II).

It is your responsibility to initiate the degree conferral application process by submitting an online application. Submitting an application means you intend to finish your degree requirements by the end of the term for which you have applied.

Graduate students must be approved for student teaching and complete student teaching, seminar, and induction courses to be cleared for the degree. Student must submit graduation application for the quarter you are completing the final course (student teaching is considered a course).
After you submit the application, you cannot register for any term after the one selected in the application.

Application deadlines are as follows:

- Fall Quarter - October 1st
- Winter Quarter - January 15th
- Spring Quarter - February 1st
- Summer I Quarter - June 1st
- Summer II Quarter - July 15th

To apply for degree conferral, log on to Campus Connection. Select FOR STUDENTS, then GRADUATION, then APPLY FOR DEGREE CONFERRAL. On screen instructions will take you through the application process.

Provided that all requirements and financial obligations are met, degrees are posted 30 days after the official end of the term. Official dates are listed on the Academic Calendar.

DePaul holds one commencement ceremony each year in June. If you intend to participate, you must first apply for degree conferral for the current academic year and then submit a cap and gown order. Honors are not announced at the ceremony for undergraduates completing their final courses in spring quarter because a final GPA is not available at the time of the ceremony.

Additional information about degree conferral and graduation can be found on the College of Education website.

**Certification**

Requirements for certification include completion of the full certification program and all certification tests (including OPI for world language majors). A bachelor's degree is required; a master's degree is not.

Individuals must submit an application directly to the Illinois State Board of Education after completion of requirements and after DePaul has submitted notification to ISBE. Application requirements include application form, application fee, official transcripts, and registration fee.

All individuals must meet ISBE requirements in place at the time of application for the certificate. Requirements are subject to change per the discretion of ISBE.

Individuals seeking additional endorsements after applying for the certificate must contact ISBE directly for an evaluation request.

---

**Degree Requirements**

**Content Area Prerequisites**

Elementary Education teachers need to have an understanding of the subjects taught in classrooms at the Elementary level. DePaul's program requires that students in the Elementary program have a minimum of one course in the following areas: writing, fine arts or literature, mathematics*, science, social science, and either US history or American government. These courses may be taken at the undergraduate level and may have been included in the student's bachelor's degree program. Elementary Education students will be evaluated by an academic advisor after admission to determine if additional coursework is needed. Completion of content area requirements are not prerequisites for admission, however coursework must be completed before student teaching. It is strongly encouraged that applicants meet with an advisor after admission and prior to taking content courses.

*DePaul alumni that have taken LSP 120 or ISP 120 can receive credit towards the math requirement.

**Course Requirements:**

**Pre-Education Introductory Courses: 17 quarter hours required**

---

DePaul University  Winter/Spring 2013  Page 515 of 2244
- EDU 25 BASIC TECHNOLOGY LITERACY (non-credit, non-tuition, PA grade required)
- T&L 404 INTRODUCTION TO ELEMENTARY EDUCATION
- SCG 403 HUMAN DEVELOPMENT AND LEARNING: ELEMENTARY
- T&L 583 FIELD EXPERIENCE LAB
- T&L 418 LEARNING THROUGH THE ARTS (FORMERLY CDG 418)
- Choose one course from the following list:
  - SCG 408 EDUCATION AND SOCIETY
  - SCG 409 SOCIOLOGY OF EDUCATION
  - SCG 411 PHILOSOPHY OF EDUCATION

**Advanced Standing Courses: 31 quarter hours required**

- T&L 412 EMERGING READING AND LANGUAGE ARTS
- T&L 416 TEACHING AND LEARNING ELEMENTARY SCHOOL MATHEMATICS
- T&L 583 FIELD EXPERIENCE LAB
- LSI 446 PSYCHOLOGY AND EDUCATION OF THE EXCEPTIONAL CHILD
- T&L 413 READING/LANGUAGE ARTS IN THE MIDDLE GRADES
- T&L 583 FIELD EXPERIENCE LAB (public school setting required)
- T&L 415 TEACHING AND LEARNING ELEMENTARY SCHOOL SCIENCE
- T&L 419 CURRICULUM AND STRATEGIES: SOCIAL STUDIES
- T&L 584 PRE-STUDENT TEACHING FIELD EXPERIENCE
- T&L 422 CLASSROOM ASSESSMENT

**Student Teaching : 8 quarter hours required**

Registration in student teaching requires completion of all requirements and procedures listed in the college core section. EDU 95 indicates to the Illinois State Board of Education that all field experience hours are complete.

- T&L 585 ELEMENTARY STUDENT TEACHING (6 hours, grade of B- or better required)
- T&L 586 ELEMENTARY STUDENT TEACHING SEMINAR (2 hours)
- EDU 95 CLINICAL EXPERIENCE WITH CHILDREN AND YOUTH (non-credit, non-tuition, PA grade required)

**Recommended/ Optional Course:**

SCG 439 is required for middle school endorsements but is not required for the degree. If taking SCG 439 for certification/endorsement purposes, a grade of C or better is required.

- SCG 439 PHILOSOPHY AND PSYCHOLOGY OF YOUTH AND MIDDLE LEVEL EDUCATION

**Master of Arts (M.A.) Degree Requirements: 4 quarter hours required**

A master's thesis is written to fulfill the requirements of this course. An oral examination on the thesis is required.

- T&L 589 THESIS RESEARCH IN TEACHING AND LEARNING

**Certification Tests**

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate. Elementary majors must complete the following tests:

- Test of Academic Proficiency (TAP) (test #400) - assesses knowledge of reading comprehension, language arts, writing, and math. Test is required to qualify for Advanced Standing.
- Elementary/Middle Grades Content Area Test (test #110) – assesses knowledge of language arts and literacy, mathematics, science, social sciences, the arts, health, and physical education. Test is required before Student Teaching (deadlines apply).
- Assessment of Professional Teaching (APT) (test #102, grade K-9) – assesses knowledge of teaching planning, delivery, assessment, professionalism, and technology. Test is required to be certified, recommended that it be taken before Student Teaching.

**Field Experiences**

Each student seeking certification from the College of Education/Professional Education Unit must complete supervised field experiences in appropriate lab settings in conjunction with education courses. Students are required to register for one lab for designated paired course. For example, during the first quarter of the program students must register for T&L 404 and SCG 403 plus one field experience lab. During the quarter when students take T&L 413 and LSI 446, a public school that services students with special needs is required.
The field experiences must include a variety of grade levels, multicultural experiences, and a minimum of 15 hours in special education settings. All field experiences must be completed prior to final approval for student teaching. Field experience hours should be entered by the student into the FEDS system when completing courses with field experience requirements. For details on requirements, expectations, documentation, & courses in your program that require hours, visit the College of Education website.

- Spring Quarter - February 1st
- Summer I Quarter - June 1st
- Summer II Quarter - July 15th

To apply for degree conferral, log on to Campus Connection. Select FOR STUDENTS, then GRADUATION, then APPLY FOR DEGREE CONFERRAL. On screen instructions will take you through the application process.

Provided that all requirements and financial obligations are met, degrees are posted 30 days after the official end of the term. Official dates are listed on the Academic Calendar.

DePaul holds one commencement ceremony each year in June. If you intend to participate, you must first apply for degree conferral for the current academic year and then submit a cap and gown order. Honors are not announced at the ceremony for undergraduates completing their final courses in spring quarter because a final GPA is not available at the time of the ceremony.

Additional information about degree conferral and graduation can be found on the College of Education website.

Certification

Requirements for certification include completion of the full certification program and all certification tests (including OPI for world language majors). A bachelor’s degree is required; a master’s degree is not.

Individuals must submit an application directly to the Illinois State Board of Education after completion of
requirements and after DePaul has submitted notification to ISBE. Application requirements include application
form, application fee, official transcripts, and registration fee.

All individuals must meet ISBE requirements in place at the time of application for the certificate. Requirements
are subject to change per the discretion of ISBE.

Individuals seeking additional endorsements after applying for the certificate must contact ISBE directly for an
evaluation request.

**Degree Requirements**

**Content Area Prerequisites**

Elementary Education teachers need to have an understanding of the subjects taught in classrooms at the
Elementary level. DePaul’s program requires that students in the Elementary program have a minimum of one
course in the following areas: writing, fine arts or literature, mathematics*, science, social science, and either US
history or American government. These courses may be taken at the undergraduate level and may have been
included in the student’s bachelor’s degree program. Elementary Education students will be evaluated by an
academic advisor after admission to determine if additional coursework is needed. Completion of content area
requirements are not prerequisites for admission, however coursework must be completed before student
teaching. It is strongly encouraged that applicants meet with an advisor after admission and prior to taking
content courses.

*DePaul alumni that have taken LSP 120 or ISP 120 can receive credit towards the math requirement.

**Course Requirements:**

**Pre-Education Introductory Courses: 17 quarter hours required**

- EDU 25 BASIC TECHNOLOGY LITERACY (non-credit, non-tuition, PA grade required)
- T&L 404 INTRODUCTION TO ELEMENTARY EDUCATION
- SCG 403 HUMAN DEVELOPMENT AND LEARNING: ELEMENTARY
- T&L 583 FIELD EXPERIENCE LAB
- T&L 418 LEARNING THROUGH THE ARTS (FORMERLY CDG 418)
- Choose one course from the following list:
  - SCG 408 EDUCATION AND SOCIETY
  - SCG 409 SOCIOLOGY OF EDUCATION
  - SCG 411 PHILOSOPHY OF EDUCATION

**Advanced Standing Courses: 31 quarter hours required**

- T&L 412 EMERGING READING AND LANGUAGE ARTS
- T&L 416 TEACHING AND LEARNING ELEMENTARY SCHOOL MATHEMATICS
- T&L 583 FIELD EXPERIENCE LAB
- LSI 446 PSYCHOLOGY AND EDUCATION OF THE EXCEPTIONAL CHILD
- T&L 413 READING/LANGUAGE ARTS IN THE MIDDLE GRADERS
- T&L 583 FIELD EXPERIENCE LAB (public school setting required)
- T&L 415 TEACHING AND LEARNING ELEMENTARY SCHOOL SCIENCE
- T&L 419 CURRICULUM AND STRATEGIES: SOCIAL STUDIES
- T&L 584 PRE-STUDENT TEACHING FIELD EXPERIENCE
- T&L 422 CLASSROOM ASSESSMENT

**Student Teaching: 8 quarter hours required**

Registration in student teaching requires completion of all requirements and procedures listed in the college core
section. EDU 25 indicates to the Illinois State Board of Education that all field experience hours are complete.
T&L 585 ELEMENTARY STUDENT TEACHING (6 hours, grade of B- or better required)
T&L 586 ELEMENTARY STUDENT TEACHING SEMINAR (2 hours)
EDU 95 CLINICAL EXPERIENCE WITH CHILDREN AND YOUTH (non-credit, non-tuition, PA grade required)

**Recommended/Optional Course:**

SCG 439 is required for middle school endorsements but is not required for the degree. If taking SCG 439 for certification/endorsement purposes, a grade of C or better is required.

- SCG 439 PHILOSOPHY AND PSYCHOLOGY OF YOUTH AND MIDDLE LEVEL EDUCATION

**Certification Tests**

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate. Elementary majors must complete the following tests:

- Test of Academic Proficiency (TAP) (test #400) - assesses knowledge of reading comprehension, language arts, writing, and math. Test is required to qualify for Advanced Standing.
- Elementary/Middle Grades Content Area Test (test #110) – assesses knowledge of language arts and literacy, mathematics, science, social sciences, the arts, health, and physical education. Test is required before Student Teaching (deadlines apply).
- Assessment of Professional Teaching (APT) (test #102, grade K-9) – assesses knowledge of teaching planning, delivery, assessment, professionalism, and technology. Test is required to be certified, recommended that it be taken before Student Teaching.

**Field Experiences**

Each student seeking certification from the College of Education/Professional Education Unit must complete supervised field experiences in appropriate lab settings in conjunction with education courses. Students are required to register for one lab for designated paired course. For example, during the first quarter of the program students must register for T&L 404 and SCG 403 plus one field experience lab. During the quarter when students take T&L 413 and LSI 446, a public school that services students with special needs is required. The field experiences must include a variety of grade levels, multicultural experiences, and a minimum of 15 hours in special education settings. All field experiences must be completed prior to final approval for student teaching. Field experience hours should be entered by the student into the FEDS system when completing courses with field experience requirements. For details on requirements, expectations, documentation, & courses in your program that require hours, visit the College of Education website.

---

**Teaching and Learning: Secondary Education - Biology (MA)**

The Department of Teacher Education prepares Urban Professional Multicultural Educators through an integrated program of courses and field experiences. Programs offered are designed for the preparation of future educators. The programs of study center around our commitment to excellence in teaching in today's diverse society through the investigation of significant educational issues, inquiry into student learning and effective teaching practices, and the use of technology in teaching and learning. We engage teacher candidates in critical reflection upon their practice throughout the program. We foster engagement in schools through our Partnership Schools and other school and agency affiliations. Upon completion of the program, teacher candidates measure themselves against the values of our guiding conceptual framework through the completion of professional portfolios. Values that are part of this framework include: commitment to social justice, critical pedagogy, and positive educational transformation within the context of a Vincentian personalism that honors the dignity of each person.

Students entering the program must be able and willing to devote themselves to a program requiring a minimum of 100-110 hours of daytime field experiences in schools. These school-based clinical hours are completed in conjunction with methodology courses that require students to spend daytime hours in schools. In addition, the student must spend a minimum of 10 weeks in full-time student teaching.
The program includes five distinctive features:

1. Becoming a teacher is viewed as a developmental process continuing at least through the first year of teaching
2. Multiculturalism is infused throughout the curriculum
3. Field experiences are an integral part of the curriculum
4. Students are exposed to a variety of educational theories
5. The program includes a research component as a basis for further professional development.

Students lacking undergraduate requirements in the content area they will be teaching will have to complete those requirements prior to student teaching. Both a content area advisor and an academic advisor will guide candidates in planning their coursework.

The program in secondary education prepares students to teach children in a variety of urban and suburban educational settings, including public and private middle and high schools. Students follow a general pattern of study for middle school and high school levels. In all cases, appropriate field experience plays an integral role. The program combines theoretical principles of education and field work with the student's choice of major. Graduates earn the Master of Arts or Master of Education degree and are qualified for secondary school certification. Yet, not all graduates follow a career in teaching. A number of DePaul graduates in secondary education work in diverse settings such as museums, corporations, media, and the arts.

Certification

Type 09 Secondary Education Science-Biology (grades 9-12 or grades 6-12) Illinois State Board of Education (ISBE) approved program

Admission Information

Students are conditionally admitted to the College of Education as a pre-education student. There are additional requirements to reach Advanced Standing in your program in the College of Education.

Admission Requirements for Pre-Education Status

- A completed College of Education graduate application
- A bachelor's degree conferred by an accredited, recognized institution
- A previous grade point average of 2.75 or above on a 4.0 scale
- Two letters of recommendation from professors or supervisors
- One official transcript from each college or university attended
- Statement of purpose (see application for details)
- Interview with faculty program advisor, upon request
- Evidence of adequate background for the program
- Resume

College Requirements

Dispositions

The academic programs within the College of Education have set forth these dispositions as educational and professional expectations for all students. Students should be aware that failing to abide by DePaul University or College of Education policies including, under certain circumstances, these dispositions, could result in adverse consequences for the student, including removal from his or her program, the College of Education, or the
University.

- Reflects on progress and identifies strengths and weaknesses, including evaluating strategies for success, finding alternatives for inappropriate strategies, and modifying future practices
- Is receptive to faculty feedback and acts meaningfully and professionally upon suggestions
- Values critical thinking, including engaging theoretical and philosophical frameworks and shows evidence of critical thinking through discussion and writing (e.g., journals, response to prompts)
- Understands the importance of and is committed to communicating clearly orally and in writing both in traditional and in new and emerging digital formats
- Values and is committed to continually developing strong content area knowledge and/or knowledge of the professional field, including pedagogical content knowledge
- Takes initiative, uses imagination and creativity, and seeks out information using a variety of human and material resources and technology to inform his or her teaching
- Is aware of the role of classroom environment and uses management procedures that reflect respect and care for learners and concern for their emotional and physical well being
- Takes the time and effort needed to understand how students learn, including discovering their interests and experiences and determining how to shape teaching acts (using technology as appropriate) that engage learners meaningfully and actively
- Values and is committed to using assessment to evaluate and ensure the continuous intellectual, social, emotional, and physical development of the learner
- Respects and considers cultural contexts in order to determine how to be responsive to learners and to proactively promote all students' learning
- Values and is responsive to diverse learners' academic, emotional, and social needs through teaching acts (including careful instructional planning, implementation, and differentiation) and through everyday interactions with students
- Is committed to collaboration with colleagues, families, and communities in order to promote all students' learning and development
- Recognizes and fulfills professional responsibilities and habits of conduct (e.g., dress, language, preparedness, attendance, punctuality, etc.)
- Demonstrates collegiality, honesty, good judgment, courtesy, respect, and diplomacy
- Balances self-confidence and assertiveness with respect for others' perspectives
- Respects the requirements, expectations, and procedures of both the College of Education and of our field partners and appreciates the issues of trust, fairness, and professionalism involved

Advanced Standing

Students are conditionally admitted to the College of Education. There are additional requirements to reach Advanced Standing in your program in the College of Education. Requirements must be met to progress in the major and take courses in the Advanced Standing category.

Advanced Standing requirements are:

- Maintain a DePaul Graduate 3.00 GPA
- Pass the Illinois Certification Basic Skills Test or Test of Academic Proficiency (TAP)
- Pass the COE basic computer competency assessment (EDU 25 registration required)
- Pass the minimum of 8 credit hours
- Submit a petition for advanced standing form

Students should attempt to complete the Advanced Standing requirements soon after beginning the program. There is no time limit to meet these criteria; however, students will only be able to take pre-education courses until requirements have been met. Students can also take liberal studies or content area courses before or after meeting Advanced Standing requirements.

Certification Tests

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate.

Field Experiences

Each student seeking certification from the College of Education / Professional Education Unit must complete supervised field experiences in appropriate settings in conjunction with education courses. The field experiences must include a variety of grade levels, multicultural experiences, and a minimum of 15 hours in special education settings. All field experiences must be completed prior to final approval for student teaching. Field experience hours should be entered by the student into the FEDS system when completing courses with field experience requirements.

Endorsements

An endorsement is a subject area that you can qualify for to teach full time, in addition to your main certification
Endorsements are issued at three levels: primary, middle school, and high school.

The Illinois State Board of Education (ISBE) issues endorsements in various subject areas. To view the full list and requirements, visit the ISBE website.

Qualifying for an endorsement at the middle school level requires 18 semester hours (27 quarter hours) in a teachable subject area and complete SCG 439. Some areas (like math) have specifically required courses. Courses must have a grade of C or better to qualify for endorsements and must be earned credit listed on a college transcript.

Consult with your advisor regarding endorsements. DePaul will only recommend individuals for endorsements in the following middle school areas: Arabic, art, biological science, Chinese, French, general science, German, Italian, Japanese, language arts, math, physical science, social science, and Spanish.

Endorsement requirements for the primary level are identical to the middle school requirements except that they do not require SCG 439. There are a limited number of areas available at the primary level.

Qualifying for most endorsements at the high school level requires 24 semester hours (48 quarter hours) in a teachable subject area* and passing the relevant content area test. DePaul will only recommend individuals for endorsements in the following high school areas: art, Arabic, Chinese, English, French, German, Italian, Japanese, math, Russian, science**, social science**, and Spanish.

* Exceptions to the basic requirements for high school level endorsements include the subject areas of foreign language, science, and social science. For foreign language, 32 semester hours (48 quarter hours) OR the content area test in the language is required.

** For science and social science, 32 semester hours (48 quarter hours) in the broad area of either science or social science, and 12 semester hours in the specific endorsement designation area, plus the content area test are required. To qualify for additional science and social science designations, individuals applying after February 1, 2012 need both the content test and 12 semester hours in the additional designation area.

**Student Teaching Requirements**

Student Teaching is the culminating clinical experience in the student's program. All students in teacher preparation programs must meet the following requirements before applying for student teaching:

**Academic Requirements:**

- Completion of all Pre-Education, Advanced Standing, Content Area, and Graduate level Content Area courses
- Overall cumulative G.P.A. of 3.00 or better
- Cumulative GPA of 2.75 or better in all education courses
- Meet all other program requirements (e.g., residency requirements)
- Meet designated program standards
- Pass the required Illinois certification content area test

**Clinical Requirements:**

- Completion of all required field experiences
- Three satisfactory evaluations in field experiences
- Three satisfactory faculty recommendations
- Attendance at mandatory meeting for student teaching
- Application for student teaching, resume, transcripts, and writing sample (check deadlines)
- Review and approval by Student Teaching Committee of the College of Education

**Student Teaching Timeline and Deadlines:**

- Attend a Mandatory Meeting approximately 1 year prior to expected quarter of student teaching.
- Submit application for student teaching after attending Mandatory Meeting, approximately 1 year prior to student teaching.
- Academic requirements are due one quarter before expected quarter of student teaching.
- Clinical requirements are completed as course requirements. Field experience hours are entered by the student as coursework is completed.

Online Faculty Evaluations are entered by the instructor of relevant courses. All data must be entered in the Field Experience Documentation System (FEDS) due one month prior to student teaching.

Individual child care agencies and public and private school districts may have additional requirements (application, training, background check, etc.).
Degree Conferral and Graduation

The awarding of a degree is not automatic. You must submit an application to be considered for the degree. DePaul awards and posts degrees at the end of each regular academic term (autumn, winter, spring, summer I and summer II).

It is your responsibility to initiate the degree conferral application process by submitting an online application. Submitting an application means you intend to finish your degree requirements by the end of the term for which you have applied.

Graduate students must be approved for student teaching and complete student teaching, seminar, and induction courses to be cleared for the degree. Student must submit graduation application for the quarter you are completing the final course (student teaching is considered a course).

After you submit the application, you cannot register for any term after the one selected in the application.

Application deadlines are as follows:

- Fall Quarter - October 1st
- Winter Quarter - January 15th
- Spring Quarter - February 1st
- Summer I Quarter - June 1st
- Summer II Quarter - July 15th

To apply for degree conferral, log on to Campus Connection. Select FOR STUDENTS, then GRADUATION, then APPLY FOR DEGREE CONFERRAL. On screen instructions will take you through the application process.

Provided that all requirements and financial obligations are met, degrees are posted 30 days after the official end of the term. Official dates are listed on the Academic Calendar.

DePaul holds one commencement ceremony each year in June. If you intend to participate, you must first apply for degree conferral for the current academic year and then submit a cap and gown order. Honors are not announced at the ceremony for undergraduates completing their final courses in spring quarter because a final GPA is not available at the time of the ceremony.

Additional information about degree conferral and graduation can be found on the College of Education website.

Certification

Requirements for certification include completion of the full certification program and all certification tests (including OPI for world language majors). A bachelor's degree is required; a master's degree is not.

Individuals must submit an application directly to the Illinois State Board of Education after completion of requirements and after DePaul has submitted notification to ISBE. Application requirements include application form, application fee, official transcripts, and registration fee.

All individuals must meet ISBE requirements in place at the time of application for the certificate. Requirements are subject to change per the discretion of ISBE.

Individuals seeking additional endorsements after applying for the certificate must contact ISBE directly for an evaluation request.

Degree Requirements

Course Requirements

Content Area Courses
All students need to have sufficient knowledge of the subject they will be teaching. Illinois State Board of Education requires a minimum of 48 quarter hours (32 semester hours) in the content area subject. Students should meet with their designated Content Area advisor at the beginning of their program for an official written content evaluation and provide a copy to your academic advisor. Requirements can be satisfied by undergraduate coursework or courses taken elsewhere. Content courses must be completed before student teaching.

**Requirements for Secondary Education Biology**

Note: Effective for all individuals applying for certification beginning February 1, 2012, all coursework in the content area must earn a grade of C or better.

- General Biology I
- General Biology II
- General Biology III
- Ecology
- Cell Biology
- Physiology
- Genetics
- Biology Elective
- Biology Elective
- Biology Elective
- Biology Elective (with lab)
- Biology Elective (with lab)
- College Algebra or Calculus I
- Trigonometry or Calculus II
- General Chemistry I
- General Chemistry II
- General Chemistry III
- General Physics I
- General Physics II

**Pre-Education Introductory Courses: 16 quarter hours required**

- EDU 25 BASIC TECHNOLOGY LITERACY (non-credit, non-tuition, PA grade required)
- T&L 424 INTRODUCTION TO SECONDARY EDUCATION
- T&L 425 CURRICULUM AND INSTRUCTION IN SECONDARY EDUCATION
- SCG 406 HUMAN DEVELOPMENT AND LEARNING: SECONDARY
- One course from the following list:
  - SCG 408 EDUCATION AND SOCIETY
  - SCG 409 SOCIOLOGY OF EDUCATION
  - SCG 411 PHILOSOPHY OF EDUCATION

**Advanced Standing Courses: 16 quarter hours required**

- SCG 410 INTRODUCTION TO RESEARCH: PURPOSES, ISSUES, AND METHODOLOGIES
- LSI 446 PSYCHOLOGY AND EDUCATION OF THE EXCEPTIONAL CHILD
- T&L 525 READING, WRITING, AND COMMUNICATING ACROSS THE CURRICULUM
- T&L 439 METHODS OF SECONDARY SCIENCE EDUCATION **

**Note:** Students matriculating in 2012-2013 and currently enrolled students who have not taken T&L 439 are advised to substitute TCH 474 for this course.

**Graduate Level Content Area Courses: 12 quarter hours required**

Three courses in Biology at the graduate level are required. Courses must be taken before student teaching if pursuing degree (not required for individuals pursuing certification only). Courses must be approved by your Content Area Advisor prior to registration and requires graduate level registration.

- BIO 300 or 400 level biology course 1
- BIO 300 or 400 level biology course 2
- BIO 300 or 400 level biology course 3

**Student Teaching: 8 quarter hours required**

Registration in student teaching requires completion of all requirements and procedures listed in the college core section. EDU 95 indicates to the Illinois State Board of Education that all field experience hours are complete.

- T&L 590 SECONDARY STUDENT TEACHING (6 hours, grade of B- or better required)
- T&L 591 SECONDARY STUDENT TEACHING SEMINAR (2 hours)
EDU 95 CLINICAL EXPERIENCE WITH CHILDREN AND YOUTH (non-credit, non-tuition, PA grade required)

Induction Course: 4 quarter hours required

The induction year course is designed to assist students to negotiate the first year of teaching and aid in professional development. The induction course is a requirement for the degree, not a requirement for certification. This course must be taken at DePaul.

- T&L 611 INDUCTION INTO THE TEACHING PROFESSION: SECONDARY (required) **

**Note: Beginning Fall 2012, students may take T&L 611 before or after student teaching. Students matriculating Fall 2012 and currently enrolled students are advised to substitute TCH 484 for T&L 611.

Recommended/ Optional Course

SCG 439 is required for middle school endorsements but is not required for the degree. If taking SCG 439 for certification/endorsement purposes, a grade of C or better is required.

- SCG 439 PHILOSOPHY AND PSYCHOLOGY OF YOUTH AND MIDDLE LEVEL EDUCATION

Master of Arts (M.A.) Degree Requirements: 4 quarter hours required

This is a Master of Arts degree requirement only. A master's thesis is written to fulfill the requirements of this course. An oral examination on the thesis is required.

- T&L 589 THESIS RESEARCH IN TEACHING AND LEARNING

Certification Tests

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate. Secondary Education Biology majors must complete the following tests:

- Test of Academic Proficiency (TAP) (test #400) - assesses knowledge of reading comprehension, language arts, writing, and math. Test is required to qualify for Advanced Standing.
- Science: Biology Content Area Test (test #105) – assesses knowledge of both biological science and physical science. Test is required before Student Teaching (deadlines apply).
- Assessment of Professional Teaching (APT) (test #103, grade 6-12) – assesses knowledge of teaching planning, delivery, assessment, professionalism, and technology. Test is required to be certified, recommended that it be taken before Student Teaching.

Field Experiences

Each student seeking certification from the College of Education/Professional Education Unit must complete supervised field experiences in appropriate settings in conjunction with education courses. The field experiences must include a variety of grade levels, multicultural experiences, and a minimum of 15 hours in special education settings. All field experiences must be completed prior to final approval for student teaching. Field experience hours should be entered by the student into the FEDS system when completing courses with field experience requirements. For details on requirements, expectations, documentation, & courses in your program that require hours, visit the College of Education website.

Teaching and Learning: Secondary Education - Biology (MED)

The Department of Teacher Education prepares Urban Professional Multicultural Educators through an integrated program of courses and field experiences. Programs offered are designed for the preparation of future educators. The programs of study center around our commitment to excellence in teaching in today's diverse society through the investigation of significant educational issues, inquiry into student learning and effective teaching practices, and the use of technology in teaching and learning. We engage teacher candidates in critical reflection upon their practice throughout the program. We foster engagement in schools through our Partnership Schools and other school and agency affiliations. Upon completion of the program, teacher candidates measure themselves against the values of our guiding conceptual framework through the completion of professional
portfolios. Values that are part of this framework include: commitment to social justice, critical pedagogy, and positive educational transformation within the context of a Vincentian personalism that honors the dignity of each person.

Students entering the program must be able and willing to devote themselves to a program requiring a minimum of 100-110 hours of daytime field experiences in schools. These school-based clinical hours are completed in conjunction with methodology courses that require students to spend daytime hours in schools. In addition, the student must spend a minimum of 10 weeks in full-time student teaching.

The program includes five distinctive features:

1. Becoming a teacher is viewed as a developmental process continuing at least through the first year of teaching
2. Multiculturalism is infused throughout the curriculum
3. Field experiences are an integral part of the curriculum
4. Students are exposed to a variety of educational theories
5. The program includes a research component as a basis for further professional development.

Students lacking undergraduate requirements in the content area they will be teaching will have to complete those requirements prior to student teaching. Both a content area advisor and an academic advisor will guide candidates in planning their coursework.

The program in secondary education prepares students to teach children in a variety of urban and suburban educational settings, including public and private middle and high schools. Students follow a general pattern of study for middle school and high school levels. In all cases, appropriate field experience plays an integral role. Admission Information

Students are conditionally admitted to the College of Education as a pre-education student. There are additional requirements to reach Advanced Standing in your program in the College of Education.

Admission Requirements for Pre-Education Status

- A completed College of Education graduate application
- A bachelor's degree conferred by an accredited, recognized institution
- A previous grade point average of 2.75 or above on a 4.0 scale
- Two letters of recommendation from professors or supervisors
- One official transcript from each college or university attended
- Statement of purpose (see application for details)
- Interview with faculty program advisor, upon request
- Evidence of adequate background for the program
- Resume
College Requirements

Dispositions

The academic programs within the College of Education have set forth these dispositions as educational and professional expectations for all students. Students should be aware that failing to abide by DePaul University or College of Education policies including, under certain circumstances, these dispositions, could result in adverse consequences for the student, including removal from his or her program, the College of Education, or the University.

- Reflects on progress and identifies strengths and weaknesses, including evaluating strategies for success, finding alternatives for inappropriate strategies, and modifying future practices
- Is receptive to faculty feedback and acts meaningfully and professionally upon suggestions
- Values critical thinking, including engaging theoretical and philosophical frameworks and shows evidence of critical thinking through discussion and writing (e.g., journals, response to prompts)
- Understands the importance of and is committed to communicating clearly orally and in writing both in traditional and in new and emerging digital formats
- Values and is committed to continually developing strong content area knowledge and/or knowledge of the professional field, including pedagogical content knowledge
- Takes initiative, uses imagination and creativity, and seeks out information using a variety of human and material resources and technology to inform his or her teaching
- Is aware of the role of classroom environment and uses management procedures that reflect respect and care for learners and concern for their emotional and physical well being
- Takes the time and effort needed to understand how students learn, including discovering their interests and experiences and determining how to shape teaching acts (using technology as appropriate) that engage learners meaningfully and actively
- Values and is committed to using assessment to evaluate and ensure the continuous intellectual, social, emotional, and physical development of the learner
- Respects and considers cultural contexts in order to determine how to be responsive to learners and to proactively promote all students' learning
- Values and is responsive to diverse learners' academic, emotional, and social needs through teaching acts (including careful instructional planning, implementation, and differentiation) and through everyday interactions with students
- Is committed to collaboration with colleagues, families, and communities in order to promote all students' learning and development
- Recognizes and fulfills professional responsibilities and habits of conduct (e.g., dress, language, preparedness, attendance, punctuality, etc.)
- Demonstrates collegiality, honesty, good judgment, courtesy, respect, and diplomacy
- Balances self-confidence and assertiveness with respect for others’ perspectives
- Respects the requirements, expectations, and procedures of both the College of Education and of our field partners and appreciates the issues of trust, fairness, and professionalism involved

Advanced Standing

Students are conditionally admitted to the College of Education. There are additional requirements to reach Advanced Standing in your program in the College of Education. Requirements must be met to progress in the major and take courses in the Advanced Standing category.

Advanced Standing requirements are:

- Maintain a DePaul Graduate 3.00 GPA
- Pass the Illinois Certification Basic Skills Test or Test of Academic Proficiency (TAP)
- Pass the COE basic computer competency assessment (EDU 25 registration required)
- Pass the minimum of 8 credit hours
- Submit a petition for advanced standing form

Students should attempt to complete the Advanced Standing requirements soon after beginning the program. There is no time limit to meet these criteria; however, students will only be able to take pre-education courses until requirements have been met. Students can also take liberal studies or content area courses before or after meeting Advanced Standing requirements.

Certification Tests

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate.
Field Experiences

Each student seeking certification from the College of Education / Professional Education Unit must complete supervised field experiences in appropriate settings in conjunction with education courses. The field experiences must include a variety of grade levels, multicultural experiences, and a minimum of 15 hours in special education settings. All field experiences must be completed prior to final approval for student teaching. Field experience hours should be entered by the student into the FEDS system when completing courses with field experience requirements.

Endorsements

An endorsement is a subject area that you can qualify for to teach full time, in addition to your main certification area. Endorsements are issued at three levels: primary, middle school, and high school.

The Illinois State Board of Education (ISBE) issues endorsements in various subject areas. To view the full list and requirements, visit the ISBE website.

Qualifying for an endorsement at the middle school level requires 18 semester hours (27 quarter hours) in a teachable subject area and complete SCG 439. Some areas (like math) have specifically required courses. Courses must have a grade of C or better to qualify for endorsements and must be earned credit listed on a college transcript.

Consult with your advisor regarding endorsements. DePaul will only recommend individuals for endorsements in the following middle school areas: Arabic, art, biological science, Chinese, French, general science, German, Italian, Japanese, language arts, math, physical science, social science, and Spanish.

Endorsement requirements for the primary level are identical to the middle school requirements except that they do not require SCG 439. There are a limited number of areas available at the primary level.

Qualifying for most endorsements at the high school level requires 24 semester hours (48 quarter hours) in a teachable subject area* and passing the relevant content area test. DePaul will only recommend individuals for endorsements in the following high school areas: art, Arabic, Chinese, English, French, German, Italian, Japanese, math, Russian, science**, social science**, and Spanish.

* Exceptions to the basic requirements for high school level endorsements include the subject areas of foreign language, science, and social science. For foreign language, 32 semester hours (48 quarter hours) OR the content area test in the language is required.

** For science and social science, 32 semester hours (48 quarter hours) in the broad area of either science or social science, and 12 semester hours in the specific endorsement designation area, plus the content area test are required. To qualify for additional science and social science designations, individuals applying after February 1, 2012 need both the content test and 12 semester hours in the additional designation area.

Student Teaching Requirements

Student Teaching is the culminating clinical experience in the student’s program. All students in teacher preparation programs must meet the following requirements before applying for student teaching:

Academic Requirements:

- Completion of all Pre-Education, Advanced Standing, Content Area, and Graduate level Content Area courses
- Overall cumulative G.P.A. of 3.00 or better
- Cumulative GPA of 2.75 or better in all education courses
- Meet all other program requirements (e.g., residency requirements)
- Meet designated program standards
- Pass the required Illinois certification content area test

Clinical Requirements:

- Completion of all required field experiences
- Three satisfactory evaluations in field experiences
- Three satisfactory faculty recommendations
- Attendance at mandatory meeting for student teaching
- Application for student teaching, resume, transcripts, and writing sample (check deadlines)
- Review and approval by Student Teaching Committee of the College of Education

Student Teaching Timeline and Deadlines:
- Attend a Mandatory Meeting approximately 1 year prior to expected quarter of student teaching.
- Submit application for student teaching after attending Mandatory Meeting, approximately 1 year prior to student teaching.
- Academic requirements are due one quarter before expected quarter of student teaching.
- Clinical requirements are completed as course requirements. Field experience hours are entered by the student as coursework is completed.

Online Faculty Evaluations are entered by the instructor of relevant courses. All data must be entered in the Field Experience Documentation System (FEDS) due one month prior to student teaching.

Individual child care agencies and public and private school districts may have additional requirements (application, training, background check, etc.).

**Degree Conferral and Graduation**

The awarding of a degree is not automatic. You must submit an application to be considered for the degree. DePaul awards and posts degrees at the end of each regular academic term (autumn, winter, spring, summer I and summer II).

It is your responsibility to initiate the degree conferral application process by submitting an online application. Submitting an application means you intend to finish your degree requirements by the end of the term for which you have applied.

Graduate students must be approved for student teaching and complete student teaching, seminar, and induction courses to be cleared for the degree. Student must submit graduation application for the quarter you are completing the final course (student teaching is considered a course).

After you submit the application, you cannot register for any term after the one selected in the application.

Application deadlines are as follows:

- Fall Quarter - October 1st
- Winter Quarter - January 15th
- Spring Quarter - February 1st
- Summer I Quarter - June 1st
- Summer II Quarter - July 15th

To apply for degree conferral, log on to Campus Connection. Select FOR STUDENTS, then GRADUATION, then APPLY FOR DEGREE CONFERRAL. On screen instructions will take you through the application process.

Provided that all requirements and financial obligations are met, degrees are posted 30 days after the official end of the term. Official dates are listed on the Academic Calendar.

DePaul holds one commencement ceremony each year in June. If you intend to participate, you must first apply for degree conferral for the current academic year and then submit a cap and gown order. Honors are not announced at the ceremony for undergraduates completing their final courses in spring quarter because a final GPA is not available at the time of the ceremony.

Additional information about degree conferral and graduation can be found on the College of Education website.

**Certification**

Requirements for certification include completion of the full certification program and all certification tests (including OPI for world language majors). A bachelor's degree is required; a master's degree is not.

Individuals must submit an application directly to the Illinois State Board of Education after completion of requirements and after DePaul has submitted notification to ISBE. Application requirements include application form, application fee, official transcripts, and registration fee.

All individuals must meet ISBE requirements in place at the time of application for the certificate. Requirements are subject to change per the discretion of ISBE.

Individuals seeking additional endorsements after applying for the certificate must contact ISBE directly for an evaluation request.
Degree Requirements

Content Area Courses

All students need to have sufficient knowledge of the subject they will be teaching. Illinois State Board of Education requires a minimum of 48 quarter hours (32 semester hours) in the content area subject. Students should meet with their designated Content Area advisor at the beginning of their program for an official written content evaluation and provide a copy to your academic advisor. Requirements can be satisfied by undergraduate coursework or courses taken elsewhere. Content courses must be completed before student teaching.

Requirements for Secondary Education Biology include:

Note: Effective for all individuals applying for certification beginning February 1, 2012, all coursework in the content area must earn a grade of C or better.

- General Biology I
- General Biology II
- General Biology III
- Ecology
- Cell Biology
- Physiology
- Genetics
- Biology Elective
- Biology Elective
- Biology Elective (with lab)
- Biology Elective (with lab)
- College Algebra or Calculus I
- Trigonometry or Calculus II
- General Chemistry I
- General Chemistry II
- General Chemistry III
- General Physics I
- General Physics II

Course Requirements

Pre-Education Introductory Courses: 16 quarter hours required

- EDU 25 BASIC TECHNOLOGY LITERACY (non-credit, non-tuition, PA grade required)
- T&L 424 INTRODUCTION TO SECONDARY EDUCATION
- T&L 425 CURRICULUM AND INSTRUCTION IN SECONDARY EDUCATION
- SCG 406 HUMAN DEVELOPMENT AND LEARNING: SECONDARY
- One course from the following list:
  - SCG 408 EDUCATION AND SOCIETY
  - SCG 409 SOCIOLOGY OF EDUCATION
  - SCG 411 PHILOSOPHY OF EDUCATION

Advanced Standing Courses: 16 quarter hours required

- SCG 410 INTRODUCTION TO RESEARCH: PURPOSES, ISSUES, AND METHODOLOGIES
- LSI 446 PSYCHOLOGY AND EDUCATION OF THE EXCEPTIONAL CHILD
- T&L 525 READING, WRITING, AND COMMUNICATING ACROSS THE CURRICULUM
- T&L 439 METHODS OF SECONDARY SCIENCE EDUCATION **

**Note: Students matriculating in 2012-2013 and currently enrolled students who have not taken T&L 439 are advised to substitute TCH 474 for this course.

Graduate Level Content Area Courses: 12 quarter hours required

Three courses in Biology at the graduate level are required. Courses must be taken before student teaching if pursuing degree (not required for individuals pursuing certification only). Courses must be approved by your
Content Area Advisor prior to registration and requires graduate level registration.

- BIO 300 or 400 level biology course 1
- BIO 300 or 400 level biology course 2
- BIO 300 or 400 level biology course 3

**Student Teaching: 8 quarter hours required**

Registration in student teaching requires completion of all requirements and procedures listed in the college core section. EDU 95 indicates to the Illinois State Board of Education that all field experience hours are complete.

- T&L 590 SECONDARY STUDENT TEACHING (6 hours, grade of B- or better required)
- T&L 591 SECONDARY STUDENT TEACHING SEMINAR (2 hours)
- EDU 95 CLINICAL EXPERIENCE WITH CHILDREN AND YOUTH (non-credit, non-tuition, PA grade required)

**Induction Course: 4 quarter hours required**

The induction year course is designed to assist students to negotiate the first year of teaching and aid in professional development. The induction course is a requirement for the degree, not a requirement for certification. This course must be taken at DePaul.

- T&L 611 INDUCTION INTO THE TEACHING PROFESSION: SECONDARY (required) **

**Note: Beginning Fall 2012, students may take T&L 611 before or after student teaching. Students matriculating Fall 2012 and currently enrolled students are advised to substitute TCH 484 for T&L 611.

**Recommended/Optional Course**

SCG 439 is required for middle school endorsements but is not required for the degree. If taking SCG 439 for certification/endorsement purposes, a grade of C or better is required.

- SCG 439 PHILOSOPHY AND PSYCHOLOGY OF YOUTH AND MIDDLE LEVEL EDUCATION

**Certification Tests**

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate. Secondary Education Biology majors must complete the following tests:

- Test of Academic Proficiency (TAP) (test #400) - assesses knowledge of reading comprehension, language arts, writing, and math. Test is required to qualify for Advanced Standing.
- Science: Biology Content Area Test (test #105) – assesses knowledge of both biological science and physical science. Test is required before Student Teaching (deadlines apply).
- Assessment of Professional Teaching (APT) (test #103, grade 6-12) – assesses knowledge of teaching planning, delivery, assessment, professionalism, and technology. Test is required to be certified, recommended that it be taken before Student Teaching.

**Field Experiences**

Each student seeking certification from the College of Education/Professional Education Unit must complete supervised field experiences in appropriate settings in conjunction with education courses. The field experiences must include a variety of grade levels, multicultural experiences, and a minimum of 15 hours in special education settings. All field experiences must be completed prior to final approval for student teaching. Field experience hours should be entered by the student into the FEDS system when completing courses with field experience requirements. For details on requirements, expectations, documentation, & courses in your program that require hours, visit the College of Education website.
Teaching and Learning: Secondary Education - Chemistry (MA)

The Department of Teacher Education prepares Urban Professional Multicultural Educators through an integrated program of courses and field experiences. Programs offered are designed for the preparation of future educators. The programs of study center around our commitment to excellence in teaching in today's diverse society through the investigation of significant educational issues, inquiry into student learning and effective teaching practices, and the use of technology in teaching and learning. We engage teacher candidates in critical reflection upon their practice throughout the program. We foster engagement in schools through our Partnership Schools and other school and agency affiliations. Upon completion of the program, teacher candidates measure themselves against the values of our guiding conceptual framework through the completion of professional portfolios. Values that are part of this framework include: commitment to social justice, critical pedagogy, and positive educational transformation within the context of a Vincentian personalism that honors the dignity of each person.

Students entering the program must be able and willing to devote themselves to a program requiring a minimum of 100-110 hours of daytime field experiences in schools. These school-based clinical hours are completed in conjunction with methodology courses that require students to spend daytime hours in schools. In addition, the student must spend a minimum of 10 weeks in full-time student teaching.

The program includes five distinctive features:

1. Becoming a teacher is viewed as a developmental process continuing at least through the first year of teaching
2. Multiculturalism is infused throughout the curriculum
3. Field experiences are an integral part of the curriculum
4. Students are exposed to a variety of educational theories
5. The program includes a research component as a basis for further professional development.

Students lacking undergraduate requirements in the content area they will be teaching will have to complete those requirements prior to student teaching. Both a content area advisor and an academic advisor will guide candidates in planning their coursework.

The program in secondary education prepares students to teach children in a variety of urban and suburban educational settings, including public and private middle and high schools. Students follow a general pattern of study for middle school and high school levels. In all cases, appropriate field experience plays an integral role. The program combines theoretical principles of education and field work with the student's choice of major. Graduates earn the Master of Arts or Master of Education degree and are qualified for secondary school certification. Yet, not all graduates follow a career in teaching. A number of DePaul graduates in secondary education work in diverse settings such as museums, corporations, media, and the arts.

Certification

Type 09 Secondary Education Science-Chemistry (grades 9-12 or grades 6-12) Illinois State Board of Education (ISBE) approved program

Admission Information

Students are conditionally admitted to the College of Education as a pre-education student. There are additional requirements to reach Advanced Standing in your program in the College of Education.

Admission Requirements for Pre-Education Status

- A completed College of Education graduate application
- A bachelor's degree conferred by an accredited, recognized institution
- A previous grade point average of 2.75 or above on a 4.0 scale
- Two letters of recommendation from professors or supervisors
- One official transcript from each college or university attended
College Requirements

Dispositions

The academic programs within the College of Education have set forth these dispositions as educational and professional expectations for all students. Students should be aware that failing to abide by DePaul University or College of Education policies including, under certain circumstances, these dispositions, could result in adverse consequences for the student, including removal from his or her program, the College of Education, or the University.

- Reflects on progress and identifies strengths and weaknesses, including evaluating strategies for success, finding alternatives for inappropriate strategies, and modifying future practices
- Is receptive to faculty feedback and acts meaningfully and professionally upon suggestions
- Values critical thinking, including engaging theoretical and philosophical frameworks and shows evidence of critical thinking through discussion and writing (e.g., journals, response to prompts)
- Understands the importance of and is committed to communicating clearly orally and in writing both in traditional and in new and emerging digital formats
- Values and is committed to continually developing strong content area knowledge and/or knowledge of the professional field, including pedagogical content knowledge
- Takes initiative, uses imagination and creativity, and seeks out information using a variety of human and material resources and technology to inform his or her teaching
- Is aware of the role of classroom environment and uses management procedures that reflect respect and care for learners and concern for their emotional and physical well being
- Takes the time and effort needed to understand how students learn, including discovering their interests and experiences and determining how to shape teaching acts (using technology as appropriate) that engage learners meaningfully and actively
- Values and is committed to using assessment to evaluate and ensure the continuous intellectual, social, emotional, and physical development of the learner
- Respects and considers cultural contexts in order to determine how to be responsive to learners and to proactively promote all students' learning
- Values and is responsive to diverse learners' academic, emotional, and social needs through teaching acts (including careful instructional planning, implementation, and differentiation) and through everyday interactions with students
- Is committed to collaboration with colleagues, families, and communities in order to promote all students' learning and development
- Recognizes and fulfills professional responsibilities and habits of conduct (e.g., dress, language, preparedness, attendance, punctuality, etc.)
- Demonstrates collegiality, honesty, good judgment, courtesy, respect, and diplomacy
- Balances self-confidence and assertiveness with respect for others' perspectives
- Respects the requirements, expectations, and procedures of both the College of Education and of our field partners and appreciates the issues of trust, fairness, and professionalism involved

Advanced Standing

Students are conditionally admitted to the College of Education. There are additional requirements to reach Advanced Standing in your program in the College of Education. Requirements must be met to progress in the major and take courses in the Advanced Standing category.

Advanced Standing requirements are:

- Maintain a DePaul Graduate 3.00 GPA
- Pass the Illinois Certification Basic Skills Test or Test of Academic Proficiency (TAP)
- Pass the COE basic computer competency assessment (EDU 25 registration required)
- Pass the minimum of 8 credit hours
Submit a petition for advanced standing form

Students should attempt to complete the Advanced Standing requirements soon after beginning the program. There is no time limit to meet these criteria; however, students will only be able to take pre-education courses until requirements have been met. Students can also take liberal studies or content area courses before or after meeting Advanced Standing requirements.

Certification Tests

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate.

Field Experiences

Each student seeking certification from the College of Education / Professional Education Unit must complete supervised field experiences in appropriate settings in conjunction with education courses. The field experiences must include a variety of grade levels, multicultural experiences, and a minimum of 15 hours in special education settings. All field experiences must be completed prior to final approval for student teaching. Field experience hours should be entered by the student into the FEDS system when completing courses with field experience requirements.

Endorsements

An endorsement is a subject area that you can qualify for to teach full time, in addition to your main certification area. Endorsements are issued at three levels: primary, middle school, and high school.

The Illinois State Board of Education (ISBE) issues endorsements in various subject areas. To view the full list and requirements, visit the ISBE website.

Qualifying for an endorsement at the middle school level requires 18 semester hours (27 quarter hours) in a teachable subject area and complete SCG 439. Some areas (like math) have specifically required courses. Courses must have a grade of C or better to qualify for endorsements and must be earned credit listed on a college transcript.

Consult with your advisor regarding endorsements. DePaul will only recommend individuals for endorsements in the following middle school areas: Arabic, art, biological science, Chinese, French, general science, German, Italian, Japanese, language arts, math, physical science, social science, and Spanish.

Endorsement requirements for the primary level are identical to the middle school requirements except that they do not require SCG 439. There are a limited number of areas available at the primary level.

Qualifying for most endorsements at the high school level requires 24 semester hours (48 quarter hours) in a teachable subject area* and passing the relevant content area test. DePaul will only recommend individuals for endorsements in the following high school areas: art, Arabic, Chinese, English, French, German, Italian, Japanese, math, Russian, science**, social science**, and Spanish.

* Exceptions to the basic requirements for high school level endorsements include the subject areas of foreign language, science, and social science. For foreign language, 32 semester hours (48 quarter hours) OR the content area test in the language is required.

** For science and social science, 32 semester hours (48 quarter hours) in the broad area of either science or social science, and 12 semester hours in the specific endorsement designation area, plus the content area test are required. To qualify for additional science and social science designations, individuals applying after February 1, 2012 need both the content test and 12 semester hours in the additional designation area.

Student Teaching Requirements

Student Teaching is the culminating clinical experience in the student’s program. All students in teacher preparation programs must meet the following requirements before applying for student teaching:

Academic Requirements:

- Completion of all Pre-Education, Advanced Standing, Content Area, and Graduate level Content Area courses
- Overall cumulative G.P.A. of 3.00 or better
- Cumulative GPA. of 2.75 or better in all education courses
- Meet all other program requirements (e.g., residency requirements)
- Meet designated program standards
- Pass the required Illinois certification content area test
Clinical Requirements:

- Completion of all required field experiences
- Three satisfactory evaluations in field experiences
- Three satisfactory faculty recommendations
- Attendance at mandatory meeting for student teaching
- Application for student teaching, resume, transcripts, and writing sample (check deadlines)
- Review and approval by Student Teaching Committee of the College of Education

Student Teaching Timeline and Deadlines:

- Attend a Mandatory Meeting approximately 1 year prior to expected quarter of student teaching.
- Submit application for student teaching after attending Mandatory Meeting, approximately 1 year prior to student teaching.
- Academic requirements are due one quarter before expected quarter of student teaching.
- Clinical requirements are completed as course requirements. Field experience hours are entered by the student as coursework is completed.

Online Faculty Evaluations are entered by the instructor of relevant courses. All data must be entered in the Field Experience Documentation System (FEDS) due one month prior to student teaching.

Individual child care agencies and public and private school districts may have additional requirements (application, training, background check, etc.).

Degree Conferral and Graduation

The awarding of a degree is not automatic. You must submit an application to be considered for the degree. DePaul awards and posts degrees at the end of each regular academic term (autumn, winter, spring, summer I and summer II).

It is your responsibility to initiate the degree conferral application process by submitting an online application. Submitting an application means you intend to finish your degree requirements by the end of the term for which you have applied.

Graduate students must be approved for student teaching and complete student teaching, seminar, and induction courses to be cleared for the degree. Student must submit graduation application for the quarter you are completing the final course (student teaching is considered a course).

After you submit the application, you cannot register for any term after the one selected in the application.

Application deadlines are as follows:

- Fall Quarter - October 1st
- Winter Quarter - January 15th
- Spring Quarter - February 1st
- Summer I Quarter - June 1st
- Summer II Quarter - July 15th

To apply for degree conferral, log on to Campus Connection. Select FOR STUDENTS, then GRADUATION, then APPLY FOR DEGREE CONFERRAL. On screen instructions will take you through the application process.

Provided that all requirements and financial obligations are met, degrees are posted 30 days after the official end of the term. Official dates are listed on the Academic Calendar.

DePaul holds one commencement ceremony each year in June. If you intend to participate, you must first apply for degree conferral for the current academic year and then submit a cap and gown order. Honors are not announced at the ceremony for undergraduates completing their final courses in spring quarter because a final GPA is not available at the time of the ceremony.

Additional information about degree conferral and graduation can be found on the College of Education website.

Certification

Requirements for certification include completion of the full certification program and all certification tests (including OPI for world language majors). A bachelor's degree is required; a master's degree is not.

Individuals must submit an application directly to the Illinois State Board of Education after completion of requirements and after DePaul has submitted notification to ISBE. Application requirements include application form, application fee, official transcripts, and registration fee.
All individuals must meet ISBE requirements in place at the time of application for the certificate. Requirements are subject to change per the discretion of ISBE.

Individuals seeking additional endorsements after applying for the certificate must contact ISBE directly for an evaluation request.

Degree Requirements

Content Area Courses

All students need to have sufficient knowledge of the subject they will be teaching. Illinois State Board of Education requires a minimum of 48 quarter hours (32 semester hours) in the content area subject. Students should meet with their designated Content Area advisor at the beginning of their program for an official written content evaluation and provide a copy to your academic advisor. Requirements can be satisfied by undergraduate coursework or courses taken elsewhere. Content courses must be completed before student teaching.

Note: Effective for all individuals applying for certification beginning February 1, 2012, all coursework in the content area must earn a grade of C or better.

Chemistry Core: 36 quarter hours required, grade of C or better required

- General Chemistry I
- General Chemistry II
- General Chemistry III
- Organic Chemistry I
- Organic Chemistry II
- Analytical Chemistry
- Physical Chemistry I
- Physical Chemistry II
- Applied Probability and Statistics (2 qh)
- Chemistry Seminar (2qh)
- Calculus I
- Calculus II
- Calculus III
- General Physics I
- General Physics II
- General Physics III

Choose three of the following Chemistry courses: 12 quarter hours

- Organic Chemistry III
- Air Chemistry
- Solid Waste Chemistry
- Physical Chemistry III
- Intermediate Inorganic Chemistry
- Intermediate Organic Chemistry
- Biochemistry I
- Biochemistry II
- Biochemistry III
- Nuclear Chemistry
- Biophysical Chemistry
- Medicinal Chemistry
- Drugs and Toxicology
- Nutrition
- Applied Spectroscopy
Course Requirements

Pre-Education Introductory Courses: 16 quarter hours required

- EDU 25 BASIC TECHNOLOGY LITERACY (non-credit, non-tuition, PA grade required)
- T&L 424 INTRODUCTION TO SECONDARY EDUCATION
- T&L 425 CURRICULUM AND INSTRUCTION IN SECONDARY EDUCATION
- SCG 406 HUMAN DEVELOPMENT AND LEARNING: SECONDARY
- One course from the following list:
  - SCG 408 EDUCATION AND SOCIETY
  - SCG 409 SOCIOLOGY OF EDUCATION
  - SCG 411 PHILOSOPHY OF EDUCATION

Advanced Standing Courses: 16 quarter hours required

- SCG 410 INTRODUCTION TO RESEARCH: PURPOSES, ISSUES, AND METHODOLOGIES
- LSI 446 PSYCHOLOGY AND EDUCATION OF THE EXCEPTIONAL CHILD
- T&L 525 READING, WRITING, AND COMMUNICATING ACROSS THE CURRICULUM
- T&L 439 METHODS OF SECONDARY SCIENCE EDUCATION

**Note: Students matriculating in 2012-2013 and currently enrolled students who have not taken T&L 439 are advised to substitute TCH 474 for this course.

Graduate Level Content Area Courses: 12 quarter hours required

Three courses in Chemistry at the graduate level are required. Courses must be taken before student teaching if pursuing degree (not required for individuals pursuing certification only). Courses must be approved by your Content Area Advisor prior to registration and requires graduate level registration.

- CHE 300 or 400 level chemistry course 1
- CHE 300 or 400 level chemistry course 2
- CHE 300 or 400 level chemistry course 3

Student Teaching: 8 quarter hours required

Registration in student teaching requires completion of all requirements and procedures listed in the college core section. EDU 95 indicates to the Illinois State Board of Education that all field experience hours are complete.

- T&L 590 SECONDARY student teaching (6 hours, grade of B- or better required)
- T&L 591 SECONDARY student teaching seminar (2 hours)
- EDU 95 CLINICAL EXPERIENCE WITH CHILDREN AND YOUTH (non-credit, non-tuition, PA grade required)

Induction Course: 4 quarter hours required

The induction year course is designed to assist students to negotiate the first year of teaching and aid in professional development. The induction course is a requirement for the degree, not a requirement for certification. This course must be taken at DePaul.

- T&L 611 INDUCTION INTO THE TEACHING PROFESSION: SECONDARY (required) **

**Note: Beginning Fall 2012, students may take T&L 611 before or after student teaching. Students matriculating Fall 2012 and currently enrolled students are advised to substitute TCH 484 for T&L 611.

Recommended/Optional Course

SCG 439 is required for middle school endorsements but is not required for the degree. If taking SCG 439 for certification/endorsement purposes, a grade of C or better is required.

- SCG 439 PHILOSOPHY AND PSYCHOLOGY OF YOUTH AND MIDDLE LEVEL EDUCATION

Master of Arts (M.A.) Degree Requirements: 4 quarter hours required

This is a Master of Arts degree requirement only. A master’s thesis is written to fulfill the requirements of this course. An oral examination on the thesis is required.
Certification Tests

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate. Secondary Education Chemistry majors must complete the following tests:

- Test of Academic Proficiency (TAP) (test #400) - assesses knowledge of reading comprehension, language arts, writing, and math. Test is required to qualify for Advanced Standing.
- Science: Chemistry Content Area Test (test #106) – assesses knowledge of both geological and chemical science. Test is required before Student Teaching (deadlines apply)
- Assessment of Professional Teaching (APT) (test #103, grade 6-12) – assesses knowledge of teaching planning, delivery, assessment, professionalism, and technology. Test is required to be certified, recommended to take before Student Teaching.

Field Experiences

Each student seeking certification from the College of Education/Professional Education Unit must complete supervised field experiences in appropriate settings in conjunction with education courses. The field experiences must include a variety of grade levels, multicultural experiences, and a minimum of 15 hours in special education settings. All field experiences must be completed prior to final approval for student teaching. Field experience hours should be entered by the student into the FEDS system when completing courses with field experience requirements. For details on requirements, expectations, documentation, & courses in your program that require hours, visit the College of Education website.

Teaching and Learning: Secondary Education - Chemistry (MED)

The Department of Teacher Education prepares Urban Professional Multicultural Educators through an integrated program of courses and field experiences. Programs offered are designed for the preparation of future educators. The programs of study center around our commitment to excellence in teaching in today's diverse society through the investigation of significant educational issues, inquiry into student learning and effective teaching practices, and the use of technology in teaching and learning. We engage teacher candidates in critical reflection upon their practice throughout the program. We foster engagement in schools through our Partnership Schools and other school and agency affiliations. Upon completion of the program, teacher candidates measure themselves against the values of our guiding conceptual framework through the completion of professional portfolios. Values that are part of this framework include: commitment to social justice, critical pedagogy, and positive educational transformation within the context of a Vincentian personalism that honors the dignity of each person.

Students entering the program must be able and willing to devote themselves to a program requiring a minimum of 100-110 hours of daytime field experiences in schools. These school-based clinical hours are completed in conjunction with methodology courses that require students to spend daytime hours in schools. In addition, the student must spend a minimum of 10 weeks in full-time student teaching.

The program includes five distinctive features:

1. Becoming a teacher is viewed as a developmental process continuing at least through the first year of teaching
2. Multiculturalism is infused throughout the curriculum
3. Field experiences are an integral part of the curriculum
4. Students are exposed to a variety of educational theories
5. The program includes a research component as a basis for further professional development.

Students lacking undergraduate requirements in the content area they will be teaching will have to complete those requirements prior to student teaching. Both a content area advisor and an academic advisor will guide candidates in planning their coursework.

- A previous grade point average of 2.75 or above on a 4.0 scale
- Two letters of recommendation from professors or supervisors
- One official transcript from each college or university attended
- Statement of purpose (see application for details)
- Interview with faculty program advisor, upon request
- Evidence of adequate background for the program
- Resume

---

**College Requirements**

**Dispositions**

The academic programs within the College of Education have set forth these dispositions as educational and professional expectations for all students. Students should be aware that failing to abide by DePaul University or College of Education policies including, under certain circumstances, these dispositions, could result in adverse consequences for the student, including removal from his or her program, the College of Education, or the University.

- Reflects on progress and identifies strengths and weaknesses, including evaluating strategies for success, finding alternatives for inappropriate strategies, and modifying future practices
- Is receptive to faculty feedback and acts meaningfully and professionally upon suggestions
- Values critical thinking, including engaging theoretical and philosophical frameworks and shows evidence of critical thinking through discussion and writing (e.g., journals, response to prompts)
- Understands the importance of and is committed to communicating clearly orally and in writing both in traditional and in new and emerging digital formats
- Values and is committed to continually developing strong content area knowledge and/or knowledge of the professional field, including pedagogical content knowledge
- Takes initiative, uses imagination and creativity, and seeks out information using a variety of human and material resources and technology to inform his or her teaching
• Is aware of the role of classroom environment and uses management procedures that reflect respect and care for learners and concern for their emotional and physical well-being
• Takes the time and effort needed to understand how students learn, including discovering their interests and experiences and determining how to shape teaching acts (using technology as appropriate) that engage learners meaningfully and actively
• Values and is committed to using assessment to evaluate and ensure the continuous intellectual, social, emotional, and physical development of the learner
• Respects and considers cultural contexts in order to determine how to be responsive to learners and to proactively promote all students' learning
• Values and is responsive to diverse learners' academic, emotional, and social needs through teaching acts (including careful instructional planning, implementation, and differentiation) and through everyday interactions with students
• Is committed to collaboration with colleagues, families, and communities in order to promote all students' learning and development
• Recognizes and fulfills professional responsibilities and habits of conduct (e.g., dress, language, preparedness, attendance, punctuality, etc.)
• Demonstrates collegiality, honesty, good judgment, courtesy, respect, and diplomacy
• Balances self-confidence and assertiveness with respect for others' perspectives
• Respects the requirements, expectations, and procedures of both the College of Education and of our field partners and appreciates the issues of trust, fairness, and professionalism involved

Advanced Standing

Students are conditionally admitted to the College of Education. There are additional requirements to reach Advanced Standing in your program in the College of Education. Requirements must be met to progress in the major and take courses in the Advanced Standing category.

Advanced Standing requirements are:

• Maintain a DePaul Graduate 3.00 GPA
• Pass the Illinois Certification Basic Skills Test or Test of Academic Proficiency (TAP)
• Pass the COE basic computer competency assessment (EDU 25 registration required)
• Pass the minimum of 8 credit hours
• Submit a petition for advanced standing form

Students should attempt to complete the Advanced Standing requirements soon after beginning the program. There is no time limit to meet these criteria; however, students will only be able to take pre-education courses until requirements have been met. Students can also take liberal studies or content area courses before or after meeting Advanced Standing requirements.

Certification Tests

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate.

Field Experiences

Each student seeking certification from the College of Education / Professional Education Unit must complete supervised field experiences in appropriate settings in conjunction with education courses. The field experiences must include a variety of grade levels, multicultural experiences, and a minimum of 15 hours in special education settings. All field experiences must be completed prior to final approval for student teaching. Field experience hours should be entered by the student into the FEDS system when completing courses with field experience requirements.

Endorsements

An endorsement is a subject area that you can qualify for to teach full time, in addition to your main certification area. Endorsements are issued at three levels: primary, middle school, and high school.

The Illinois State Board of Education (ISBE) issues endorsements in various subject areas. To view the full list and requirements, visit the ISBE website.

Qualifying for an endorsement at the middle school level requires 18 semester hours (27 quarter hours) in a teachable subject area and complete SCG 439. Some areas (like math) have specifically required courses. Courses must have a grade of C or better to qualify for endorsements and must be earned credit listed on a college transcript.

Consult with your advisor regarding endorsements. DePaul will only recommend individuals for endorsements in the following middle school areas: Arabic, art, biological science, Chinese, French, general science, German,
Italian, Japanese, language arts, math, physical science, social science, and Spanish.

Endorsement requirements for the primary level are identical to the middle school requirements except that they do not require SCG 439. There are a limited number of areas available at the primary level.

Qualifying for most endorsements at the high school level requires 24 semester hours (48 quarter hours) in a teachable subject area* and passing the relevant content area test. DePaul will only recommend individuals for endorsements in the following high school areas: art, Arabic, Chinese, English, French, German, Italian, Japanese, math, Russian, science**, social science**, and Spanish.

* Exceptions to the basic requirements for high school level endorsements include the subject areas of foreign language, science, and social science. For foreign language, 32 semester hours (48 quarter hours) OR the content area test in the language is required.

** For science and social science, 32 semester hours (48 quarter hours) in the broad area of either science or social science, and 12 semester hours in the specific endorsement designation area, plus the content area test are required. To qualify for additional science and social science designations, individuals applying after February 1, 2012 need both the content test and 12 semester hours in the additional designation area.

**Student Teaching Requirements**

Student Teaching is the culminating clinical experience in the student's program. All students in teacher preparation programs must meet the following requirements before applying for student teaching:

**Academic Requirements:**

- Completion of all Pre-Education, Advanced Standing, Content Area, and Graduate level Content Area courses
- Overall cumulative G.P.A. of 3.00 or better
- Cumulative GPA. of 2.75 or better in all education courses
- Meet all other program requirements (e.g., residency requirements)
- Meet designated program standards
- Pass the required Illinois certification content area test

**Clinical Requirements:**

- Completion of all required field experiences
- Three satisfactory evaluations in field experiences
- Three satisfactory faculty recommendations
- Attendance at mandatory meeting for student teaching
- Application for student teaching, resume, transcripts, and writing sample (check deadlines)
- Review and approval by Student Teaching Committee of the College of Education

**Student Teaching Timeline and Deadlines:**

- Attend a Mandatory Meeting approximately 1 year prior to expected quarter of student teaching.
- Submit application for student teaching after attending Mandatory Meeting, approximately 1 year prior to student teaching.
- Academic requirements are due one quarter before expected quarter of student teaching.
- Clinical requirements are completed as course requirements. Field experience hours are entered by the student as coursework is completed.

Online Faculty Evaluations are entered by the instructor of relevant courses. All data must be entered in the Field Experience Documentation System (FEDS) due one month prior to student teaching.

Individual child care agencies and public and private school districts may have additional requirements (application, training, background check, etc.).

**Degree Conferral and Graduation**

The awarding of a degree is not automatic. You must submit an application to be considered for the degree. DePaul awards and posts degrees at the end of each regular academic term (autumn, winter, spring, summer I and summer II).

It is your responsibility to initiate the degree conferral application process by submitting an online application. Submitting an application means you intend to finish your degree requirements by the end of the term for which you have applied.

Graduate students must be approved for student teaching and complete student teaching, seminar, and induction
courses to be cleared for the degree. Student must submit graduation application for the quarter you are completing the final course (student teaching is considered a course).

After you submit the application, you cannot register for any term after the one selected in the application.

Application deadlines are as follows:

- Fall Quarter - October 1st
- Winter Quarter - January 15th
- Spring Quarter - February 1st
- Summer I Quarter - June 1st
- Summer II Quarter - July 15th

To apply for degree conferral, log on to Campus Connection. Select FOR STUDENTS, then GRADUATION, then APPLY FOR DEGREE CONFERRAL. On screen instructions will take you through the application process.

Provided that all requirements and financial obligations are met, degrees are posted 30 days after the official end of the term. Official dates are listed on the Academic Calendar.

DePaul holds one commencement ceremony each year in June. If you intend to participate, you must first apply for degree conferral for the current academic year and then submit a cap and gown order. Honors are not announced at the ceremony for undergraduates completing their final courses in spring quarter because a final GPA is not available at the time of the ceremony.

Additional information about degree conferral and graduation can be found on the College of Education website.

**Certification**

Requirements for certification include completion of the full certification program and all certification tests (including OPI for world language majors). A bachelor's degree is required; a master's degree is not.

Individuals must submit an application directly to the Illinois State Board of Education after completion of requirements and after DePaul has submitted notification to ISBE. Application requirements include application form, application fee, official transcripts, and registration fee.

All individuals must meet ISBE requirements in place at the time of application for the certificate. Requirements are subject to change per the discretion of ISBE.

Individuals seeking additional endorsements after applying for the certificate must contact ISBE directly for an evaluation request.

---

**Degree Requirements**

**Content Area Courses**

All students need to have sufficient knowledge of the subject they will be teaching. Illinois State Board of Education requires a minimum of 48 quarter hours (32 semester hours) in the content area subject. Students should meet with their designated Content Area advisor at the beginning of their program for an official written content evaluation and provide a copy to your academic advisor. Requirements can be satisfied by undergraduate coursework or courses taken elsewhere. Content courses must be completed before student teaching.

**Requirements for Secondary Education Chemistry include:**

Note: Effective for all individuals applying for certification beginning February 1, 2012, all coursework in the content area must earn a grade of C or better.
Chemistry Core: 36 quarter hours required, grade of C or better required

- General Chemistry I
- General Chemistry II
- General Chemistry III
- Organic Chemistry I
- Organic Chemistry II
- Analytical Chemistry
- Physical Chemistry I
- Physical Chemistry II
- Applied Probability and Statistics (2qh)
- Chemistry Seminar (2qh)
- Calculus I
- Calculus II
- Calculus III
- General Physics I
- General Physics II
- General Physics III

Choose three of the following Chemistry courses: 12 quarter hours

- Organic Chemistry III
- Air Chemistry
- Solid Waste Chemistry
- Physical Chemistry III
- Intermediate Inorganic Chemistry
- Intermediate Organic Chemistry
- Biochemistry I
- Biochemistry II
- Biochemistry III
- Nuclear Chemistry
- Biophysical Chemistry
- Medicinal Chemistry
- Drugs and Toxicology
- Nutrition
- Applied Spectroscopy

Course Requirements

Pre-Education Introductory Courses: 16 quarter hours required

- EDU 25 BASIC TECHNOLOGY LITERACY (non-credit, non-tuition, PA grade required)
- T&L 424 INTRODUCTION TO SECONDARY EDUCATION
- T&L 425 CURRICULUM AND INSTRUCTION IN SECONDARY EDUCATION
- SCG 406 HUMAN DEVELOPMENT AND LEARNING: SECONDARY
- One course from the following list:
  - SCG 408 EDUCATION AND SOCIETY
  - SCG 409 SOCIOLOGY OF EDUCATION
  - SCG 411 PHILOSOPHY OF EDUCATION

Advanced Standing Courses: 16 quarter hours required

- SCG 410 INTRODUCTION TO RESEARCH: PURPOSES, ISSUES, AND METHODOLOGIES
- LSI 446 PSYCHOLOGY AND EDUCATION OF THE EXCEPTIONAL CHILD
- T&L 525 READING, WRITING, AND Communicating Across the Curriculum
- T&L 439 METHODS OF SECONDARY SCIENCE EDUCATION **

**Note: Students matriculating in 2012-2013 and currently enrolled students who have not taken T&L 439 are advised to substitute TCH 474 for this course.

Graduate Level Content Area Courses: 12 quarter hours required

Three courses in Chemistry at the graduate level are required. Courses must be taken before student teaching if pursuing degree (not required for individuals pursuing certification only). Courses must be approved by your Content Area Advisor prior to registration and requires graduate level registration.

- CHE 300 or 400 level chemistry course 1
- CHE 300 or 400 level chemistry course 2
Student Teaching: 8 quarter hours required

Registration in student teaching requires completion of all requirements and procedures listed in the college core section. EDU 95 indicates to the Illinois State Board of Education that all field experience hours are complete.

- T&L 590 SECONDARY STUDENT TEACHING (6 hours, grade of B- or better required)
- T&L 591 SECONDARY STUDENT TEACHING SEMINAR (2 hours)
- EDU 95 CLINICAL EXPERIENCE WITH CHILDREN AND YOUTH (non-credit, non-tuition, PA grade required)

Induction Course: 4 quarter hours required

The induction year course is designed to assist students to negotiate the first year of teaching and aid in professional development. The induction course is a requirement for the degree, not a requirement for certification. This course must be taken at DePaul.

- T&L 611 INDUCTION INTO THE TEACHING PROFESSION: SECONDARY (required) **

**Note: Beginning Fall 2012, students may take T&L 611 before or after student teaching. Students matriculating Fall 2012 and currently enrolled students are advised to substitute TCH 484 for T&L 611.

Recommended/Optional Course:

SCG 439 is required for middle school endorsements but is not required for the degree. If taking SCG 439 for certification/endorsement purposes, a grade of C or better is required.

- SCG 439 PHILOSOPHY AND PSYCHOLOGY OF YOUTH AND MIDDLE LEVEL EDUCATION

Certification Tests

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate. Secondary Education Chemistry majors must complete the following tests:

- Test of Academic Proficiency (TAP) (test #400) - assesses knowledge of reading comprehension, language arts, writing, and math. Test is required to qualify for Advanced Standing.
- Science: Chemistry Content Area Test (test #106) – assesses knowledge of both geological and chemical science. Test is required before Student Teaching (deadlines apply)
- Assessment of Professional Teaching (APT) (test #103, grade 6-12) – assesses knowledge of teaching planning, delivery, assessment, professionalism, and technology. Test is required to be certified, recommended to take before Student Teaching.

Field Experiences

Each student seeking certification from the College of Education/Professional Education Unit must complete supervised field experiences in appropriate settings in conjunction with education courses. The field experiences must include a variety of grade levels, multicultural experiences, and a minimum of 15 hours in special education settings. All field experiences must be completed prior to final approval for student teaching. Field experience hours should be entered by the student into the FEDS system when completing courses with field experience requirements. For details on requirements, expectations, documentation, & courses in your program that require hours, visit the College of Education website.
Teaching and Learning: Secondary Education - English (MA)

The Department of Teacher Education prepares Urban Professional Multicultural Educators through an integrated program of courses and field experiences. Programs offered are designed for the preparation of future educators. The programs of study center around our commitment to excellence in teaching in today's diverse society through the investigation of significant educational issues, inquiry into student learning and effective teaching practices, and the use of technology in teaching and learning. We engage teacher candidates in critical reflection upon their practice throughout the program. We foster engagement in schools through our Partnership Schools and other school and agency affiliations. Upon completion of the program, teacher candidates measure themselves against the values of our guiding conceptual framework through the completion of professional portfolios. Values that are part of this framework include: commitment to social justice, critical pedagogy, and positive educational transformation within the context of a Vincentian personalism that honors the dignity of each person.

Students entering the program must be able and willing to devote themselves to a program requiring a minimum of 100-110 hours of daytime field experiences in schools. These school-based clinical hours are completed in conjunction with methodology courses that require students to spend daytime hours in schools. In addition, the student must spend a minimum of 10 weeks in full-time student teaching.

The program includes five distinctive features:

1. Becoming a teacher is viewed as a developmental process continuing at least through the first year of teaching
2. Multiculturalism is infused throughout the curriculum
3. Field experiences are an integral part of the curriculum
4. Students are exposed to a variety of educational theories
5. The program includes a research component as a basis for further professional development.

Students lacking undergraduate requirements in the content area they will be teaching will have to complete those requirements prior to student teaching. Both a content area advisor and an academic advisor will guide candidates in planning their coursework.

The program in secondary education prepares students to teach children in a variety of urban and suburban educational settings, including public and private middle and high schools. Students follow a general pattern of study for middle school and high school levels. In all cases, appropriate field experience plays an integral role. The program combines theoretical principles of education and field work with the student's choice of major. Graduates earn the Master of Arts or Master of Education degree and are qualified for secondary school certification. Yet, not all graduates follow a career in teaching. A number of DePaul graduates in secondary education work in diverse settings such as museums, corporations, media, and the arts.

Certification

Type 09 Secondary Education English Language Arts (grades 9-12 or grades 6-12) Illinois State Board of Education (ISBE) approved program

Admission Information

Students are conditionally admitted to the College of Education as a pre-education student. There are additional requirements to reach Advanced Standing in your program in the College of Education.

Admission Requirements for Pre-Education Status

- A completed College of Education graduate application
- A bachelor's degree conferred by an accredited, recognized institution
- A previous grade point average of 2.75 or above on a 4.0 scale
- Two letters of recommendation from professors or supervisors
- One official transcript from each college or university attended
College Requirements

Dispositions

The academic programs within the College of Education have set forth these dispositions as educational and professional expectations for all students. Students should be aware that failing to abide by DePaul University or College of Education policies including, under certain circumstances, these dispositions, could result in adverse consequences for the student, including removal from his or her program, the College of Education, or the University.

- Reflects on progress and identifies strengths and weaknesses, including evaluating strategies for success, finding alternatives for inappropriate strategies, and modifying future practices
- Is receptive to faculty feedback and acts meaningfully and professionally upon suggestions
- Values critical thinking, including engaging theoretical and philosophical frameworks and shows evidence of critical thinking through discussion and writing (e.g., journals, response to prompts)
- Understands the importance of and is committed to communicating clearly orally and in writing both in traditional and in new and emerging digital formats
- Values and is committed to continually developing strong content area knowledge and/or knowledge of the professional field, including pedagogical content knowledge
- Takes initiative, uses imagination and creativity, and seeks out information using a variety of human and material resources and technology to inform his or her teaching
- Is aware of the role of classroom environment and uses management procedures that reflect respect and care for learners and concern for their emotional and physical well being
- Takes the time and effort needed to understand how students learn, including discovering their interests and experiences and determining how to shape teaching acts (using technology as appropriate) that engage learners meaningfully and actively
- Values and is committed to using assessment to evaluate and ensure the continuous intellectual, social, emotional, and physical development of the learner
- Respects and considers cultural contexts in order to determine how to be responsive to learners and to proactively promote all students' learning
- Values and is responsive to diverse learners' academic, emotional, and social needs through teaching acts (including careful instructional planning, implementation, and differentiation) and through everyday interactions with students
- Is committed to collaboration with colleagues, families, and communities in order to promote all students' learning and development
- Recognizes and fulfills professional responsibilities and habits of conduct (e.g., dress, language, preparedness, attendance, punctuality, etc.)
- Demonstrates collegiality, honesty, good judgment, courtesy, respect, and diplomacy
- Balances self-confidence and assertiveness with respect for others' perspectives
- Respects the requirements, expectations, and procedures of both the College of Education and of our field partners and appreciates the issues of trust, fairness, and professionalism involved

Advanced Standing

Students are conditionally admitted to the College of Education. There are additional requirements to reach Advanced Standing in your program in the College of Education. Requirements must be met to progress in the major and take courses in the Advanced Standing category.

Advanced Standing requirements are:

- Maintain a DePaul Graduate 3.00 GPA
- Pass the Illinois Certification Basic Skills Test or Test of Academic Proficiency (TAP)
- Pass the COE basic computer competency assessment (EDU 25 registration required)
- Pass the minimum of 8 credit hours
- Submit a petition for advanced standing form
Students should attempt to complete the Advanced Standing requirements soon after beginning the program. There is no time limit to meet these criteria; however, students will only be able to take pre-education courses until requirements have been met. Students can also take liberal studies or content area courses before or after meeting Advanced Standing requirements.

Certification Tests

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate.

Field Experiences

Each student seeking certification from the College of Education / Professional Education Unit must complete supervised field experiences in appropriate settings in conjunction with education courses. The field experiences must include a variety of grade levels, multicultural experiences, and a minimum of 15 hours in special education settings. All field experiences must be completed prior to final approval for student teaching. Field experience hours should be entered by the student into the FEDS system when completing courses with field experience requirements.

Endorsements

An endorsement is a subject area that you can qualify for to teach full time, in addition to your main certification area. Endorsements are issued at three levels: primary, middle school, and high school.

The Illinois State Board of Education (ISBE) issues endorsements in various subject areas. To view the full list and requirements, visit the ISBE website.

Qualifying for an endorsement at the middle school level requires 18 semester hours (27 quarter hours) in a teachable subject area and complete SCG 439. Some areas (like math) have specifically required courses. Courses must have a grade of C or better to qualify for endorsements and must be earned credit listed on a college transcript.

Consult with your advisor regarding endorsements. DePaul will only recommend individuals for endorsements in the following middle school areas: Arabic, art, biological science, Chinese, French, general science, German, Italian, Japanese, language arts, math, physical science, social science, and Spanish.

Endorsement requirements for the primary level are identical to the middle school requirements except that they do not require SCG 439. There are a limited number of areas available at the primary level.

Qualifying for most endorsements at the high school level requires 24 semester hours (48 quarter hours) in a teachable subject area* and passing the relevant content area test. DePaul will only recommend individuals for endorsements in the following high school areas: art, Arabic, Chinese, English, French, German, Italian, Japanese, math, Russian, science**, social science**, and Spanish.

* Exceptions to the basic requirements for high school level endorsements include the subject areas of foreign language, science, and social science. For foreign language, 32 semester hours (48 quarter hours) OR the content area test in the language is required.

** For science and social science, 32 semester hours (48 quarter hours) in the broad area of either science or social science, and 12 semester hours in the specific endorsement designation area, plus the content area test are required. To qualify for additional science and social science designations, individuals applying after February 1, 2012 need both the content test and 12 semester hours in the additional designation area.

Student Teaching Requirements

Student Teaching is the culminating clinical experience in the student's program. All students in teacher preparation programs must meet the following requirements before applying for student teaching:

Academic Requirements:

- Completion of all Pre-Education, Advanced Standing, Content Area, and Graduate level Content Area courses
- Overall cumulative G.P.A. of 3.00 or better
- Cumulative GPA of 2.75 or better in all education courses
- Meet all other program requirements (e.g., residency requirements)
- Meet designated program standards
- Pass the required Illinois certification content area test

Clinical Requirements:
• Completion of all required field experiences
• Three satisfactory evaluations in field experiences
• Three satisfactory faculty recommendations
• Attendance at mandatory meeting for student teaching
• Application for student teaching, resume, transcripts, and writing sample (check deadlines)
• Review and approval by Student Teaching Committee of the College of Education

Student Teaching Timeline and Deadlines:

• Attend a Mandatory Meeting approximately 1 year prior to expected quarter of student teaching.
• Submit application for student teaching after attending Mandatory Meeting, approximately 1 year prior to student teaching.
• Academic requirements are due one quarter before expected quarter of student teaching.
• Clinical requirements are completed as course requirements. Field experience hours are entered by the student as coursework is completed.

Online Faculty Evaluations are entered by the instructor of relevant courses. All data must be entered in the Field Experience Documentation System (FEDS) due one month prior to student teaching.

Individual child care agencies and public and private school districts may have additional requirements (application, training, background check, etc.).

Degree Conferral and Graduation

The awarding of a degree is not automatic. You must submit an application to be considered for the degree. DePaul awards and posts degrees at the end of each regular academic term (autumn, winter, spring, summer I and summer II).

It is your responsibility to initiate the degree conferral application process by submitting an online application. Submitting an application means you intend to finish your degree requirements by the end of the term for which you have applied.

Graduate students must be approved for student teaching and complete student teaching, seminar, and induction courses to be cleared for the degree. Student must submit graduation application for the quarter you are completing the final course (student teaching is considered a course).

After you submit the application, you cannot register for any term after the one selected in the application.

Application deadlines are as follows:

Fall Quarter - October 1st
Winter Quarter - January 15th
Spring Quarter - February 1st
Summer I Quarter - June 1st
Summer II Quarter - July 15th

To apply for degree conferral, log on to Campus Connection. Select FOR STUDENTS, then GRADUATION, then APPLY FOR DEGREE CONFERRAL. On screen instructions will take you through the application process.

Provided that all requirements and financial obligations are met, degrees are posted 30 days after the official end of the term. Official dates are listed on the Academic Calendar.

DePaul holds one commencement ceremony each year in June. If you intend to participate, you must first apply for degree conferral for the current academic year and then submit a cap and gown order. Honors are not announced at the ceremony for undergraduates completing their final courses in spring quarter because a final GPA is not available at the time of the ceremony.

Additional information about degree conferral and graduation can be found on the College of Education website.

Certification

Requirements for certification include completion of the full certification program and all certification tests (including OPI for world language majors). A bachelor's degree is required; a master's degree is not.

Individuals must submit an application directly to the Illinois State Board of Education after completion of requirements and after DePaul has submitted notification to ISBE. Application requirements include application form, application fee, official transcripts, and registration fee.

All individuals must meet ISBE requirements in place at the time of application for the certificate. Requirements are subject to change per the discretion of ISBE.
Individuals seeking additional endorsements after applying for the certificate must contact ISBE directly for an evaluation request.

**Degree Requirements**

**Content Area Course**

All students need to have sufficient knowledge of the subject they will be teaching. Illinois State Board of Education requires a minimum of 48 quarter hours (32 semester hours) in the content area subject. Students should meet with their designated Content Area advisor at the beginning of their program for an official written content evaluation and provide a copy to your academic advisor. Requirements can be satisfied by undergraduate coursework or courses taken elsewhere. Content courses must be completed before student teaching.

**Requirements for Secondary Education: English**

All coursework in the content area must earn a grade of C or better and a minimum of 18 quarter hours (12 semester hours) must be coursework at an undergraduate upper level or graduate level.

- Introduction to Literature
- Reading Poetry
- Shakespeare
- Literary Research and Writing/Reading Prose
- Linguistics/Grammar/History of the English Language
- 3 British Literature courses
- Romanticism in American Literature
- 2 American Literature courses
- 300 level Literature elective

**Course Requirements**

**Pre-Education Introductory Courses: 16 quarter hours required**

- EDU 25 BASIC TECHNOLOGY LITERACY (non-credit, non-tuition, PA grade required)
- T&L 424 INTRODUCTION TO SECONDARY EDUCATION
- T&L 425 CURRICULUM AND INSTRUCTION IN SECONDARY EDUCATION
- SCG 406 HUMAN DEVELOPMENT AND LEARNING: SECONDARY
- One course from the following list:
  - SCG 408 EDUCATION AND SOCIETY
  - SCG 409 SOCIOLOGY OF EDUCATION
  - SCG 411 PHILOSOPHY OF EDUCATION

**Advanced Standing Courses: 24 quarter hours required**

- SCG 410 INTRODUCTION TO RESEARCH: PURPOSES, ISSUES, AND METHODOLOGIES
- LSI 446 PSYCHOLOGY AND EDUCATION OF THE EXCEPTIONAL CHILD
- T&L 525 READING, WRITING, AND COMMUNICATING ACROSS THE CURRICULUM
- T&L 426 TEACHING WRITING **
- T&L 428 TEACHING LITERATURE **
- T&L 429 TEACHING YOUNG ADULT LITERATURE

**Note:** Students matriculating in Fall 2012, and currently enrolled students who have not yet taken T&L 426 and T&L 428 are advised to substitute TCH 471 and TCH 481 for T&L 426 and T&L 428.

**Graduate Level Content Area Course: 4 quarter hours required**

One course in English at the graduate level is required. Course must be taken before student teaching if pursuing degree (not required for individuals pursuing certification only). Course must be approved by your Content Area Advisor prior to registration and requires graduate level registration.
• ENG 300 or 400 level English course

**Student Teaching: 8 quarter hours required**

Registration in student teaching requires completion of all requirements and procedures listed in the college core section. EDU 95 indicates to the Illinois State Board of Education that all field experience hours are complete.

• T&L 590 SECONDARY STUDENT TEACHING (6 hours, grade of B- or better required)
• T&L 591 SECONDARY STUDENT TEACHING SEMINAR (2 hours)
• EDU 95 CLINICAL EXPERIENCE WITH CHILDREN AND YOUTH (non-credit, non-tuition, PA grade required)

**Induction Course: 4 quarter hours required**

The induction year course is designed to assist students to negotiate the first year of teaching and aid in professional development. The induction course is a requirement for the degree, not a requirement for certification. This course must be taken at DePaul.

• T&L 611 INDUCTION INTO THE TEACHING PROFESSION: SECONDARY(required) **

**Note: Beginning Fall 2012, students may take T&L 611 the quarter before their student teaching, or take T&L 611 after student teaching. Students who have already student taught will have priority in registering for T&L 611, so that their graduation is not delayed.

Students matriculating Fall 2012 will take TCH 495 in place of T&L 611. TCH 495 is an Advanced Standing course. Beginning in Winter 2013, currently enrolled students with Advanced Standing are advised to substitute TCH 495 for T&L 611, if it fits their schedule to do so. TCH 495 will be offered each year in Winter quarter.

**Recommended/ Optional Course**

SCG 439 is required for middle school endorsements but is not required for the degree. If taking SCG 439 for certification/endorsement purposes, a grade of C or better is required.

• SCG 439 PHILOSOPHY AND PSYCHOLOGY OF YOUTH AND MIDDLE LEVEL EDUCATION

**Master of Arts (M.A.) Degree Requirements: 4 quarter hours required**

This is a Master of Arts degree requirement only. A master’s thesis is written to fulfill the requirements of this course. An oral examination on the thesis is required.

• T&L 589 THESIS RESEARCH IN TEACHING AND LEARNING

**Certification Tests**

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate. Secondary Education English majors must complete the following tests:

• Test of Academic Proficiency (TAP) (test #400) - assesses knowledge of reading comprehension, language arts, writing, and math. Test is required to qualify for Advanced Standing.
• English Language Arts Content Area Test (test #111) assesses reading, writing and research, speaking and listening, and literature. Test is required before Student Teaching (deadlines apply)
• Assessment of Professional Teaching (APT) (test #103, grade 6-12) assesses knowledge of teaching planning, delivery, assessment, professionalism, and technology. Test is required to be certified, recommended to take before Student Teaching.

**Field Experiences**

Each student seeking certification from the College of Education/ Professional Education Unit must complete supervised field experiences in appropriate settings in conjunction with education courses. The field experiences must include a variety of grade levels, multicultural experiences, and a minimum of 15 hours in special education settings. All field experiences must be completed prior to final approval for student teaching. Field experience hours should be entered by the student into the FEDS system when completing courses with field experience requirements. For details on requirements, expectations, documentation, & courses in your program that require hours, visit the College of Education website.
Teaching and Learning: Secondary Education - English (MED)

The Department of Teacher Education prepares Urban Professional Multicultural Educators through an integrated program of courses and field experiences. Programs offered are designed for the preparation of future educators. The programs of study center around our commitment to excellence in teaching in today's diverse society through the investigation of significant educational issues, inquiry into student learning and effective teaching practices, and the use of technology in teaching and learning. We engage teacher candidates in critical reflection upon their practice throughout the program. We foster engagement in schools through our Partnership Schools and other school and agency affiliations. Upon completion of the program, teacher candidates measure themselves against the values of our guiding conceptual framework through the completion of professional portfolios. Values that are part of this framework include: commitment to social justice, critical pedagogy, and positive educational transformation within the context of a Vincentian personalism that honors the dignity of each person.

Students entering the program must be able and willing to devote themselves to a program requiring a minimum of 100-110 hours of daytime field experiences in schools. These school-based clinical hours are completed in conjunction with methodology courses that require students to spend daytime hours in schools. In addition, the student must spend a minimum of 10 weeks in full-time student teaching.

The program includes five distinctive features:

1. Becoming a teacher is viewed as a developmental process continuing at least through the first year of teaching
2. Multiculturalism is infused throughout the curriculum
3. Field experiences are an integral part of the curriculum
4. Students are exposed to a variety of educational theories
5. The program includes a research component as a basis for further professional development.

Students lacking undergraduate requirements in the content area they will be teaching will have to complete those requirements prior to student teaching. Both a content area advisor and an academic advisor will guide candidates in planning their coursework.

The program in secondary education prepares students to teach children in a variety of urban and suburban educational settings, including public and private middle and high schools. Certification

Type 09 Secondary Education English Language Arts (grades 9-12 or grades 6-12) Illinois State Board of Education (ISBE) approved program

Admission Information

Students are conditionally admitted to the College of Education as a pre-education student. There are additional requirements to reach Advanced Standing in your program in the College of Education.

Admission Requirements for Pre-Education Status

- A completed College of Education graduate application
- A bachelor's degree conferred by an accredited, recognized institution
- A previous grade point average of 2.75 or above on a 4.0 scale
College Requirements

Dispositions
The academic programs within the College of Education have set forth these dispositions as educational and professional expectations for all students. Students should be aware that failing to abide by DePaul University or College of Education policies including, under certain circumstances, these dispositions, could result in adverse consequences for the student, including removal from his or her program, the College of Education, or the University.

- Reflects on progress and identifies strengths and weaknesses, including evaluating strategies for success, finding alternatives for inappropriate strategies, and modifying future practices
- Is receptive to faculty feedback and acts meaningfully and professionally upon suggestions
- Values critical thinking, including engaging theoretical and philosophical frameworks and shows evidence of critical thinking through discussion and writing (e.g., journals, response to prompts)
- Understands the importance of and is committed to communicating clearly orally and in writing both in traditional and in new and emerging digital formats
- Values and is committed to continually developing strong content area knowledge and/or knowledge of the professional field, including pedagogical content knowledge
- Takes initiative, uses imagination and creativity, and seeks out information using a variety of human and material resources and technology to inform his or her teaching
- Is aware of the role of classroom environment and uses management procedures that reflect respect and care for learners and concern for their emotional and physical well being
- Takes the time and effort needed to understand how students learn, including discovering their interests and experiences and determining how to shape teaching acts (using technology as appropriate) that engage learners meaningfully and actively
- Values and is committed to using assessment to evaluate and ensure the continuous intellectual, social, emotional, and physical development of the learner
- Respects and considers cultural contexts in order to determine how to be responsive to learners and to proactively promote all students' learning
- Values and is responsive to diverse learners' academic, emotional, and social needs through teaching acts (including careful instructional planning, implementation, and differentiation) and through everyday interactions with students
- Is committed to collaboration with colleagues, families, and communities in order to promote all students' learning and development
- Recognizes and fulfills professional responsibilities and habits of conduct (e.g., dress, language, preparedness, attendance, punctuality, etc.)
- Demonstrates collegiality, honesty, good judgment, courtesy, respect, and diplomacy
- Balances self-confidence and assertiveness with respect for others’ perspectives
- Respects the requirements, expectations, and procedures of both the College of Education and of our field partners and appreciates the issues of trust, fairness, and professionalism involved

Advanced Standing
Students are conditionally admitted to the College of Education. There are additional requirements to reach Advanced Standing in your program in the College of Education. Requirements must be met to progress in the major and take courses in the Advanced Standing category.

Advanced Standing requirements are:

- Maintain a DePaul Graduate 3.00 GPA
- Pass the Illinois Certification Basic Skills Test or Test of Academic Proficiency (TAP)
- Pass the COE basic computer competency assessment (EDU 25 registration required)
- Pass the minimum of 8 credit hours
- Submit a petition for advanced standing form

Students should attempt to complete the Advanced Standing requirements soon after beginning the program. There is no time limit to meet these criteria; however, students will only be able to take pre-education courses until requirements have been met. Students can also take liberal studies or content area courses before or after meeting Advanced Standing requirements.

**Certification Tests**

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate.

**Field Experiences**

Each student seeking certification from the College of Education / Professional Education Unit must complete supervised field experiences in appropriate settings in conjunction with education courses. The field experiences must include a variety of grade levels, multicultural experiences, and a minimum of 15 hours in special education settings. All field experiences must be completed prior to final approval for student teaching. Field experience hours should be entered by the student into the FEDS system when completing courses with field experience requirements.

**Endorsements**

An endorsement is a subject area that you can qualify for to teach full time, in addition to your main certification area. Endorsements are issued at three levels: primary, middle school, and high school.

The Illinois State Board of Education (ISBE) issues endorsements in various subject areas. To view the full list and requirements, visit the ISBE website.

Qualifying for an endorsement at the middle school level requires 18 semester hours (27 quarter hours) in a teachable subject area and complete SCG 439. Some areas (like math) have specifically required courses. Courses must have a grade of C or better to qualify for endorsements and must be earned credit listed on a college transcript.

Consult with your advisor regarding endorsements. DePaul will only recommend individuals for endorsements in the following middle school areas: Arabic, art, biological science, Chinese, French, general science, German, Italian, Japanese, language arts, math, physical science, social science, and Spanish.

Endorsement requirements for the primary level are identical to the middle school requirements except that they do not require SCG 439. There are a limited number of areas available at the primary level.

Qualifying for most endorsements at the high school level requires 24 semester hours (48 quarter hours) in a teachable subject area* and passing the relevant content area test. DePaul will only recommend individuals for endorsements in the following high school areas: art, Arabic, Chinese, English, French, German, Italian, Japanese, math, Russian, science**, social science**, and Spanish.

* Exceptions to the basic requirements for high school level endorsements include the subject areas of foreign language, science, and social science. For foreign language, 32 semester hours (48 quarter hours) OR the content area test in the language is required.

**For science and social science, 32 semester hours (48 quarter hours) in the broad area of either science or social science, and 12 semester hours in the specific endorsement designation area, plus the content area test are required. To qualify for additional science and social science designations, individuals applying after February 1, 2012 need both the content test and 12 semester hours in the additional designation area.

**Student Teaching Requirements**

Student Teaching is the culminating clinical experience in the student's program. All students in teacher preparation programs must meet the following requirements before applying for student teaching:

**Academic Requirements:**

- Completion of all Pre-Education, Advanced Standing, Content Area, and Graduate level Content Area courses
- Overall cumulative G.P.A. of 3.00 or better
- Cumulative GPA of 2.75 or better in all education courses
- Meet all other program requirements (e.g., residency requirements)
- Meet designated program standards
• Pass the required Illinois certification content area test

**Clinical Requirements:**

• Completion of all required field experiences
• Three satisfactory evaluations in field experiences
• Three satisfactory faculty recommendations
• Attendance at mandatory meeting for student teaching
• Application for student teaching, resume, transcripts, and writing sample (check deadlines)
• Review and approval by Student Teaching Committee of the College of Education

**Student Teaching Timeline and Deadlines:**

• Attend a Mandatory Meeting approximately 1 year prior to expected quarter of student teaching.
• Submit application for student teaching after attending Mandatory Meeting, approximately 1 year prior to student teaching.
• Academic requirements are due one quarter before expected quarter of student teaching.
• Clinical requirements are completed as course requirements. Field experience hours are entered by the student as coursework is completed.

Online Faculty Evaluations are entered by the instructor of relevant courses. All data must be entered in the Field Experience Documentation System (FEDS) due one month prior to student teaching.

Individual child care agencies and public and private school districts may have additional requirements (application, training, background check, etc.).

**Degree Conferral and Graduation**

The awarding of a degree is not automatic. You must submit an application to be considered for the degree. DePaul awards and posts degrees at the end of each regular academic term (autumn, winter, spring, summer I and summer II).

It is your responsibility to initiate the degree conferral application process by submitting an online application. Submitting an application means you intend to finish your degree requirements by the end of the term for which you have applied.

Graduate students must be approved for student teaching and complete student teaching, seminar, and induction courses to be cleared for the degree. Student must submit graduation application for the quarter you are completing the final course (student teaching is considered a course).

After you submit the application, you cannot register for any term after the one selected in the application.

Application deadlines are as follows:

- Fall Quarter - October 1st
- Winter Quarter - January 15th
- Spring Quarter - February 1st
- Summer I Quarter - June 1st
- Summer II Quarter - July 15th

To apply for degree conferral, log on to Campus Connection. Select FOR STUDENTS, then GRADUATION, then APPLY FOR DEGREE CONFERRAL. On screen instructions will take you through the application process.

Provided that all requirements and financial obligations are met, degrees are posted 30 days after the official end of the term. Official dates are listed on the Academic Calendar.

DePaul holds one commencement ceremony each year in June. If you intend to participate, you must first apply for degree conferral for the current academic year and then submit a cap and gown order. Honors are not announced at the ceremony for undergraduates completing their final courses in spring quarter because a final GPA is not available at the time of the ceremony.

Additional information about degree conferral and graduation can be found on the College of Education website.

**Certification**

Requirements for certification include completion of the full certification program and all certification tests (including OPI for world language majors). A bachelor's degree is required; a master's degree is not.

Individuals must submit an application directly to the Illinois State Board of Education after completion of requirements and after DePaul has submitted notification to ISBE. Application requirements include application form, application fee, official transcripts, and registration fee.
All individuals must meet ISBE requirements in place at the time of application for the certificate. Requirements are subject to change per the discretion of ISBE.

Individuals seeking additional endorsements after applying for the certificate must contact ISBE directly for an evaluation request.

Degree Requirements

Content Area Courses

All students need to have sufficient knowledge of the subject they will be teaching. Illinois State Board of Education requires a minimum of 48 quarter hours (32 semester hours) in the content area subject. Students should meet with their designated Content Area advisor at the beginning of their program for an official written content evaluation and provide a copy to your academic advisor. Requirements can be satisfied by undergraduate coursework or courses taken elsewhere. Content courses must be completed before student teaching.

Requirements for Secondary Education: English

All coursework in the content area must earn a grade of C or better and a minimum of 18 quarter hours (12 semester hours) must be coursework at an undergraduate upper level or graduate level.

- Introduction to Literature
- Reading Poetry
- Shakespeare
- Literary Research and Writing/Reading Prose
- Linguistics/Grammar/History of the English Language
- 3 British Literature courses
- Romanticism in American Literature
- 2 American Literature courses
- 300 level Literature elective

Course Requirements

Pre-Education Introductory Courses: 16 quarter hours required

- EDU 25 BASIC TECHNOLOGY LITERACY (non-credit, non-tuition, PA grade required)
- T&L 424 INTRODUCTION TO SECONDARY EDUCATION
- T&L 425 CURRICULUM AND INSTRUCTION IN SECONDARY EDUCATION
- SCG 406 HUMAN DEVELOPMENT AND LEARNING:SECONDARY
- One course from the following list:
  - SCG 408 EDUCATION AND SOCIETY
  - SCG 408 EDUCATION AND SOCIETY
  - SCG 411 PHILOSOPHY OF EDUCATION

Advanced Standing Courses: 24 quarter hours required

- SCG 410 INTRODUCTION TO RESEARCH: PURPOSES, ISSUES, AND METHODOLOGIES
- LSI 446 PSYCHOLOGY AND EDUCATION OF THE EXCEPTIONAL CHILD
- T&L 525 READING, WRITING, AND COMMUNICATING ACROSS THE CURRICULUM
- T&L 426 TEACHING WRITING**
- T&L 428 TEACHING LITERATURE**
- T&L 429 TEACHING YOUNG ADULT LITERATURE

**Note: Students matriculating in Fall 2012, and currently enrolled students who have not yet taken T&L 426 and T&L 428 are advised to substitute TCH 471 and TCH 481 for T&L 426 and T&L 428.

Graduate Level Content Area Course: 4 quarter hours required
One course in English at the graduate level is required. Course must be taken before student teaching if pursuing degree (not required for individuals pursuing certification only). Course must be approved by your Content Area Advisor prior to registration and requires graduate level registration.

- ENG 300 or 400 level English course

**Student Teaching: 8 quarter hours required**

Registration in student teaching requires completion of all requirements and procedures listed in the college core section. EDU 95 indicates to the Illinois State Board of Education that all field experience hours are complete.

- T&L 590 SECONDARY STUDENT TEACHING (6 hours, grade of B- or better required)
- T&L 591 SECONDARY STUDENT TEACHING SEMINAR (2 hours)
- EDU 95 CLINICAL EXPERIENCE WITH CHILDREN AND YOUTH (non-credit, non-tuition, PA grade required)

**Induction Course: 4 quarter hours required**

The induction year course is designed to assist students to negotiate the first year of teaching and aid in professional development. The induction course is a requirement for the degree, not a requirement for certification. This course must be taken at DePaul.

- T&L 611 INDUCTION INTO THE TEACHING PROFESSION: SECONDARY (required) **

**Note: Beginning Fall 2012, students may take T&L 611 the quarter before their student teaching, or take T&L 611 after student teaching. Students who have already student taught will have priority in registering for T&L 611, so that their graduation is not delayed.

Students matriculating Fall 2012 will take TCH 495 in place of T&L 611. TCH 495 is an Advanced Standing course. Beginning in Winter 2013, currently enrolled students with Advanced Standing are advised to substitute TCH 495 for T&L 611, if it fits their schedule to do so. TCH 495 will be offered each year in Winter quarter.

**Recommended/Optional Course**

SCG 439 is required for middle school endorsements but is not required for the degree. If taking SCG 439 for certification/endorsement purposes, a grade of C or better is required.

- SCG 439 PHILOSOPHY AND PSYCHOLOGY OF YOUTH AND MIDDLE LEVEL EDUCATION

**Certification Tests**

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate. Secondary Education English majors must complete the following tests:

- Test of Academic Proficiency (TAP) (test #400) - assesses knowledge of reading comprehension, language arts, writing, and math. Test is required to qualify for Advanced Standing.
- English Language Arts Content Area Test (test #111) assesses reading, writing and research, speaking and listening, and literature. Test is required before Student Teaching (deadlines apply)
- Assessment of Professional Teaching (APT) (test #103, grade 6-12) assesses knowledge of teaching planning, delivery, assessment, professionalism, and technology. Test is required to be certified, recommended to take before Student Teaching.

**Field Experiences**

Each student seeking certification from the College of Education/Professional Education Unit must complete supervised field experiences in appropriate settings in conjunction with education courses. The field experiences must include a variety of grade levels, multicultural experiences, and a minimum of 15 hours in special education settings. All field experiences must be completed prior to final approval for student teaching. Field experience hours should be entered by the student into the FEDS system when completing courses with field experience requirements. For details on requirements, expectations, documentation, & courses in your program that require hours, visit the College of Education website.
Teaching and Learning: Secondary Education - Environmental Science (MA)

The Department of Teacher Education prepares Urban Professional Multicultural Educators through an integrated program of courses and field experiences. Programs offered are designed for the preparation of future educators. The programs of study center around our commitment to excellence in teaching in today's diverse society through the investigation of significant educational issues, inquiry into student learning and effective teaching practices, and the use of technology in teaching and learning. We engage teacher candidates in critical reflection upon their practice throughout the program. We foster engagement in schools through our Partnership Schools and other school and agency affiliations. Upon completion of the program, teacher candidates measure themselves against the values of our guiding conceptual framework through the completion of professional portfolios. Values that are part of this framework include: commitment to social justice, critical pedagogy, and positive educational transformation within the context of a Vincentian personalism that honors the dignity of each person.

Students entering the program must be able and willing to devote themselves to a program requiring a minimum of 100-110 hours of daytime field experiences in schools. These school-based clinical hours are completed in conjunction with methodology courses that require students to spend daytime hours in schools. In addition, the student must spend a minimum of 10 weeks in full-time student teaching.

The program includes five distinctive features:

1. Becoming a teacher is viewed as a developmental process continuing at least through the first year of teaching
2. Multiculturalism is infused throughout the curriculum
3. Field experiences are an integral part of the curriculum
4. Students are exposed to a variety of educational theories
5. The program includes a research component as a basis for further professional development.

Students lacking undergraduate requirements in the content area they will be teaching will have to complete those requirements prior to student teaching. Both a content area advisor and an academic advisor will guide candidates in planning their coursework.

The program in secondary education prepares students to teach children in a variety of urban and suburban educational settings, including public and private middle and high schools. Students follow a general pattern of study for middle school and high school levels. In all cases, appropriate field experience plays an integral role. The program combines theoretical principles of education and field work with the student's choice of major. Graduates earn the Master of Arts or Master of Education degree and are qualified for secondary school certification. Yet, not all graduates follow a career in teaching. A number of DePaul graduates in secondary education work in diverse settings such as museums, corporations, media, and the arts.

Certification

Type 09 Secondary Education Science-Environmental Science (grades 9-12 or grades 6-12) Illinois State Board of Education (ISBE) approved program

Admission Information

Students are conditionally admitted to the College of Education as a pre-education student. There are additional requirements to reach Advanced Standing in your program in the College of Education.

Admission Requirements for Pre-Education Status

- A completed College of Education graduate application
- A bachelor's degree conferred by an accredited, recognized institution
- A previous grade point average of 2.75 or above on a 4.0 scale
College Requirements

Dispositions

The academic programs within the College of Education have set forth these dispositions as educational and professional expectations for all students. Students should be aware that failing to abide by DePaul University or College of Education policies including, under certain circumstances, these dispositions, could result in adverse consequences for the student, including removal from his or her program, the College of Education, or the University.

- Reflects on progress and identifies strengths and weaknesses, including evaluating strategies for success, finding alternatives for inappropriate strategies, and modifying future practices
- Is receptive to faculty feedback and acts meaningfully and professionally upon suggestions
- Values critical thinking, including engaging theoretical and philosophical frameworks and shows evidence of critical thinking through discussion and writing (e.g., journals, response to prompts)
- Understands the importance of and is committed to communicating clearly orally and in writing both in traditional and in new and emerging digital formats
- Values and is committed to continually developing strong content area knowledge and/or knowledge of the professional field, including pedagogical content knowledge
- Takes initiative, uses imagination and creativity, and seeks out information using a variety of human and material resources and technology to inform his or her teaching
- Is aware of the role of classroom environment and uses management procedures that reflect respect and care for learners and concern for their emotional and physical well being
- Takes the time and effort needed to understand how students learn, including discovering their interests and experiences and determining how to shape teaching acts (using technology as appropriate) that engage learners meaningfully and actively
- Values and is committed to using assessment to evaluate and ensure the continuous intellectual, social, emotional, and physical development of the learner
- Respects and considers cultural contexts in order to determine how to be responsive to learners and to proactively promote all students' learning
- Values and is responsive to diverse learners' academic, emotional, and social needs through teaching acts (including careful instructional planning, implementation, and differentiation) and through everyday interactions with students
- Is committed to collaboration with colleagues, families, and communities in order to promote all students' learning and development
- Recognizes and fulfills professional responsibilities and habits of conduct (e.g., dress, language, preparedness, attendance, punctuality, etc.)
- Demonstrates collegiality, honesty, good judgment, courtesy, respect, and diplomacy
- Balances self-confidence and assertiveness with respect for others' perspectives
- Respects the requirements, expectations, and procedures of both the College of Education and of our field partners and appreciates the issues of trust, fairness, and professionalism involved

Advanced Standing

Students are conditionally admitted to the College of Education. There are additional requirements to reach Advanced Standing in your program in the College of Education. Requirements must be met to progress in the major and take courses in the Advanced Standing category.

Advanced Standing requirements are:

- Maintain a DePaul Graduate 3.00 GPA
- Pass the Illinois Certification Basic Skills Test or Test of Academic Proficiency (TAP)
- Pass the COE basic computer competency assessment (EDU 25 registration required)
- Pass the minimum of 8 credit hours
- Submit a petition for advanced standing form

Students should attempt to complete the Advanced Standing requirements soon after beginning the program. There is no time limit to meet these criteria; however, students will only be able to take pre-education courses until requirements have been met. Students can also take liberal studies or content area courses before or after meeting Advanced Standing requirements.

**Certification Tests**

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate.

**Field Experiences**

Each student seeking certification from the College of Education / Professional Education Unit must complete supervised field experiences in appropriate settings in conjunction with education courses. The field experiences must include a variety of grade levels, multicultural experiences, and a minimum of 15 hours in special education settings. All field experiences must be completed prior to final approval for student teaching. Field experience hours should be entered by the student into the FEDS system when completing courses with field experience requirements.

**Endorsements**

An endorsement is a subject area that you can qualify for to teach full time, in addition to your main certification area. Endorsements are issued at three levels: primary, middle school, and high school.

The Illinois State Board of Education (ISBE) issues endorsements in various subject areas. To view the full list and requirements, visit the ISBE website.

Qualifying for an endorsement at the middle school level requires 18 semester hours (27 quarter hours) in a teachable subject area and complete SCG 439. Some areas (like math) have specifically required courses. Courses must have a grade of C or better to qualify for endorsements and must be earned credit listed on a college transcript.

Consult with your advisor regarding endorsements. DePaul will only recommend individuals for endorsements in the following middle school areas: Arabic, art, biological science, Chinese, French, general science, German, Italian, Japanese, language arts, math, physical science, social science, and Spanish.

Endorsement requirements for the primary level are identical to the middle school requirements except that they do not require SCG 439. There are a limited number of areas available at the primary level.

Qualifying for most endorsements at the high school level requires 24 semester hours (48 quarter hours) in a teachable subject area* and passing the relevant content area test. DePaul will only recommend individuals for endorsements in the following high school areas: art, Arabic, Chinese, English, French, German, Italian, Japanese, math, Russian, science**, social science**, and Spanish.

* Exceptions to the basic requirements for high school level endorsements include the subject areas of foreign language, science, and social science. For foreign language, 32 semester hours (48 quarter hours) OR the content area test in the language is required.

** For science and social science, 32 semester hours (48 quarter hours) in the broad area of either science or social science, and 12 semester hours in the specific endorsement designation area, plus the content area test are required. To qualify for additional science and social science designations, individuals applying after February 1, 2012 need both the content test and 12 semester hours in the additional designation area.

**Student Teaching Requirements**

Student Teaching is the culminating clinical experience in the student's program. All students in teacher preparation programs must meet the following requirements before applying for student teaching:

**Academic Requirements:**

- Completion of all Pre-Education, Advanced Standing, Content Area, and Graduate level Content Area courses
- Overall cumulative G.P.A. of 3.00 or better
- Cumulative GPA of 2.75 or better in all education courses
- Meet all other program requirements (e.g., residency requirements)
Meet designated program standards
Pass the required Illinois certification content area test

Clinical Requirements:

- Completion of all required field experiences
- Three satisfactory evaluations in field experiences
- Three satisfactory faculty recommendations
- Attendance at mandatory meeting for student teaching
- Application for student teaching, resume, transcripts, and writing sample (check deadlines)
- Review and approval by Student Teaching Committee of the College of Education

Student Teaching Timeline and Deadlines:

- Attend a Mandatory Meeting approximately 1 year prior to expected quarter of student teaching.
- Submit application for student teaching after attending Mandatory Meeting, approximately 1 year prior to student teaching.
- Academic requirements are due one quarter before expected quarter of student teaching.
- Clinical requirements are completed as course requirements. Field experience hours are entered by the student as coursework is completed.

Online Faculty Evaluations are entered by the instructor of relevant courses. All data must be entered in the Field Experience Documentation System (FEDS) due one month prior to student teaching.

Individual child care agencies and public and private school districts may have additional requirements (application, training, background check, etc.).

Degree Conferral and Graduation

The awarding of a degree is not automatic. You must submit an application to be considered for the degree. DePaul awards and posts degrees at the end of each regular academic term (autumn, winter, spring, summer I and summer II).

It is your responsibility to initiate the degree conferral application process by submitting an online application. Submitting an application means you intend to finish your degree requirements by the end of the term for which you have applied.

Graduate students must be approved for student teaching and complete student teaching, seminar, and induction courses to be cleared for the degree. Student must submit graduation application for the quarter you are completing the final course (student teaching is considered a course).

After you submit the application, you cannot register for any term after the one selected in the application.

Application deadlines are as follows:

- Fall Quarter - October 1st
- Winter Quarter - January 15th
- Spring Quarter - February 1st
- Summer I Quarter - June 1st
- Summer II Quarter - July 15th

To apply for degree conferral, log on to Campus Connection. Select FOR STUDENTS, then GRADUATION, then APPLY FOR DEGREE CONFERRAL. On screen instructions will take you through the application process.

Provided that all requirements and financial obligations are met, degrees are posted 30 days after the official end of the term. Official dates are listed on the Academic Calendar.

DePaul holds one commencement ceremony each year in June. If you intend to participate, you must first apply for degree conferral for the current academic year and then submit a cap and gown order. Honors are not announced at the ceremony for undergraduates completing their final courses in spring quarter because a final GPA is not available at the time of the ceremony.

Additional information about degree conferral and graduation can be found on the College of Education website.

Certification

Requirements for certification include completion of the full certification program and all certification tests (including OPI for world language majors). A bachelor's degree is required; a master's degree is not.

Individuals must submit an application directly to the Illinois State Board of Education after completion of requirements and after DePaul has submitted notification to ISBE. Application requirements include application...
form, application fee, official transcripts, and registration fee.

All individuals must meet ISBE requirements in place at the time of application for the certificate. Requirements are subject to change per the discretion of ISBE.

Individuals seeking additional endorsements after applying for the certificate must contact ISBE directly for an evaluation request.

Degree Requirements

Content Area Courses

All students need to have sufficient knowledge of the subject they will be teaching. Illinois State Board of Education requires a minimum of 48 quarter hours (32 semester hours) in the content area subject. Students should meet with their designated Content Area advisor at the beginning of their program for an official written content evaluation and provide a copy to your academic advisor. Requirements can be satisfied by undergraduate coursework or courses taken elsewhere. Content courses must be completed before student teaching.

Requirements for Secondary Education Environmental Science

All coursework in the content area must earn a grade of C or better.

- General Biology I
- General Biology II
- General Biology III
- General Chemistry I
- General Chemistry II
- General Chemistry III
- General Physics I
- General Physics II
- General Physics III
- Ecology
- Earth System Science
- Human Impacts on the Environment
- Environmental Rhetoric and Politics
- Environmental Data Analysis
- Environmental Science Seminar
- Environmental Impact Analysis
- Plus three courses on Environmental Sciences at the Graduate Level, as noted below in the Graduate Content Area

Course Requirements

Pre-Education Introductory Courses: 16 quarter hours required

- EDU 25 BASIC TECHNOLOGY LITERACY (non-credit, non-tuition, PA grade required)
- T&L 424 INTRODUCTION TO SECONDARY EDUCATION
- T&L 425 CURRICULUM AND INSTRUCTION IN SECONDARY EDUCATION
- SCG 406 HUMAN DEVELOPMENT AND LEARNING:SECONDARY

One course from the following list:
- SCG 408 EDUCATION AND SOCIETY
- SCG 409 SOCIOLOGY OF EDUCATION
- SCG 411 PHILOSOPHY OF EDUCATION

Advanced Standing Courses: 16 quarter hours required
**Note: Students matriculating in 2012-2013 and currently enrolled students who have not taken T&L 439 are advised to substitute TCH 474 for this course.**

**Graduate Level Content Area Courses: 12 quarter hours required**

Three courses in Environmental Science at the graduate level are required. Courses must be taken before student teaching if pursuing degree (not required for individuals pursuing certification only). Courses must be approved by your Content Area Advisor prior to registration and requires graduate level registration.

- ENV 300 or 400 level environmental science course 1
- ENV 300 or 400 level environmental science course 2
- ENV 300 or 400 level environmental science course 3

**Student Teaching: 8 quarter hours required**

Registration in student teaching requires completion of all requirements and procedures listed in the college core section. EDU 95 indicates to the Illinois State Board of Education that all field experience hours are complete.

- T&L 590 SECONDARY STUDENT TEACHING (6 hours, grade of B- or better required)
- T&L 591 SECONDARY STUDENT TEACHING SEMINAR (2 hours)
- EDU 95 CLINICAL EXPERIENCE WITH CHILDREN AND YOUTH (non-credit, non-tuition, PA grade required)

**Induction Course: 4 quarter hours required**

The induction year course is designed to assist students to negotiate the first year of teaching and aid in professional development. The induction course is a requirement for the degree, not a requirement for certification. This course must be taken at DePaul.

- T&L 611 INDUCTION INTO THE TEACHING PROFESSION: SECONDARY (required)**

**Recommended/ Optional Course**

SCG 439 is required for middle school endorsements but is not required for the degree. If taking SCG 439 for certification/endorsement purposes, a grade of C or better is required.

- SCG 439 PHILOSOPHY AND PSYCHOLOGY OF YOUTH AND MIDDLE LEVEL EDUCATION

**Master of Arts (M.A.) Degree Requirements: 4 quarter hours required**

This is a Master of Arts degree requirement only. A master's thesis is written to fulfill the requirements of this course. An oral examination on the thesis is required.

- T&L 589 THESIS RESEARCH IN TEACHING AND LEARNING

**Certification Tests**

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate. Secondary Education Environmental Science majors must complete the following tests:

- Test of Academic Proficiency (TAP) (test #400) - assesses knowledge of reading comprehension, language arts, writing, and math. Test is required to qualify for Advanced Standing.
- Science: Environmental Science Content Area Test (test #112) – assesses knowledge of life science, physical science, and the living environment. Test is required before Student Teaching (deadlines apply)
- Assessment of Professional Teaching (APT) (test #103, grade 6-12) – assesses knowledge of teaching planning, delivery, assessment, professionalism, and technology. Test is required to be certified, recommended to take before Student Teaching.

**Field Experiences**
Each student seeking certification from the College of Education/Professional Education Unit must complete supervised field experiences in appropriate settings in conjunction with education courses. The field experiences must include a variety of grade levels, multicultural experiences, and a minimum of 15 hours in special education settings. All field experiences must be completed prior to final approval for student teaching. Field experience hours should be entered by the student into the FEDS system when completing courses with field experience requirements. For details on requirements, expectations, documentation, & courses in your program that require hours, visit the College of Education website.

Teaching and Learning: Secondary Education - Environmental Science (MED)

The Department of Teacher Education prepares Urban Professional Multicultural Educators through an integrated program of courses and field experiences. Programs offered are designed for the preparation of future educators. The programs of study center around our commitment to excellence in teaching in today’s diverse society through the investigation of significant educational issues, inquiry into student learning and effective teaching practices, and the use of technology in teaching and learning. We engage teacher candidates in critical reflection upon their practice throughout the program. We foster engagement in schools through our Partnership Schools and other school and agency affiliations. Upon completion of the program, teacher candidates measure themselves against the values of our guiding conceptual framework through the completion of professional portfolios. Values that are part of this framework include: commitment to social justice, critical pedagogy, and positive educational transformation within the context of a Vincentian personalism that honors the dignity of each person.

Students entering the program must be able and willing to devote themselves to a program requiring a minimum of 100-110 hours of daytime field experiences in schools. These school-based clinical hours are completed in conjunction with methodology courses that require students to spend daytime hours in schools. In addition, the student must spend a minimum of 10 weeks in full-time student teaching.

The program includes five distinctive features:

1. Becoming a teacher is viewed as a developmental process continuing at least through the first year of teaching
2. Multiculturalism is infused throughout the curriculum
3. Field experiences are an integral part of the curriculum
4. Students are exposed to a variety of educational theories
5. The program includes a research component as a basis for further professional development.

Students lacking undergraduate requirements in the content area they will be teaching will have to complete those requirements prior to student teaching. Both a content area advisor and an academic advisor will guide candidates in planning their coursework.

The program in secondary education prepares students to teach children in a variety of urban and suburban educational settings, including public and private middle and high schools. Students follow a general pattern of study for middle school and high school levels. In all cases, appropriate field experience plays an integral role. The program combines theoretical principles of education and field work with the student's choice of major. Graduates earn the Master of Arts or Master of Education degree and are qualified for secondary school certification. Yet, not all graduates follow a career in teaching. A number of DePaul graduates in secondary education work in diverse settings such as museums, corporations, media, and the arts.

Certification

Type 09 Secondary Education Science-Environmental Science (grades 9-12 or grades 6-12) Illinois State Board of Education (ISBE) approved program
Admission Information

Students are conditionally admitted to the College of Education as a pre-education student. There are additional requirements to reach Advanced Standing in your program in the College of Education.

Admission Requirements for Pre-Education Status

- A completed College of Education graduate application
- A bachelor’s degree conferred by an accredited, recognized institution
- A previous grade point average of 2.75 or above on a 4.0 scale
- Two letters of recommendation from professors or supervisors
- One official transcript from each college or university attended
- Statement of purpose (see application for details)
- Interview with faculty program advisor, upon request
- Evidence of adequate background for the program
- Resume

College Requirements

Dispositions

The academic programs within the College of Education have set forth these dispositions as educational and professional expectations for all students. Students should be aware that failing to abide by DePaul University or College of Education policies including, under certain circumstances, these dispositions, could result in adverse consequences for the student, including removal from his or her program, the College of Education, or the University.

- Reflects on progress and identifies strengths and weaknesses, including evaluating strategies for success, finding alternatives for inappropriate strategies, and modifying future practices
- Is receptive to faculty feedback and acts meaningfully and professionally upon suggestions
- Values critical thinking, including engaging theoretical and philosophical frameworks and shows evidence of critical thinking through discussion and writing (e.g., journals, response to prompts)
- Understands the importance of and is committed to communicating clearly orally and in writing both in traditional and in new and emerging digital formats
- Values and is committed to continually developing strong content area knowledge and/or knowledge of the professional field, including pedagogical content knowledge
- Takes initiative, uses imagination and creativity, and seeks out information using a variety of human and material resources and technology to inform his or her teaching
- Is aware of the role of classroom environment and uses management procedures that reflect respect and care for learners and concern for their emotional and physical well being
- Takes the time and effort needed to understand how students learn, including discovering their interests and experiences and determining how to shape teaching acts (using technology as appropriate) that engage learners meaningfully and actively
- Values and is committed to using assessment to evaluate and ensure the continuous intellectual, social, emotional, and physical development of the learner
- Respects and considers cultural contexts in order to determine how to be responsive to learners and to proactively promote all students' learning
- Values and is responsive to diverse learners' academic, emotional, and social needs through teaching acts (including careful instructional planning, implementation, and differentiation) and through everyday interactions with students
- Is committed to collaboration with colleagues, families, and communities in order to promote all students' learning and development
- Recognizes and fulfills professional responsibilities and habits of conduct (e.g., dress, language, preparedness, attendance, punctuality, etc.)
- Demonstrates collegiality, honesty, good judgment, courtesy, respect, and diplomacy
- Balances self-confidence and assertiveness with respect for others’ perspectives
Respects the requirements, expectations, and procedures of both the College of Education and of our field partners and appreciates the issues of trust, fairness, and professionalism involved.

**Advanced Standing**

Students are conditionally admitted to the College of Education. There are additional requirements to reach Advanced Standing in your program in the College of Education. Requirements must be met to progress in the major and take courses in the Advanced Standing category.

Advanced Standing requirements are:

- Maintain a DePaul Graduate 3.00 GPA
- Pass the Illinois Certification Basic Skills Test or Test of Academic Proficiency (TAP)
- Pass the COE basic computer competency assessment (EDU 25 registration required)
- Pass the minimum of 8 credit hours
- Submit a petition for advanced standing form

Students should attempt to complete the Advanced Standing requirements soon after beginning the program. There is no time limit to meet these criteria; however, students will only be able to take pre-education courses until requirements have been met. Students can also take liberal studies or content area courses before or after meeting Advanced Standing requirements.

**Certification Tests**

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate.

**Field Experiences**

Each student seeking certification from the College of Education / Professional Education Unit must complete supervised field experiences in appropriate settings in conjunction with education courses. The field experiences must include a variety of grade levels, multicultural experiences, and a minimum of 15 hours in special education settings. All field experiences must be completed prior to final approval for student teaching. Field experience hours should be entered by the student into the FEDS system when completing courses with field experience requirements.

**Endorsements**

An endorsement is a subject area that you can qualify for to teach full time, in addition to your main certification area. Endorsements are issued at three levels: primary, middle school, and high school.

The Illinois State Board of Education (ISBE) issues endorsements in various subject areas. To view the full list and requirements, visit the ISBE website.

Qualifying for an endorsement at the middle school level requires 18 semester hours (27 quarter hours) in a teachable subject area and complete SCG 439. Some areas (like math) have specifically required courses. Courses must have a grade of C or better to qualify for endorsements and must be earned credit listed on a college transcript.

Consult with your advisor regarding endorsements. DePaul will only recommend individuals for endorsements in the following middle school areas: Arabic, art, biological science, Chinese, French, general science, German, Italian, Japanese, language arts, math, physical science, social science, and Spanish.

Endorsement requirements for the primary level are identical to the middle school requirements except that they do not require SCG 439. There are a limited number of areas available at the primary level.

Qualifying for most endorsements at the high school level requires 24 semester hours (48 quarter hours) in a teachable subject area* and passing the relevant content area test. DePaul will only recommend individuals for endorsements in the following high school areas: art, Arabic, Chinese, English, French, German, Italian, Japanese, math, Russian, science**, social science**, and Spanish.

* Exceptions to the basic requirements for high school level endorsements include the subject areas of foreign language, science, and social science. For foreign language, 32 semester hours (48 quarter hours) OR the content area test in the language is required.

** For science and social science, 32 semester hours (48 quarter hours) in the broad area of either science or social science, and 12 semester hours in the specific endorsement designation area, plus the content area test are required. To qualify for additional science and social science designations, individuals applying after February 1, 2012 need both the content test and 12 semester hours in the additional designation area.
Student Teaching Requirements

Student Teaching is the culminating clinical experience in the student's program. All students in teacher preparation programs must meet the following requirements before applying for student teaching:

**Academic Requirements:**

- Completion of all Pre-Education, Advanced Standing, Content Area, and Graduate level Content Area courses
- Overall cumulative G.P.A. of 3.00 or better
- Cumulative GPA. of 2.75 or better in all education courses
- Meet all other program requirements (e.g., residency requirements)
- Meet designated program standards
- Pass the required Illinois certification content area test

**Clinical Requirements:**

- Completion of all required field experiences
- Three satisfactory evaluations in field experiences
- Three satisfactory faculty recommendations
- Attendance at mandatory meeting for student teaching
- Application for student teaching, resume, transcripts, and writing sample (check deadlines)
- Review and approval by Student Teaching Committee of the College of Education

**Student Teaching Timeline and Deadlines:**

- Attend a Mandatory Meeting approximately 1 year prior to expected quarter of student teaching.
- Submit application for student teaching after attending Mandatory Meeting, approximately 1 year prior to student teaching.
- Academic requirements are due one quarter before expected quarter of student teaching.
- Clinical requirements are completed as course requirements. Field experience hours are entered by the student as coursework is completed.

Online Faculty Evaluations are entered by the instructor of relevant courses. All data must be entered in the Field Experience Documentation System (FEDS) due one month prior to student teaching.

Individual child care agencies and public and private school districts may have additional requirements (application, training, background check, etc.).

**Degree Conferral and Graduation**

The awarding of a degree is not automatic. You must submit an application to be considered for the degree. DePaul awards and posts degrees at the end of each regular academic term (autumn, winter, spring, summer I and summer II).

It is your responsibility to initiate the degree conferral application process by submitting an online application. Submitting an application means you intend to finish your degree requirements by the end of the term for which you have applied.

Graduate students must be approved for student teaching and complete student teaching, seminar, and induction courses to be cleared for the degree. Student must submit graduation application for the quarter you are completing the final course (student teaching is considered a course).

After you submit the application, you cannot register for any term after the one selected in the application.

Application deadlines are as follows:

- Fall Quarter - October 1st
- Winter Quarter - January 15th
- Spring Quarter - February 1st
- Summer I Quarter - June 1st
- Summer II Quarter - July 15th

To apply for degree conferral, log on to Campus Connection. Select FOR STUDENTS, then GRADUATION, then APPLY FOR DEGREE CONFERRAL. On screen instructions will take you through the application process.

Provided that all requirements and financial obligations are met, degrees are posted 30 days after the official end of the term. Official dates are listed on the Academic Calendar.

DePaul holds one commencement ceremony each year in June. If you intend to participate, you must first apply
for degree conferral for the current academic year and then submit a cap and gown order. Honors are not announced at the ceremony for undergraduates completing their final courses in spring quarter because a final GPA is not available at the time of the ceremony.

Additional information about degree conferral and graduation can be found on the College of Education website.

**Certification**

Requirements for certification include completion of the full certification program and all certification tests (including OPI for world language majors). A bachelor's degree is required; a master's degree is not.

Individuals must submit an application directly to the Illinois State Board of Education after completion of requirements and after DePaul has submitted notification to ISBE. Application requirements include application form, application fee, official transcripts, and registration fee.

All individuals must meet ISBE requirements in place at the time of application for the certificate. Requirements are subject to change per the discretion of ISBE.

Individuals seeking additional endorsements after applying for the certificate must contact ISBE directly for an evaluation request.

---

### Degree Requirements

#### Content Area Courses

All students need to have sufficient knowledge of the subject they will be teaching. Illinois State Board of Education requires a minimum of 48 quarter hours (32 semester hours) in the content area subject. Students should meet with their designated Content Area advisor at the beginning of their program for an official written content evaluation and provide a copy to your academic advisor. Requirements can be satisfied by undergraduate coursework or courses taken elsewhere. Content courses must be completed before student teaching.

**Requirements for Secondary Education Environmental Science**

All coursework in the content area must earn a grade of C or better.

- General Biology I
- General Biology II
- General Biology III
- General Chemistry I
- General Chemistry II
- General Chemistry III
- General Physics I
- General Physics II
- General Physics III
- Ecology
- Earth System Science
- Human Impacts on the Environment
- Environmental Rhetoric and Politics
- Environmental Data Analysis
- Environmental Science Seminar
- Environmental Impact Analysis
- Plus three courses on Environmental Sciences at the Graduate Level, as noted below in the Graduate Content Area

#### Course Requirements
Pre-Education Introductory Courses: 16 quarter hours required

- EDU 25 BASIC TECHNOLOGY LITERACY (non-credit, non-tuition, PA grade required)
- T&L 424 INTRODUCTION TO SECONDARY EDUCATION
- T&L 425 CURRICULUM AND INSTRUCTION IN SECONDARY EDUCATION
- SCG 406 HUMAN DEVELOPMENT AND LEARNING: SECONDARY
- One course from the following list:
  - SCG 408 EDUCATION AND SOCIETY
  - SCG 409 SOCIOLOGY OF EDUCATION
  - SCG 411 PHILOSOPHY OF EDUCATION

Advanced Standing Courses: 16 quarter hours required

- SCG 410 INTRODUCTION TO RESEARCH: PURPOSES, ISSUES, AND METHODOLOGIES
- LSI 446 PSYCHOLOGY AND EDUCATION OF THE EXCEPTIONAL CHILD
- T&L 525 READING, WRITING, AND COMMUNICATING ACROSS THE CURRICULUM
- T&L 439 METHODS OF SECONDARY SCIENCE EDUCATION**

**Note: Students matriculating in 2012-2013 and currently enrolled students who have not taken T&L 439 are advised to substitute TCH 474 for this course.

Graduate Level Content Area Courses: 12 quarter hours required

Three courses in Environmental Science at the graduate level are required. Courses must be taken before student teaching if pursuing degree (not required for individuals pursuing certification only). Courses must be approved by your Content Area Advisor prior to registration and requires graduate level registration.

- ENV 300 or 400 level environmental science course 1
- ENV 300 or 400 level environmental science course 2
- ENV 300 or 400 level environmental science course 3

Student Teaching: 8 quarter hours required

Registration in student teaching requires completion of all requirements and procedures listed in the college core section. EDU 95 indicates to the Illinois State Board of Education that all field experience hours are complete.

- T&L 590 SECONDARY STUDENT TEACHING (6 hours, grade of B- or better required)
- T&L 591 SECONDARY STUDENT TEACHING SEMINAR (2 hours)
- EDU 95 CLINICAL EXPERIENCE WITH CHILDREN AND YOUTH (non-credit, non-tuition, PA grade required)

Induction Course: 4 quarter hours required

The induction year course is designed to assist students to negotiate the first year of teaching and aid in professional development. The induction course is a requirement for the degree, not a requirement for certification. This course must be taken at DePaul.

- T&L 611 INDUCTION INTO THE TEACHING PROFESSION: SECONDARY(required)**

**Note: Beginning Fall 2012, students may take T&L 611 before or after student teaching. Students matriculating Fall 2012 and currently enrolled students are advised to substitute TCH 484 for T&L 611.

Recommended/Optional Course

SCG 439 is required for middle school endorsements but is not required for the degree. If taking SCG 439 for certification/endorsement purposes, a grade of C or better is required.

- SCG 439 PHILOSOPHY AND PSYCHOLOGY OF YOUTH AND MIDDLE LEVEL EDUCATION

Certification Tests

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate. Secondary Education Environmental Science majors must complete the following tests:

- Test of Academic Proficiency (TAP) (test #400) - assesses knowledge of reading comprehension, language arts, writing, and math. Test is required to qualify for Advanced Standing.
- Science: Environmental Science Content Area Test (test #112) – assesses knowledge of life science, physical science, and the living environment. Test is required before Student Teaching (deadlines apply)
Field Experiences

Each student seeking certification from the College of Education/Professional Education Unit must complete supervised field experiences in appropriate settings in conjunction with education courses. The field experiences must include a variety of grade levels, multicultural experiences, and a minimum of 15 hours in special education settings. All field experiences must be completed prior to final approval for student teaching. Field experience hours should be entered by the student into the FEDS system when completing courses with field experience requirements. For details on requirements, expectations, documentation, & courses in your program that require hours, visit the College of Education website.

Teaching and Learning: Secondary Education - History (MA)

The Department of Teacher Education prepares Urban Professional Multicultural Educators through an integrated program of courses and field experiences. Programs offered are designed for the preparation of future educators. The programs of study center around our commitment to excellence in teaching in today's diverse society through the investigation of significant educational issues, inquiry into student learning and effective teaching practices, and the use of technology in teaching and learning. We engage teacher candidates in critical reflection upon their practice throughout the program. We foster engagement in schools through our Partnership Schools and other school and agency affiliations. Upon completion of the program, teacher candidates measure themselves against the values of our guiding conceptual framework through the completion of professional portfolios. Values that are part of this framework include: commitment to social justice, critical pedagogy, and positive educational transformation within the context of a Vincentian personalism that honors the dignity of each person.

Students entering the program must be able and willing to devote themselves to a program requiring a minimum of 100-110 hours of daytime field experiences in schools. These school-based clinical hours are completed in conjunction with methodology courses that require students to spend daytime hours in schools. In addition, the student must spend a minimum of 10 weeks in full-time student teaching.

The program includes five distinctive features:

1. Becoming a teacher is viewed as a developmental process continuing at least through the first year of teaching
2. Multiculturalism is infused throughout the curriculum
3. Field experiences are an integral part of the curriculum
4. Students are exposed to a variety of educational theories
5. The program includes a research component as a basis for further professional development.

Students lacking undergraduate requirements in the content area they will be teaching will have to complete those requirements prior to student teaching. Both a content area advisor and an academic advisor will guide candidates in planning their coursework.

The program in secondary education prepares students to teach children in a variety of urban and suburban educational settings, including public and private middle and high schools. Students follow a general pattern of study for middle school and high school levels. In all cases, appropriate field experience plays an integral role. The program combines theoretical principles of education and field work with the student's choice of major. Graduates earn the Master of Arts or Master of Education degree and are qualified for secondary school certification. Yet, not all graduates follow a career in teaching. A number of DePaul graduates in secondary education work in diverse settings such as museums, corporations, media, and the arts.

DePaul University Winter/Spring 2013 Page 572 of 2244
Admission Information

Students are conditionally admitted to the College of Education as a pre-education student. There are additional requirements to reach Advanced Standing in your program in the College of Education.

Admission Requirements for Pre-Education Status

- A completed College of Education graduate application
- A bachelor's degree conferred by an accredited, recognized institution
- A previous grade point average of 2.75 or above on a 4.0 scale
- Two letters of recommendation from professors or supervisors
- One official transcript from each college or university attended
- Statement of purpose (see application for details)
- Interview with faculty program advisor, upon request
- Evidence of adequate background for the program
- Resume

College Requirements

Dispositions

The academic programs within the College of Education have set forth these dispositions as educational and professional expectations for all students. Students should be aware that failing to abide by DePaul University or College of Education policies including, under certain circumstances, these dispositions, could result in adverse consequences for the student, including removal from his or her program, the College of Education, or the University.

- Reflects on progress and identifies strengths and weaknesses, including evaluating strategies for success, finding alternatives for inappropriate strategies, and modifying future practices
- Is receptive to faculty feedback and acts meaningfully and professionally upon suggestions
- Values critical thinking, including engaging theoretical and philosophical frameworks and shows evidence of critical thinking through discussion and writing (e.g., journals, response to prompts)
- Understands the importance of and is committed to communicating clearly orally and in writing both in traditional and in new and emerging digital formats
- Values and is committed to continually developing strong content area knowledge and/or knowledge of the professional field, including pedagogical content knowledge
- Takes initiative, uses imagination and creativity, and seeks out information using a variety of human and material resources and technology to inform his or her teaching
- Is aware of the role of classroom environment and uses management procedures that reflect respect and care for learners and concern for their emotional and physical well being
- Takes the time and effort needed to understand how students learn, including discovering their interests and experiences and determining how to shape teaching acts (using technology as appropriate) that engage learners meaningfully and actively
- Values and is committed to using assessment to evaluate and ensure the continuous intellectual, social, emotional, and physical development of the learner
- Respects and considers cultural contexts in order to determine how to be responsive to learners and to proactively promote all students' learning
- Values and is responsive to diverse learners' academic, emotional, and social needs through teaching acts (including careful instructional planning, implementation, and differentiation) and through everyday interactions with students
- Is committed to collaboration with colleagues, families, and communities in order to promote all students' learning and development
Recognizes and fulfills professional responsibilities and habits of conduct (e.g., dress, language, preparedness, attendance, punctuality, etc.)
Demonstrates collegiality, honesty, good judgment, courtesy, respect, and diplomacy
Balances self-confidence and assertiveness with respect for others’ perspectives
Respects the requirements, expectations, and procedures of both the College of Education and of our field partners and appreciates the issues of trust, fairness, and professionalism involved

Advanced Standing

Students are conditionally admitted to the College of Education. There are additional requirements to reach Advanced Standing in your program in the College of Education. Requirements must be met to progress in the major and take courses in the Advanced Standing category.

Advanced Standing requirements are:

- Maintain a DePaul Graduate 3.00 GPA
- Pass the Illinois Certification Basic Skills Test or Test of Academic Proficiency (TAP)
- Pass the COE basic computer competency assessment (EDU 25 registration required)
- Pass the minimum of 8 credit hours
- Submit a petition for advanced standing form

Students should attempt to complete the Advanced Standing requirements soon after beginning the program. There is no time limit to meet these criteria; however, students will only be able to take pre-education courses until requirements have been met. Students can also take liberal studies or content area courses before or after meeting Advanced Standing requirements.

Certification Tests

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate.

Field Experiences

Each student seeking certification from the College of Education / Professional Education Unit must complete supervised field experiences in appropriate settings in conjunction with education courses. The field experiences must include a variety of grade levels, multicultural experiences, and a minimum of 13 hours in special education settings. All field experiences must be completed prior to final approval for student teaching. Field experience hours should be entered by the student into the FEDS system when completing courses with field experience requirements.

Endorsements

An endorsement is a subject area that you can qualify for to teach full time, in addition to your main certification area. Endorsements are issued at three levels: primary, middle school, and high school.

The Illinois State Board of Education (ISBE) issues endorsements in various subject areas. To view the full list and requirements, visit the ISBE website.

Qualifying for an endorsement at the middle school level requires 18 semester hours (27 quarter hours) in a teachable subject area and complete SCG 439. Some areas (like math) have specifically required courses. Courses must have a grade of C or better to qualify for endorsements and must be earned credit listed on a college transcript.

Consult with your advisor regarding endorsements. DePaul will only recommend individuals for endorsements in the following middle school areas: Arabic, art, biological science, Chinese, French, general science, German, Italian, Japanese, language arts, math, physical science, social science, and Spanish.

Endorsement requirements for the primary level are identical to the middle school requirements except that they do not require SCG 439. There are a limited number of areas available at the primary level.

Qualifying for most endorsements at the high school level requires 24 semester hours (48 quarter hours) in a teachable subject area* and passing the relevant content area test. DePaul will only recommend individuals for endorsements in the following high school areas: art, Arabic, Chinese, English, French, German, Italian, Japanese, math, Russian, science**, social science**, and Spanish.

* Exceptions to the basic requirements for high school level endorsements include the subject areas of foreign language, science, and social science. For foreign language, 32 semester hours (48 quarter hours) or the content area test in the language is required.

** For science and social science, 32 semester hours (48 quarter hours) in the broad area of either science or social science, and 12 semester hours in the specific endorsement designation area, plus the content area test are required. To qualify for additional science and social science designations, individuals applying after February 1, 2012 need both the content test and 12 semester hours in the additional
Student Teaching Requirements

Student Teaching is the culminating clinical experience in the student's program. All students in teacher preparation programs must meet the following requirements before applying for student teaching:

**Academic Requirements:**
- Completion of all Pre-Education, Advanced Standing, Content Area, and Graduate level Content Area courses
- Overall cumulative G.P.A. of 3.00 or better
- Cumulative GPA of 2.75 or better in all education courses
- Meet all other program requirements (e.g., residency requirements)
- Meet designated program standards
- Pass the required Illinois certification content area test

**Clinical Requirements:**
- Completion of all required field experiences
- Three satisfactory evaluations in field experiences
- Three satisfactory faculty recommendations
- Attendance at mandatory meeting for student teaching
- Application for student teaching, resume, transcripts, and writing sample (check deadlines)
- Review and approval by Student Teaching Committee of the College of Education

**Student Teaching Timeline and Deadlines:**
- Attend a Mandatory Meeting approximately 1 year prior to expected quarter of student teaching.
- Submit application for student teaching after attending Mandatory Meeting, approximately 1 year prior to student teaching.
- Academic requirements are due one quarter before expected quarter of student teaching.
- Clinical requirements are completed as course requirements. Field experience hours are entered by the student as coursework is completed.

Online Faculty Evaluations are entered by the instructor of relevant courses. All data must be entered in the Field Experience Documentation System (FEDS) due one month prior to student teaching.

Individual child care agencies and public and private school districts may have additional requirements (application, training, background check, etc.).

**Degree Conferral and Graduation**

The awarding of a degree is not automatic. You must submit an application to be considered for the degree. DePaul awards and posts degrees at the end of each regular academic term (autumn, winter, spring, summer I and summer II).

It is your responsibility to initiate the degree conferral application process by submitting an online application. Submitting an application means you intend to finish your degree requirements by the end of the term for which you have applied.

Graduate students must be approved for student teaching and complete student teaching, seminar, and induction courses to be cleared for the degree. Student must submit graduation application for the quarter you are completing the final course (student teaching is considered a course).

After you submit the application, you cannot register for any term after the one selected in the application.

Application deadlines are as follows:
- Fall Quarter - October 1st
- Winter Quarter - January 15th
- Spring Quarter - February 1st
- Summer I Quarter - June 1st
- Summer II Quarter - July 15th

To apply for degree conferral, log on to Campus Connection. Select FOR STUDENTS, then GRADUATION, then APPLY FOR DEGREE CONFERRAL. On screen instructions will take you through the application process.

Provided that all requirements and financial obligations are met, degrees are posted 30 days after the official end of the term. Official dates are listed on the Academic Calendar.

DePaul holds one commencement ceremony each year in June. If you intend to participate, you must first apply for degree conferral for the
current academic year and then submit a cap and gown order. Honors are not announced at the ceremony for undergraduates completing their final courses in spring quarter because a final GPA is not available at the time of the ceremony.

Additional information about degree conferral and graduation can be found on the College of Education website at: http://education.depaul.edu/.

Certification

Requirements for certification include completion of the full certification program and all certification tests (including OPI for world language majors). A bachelor's degree is required; a master's degree is not.

Individuals must submit an application directly to the Illinois State Board of Education after completion of requirements and after DePaul has submitted notification to ISBE. Application requirements include application form, application fee, official transcripts, and registration fee.

All individuals must meet ISBE requirements in place at the time of application for the certificate. Requirements are subject to change per the discretion of ISBE.

Individuals seeking additional endorsements after applying for the certificate must contact ISBE directly for an evaluation request.

Degree Requirements

Content Area Courses

All students need to have sufficient knowledge of the subject they will be teaching. Illinois State Board of Education requires a minimum of 48 quarter hours (32 semester hours) in the content area subject. Students should meet with their designated Content Area advisor at the beginning of their program for an official written content evaluation and provide a copy to your academic advisor. Requirements can be satisfied by undergraduate coursework or courses taken elsewhere. Content courses must be completed before student teaching.

Requirements for Secondary Education History

All coursework in the content area must earn a grade of C or better.

- T&L 455 (also a required graduate class)
- US History I
- US History II
- US History – upper level
- US History – upper level
- World History I
- World History II
- Non-US, World History – upper level
- Non-US, World History – upper level
- Non-US, World History – upper level

Additional certification requirements: (one course in each area required)

- Geography
- Economics
- Political Science
- Sociology/Anthropology

Course Requirements

Pre-Education Introductory Courses: 16 quarter hours required

- EDU 25 BASIC TECHNOLOGY LITERACY (non-credit, non-tuition, PA grade required)
**Advanced Standing Courses: 20 quarter hours required**

- SCG 410 INTRODUCTION TO RESEARCH: PURPOSES, ISSUES, AND METHODOLOGIES
- LSI 446 PSYCHOLOGY AND EDUCATION OF THE EXCEPTIONAL CHILD
- T&L 525 READING, WRITING, AND COMMUNICATING ACROSS THE CURRICULUM
- T&L 453 TEACHING HISTORY AND SOCIAL SCIENCE IN SECONDARY SCHOOLS
- T&L 455 READINGS IN AMERICAN HISTORY

**Note:** Students matriculating in 2012-2013 and currently enrolled students who have not taken T&L 453 are advised to substitute TCH 472 for this course.

**Graduate Level Content Area Courses: 8 quarter hours required**

Two courses in History or the Social Sciences at the graduate level are required. Courses must be taken before student teaching if pursuing degree (not required for individuals pursuing certification only). Courses must be approved by your Content Area Advisor prior to registration and requires graduate level registration.

- HST 300 or 400 level history or social science course 1
- HST 300 or 400 level history or social science course 2

**Student Teaching: 8 quarter hours required**

Registration in student teaching requires completion of all requirements and procedures listed in the college core section. EDU 95 indicates to the Illinois State Board of Education that all field experience hours are complete.

- T&L 590 SECONDARY STUDENT TEACHING (6 hours, grade of B- or better required)
- T&L 591 SECONDARY STUDENT TEACHING SEMINAR (2 hours)
- EDU 95 CLINICAL EXPERIENCE WITH CHILDREN AND YOUTH (non-credit, non-tuition, PA grade required)

**Induction Course: 4 quarter hours required**

The induction year course is designed to assist students to negotiate the first year of teaching and aid in professional development. The induction course is a requirement for the degree, not a requirement for certification. This course must be taken at DePaul.

- T&L 611 INDUCTION INTO THE TEACHING PROFESSION: SECONDARY (required)

**Recommended/Optional Course**

SCG 439 is required for middle school endorsements but is not required for the degree. If taking SCG 439 for certification/endorsement purposes, a grade of C or better is required.

- SCG 439 PHILOSOPHY AND PSYCHOLOGY OF YOUTH AND MIDDLE LEVEL EDUCATION

**Master of Arts (M.A.) Degree Requirements: 4 quarter hours required**

This is a Master of Arts degree requirement only. A master's thesis is written to fulfill the requirements of this course. An oral examination on the thesis is required.

- T&L 589 THESIS RESEARCH IN TEACHING AND LEARNING

**Certification Tests**

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate. Secondary Education History majors must complete the following tests:

- Test of Academic Proficiency (TAP) (test #400) - assesses knowledge of reading comprehension, language arts, writing, and math. Test is required to qualify for Advanced Standing.
Field Experiences

Each student seeking certification from the College of Education/Professional Education Unit must complete supervised field experiences in appropriate settings in conjunction with education courses. The field experiences must include a variety of grade levels, multicultural experiences, and a minimum of 15 hours in special education settings. All field experiences must be completed prior to final approval for student teaching. Field experience hours should be entered by the student into the FEDS system when completing courses with field experience requirements. For details on requirements, expectations, documentation, & courses in your program that require hours, visit the College of Education website.

Teaching and Learning: Secondary Education - History (MED)

The Department of Teacher Education prepares Urban Professional Multicultural Educators through an integrated program of courses and field experiences. Programs offered are designed for the preparation of future educators. The programs of study center around our commitment to excellence in teaching in today's diverse society through the investigation of significant educational issues, inquiry into student learning and effective teaching practices, and the use of technology in teaching and learning. We engage teacher candidates in critical reflection upon their practice throughout the program. We foster engagement in schools through our Partnership Schools and other school and agency affiliations. Upon completion of the program, teacher candidates measure themselves against the values of our guiding conceptual framework through the completion of professional portfolios. Values that are part of this framework include: commitment to social justice, critical pedagogy, and positive educational transformation within the context of a Vincentian personalism that honors the dignity of each person.

Students entering the program must be able and willing to devote themselves to a program requiring a minimum of 100-110 hours of daytime field experiences in schools. These school-based clinical hours are completed in conjunction with methodology courses that require students to spend daytime hours in schools. In addition, the student must spend a minimum of 10 weeks in full-time student teaching.

The program includes five distinctive features:

1. Becoming a teacher is viewed as a developmental process continuing at least through the first year of teaching
2. Multiculturalism is infused throughout the curriculum
3. Field experiences are an integral part of the curriculum
4. Students are exposed to a variety of educational theories
5. The program includes a research component as a basis for further professional development.

Students lacking undergraduate requirements in the content area they will be teaching will have to complete those requirements prior to student teaching. Both a content area advisor and an academic advisor will guide candidates in planning their coursework.

The program in secondary education prepares students to teach children in a variety of urban and suburban educational settings, including public and private middle and high schools. Students follow a general pattern of study for middle school and high school levels. In all cases, appropriate field experience plays an integral role. The program combines theoretical principles of education and field work with the student's choice of major. Graduates earn the Master of Arts or Master of Education degree and are qualified for secondary school certification. Yet, not all graduates follow a career in teaching. A number of DePaul graduates in secondary education work in diverse settings such as museums, corporations, media, and the arts.
Certification
Type 09 Secondary Education Social Science-History (grades 9-12 or grades 6-12) Illinois State Board of Education (ISBE) approved program

Admission Information
Students are conditionally admitted to the College of Education as a pre-education student. There are additional requirements to reach Advanced Standing in your program in the College of Education.

Admission Requirements for Pre-Education Status
- A completed College of Education graduate application
- A bachelor's degree conferred by an accredited, recognized institution
- A previous grade point average of 2.75 or above on a 4.0 scale
- Two letters of recommendation from professors or supervisors
- One official transcript from each college or university attended
- Statement of purpose (see application for details)
- Interview with faculty program advisor, upon request
- Evidence of adequate background for the program
- Resume

College Requirements
Dispositions
The academic programs within the College of Education have set forth these dispositions as educational and professional expectations for all students. Students should be aware that failing to abide by DePaul University or College of Education policies including, under certain circumstances, these dispositions, could result in adverse consequences for the student, including removal from his or her program, the College of Education, or the University.

- Reflects on progress and identifies strengths and weaknesses, including evaluating strategies for success, finding alternatives for inappropriate strategies, and modifying future practices
- Is receptive to faculty feedback and acts meaningfully and professionally upon suggestions
- Values critical thinking, including engaging theoretical and philosophical frameworks and shows evidence of critical thinking through discussion and writing (e.g., journals, response to prompts)
- Understands the importance of and is committed to communicating clearly orally and in writing both in traditional and in new and emerging digital formats
- Values and is committed to continually developing strong content area knowledge and/or knowledge of the professional field, including pedagogical content knowledge
- Takes initiative, uses imagination and creativity, and seeks out information using a variety of human and material resources and technology to inform his or her teaching
- Is aware of the role of classroom environment and uses management procedures that reflect respect for learners and concern for their emotional and physical well being
- Takes the time and effort needed to understand how students learn, including discovering their interests and experiences and determining how to shape teaching acts (using technology as appropriate) that engage learners meaningfully and actively
- Values and is committed to using assessment to evaluate and ensure the continuous intellectual, social, emotional, and physical development of the learner
- Respects and considers cultural contexts in order to determine how to be responsive to learners and to
proactively promote all students' learning

- Values and is responsive to diverse learners' academic, emotional, and social needs through teaching acts (including careful instructional planning, implementation, and differentiation) and through everyday interactions with students
- Is committed to collaboration with colleagues, families, and communities in order to promote all students' learning and development
- Recognizes and fulfills professional responsibilities and habits of conduct (e.g., dress, language, preparedness, attendance, punctuality, etc.)
- Demonstrates collegiality, honesty, good judgment, courtesy, respect, and diplomacy
- Balances self-confidence and assertiveness with respect for others' perspectives
- Respects the requirements, expectations, and procedures of both the College of Education and of our field partners and appreciates the issues of trust, fairness, and professionalism involved

**Advanced Standing**

Students are conditionally admitted to the College of Education. There are additional requirements to reach Advanced Standing in your program in the College of Education. Requirements must be met to progress in the major and take courses in the Advanced Standing category.

Advanced Standing requirements are:

- Maintain a DePaul Graduate 3.00 GPA
- Pass the Illinois Certification Basic Skills Test or Test of Academic Proficiency (TAP)
- Pass the COE basic computer competency assessment (EDU 25 registration required)
- Pass the minimum of 8 credit hours
- Submit a petition for advanced standing form

Students should attempt to complete the Advanced Standing requirements soon after beginning the program. There is no time limit to meet these criteria; however, students will only be able to take pre-education courses until requirements have been met. Students can also take liberal studies or content area courses before or after meeting Advanced Standing requirements.

**Certification Tests**

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate.

**Field Experiences**

Each student seeking certification from the College of Education / Professional Education Unit must complete supervised field experiences in appropriate settings in conjunction with education courses. The field experiences must include a variety of grade levels, multicultural experiences, and a minimum of 15 hours in special education settings. All field experiences must be completed prior to final approval for student teaching. Field experience hours should be entered by the student into the FEDS system when completing courses with field experience requirements.

**Endorsements**

An endorsement is a subject area that you can qualify for to teach full time, in addition to your main certification area. Endorsements are issued at three levels: primary, middle school, and high school.

The Illinois State Board of Education (ISBE) issues endorsements in various subject areas. To view the full list and requirements, visit the ISBE website.

Qualifying for an endorsement at the middle school level requires 18 semester hours (27 quarter hours) in a teachable subject area and complete SCG 439. Some areas (like math) have specifically required courses. Courses must have a grade of C or better to qualify for endorsements and must be earned credit listed on a college transcript.

Consult with your advisor regarding endorsements. DePaul will only recommend individuals for endorsements in the following middle school areas: Arabic, art, biological science, Chinese, French, general science, German, Italian, Japanese, language arts, math, physical science, social science, and Spanish.

Endorsement requirements for the primary level are identical to the middle school requirements except that they do not require SCG 439. There are a limited number of areas available at the primary level.

Qualifying for most endorsements at the high school level requires 24 semester hours (48 quarter hours) in a teachable subject area* and passing the relevant content area test. DePaul will only recommend individuals for endorsements in the following high school areas: art, Arabic, Chinese, English, French, German, Italian, Japanese, math, Russian, science**, social science**, and Spanish.
* Exceptions to the basic requirements for high school level endorsements include the subject areas of foreign language, science, and social science. For foreign language, 32 semester hours (48 quarter hours) OR the content area test in the language is required.

**For science and social science, 32 semester hours (48 quarter hours) in the broad area of either science or social science, and 12 semester hours in the specific endorsement designation area, plus the content area test are required. To qualify for additional science and social science designations, individuals applying after February 1, 2012 need both the content test and 12 semester hours in the additional designation area.

Student Teaching Requirements

Student Teaching is the culminating clinical experience in the student's program. All students in teacher preparation programs must meet the following requirements before applying for student teaching:

Academic Requirements:
- Completion of all Pre-Education, Advanced Standing, Content Area, and Graduate level Content Area courses
- Overall cumulative G.P.A. of 3.00 or better
- Cumulative GPA. of 2.75 or better in all education courses
- Meet all other program requirements (e.g., residency requirements)
- Meet designated program standards
- Pass the required Illinois certification content area test

Clinical Requirements:
- Completion of all required field experiences
- Three satisfactory evaluations in field experiences
- Three satisfactory faculty recommendations
- Attendance at mandatory meeting for student teaching
- Application for student teaching, resume, transcripts, and writing sample (check deadlines)
- Review and approval by Student Teaching Committee of the College of Education

Student Teaching Timeline and Deadlines:
- Attend a Mandatory Meeting approximately 1 year prior to expected quarter of student teaching.
- Submit application for student teaching after attending Mandatory Meeting, approximately 1 year prior to student teaching.
- Academic requirements are due one quarter before expected quarter of student teaching.
- Clinical requirements are completed as course requirements. Field experience hours are entered by the student as coursework is completed.

Online Faculty Evaluations are entered by the instructor of relevant courses. All data must be entered in the Field Experience Documentation System (FEDS) due one month prior to student teaching.

Individual child care agencies and public and private school districts may have additional requirements (application, training, background check, etc.).

Degree Conferral and Graduation

The awarding of a degree is not automatic. You must submit an application to be considered for the degree. DePaul awards and posts degrees at the end of each regular academic term (autumn, winter, spring, summer I and summer II).

It is your responsibility to initiate the degree conferral application process by submitting an online application. Submitting an application means you intend to finish your degree requirements by the end of the term for which you have applied.

Graduate students must be approved for student teaching and complete student teaching, seminar, and induction courses to be cleared for the degree. Student must submit graduation application for the quarter you are completing the final course (student teaching is considered a course).

After you submit the application, you cannot register for any term after the one selected in the application.

Application deadlines are as follows:

Fall Quarter - October 1st
Winter Quarter - January 15th
Spring Quarter - February 1st
To apply for degree conferral, log on to Campus Connection. Select FOR STUDENTS, then GRADUATION, then APPLY FOR DEGREE CONFERRAL. On screen instructions will take you through the application process.

Provided that all requirements and financial obligations are met, degrees are posted 30 days after the official end of the term. Official dates are listed on the Academic Calendar.

DePaul holds one commencement ceremony each year in June. If you intend to participate, you must first apply for degree conferral for the current academic year and then submit a cap and gown order. Honors are not announced at the ceremony for undergraduates completing their final courses in spring quarter because a final GPA is not available at the time of the ceremony.

Additional information about degree conferral and graduation can be found on the College of Education website.

**Certification**

Requirements for certification include completion of the full certification program and all certification tests (including OPI for world language majors). A bachelor's degree is required; a master's degree is not.

Individuals must submit an application directly to the Illinois State Board of Education after completion of requirements and after DePaul has submitted notification to ISBE. Application requirements include application form, application fee, official transcripts, and registration fee.

All individuals must meet ISBE requirements in place at the time of application for the certificate. Requirements are subject to change per the discretion of ISBE.

Individuals seeking additional endorsements after applying for the certificate must contact ISBE directly for an evaluation request.

---

**Degree Requirements**

**Content Area Courses**

All students need to have sufficient knowledge of the subject they will be teaching. Illinois State Board of Education requires a minimum of 48 quarter hours (32 semester hours) in the content area subject. Students should meet with their designated Content Area advisor at the beginning of their program for an official written content evaluation and provide a copy to your academic advisor. Requirements can be satisfied by undergraduate coursework or courses taken elsewhere. Content courses must be completed before student teaching.

**Requirements for Secondary Education History**

All coursework in the content area must earn a grade of C or better.

- T&L 455 (also a required graduate class)
- US History I
- US History II
- US History – upper level
- US History – upper level
- World History I
- World History II
- Non-US, World History – upper level
- Non-US, World History – upper level
- Non-US, World History – upper level

**Additional certification requirements:** (one course in each area required)

---

DePaul University  Winter/Spring 2013  Page 582 of 2244
Course Requirements

Pre-Education Introductory Courses: 16 quarter hours required

- EDU 25 BASIC TECHNOLOGY LITERACY (non-credit, non-tuition, PA grade required)
- T&L 424 INTRODUCTION TO SECONDARY EDUCATION
- T&L 425 CURRICULUM AND INSTRUCTION IN SECONDARY EDUCATION
- SCG 406 HUMAN DEVELOPMENT AND LEARNING: SECONDARY
- One course from the following list:
  - SCG 408 EDUCATION AND SOCIETY
  - SCG 409 SOCIOLOGY OF EDUCATION
  - SCG 411 PHILOSOPHY OF EDUCATION

Advanced Standing Courses: 20 quarter hours required

- SCG 410 INTRODUCTION TO RESEARCH: PURPOSES, ISSUES, AND METHODOLOGIES
- LSI 446 PSYCHOLOGY AND EDUCATION OF THE EXCEPTIONAL CHILD
- T&L 525 READING, WRITING, AND COMMUNICATING ACROSS THE CURRICULUM
- T&L 453 TEACHING HISTORY AND SOCIAL SCIENCE IN SECONDARY SCHOOLS**
- T&L 455 READINGS IN AMERICAN HISTORY

**Note: Students matriculating in 2012-2013 and currently enrolled students who have not taken T&L 453 are advised to substitute TCH 472 for this course.

Graduate Level Content Area Courses: 8 quarter hours required

Two courses in History or the Social Sciences at the graduate level are required. Courses must be taken before student teaching if pursuing degree (not required for individuals pursuing certification only). Courses must be approved by your Content Area Advisor prior to registration and requires graduate level registration.

- HST 300 or 400 level history or social science course 1
- HST 300 or 400 level history or social science course 2

Student Teaching: 8 quarter hours required

Registration in student teaching requires completion of all requirements and procedures listed in the college core section. EDU 95 indicates to the Illinois State Board of Education that all field experience hours are complete.

- T&L 590 SECONDARY STUDENT TEACHING (6 hours, grade of B- or better required)
- T&L 591 SECONDARY STUDENT TEACHING SEMINAR (2 hours)
- EDU 95 CLINICAL EXPERIENCE WITH CHILDREN AND YOUTH (non-credit, non-tuition, PA grade required)

Induction Course: 4 quarter hours required

The induction year course is designed to assist students to negotiate the first year of teaching and aid in professional development. The induction course is a requirement for the degree, not a requirement for certification. This course must be taken at DePaul.

- T&L 611 INDUCTION INTO THE TEACHING PROFESSION: SECONDARY (required) **

**Note: Beginning Fall 2012, students may take T&L 611 before or after student teaching. Students matriculating Fall 2012 and currently enrolled students are advised to substitute TCH 482 for T&L 611.

Recommended/Optional Course

SCG 439 is required for middle school endorsements but is not required for the degree. If taking SCG 439 for certification/endorsement purposes, a grade of C or better is required.

- SCG 439 PHILOSOPHY AND PSYCHOLOGY OF YOUTH AND MIDDLE LEVEL EDUCATION

Certification Tests
All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate. Secondary Education History majors must complete the following tests:

- Test of Academic Proficiency (TAP) (test #400) - assesses knowledge of reading comprehension, language arts, writing, and math. Test is required to qualify for Advanced Standing.
- Social Science: History Content Area Test (test #114) – assesses and measures the candidate's core knowledge across history and social science fields. Test is required before Student Teaching (deadlines apply)
- Assessment of Professional Teaching (APT) (test #103, grade 6-12) – assesses knowledge of teaching planning, delivery, assessment, professionalism, and technology. Test is required to be certified, recommended to take before Student Teaching.

Field Experiences

Each student seeking certification from the College of Education/Professional Education Unit must complete supervised field experiences in appropriate settings in conjunction with education courses. The field experiences must include a variety of grade levels, multicultural experiences, and a minimum of 15 hours in special education settings. All field experiences must be completed prior to final approval for student teaching. Field experience hours should be entered by the student into the FEDS system when completing courses with field experience requirements. For details on requirements, expectations, documentation, & courses in your program that require hours, visit the College of Education website.

Teaching and Learning: Secondary Education - Mathematics (MA)

The Department of Teacher Education prepares Urban Professional Multicultural Educators through an integrated program of courses and field experiences. Programs offered are designed for the preparation of future educators. The programs of study center around our commitment to excellence in teaching in today's diverse society through the investigation of significant educational issues, inquiry into student learning and effective teaching practices, and the use of technology in teaching and learning. We engage teacher candidates in critical reflection upon their practice throughout the program. We foster engagement in schools through our Partnership Schools and other school and agency affiliations. Upon completion of the program, teacher candidates measure themselves against the values of our guiding conceptual framework through the completion of professional portfolios. Values that are part of this framework include: commitment to social justice, critical pedagogy, and positive educational transformation within the context of a Vincentian personalism that honors the dignity of each person.

Students entering the program must be able and willing to devote themselves to a program requiring a minimum of 100-110 hours of daytime field experiences in schools. These school-based clinical hours are completed in conjunction with methodology courses that require students to spend daytime hours in schools. In addition, the student must spend a minimum of 10 weeks in full-time student teaching.

The program includes five distinctive features:

1. Becoming a teacher is viewed as a developmental process continuing at least through the first year of teaching
2. Multiculturalism is infused throughout the curriculum
3. Field experiences are an integral part of the curriculum
4. Students are exposed to a variety of educational theories
5. The program includes a research component as a basis for further professional development.

Students lacking undergraduate requirements in the content area they will be teaching will have to complete those requirements prior to student teaching. Both a content area advisor and an academic advisor will guide candidates in planning their coursework.

The program in secondary education prepares students to teach children in a variety of urban and suburban educational settings, including public and private middle and high schools. Students follow a general pattern of study for middle school and high school levels. In all cases, appropriate field experience plays an integral role. The program combines theoretical principles of education and field work with the student's choice of major.
Graduates earn the Master of Arts or Master of Education degree and are qualified for secondary school certification. Yet, not all graduates follow a career in teaching. A number of DePaul graduates in secondary education work in diverse settings such as museums, corporations, media, and the arts.

**Certification**

Type 09 Secondary Education Mathematics (grades 9-12 or grades 6-12) Illinois State Board of Education (ISBE) approved program

---

**Admission Information**

Students are conditionally admitted to the College of Education as a pre-education student. There are additional requirements to reach Advanced Standing in your program in the College of Education.

**Admission Requirements for Pre-Education Status**

- A completed College of Education graduate application
- A bachelor's degree conferred by an accredited, recognized institution
- A previous grade point average of 2.75 or above on a 4.0 scale
- Two letters of recommendation from professors or supervisors
- One official transcript from each college or university attended
- Statement of purpose (see application for details)
- Interview with faculty program advisor, upon request
- Evidence of adequate background for the program
- Resume

**College Requirements**

**Dispositions**

The academic programs within the College of Education have set forth these dispositions as educational and professional expectations for all students. Students should be aware that failing to abide by DePaul University or College of Education policies including, under certain circumstances, these dispositions, could result in adverse consequences for the student, including removal from his or her program, the College of Education, or the University.

- Reflects on progress and identifies strengths and weaknesses, including evaluating strategies for success, finding alternatives for inappropriate strategies, and modifying future practices
- Is receptive to faculty feedback and acts meaningfully and professionally upon suggestions
- Values critical thinking, including engaging theoretical and philosophical frameworks and shows evidence of critical thinking through discussion and writing (e.g., journals, response to prompts)
- Understands the importance of and is committed to communicating clearly orally and in writing both in traditional and in new and emerging digital formats
- Values and is committed to continually developing strong content area knowledge and/or knowledge of the professional field, including pedagogical content knowledge
- Takes initiative, uses imagination and creativity, and seeks out information using a variety of human and material resources and technology to inform his or her teaching
- Is aware of the role of classroom environment and uses management procedures that reflect respect and care for learners and concern for their emotional and physical well being
- Takes the time and effort needed to understand how students learn, including discovering their interests and experiences and determining how to shape teaching acts (using technology as appropriate) that
engage learners meaningfully and actively
- Values and is committed to using assessment to evaluate and ensure the continuous intellectual, social, emotional, and physical development of the learner
- Respects and considers cultural contexts in order to determine how to be responsive to learners and to proactively promote all students' learning
- Values and is responsive to diverse learners' academic, emotional, and social needs through teaching acts (including careful instructional planning, implementation, and differentiation) and through everyday interactions with students
- Is committed to collaboration with colleagues, families, and communities in order to promote all students' learning and development
- Recognizes and fulfills professional responsibilities and habits of conduct (e.g., dress, language, preparedness, attendance, punctuality, etc.)
- Demonstrates collegiality, honesty, good judgment, courtesy, respect, and diplomacy
- Balances self-confidence and assertiveness with respect for others' perspectives
- Respects the requirements, expectations, and procedures of both the College of Education and of our field partners and appreciates the issues of trust, fairness, and professionalism involved

**Advanced Standing**

Students are conditionally admitted to the College of Education. There are additional requirements to reach Advanced Standing in your program in the College of Education. Requirements must be met to progress in the major and take courses in the Advanced Standing category.

Advanced Standing requirements are:

- Maintain a DePaul Graduate 3.00 GPA
- Pass the Illinois Certification Basic Skills Test or Test of Academic Proficiency (TAP)
- Pass the COE basic computer competency assessment (EDU 25 registration required)
- Pass the minimum of 8 credit hours
- Submit a petition for advanced standing form

Students should attempt to complete the Advanced Standing requirements soon after beginning the program. There is no time limit to meet these criteria; however, students will only be able to take pre-education courses until requirements have been met. Students can also take liberal studies or content area courses before or after meeting Advanced Standing requirements.

**Certification Tests**

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate.

**Field Experiences**

Each student seeking certification from the College of Education / Professional Education Unit must complete supervised field experiences in appropriate settings in conjunction with education courses. The field experiences must include a variety of grade levels, multicultural experiences, and a minimum of 15 hours in special education settings. All field experiences must be completed prior to final approval for student teaching. Field experience hours should be entered by the student into the FEDS system when completing courses with field experience requirements.

**Endorsements**

An endorsement is a subject area that you can qualify for to teach full time, in addition to your main certification area. Endorsements are issued at three levels: primary, middle school, and high school.

The Illinois State Board of Education (ISBE) issues endorsements in various subject areas. To view the full list and requirements, visit the ISBE website.

Qualifying for an endorsement at the middle school level requires 18 semester hours (27 quarter hours) in a teachable subject area and complete SCG 439. Some areas (like math) have specifically required courses. Courses must have a grade of C or better to qualify for endorsements and must be earned credit listed on a college transcript.

Consult with your advisor regarding endorsements. DePaul will only recommend individuals for endorsements in the following middle school areas: Arabic, art, biological science, Chinese, French, general science, German, Italian, Japanese, language arts, math, physical science, social science, and Spanish.

Endorsement requirements for the primary level are identical to the middle school requirements except that they do not require SCG 439. There are a limited number of areas available at the primary level.
Qualifying for most endorsements at the high school level requires 24 semester hours (48 quarter hours) in a teachable subject area* and passing the relevant content area test. DePaul will only recommend individuals for endorsements in the following high school areas: art, Arabic, Chinese, English, French, German, Italian, Japanese, math, Russian, science**, social science**, and Spanish.

* Exceptions to the basic requirements for high school level endorsements include the subject areas of foreign language, science, and social science. For foreign language, 32 semester hours (48 quarter hours) OR the content area test in the language is required.

**For science and social science, 32 semester hours (48 quarter hours) in the broad area of either science or social science, and 12 semester hours in the specific endorsement designation area, plus the content area test are required. To qualify for additional science and social science designations, individuals applying after February 1, 2012 need both the content test and 12 semester hours in the additional designation area.

Student Teaching Requirements

Student Teaching is the culminating clinical experience in the student's program. All students in teacher preparation programs must meet the following requirements before applying for student teaching:

Academic Requirements:
- Completion of all Pre-Education, Advanced Standing, Content Area, and Graduate level Content Area courses
- Overall cumulative G.P.A. of 3.00 or better
- Cumulative G.P.A. of 2.75 or better in all education courses
- Meet all other program requirements (e.g., residency requirements)
- Meet designated program standards
- Pass the required Illinois certification content area test

Clinical Requirements:
- Completion of all required field experiences
- Three satisfactory evaluations in field experiences
- Three satisfactory faculty recommendations
- Attendance at mandatory meeting for student teaching
- Application for student teaching, resume, transcripts, and writing sample (check deadlines)
- Review and approval by Student Teaching Committee of the College of Education

Student Teaching Timeline and Deadlines:
- Attend a Mandatory Meeting approximately 1 year prior to expected quarter of student teaching.
- Submit application for student teaching after attending Mandatory Meeting, approximately 1 year prior to student teaching.
- Academic requirements are due one quarter before expected quarter of student teaching.
- Clinical requirements are completed as course requirements. Field experience hours are entered by the student as coursework is completed.

Online Faculty Evaluations are entered by the instructor of relevant courses. All data must be entered in the Field Experience Documentation System (FEDS) due one month prior to student teaching.

Individual child care agencies and public and private school districts may have additional requirements (application, training, background check, etc.).

Degree Conferral and Graduation

The awarding of a degree is not automatic. You must submit an application to be considered for the degree. DePaul awards and posts degrees at the end of each regular academic term (autumn, winter, spring, summer I and summer II).

It is your responsibility to initiate the degree conferral application process by submitting an online application. Submitting an application means you intend to finish your degree requirements by the end of the term for which you have applied.

Graduate students must be approved for student teaching and complete student teaching, seminar, and induction courses to be cleared for the degree. Student must submit graduation application for the quarter you are completing the final course (student teaching is considered a course).

After you submit the application, you cannot register for any term after the one selected in the application.
Application deadlines are as follows:

- Fall Quarter - October 1st
- Winter Quarter - January 15th
- Spring Quarter - February 1st
- Summer I Quarter - June 1st
- Summer II Quarter - July 15th

To apply for degree conferral, log on to Campus Connection. Select FOR STUDENTS, then GRADUATION, then APPLY FOR DEGREE CONFERRAL. On screen instructions will take you through the application process.

Provided that all requirements and financial obligations are met, degrees are posted 30 days after the official end of the term. Official dates are listed on the Academic Calendar.

DePaul holds one commencement ceremony each year in June. If you intend to participate, you must first apply for degree conferral for the current academic year and then submit a cap and gown order. Honors are not announced at the ceremony for undergraduates completing their final courses in spring quarter because a final GPA is not available at the time of the ceremony.

Additional information about degree conferral and graduation can be found on the College of Education website.

**Certification**

Requirements for certification include completion of the full certification program and all certification tests (including OPI for world language majors). A bachelor's degree is required; a master's degree is not.

Individuals must submit an application directly to the Illinois State Board of Education after completion of requirements and after DePaul has submitted notification to ISBE. Application requirements include application form, application fee, official transcripts, and registration fee.

All individuals must meet ISBE requirements in place at the time of application for the certificate. Requirements are subject to change per the discretion of ISBE.

Individuals seeking additional endorsements after applying for the certificate must contact ISBE directly for an evaluation request.

**Degree Requirements**

**Content Area Courses**

All students need to have sufficient knowledge of the subject they will be teaching. Illinois State Board of Education requires a minimum of 48 quarter hours (32 semester hours) in the content area subject. Students should meet with their designated Content Area advisor at the beginning of their program for an official written content evaluation and provide a copy to your academic advisor. Requirements can be satisfied by undergraduate coursework or courses taken elsewhere. Content courses must be completed before student teaching.

**Requirements for Secondary Education Mathematics**

All coursework in the content area must earn a grade of C or better and a minimum of 18 quarter hours (12 semester hours) must be coursework at an undergraduate upper level or graduate level.

- Calculus I
- Calculus II
- Calculus III
- Intro to Math Reasoning OR Discrete Math I and Discrete Math II
- Multivariable Calculus I
- Multivariable Calculus II
- Linear Algebra
Course requirements

Pre-Education Introductory Courses: 16 quarter hours required

- EDU 25 BASIC TECHNOLOGY LITERACY (non-credit, non-tuition, PA grade required)
- T&L 424 INTRODUCTION TO SECONDARY EDUCATION
- T&L 425 CURRICULUM AND INSTRUCTION IN SECONDARY EDUCATION
- SCG 406 HUMAN DEVELOPMENT AND LEARNING: SECONDARY
- One course from the following list:
  - SCG 408 EDUCATION AND SOCIETY
  - SCG 409 SOCIOLOGY OF EDUCATION
  - SCG 411 PHILOSOPHY OF EDUCATION

Advanced Standing Courses: 16 quarter hours required

- SCG 410 INTRODUCTION TO RESEARCH: PURPOSES, ISSUES, AND METHODOLOGIES
- LSI 446 PSYCHOLOGY AND EDUCATION OF THE EXCEPTIONAL CHILD
- T&L 525 READING, WRITING, AND COMMUNICATING ACROSS THE CURRICULUM
- T&L 436 TEACHING AND LEARNING SECONDARY SCHOOL MATHEMATICS

**Note: Students matriculating in 2012-2013 and currently enrolled students who have not taken T&L 436 are advised to substitute TCH 473 for this course.

Graduate Level Content Area Course: 12 quarter hours required, grade of C or better required

Three courses in Mathematics at the graduate level are required. Courses must be taken before student teaching if pursuing degree (not required for individuals pursuing certification only). Courses must be approved by your Content Area Advisor prior to registration and requires graduate level registration.

- MAT 300 or 400 level math course 1
- MAT 300 or 400 level math course 2
- MAT 300 or 400 level math course 3

Student Teaching: 8 quarter hours required

Registration in student teaching requires completion of all requirements and procedures listed in the college core section. EDU 95 indicates to the Illinois State Board of Education that all field experience hours are complete.

- T&L 590 SECONDARY STUDENT TEACHING (6 hours, grade of B- or better required)
- T&L 591 SECONDARY STUDENT TEACHING SEMINAR (2 hours)
- EDU 95 CLINICAL EXPERIENCE WITH CHILDREN AND YOUTH (non-credit, non-tuition, PA grade required)

Induction Course: 4 quarter hours required

The induction year course is designed to assist students to negotiate the first year of teaching and aid in professional development. The induction course is a requirement for the degree, not a requirement for certification. This course must be taken at DePaul.

- T&L 611 INDUCTION INTO THE TEACHING PROFESSION: SECONDARY (required) **

**Note: Beginning Fall 2012, students may take T&L 611 before or after student teaching. Students matriculating Fall 2012 and currently enrolled students are advised to substitute TCH 483 for T&L 611.

Recommended/Optional Course

SCG 439 is required for middle school endorsements but is not required for the degree. If taking SCG 439 for certification/endorsement purposes, a grade of C or better is required.

- SCG 439 PHILOSOPHY AND PSYCHOLOGY OF YOUTH AND MIDDLE LEVEL EDUCATION
Master of Arts (M.A.) Degree Requirements: 4 quarter hours required

This is a Master of Arts degree requirement only. A master’s thesis is written to fulfill the requirements of this course. An oral examination on the thesis is required.

- T&L 589 THESIS RESEARCH IN TEACHING AND LEARNING

Certification Tests

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate. Secondary Education Mathematics majors must complete the following tests:

- Test of Academic Proficiency (TAP) (test #400) - assesses knowledge of reading comprehension, language arts, writing, and math. Test is required to qualify for Advanced Standing.
- Mathematics Content Area Test (test #115) – assesses knowledge of both the processes and applications of mathematics. Test is required before Student Teaching (deadlines apply)
- Assessment of Professional Teaching (APT) (test #103, grade 6-12) – assesses knowledge of teaching planning, delivery, assessment, professionalism, and technology. Test is required to be certified, recommended to take before Student Teaching.

Field Experiences

Each student seeking certification from the College of Education/Professional Education Unit must complete supervised field experiences in appropriate settings in conjunction with education courses. The field experiences must include a variety of grade levels, multicultural experiences, and a minimum of 15 hours in special education settings. All field experiences must be completed prior to final approval for student teaching. Field experience hours should be entered by the student into the FEDS system when completing courses with field experience requirements. For details on requirements, expectations, documentation, & courses in your program that require hours, visit the College of Education website.

Teaching and Learning: Secondary Education - Mathematics (MED)

The Department of Teacher Education prepares Urban Professional Multicultural Educators through an integrated program of courses and field experiences. Programs offered are designed for the preparation of future educators. The programs of study center around our commitment to excellence in teaching in today's diverse society through the investigation of significant educational issues, inquiry into student learning and effective teaching practices, and the use of technology in teaching and learning. We engage teacher candidates in critical reflection upon their practice throughout the program. We foster engagement in schools through our Partnership Schools and other school and agency affiliations. Upon completion of the program, teacher candidates measure themselves against the values of our guiding conceptual framework through the completion of professional portfolios. Values that are part of this framework include: commitment to social justice, critical pedagogy, and positive educational transformation within the context of a Vincentian personalism that honors the dignity of each person.

Students entering the program must be able and willing to devote themselves to a program requiring a minimum of 100-110 hours of daytime field experiences in schools. These school-based clinical hours are completed in conjunction with methodology courses that require students to spend daytime hours in schools. In addition, the student must spend a minimum of 10 weeks in full-time student teaching.

The program includes five distinctive features:

1. Becoming a teacher is viewed as a developmental process continuing at least through the first year of teaching
2. Multiculturalism is infused throughout the curriculum
3. Field experiences are an integral part of the curriculum
4. Students are exposed to a variety of educational theories
5. The program includes a research component as a basis for further professional development.
Students lacking undergraduate requirements in the content area they will be teaching will have to complete those requirements prior to student teaching. Both a content area advisor and an academic advisor will guide candidates in planning their coursework.

The program in secondary education prepares students to teach children in a variety of urban and suburban educational settings, including public and private middle and high schools. Students follow a general pattern of study for middle school and high school levels. In all cases, appropriate field experience plays an integral role. The program combines theoretical principles of education and field work with the student's choice of major. Graduates earn the Master of Arts or Master of Education degree and are qualified for secondary school certification. Yet, not all graduates follow a career in teaching. A number of DePaul graduates in secondary education work in diverse settings such as museums, corporations, media, and the arts.

Certification

Type 09 Secondary Education Mathematics (grades 9-12 or grades 6-12) Illinois State Board of Education (ISBE) approved program

Admission Information

Students are conditionally admitted to the College of Education as a pre-education student. There are additional requirements to reach Advanced Standing in your program in the College of Education.

Admission Requirements for Pre-Education Status

- A completed College of Education graduate application
- A bachelor's degree conferred by an accredited, recognized institution
- A previous grade point average of 2.75 or above on a 4.0 scale
- Two letters of recommendation from professors or supervisors
- One official transcript from each college or university attended
- Statement of purpose (see application for details)
- Interview with faculty program advisor, upon request
- Evidence of adequate background for the program
- Resume

College Requirements

Dispositions

The academic programs within the College of Education have set forth these dispositions as educational and professional expectations for all students. Students should be aware that failing to abide by DePaul University or College of Education policies including, under certain circumstances, these dispositions, could result in adverse consequences for the student, including removal from his or her program, the College of Education, or the University.

- Reflects on progress and identifies strengths and weaknesses, including evaluating strategies for success, finding alternatives for inappropriate strategies, and modifying future practices
- Is receptive to faculty feedback and acts meaningfully and professionally upon suggestions
- Values critical thinking, including engaging theoretical and philosophical frameworks and shows evidence of critical thinking through discussion and writing (e.g., journals, response to prompts)
- Understands the importance of and is committed to communicating clearly orally and in writing both in traditional and in new and emerging digital formats
• Values and is committed to continually developing strong content area knowledge and/or knowledge of the professional field, including pedagogical content knowledge
• Takes initiative, uses imagination and creativity, and seeks out information using a variety of human and material resources and technology to inform his or her teaching
• Is aware of the role of classroom environment and uses management procedures that reflect respect and care for learners and concern for their emotional and physical well being
• Takes the time and effort needed to understand how students learn, including discovering their interests and experiences and determining how to shape teaching acts (using technology as appropriate) that engage learners meaningfully and actively
• Values and is committed to using assessment to evaluate and ensure the continuous intellectual, social, emotional, and physical development of the learner
• Respects and considers cultural contexts in order to determine how to be responsive to learners and to proactively promote all students' learning
• Values and is responsive to diverse learners' academic, emotional, and social needs through teaching acts (including careful instructional planning, implementation, and differentiation) and through everyday interactions with students
• Is committed to collaboration with colleagues, families, and communities in order to promote all students' learning and development
• Recognizes and fulfills professional responsibilities and habits of conduct (e.g., dress, language, preparedness, attendance, punctuality, etc.)
• Demonstrates collegiality, honesty, good judgment, courtesy, respect, and diplomacy
• Balances self-confidence and assertiveness with respect for others' perspectives
• Respects the requirements, expectations, and procedures of both the College of Education and of our field partners and appreciates the issues of trust, fairness, and professionalism involved

Advanced Standing

Students are conditionally admitted to the College of Education. There are additional requirements to reach Advanced Standing in your program in the College of Education. Requirements must be met to progress in the major and take courses in the Advanced Standing category.

Advanced Standing requirements are:

• Maintain a DePaul Graduate 3.00 GPA
• Pass the Illinois Certification Basic Skills Test or Test of Academic Proficiency (TAP)
• Pass the COE basic computer competency assessment (EDU 25 registration required)
• Pass the minimum of 8 credit hours
• Submit a petition for advanced standing form

Students should attempt to complete the Advanced Standing requirements soon after beginning the program. There is no time limit to meet these criteria; however, students will only be able to take pre-education courses until requirements have been met. Students can also take liberal studies or content area courses before or after meeting Advanced Standing requirements.

Certification Tests

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate.

Field Experiences

Each student seeking certification from the College of Education / Professional Education Unit must complete supervised field experiences in appropriate settings in conjunction with education courses. The field experiences must include a variety of grade levels, multicultural experiences, and a minimum of 15 hours in special education settings. All field experiences must be completed prior to final approval for student teaching. Field experience hours should be entered by the student into the FEDS system when completing courses with field experience requirements.

Endorsements

An endorsement is a subject area that you can qualify for to teach full time, in addition to your main certification area. Endorsements are issued at three levels: primary, middle school, and high school.

The Illinois State Board of Education (ISBE) issues endorsements in various subject areas. To view the full list and requirements, visit the ISBE website.

Qualifying for an endorsement at the middle school level requires 18 semester hours (27 quarter hours) in a teachable subject area and complete SCG 439. Some areas (like math) have specifically required courses. Courses must have a grade of C or better to qualify for endorsements and must be earned credit listed on a
Consult with your advisor regarding endorsements. DePaul will only recommend individuals for endorsements in the following middle school areas: Arabic, art, biological science, Chinese, French, general science, German, Italian, Japanese, language arts, math, physical science, social science, and Spanish.

Endorsement requirements for the primary level are identical to the middle school requirements except that they do not require SCG 439. There are a limited number of areas available at the primary level.

Qualifying for most endorsements at the high school level requires 24 semester hours (48 quarter hours) in a teachable subject area* and passing the relevant content area test. DePaul will only recommend individuals for endorsements in the following high school areas: art, Arabic, Chinese, English, French, German, Italian, Japanese, math, Russian, science**, social science**, and Spanish.

* Exceptions to the basic requirements for high school level endorsements include the subject areas of foreign language, science, and social science. For foreign language, 32 semester hours (48 quarter hours) OR the content area test in the language is required.

**For science and social science, 32 semester hours (48 quarter hours) in the broad area of either science or social science, and 12 semester hours in the specific endorsement designation area, plus the content area test are required. To qualify for additional science and social science designations, individuals applying after February 1, 2012 need both the content test and 12 semester hours in the additional designation area.

Student Teaching Requirements

Student Teaching is the culminating clinical experience in the student's program. All students in teacher preparation programs must meet the following requirements before applying for student teaching:

Academic Requirements:

- Completion of all Pre-Education, Advanced Standing, Content Area, and Graduate level Content Area courses
- Overall cumulative G.P.A. of 3.00 or better
- Cumulative GPA. of 2.75 or better in all education courses
- Meet all other program requirements (e.g., residency requirements)
- Meet designated program standards
- Pass the required Illinois certification content area test

Clinical Requirements:

- Completion of all required field experiences
- Three satisfactory evaluations in field experiences
- Three satisfactory faculty recommendations
- Attendance at mandatory meeting for student teaching
- Application for student teaching, resume, transcripts, and writing sample (check deadlines)
- Review and approval by Student Teaching Committee of the College of Education

Student Teaching Timeline and Deadlines:

- Attend a Mandatory Meeting approximately 1 year prior to expected quarter of student teaching.
- Submit application for student teaching after attending Mandatory Meeting, approximately 1 year prior to student teaching.
- Academic requirements are due one quarter before expected quarter of student teaching.
- Clinical requirements are completed as course requirements. Field experience hours are entered by the student as coursework is completed.

Online Faculty Evaluations are entered by the instructor of relevant courses. All data must be entered in the Field Experience Documentation System (FEDS) due one month prior to student teaching.

Individual child care agencies and public and private school districts may have additional requirements (application, training, background check, etc.).

Degree Conferral and Graduation

The awarding of a degree is not automatic. You must submit an application to be considered for the degree. DePaul awards and posts degrees at the end of each regular academic term (autumn, winter, spring, summer I and summer II).

It is your responsibility to initiate the degree conferral application process by submitting an online application.
Submitting an application means you intend to finish your degree requirements by the end of the term for which you have applied.

Graduate students must be approved for student teaching and complete student teaching, seminar, and induction courses to be cleared for the degree. Student must submit graduation application for the quarter you are completing the final course (student teaching is considered a course).

After you submit the application, you cannot register for any term after the one selected in the application.

Application deadlines are as follows:
- Fall Quarter - October 1st
- Winter Quarter - January 15th
- Spring Quarter - February 1st
- Summer I Quarter - June 1st
- Summer II Quarter - July 15th

To apply for degree conferral, log on to Campus Connection. Select FOR STUDENTS, then GRADUATION, then APPLY FOR DEGREE CONFERRAL. On screen instructions will take you through the application process.

Provided that all requirements and financial obligations are met, degrees are posted 30 days after the official end of the term. Official dates are listed on the Academic Calendar.

DePaul holds one commencement ceremony each year in June. If you intend to participate, you must first apply for degree conferral for the current academic year and then submit a cap and gown order. Honors are not announced at the ceremony for undergraduates completing their final courses in spring quarter because a final GPA is not available at the time of the ceremony.

Additional information about degree conferral and graduation can be found on the College of Education website.

**Certification**

Requirements for certification include completion of the full certification program and all certification tests (including OPI for world language majors). A bachelor's degree is required; a master's degree is not.

Individuals must submit an application directly to the Illinois State Board of Education after completion of requirements and after DePaul has submitted notification to ISBE. Application requirements include application form, application fee, official transcripts, and registration fee.

All individuals must meet ISBE requirements in place at the time of application for the certificate. Requirements are subject to change per the discretion of ISBE.

Individuals seeking additional endorsements after applying for the certificate must contact ISBE directly for an evaluation request.

**Degree Requirements**

**Content Area Courses**

All students need to have sufficient knowledge of the subject they will be teaching. Illinois State Board of Education requires a minimum of 48 quarter hours (32 semester hours) in the content area subject. Students should meet with their designated Content Area advisor at the beginning of their program for an official written content evaluation and provide a copy to your academic advisor. Requirements can be satisfied by undergraduate coursework or courses taken elsewhere. Content courses must be completed before student teaching.

**Requirements for Secondary Education Mathematics**

All coursework in the content area must earn a grade of C or better and a minimum of 18 quarter hours (12
semester hours) must be coursework at an undergraduate upper level or graduate level.

- Calculus I
- Calculus II
- Calculus III
- Intro to Math Reasoning OR Discrete Math I and Discrete Math II
- Multivariable Calculus I
- Multivariable Calculus II
- Linear Algebra
- Programming Language
- Abstract Algebra I
- Theory of Numbers or Abstract Algebra II
- Geometry I
- Geometry II or Real Analysis I
- Probability & Statistics
- History of Mathematics

Course requirements

Pre-Education Introductory Courses: 16 quarter hours required

- EDU 25 BASIC TECHNOLOGY LITERACY (non-credit, non-tuition, PA grade required)
- T&L 424 INTRODUCTION TO SECONDARY EDUCATION
- T&L 425 CURRICULUM AND INSTRUCTION IN SECONDARY EDUCATION
- SCG 406 HUMAN DEVELOPMENT AND LEARNING:SECONDARY
- One course from the following list:
  - SCG 408 EDUCATION AND SOCIETY
  - SCG 409 SOCIOLOGY OF EDUCATION
  - SCG 411 PHILOSOPHY OF EDUCATION

Advanced Standing Courses: 16 quarter hours required

- SCG 410 INTRODUCTION TO RESEARCH: PURPOSES, ISSUES, AND METHODOLOGIES
- LSI 446 PSYCHOLOGY AND EDUCATION OF THE EXCEPTIONAL CHILD
- T&L 525 READING, WRITING, AND COMMUNICATING ACROSS THE CURRICULUM
- T&L 436 TEACHING AND LEARNING SECONDARY SCHOOL MATHEMATICS**

**Note: Students matriculating in 2012-2013 and currently enrolled students who have not taken T&L 436 are advised to substitute TCH 473 for this course.

Graduate Level Content Area Course: 12 quarter hours required, grade of C or better required

Three courses in Mathematics at the graduate level are required. Courses must be taken before student teaching if pursuing degree (not required for individuals pursuing certification only). Courses must be approved by your Content Area Advisor prior to registration and requires graduate level registration.

- MAT 300 or 400 level math course 1
- MAT 300 or 400 level math course 2
- MAT 300 or 400 level math course 3

Student Teaching: 8 quarter hours required

Registration in student teaching requires completion of all requirements and procedures listed in the college core section. EDU 95 indicates to the Illinois State Board of Education that all field experience hours are complete.

- T&L 590 SECONDARY STUDENT TEACHING (6 hours, grade of B- or better required)
- T&L 591 SECONDARY STUDENT TEACHING SEMINAR (2 hours)
- EDU 95 CLINICAL EXPERIENCE WITH CHILDREN AND YOUTH (non-credit, non-tuition, PA grade required)

Induction Course: 4 quarter hours required

The induction year course is designed to assist students to negotiate the first year of teaching and aid in professional development. The induction course is a requirement for the degree, not a requirement for certification. This course must be taken at DePaul.

- T&L 611 INDUCTION INTO THE TEACHING PROFESSION: SECONDARY(required) **
**Note:** Beginning Fall 2012, students may take T&L 611 before or after student teaching. Students matriculating Fall 2012 and currently enrolled students are advised to substitute TCH 483 for T&L 611.

**Recommended/Optional Course**

SCG 439 is required for middle school endorsements but is not required for the degree. If taking SCG 439 for certification/endorsement purposes, a grade of C or better is required.

- SCG 439 PHILOSOPHY AND PSYCHOLOGY OF YOUTH AND MIDDLE LEVEL EDUCATION

**Certification Tests**

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate. Secondary Education Mathematics majors must complete the following tests:

- Test of Academic Proficiency (TAP) (test #400) - assesses knowledge of reading comprehension, language arts, writing, and math. Test is required to qualify for Advanced Standing.
- Mathematics Content Area Test (test #115) – assesses knowledge of both the processes and applications of mathematics. Test is required before Student Teaching (deadlines apply)
- Assessment of Professional Teaching (APT) (test #103, grade 6-12) – assesses knowledge of teaching planning, delivery, assessment, professionalism, and technology. Test is required to be certified, recommended to take before Student Teaching.

**Field Experiences**

Each student seeking certification from the College of Education/Professional Education Unit must complete supervised field experiences in appropriate settings in conjunction with education courses. The field experiences must include a variety of grade levels, multicultural experiences, and a minimum of 15 hours in special education settings. All field experiences must be completed prior to final approval for student teaching. Field experience hours should be entered by the student into the FEDS system when completing courses with field experience requirements. For details on requirements, expectations, documentation, & courses in your program that require hours, visit the College of Education website.

**Teaching and Learning: Secondary Education - Physics (MA)**

The Department of Teacher Education prepares Urban Professional Multicultural Educators through an integrated program of courses and field experiences. Programs offered are designed for the preparation of future educators. The programs of study center around our commitment to excellence in teaching in today's diverse society through the investigation of significant educational issues, inquiry into student learning and effective teaching practices, and the use of technology in teaching and learning. We engage teacher candidates in critical reflection upon their practice throughout the program. We foster engagement in schools through our Partnership Schools and other school and agency affiliations. Upon completion of the program, teacher candidates measure themselves against the values of our guiding conceptual framework through the completion of professional portfolios. Values that are part of this framework include: commitment to social justice, critical pedagogy, and positive educational transformation within the context of a Vincentian personalism that honors the dignity of each person.

Students entering the program must be able and willing to devote themselves to a program requiring a minimum of 100-110 hours of daytime field experiences in schools. These school-based clinical hours are completed in conjunction with methodology courses that require students to spend daytime hours in schools. In addition, the student must spend a minimum of 10 weeks in full-time student teaching.

The program includes five distinctive features:

1. Becoming a teacher is viewed as a developmental process continuing at least through the first year of teaching
2. Multiculturalism is infused throughout the curriculum
3. Field experiences are an integral part of the curriculum
4. Students are exposed to a variety of educational theories
5. The program includes a research component as a basis for further professional development.

After you submit the application, you cannot register for any term after the one selected in the application.

Application deadlines are as follows:
- Fall Quarter - October 1st
- Winter Quarter - January 15th
- Spring Quarter - February 1st
- Summer I Quarter - June 1st
- Summer II Quarter - July 15th

To apply for degree conferral, log on to Campus Connection. Select FOR STUDENTS, then GRADUATION, then APPLY FOR DEGREE CONFERRAL. On screen instructions will take you through the application process.

Provided that all requirements and financial obligations are met, degrees are posted 30 days after the official end of the term. Official dates are listed on the Academic Calendar.

DePaul holds one commencement ceremony each year in June. If you intend to participate, you must first apply for degree conferral for the current academic year and then submit a cap and gown order. Honors are not announced at the ceremony for undergraduates completing their final courses in spring quarter because a final GPA is not available at the time of the ceremony.

Additional information about degree conferral and graduation can be found on the College of Education website.

**Certification**

Requirements for certification include completion of the full certification program and all certification tests (including OPI for world language majors). A bachelor's degree is required; a master's degree is not.

Individuals must submit an application directly to the Illinois State Board of Education after completion of requirements and after DePaul has submitted notification to ISBE. Application requirements include application form, application fee, official transcripts, and registration fee.

All individuals must meet ISBE requirements in place at the time of application for the certificate. Requirements are subject to change per the discretion of ISBE.

Individuals seeking additional endorsements after applying for the certificate must contact ISBE directly for an evaluation request.

**Degree Requirements**

**Content Area Courses**

All students need to have sufficient knowledge of the subject they will be teaching. Illinois State Board of Education requires a minimum of 48 quarter hours (32 semester hours) in the content area subject. Students should meet with their designated Content Area advisor at the beginning of their program for an official written content evaluation and provide a copy to your academic advisor. Requirements can be satisfied by undergraduate coursework or courses taken elsewhere. Content courses must be completed before student teaching.

**Requirements for Secondary Education Physics**

All coursework in the content area must earn a grade of C or better.
Course requirements

**Pre-Education Introductory Courses: 16 quarter hours required**

- EDU 25 BASIC TECHNOLOGY LITERACY (non-credit, non-tuition, PA grade required)
- T&L 424 INTRODUCTION TO SECONDARY EDUCATION
- T&L 425 CURRICULUM AND INSTRUCTION IN SECONDARY EDUCATION
- SCG 406 HUMAN DEVELOPMENT AND LEARNING: SECONDARY
- One course from the following list:
  - SCG 408 EDUCATION AND SOCIETY
  - SCG 409 SOCIOLOGY OF EDUCATION
  - SCG 411 PHILOSOPHY OF EDUCATION

**Advanced Standing Courses: 16 quarter hours required**

- SCG 410 INTRODUCTION TO RESEARCH: PURPOSES, ISSUES, AND METHODOLOGIES
- LSI 446 PSYCHOLOGY AND EDUCATION OF THE EXCEPTIONAL CHILD
- T&L 525 READING, WRITING, AND COMMUNICATING ACROSS THE CURRICULUM
- T&L 439 METHODS OF SECONDARY SCIENCE EDUCATION**

**Note: Students matriculating in 2012-2013 and currently enrolled students who have not taken T&L 439 are advised to substitute TCH 474 for this course.**

**Graduate Level Content Area Courses: 12 quarter hours required, grade of C or better required**

Three courses in Physics at the graduate level are required. Courses must be taken before student teaching if pursuing degree (not required for individuals pursuing certification only). Courses must be approved by your Content Area Advisor prior to registration and requires graduate level registration.

- PHY 300 or 400 level physics course 1
- PHY 300 or 400 level physics course 2
- PHY 300 or 400 level physics course 3

**Student Teaching: 8 quarter hours required**

Registration in student teaching requires completion of all requirements and procedures listed in the college core section. EDU 95 indicates to the Illinois State Board of Education that all field experience hours are complete.

- T&L 590 SECONDARY STUDENT TEACHING (6 hours, grade of B- or better required)
- T&L 591 SECONDARY STUDENT TEACHING SEMINAR (2 hours)
- EDU 95 CLINICAL EXPERIENCE WITH CHILDREN AND YOUTH (non-credit, non-tuition, PA grade required)

**Induction Course: 4 quarter hours required**

The induction year course is designed to assist students to negotiate the first year of teaching and aid in
professional development. The induction course is a requirement for the degree, not a requirement for certification. This course must be taken at DePaul.

- T&L 611 INDUCTION INTO THE TEACHING PROFESSION: SECONDARY(required) **

**Note: Beginning Fall 2012, students may take T&L 611 before or after student teaching. Students matriculating Fall 2012 and currently enrolled students are advised to substitute TCH 484 for T&L 611.

**Recommended/ Optional Course**

SCG 439 is required for middle school endorsements but is not required for the degree. If taking SCG 439 for certification/endorsement purposes, a grade of C or better is required.

- SCG 439 PHILOSOPHY AND PSYCHOLOGY OF YOUTH AND MIDDLE LEVEL EDUCATION

**Master of Arts (M.A.) Degree Requirements: 4 quarter hours required**

This is a Master of Arts degree requirement only. A master’s thesis is written to fulfill the requirements of this course. An oral examination on the thesis is required.

- T&L 589 THESIS RESEARCH IN TEACHING AND LEARNING

**Certification Tests**

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate. Secondary Education Physics majors must complete the following tests:

- Test of Academic Proficiency (TAP) (test #400) - assesses knowledge of reading comprehension, language arts, writing, and math. Test is required to qualify for Advanced Standing.
- Science: Physics Content Area Test (test #116) – assesses knowledge of both life and physical science, including Earth systems, technology, and the universe. Test is required before Student Teaching (deadlines apply)
- Assessment of Professional Teaching (APT) (test #103, grade 6-12) – assesses knowledge of teaching planning, delivery, assessment, professionalism, and technology. Test is required to be certified, recommended to take before Student Teaching.

**Field Experiences**

Each student seeking certification from the College of Education/ Professional Education Unit must complete supervised field experiences in appropriate settings in conjunction with education courses. The field experiences must include a variety of grade levels, multicultural experiences, and a minimum of 15 hours in special education settings. All field experiences must be completed prior to final approval for student teaching. Field experience hours should be entered by the student into the FEDS system when completing courses with field experience requirements. For details on requirements, expectations, documentation, & courses in your program that require hours, visit the College of Education website.

**Teaching and Learning: Secondary Education - Physics (MED)**

The Department of Teacher Education prepares Urban Professional Multicultural Educators through an integrated program of courses and field experiences. Programs offered are designed for the preparation of future educators. The programs of study center around our commitment to excellence in teaching in today’s diverse society through the investigation of significant educational issues, inquiry into student learning and effective teaching practices, and the use of technology in teaching and learning. We engage teacher candidates in critical reflection upon their practice throughout the program. We foster engagement in schools through our Partnership Schools and other school and agency affiliations. Upon completion of the program, teacher candidates measure themselves against the values of our guiding conceptual framework through the completion of professional portfolios. Values that are part of this framework include: commitment to social justice, critical pedagogy, and positive educational transformation within the context of a Vincentian personalism that honors the dignity of each person.

Students entering the program must be able and willing to devote themselves to a program requiring a
minimum of 100-110 hours of daytime field experiences in schools. These school-based clinical hours are completed in conjunction with methodology courses that require students to spend daytime hours in schools. In addition, the student must spend a minimum of 10 weeks in full-time student teaching.

The program includes five distinctive features:

1. Becoming a teacher is viewed as a developmental process continuing at least through the first year of teaching
2. Multiculturalism is infused throughout the curriculum
3. Field experiences are an integral part of the curriculum
4. Students are exposed to a variety of educational theories
5. The program includes a research component as a basis for further professional development.

Students lacking undergraduate requirements in the content area they will be teaching will have to complete those requirements prior to student teaching. Both a content area advisor and an academic advisor will guide candidates in planning their coursework.

The program in secondary education prepares students to teach children in a variety of urban and suburban educational settings, including public and private middle and high schools. Students follow a general pattern of study for middle school and high school levels. In all cases, appropriate field experience plays an integral role. The program combines theoretical principles of education and field work with the student's choice of major. Graduates earn the Master of Arts or Master of Education degree and are qualified for secondary school certification. Yet, not all graduates follow a career in teaching. A number of DePaul graduates in secondary education work in diverse settings such as museums, corporations, media, and the arts.

Certification

Type 09 Secondary Education Science-Physics (grades 9-12 or grades 6-12) Illinois State Board of Education (ISBE) approved program

Admission Information

Students are conditionally admitted to the College of Education as a pre-education student. There are additional requirements to reach Advanced Standing in your program in the College of Education.

Admission Requirements for Pre-Education Status

- A completed College of Education graduate application
- A bachelor's degree conferred by an accredited, recognized institution
- A previous grade point average of 2.75 or above on a 4.0 scale
- Two letters of recommendation from professors or supervisors
- One official transcript from each college or university attended
- Statement of purpose (see application for details)
- Interview with faculty program advisor, upon request
- Evidence of adequate background for the program
- Resume
College Requirements

Dispositions

The academic programs within the College of Education have set forth these dispositions as educational and professional expectations for all students. Students should be aware that failing to abide by DePaul University or College of Education policies including, under certain circumstances, these dispositions, could result in adverse consequences for the student, including removal from his or her program, the College of Education, or the University.

- Reflects on progress and identifies strengths and weaknesses, including evaluating strategies for success, finding alternatives for inappropriate strategies, and modifying future practices
- Is receptive to faculty feedback and acts meaningfully and professionally upon suggestions
- Values critical thinking, including engaging theoretical and philosophical frameworks and shows evidence of critical thinking through discussion and writing (e.g., journals, response to prompts)
- Understands the importance of and is committed to communicating clearly orally and in writing both in traditional and in new and emerging digital formats
- Values and is committed to continually developing strong content area knowledge and/or knowledge of the professional field, including pedagogical content knowledge
- Takes initiative, uses imagination and creativity, and seeks out information using a variety of human and material resources and technology to inform his or her teaching
- Is aware of the role of classroom environment and uses management procedures that reflect respect and care for learners and concern for their emotional and physical well being
- Takes the time and effort needed to understand how students learn, including discovering their interests and experiences and determining how to shape teaching acts (using technology as appropriate) that engage learners meaningfully and actively
- Values and is committed to using assessment to evaluate and ensure the continuous intellectual, social, emotional, and physical development of the learner
- Respects and considers cultural contexts in order to determine how to be responsive to learners and to proactively promote all students' learning
- Values and is responsive to diverse learners' academic, emotional, and social needs through teaching acts (including careful instructional planning, implementation, and differentiation) and through everyday interactions with students
- Is committed to collaboration with colleagues, families, and communities in order to promote all students' learning and development
- Recognizes and fulfills professional responsibilities and habits of conduct (e.g., dress, language, preparedness, attendance, punctuality, etc.)
- Demonstrates collegiality, honesty, good judgment, courtesy, respect, and diplomacy
- Balances self-confidence and assertiveness with respect for others' perspectives
- Respects the requirements, expectations, and procedures of both the College of Education and of our field partners and appreciates the issues of trust, fairness, and professionalism involved

Advanced Standing

Students are conditionally admitted to the College of Education. There are additional requirements to reach Advanced Standing in your program in the College of Education. Requirements must be met to progress in the major and take courses in the Advanced Standing category.

Advanced Standing requirements are:

- Maintain a DePaul Graduate 3.00 GPA
- Pass the Illinois Certification Basic Skills Test or Test of Academic Proficiency (TAP)
- Pass the COE basic computer competency assessment (EDU 25 registration required)
- Pass the minimum of 8 credit hours
- Submit a petition for advanced standing form

Students should attempt to complete the Advanced Standing requirements soon after beginning the program. There is no time limit to meet these criteria; however, students will only be able to take pre-education courses until requirements have been met. Students can also take liberal studies or content area courses before or after meeting Advanced Standing requirements.

Certification Tests

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate.
Field Experiences

Each student seeking certification from the College of Education / Professional Education Unit must complete supervised field experiences in appropriate settings in conjunction with education courses. The field experiences must include a variety of grade levels, multicultural experiences, and a minimum of 15 hours in special education settings. All field experiences must be completed prior to final approval for student teaching. Field experience hours should be entered by the student into the FEDS system when completing courses with field experience requirements.

Endorsements

An endorsement is a subject area that you can qualify for to teach full time, in addition to your main certification area. Endorsements are issued at three levels: primary, middle school, and high school.

The Illinois State Board of Education (ISBE) issues endorsements in various subject areas. To view the full list and requirements, visit the ISBE website.

Qualifying for an endorsement at the middle school level requires 18 semester hours (27 quarter hours) in a teachable subject area and complete SCG 439. Some areas (like math) have specifically required courses. Courses must have a grade of C or better to qualify for endorsements and must be earned credit listed on a college transcript.

Consult with your advisor regarding endorsements. DePaul will only recommend individuals for endorsements in the following middle school areas: Arabic, art, biological science, Chinese, French, general science, German, Italian, Japanese, language arts, math, physical science, social science, and Spanish.

Endorsement requirements for the primary level are identical to the middle school requirements except that they do not require SCG 439. There are a limited number of areas available at the primary level.

Qualifying for most endorsements at the high school level requires 24 semester hours (48 quarter hours) in a teachable subject area* and passing the relevant content area test. DePaul will only recommend individuals for endorsements in the following high school areas: art, Arabic, Chinese, English, French, German, Italian, Japanese, math, Russian, science**, social science**, and Spanish.

* Exceptions to the basic requirements for high school level endorsements include the subject areas of foreign language, science, and social science. For foreign language, 32 semester hours (48 quarter hours) OR the content area test in the language is required.

** For science and social science, 32 semester hours (48 quarter hours) in the broad area of either science or social science, and 12 semester hours in the specific endorsement designation area, plus the content area test are required. To qualify for additional science and social science designations, individuals applying after February 1, 2012 need both the content test and 12 semester hours in the additional designation area.

Student Teaching Requirements

Student Teaching is the culminating clinical experience in the student's program. All students in teacher preparation programs must meet the following requirements before applying for student teaching:

Academic Requirements:

- Completion of all Pre-Education, Advanced Standing, Content Area, and Graduate level Content Area courses
- Overall cumulative G.P.A. of 3.00 or better
- Cumulative GPA. of 2.75 or better in all education courses
- Meet all other program requirements (e.g., residency requirements)
- Meet designated program standards
- Pass the required Illinois certification content area test

Clinical Requirements:

- Completion of all required field experiences
- Three satisfactory evaluations in field experiences
- Three satisfactory faculty recommendations
- Attendance at mandatory meeting for student teaching
- Application for student teaching, resume, transcripts, and writing sample (check deadlines)
- Review and approval by Student Teaching Committee of the College of Education

Student Teaching Timeline and Deadlines:
Attend a Mandatory Meeting approximately 1 year prior to expected quarter of student teaching.
Submit application for student teaching after attending Mandatory Meeting, approximately 1 year prior to student teaching.
Academic requirements are due one quarter before expected quarter of student teaching.
Clinical requirements are completed as course requirements. Field experience hours are entered by the student as coursework is completed.

Online Faculty Evaluations are entered by the instructor of relevant courses. All data must be entered in the Field Experience Documentation System (FEDS) due one month prior to student teaching.

Individual child care agencies and public and private school districts may have additional requirements (application, training, background check, etc.).

**Degree Conferral and Graduation**

The awarding of a degree is not automatic. You must submit an application to be considered for the degree. DePaul awards and posts degrees at the end of each regular academic term (autumn, winter, spring, summer I and summer II).

It is your responsibility to initiate the degree conferral application process by submitting an online application. Submitting an application means you intend to finish your degree requirements by the end of the term for which you have applied.

Graduate students must be approved for student teaching and complete student teaching, seminar, and induction courses to be cleared for the degree. Student must submit graduation application for the quarter you are completing the final course (student teaching is considered a course).

After you submit the application, you cannot register for any term after the one selected in the application.

Application deadlines are as follows:

- **Fall Quarter** - October 1st
- **Winter Quarter** - January 15th
- **Spring Quarter** - February 1st
- **Summer I Quarter** - June 1st
- **Summer II Quarter** - July 15th

To apply for degree conferral, log on to Campus Connection. Select FOR STUDENTS, then GRADUATION, then APPLY FOR DEGREE CONFERRAL. On screen instructions will take you through the application process.

Provided that all requirements and financial obligations are met, degrees are posted 30 days after the official end of the term. Official dates are listed on the Academic Calendar.

DePaul holds one commencement ceremony each year in June. If you intend to participate, you must first apply for degree conferral for the current academic year and then submit a cap and gown order. Honors are not announced at the ceremony for undergraduates completing their final courses in spring quarter because a final GPA is not available at the time of the ceremony.

Additional information about degree conferral and graduation can be found on the College of Education website.

**Certification**

Requirements for certification include completion of the full certification program and all certification tests (including OPI for world language majors). A bachelor's degree is required; a master's degree is not.

Individuals must submit an application directly to the Illinois State Board of Education after completion of requirements and after DePaul has submitted notification to ISBE. Application requirements include application form, application fee, official transcripts, and registration fee.

All individuals must meet ISBE requirements in place at the time of application for the certificate. Requirements are subject to change per the discretion of ISBE.

Individuals seeking additional endorsements after applying for the certificate must contact ISBE directly for an evaluation request.
Degree Requirements

Content Area Courses

All students need to have sufficient knowledge of the subject they will be teaching. Illinois State Board of Education requires a minimum of 48 quarter hours (32 semester hours) in the content area subject. Students should meet with their designated Content Area advisor at the beginning of their program for an official written content evaluation and provide a copy to your academic advisor. Requirements can be satisfied by undergraduate coursework or courses taken elsewhere. Content courses must be completed before student teaching.

Requirements for Secondary Education Physics

All coursework in the content area must earn a grade of C or better.

- Physics I
- Physics II
- Physics III
- Physics IV
- Meth of Computational & Theoretical Phys I
- Meth of Computational & Theoretical Phys II
- Physics Elective
- Physics Elective
- Physics Elective
- Physics Elective
- Mechanics
- Calculus I
- Calculus II
- Calculus III
- Multivariable Analysis & Linear Algebra I
- Multivariable Analysis & Linear Algebra II
- General Chemistry I
- General Chemistry II
- General Chemistry III

Course requirements

Pre-Education Introductory Courses: 16 quarter hours required

- EDU 25 BASIC TECHNOLOGY LITERACY (non-credit, non-tuition, PA grade required)
- T&L 424 INTRODUCTION TO SECONDARY EDUCATION
- T&L 425 CURRICULUM AND INSTRUCTION IN SECONDARY EDUCATION
- SCG 406 HUMAN DEVELOPMENT AND LEARNING: SECONDARY
- One course from the following list:
  - SCG 408 EDUCATION AND SOCIETY
  - SCG 409 SOCIOLOGY OF EDUCATION
  - SCG 411 PHILOSOPHY OF EDUCATION

Advanced Standing Courses: 16 quarter hours required

- SCG 410 INTRODUCTION TO RESEARCH: PURPOSES, ISSUES, AND METHODOLOGIES
- LSI 446 PSYCHOLOGY AND EDUCATION OF THE EXCEPTIONAL CHILD
- T&L 525 READING, WRITING, AND COMMUNICATING ACROSS THE CURRICULUM
- T&L 439 METHODS OF SECONDARY SCIENCE EDUCATION**

**Note: Students matriculating in 2012-2013 and currently enrolled students who have not taken T&L 439 are advised to substitute TCH 474 for this course.

Graduate Level Content Area Courses: 12 quarter hours required, grade of C or better required

Three courses in Physics at the graduate level are required. Courses must be taken before student teaching if
pursuing degree (not required for individuals pursuing certification only). Courses must be approved by your Content Area Advisor prior to registration and requires graduate level registration.

- PHY 300 or 400 level physics course 1
- PHY 300 or 400 level physics course 2
- PHY 300 or 400 level physics course 3

**Student Teaching: 8 quarter hours required**

Registration in student teaching requires completion of all requirements and procedures listed in the college core section. EDU 95 indicates to the Illinois State Board of Education that all field experience hours are complete.

- T&L 590 SECONDARY STUDENT TEACHING (6 hours, grade of B- or better required)
- T&L 591 SECONDARY STUDENT TEACHING SEMINAR (2 hours)
- EDU 95 CLINICAL EXPERIENCE WITH CHILDREN AND YOUTH (non-credit, non-tuition, PA grade required)

**Induction Course: 4 quarter hours required**

The induction year course is designed to assist students to negotiate the first year of teaching and aid in professional development. The induction course is a requirement for the degree, not a requirement for certification. This course must be taken at DePaul.

- T&L 611 INDUCTION INTO THE TEACHING PROFESSION: SECONDARY (required) **

**Note: Beginning Fall 2012, students may take T&L 611 before or after student teaching. Students matriculating Fall 2012 and currently enrolled students are advised to substitute TCH 484 for T&L 611.

**Recommended/Optional Course**

SCG 439 is required for middle school endorsements but is not required for the degree. If taking SCG 439 for certification/endorsement purposes, a grade of C or better is required.

- SCG 439 PHILOSOPHY AND PSYCHOLOGY OF YOUTH AND MIDDLE LEVEL EDUCATION

**Certification Tests**

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate. Secondary Education Physics majors must complete the following tests:

- Test of Academic Proficiency (TAP) (test #400) - assesses knowledge of reading comprehension, language arts, writing, and math. Test is required to qualify for Advanced Standing.
- Science: Physics Content Area Test (test #116) – assesses knowledge of both life and physical science, including Earth systems, technology, and the universe. Test is required before Student Teaching (deadlines apply)
- Assessment of Professional Teaching (APT) (test #103, grade 6-12) – assesses knowledge of teaching planning, delivery, assessment, professionalism, and technology. Test is required to be certified, recommended to take before Student Teaching.

**Field Experiences**

Each student seeking certification from the College of Education/Professional Education Unit must complete supervised field experiences in appropriate settings in conjunction with education courses. The field experiences must include a variety of grade levels, multicultural experiences, and a minimum of 15 hours in special education settings. All field experiences must be completed prior to final approval for student teaching. Field experience hours should be entered by the student into the FEDS system when completing courses with field experience requirements. For details on requirements, expectations, documentation, & courses in your program that require hours, visit the College of Education website.
Teaching and Learning: Secondary Education - Social Science (MA)

The Department of Teacher Education prepares Urban Professional Multicultural Educators through an integrated program of courses and field experiences. Programs offered are designed for the preparation of future educators. - Balances self-confidence and assertiveness with respect for others' perspectives
- Respects the requirements, expectations, and procedures of both the College of Education and of our field partners and appreciates the issues of trust, fairness, and professionalism involved

Advanced Standing

Students are conditionally admitted to the College of Education. There are additional requirements to reach Advanced Standing in your program in the College of Education. Requirements must be met to progress in the major and take courses in the Advanced Standing category.

Advanced Standing requirements are:

- Maintain a DePaul Graduate 3.00 GPA
- Pass the Illinois Certification Basic Skills Test or Test of Academic Proficiency (TAP)
- Pass the COE basic computer competency assessment (EDU 25 registration required)
Pass the minimum of 8 credit hours
Submit a petition for advanced standing form

Students should attempt to complete the Advanced Standing requirements soon after beginning the program. There is no time limit to meet these criteria; however, students will only be able to take pre-education courses until requirements have been met. Students can also take liberal studies or content area courses before or after meeting Advanced Standing requirements.

Certification Tests

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate.

Field Experiences

Each student seeking certification from the College of Education / Professional Education Unit must complete supervised field experiences in appropriate settings in conjunction with education courses. The field experiences must include a variety of grade levels, multicultural experiences, and a minimum of 15 hours in special education settings. All field experiences must be completed prior to final approval for student teaching. Field experience hours should be entered by the student into the FEDS system when completing courses with field experience requirements.

Endorsements

An endorsement is a subject area that you can qualify for to teach full time, in addition to your main certification area. Endorsements are issued at three levels: primary, middle school, and high school.

The Illinois State Board of Education (ISBE) issues endorsements in various subject areas. To view the full list and requirements, visit the ISBE website.

Qualifying for an endorsement at the middle school level requires 18 semester hours (27 quarter hours) in a teachable subject area and complete SCG 439. Some areas (like math) have specifically required courses. Courses must have a grade of C or better to qualify for endorsements and must be earned credit listed on a college transcript.

Consult with your advisor regarding endorsements. DePaul will only recommend individuals for endorsements in the following middle school areas: Arabic, art, biological science, Chinese, French, general science, German, Italian, Japanese, language arts, math, physical science, social science, and Spanish.

Endorsement requirements for the primary level are identical to the middle school requirements except that they do not require SCG 439. There are a limited number of areas available at the primary level.

Qualifying for most endorsements at the high school level requires 24 semester hours (48 quarter hours) in a teachable subject area* and passing the relevant content area test. DePaul will only recommend individuals for endorsements in the following high school areas: art, Arabic, Chinese, English, French, German, Italian, Japanese, math, Russian, science**, social science**, and Spanish.

* Exceptions to the basic requirements for high school level endorsements include the subject areas of foreign language, science, and social science. For foreign language, 32 semester hours (48 quarter hours) OR the content area test in the language is required.

** For science and social science, 32 semester hours (48 quarter hours) in the broad area of either science or social science, and 12 semester hours in the specific endorsement designation area, plus the content area test are required. To qualify for additional science and social science designations, individuals applying after February 1, 2012 need both the content test and 12 semester hours in the additional designation area.

Student Teaching Requirements

Student Teaching is the culminating clinical experience in the student's program. All students in teacher preparation programs must meet the following requirements before applying for student teaching:

Academic Requirements:

- Completion of all Pre-Education, Advanced Standing, Content Area, and Graduate level Content Area courses
- Overall cumulative G.P.A. of 3.00 or better
- Cumulative GPA of 2.75 or better in all education courses
- Meet all other program requirements (e.g., residency requirements)
- Meet designated program standards
• Pass the required Illinois certification content area test

**Clinical Requirements:**

• Completion of all required field experiences
• Three satisfactory evaluations in field experiences
• Three satisfactory faculty recommendations
• Attendance at mandatory meeting for student teaching
• Application for student teaching, resume, transcripts, and writing sample (check deadlines)
• Review and approval by Student Teaching Committee of the College of Education

**Student Teaching Timeline and Deadlines:**

• Attend a Mandatory Meeting approximately 1 year prior to expected quarter of student teaching.
• Submit application for student teaching after attending Mandatory Meeting, approximately 1 year prior to student teaching.
• Academic requirements are due one quarter before expected quarter of student teaching.
• Clinical requirements are completed as course requirements. Field experience hours are entered by the student as coursework is completed.

Online Faculty Evaluations are entered by the instructor of relevant courses. All data must be entered in the Field Experience Documentation System (FEDS) due one month prior to student teaching.

Individual child care agencies and public and private school districts may have additional requirements (application, training, background check, etc.).

**Degree Conferral and Graduation**

The awarding of a degree is not automatic. You must submit an application to be considered for the degree. DePaul awards and posts degrees at the end of each regular academic term (autumn, winter, spring, summer I and summer II).

It is your responsibility to initiate the degree conferral application process by submitting an online application. Submitting an application means you intend to finish your degree requirements by the end of the term for which you have applied.

Graduate students must be approved for student teaching and complete student teaching, seminar, and induction courses to be cleared for the degree. Student must submit graduation application for the quarter you are completing the final course (student teaching is considered a course).

- Summer II Quarter - July 15th

To apply for degree conferral, log on to Campus Connection. Select FOR STUDENTS, then GRADUATION, then APPLY FOR DEGREE CONFERRAL. On screen instructions will take you through the application process.

Provided that all requirements and financial obligations are met, degrees are posted 30 days after the official end of the term. Official dates are listed on the Academic Calendar.

DePaul holds one commencement ceremony each year in June. If you intend to participate, you must first apply for degree conferral for the current academic year and then submit a cap and gown order. Honors are not announced at the ceremony for undergraduates completing their final courses in spring quarter because a final GPA is not available at the time of the ceremony.

Additional information about degree conferral and graduation can be found on the College of Education website.

**Certification**

Requirements for certification include completion of the full certification program and all certification tests (including OPI for world language majors). A bachelor's degree is required; a master's degree is not.

Individuals must submit an application directly to the Illinois State Board of Education after completion of requirements and after DePaul has submitted notification to ISBE. Application requirements include application form, application fee, official transcripts, and registration fee.
All individuals must meet ISBE requirements in place at the time of application for the certificate. Requirements are subject to change per the discretion of ISBE.

Individuals seeking additional endorsements after applying for the certificate must contact ISBE directly for an evaluation request.

Degree Requirements

Content Area Courses

All students need to have sufficient knowledge of the subject they will be teaching. Illinois State Board of Education requires a minimum of 48 quarter hours (32 semester hours) in the content area subject. Students should meet with their designated Content Area advisor at the beginning of their program for an official written content evaluation and provide a copy to your academic advisor. Requirements can be satisfied by undergraduate coursework or courses taken elsewhere. Content courses must be completed before student teaching.

Requirements for Secondary Education Social Science

All coursework in the content area must earn a grade of C or better.

- US History I
- US History II
- US History – upper level
- US History – upper level
- World History I
- World History II
- Non-US, World History – upper level
- Non-US, World History – upper level
- Secondary Field (6 courses minimum): Choose single field from Anthropology, Economics, Geography, Political Science, Psychology, or Sociology.

Additional certification requirements

- One course in each area required
  - Geography
  - Economics
  - Political Science
  - Sociology/Anthropology

Course Requirements

Pre-Education Introductory Courses: 16 quarter hours required

- EDU 25 BASIC TECHNOLOGY LITERACY (non-credit, non-tuition, PA grade required)
- T&L 424 INTRODUCTION TO SECONDARY EDUCATION
- T&L 425 CURRICULUM AND INSTRUCTION IN SECONDARY EDUCATION
- SCG 406 HUMAN DEVELOPMENT AND LEARNING: SECONDARY
- One course from the following list:
  - SCG 408 EDUCATION AND SOCIETY
  - SCG 409 SOCIOLOGY OF EDUCATION
  - SCG 411 PHILOSOPHY OF EDUCATION

Advanced Standing Courses: 20 quarter hours required

- SCG 410 INTRODUCTION TO RESEARCH: PURPOSES, ISSUES, AND METHODOLOGIES
Graduate Level Content Area Courses: 8 quarter hours required

Two courses in History or the Social Sciences the graduate level are required. Courses must be taken before student teaching if pursuing degree (not required for individuals pursuing certification only). Courses must be approved by your Content Area Advisor prior to registration and requires graduate level registration.

- HST 300 or 400 level history or social science course 1
- HST 300 or 400 level history or social science course 2

Student Teaching: 8 quarter hours required

Registration in student teaching requires completion of all requirements and procedures listed in the college core section. EDU 95 indicates to the Illinois State Board of Education that all field experience hours are complete.

- T&L 590 SECONDARY STUDENT TEACHING (6 hours, grade of B- or better required)
- T&L 591 SECONDARY STUDENT TEACHING SEMINAR (2 hours)
- EDU 95 CLINICAL EXPERIENCE WITH CHILDREN AND YOUTH (non-credit, non-tuition, PA grade required)

Induction Course: 4 quarter hours required

The induction year course is designed to assist students to negotiate the first year of teaching and aid in professional development. The induction course is a requirement for the degree, not a requirement for certification. This course must be taken at DePaul.

- T&L 611 INDUCTION INTO THE TEACHING PROFESSION: SECONDARY(required) **

**Note: Beginning Fall 2012, students may take T&L 611 before or after student teaching. Students matriculating Fall 2012 and currently enrolled students are advised to substitute TCH 482 for T&L 611.

Recommended/Optional Course

SCG 439 is required for middle school endorsements but is not required for the degree. If taking SCG 439 for certification/endorsement purposes, a grade of C or better is required.

- SCG 439 PHILOSOPHY AND PSYCHOLOGY OF YOUTH AND MIDDLE LEVEL EDUCATION

Master of Arts (M.A.) Degree Requirements: 4 quarter hours required

This is a Master of Arts degree requirement only. A master’s thesis is written to fulfill the requirements of this course. An oral examination on the thesis is required.

- T&L 589 THESIS RESEARCH IN TEACHING AND LEARNING

Certification Tests

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate. Secondary Education Social Science majors must complete the following tests:

- Test of Academic Proficiency (TAP) (test #400) - assesses knowledge of reading comprehension, language arts, writing, and math. Test is required to qualify for Advanced Standing.
- Social Science: History Content Area Test (test #114) – assesses and measures the candidate's core knowledge across history and social science fields. Test is required before Student Teaching (deadlines apply)
- Assessment of Professional Teaching (APT) (test #103, grade 6-12) – assesses knowledge of teaching planning, delivery, assessment, professionalism, and technology. Test is required to be certified, recommended to take before Student Teaching.

Field Experiences

Each student seeking certification from the College of Education/Professional Education Unit must complete
supervised field experiences in appropriate settings in conjunction with education courses. The field experiences must include a variety of grade levels, multicultural experiences, and a minimum of 15 hours in special education settings. All field experiences must be completed prior to final approval for student teaching. Field experience hours should be entered by the student into the FEDS system when completing courses with field experience requirements. For details on requirements, expectations, documentation, & courses in your program that require hours, visit the College of Education website.

Teaching and Learning: Secondary Education - Social Science (MED)

The Department of Teacher Education prepares Urban Professional Multicultural Educators through an integrated program of courses and field experiences. Programs offered are designed for the preparation of future educators. The programs of study center around our commitment to excellence in teaching in today's diverse society through the investigation of significant educational issues, inquiry into student learning and effective teaching practices, and the use of technology in teaching and learning. We engage teacher candidates in critical reflection upon their practice throughout the program. We foster engagement in schools through our Partnership Schools and other school and agency affiliations. Upon completion of the program, teacher candidates measure themselves against the values of our guiding conceptual framework through the completion of professional portfolios. Values that are part of this framework include: commitment to social justice, critical pedagogy, and positive educational transformation within the context of a Vincentian personalism that honors the dignity of each person.

Students entering the program must be able and willing to devote themselves to a program requiring a minimum of 100-110 hours of daytime field experiences in schools. These school-based clinical hours are completed in conjunction with methodology courses that require students to spend daytime hours in schools. In addition, the student must spend a minimum of 10 weeks in full-time student teaching.

The program includes five distinctive features:

1. Becoming a teacher is viewed as a developmental process continuing at least through the first year of teaching
2. Multiculturalism is infused throughout the curriculum
3. Field experiences are an integral part of the curriculum
4. Students are exposed to a variety of educational theories
5. The program includes a research component as a basis for further professional development.

Students lacking undergraduate requirements in the content area they will be teaching will have to complete those requirements prior to student teaching. Both a content area advisor and an academic advisor will guide candidates in planning their coursework.

The program in secondary education prepares students to teach children in a variety of urban and suburban educational settings, including public and private middle and high schools. Students follow a general pattern of study for middle school and high school levels. In all cases, appropriate field experience plays an integral role. The program combines theoretical principles of education and field work with the student's choice of major. Graduates earn the Master of Arts or Master of Education degree and are qualified for secondary school certification. Yet, not all graduates follow a career in teaching. A number of DePaul graduates in secondary education work in diverse settings such as museums, corporations, media, and the arts.

Certification

Type 09 Secondary Education Social Science-History (grades 9-12 or grades 6-12) Illinois State Board of Education (ISBE) approved program
Admission Information

Students are conditionally admitted to the College of Education as a pre-education student. There are additional requirements to reach Advanced Standing in your program in the College of Education.

Admission Requirements for Pre-Education Status

- A completed College of Education graduate application
- A bachelor's degree conferred by an accredited, recognized institution
- A previous grade point average of 2.75 or above on a 4.0 scale
- Two letters of recommendation from professors or supervisors
- One official transcript from each college or university attended
- Statement of purpose (see application for details)
- Interview with faculty program advisor, upon request
- Evidence of adequate background for the program
- Resume

College Requirements

Dispositions

The academic programs within the College of Education have set forth these dispositions as educational and professional expectations for all students. Students should be aware that failing to abide by DePaul University or College of Education policies including, under certain circumstances, these dispositions, could result in adverse consequences for the student, including removal from his or her program, the College of Education, or the University.

- Reflects on progress and identifies strengths and weaknesses, including evaluating strategies for success, finding alternatives for inappropriate strategies, and modifying future practices
- Is receptive to faculty feedback and acts meaningfully and professionally upon suggestions
- Values critical thinking, including engaging theoretical and philosophical frameworks and shows evidence of critical thinking through discussion and writing (e.g., journals, response to prompts)
- Understands the importance of and is committed to communicating clearly orally and in writing both in traditional and in new and emerging digital formats
- Values and is committed to continually developing strong content area knowledge and/or knowledge of the professional field, including pedagogical content knowledge
- Takes initiative, uses imagination and creativity, and seeks out information using a variety of human and material resources and technology to inform his or her teaching
- Is aware of the role of classroom environment and uses management procedures that reflect respect and care for learners and concern for their emotional and physical well being
- Takes the time and effort needed to understand how students learn, including discovering their interests and experiences and determining how to shape teaching acts (using technology as appropriate) that engage learners meaningfully and actively
- Values and is committed to using assessment to evaluate and ensure the continuous intellectual, social, emotional, and physical development of the learner
- Respects and considers cultural contexts in order to determine how to be responsive to learners and to proactively promote all students' learning
- Values and is responsive to diverse learners' academic, emotional, and social needs through teaching acts (including careful instructional planning, implementation, and differentiation) and through everyday interactions with students
- Is committed to collaboration with colleagues, families, and communities in order to promote all students' learning and development
- Recognizes and fulfills professional responsibilities and habits of conduct (e.g., dress, language, preparedness, attendance, punctuality, etc.)
- Demonstrates collegiality, honesty, good judgment, courtesy, respect, and diplomacy
- Balances self-confidence and assertiveness with respect for others' perspectives
Advanced Standing

Students are conditionally admitted to the College of Education. There are additional requirements to reach Advanced Standing in your program in the College of Education. Requirements must be met to progress in the major and take courses in the Advanced Standing category.

Advanced Standing requirements are:

- Maintain a DePaul Graduate 3.00 GPA
- Pass the Illinois Certification Basic Skills Test or Test of Academic Proficiency (TAP)
- Pass the COE basic computer competency assessment (EDU 25 registration required)
- Pass the minimum of 8 credit hours
- Submit a petition for advanced standing form

Students should attempt to complete the Advanced Standing requirements soon after beginning the program. There is no time limit to meet these criteria; however, students will only be able to take pre-education courses until requirements have been met. Students can also take liberal studies or content area courses before or after meeting Advanced Standing requirements.

Certification Tests

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate.

Field Experiences

Each student seeking certification from the College of Education / Professional Education Unit must complete supervised field experiences in appropriate settings in conjunction with education courses. The field experiences must include a variety of grade levels, multicultural experiences, and a minimum of 15 hours in special education settings. All field experiences must be completed prior to final approval for student teaching. Field experience hours should be entered by the student into the FEDS system when completing courses with field experience requirements.

Endorsements

An endorsement is a subject area that you can qualify for to teach full time, in addition to your main certification area. Endorsements are issued at three levels: primary, middle school, and high school.

The Illinois State Board of Education (ISBE) issues endorsements in various subject areas. To view the full list and requirements, visit the ISBE website.

Qualifying for an endorsement at the middle school level requires 18 semester hours (27 quarter hours) in a teachable subject area and complete SCG 439. Some areas (like math) have specifically required courses. Courses must have a grade of C or better to qualify for endorsements and must be earned credit listed on a college transcript.

Consult with your advisor regarding endorsements. DePaul will only recommend individuals for endorsements in the following middle school areas: Arabic, art, biological science, Chinese, French, general science, German, Italian, Japanese, language arts, math, physical science, social science, and Spanish.

Endorsement requirements for the primary level are identical to the middle school requirements except that they do not require SCG 439. There are a limited number of areas available at the primary level.

Qualifying for most endorsements at the high school level requires 24 semester hours (48 quarter hours) in a teachable subject area* and passing the relevant content area test. DePaul will only recommend individuals for endorsements in the following high school areas: art, Arabic, Chinese, English, French, German, Italian, Japanese, math, Russian, science**, social science**, and Spanish.

* Exceptions to the basic requirements for high school level endorsements include the subject areas of foreign language, science, and social science. For foreign language, 32 semester hours (48 quarter hours) OR the content area test in the language is required.

** For science and social science, 32 semester hours (48 quarter hours) in the broad area of either science or social science, and 12 semester hours in the specific endorsement designation area, plus the content area test are required. To qualify for additional science and social science designations, individuals applying after February 1, 2012 need both the content test and 12 semester hours in the additional designation area.
Student Teaching Requirements

Student Teaching is the culminating clinical experience in the student's program. All students in teacher preparation programs must meet the following requirements before applying for student teaching:

Academic Requirements:

- Completion of all Pre-Education, Advanced Standing, Content Area, and Graduate level Content Area courses
- Overall cumulative G.P.A. of 3.00 or better
- Cumulative GPA. of 2.75 or better in all education courses
- Meet all other program requirements (e.g., residency requirements)
- Meet designated program standards
- Pass the required Illinois certification content area test

Clinical Requirements:

- Completion of all required field experiences
- Three satisfactory evaluations in field experiences
- Three satisfactory faculty recommendations
- Attendance at mandatory meeting for student teaching
- Application for student teaching, resume, transcripts, and writing sample (check deadlines)
- Review and approval by Student Teaching Committee of the College of Education

Student Teaching Timeline and Deadlines:

- Attend a Mandatory Meeting approximately 1 year prior to expected quarter of student teaching.
- Submit application for student teaching after attending Mandatory Meeting, approximately 1 year prior to student teaching.
- Academic requirements are due one quarter before expected quarter of student teaching.
- Clinical requirements are completed as course requirements. Field experience hours are entered by the student as coursework is completed.

Online Faculty Evaluations are entered by the instructor of relevant courses. All data must be entered in the Field Experience Documentation System (FEDS) due one month prior to student teaching.

Individual child care agencies and public and private school districts may have additional requirements (application, training, background check, etc.).

Degree Conferral and Graduation

The awarding of a degree is not automatic. You must submit an application to be considered for the degree. DePaul awards and posts degrees at the end of each regular academic term (autumn, winter, spring, summer I and summer II).

It is your responsibility to initiate the degree conferral application process by submitting an online application. Submitting an application means you intend to finish your degree requirements by the end of the term for which you have applied.

Graduate students must be approved for student teaching and complete student teaching, seminar, and induction courses to be cleared for the degree. Student must submit graduation application for the quarter you are completing the final course (student teaching is considered a course).

After you submit the application, you cannot register for any term after the one selected in the application.

Application deadlines are as follows:

- Fall Quarter - October 1st
- Winter Quarter - January 15th
- Spring Quarter - February 1st
- Summer I Quarter - June 1st
- Summer II Quarter - July 15th

To apply for degree conferral, log on to Campus Connection. Select FOR STUDENTS, then GRADUATION, then APPLY FOR DEGREE CONFERRAL. On screen instructions will take you through the application process.

Provided that all requirements and financial obligations are met, degrees are posted 30 days after the official end of the term. Official dates are listed on the Academic Calendar.

DePaul holds one commencement ceremony each year in June. If you intend to participate, you must first apply.
for degree conferral for the current academic year and then submit a cap and gown order. Honors are not announced at the ceremony for undergraduates completing their final courses in spring quarter because a final GPA is not available at the time of the ceremony.

Additional information about degree conferral and graduation can be found on the College of Education website.

Certification

Requirements for certification include completion of the full certification program and all certification tests (including OPI for world language majors). A bachelor's degree is required; a master's degree is not.

Individuals must submit an application directly to the Illinois State Board of Education after completion of requirements and after DePaul has submitted notification to ISBE. Application requirements include application form, application fee, official transcripts, and registration fee.

All individuals must meet ISBE requirements in place at the time of application for the certificate. Requirements are subject to change per the discretion of ISBE.

Individuals seeking additional endorsements after applying for the certificate must contact ISBE directly for an evaluation request.

Degree Requirements

Content Area Courses

All students need to have sufficient knowledge of the subject they will be teaching. Illinois State Board of Education requires a minimum of 48 quarter hours (32 semester hours) in the content area subject. Students should meet with their designated Content Area advisor at the beginning of their program for an official written content evaluation and provide a copy to your academic advisor. Requirements can be satisfied by undergraduate coursework or courses taken elsewhere. Content courses must be completed before student teaching.

Requirements for Secondary Education Social Science

All coursework in the content area must earn a grade of C or better.

- US History I
- US History II
- US History – upper level
- US History – upper level
- World History I
- World History II
- Non-US, World History – upper level
- Non-US, World History – upper level
- Secondary Field (6 courses minimum): Choose single field from Anthropology, Economics, Geography, Political Science, Psychology, or Sociology.

Additional certification requirements

- One course in each area required
  - Geography
  - Economics
  - Political Science
  - Sociology/Anthropology

Course Requirements
Pre-Education Introductory Courses: 16 quarter hours required

- EDU 25 BASIC TECHNOLOGY LITERACY (non-credit, non-tuition, PA grade required)
- T&L 424 INTRODUCTION TO SECONDARY EDUCATION
- T&L 425 CURRICULUM AND INSTRUCTION IN SECONDARY EDUCATION
- SCG 406 HUMAN DEVELOPMENT AND LEARNING: SECONDARY
- One course from the following list:
  - SCG 408 EDUCATION AND SOCIETY
  - SCG 409 SOCIOLOGY OF EDUCATION
  - SCG 411 PHILOSOPHY OF EDUCATION

Advanced Standing Courses: 20 quarter hours required

- SCG 410 INTRODUCTION TO RESEARCH: PURPOSES, ISSUES, AND METHODOLOGIES
- LSI 446 PSYCHOLOGY AND EDUCATION OF THE EXCEPTIONAL CHILD
- T&L 525 READING, WRITING, AND COMMUNICATING ACROSS THE CURRICULUM
- T&L 453 TEACHING HISTORY AND SOCIAL SCIENCE IN SECONDARY SCHOOLS**
- T&L 455 READINGS IN AMERICAN HISTORY

**Note: Students matriculating in 2012-2013 and currently enrolled students who have not taken T&L 453 are advised to substitute TCH 472 for this course.

Graduate Level Content Area Courses: 8 quarter hours required

Two courses in History or the Social Sciences the graduate level are required. Courses must be taken before student teaching if pursuing degree (not required for individuals pursuing certification only). Courses must be approved by your Content Area Advisor prior to registration and requires graduate level registration.

- HST 300 or 400 level history or social science course 1
- HST 300 or 400 level history or social science course 2

Student Teaching: 8 quarter hours required

Registration in student teaching requires completion of all requirements and procedures listed in the college core section. EDU 95 indicates to the Illinois State Board of Education that all field experience hours are complete.

- T&L 590 SECONDARY STUDENT TEACHING (6 hours, grade of B- or better required)
- T&L 591 SECONDARY STUDENT TEACHING SEMINAR (2 hours)
- EDU 95 CLINICAL EXPERIENCE WITH CHILDREN AND YOUTH (non-credit, non-tuition, PA grade required)

Induction Course: 4 quarter hours required

The induction year course is designed to assist students to negotiate the first year of teaching and aid in professional development. The induction course is a requirement for the degree, not a requirement for certification. This course must be taken at DePaul.

- T&L 611 INDUCTION INTO THE TEACHING PROFESSION: SECONDARY (required) **

**Note: Beginning Fall 2012, students may take T&L 611 before or after student teaching. Students matriculating Fall 2012 and currently enrolled students are advised to substitute TCH 482 for T&L 611.

Recommended/Optional Course

SCG 439 is required for middle school endorsements but is not required for the degree. If taking SCG 439 for certification/endorsement purposes, a grade of C or better is required.

- SCG 439 PHILOSOPHY AND PSYCHOLOGY OF YOUTH AND MIDDLE LEVEL EDUCATION

Certification Tests

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate. Secondary Education Social Science majors must complete the following tests:

- Test of Academic Proficiency (TAP) (test #400) - assesses knowledge of reading comprehension, language arts, writing, and math. Test is required to qualify for Advanced Standing.
- Social Science: History Content Area Test (test #114) – assesses and measures the candidate's core knowledge across history and social science fields. Test is required before Student Teaching (deadlines

College Requirements

Dispositions

The academic programs within the College of Education have set forth these dispositions as educational and professional expectations for all students. Students should be aware that failing to abide by DePaul University or College of Education policies including, under certain circumstances, these dispositions, could result in adverse consequences for the student, including removal from his or her program, the College of Education, or the University.

- Reflects on progress and identifies strengths and weaknesses, including evaluating strategies for success, finding alternatives for inappropriate strategies, and modifying future practices
- Is receptive to faculty feedback and acts meaningfully and professionally upon suggestions
- Values critical thinking, including engaging theoretical and philosophical frameworks and shows evidence of critical thinking through discussion and writing (e.g., journals, response to prompts)
- Understands the importance of and is committed to communicating clearly orally and in writing both in traditional and in new and emerging digital formats
- Values and is committed to continually developing strong content area knowledge and/or knowledge of the professional field, including pedagogical content knowledge
- Takes initiative, uses imagination and creativity, and seeks out information using a variety of human and material resources and technology to inform his or her teaching
- Is aware of the role of classroom environment and uses management procedures that reflect respect and care for learners and concern for their emotional and physical well being
- Takes the time and effort needed to understand how students learn, including discovering their interests and experiences and determining how to shape teaching acts (using technology as appropriate) that engage learners meaningfully and actively
- Values and is committed to using assessment to evaluate and ensure the continuous intellectual, social, emotional, and physical development of the learner
- Respects and considers cultural contexts in order to determine how to be responsive to learners and to proactively promote all students' learning
- Values and is responsive to diverse learners' academic, emotional, and social needs through teaching acts (including careful instructional planning, implementation, and differentiation) and through everyday interactions with students
• Is committed to collaboration with colleagues, families, and communities in order to promote all students’ learning and development
• Recognizes and fulfills professional responsibilities and habits of conduct (e.g., dress, language, preparedness, attendance, punctuality, etc.)
• Demonstrates collegiality, honesty, good judgment, courtesy, respect, and diplomacy
• Balances self-confidence and assertiveness with respect for others’ perspectives
• Respects the requirements, expectations, and procedures of both the College of Education and of our field partners and appreciates the issues of trust, fairness, and professionalism involved

Advanced Standing

Students are conditionally admitted to the College of Education. There are additional requirements to reach Advanced Standing in your program in the College of Education. Requirements must be met to progress in the major and take courses in the Advanced Standing category.

Advanced Standing requirements are:

• Maintain a DePaul Graduate 3.00 GPA
• Pass the Illinois Certification Basic Skills Test or Test of Academic Proficiency (TAP)
• Pass the COE basic computer competency assessment (EDU 25 registration required)
• Pass the minimum of 8 credit hours
• Submit a petition for advanced standing form

Students should attempt to complete the Advanced Standing requirements soon after beginning the program. There is no time limit to meet these criteria; however, students will only be able to take pre-education courses until requirements have been met. Students can also take liberal studies or content area courses before or after meeting Advanced Standing requirements.

Certification Tests

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate.

Field Experiences

Each student seeking certification from the College of Education / Professional Education Unit must complete supervised field experiences in appropriate settings in conjunction with education courses. The field experiences must include a variety of grade levels, multicultural experiences, and a minimum of 15 hours in special education settings. All field experiences must be completed prior to final approval for student teaching. Field experience hours should be entered by the student into the FEDS system when completing courses with field experience requirements.

Endorsements

An endorsement is a subject area that you can qualify for to teach full time, in addition to your main certification area. Endorsements are issued at three levels: primary, middle school, and high school.

The Illinois State Board of Education (ISBE) issues endorsements in various subject areas. To view the full list and requirements, visit the ISBE website.

Qualifying for an endorsement at the middle school level requires 18 semester hours (27 quarter hours) in a teachable subject area and complete SCG 439. Some areas (like math) have specifically required courses. Courses must have a grade of C or better to qualify for endorsements and must be earned credit listed on a college transcript.

Consult with your advisor regarding endorsements. DePaul will only recommend individuals for endorsements in the following middle school areas: Arabic, art, biological science, Chinese, French, general science, German, Italian, Japanese, language arts, math, physical science, social science, and Spanish.

Endorsement requirements for the primary level are identical to the middle school requirements except that they do not require SCG 439. There are a limited number of areas available at the primary level.

Qualifying for most endorsements at the high school level requires 24 semester hours (48 quarter hours) in a teachable subject area* and passing the relevant content area test. DePaul will only recommend individuals for endorsements in the following high school areas: art, Arabic, Chinese, English, French, German, Italian, Japanese, math, Russian, science**, social science**, and Spanish.

* Exceptions to the basic requirements for high school level endorsements include the subject areas of foreign language, science, and social science. For foreign language, 32 semester hours (48 quarter hours) OR the content area test in the language is required.
For science and social science, 32 semester hours (48 quarter hours) in the broad area of either science or social science, and 12 semester hours in the specific endorsement designation area, plus the content area test are required. To qualify for additional science and social science designations, individuals applying after February 1, 2012 need both the content test and 12 semester hours in the additional designation area.

Student Teaching Requirements

Student Teaching is the culminating clinical experience in the student's program. All students in teacher preparation programs must meet the following requirements before applying for student teaching:

Academic Requirements:

- Completion of all Pre-Education, Advanced Standing, Content Area, and Graduate level Content Area courses
- Overall cumulative G.P.A. of 3.00 or better
- Cumulative G.P.A. of 2.75 or better in all education courses
- Meet all other program requirements (e.g., residency requirements)
- Meet designated program standards
- Pass the required Illinois certification content area test

Clinical Requirements:

- Completion of all required field experiences
- Three satisfactory evaluations in field experiences
- Three satisfactory faculty recommendations
- Attendance at mandatory meeting for student teaching
- Application for student teaching, resume, transcripts, and writing sample (check deadlines)
- Review and approval by Student Teaching Committee of the College of Education

Student Teaching Timeline and Deadlines:

- Attend a Mandatory Meeting approximately 1 year prior to expected quarter of student teaching.
- Submit application for student teaching after attending Mandatory Meeting, approximately 1 year prior to student teaching.
- Academic requirements are due one quarter before expected quarter of student teaching.
- Clinical requirements are completed as course requirements. Field experience hours are entered by the student as coursework is completed.

Online Faculty Evaluations are entered by the instructor of relevant courses. All data must be entered in the Field Experience Documentation System (FEDS) due one month prior to student teaching.

Individual child care agencies and public and private school districts may have additional requirements (application, training, background check, etc.).

Degree Conferral and Graduation

The awarding of a degree is not automatic. You must submit an application to be considered for the degree. DePaul awards and posts degrees at the end of each regular academic term (autumn, winter, spring, summer I and summer II).

It is your responsibility to initiate the degree conferral application process by submitting an online application. Submitting an application means you intend to finish your degree requirements by the end of the term for which you have applied.

Graduate students must be approved for student teaching and complete student teaching, seminar, and induction courses to be cleared for the degree. Student must submit graduation application for the quarter you are completing the final course (student teaching is considered a course).

After you submit the application, you cannot register for any term after the one selected in the application.

Application deadlines are as follows:

- Fall Quarter - October 1st
- Winter Quarter - January 15th
- Spring Quarter - February 1st
- Summer I Quarter - June 1st
- Summer II Quarter - July 15th

To apply for degree conferral, log on to Campus Connection. Select FOR STUDENTS, then GRADUATION, then...
APPLY FOR DEGREE CONFERRAL. On screen instructions will take you through the application process.

Provided that all requirements and financial obligations are met, degrees are posted 30 days after the official end of the term. Official dates are listed on the Academic Calendar.

DePaul holds one commencement ceremony each year in June. If you intend to participate, you must first apply for degree conferral for the current academic year and then submit a cap and gown order. Honors are not announced at the ceremony for undergraduates completing their final courses in spring quarter because a final GPA is not available at the time of the ceremony.

Additional information about degree conferral and graduation can be found on the College of Education website.

**Certification**

Requirements for certification include completion of the full certification program and all certification tests (including OPI for world language majors). A bachelor's degree is required; a master's degree is not.

Individuals must submit an application directly to the Illinois State Board of Education after completion of requirements and after DePaul has submitted notification to ISBE. Application requirements include application form, application fee, official transcripts, and registration fee.

All individuals must meet ISBE requirements in place at the time of application for the certificate. Requirements are subject to change per the discretion of ISBE.

Individuals seeking additional endorsements after applying for the certificate must contact ISBE directly for an evaluation request.

**Degree Requirements**

**Content Area Courses**

All students need to have sufficient knowledge of the subject they will be teaching. Illinois State Board of Education requires a minimum of 48 quarter hours (32 semester hours) in the content area subject. Students should meet with their designated Content Area advisor at the beginning of their program for an official written content evaluation and provide a copy to your academic advisor. Requirements can be satisfied by undergraduate coursework or courses taken elsewhere. Content courses must be completed before student teaching.

**Requirements for Secondary Education Visual Arts**

All coursework in the content area must earn a grade of C or better and a minimum of 18 quarter hours (12 semester hours) must be coursework at an undergraduate upper level or graduate level.

- Two Dimensional Foundation
- Three Dimensional Foundation
- Drawing
- Intermediate or Adv. Drawing
- Painting
- Sculpture
- Computer Graphics
- Printmaking
- Principles of Art History
- Photography
- Video
- Art & Design I
- Art & Design II

**Course requirements**
Pre-Education Introductory Courses: 16 quarter hours required

- EDU 25 BASIC TECHNOLOGY LITERACY (non-credit, non-tuition, PA grade required)
- T&L 424 INTRODUCTION TO SECONDARY EDUCATION
- T&L 425 CURRICULUM AND INSTRUCTION IN SECONDARY EDUCATION
- SCG 406 HUMAN DEVELOPMENT AND LEARNING: SECONDARY
- One course from the following list:
  - SCG 408 EDUCATION AND SOCIETY
  - SCG 409 SOCIOLOGY OF EDUCATION
  - SCG 411 PHILOSOPHY OF EDUCATION

Advanced Standing Courses: 24 quarter hours required

- SCG 410 INTRODUCTION TO RESEARCH: PURPOSES, ISSUES, AND METHODOLOGIES
- LSI 446 PSYCHOLOGY AND EDUCATION OF THE EXCEPTIONAL CHILD
- T&L 525 READING, WRITING, AND COMMUNICATING ACROSS THE CURRICULUM
- T&L 465 ART AND PEDAGOGY
- T&L 466 TEACHER AS ARTIST
- T&L 565 INDEPENDENT STUDIO TOPICS

Graduate Level Content Area Courses: 4 quarter hours required

One course in Visual Art at the graduate level is required. Courses must be taken before student teaching if pursuing degree (not required for individuals pursuing certification only). Courses must be approved by your Content Area Advisor prior to registration and requires graduate level registration.

- ART 300 or 400 level art history or multimedia course

Student Teaching: 8 quarter hours required

Registration in student teaching requires completion of all requirements and procedures listed in the college core section. EDU 095 indicates to the Illinois State Board of Education that all field experience hours are complete.

- T&L 590 SECONDARY STUDENT TEACHING (6 hours, grade of B- or better required)
- T&L 591 SECONDARY STUDENT TEACHING SEMINAR (2 hours)
- EDU 95 CLINICAL EXPERIENCE WITH CHILDREN AND YOUTH (non-credit, non-tuition, PA grade required)

Induction Course: 4 quarter hours required

The induction year course is designed to assist students to negotiate the first year of teaching and aid in professional development. The induction course is a requirement for the degree, not a requirement for certification. This course must be taken at DePaul.

- T&L 611 INDUCTION INTO THE TEACHING PROFESSION: SECONDARY (required)

Recommended/Optional Course

SCG 439 is required for middle school endorsements but is not required for the degree. If taking SCG 439 for certification/endorsement purposes, a grade of C or better is required.

- SCG 439 PHILOSOPHY AND PSYCHOLOGY OF YOUTH AND MIDDLE LEVEL EDUCATION

Master of Arts (M.A.) Degree Requirements: 4 quarter hours required

This is a Master of Arts degree requirement only. A master's thesis is written to fulfill the requirements of this course. An oral examination on the thesis is required.

- T&L 589 THESIS RESEARCH IN TEACHING AND LEARNING

Certification Tests

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate. Secondary Education Visual Arts majors must complete the following tests:

- Test of Academic Proficiency (TAP) (test #400) - assesses knowledge of reading comprehension, language arts, writing, and math. Test is required to qualify for Advanced Standing.
Field Experiences

Each student seeking certification from the College of Education/Professional Education Unit must complete supervised field experiences in appropriate settings in conjunction with education courses. The field experiences must include a variety of grade levels, multicultural experiences, and a minimum of 15 hours in special education settings. All field experiences must be completed prior to final approval for student teaching. Field experience hours should be entered by the student into the FEDS system when completing courses with field experience requirements. For details on requirements, expectations, documentation, & courses in your program that require hours, visit the College of Education website.

Teaching and Learning: Secondary Education - Visual Arts (MED)

The Department of Teacher Education prepares Urban Professional Multicultural Educators through an integrated program of courses and field experiences. Programs offered are designed for the preparation of future educators. The programs of study center around our commitment to excellence in teaching in today's diverse society through the investigation of significant educational issues, inquiry into student learning and effective teaching practices, and the use of technology in teaching and learning. We engage teacher candidates in critical reflection upon their practice throughout the program. We foster engagement in schools through our Partnership Schools and other school and agency affiliations. Upon completion of the program, teacher candidates measure themselves against the values of our guiding conceptual framework through the completion of professional portfolios. Values that are part of this framework include: commitment to social justice, critical pedagogy, and positive educational transformation within the context of a Vincentian personalism that honors the dignity of each person.

Students entering the program must be able and willing to devote themselves to a program requiring a minimum of 100-110 hours of daytime field experiences in schools. These school-based clinical hours are completed in conjunction with methodology courses that require students to spend daytime hours in schools. In addition, the student must spend a minimum of 10 weeks in full-time student teaching.

The program includes five distinctive features:

1. Becoming a teacher is viewed as a developmental process continuing at least through the first year of teaching
2. Multiculturalism is infused throughout the curriculum
3. Field experiences are an integral part of the curriculum
4. Students are exposed to a variety of educational theories
5. The program includes a research component as a basis for further professional development.

Students lacking undergraduate requirements in the content area they will be teaching will have to complete those requirements prior to student teaching. Both a content area advisor and an academic advisor will guide candidates in planning their coursework.

The program in secondary education prepares students to teach children in a variety of urban and suburban educational settings, including public and private middle and high schools. Students follow a general pattern of study for middle school and high school levels. In all cases, appropriate field experience plays an integral role. The program combines theoretical principles of education and field work with the student's choice of major. Graduates earn the Master of Arts or Master of Education degree and are qualified for secondary school certification. Yet, not all graduates follow a career in teaching. A number of DePaul graduates in secondary education work in diverse settings such as museums, corporations, media, and the arts.

Certification

Type 09 Secondary Education Visual Arts (grades 9-12 or grades 6-12) Illinois State Board of Education (ISBE)
Admission Information

Students are conditionally admitted to the College of Education as a pre-education student. There are additional requirements to reach Advanced Standing in your program in the College of Education.

Admission Requirements for Pre-Education Status

- A completed College of Education graduate application
- A bachelor's degree conferred by an accredited, recognized institution
- A previous grade point average of 2.75 or above on a 4.0 scale
- Two letters of recommendation from professors or supervisors
- One official transcript from each college or university attended
- Statement of purpose (see application for details)
- Interview with faculty program advisor, upon request
- Evidence of adequate background for the program
- Resume

College Requirements

Dispositions

The academic programs within the College of Education have set forth these dispositions as educational and professional expectations for all students. Students should be aware that failing to abide by DePaul University or College of Education policies including, under certain circumstances, these dispositions, could result in adverse consequences for the student, including removal from his or her program, the College of Education, or the University.

- Reflects on progress and identifies strengths and weaknesses, including evaluating strategies for success, finding alternatives for inappropriate strategies, and modifying future practices
- Is receptive to faculty feedback and acts meaningfully and professionally upon suggestions
- Values critical thinking, including engaging theoretical and philosophical frameworks and shows evidence of critical thinking through discussion and writing (e.g., journals, response to prompts)
- Understands the importance of and is committed to communicating clearly orally and in writing both in traditional and in new and emerging digital formats
- Values and is committed to continually developing strong content area knowledge and/or knowledge of the professional field, including pedagogical content knowledge
- Takes initiative, uses imagination and creativity, and seeks out information using a variety of human and material resources and technology to inform his or her teaching
- Is aware of the role of classroom environment and uses management procedures that reflect respect and care for learners and concern for their emotional and physical well being
- Takes the time and effort needed to understand how students learn, including discovering their interests and experiences and determining how to shape teaching acts (using technology as appropriate) that engage learners meaningfully and actively
- Values and is committed to using assessment to evaluate and ensure the continuous intellectual, social, emotional, and physical development of the learner
- Respects and considers cultural contexts in order to determine how to be responsive to learners and to proactively promote all students' learning
- Values and is responsive to diverse learners' academic, emotional, and social needs through teaching acts (including careful instructional planning, implementation, and differentiation) and through everyday
interactions with students

- Is committed to collaboration with colleagues, families, and communities in order to promote all students' learning and development
- Recognizes and fulfills professional responsibilities and habits of conduct (e.g., dress, language, preparedness, attendance, punctuality, etc.)
- Demonstrates collegiality, honesty, good judgment, courtesy, respect, and diplomacy
- Balances self-confidence and assertiveness with respect for others' perspectives
- Respects the requirements, expectations, and procedures of both the College of Education and of our field partners and appreciates the issues of trust, fairness, and professionalism involved

Advanced Standing

Students are conditionally admitted to the College of Education. There are additional requirements to reach Advanced Standing in your program in the College of Education. Requirements must be met to progress in the major and take courses in the Advanced Standing category.

Advanced Standing requirements are:

- Maintain a DePaul Graduate 3.00 GPA
- Pass the Illinois Certification Basic Skills Test or Test of Academic Proficiency (TAP)
- Pass the COE basic computer competency assessment (EDU 25 registration required)
- Pass the minimum of 8 credit hours
- Submit a petition for advanced standing form

Students should attempt to complete the Advanced Standing requirements soon after beginning the program. There is no time limit to meet these criteria; however, students will only be able to take pre-education courses until requirements have been met. Students can also take liberal studies or content area courses before or after meeting Advanced Standing requirements.

Certification Tests

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate.

Field Experiences

Each student seeking certification from the College of Education / Professional Education Unit must complete supervised field experiences in appropriate settings in conjunction with education courses. The field experiences must include a variety of grade levels, multicultural experiences, and a minimum of 15 hours in special education settings. All field experiences must be completed prior to final approval for student teaching. Field experience hours should be entered by the student into the FEDS system when completing courses with field experience requirements.

Endorsements

An endorsement is a subject area that you can qualify for to teach full time, in addition to your main certification area. Endorsements are issued at three levels: primary, middle school, and high school.

The Illinois State Board of Education (ISBE) issues endorsements in various subject areas. To view the full list and requirements, visit the ISBE website.

Qualifying for an endorsement at the middle school level requires 18 semester hours (27 quarter hours) in a teachable subject area and complete SCG 439. Some areas (like math) have specifically required courses. Courses must have a grade of C or better to qualify for endorsements and must be earned credit listed on a college transcript.

Consult with your advisor regarding endorsements. DePaul will only recommend individuals for endorsements in the following middle school areas: Arabic, art, biological science, Chinese, French, general science, German, Italian, Japanese, language arts, math, physical science, social science, and Spanish.

Endorsement requirements for the primary level are identical to the middle school requirements except that they do not require SCG 439. There are a limited number of areas available at the primary level.

Qualifying for most endorsements at the high school level requires 24 semester hours (48 quarter hours) in a teachable subject area* and passing the relevant content area test. DePaul will only recommend individuals for endorsements in the following high school areas: art, Arabic, Chinese, English, French, German, Italian, Japanese, math, Russian, science**, social science**, and Spanish.

* Exceptions to the basic requirements for high school level endorsements include the subject areas of foreign language, science, and social science. For foreign language, 32 semester hours (48 quarter hours) OR the
content area test in the language is required.

**For science and social science, 32 semester hours (48 quarter hours) in the broad area of either science or social science, and 12 semester hours in the specific endorsement designation area, plus the content area test are required. To qualify for additional science and social science designations, individuals applying after February 1, 2012 need both the content test and 12 semester hours in the additional designation area.

**Student Teaching Requirements**

Student Teaching is the culminating clinical experience in the student’s program. All students in teacher preparation programs must meet the following requirements before applying for student teaching:

**Academic Requirements:**

- Completion of all Pre-Education, Advanced Standing, Content Area, and Graduate level Content Area courses
- Overall cumulative G.P.A. of 3.00 or better
- Cumulative GPA of 2.75 or better in all education courses
- Meet all other program requirements (e.g., residency requirements)
- Meet designated program standards
- Pass the required Illinois certification content area test

**Clinical Requirements:**

- Completion of all required field experiences
- Three satisfactory evaluations in field experiences
- Three satisfactory faculty recommendations
- Attendance at mandatory meeting for student teaching
- Application for student teaching, resume, transcripts, and writing sample (check deadlines)
- Review and approval by Student Teaching Committee of the College of Education

**Student Teaching Timeline and Deadlines:**

- Attend a Mandatory Meeting approximately 1 year prior to expected quarter of student teaching.
- Submit application for student teaching after attending Mandatory Meeting, approximately 1 year prior to student teaching.
- Academic requirements are due one quarter before expected quarter of student teaching.
- Clinical requirements are completed as course requirements. Field experience hours are entered by the student as coursework is completed.

Online Faculty Evaluations are entered by the instructor of relevant courses. All data must be entered in the Field Experience Documentation System (FEDS) due one month prior to student teaching.

Individual child care agencies and public and private school districts may have additional requirements (application, training, background check, etc.).

**Degree Conferral and Graduation**

The awarding of a degree is not automatic. You must submit an application to be considered for the degree. DePaul awards and posts degrees at the end of each regular academic term (autumn, winter, spring, summer I and summer II).

It is your responsibility to initiate the degree conferral application process by submitting an online application. Submitting an application means you intend to finish your degree requirements by the end of the term for which you have applied.

Graduate students must be approved for student teaching and complete student teaching, seminar, and induction courses to be cleared for the degree. Student must submit graduation application for the quarter you are completing the final course (student teaching is considered a course).

After you submit the application, you cannot register for any term after the one selected in the application.

Application deadlines are as follows:

- Fall Quarter - October 1st
- Winter Quarter - January 15th
- Spring Quarter - February 1st
- Summer I Quarter - June 1st
- Summer II Quarter - July 15th
To apply for degree conferral, log on to Campus Connection. Select FOR STUDENTS, then GRADUATION, then APPLY FOR DEGREE CONFERRAL. On screen instructions will take you through the application process.

Provided that all requirements and financial obligations are met, degrees are posted 30 days after the official end of the term. Official dates are listed on the Academic Calendar.

DePaul holds one commencement ceremony each year in June. If you intend to participate, you must first apply for degree conferral for the current academic year and then submit a cap and gown order. Honors are not announced at the ceremony for undergraduates completing their final courses in spring quarter because a final GPA is not available at the time of the ceremony.

Additional information about degree conferral and graduation can be found on the College of Education website.

**Certification**

- Completion of all Pre-Education, Advanced Standing, Content Area, and Graduate level Content Area courses
- Overall cumulative G.P.A. of 3.00 or better
- Cumulative GPA. of 2.75 or better in all education courses
- Meet all other program requirements (e.g., residency requirements)
- Meet designated program standards
- Pass the required Illinois certification content area test

Clinical Requirements:

- Completion of all required field experiences
- Three satisfactory evaluations in field experiences
- Three satisfactory faculty recommendations
- Attendance at mandatory meeting for student teaching
- Application for student teaching, resume, transcripts, and writing sample (check deadlines)
- Review and approval by Student Teaching Committee of the College of Education

Student Teaching Timeline and Deadlines:

- Attend a Mandatory Meeting approximately 1 year prior to expected quarter of student teaching.
- Submit application for student teaching after attending Mandatory Meeting, approximately 1 year prior to student teaching.
- Academic requirements are due one quarter before expected quarter of student teaching.
- Clinical requirements are completed as course requirements. Field experience hours are entered by the student as coursework is completed.

Online Faculty Evaluations are entered by the instructor of relevant courses. All data must be entered in the Field Experience Documentation System (FEDS) due one month prior to student teaching.

Individual child care agencies and public and private school districts may have additional requirements (application, training, background check, etc.).

Degree Conferral and Graduation

The awarding of a degree is not automatic. You must submit an application to be considered for the degree. DePaul awards and posts degrees at the end of each regular academic term (autumn, winter, spring, summer I and summer II).

It is your responsibility to initiate the degree conferral application process by submitting an online application. Submitting an application means you intend to finish your degree requirements by the end of the term for which you have applied.

Graduate students must be approved for student teaching and complete student teaching, seminar, and induction courses to be cleared for the degree. Student must submit graduation application for the quarter you are completing the final course (student teaching is considered a course).

After you submit the application, you cannot register for any term after the one selected in the application.

Application deadlines are as follows:

Fall Quarter - October 1st
Winter Quarter - January 15th
Spring Quarter - February 1st
Summer I Quarter - June 1st
Summer II Quarter - July 15th

To apply for degree conferral, log on to Campus Connection. Select FOR STUDENTS, then GRADUATION, then APPLY FOR DEGREE CONFERRAL. On screen instructions will take you through the application process.

Provided that all requirements and financial obligations are met, degrees are posted 30 days after the official end of the term. Official dates are listed on the Academic Calendar.

DePaul holds one commencement ceremony each year in June. If you intend to participate, you must first apply.
for degree conferral for the current academic year and then submit a cap and gown order. Honors are not 
announced at the ceremony for undergraduates completing their final courses in spring quarter because a final 
GPA is not available at the time of the ceremony.

Additional information about degree conferral and graduation can be found on the College of Education website.

**Certification**

Requirements for certification include completion of the full certification program and all certification tests 
(including OPI for world language majors). A bachelor’s degree is required; a master’s degree is not.

Individuals must submit an application directly to the Illinois State Board of Education after completion of 
requirements and after DePaul has submitted notification to ISBE. Application requirements include application 
form, application fee, official transcripts, and registration fee.

All individuals must meet ISBE requirements in place at the time of application for the certificate. Requirements 
are subject to change per the discretion of ISBE.

Individuals seeking additional endorsements after applying for the certificate must contact ISBE directly for an 
evaluation request.

---

**Degree Requirements**

**Content Area Courses**

All students need to have sufficient knowledge of the subject they will be teaching. Illinois State Board of 
Education requires a minimum of 48 quarter hours (32 semester hours) in the content area subject. Students 
should meet with their designated Content Area advisor at the beginning of their program for an official written 
content evaluation and provide a copy to your academic advisor. Requirements can be satisfied by 
undergraduate coursework or courses taken elsewhere. Content courses must be completed before student 
teaching.

**Requirements for World Language Education Arabic**

All coursework in the content area must earn a grade of C or better and a minimum of 18 quarter hours (12 
semester hours) must be coursework at an undergraduate upper level or graduate level.

- Advanced Arabic I
- Advanced Arabic II
- Advanced Arabic III
- Advanced High Arabic I
- Advanced High Arabic II
- Advanced High Arabic III
- Literature/Culture Elective
- Literature/Culture Elective
- Literature/Culture Elective
- Literature/Culture Elective
- Literature/Culture Elective

**Course Requirements**

**Pre-Education Introductory Courses: 16 quarter hours required**

- EDU 25 BASIC TECHNOLOGY LITERACY (non-credit, non-tuition)
- SCG 406 HUMAN DEVELOPMENT AND LEARNING:SECONDARY
- T&L 404 INTRODUCTION TO ELEMENTARY EDUCATION
Choose one course from the following list:
- SCG 408 EDUCATION AND SOCIETY
- SCG 409 SOCIOLOGY OF EDUCATION
- SCG 411 PHILOSOPHY OF EDUCATION

**Advanced Standing Courses: 28 quarter hours required**

- BBE 560 SECOND AND WORLD LANGUAGE ACQUISITION
- BBE 570 METHODS OF TEACHING INTEGRATED WORLD LANGUAGE K-12
- BBE 526 THEORETICAL FOUNDATIONS OF TEACHING ESL or T&L 430 TEACHING LITERACY K-12
- T&L 449 TEACHING MODERN LANGUAGES
- T&L 575 WLE HISTORY, POLICY, AND CURRICULUM DEVELOPMENT
- SCG 410 INTRODUCTION TO RESEARCH: PURPOSES, ISSUES, AND METHODOLOGIES
- LSI 446 PSYCHOLOGY AND EDUCATION OF THE EXCEPTIONAL CHILD

**Graduate Level Content Area Courses: 4 quarter hours required**

One course in Arabic at the graduate level is required. Courses must be taken before student teaching if pursuing degree (not required for individuals pursuing certification only). Courses must be approved by your Content Area Advisor prior to registration and requires graduate level registration.

- ARB 300-600 level Arabic course

**Student Teaching: 8 quarter hours required**

Registration in student teaching requires completion of all requirements and procedures listed in the college core section. EDU 25 indicates to the Illinois State Board of Education that all field experience hours are complete.

- T&L 592 WORLD LANGUAGES STUDENT TEACHING (6 hours, grade of B- or better required)
- T&L 593 WORLD LANGUAGES SEMINAR (2 hours)
- EDU 95 CLINICAL EXPERIENCE WITH CHILDREN AND YOUTH (non-credit, non-tuition, PA grade required)

**Master's of Arts (M.A.) Degree Requirements: 4 quarter hours required**

This is a Master of Arts degree requirement only. A master's thesis is written to fulfill the requirements of this course. An oral examination on the thesis is required.

- T&L 589 THESIS RESEARCH IN TEACHING AND LEARNING

**Recommended/Optional Course**

SCG 439 is required for middle school endorsements but is not required for the degree. If taking SCG 439 for certification/endorsement purposes, a grade of C or better is required.

- SCG 439 PHILOSOPHY AND PSYCHOLOGY OF YOUTH AND MIDDLE LEVEL EDUCATION

**Certification Tests**

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate. World Language Education Arabic majors must complete the following tests:

- Test of Academic Proficiency (TAP) (test #400) - assesses knowledge of reading comprehension, language arts, writing, and math. Test is required to qualify for Advanced Standing.
- Foreign Language: Arabic Content Area Test (test #137) – assesses knowledge of the Arabic language and culture. Test is required before Student Teaching (deadlines apply).
- Assessment of Professional Teaching (APT) (test #103, grade 6-12) – assesses knowledge of teaching planning, delivery, assessment, professionalism, and technology. Test is required to be certified, recommended to take before Student Teaching.

**Field Experiences**

Each student seeking certification from the College of Education/Professional Education Unit must complete supervised field experiences in appropriate settings in conjunction with education courses. The field experiences must include a variety of grade levels, multicultural experiences, and a minimum of 15 hours in special education settings. All field experiences must be completed prior to final approval for student teaching. Field experience hours should be entered by the student into the FEDS system when completing courses with field experience requirements. For details on requirements, expectations, documentation, & courses in your program that
Oral Proficiency Interview (OPI) Test

Pursuing certification in the teaching of a foreign language (Arabic, Chinese, French, German, Italian, Japanese, Latin, Russian, or Spanish) requires the oral proficiency test – an Interview – before you begin student teaching. You must earn a rating of “intermediate high” or better on the test.

For additional information about the OPI and a link to the test, please consult the OPI section of the College of Education website.

Teaching and Learning: World Language - Arabic (MED)

The Department of Teacher Education prepares Urban Professional Multicultural Educators through an integrated program of courses and field experiences. Programs offered are designed for the preparation of future educators. The programs of study center around our commitment to excellence in teaching in today’s diverse society through the investigation of significant educational issues, inquiry into student learning and effective teaching practices, and the use of technology in teaching and learning. We engage teacher candidates in critical reflection upon their practice throughout the program. We foster engagement in schools through our Partnership Schools and other school and agency affiliations. Upon completion of the program, teacher candidates measure themselves against the values of our guiding conceptual framework through the completion of professional portfolios. Values that are part of this framework include: commitment to social justice, critical pedagogy, and positive educational transformation within the context of a Vincentian personalism that honors the dignity of each person.

Students entering the program must be able and willing to devote themselves to a program requiring a minimum of 100-110 hours of daytime field experiences in schools. These school-based clinical hours are completed in conjunction with methodology courses that require students to spend daytime hours in schools. In addition, the student must spend a minimum of 10 weeks in full-time student teaching.

The program includes five distinctive features:

1. Becoming a teacher is viewed as a developmental process continuing at least through the first year of teaching
2. Multiculturalism is infused throughout the curriculum
3. Field experiences are an integral part of the curriculum
4. Students are exposed to a variety of educational theories
5. The program includes a research component as a basis for further professional development.

Students lacking undergraduate requirements in the content area they will be teaching will have to complete those requirements prior to student teaching. Both a content area advisor and an academic advisor will guide candidates in planning their coursework.

The program in K-12 education prepares students to teach children in a variety of urban and suburban educational settings, including public and private elementary and high schools. Students follow a general pattern of study for elementary and high school levels. In all cases, appropriate field experience plays an integral role. The program combines theoretical principles of education and field work with the student’s choice of major. Graduates earn the Master of Arts or Master of Education degree and are qualified for K-12 school certification. Yet, not all graduates follow a career in teaching. A number of DePaul graduates in World Language work in diverse settings such as museums, corporations, media, and the arts.

Certification

Type 10 Special – Arabic (Kindergarten-grade 12) Illinois State Board of Education (ISBE) approved program
Admission Information

Students are conditionally admitted to the College of Education as a pre-education student. There are additional requirements to reach Advanced Standing in your program in the College of Education.

Admission Requirements for Pre-Education Status

- A completed College of Education graduate application
- A bachelor's degree conferred by an accredited, recognized institution
- A previous grade point average of 2.75 or above on a 4.0 scale
- Two letters of recommendation from professors or supervisors
- One official transcript from each college or university attended
- Statement of purpose (see application for details)
- Interview with faculty program advisor, upon request
- Evidence of adequate background for the program
- Resume

College Requirements

Dispositions

The academic programs within the College of Education have set forth these dispositions as educational and professional expectations for all students. Students should be aware that failing to abide by DePaul University or College of Education policies including, under certain circumstances, these dispositions, could result in adverse consequences for the student, including removal from his or her program, the College of Education, or the University.

- Reflects on progress and identifies strengths and weaknesses, including evaluating strategies for success, finding alternatives for inappropriate strategies, and modifying future practices
- Is receptive to faculty feedback and acts meaningfully and professionally upon suggestions
- Values critical thinking, including engaging theoretical and philosophical frameworks and shows evidence of critical thinking through discussion and writing (e.g., journals, response to prompts)
- Understands the importance of and is committed to communicating clearly orally and in writing both in traditional and in new and emerging digital formats
- Values and is committed to continually developing strong content area knowledge and/or knowledge of the professional field, including pedagogical content knowledge
- Takes initiative, uses imagination and creativity, and seeks out information using a variety of human and material resources and technology to inform his or her teaching
- Is aware of the role of classroom environment and uses management procedures that reflect respect and care for learners and concern for their emotional and physical well being
- Takes the time and effort needed to understand how students learn, including discovering their interests and experiences and determining how to shape teaching acts (using technology as appropriate) that engage learners meaningfully and actively
- Values and is committed to using assessment to evaluate and ensure the continuous intellectual, social, emotional, and physical development of the learner
- Respects and considers cultural contexts in order to determine how to be responsive to learners and to proactively promote all students' learning
- Values and is responsive to diverse learners' academic, emotional, and social needs through teaching acts (including careful instructional planning, implementation, and differentiation) and through everyday interactions with students
- Is committed to collaboration with colleagues, families, and communities in order to promote all students' learning and development
- Recognizes and fulfills professional responsibilities and habits of conduct (e.g., dress, language, preparedness, attendance, punctuality, etc.)
- Demonstrates collegiality, honesty, good judgment, courtesy, respect, and diplomacy
- Balances self-confidence and assertiveness with respect for others' perspectives
• Respects the requirements, expectations, and procedures of both the College of Education and of our field partners and appreciates the issues of trust, fairness, and professionalism involved

Advanced Standing

Students are conditionally admitted to the College of Education. There are additional requirements to reach Advanced Standing in your program in the College of Education. Requirements must be met to progress in the major and take courses in the Advanced Standing category.

Advanced Standing requirements are:

- Maintain a DePaul Graduate 3.00 GPA
- Pass the Illinois Certification Basic Skills Test or Test of Academic Proficiency (TAP)
- Pass the COE basic computer competency assessment (EDU 25 registration required)
- Pass the minimum of 8 credit hours
- Submit a petition for advanced standing form

Students should attempt to complete the Advanced Standing requirements soon after beginning the program. There is no time limit to meet these criteria; however, students will only be able to take pre-education courses until requirements have been met. Students can also take liberal studies or content area courses before or after meeting Advanced Standing requirements.

Certification Tests

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate.

Field Experiences

Each student seeking certification from the College of Education / Professional Education Unit must complete supervised field experiences in appropriate settings in conjunction with education courses. The field experiences must include a variety of grade levels, multicultural experiences, and a minimum of 15 hours in special education settings. All field experiences must be completed prior to final approval for student teaching. Field experience hours should be entered by the student into the FEDS system when completing courses with field experience requirements.

Endorsements

An endorsement is a subject area that you can qualify for to teach full time, in addition to your main certification area. Endorsements are issued at three levels: primary, middle school, and high school.

The Illinois State Board of Education (ISBE) issues endorsements in various subject areas. To view the full list and requirements, visit the ISBE website.

Qualifying for an endorsement at the middle school level requires 18 semester hours (27 quarter hours) in a teachable subject area and complete SCG 439. Some areas (like math) have specifically required courses. Courses must have a grade of C or better to qualify for endorsements and must be earned credit listed on a college transcript.

Consult with your advisor regarding endorsements. DePaul will only recommend individuals for endorsements in the following middle school areas: Arabic, art, biological science, Chinese, French, general science, German, Italian, Japanese, language arts, math, physical science, social science, and Spanish.

Endorsement requirements for the primary level are identical to the middle school requirements except that they do not require SCG 439. There are a limited number of areas available at the primary level.

Qualifying for most endorsements at the high school level requires 24 semester hours (48 quarter hours) in a teachable subject area* and passing the relevant content area test. DePaul will only recommend individuals for endorsements in the following high school areas: art, Arabic, Chinese, English, French, German, Italian, Japanese, math, Russian, science**, social science**, and Spanish.

* Exceptions to the basic requirements for high school level endorsements include the subject areas of foreign language, science, and social science. For foreign language, 32 semester hours (48 quarter hours) OR the content area test in the language is required.

** For science and social science, 32 semester hours (48 quarter hours) in the broad area of either science or social science, and 12 semester hours in the specific endorsement designation area, plus the content area test are required. To qualify for additional science and social science designations, individuals applying after February 1, 2012 need both the content test and 12 semester hours in the additional designation area.
Student Teaching Requirements

Student Teaching is the culminating clinical experience in the student's program. All students in teacher preparation programs must meet the following requirements before applying for student teaching:

Academic Requirements:

- Completion of all Pre-Education, Advanced Standing, Content Area, and Graduate level Content Area courses
- Overall cumulative G.P.A. of 3.00 or better
- Cumulative GPA. of 2.75 or better in all education courses
- Meet all other program requirements (e.g., residency requirements)
- Meet designated program standards
- Pass the required Illinois certification content area test

Clinical Requirements:

- Completion of all required field experiences
- Three satisfactory evaluations in field experiences
- Three satisfactory faculty recommendations
- Attendance at mandatory meeting for student teaching
- Application for student teaching, resume, transcripts, and writing sample (check deadlines)
- Review and approval by Student Teaching Committee of the College of Education

Student Teaching Timeline and Deadlines:

- Attend a Mandatory Meeting approximately 1 year prior to expected quarter of student teaching.
- Submit application for student teaching after attending Mandatory Meeting, approximately 1 year prior to student teaching.
- Academic requirements are due one quarter before expected quarter of student teaching.
- Clinical requirements are completed as course requirements. Field experience hours are entered by the student as coursework is completed.

Online Faculty Evaluations are entered by the instructor of relevant courses. All data must be entered in the Field Experience Documentation System (FEDS) due one month prior to student teaching.

Individual child care agencies and public and private school districts may have additional requirements (application, training, background check, etc.).

Degree Conferral and Graduation

The awarding of a degree is not automatic. You must submit an application to be considered for the degree. DePaul awards and posts degrees at the end of each regular academic term (autumn, winter, spring, summer I and summer II).

It is your responsibility to initiate the degree conferral application process by submitting an online application. Submitting an application means you intend to finish your degree requirements by the end of the term for which you have applied.

Graduate students must be approved for student teaching and complete student teaching, seminar, and induction courses to be cleared for the degree. Student must submit graduation application for the quarter you are completing the final course (student teaching is considered a course).

After you submit the application, you cannot register for any term after the one selected in the application.

Application deadlines are as follows:

- Fall Quarter - October 1st
- Winter Quarter - January 15th
- Spring Quarter - February 1st
- Summer I Quarter - June 1st
- Summer II Quarter - July 15th

To apply for degree conferral, log on to Campus Connection. Select FOR STUDENTS, then GRADUATION, then APPLY FOR DEGREE CONFERRAL. On screen instructions will take you through the application process.

Provided that all requirements and financial obligations are met, degrees are posted 30 days after the official end of the term. Official dates are listed on the Academic Calendar.

DePaul holds one commencement ceremony each year in June. If you intend to participate, you must first apply.
for degree conferral for the current academic year and then submit a cap and gown order. Honors are not announced at the ceremony for undergraduates completing their final courses in spring quarter because a final GPA is not available at the time of the ceremony.

Additional information about degree conferral and graduation can be found on the College of Education website.

Certification

Requirements for certification include completion of the full certification program and all certification tests (including OPI for world language majors). A bachelor's degree is required; a master's degree is not.

Individuals must submit an application directly to the Illinois State Board of Education after completion of requirements and after DePaul has submitted notification to ISBE. Application requirements include application form, application fee, official transcripts, and registration fee.

All individuals must meet ISBE requirements in place at the time of application for the certificate. Requirements are subject to change per the discretion of ISBE.

Individuals seeking additional endorsements after applying for the certificate must contact ISBE directly for an evaluation request.

An endorsement is a subject area that you can qualify for to teach full time, in addition to your main certification area. Endorsements are issued at three levels: primary, middle school, and high school.

The Illinois State Board of Education (ISBE) issues endorsements in various subject areas. To view the full list and requirements, visit the ISBE website.

Qualifying for an endorsement at the middle school level requires 18 semester hours (27 quarter hours) in a teachable subject area and complete SCG 439. Some areas (like math) have specifically required courses. Courses must have a grade of C or better to qualify for endorsements and must be earned credit listed on a college transcript.

Consult with your advisor regarding endorsements. DePaul will only recommend individuals for endorsements in the following middle school areas: Arabic, art, biological science, Chinese, French, general science, German, Italian, Japanese, language arts, math, physical science, social science, and Spanish.

Endorsement requirements for the primary level are identical to the middle school requirements except that they do not require SCG 439. There are a limited number of areas available at the primary level.

Qualifying for most endorsements at the high school level requires 24 semester hours (48 quarter hours) in a teachable subject area* and passing the relevant content area test. DePaul will only recommend individuals for endorsements in the following high school areas: art, Arabic, Chinese, English, French, German, Italian, Japanese, math, Russian, science**, social science**, and Spanish.

* Exceptions to the basic requirements for high school level endorsements include the subject areas of foreign language, science, and social science. For foreign language, 32 semester hours (48 quarter hours) OR the content area test in the language is required.

** For science and social science, 32 semester hours (48 quarter hours) in the broad area of either science or social science, and 12 semester hours in the specific endorsement designation area, plus the content area test are required. To qualify for additional science and social science designations, individuals applying after February 1, 2012 need both the content test and 12 semester hours in the additional designation area.
Student Teaching Requirements

Student Teaching is the culminating clinical experience in the student’s program. All students in teacher preparation programs must meet the following requirements before applying for student teaching:

Academic Requirements:

- Completion of all Pre-Education, Advanced Standing, Content Area, and Graduate level Content Area courses
- Overall cumulative G.P.A. of 3.00 or better
- Cumulative GPA of 2.75 or better in all education courses
- Meet all other program requirements (e.g., residency requirements)
- Meet designated program standards
- Pass the required Illinois certification content area test

Clinical Requirements:

- Completion of all required field experiences
- Three satisfactory evaluations in field experiences
- Three satisfactory faculty recommendations
- Attendance at mandatory meeting for student teaching
- Application for student teaching, resume, transcripts, and writing sample (check deadlines)
- Review and approval by Student Teaching Committee of the College of Education

Student Teaching Timeline and Deadlines:

- Attend a Mandatory Meeting approximately 1 year prior to expected quarter of student teaching.
- Submit application for student teaching after attending Mandatory Meeting, approximately 1 year prior to student teaching.
- Academic requirements are due one quarter before expected quarter of student teaching.
- Clinical requirements are completed as course requirements. Field experience hours are entered by the student as coursework is completed.

Online Faculty Evaluations are entered by the instructor of relevant courses. All data must be entered in the Field Experience Documentation System (FEDS) due one month prior to student teaching.

Individual child care agencies and public and private school districts may have additional requirements (application, training, background check, etc.).

Degree Conferral and Graduation

The awarding of a degree is not automatic. You must submit an application to be considered for the degree. DePaul awards and posts degrees at the end of each regular academic term (autumn, winter, spring, summer I, and summer II).

It is your responsibility to initiate the degree conferral application process by submitting an online application. Submitting an application means you intend to finish your degree requirements by the end of the term for which you have applied.

Graduate students must be approved for student teaching and complete student teaching, seminar, and induction courses to be cleared for the degree. Student must submit graduation application for the quarter you are completing the final course (student teaching is considered a course).

After you submit the application, you cannot register for any term after the one selected in the application.

Application deadlines are as follows:

Fall Quarter - October 1st
Winter Quarter - January 15th
Spring Quarter - February 1st
Summer I Quarter - June 1st
Summer II Quarter - July 15th

To apply for degree conferral, log on to Campus Connection. Select FOR STUDENTS, then GRADUATION, then APPLY FOR DEGREE CONFERRAL. On screen instructions will take you through the application process.

Provided that all requirements and financial obligations are met, degrees are posted 30 days after the official end of the term. Official dates are listed on the Academic Calendar.

DePaul holds one commencement ceremony each year in June. If you intend to participate, you must first apply.
for degree conferral for the current academic year and then submit a cap and gown order. Honors are not announced at the ceremony for undergraduates completing their final courses in spring quarter because a final GPA is not available at the time of the ceremony.

Additional information about degree conferral and graduation can be found on the College of Education website.

**Certification**

Requirements for certification include completion of the full certification program and all certification tests (including OPI for world language majors). A bachelor's degree is required; a master's degree is not.

Individuals must submit an application directly to the Illinois State Board of Education after completion of requirements and after DePaul has submitted notification to ISBE. Application requirements include application form, application fee, official transcripts, and registration fee.

All individuals must meet ISBE requirements in place at the time of application for the certificate. Requirements are subject to change per the discretion of ISBE.

Individuals seeking additional endorsements after applying for the certificate must contact ISBE directly for an evaluation request.

---

**Degree Requirements**

**Content Area Courses**

All students need to have sufficient knowledge of the subject they will be teaching. Illinois State Board of Education requires a minimum of 48 quarter hours (32 semester hours) in the content area subject. Students should meet with their designated Content Area advisor at the beginning of their program for an official written content evaluation and provide a copy to your academic advisor. Requirements can be satisfied by undergraduate coursework or courses taken elsewhere. Content courses must be completed before student teaching.

**Requirements for World Language Education Chinese**

All coursework in the content area must earn a grade of C or better and a minimum of 18 quarter hours (12 semester hours) must be coursework at an undergraduate upper level or graduate level.

- Advanced Chinese I
- Advanced Chinese II
- Advanced Chinese III
- Advanced Conversation I
- Advanced Conversation II
- Literature/Culture Elective
- Literature/Culture Elective
- Literature/Culture Elective
- Literature/Culture Elective
- Literature/Culture Elective
- Literature/Culture Elective
- Literature/Culture Elective

**Course Requirements**

**Pre-Education Introductory Courses: 16 quarter hours required**

- EDU 25 BASIC TECHNOLOGY LITERACY (non-credit, non-tuition)
- SCG 406 HUMAN DEVELOPMENT AND LEARNING-SECONDARY
- T&L 404 INTRODUCTION TO ELEMENTARY EDUCATION
- T&L 425 CURRICULUM AND INSTRUCTION IN SECONDARY EDUCATION
Choose one course from the following list:
- SCG 408 EDUCATION AND SOCIETY
- SCG 409 SOCIOLOGY OF EDUCATION
- SCG 411 PHILOSOPHY OF EDUCATION

**Advanced Standing Courses: 28 quarter hours required**

- BBE 560 SECOND AND WORLD LANGUAGE ACQUISITION
- BBE 570 METHODS OF TEACHING INTEGRATED WORLD LANGUAGE K-12
- BBE 526 THEORETICAL FOUNDATIONS OF TEACHING ESL or T&L 430 TEACHING LITERACY K-12
- T&L 449 TEACHING MODERN LANGUAGES (Secondary)
- T&L 575 WLE HISTORY, POLICY, AND CURRICULUM DEVELOPMENT
- SCG 410 INTRODUCTION TO RESEARCH: PURPOSES, ISSUES, AND METHODOLOGIES
- LSI 446 PSYCHOLOGY AND EDUCATION OF THE EXCEPTIONAL CHILD

**Graduate Level Content Area Courses: 4 quarter hours required**

One course in Chinese at the graduate level is required. Courses must be taken before student teaching if pursuing degree (not required for individuals pursuing certification only). Courses must be approved by your Content Area Advisor prior to registration and requires graduate level registration.

- CHN 300-600 level Chinese course

**Student Teaching: 8 quarter hours required**

Registration in student teaching requires completion of all requirements and procedures listed in the college core section. EDU 95 indicates to the Illinois State Board of Education that all field experience hours are complete.

- T&L 592 WORLD LANGUAGES STUDENT TEACHING (6 hours, grade of B- or better required)
- T&L 593 WORLD LANGUAGES SEMINAR (2 hours)
- EDU 95 CLINICAL EXPERIENCE WITH CHILDREN AND YOUTH (non-credit, non-tuition, PA grade required)

**Master's of Arts (M.A.) Degree Requirements: 4 quarter hours required**

This is a Master of Arts degree requirement only. A master's thesis is written to fulfill the requirements of this course. An oral examination on the thesis is required.

- T&L 589 THESIS RESEARCH IN TEACHING AND LEARNING

**Recommended/Optional Course**

SCG 439 is required for middle school endorsements but is not required for the degree. If taking SCG 439 for certification/endorsement purposes, a grade of C or better is required.

- SCG 439 PHILOSOPHY AND PSYCHOLOGY OF YOUTH AND MIDDLE LEVEL EDUCATION

**Certification Tests**

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate. World Language Education Chinese majors must complete the following tests:

- Test of Academic Proficiency (TAP) (test #400) - assesses knowledge of reading comprehension, language arts, writing, and math. Test is required to qualify for Advanced Standing.
- Foreign Language: Chinese Content Area Test (test #126) – assesses knowledge of the Chinese language and culture. Test is required before Student Teaching (deadlines apply).
- Assessment of Professional Teaching (APT) (test #103, grade 6-12) – assesses knowledge of teaching planning, delivery, assessment, professionalism, and technology. Test is required to be certified, recommended to take before Student Teaching.

**Field Experiences**

Each student seeking certification from the College of Education/Professional Education Unit must complete supervised field experiences in appropriate settings in conjunction with education courses. The field experiences must include a variety of grade levels, multicultural experiences, and a minimum of 15 hours in special education settings. All field experiences must be completed prior to final approval for student teaching. Field experience hours should be entered by the student into the FEDS system when completing courses with field experience requirements. For details on requirements, expectations, documentation, & courses in your program that require hours, visit the College of Education website.
Oral Proficiency Interview (OPI) Test

Pursuing certification in the teaching of a foreign language (Arabic, Chinese, French, German, Italian, Japanese, Latin, Russian, or Spanish) requires the oral proficiency test – an Interview – before you begin student teaching. You must earn a rating of "intermediate high" or better on the test.

For additional information about the OPI and a link to the test, please consult the OPI section of the College of Education website.

Teaching and Learning: World Language - Chinese (MED)

The Department of Teacher Education prepares Urban Professional Multicultural Educators through an integrated program of courses and field experiences. Programs offered are designed for the preparation of future educators. The programs of study center around our commitment to excellence in teaching in today's diverse society through the investigation of significant educational issues, inquiry into student learning and effective teaching practices, and the use of technology in teaching and learning. We engage teacher candidates in critical reflection upon their practice throughout the program. We foster engagement in schools through our Partnership Schools and other school and agency affiliations. Upon completion of the program, teacher candidates measure themselves against the values of our guiding conceptual framework through the completion of professional portfolios. Values that are part of this framework include: commitment to social justice, critical pedagogy, and positive educational transformation within the context of a Vincentian personalism that honors the dignity of each person.

Students entering the program must be able and willing to devote themselves to a program requiring a minimum of 100-110 hours of daytime field experiences in schools. These school-based clinical hours are completed in conjunction with methodology courses that require students to spend daytime hours in schools. In addition, the student must spend a minimum of 10 weeks in full-time student teaching.

The program includes five distinctive features:

1. Becoming a teacher is viewed as a developmental process continuing at least through the first year of teaching
2. Multiculturalism is infused throughout the curriculum
3. Field experiences are an integral part of the curriculum
4. Students are exposed to a variety of educational theories
5. The program includes a research component as a basis for further professional development.

Students lacking undergraduate requirements in the content area they will be teaching will have to complete those requirements prior to student teaching. Both a content area advisor and an academic advisor will guide candidates in planning their coursework.

The program in K-12 education prepares students to teach children in a variety of urban and suburban educational settings, including public and private elementary and high schools. Students follow a general pattern of study for elementary and high school levels. In all cases, appropriate field experience plays an integral role. The program combines theoretical principles of education and field work with the student's choice of major. Graduates earn the Master of Arts or Master of Education degree and are qualified for K-12 school certification. Yet, not all graduates follow a career in teaching. A number of DePaul graduates in World Language work in diverse settings such as museums, corporations, media, and the arts.

Certification

Type 10 Special – Chinese (Kindergarten-grade 12) Illinois State Board of Education (ISBE) approved program
Admission Information

Students are conditionally admitted to the College of Education as a pre-education student. There are additional requirements to reach Advanced Standing in your program in the College of Education.

Admission Requirements for Pre-Education Status

- A completed College of Education graduate application
- A bachelor’s degree conferred by an accredited, recognized institution
- A previous grade point average of 2.75 or above on a 4.0 scale
- Two letters of recommendation from professors or supervisors
- One official transcript from each college or university attended
- Statement of purpose (see application for details)
- Interview with faculty program advisor, upon request
- Evidence of adequate background for the program
- Resume

College Requirements

Dispositions

The academic programs within the College of Education have set forth these dispositions as educational and professional expectations for all students. Students should be aware that failing to abide by DePaul University or College of Education policies including, under certain circumstances, these dispositions, could result in adverse consequences for the student, including removal from his or her program, the College of Education, or the University.

- Reflects on progress and identifies strengths and weaknesses, including evaluating strategies for success, finding alternatives for inappropriate strategies, and modifying future practices
- Is receptive to faculty feedback and acts meaningfully and professionally upon suggestions
- Values critical thinking, including engaging theoretical and philosophical frameworks and shows evidence of critical thinking through discussion and writing (e.g., journals, response to prompts)
- Understands the importance of and is committed to communicating clearly orally and in writing both in traditional and in new and emerging digital formats
- Values and is committed to continually developing strong content area knowledge and/or knowledge of the professional field, including pedagogical content knowledge
- Takes initiative, uses imagination and creativity, and seeks out information using a variety of human and material resources and technology to inform his or her teaching
- Is aware of the role of classroom environment and uses management procedures that reflect respect and care for learners and concern for their emotional and physical well being
- Takes the time and effort needed to understand how students learn, including discovering their interests and experiences and determining how to shape teaching acts (using technology as appropriate) that engage learners meaningfully and actively
- Values and is committed to using assessment to evaluate and ensure the continuous intellectual, social, emotional, and physical development of the learner
- Respects and considers cultural contexts in order to determine how to be responsive to learners and to proactively promote all students' learning
- Values and is responsive to diverse learners' academic, emotional, and social needs through teaching acts (including careful instructional planning, implementation, and differentiation) and through everyday interactions with students
- Is committed to collaboration with colleagues, families, and communities in order to promote all students' learning and development
- Recognizes and fulfills professional responsibilities and habits of conduct (e.g., dress, language, preparedness, attendance, punctuality, etc.)
• Demonstrates collegiality, honesty, good judgment, courtesy, respect, and diplomacy
• Balances self-confidence and assertiveness with respect for others’ perspectives
• Respects the requirements, expectations, and procedures of both the College of Education and of our field partners and appreciates the issues of trust, fairness, and professionalism involved

Advanced Standing

Students are conditionally admitted to the College of Education. There are additional requirements to reach Advanced Standing in your program in the College of Education. Requirements must be met to progress in the major and take courses in the Advanced Standing category.

Advanced Standing requirements are:

- Maintain a DePaul Graduate 3.00 GPA
- Pass the Illinois Certification Basic Skills Test or Test of Academic Proficiency (TAP)
- Pass the COE basic computer competency assessment (EDU 25 registration required)
- Pass the minimum of 8 credit hours
- Submit a petition for advanced standing form

Students should attempt to complete the Advanced Standing requirements soon after beginning the program. There is no time limit to meet these criteria; however, students will only be able to take pre-education courses until requirements have been met. Students can also take liberal studies or content area courses before or after meeting Advanced Standing requirements.

Certification Tests

All individuals certified by the Illinois State Board of Education (ISBE) are required to complete certification tests specific to their teaching certificate.

Field Experiences

Each student seeking certification from the College of Education / Professional Education Unit must complete supervised field experiences in appropriate settings in conjunction with education courses. The field experiences must include a variety of grade levels, multicultural experiences, and a minimum of 15 hours in special education settings. All field experiences must be completed prior to final approval for student teaching. Field experience hours should be entered by the student into the FEDS system when completing courses with field experience requirements.

Endorsements

An endorsement is a subject area that you can qualify for to teach full time, in addition to your main certification area. Endorsements are issued at three levels: primary, middle school, and high school.

The Illinois State Board of Education (ISBE) issues endorsements in various subject areas. To view the full list and requirements, visit the ISBE website.

Qualifying for an endorsement at the middle school level requires 18 semester hours (27 quarter hours) in a teachable subject area and complete SCG 439. Some areas (like math) have specifically required courses. Courses must have a grade of C or better to qualify for endorsements and must be earned credit listed on a college transcript.

Consult with your advisor regarding endorsements. DePaul will only recommend individuals for endorsements in the following middle school areas: Arabic, art, biological science, Chinese, French, general science, German, Italian, Japanese, language arts, math, physical science, social science, and Spanish.

Endorsement requirements for the primary level are identical to the middle school requirements except that they do not require SCG 439. There are a limited number of areas available at the primary level.

Qualifying for most endorsements at the high school level requires 24 semester hours (48 quarter hours) in a teachable subject area* and passing the relevant content area test. DePaul will only recommend individuals for endorsements in the following high school areas: art, Arabic, Chinese, English, French, German, Italian, Japanese, math, Russian, science**, social science**, and Spanish.

* Exceptions to the basic requirements for high school level endorsements include the subject areas of foreign language, science, and social science. For foreign language, 32 semester hours (48 quarter hours) OR the content area test in the language is required.

** For science and social science, 32 semester hours (48 quarter hours) in the broad area of either science or social science, and 12 semester hours in the specific endorsement designation area, plus the content area test are required. To qualify for additional science and social science designations, individuals applying after February 1,
2012 need both the content test and 12 semester hours in the additional designation area.

**Student Teaching Requirements**

Student Teaching is the culminating clinical experience in the student’s program. All students in teacher preparation programs must meet the following requirements before applying for student teaching:

**Academic Requirements:**
- Completion of all Pre-Education, Advanced Standing, Content Area, and Graduate level Content Area courses
- Overall cumulative G.P.A. of 3.00 or better
- Cumulative GPA. of 2.75 or better in all education courses
- Meet all other program requirements (e.g., residency requirements)
- Meet designated program standards
- Pass the required Illinois certification content area test

**Clinical Requirements:**
- Completion of all required field experiences
- Three satisfactory evaluations in field experiences
- Three satisfactory faculty recommendations
- Attendance at mandatory meeting for student teaching
- Application for student teaching, resume, transcripts, and writing sample (check deadlines)
- Review and approval by Student Teaching Committee of the College of Education

**Student Teaching Timeline and Deadlines:**
- Attend a Mandatory Meeting approximately 1 year prior to expected quarter of student teaching.
- Submit application for student teaching after attending Mandatory Meeting, approximately 1 year prior to student teaching.
- Academic requirements are due one quarter before expected quarter of student teaching.
- Clinical requirements are completed as course requirements. Field experience hours are entered by the student as coursework is completed.

Online Faculty Evaluations are entered by the instructor of relevant courses. All data must be entered in the Field Experience Documentation System (FEDS) due one month prior to student teaching.

Individual child care agencies and public and private school districts may have additional requirements (application, training, background check, etc.).

**Degree Conferral and Graduation**

The awarding of a degree is not automatic. You must submit an application to be considered for the degree. DePaul awards and posts degrees at the end of each regular academic term (autumn, winter, spring, summer I and summer II).

It is your responsibility to initiate the degree conferral application process by submitting an online application. Submitting an application means you intend to finish your degree requirements by the end of the term for which you have applied.

Graduate students must be approved for student teaching and complete student teaching, seminar, and induction courses to be cleared for the degree. Student must submit graduation application for the quarter you are completing the final course (student teaching is considered a course).

After you submit the application, you cannot register for any term after the one selected in the application.

Application deadlines are as follows:
- Fall Quarter - October 1st
- Winter Quarter - January 15th
- Spring Quarter - February 1st
- Summer I Quarter - June 1st
- Summer II Quarter - July 15th

To apply for degree conferral, log on to Campus Connection. Select FOR STUDENTS, then GRADUATION, then APPLY FOR DEGREE CONFERAL. On screen instructions will take you through the application process.

Provided that all requirements and financial obligations are met, degrees are posted 30 days after the official end of the term. Official dates are listed on the Academic Calendar.
DePaul holds one commencement ceremony each year in June. If you intend to participate, you must first apply for degree conferral for the current academic year and then submit a cap and gown order. Honors are not announced at the ceremony for undergraduates completing their final courses in spring quarter because a final GPA is not available at the time of the ceremony.

Additional information about degree conferral and graduation can be found on the College of Education website.

**Certification**

Requirements for certification include completion of the full certification program and all certification tests (including OPI for world language majors). A bachelor's degree is required; a master's degree is not.

Individuals must submit an application directly to the Illinois State Board of Education after completion of requirements and after DePaul has submitted notification to ISBE. Application requirements include application form, application fee, official transcripts, and registration fee.

All individuals must meet ISBE requirements in place at the time of application for the certificate. Requirements are subject to change per the discretion of ISBE.

Individuals seeking additional endorsements after applying for the certificate must contact ISBE directly for an evaluation request.
